MEADOWBROOK INSURANCE GROUP, INC.

PROXY STATEMENT

QUESTIONS AND ANSWERS

1. Q: What is a proxy?

A: A proxy is a procedure which enables you, as a stockholder, to authorize someone else to cast your vote for you. The Board of Directors of Meadowbrook Insurance Group, Inc. (the Company) is soliciting your proxy, and asking you to authorize Merton J. Segal, Chairman of the Company; Robert S. Cubbin, the President and Chief Executive Officer of the Company or Michael G. Costello, the Senior Vice President, General Counsel and Secretary of the Company, to cast your vote for you at the 2004 Annual Meeting. You may, of course, cast your vote in person or abstain from voting, if you so choose. The term proxy is also used to refer to the person who is authorized by you to vote for you.

2. Q: What are a proxy statement and a proxy card?

A: A proxy statement is the document the United States Securities and Exchange Commission (the SEC) requires to explain the matters on which you are asked to vote. A proxy card is the form by which you may authorize someone else, and in this case Mr. Segal, Mr. Cubbin or Mr. Costello, to cast your vote for you. This Proxy Statement and proxy card with respect to the Company's 2004 Annual Meeting were mailed on or about April 7, 2004 to all stockholders entitled to vote at the Annual Meeting.

3. Q: Who is entitled to vote?

A: Only holders of shares of the Company's common stock at the close of business on March 16, 2004 (the Record Date) are entitled to vote at the Annual Meeting. Each stockholder of record has one vote for each share of common stock for each matter presented for a vote.

4. Q: What will I vote on at the Annual Meeting?

A: At the Annual Meeting, stockholders will vote to:

- (i) Elect five directors for a three-year term expiring in 2007 or until the election and qualification of their successors;
- (ii) Ratify the appointment of PricewaterhouseCoopers, LLP as the Company's independent accountants;
- (iii) Approve the Restatement and Amendment of the 1995 and 2002 Stock Option Plans to permit Restricted Stock Awards; and
- (iv) Transact any other business that is properly submitted before the Annual Meeting or any adjournments of the Annual Meeting.

5. Q: How does the Board of Directors recommend I vote on the proposals?

A: The Board of Directors recommends a vote FOR each proposal.

6. Q: How can I vote?

A: You can vote in person or by proxy. To vote by proxy, complete, sign, date and return the enclosed proxy card in the enclosed envelope. If you returned your signed proxy card to the Company before the Annual Meeting, the persons named as proxies on the card will vote your shares as you direct. Shares represented by proxies which are marked WITHHELD to vote for all five nominees for director, or for any individual nominee(s) for election as director(s) and which are not otherwise marked FOR the other nominees, will not be counted in determining whether a plurality vote has been received for the election of directors. Similarly, shares represented by proxies which are marked ABSTAIN on the proposal to ratify the appointment of PricewaterhouseCoopers, LLP and to approve the Restatement and Amendment of the 1995 and 2002 Stock Option Plans to permit Restricted Stock Awards, will not be

Table of Contents

counted in determining whether the requisite vote has been received for such proposal. IF YOU WISH TO VOTE IN THE MANNER THE BOARD OF DIRECTORS RECOMMENDS, IT IS NOT NECESSARY TO SPECIFY YOUR CHOICE ON THE PROXY CARD. SIMPLY SIGN, DATE AND RETURN THE PROXY CARD IN THE ENCLOSED ENVELOPE. You may revoke a proxy at any time before the proxy is voted by:

- (i) Providing written notice of revocation to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Stockholders on the first page of this booklet;
- (ii) Submitting another proxy that is properly signed and dated later; or
- (iii) Voting in person at the meeting (but only if the shares are registered in the Company's records in your name and not in the name of a broker, dealer, bank or other third party).

7. Q: Is my vote confidential?

A: Yes, your vote is confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the votes have access to your proxy card. All comments received will be forwarded to management on an anonymous basis unless, of course, you ask that your name be disclosed.

8. Q: What is a quorum?

A: There were 29,023,933 shares of the Company's common stock outstanding on the Record Date. A majority of the outstanding shares, or 14,511,967 shares, present or represented by proxy, constitutes a quorum. A quorum must exist to conduct business at the Annual Meeting. Abstentions and broker non-votes are counted as votes present. A broker non-vote is a proxy a broker submits that does not indicate a vote for the proposal, because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on the proposal.

9. Q: How does voting work?

A: If a quorum exists at the Annual Meeting, a plurality vote, being the greatest number, of the shares voted, although not a majority, is required to elect the five nominees for director. The five nominees receiving the highest number of votes will be elected. If a quorum is present, the affirmative vote by the holders of a majority of the shares present, or represented by proxy, is required to ratify the reappointment of PricewaterhouseCoopers, LLP as the independent accountants of the Company and to approve the restatement and amendment of the 1995 and 2002 Stock Option Plans to permit restricted stock awards. Broker non-votes are excluded for each of these purposes. Therefore, a broker non-vote will have no effect on the proposals to elect the five nominees for director, ratify the reappointment of PricewaterhouseCoopers, LLP as the independent accountants or approve the Restatement and Amendment of the 1995 and 2002 Stock Option Plans to permit restricted stock awards.

The Company will vote properly executed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify instructions, the shares represented by proxies will be voted FOR the nominees for director, FOR the ratification of PricewaterhouseCoopers, LLP as the Company's independent accountants and FOR the approval of the Restatement and Amendment of the 1995 and 2002 Stock Option Plans to permit Restricted Stock Awards. No other proposals are currently scheduled to be presented at the meeting.

10. Q: Who pays for the costs of the Annual Meeting?

A: The Company pays the cost of preparing and printing the Proxy Statement and the proxy card, and soliciting proxies. The Company will solicit proxies primarily by mail, but also may solicit proxies personally and by telephone, facsimile or other means, including utilization of a third party solicitation firm. Officers and regular employees of the Company and its subsidiaries also may solicit proxies, but will receive no additional compensation for doing so, nor will their efforts result in more than a minimal cost to the Company. The Company also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial

Table of Contents

owners of the Company's common stock. If a third party solicitation firm is utilized to solicit proxies, the Company estimates that the cost for such service will approximate \$6,500. The Company has not used such services in prior years.

11. Q: When are stockholder proposals for the 2005 Annual Meeting due?

A: All stockholder proposals to be considered for inclusion in next year's proxy statement under SEC Rule 14a-8 must be submitted in writing to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Stockholders on the first page of this booklet by December 8, 2004.

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) but is instead sought to be presented directly at next year's annual meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on February 21, 2005 and advises stockholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on February 21, 2005.

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**THE FIRST PROPOSAL ON WHICH YOU ARE VOTING
THE ELECTION OF FIVE DIRECTORS**

The Company's Board of Directors is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting of stockholders, stockholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting.

This year you are voting on five candidates for director. The Company's Board of Directors, acting upon the recommendation of the Governance and Nominating Committee has nominated: Merton J. Segal, Joseph S. Dresner, Ralph Milo, David K. Page and Herbert Tyner as directors with terms expiring in 2007. Each nominee currently serves as a director, has consented to their nomination and has agreed to serve as a director, if elected.

If any of the nominees are unable to stand for election, the Company may vote the shares to elect a substitute nominee, nominated by the Board of Directors, or the number of directors to be elected at the Annual Meeting may be reduced.

The Company's Board of Directors recommends a vote FOR each of the nominees.

The Governance and Nominating Committee has not established specific, minimum qualifications for recommended nominees or specific qualities or skills for one or more of our directors to possess. The Governance and Nominating Committee uses a subjective process for identifying and evaluating nominees for director, based on the information available to, and the subjective judgments of, the members of the

Table of Contents

Governance and Nominating Committee and the Company's then current needs. The Governance & Nominating Committee does not believe there would be any difference in the manner in which it evaluates nominees based on whether the nominee is recommended by a shareholder. Historically, nominees have been existing directors or persons with significant experience in the insurance industry.

CODE OF ETHICS

The Company has adopted a Code of Ethics that applies to all of our employees, officers and directors, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. (A) Options are exercisable in 20% increments, each year, beginning February 21, 2003.

(B) In calculating the potential realizable values, the Company used the average stock price for the ten day period prior to the date of grant for the fair market value of the Company Common Stock per share. The dollar amounts under these columns assume a compounded annual market price increase of the underlying shares of the Common Stock from the date of grant to the end of the option term of 5% and 10%. This format is prescribed by the Securities and Exchange Commission and is not intended to forecast future appreciation of shares of the Common Stock. The actual value, if any, an executive may realize will depend on the excess of the price for shares of the Common Stock on the date the option is exercised over the exercise price. Accordingly, there is no assurance that the value realized by an executive will be at or near the value estimated above.

(C) Mr. Tate terminated employment with the Company on February 20, 2004.

Michael G. Costello Employment Agreement

The Company has entered into an employment agreement with Mr. Costello effective January 1, 2004 through December 31, 2006. Unless either the Company or Mr. Costello gives notice to the other party of an election not to renew the employment agreement on or before December 31, 2004, and annually thereafter, the employment agreement will automatically be extended one additional year.

Mr. Costello's employment agreement provides for (a) a base salary of not less than \$18,417 per month, (b) a discretionary bonus targeted at 40 percent of his base salary (at the sole discretion of the Company) upon the attainment of certain growth and profitability goals, profit center goals and personal goals and objectives, (c) participation in Company Option Plans, (d) participation in the Company's Long Term Incentive Plan, and (e) severance benefits upon termination of Mr. Costello's employment under the circumstances described below.

In the event Mr. Costello's employment is terminated prior to a change in control of the Company and without cause, or by Mr. Costello for good reason, the Company shall pay to Mr. Costello (a) his base salary for 24 months over the Company's regularly scheduled payroll, (b) a pro rata share of the portion of Mr. Costello's discretionary bonus that is based on Company performance criteria, and (c) Mr. Costello's COBRA premiums for health care coverage for 18 months, or, if earlier, the cessation of Mr. Costello's and his family members' eligibility for COBRA continuation coverage.

In the event Mr. Costello's employment is terminated following a change in control of the Company and without cause, or by Mr. Costello for good reason, the Company shall pay to Mr. Costello (a) an amount equal to two times the sum of (i) Mr. Costello's annual base salary, plus (ii) Mr. Costello's target discretionary bonus, to be paid in a lump sum payment within 10 days following the date Mr. Costello's employment terminates, (b) a pro rata share of the portion of Mr. Costello's discretionary bonus that is based

on Company performance criteria no later than the February 28th following the year Mr. Costello's employment terminates, and (c) Mr. Costello's COBRA premiums for health care coverage for 18 months, or, if earlier, the cessation of Mr. Costello's and his family members' eligibility for COBRA continuation coverage. In the event his employment terminates following a change in control and Mr. Costello becomes entitled to the aforementioned payments, Mr. Costello has agreed to be subject to restrictive covenants against competing with the Company for a period of 2 years following such termination of employment. These restrictions are in addition to those already in effect for all Company employees.

In the event Mr. Costello's employment is terminated for cause, he is not entitled to any severance payment under the employment agreement.

The following terms are applicable to each of the three employment agreements described above:

Cause is generally defined to include (i) a failure by the executive to obey the reasonable and lawful orders of the Board of Directors; (ii) misconduct by the executive that is materially injurious to the Company; or (iii) dishonest activities injurious to the Company. If the executive's employment is terminated for Cause, he is not entitled to any severance payment.

- (b) the date on which incumbent members of the Board of Directors cease to constitute a majority of the Board of Directors. For this purpose, an individual is considered an incumbent member of the Board of Directors if the individual serves on the Board of Directors as of the effective date of the employment agreements or if the individual becomes a director subsequent to that date, provided that the individual's election or nomination for election by the Company's shareholders is approved by a majority of the directors then making up the Company's incumbent board. Any individual who becomes a director as a result of an actual or threatened solicitation of proxies or contests on behalf of an individual, entity or group described in subparagraph (a) of this paragraph, other than the Board of Directors of the Company, shall not be considered an incumbent board member,
- (c) consummation of a reorganization, merger, share exchange or consolidation or other disposition of substantially all of the assets of the Company, unless (i) all or substantially all beneficial owners of the Company's common stock and voting stock immediately prior to any of the listed business combinations, own at least 65% common stock and 65% of the voting stock of the entity resulting from the business combination, in substantially the same proportions as their ownership immediately prior to the business combination, (ii) no individual, entity or group described in subparagraph (a) of this paragraph, excluding a corporation which results from the business combination or an employee benefit plan of that corporation, owns 35% or more of that corporation's common stock or 35% or more of that corporation's voting stock, and (iii) at least a majority of the members of the board of directors of the corporation resulting from the business combination were incumbent board members, as described in subparagraph (b) at the time the Board of Directors acted to enter into the business combination, and
- (d) the approval by the Company's shareholders of a complete liquidation or dissolution of the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD

ON EXECUTIVE COMPENSATION

On February 21, 2003, the Compensation Committee (the Committee) of the Board of Directors adopted a Committee Charter (the Charter) to assure that the Company's executives were appropriately compensated in relation to their duties, responsibilities and performance. The Charter authorizes the Committee to review and approve the goals and objectives for the Chairman and Chief Executive Officer, evaluate the performance of the Chairman and Chief Executive Officer and approve the compensation (base salary, annualized bonus and stock options) of the Chairman and Chief Executive Officer. The Committee is responsible for reviewing recommendations made by the Chief Executive Officer relating to the compensation of the Company's principal executives who report to the Chief Executive Officer. In addition, the Committee is responsible for reviewing and approving stock option awards granted to all employees. Finally, the Committee is authorized to periodically review the Company's compensation philosophy relating to the salaries, bonuses and other long-term incentives paid to employees of the Company.

It is the Company's policy to offer a compensation package including a competitive salary, an incentive bonus based upon individual and Company performance, as well as, competitive benefits. The Company's compensation policy for its executive officers is similar to that of other employers and intended to promote the attraction and retention of talented management, continued performance and attainment of corporate and personal goals, as well as further promote the Company's financial success by aligning executive officers' financial interest with long-term shareholder value.

Compensation consists of three (3) elements for executive officers: base salary, annual incentive bonus and stock options. The criteria for determining the Chairman, Chief Executive Officer and other executive officers' base salary includes level of responsibility, corporate performance, personal contribution to the Company's success, experience, expertise and market data for the Company's competitors in the insurance industry. Criteria for determining the Chairman, Chief Executive Officer and other executive officers' annual incentive bonus includes corporate performance, personal contribution to the Company, achievement of individually established goals, market data for the Company's competitors in the insurance industry and the attainment of other corporate objectives. Criteria for awarding stock options to the Chairman, Chief Executive Officer and other executive officers includes level of responsibility, expected future contributions, market data for the Company's competitors in the insurance industry and actual achievement of individually established goals.

a. Compensation of the Chairman of the Board and Chief Executive Officer:

On February 21, 2003, the Committee reviewed the performance of the Chairman of the Board and Chief Executive Officer as it related to the Company's 2002 results. Based upon this review, the Committee awarded no salary increase, or annual bonus to the Chairman. The Committee awarded no salary increase to the Chief Executive Officer and a \$70,000 bonus. The Committee approved the Chief Executive Officer's salary and bonus recommendations relating to the Company's principal executives that report to the Chief Executive Officer. The Committee granted stock options to the Chairman, Chief Executive Officer and other employees of the Company to provide additional incentive to such persons to enhance the value of the Company's stock.

On February 13, 2004, the Committee reviewed the performance of the Chairman of the Board and Chief Executive Officer as it related to the Company's 2003 results. Based upon this review, the Committee awarded a salary increase of \$15,000 to the Chairman and a \$25,000 salary increase to the Chief Executive Officer. In addition, the Committee awarded an annual bonus of \$176,302 to the Chairman and \$155,336 to the Chief

Executive Officer. Further, the Committee granted a three (3) year long-term incentive target of \$711,375 for the Chairman of the Board and \$675,000 for the Chief Executive Officer. Finally, the Committee approved the Chief Executive Officer's recommended salary increases, annual bonuses and long-term incentive targets for the Company's principal executives, as well as long-term incentive targets for other employees.

b. Employment Agreements:

The Committee retained an outside compensation consultant to advise the Committee with regard to employment agreements for the Company's senior executives. The outside consultant reviewed the existing Employment Agreements between the Company and its senior executives, as well as surveyed other peer companies both in size and type of industry. The outside consultant made recommendations to the Committee regarding length of the employment agreement, the length and amount of severance payment due the executive in the event his employment is terminated without cause or in the event his employment is terminated as a result of a change of control as those phrases are defined in the employment agreement.

After receiving the report from the outside consultant, the Committee approved the Employment Agreements between the Company and Mr. Segal, Mr. Cubbin and Mr. Costello. For a more detailed discussion regarding the terms and conditions of such Agreements, please refer to the **EMPLOYMENT CONTRACTS** Section of this Proxy Statement.

c. Director Compensation, Executive Compensation Review, Expensing of Stock Options and Adoption of Long-Term Incentive Plan:

The Committee reviewed the annual compensation for the Board of Directors. This review was prompted by the additional responsibilities and duties, which have been assumed by the directors, as well as, the committees of the Board of Directors. The Committee retained an outside consultant, which specializes in compensation related matters. The consultant reviewed the current compensation of the Board of Directors as compared to the compensation paid to directors of other similar publicly-held companies. The Committee also retained the consultant to review the compensation paid by the Company to its executives. This review considered the executive's compensation (i.e. base salary, bonus, long term incentive pay, etc.) as compared to other publicly-held companies and peers within the insurance industry. In addition, the consultant considered the executive's experience, length in position, the Company's compensation philosophy, and the executive's value to the Company. The Committee also retained the consultant to review whether the Company should commence expensing stock options awards, and review and make recommendations on changes to its long-term incentive plan. Namely, the outside consultant was requested by the Committee to develop a performance achievement plan that provides participants the opportunity to earn cash and stock award, based upon the achievement of specified financial goals over a designated period.

After receiving the report from the outside consultant, the Committee:

(i) recommended the Company's Board of Director retainer be increased from \$7,500 to \$15,000; that each Committee Chairperson be paid an additional \$2,500 retainer and the meeting fees be increased from \$600 to \$750;

(ii) recommended the Chief Executive Officer's base salary be increased from \$364,000 to \$450,000, effective November 1, 2003;

(iii) recommended the Company voluntarily adopt FAS 148, so as to require the Company to prospectively expense stock option grants; and

(iv) recommended the adoption of Meadowbrook Insurance Group, Inc.'s Long-Term Incentive Plan (LTIP), the Amended and Restated Meadowbrook Insurance Group, Inc. 1995 Stock Option Plan (individually the 1995 Option Plan) and the Amended and Restated Meadowbrook Insurance Group, Inc. 2002 Stock Option Plan (individually, the 2002 Option Plan) the 1995 Option Plan and the 2002 Option Plan being collectively referred to as the Option Plans. The LTIP provides for the award of bonuses based upon three (3) year performance periods (which requires achievement of a three (3) year performance target) with the first performance period commencing January 1, 2004. At the end

Table of Contents

of the three (3) year performance period, the Compensation Committee of the Board of Directors shall determine the amount of LTIP awards that are earned and payable to participants in the LTIP. One half of any LTIP award would be payable in cash and one half of the award would be payable in the form of restricted stock. If the Company achieves the three (3) year performance target, payment of the award would be made in three (3) annual installments. The shares of Company Common Stock subject to the restricted stock award shall equal the dollar amount of one half of the LTIP award divided by the fair market value of the Company common stock on the first date of the performance period. The restricted stock award shall be made subject to the terms and conditions of the option plans.

The Board of Directors of the Company unanimously approved all of the above recommendations made by the Committee.

Further, the Board of Directors is recommending the shareholders approve the amendments to the Option Plans to authorize the use of restricted stock awards as a component of the LTIP.

For a more detailed analysis of the LTIP, please see the written explanation relating to the Amendment and Restatement of the Stock Option Plans to Permit Restricted Stock Awards.

THE THIRD PROPOSAL ON WHICH YOU ARE VOTING

AMENDMENT AND RESTATEMENT OF THE 1995 AND 2002 STOCK OPTION

PLANS TO PERMIT RESTRICTED STOCK AWARDS

Background

On February 13, 2004, the Board of Directors approved the adoption of the Meadowbrook Insurance Group, Inc. Long Term Incentive Plan (the "LTIP"), the Amended and Restated Meadowbrook Insurance Group Inc., 1995 Stock Option Plan (individually, the "1995 Option Plan") and the Amended and Restated Meadowbrook Insurance Group, Inc., 2002 Stock Option Plan (individually, the "2002 Option Plan") (the 1995 Option Plan and the 2002 Option Plan being collectively referred to as the "Option Plans"). The Board of Directors approved the amendments to the Option Plans contingent upon subsequent approval by the shareholders at the Annual Meeting. The amendments to the Option Plans do not modify the substantive terms and conditions of the Option Plans other than to add provisions that permit use of restricted stock awards in addition to the award of options.

The LTIP provides participants with the opportunity to earn a cash and stock awards based upon the achievement of specified financial goals over a three (3) year performance period with the first performance period commencing January 1, 2004. At the end of the three year performance period, and if the performance target is achieved, the Compensation Committee of the Board of Directors shall determine the

amount of LTIP awards that are payable to participants in the LTIP. One-half of any LTIP award will be payable in cash and one-half of the award will be payable in the form of a restricted stock award. If the Company achieves the

Table of Contents

three (3) year performance target, payment of the award would be made in three (3) annual installments. The number of shares of Company Common Stock subject to the restricted stock award shall equal the dollar amount of one-half of the LTIP award divided by the fair market value of Company Common Stock on the first date of the performance period. The restricted stock awards shall be made subject to the terms and conditions of the Option Plans.

The aggregate number of shares of the Company's Common Stock that may be issued and outstanding pursuant to the exercise of options or restricted stock awards under the 1995 Option Plan (the 1995 Option and Restricted Stock Pool) will not exceed 2,000,000 shares. Shares of the Company's Common Stock which would have been issued pursuant to the exercise of a stock option, but are withheld as payment of the option price may be added back into the 1995 Option and Restricted Stock Pool and reissued. Common shares covered by terminated and expired options or forfeited shares of restricted stock may also be added back to the 1995 Option and Restricted Stock Pool. In the event of any change in the outstanding common shares of the Company as a result of a merger, reorganization, stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate proportionate adjustments will be made to both the terms of the 1995 Option Plan and any awards granted under the 1995 Option Plan which are determined on a per share basis, including, but not limited to, the amount of common shares in the 1995 Option and Restricted Stock Pool, the exercise price, and number of common shares associated with an outstanding option. No such adjustments will be required by reason of the issuance or sale by the Company for cash or other consideration of additional shares of the Company's Common Stock or securities convertible into or exchangeable for shares of the Company's Common Stock.

The Company's shareholders previously approved at the 1995 Annual Meeting the reservation of 2,000,000 shares of Company Common Stock for the 1995 Option and Restricted Stock Pool. To date, 299,829 shares have been issued pursuant to the terms of the 1995 Option Plan, 1,072,719 shares are subject to outstanding stock options that have not yet been exercised and 627,452 shares are currently available in the 1995 Option and Restricted Stock Pool for awards under the terms of the 1995 Option Plan. If shareholders approve the proposed amendment to the 1995 Option Plan, any shares in the 1995 Option and Restricted Stock Pool may be issued pursuant to the terms of restricted stock awards or stock option awards.

The aggregate number of shares of the Company's Common Stock that may be issued and outstanding pursuant to the exercise of options or restricted stock awards under the 2002 Option Plan (the 2002 Option and Restricted Stock Pool) will not exceed 2,000,000 shares. Shares of the Company's Common Stock which would have been issued pursuant to the exercise of a stock option, but are withheld as payment of the option price may be added back into the 2002 Option and Restricted Stock Pool and reissued. Common shares covered by terminated and expired options or forfeited shares of restricted stock may also be added back to the 2002 Option and Restricted Stock Pool. In the event of any change in the outstanding common shares of the Company as a result of a merger, reorganization, stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate proportionate adjustments will be made to both the terms of the 2002 Option Plan and any awards granted under the 2002 Option Plan which are determined on a per share basis, including, but not limited to, the amount of common shares in the 2002 Option and Restricted Stock Pool, the exercise price, and number of common shares associated with an outstanding option. No such adjustments will be required by reason of the issuance or sale by the Company for cash or other consideration of additional shares of the Company's Common Stock or securities convertible into or exchangeable for shares of the Company's Common Stock.

The Company's shareholders previously approved at the 2002 Annual Meeting the reservation of 2,000,000 shares of Company Common Stock for the 2002 Option and Restricted Stock Pool. To date, 3,275 shares have been issued pursuant to the terms of the 2002 Option Plan, 1,252,365 shares are subject to outstanding stock options that have not yet been exercised and 744,360 shares are currently available in the 2002 Option and Restricted Stock Pool for awards under the terms of the 2002 Option Plan. If shareholders approve the proposed amendment to the 2002 Option Plan, any shares in the 2002 Option and Restricted Stock Pool may be issued pursuant to the terms of restricted stock awards or stock option awards.

Table of Contents

The following table summarizes the shares of Company common stock that are subject to the Option Plans.

Plan category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding Securities in Column (a) (c)

Equity compensation plans not approved by security holders	300,000	3.10	
Total	2,625,084	\$ 5.34	1,371,812

The equity compensation plans not approved by security holders consists of warrants issued in conjunction with the public offering that occurred in June 2002. The warrants entitle the holders to purchase an aggregate of 300,000 shares of common stock at \$3.10 per share and may be exercised at any time from June 6, 2003 through June 6, 2005, at which time the warrants will become void.

Purpose and Eligibility

The purpose of the Option Plans is to advance the interests of the Company and its stockholders by helping the Company and its subsidiaries attract and retain the services of highly qualified directors, employees and officers, upon whose judgment, initiative and efforts the Company is substantially dependent, and to provide those persons with further incentives to advance the interests of the Company. The Option Plans are also established with the objective of encouraging stock ownership by such directors, employees and officers and aligning their interests with those of stockholders.

The objectives of the Option Plans will be accomplished by the granting of stock option awards and restricted stock awards to selected directors, key employees and officers. Key employees and officers selected to participate in the Option Plans may be eligible for the grant of incentive stock options (ISOs), non-qualified stock options (NSOs) and restricted stock awards. Directors selected to participate in the Option Plans may be eligible for the grant of NSOs under the 2002 Option Plan, but not ISOs or NSOs under the 1995 Option Plan, unless the director is an employee of the Company. Directors will not be eligible for the issuance of restricted stock awards.

Participants are defined in the 1995 Option Plan to mean key employees of the Company or its subsidiaries. Participants may be granted ISOs, NSOs or restricted stock awards under the 1995 Option Plan if so selected by the Compensation Committee of the Company's Board of Directors (the Committee). Eligible Persons are defined in the 2002 Option Plan to mean employees, officers or directors of the Company or its subsidiaries. Eligible Persons may be granted ISOs, NSOs or restricted stock under the 2002 Option Plan if so selected by the Committee. Approximately 40 persons qualify as participants or eligible persons at this time. The Committee currently anticipates that up to approximately 40 employees may be awarded stock option grants or restricted stock under the Option Plans in 2004. With respect to ISOs only, the definitions of participants and eligible persons does not include directors who are not also employees of the Company or persons who have been on leave of absence for greater than 90 days, unless re-employment is guaranteed by law or contract.

Administration

With respect to persons subject to the short-swing profit liability provisions of Section 16 of the Securities Exchange Act of 1934 (the Exchange Act), the Board will generally administer the Option Plans. In all other cases, the Option Plans shall be administered by the Committee, although the Committee may delegate its powers or duties to employees of the Company or any of its subsidiaries, as it deems appropriate. In

Table of Contents

addition, the Board is authorized to act in all cases in the place of the Committee. Under the terms of the Option Plans, the Committee has full and final authority in its discretion: (i) to select and approve the persons to whom options will be granted under the Option Plans from among the participants and eligible persons, including the number of options and the amount of the Company's Common Stock available for purchase under such option so granted to each person; (ii) to select and approve the persons to whom restricted stock will be issued from among the participants and eligible persons and the number of shares of restricted stock to be so issued; (iii) to determine the period or periods of time during which options may be exercised or become exercisable, the exercise price and the duration of such options, the date on which options are granted, and any other matters to be determined by the Committee in connection with specific option grants and option agreements as specified under the Option Plans; (iv) to determine the period or periods of time during which restricted stock may vest, the date on which restricted stock is awarded, and other matters to be determined by the Committee in connection with specific grants of restricted stock and restricted stock agreements as provided in the Option Plans; and (v) to interpret the Option Plans, to prescribe, amend and rescind rules and regulations relating to the Option Plans, and to make all other determinations necessary or advisable for the operation and administration of the Option Plans. Operation of the Option Plans is intended to avoid giving rise to any potential short-swing profit liability under Section 16 of the Exchange Act.

Amendment and Termination

The Committee may amend the 2002 Option Plan, the Board may amend the 1995 Stock Option Plan, and the Board may suspend or discontinue the Option Plans at any time, provided that: (i) no such action may, without the approval of the stockholders of the Company, materially increase (other than by reason of an adjustment as discussed above) the maximum aggregate number of common shares issuable under the Option Plans, or increase the maximum total number of common shares issuable to a participant or eligible person under the Option Plans; (ii) no action of the Committee will cause ISOs granted under the Option Plans not to comply with Section 422 of the Internal Revenue Code of 1986 (the Code) unless the Committee specifically declares such action to be made for that purpose; and, (iii) no action of the Committee shall alter or impair any option or restricted stock award previously granted or awarded under the Option Plans without the consent of such affected option holder or restricted stock holder.

Each option terminates upon the expiration of the option period specified in the option agreement pursuant to which it is issued. Each option could terminate earlier, however, in the event of the participant's or eligible person's termination of employment, death, or permanent disability. The shares of Company Common Stock subject to each restricted stock award vest in accordance with the terms of the restricted stock agreement pursuant to which it is issued. A restricted stock agreement may provide that a participant or eligible person may forfeit such shares of Common Stock upon termination of employment, death, or permanent disability.

Incentive Stock Options and Non-Qualified Stock Options

The Option Plans authorize the grant of both ISOs and NSOs, both of which are exercisable for shares of the Company's Common Stock. The price that an option holder must pay in order to exercise an option may be stated in terms of a fixed dollar amount, a percentage of fair market value at the time of the grant, or such other method as determined by the Committee in its discretion. Except in the case of NSOs that have already been awarded to participants in the 1995 Stock Option Plan to replace their existing stock options, in no event shall the option price for an ISO or an NSO be less than the fair market value per share of the Company's Common Stock on the date of the option grant. In the case of ISOs granted to persons possessing more than 10 percent of the total combined voting power or value of all classes of stock of the Company and/or its subsidiaries, the option price will be no less than 110 percent of the fair market value per share of the Company's Common Stock on the date of the grant. Provided that the Company's Common Stock is traded on a national securities exchange, the fair market value shall mean the average of the closing prices reported for the Common Stock on the composite tape for the 10 consecutive trading days immediately preceding the date in question. An option holder may pay all or a portion of the option price, and/or the tax withholding liability, if applicable, by payments in cash, by surrendering common shares already owned, by withholding

common shares to be issued under the option being exercised or by obtaining a loan from a broker-dealer to be repaid with the proceeds of the broker-dealer's sale of shares of Common Stock necessary to repay the loan. To the extent that common shares are withheld as payment for all or a portion of the option price of an ISO or shares of Common Stock are sold in connection with a broker-dealer loan, the withholding or sale of such common shares will be treated as a Disqualifying Disposition, thus subjecting the exercise to immediate tax consequences. See Certain Federal Income Tax Consequences below.

The period during which an option may be exercised shall be determined by the Committee at the time of the option grant and, for ISOs, may not extend more than ten years from the date of the grant, except in the case of ISOs granted to persons possessing more than 10 percent of the total combined voting power or value of all classes of stock of the Company and/or its subsidiaries in which case the option period will not exceed five years from the date of grant.

With respect to grants pursuant to the 2002 Option Plan, to the extent not previously exercised, each ISO and NSO will terminate upon the expiration of the option period specified in the option agreement provided, however that, subject to the discretion of the Committee, each ISO and NSO will terminate, if earlier: (i) 30 days after the date that the option holder ceases to be an eligible person for any reason other than death, disability, or retirement; (ii) 6 months after the date that the option holder ceases to be an eligible person by reason of such person's death or disability; or (iii) immediately upon the option holder's termination of employment or service as a director for cause.

Restricted Stock Awards

The Option Plans authorize the grant of restricted stock awards which award shares of Company Common Stock to the recipient. The recipient becomes vested and the shares of restricted stock become nonforfeitable pursuant to the terms and conditions of the restricted stock agreement. The Committee has the authority to establish the terms and conditions of restricted stock awards, including the period over which such awards will vest and become nonforfeitable. To the extent that a participant or eligible person has not become vested in shares of Company Common Stock subject to a restricted stock award prior to termination of employment, death or disability, the participant or eligible person, subject to the Committee's discretion, shall forfeit such shares.

Transferability; Dividend and Voting Rights; Withholding

The terms of the Option Plans provide that ISOs and shares of restricted stock are not transferable other than by will or the laws of descent and distribution. NSOs may not be transferred other than by will, the laws of descent and distribution, or, in the case of NSOs under the 2002 Stock Option Plan, at the discretion of the Committee, by direct gift to a family member or gift to a family trust or family partnership. Holders of ISOs or NSOs shall have no dividend rights or voting rights until the options have been exercised. Holders of restricted stock awards generally have dividend rights and voting rights, unless the Committee provides otherwise in the restricted stock agreements.

The Option Plans provide that recipients of options pay all required local, state and federal withholding taxes associated with the exercise of such options in cash unless the Committee, in its discretion, permits the option holder to pay such withholding liability by surrendering common shares already owned, or by withholding common shares issued pursuant to the option being exercised.

Change in Control

In the event of a hostile change in control of the Company or a liquidation or dissolution of the Company, on the effective date of such change in control, all options shall become fully exercisable and all restricted stock awards shall become vested and nonforfeitable.

Table of Contents

For purposes of the Option Plans, a hostile change of control of the Company shall have occurred when:

1. Any person, in a transaction which is not approved by 2/3 of the then current Board of Directors, directly or indirectly acquires or otherwise becomes entitled to vote more than (a) 50% of the voting power of all classes of Company stock; or (b) 50% of the outstanding shares of stock; or
2. The stockholders approve any merger or consolidation of the Company, or any sale, lease or exchange of all or any substantial part of the consolidated assets of the Company and its subsidiaries to any other person in which the Company is not the continuing or surviving entity.

Non-Compete

The Company, in its discretion, may as a condition to the grant of an option or a restricted stock award, require that the participant or eligible person enter in a covenant not to compete, a non-disclosure agreement or a confidential information agreement with the Company and its subsidiaries, upon terms and conditions specified by the Company.

Certain Federal Income Tax Consequences

The following summary generally describes the principal federal (and not state and local) income tax consequences of awards granted under the Option Plans. The summary is general in nature and is not intended to cover all tax consequences that may apply to a particular employee or to the Company. The provisions of the Internal Revenue Code of 1986, as amended (the Code) and regulations thereunder relating to these matters are complicated and their impact in any one case may depend upon the particular circumstances.

The discussion of federal income tax consequences set forth below is included for informational purposes only. The discussion is based on currently existing provisions of the code, existing or proposed treasury regulations thereunder and current administrative rulings and court decisions. All of the foregoing are subject to change, and any such change could affect the continuing validity of this discussion. Each participant in the Option Plans should consult his or her tax advisor regarding specific tax consequences including the application and effect of state and local tax laws.

Incentive Stock Options. ISOs granted under the Option Plans are intended to qualify as incentive stock options under Section 422 of the Code. Pursuant to Section 422, the grant and exercise of an ISO generally will not result in taxable income to the option holder (with the possible exception of alternative minimum tax liability and with the exception that the option holder will be subject to FICA upon exercise of an ISO) if the option holder does not dispose of common shares received upon exercise of such option within one year after the date of exercise and two years after the date of grant (either type of disposition hereinafter referred to as a Disqualifying Disposition), and if the option holder has continuously been an eligible person from the date of grant to three months before the date of exercise (or 6 months in the event of death or disability) (hereinafter referred to as the Employment Requirement). The Company will not be entitled to a deduction for income tax purposes in connection with the grant or exercise of an ISO. Additionally, the Company will not be entitled to a deduction at the time common shares acquired pursuant to an ISO are disposed of, provided that the option holder has satisfied the Employment Requirement and the disposition is not a Disqualifying Disposition. The excess of the fair market value on the date of exercise of an ISO of the shares acquired over the exercise price may in some circumstances be an adjustment for purposes of the alternative minimum tax.

Disposition of common shares acquired pursuant to an ISO, except in the case of a Disqualifying Disposition, will result in long-term capital gain or loss taxation of the option holder on the difference between the amount realized upon disposition and the option price. An option holder who, in a Disqualifying Disposition, disposes of common shares acquired pursuant to an ISO, will be required to notify the Company and will immediately recognize the gain on the disposition as ordinary income. In the event of a Disqualifying Disposition, the Company will be entitled to a deduction in the amount of income recognized by the option holder.

Table of Contents

Pursuant to the Code and the terms of the Option Plans, the Committee will designate all options granted under the Option Plans as either ISOs or NSOs. To the extent that the fair market value of the Company's Common Stock (determined at the time an option is granted) with respect to which all ISOs are exercisable for the first time by any individual during any calendar year exceeds \$100,000, such option shall be treated for all purposes under the Option Plans as an NSO.

Non-Qualified Stock Options. For NSOs, or ISOs which have converted to NSOs for any reason, the difference between the market value of the Company's Common Stock on the date of exercise and the option price will constitute taxable ordinary income to the option holder on the date of exercise. The Company will be entitled to a deduction in the same year in an amount equal to the income taxable to the option holder. The option holder's basis in shares of the Company's Common Stock acquired upon exercise of an option will equal the option price plus the amount of income taxable at the time of exercise. Any subsequent disposition of such the Company's Common Stock by the option holder will be taxed as a capital gain or loss to the option holder, and will be long-term capital gain or loss if the option holder has held such Company Common Stock for more than one year at the time of sale.

Pursuant to the terms of the Option Plans, the Committee will require any recipient of common shares upon the exercise of an NSO to pay the Company, in cash, by surrendering common shares already owned, by withholding common shares issued pursuant to the option being exercised, by obtaining a broker-dealer loan or in such other form as the Committee may determine in its discretion, the amount of any tax or other amount required by any governmental authority to be withheld and paid by the Company to such authority for the account of such recipient.

Restricted Stock. Restricted stock will generally cause the participant or eligible person to recognize taxable ordinary income pursuant to the rules of Section 83 of the Code. Accordingly, unless otherwise elected by the participant or eligible person, shares of restricted stock granted under the Option Plans will generally cause the participant or eligible person to recognize taxable ordinary income in the amount equal to the fair market value Company Common Stock when such stock vests and is no longer subject to a substantial risk of forfeiture. The participant or eligible person may elect to recognize taxable ordinary income within 30 days following the restricted stock award. In the case of such an election (an 83(b) Election) the participant or eligible person recognizes taxable ordinary income equal to the fair market value of Company Common Stock subject to the restricted stock award. Following an 83(b) election, if the participant or eligible person sells the restricted stock after the stock is no longer subject to a substantial risk of forfeiture, the participant or eligible person generally recognizes income taxable at capital gains rates. The amount of such income is generally the amount received by the participant or eligible person upon the disposition of restricted stock less the amount of income realized by the participant or eligible person upon making the 83(b) Election. In the event that (i) the value of restricted stock decreases from the time of an 83(b) election to the date of disposition of the restricted stock; or (ii) the participant or eligible person forfeits the shares of restricted stock following an 83(b) Election, then the participant or eligible person may generally offset other capital gains by the amount of loss realized on such disposition or forfeiture.

E. Nonuniform Determinations. The Committee's determinations under the Plan including, without limitation, determinations as to the Participants to receive Awards, the terms and provisions of such Awards and the agreements evidencing the same, need not be uniform and may be made by it selectively among Participants who receive or are eligible to receive Awards under the Plan, whether or not such Participants are similarly situated.

F. Quorum. A majority of the Committee shall constitute a quorum, and the acts approved by a majority of the members present at any meeting at which a quorum is present, or acts approved in writing or by a majority of the Committee, shall be acts of the Committee.

IV. Awards Under the Plan.

The following provisions shall apply to each Award of a Stock Option or Restricted Stock under the Plan. Awards shall be in such form and upon such terms and conditions as the Committee shall from time to time determine, subject to the following:

A. Maximum Limitations. The aggregate number of shares of Common Stock which will be available for grant under the Plan is 2,000,000, subject to adjustment pursuant to Section IV.C., below. The maximum number of shares which may be issued to a single individual is 800,000. Shares of Common Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held in the treasury of the Company. In the event that, prior to the end of the period during which Stock Options and Restricted Stock may be granted under the Plan, any shares of Restricted Stock are forfeited or any Stock Option expires unexercised or is terminated, surrendered or canceled without being exercised or vested, in whole or in part, for any reason, the number of shares subject to such Award or the unexercised, terminated, forfeited or unearned portion thereof, shall be added to the remaining number of shares of Common Stock available for Award under the Plan, including a grant to a former holder of such Award, upon such terms and conditions as the Committee shall determine, which terms may be more or less favorable than those applicable to such former Stock Option or Restricted Stock.

B. Form. Awards under the Plan shall be granted in any of the following forms:

1. Nonstatutory stock options (NSOs);
2. Incentive stock options (ISOs); or
3. Restricted Stock.

Table of Contents

Unless otherwise expressly provided at the time of grant, Options granted under the Plan will not be ISOs.

- C. Adjustment Provisions.** The aggregate number of shares of Common Stock with respect to which Awards shall be made, the aggregate number of shares of Common Stock subject to a Restricted Stock Award, the aggregate number of shares of Common Stock subject to each outstanding Stock Option and the exercise price per share of each such Stock Option shall be appropriately adjusted as the Committee may determine for any increase or decrease in the number of shares of issued Common Stock resulting from a subdivision or consolidation of shares, whether through reorganization, recapitalization, stock split-up, stock distribution or combination of shares, or the payment of a share dividend or other increase or decrease in the number of such shares outstanding effected without receipt of consideration by the Company. Adjustments under this Section IV.C. shall be made according to the sole discretion of the Committee, and its decisions shall be binding and conclusive.
- D. Withholding Taxes.** Whenever the Company is required to issue or transfer shares of Common Stock to a Participant under the Plan, the Company shall have the right to require the Participant to remit to the Company an amount sufficient to satisfy all federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such shares. Whenever payments under the Plan are to be made to a Participant in cash, such payments shall be net of the amount sufficient to satisfy all federal, state and local withholding tax requirements.
- E. Conditions of Grant.** The Committee, in its discretion, may, as a condition to the grant of an Award under the Plan, require a Participant who is the recipient of such Award to enter into a covenant not to compete with the Company and its Subsidiaries, which shall become effective on the date of termination of employment of the Participant with the Company, or any other date designated by the Committee, and which shall contain such terms and conditions as shall be specified by the Committee.

If the Participant shall fail to enter into any such agreement at the request of the Committee, then no Award shall be made hereunder to such Participant and the number of shares of Common Stock that would have been subject to such Award shall be added to the remaining number of shares available for grant as an Award under the Plan.

- F. Investment Representation.** If the Committee, in its discretion, determines that as a matter of law such procedure is or may be desirable, it may require a Participant upon the exercise of an Option or any other acquisition of stock pursuant to the Plan to execute and deliver to the Secretary of the Company, the Investment Purpose Statement. This statement warrants that the shares are for the Participant's own account, for investment and not with a view to the resale or distribution thereof and that subsequent offer of sale or sale of any of the shares will be made either pursuant to:
1. A Registration Statement on the appropriate form under the Securities Act of 1933 (the Securities Act), which Registration Statement has become effective and is current with respect to the shares being offered and sold; or
 2. A specific exemption from the registration requirements of the Securities Act. The Company may endorse an appropriate legend referring to the foregoing restriction upon the certificate or certificates representing any shares awarded under the Plan or issued or transferred to the Participant upon the exercise of an Option.
- G. Issuance of Stock Certificate.** The Company shall issue, in the name of the Participant, stock certificates representing the total number of shares of Common Stock issuable pursuant to the exercise of any Stock Option (Option Shares) as soon as reasonably practicable after such exercise. Subject to the Company's right to hold in escrow shares of Common Stock subject to a Restricted Stock Award, the Company shall issue, in the name of the Participant, stock certificates representing the total number of shares of Common Stock subject to a Restricted Stock Award as soon as reasonably practicable after the grant of such Restricted Stock Award. If such Option Shares

or Restricted Stock have not been registered under the Securities Act, the certificates will bear the following legend:

The shares represented by this certificate have not been registered under the Federal Securities Act of 1933, as amended, or state securities or Blue Sky laws and may not be sold or transferred in the absence of an effective registration statement thereunder or an opinion of counsel satisfactory to the Company that such registration is not required.

V. Stock Options

A. Option Agreement. Stock Options granted under this Plan shall be subject to such terms and conditions, shall be exercisable at such time or times, and shall be evidenced by such form of written option agreement (the Option Agreement) between the Participant and the Company, as the Committee shall determine; provided that such determinations are not inconsistent with the other provisions of the Plan, or with Section 422 of the Code as amended for qualification as an ISO.

B. Exercise of Stock Options.

1. **Exercise Price.** The per share exercise price of each Stock Option shall be fixed by the Committee in the Option Agreement, but shall not be less than 100% of the Fair Market Value (as defined in Section XIII.G.) of the Common Stock subject to such Stock Option on the date of grant, except for Stock Options which are intended to replace existing Stock Options awarded to former Meadowbrook, Inc. optionholders.
2. **Manner of Exercise of Options and Payment for Stock.** Any Stock Option granted under the Plan may be exercised by the Participant, a legatee or legatees of such Stock Option under the Participant's last will, or by his or her executors, personal representatives or distributees.
 - a. **Notice.** The Option may be exercised by delivering to the Secretary of the Company written notice of the number of shares of Common Stock with respect to which the Stock Option is being exercised.
 - b. **Payment.** Except as otherwise provided in the Plan or in any Option Agreement, the purchase price of Common Stock upon exercise of any Stock Option by a Participant shall be paid in full as follows:

 - 2) by a broker-dealer to whom the Participant has submitted an exercise notice consisting of a fully endorsed Stock Option;
 - 3) in Common Stock valued at its Fair Market Value on the date of exercise;
 - 4) by agreeing to surrender Stock Options then exercisable by him or her valued at the excess of the aggregate Fair Market Value of the Common Stock subject to such Stock Options on the date of exercise over the aggregate option exercise prices of such Common Stock;
 - 5) by directing the Company to withhold such number of shares of Common Stock otherwise issuable upon exercise of such Stock Option having an aggregate Fair Market Value on the date of exercise equal to the exercise price of the Stock Option; or
 - 6) by such other medium of payment as the Committee, in its discretion, shall authorize, or by any combination of 1), 2), 3), 4) or 5) above, at the discretion of the Committee.

In the case of payment pursuant to 2), 3), 4), 5) or 6) above, to the extent required by Section 16 of the Securities Exchange Act of 1934 (the 1934 Act), the Participant's election must be made on or prior to the date of exercise of the Stock Option and must be irrevocable. In the case of a Participant who is an insider subject to the 1934 Act and who

- C. Term of Stock Options.** Each Stock Option shall become exercisable at the time, and for the number of shares of Common Stock fixed by the Committee in the Stock Option Agreement. Each Stock Option shall expire and all rights to purchase Common Stock thereunder shall cease on the date fixed by the Committee in the Option Agreement, which shall not be later than ten (10) years from the date such Stock Option is granted.
- D. Provisions Specifically Applicable to Incentive Stock Options (ISOs).** It is intended that ISOs granted under the Plan shall constitute Incentive Stock Options within the meaning of Section 422 of the Code. ISOs may be granted under the Plan for the purchase of shares of Common Stock. Notwithstanding any other provision herein contained, ISOs shall be in such form and upon such conditions as the Board shall from time to time determine, subject to the following:
- 1. Terms of Options.** No Incentive Stock Option shall be exercisable prior to the date one year, or after the date ten years, from the date such ISO is granted.
 - 2. Limitation on Amounts.** The aggregate Fair Market Value (determined with respect to each ISO as of the time such ISO is granted) of the Common Stock with respect to which ISOs are exercisable for the first time by an employee during any calendar year (under this Plan or any other plan of the Company or Subsidiary) shall not exceed \$100,000.
 - 3. Ten Percent Shareholder.** No employee may receive an ISO under the Plan if such employee at the time the Award is granted, owns (as defined in Section 424(d) the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, its parent or any Subsidiary, unless the option price for such ISO is at least 110% of the Fair Market Value of the Common Stock subject to such ISO on the date of grant and such Option is not exercisable after the date five years from the date such Option is granted.

VI. Restricted Stock Awards.

- A. Restricted Stock Agreement.** Each Award of Restricted Stock pursuant to this Plan will be evidenced by an agreement (the Restricted Stock Agreement) between the Company and the Participant to whom such Restricted Stock is to be issued, in form and substance satisfactory to the Committee in its sole discretion, consistent with this Plan.
- B. Vesting in Restricted Stock.** Except as otherwise provided herein, each Restricted Stock Agreement may specify the period or periods of time within which shares of Restricted Stock will no longer be subject to the restrictions imposed under this Plan or any Restricted Stock Agreement (the Restricted Stock Vesting Period), as set forth in this subsection VI.B. A Restricted Stock Agreement may also specify Designated Performance Criteria which must be satisfied within the Restricted Stock Vesting Period. Restricted Stock Vesting Periods shall be determined by the Committee in its discretion and may be accelerated or shortened by the Committee in its discretion, but shall not exceed ten years for full vesting. All shares of Restricted Stock shall become immediately and fully vested upon a Hostile Change in Control of the Company.
- C. Forfeiture of Restricted Stock.** To the extent that the applicable Restricted Stock Vesting Period has not elapsed, each share of Restricted Stock, subject to the discretion of the Committee, shall be forfeited immediately as of the date the Restricted Stockholder ceases to be a Participant for any reason.

D. Restrictions on Transfer of Restricted Stock.

1. **General Rule on Transfers of Restricted Stock.** Restricted Stock may be transferred only if required by law. All Transfers of Restricted Stock not meeting the conditions set forth in this subsection VI.D are expressly prohibited.
2. **Effect of Prohibited Transfer.** Any prohibited transfer of Restricted Stock is void and of no effect. Should such a transfer purport to occur, the Company may refuse to carry out the transfer on its books, attempt to set aside the transfer, enforce any undertaking or right under this subsection VI.D, or exercise any other legal or equitable remedy.
3. **Escrow.** The Committee may, in its discretion, require that the Restricted Stockholder deliver the certificate(s) for the Restricted Stock with a stock power executed in blank to the Secretary of the Company or his or her designee to hold said certificate(s) and stock power(s) in escrow and to take all such actions and to effectuate all such Transfers and/or releases as are in accordance with the terms of this Plan. The certificate(s) may be held in escrow so long as the shares of Restricted Stock are subject to any restrictions under this Plan or under a Restricted Stock Agreement. Each Restricted Stockholder acknowledges that the Secretary of the Company (or his or her designee) is so appointed as the escrow holder with the foregoing authorities as a material inducement to the issuance of shares of Restricted Stock under this Plan, that the appointment is coupled with an interest, and that it accordingly will be irrevocable. The escrow holder will not be liable to any party to a Restricted Stock Agreement (or to any other party) for any actions or omissions unless the escrow holder is grossly negligent relative thereto. The escrow holder may rely upon any letter, notice or other document executed by any signature purported to be genuine.

VII. Transferability of Stock Options.

No Award of Stock Options made under the Plan may be transferred, assigned, pledged or hypothecated (whether by operation of law or otherwise), except to a grantor trust (as defined in Sections 671-7 of the Code) or as provided by will or the applicable laws of descent or distribution, and no Award shall be subject to execution, attachment or similar process. Any attempted assignment, transfer, pledge, hypothecation or other disposition of an Award, or levy of attachment or similar process upon the Award not specifically permitted herein shall be null and void and without effect. A Stock Option may be exercised only by the Participant during his or her lifetime, or pursuant to Section X.C, by his or her estate or the person who acquires the right to exercise such Stock Option upon his or her death by bequest or inheritance.

VIII. Dissolution.

Upon the dissolution or liquidation of the Company, each Stock Option granted hereunder but not yet exercised shall expire and each share of Restricted Stock for which the Restricted Stock Vesting Period has not elapsed shall be forfeited as of the effective date of such transaction.

IX. Effective Date and Conditions Subsequent to Effective Date.

- A. The Plan originally became effective and was approved by shareholders of the Company on August 22, 1995. The Plan, as amended and restated, is effective on the date of its adoption by the Board, February 13, 2004, provided the Plan is approved by the shareholders of the Company (excluding holders of shares of Option Stock issued by the Company under this Plan). If the amended and restated Plan is not approved by the shareholders of the Company, then the terms of the Plan, as approved by shareholders on August 22, 1995 shall remain in effect. Restricted Stock may be granted or awarded before shareholder approval of the amended and restated Plan but each share of Restricted Stock granted or awarded hereunder shall be subject to shareholder approval of the Plan and if such approval is not obtained, such grants will be null and void and of no effect.

Table of Contents

- B.** No grant or Award shall be made under the Plan more than ten (10) years from the original date of adoption of the Plan by the Board, August 22, 1995; provided, however, that the Plan and all Awards made under the Plan prior to such date shall remain in effect and subject to adjustment and amendment as herein provided until they have been satisfied or terminated in accordance with the terms of the respective grants or Awards and the related Agreements.

X. Termination of Employment.

Upon termination of employment for any reason, each share of Restricted Stock shall be forfeited in accordance with Section VI.B. Each Stock Option shall, unless sooner expired pursuant to Section X.A, B, or C below, expire on the first to occur of the tenth (10th) anniversary of the date of grant thereof or the expiration date set forth in the applicable Option Agreement.

- A. Other Than for Cause, Death, or Disability.** If the Participant's employment with the Company and its Subsidiaries is terminated for any reason other than Cause, Death or Disability (as determined solely by the Board), the Participant will have the right for a period of thirty (30) days following such termination, or for a period determined at the discretion of the Committee, to exercise that portion of the Option, if any, which was exercisable by the Participant on the date of termination of employment. In no event shall the Participant have the right to exercise an Option subsequent to the expiration date of the Option.
- B. Cause.** If the Participant's employment is terminated for cause, as determined by the Board, all Stock Options shall expire on the first to occur of the expiration date set forth in the applicable Option Agreement, or the date and time of termination of employment.
- C. Death or Disability.** If the employment of a Participant with the Company and all Subsidiaries terminates by reason of disability (as determined by the Board) or death, the Participant or the Participant's legal representative or legatees will have the right for a period of six (6) months following such termination, or for a period determined at the discretion of the Committee, to exercise that portion of the Option, if any, which was exercisable by the Participant on the date of termination of employment. In no event shall the Participant have the right to exercise an Option subsequent to the expiration date of the Option.

XI. Change in Control.

Any unexercisable Stock Option will become immediately exercisable and any stock restrictions will immediately lapse in the event that a Hostile Change of Control occurs, as defined in each applicable Option Agreement. All shares of Restricted Stock shall become immediately and fully vested upon a Hostile Change in Control of the Company, as defined in each applicable Restricted Stock Agreement.

XII. Postponement of Exercise.

The Committee may postpone any exercise of a Stock Option for such time as the Committee, in its sole discretion, may deem necessary in order to permit the Company to:

- A.** Effect, amend or maintain any necessary registration of the Plan or the shares of Common Stock issuable upon the exercise of a Stock Option under the Securities Act of 1933, as amended, or the securities laws of any applicable jurisdiction;
- B.** Permit any action to be taken in order to:
1. List such shares of Common Stock on a stock exchange if shares of Common Stock are then listed on such exchange; or
 2. Comply with restrictions or regulations incident to the maintenance of a public market for its shares of Common Stock, including any rules or regulations of any stock exchange on which the shares of Common Stock are listed; or

Table of Contents

- C. Determine that such shares of Common Stock and the Plan are exempt from such registration or that no action of the kind referred to in IX.B above needs to be taken; and the Company shall not be obligated by virtue of any terms and conditions of any Option Agreement or any provision of the Plan to recognize the exercise of a Stock Option, or to sell or issue shares of Common Stock in violation of the Securities Act or the law of any government having jurisdiction thereof. Any such postponement shall not extend the terms of a Stock Option and neither the Company nor its directors or officers shall have any obligation or liability to any Participant or any other person with respect to any shares of Common Stock as to which the Stock Option shall lapse because of such postponement.

XIII. Miscellaneous.

- A. No Obligation to Exercise Options.** The granting of a Stock Option shall impose no obligation upon a Participant to exercise such Stock Option.
- B. Termination and Amendment of Plan.** The Board, without further action on the part of the shareholders of the Company, may from time to time alter, amend or suspend the Plan or any Stock Option or Restricted Stock Award granted hereunder or may at any time terminate the Plan, except that, it may not without approval of the shareholders of the Company (except to the extent provided in Section IV.C. hereof):
1. Materially increase the total number of shares of Common Stock available for issuance under the Plan;
 2. Materially increase benefits to Participants under the Plan;
 3. Effect a change relating to ISOs granted hereunder which is inconsistent with Section 422 of the Code or regulations issued thereunder; or
 4. Changes the class of persons eligible to be Participants.

No action taken by the Board, with or without shareholder approval, under this Section may materially and adversely affect any outstanding Award without the consent of the holder thereof.

- C. Application of Funds.** The proceeds received by the Company from the sale of Common Stock pursuant to the Plan will be used for general corporate purposes.
- D. Right To Terminate Employment.** Nothing in the Plan or any agreement entered into pursuant to the Plan shall confer upon any Participant the right to continue in the employment of the Company or any Subsidiary or affect any right which the Company or any Subsidiary may have to terminate the employment of such Participant.
- E. Rights as a Shareholder.** No Participant shall have any right or privilege as a shareholder unless and until certificates for shares of Common Stock are issuable to him or her.
- F. Leaves of Absence and Disability.** The Committee shall be entitled to make such rules, regulations and determinations as it deems appropriate under the Plan in respect of any leave of absence taken by or disability of any Participant. Without limiting the generality of the foregoing, the Committee shall be entitled to determine:
1. Whether or not any such leave of absence shall constitute a termination of employment within the meaning of the Plan; and
 2. The impact, if any, of any such leave of absence on Awards under the Plan theretofore made to any Participant who takes such leave of absence.

(aa) **Stock** means shares of the Company's common stock.

(bb) **Subsidiary** has the same meaning as **Subsidiary Corporation** as defined in Section 424(f) of the Code.

(cc) **Tax Withholding Liability** means all federal and state income taxes, social security tax, medicare tax and any other taxes applicable to the income arising from a transaction involving Options or Restricted Stock required by applicable law to be withheld by the Company. (dd) Transfer, with respect to Option Stock and Restricted Stock, includes, without limitation, a voluntary or involuntary sale, assignment, transfer, conveyance, pledge, hypothecation, encumbrance, disposal, loan, gift, attachment or levy of such Stock, including without limitation an assignment for the benefit of creditors of the Participant, a transfer by operation of law, such as a transfer by will or under the laws of descent and distribution, an execution of judgment against the Option Stock or Restricted Stock or the acquisition of record or beneficial ownership thereof by a lender or creditor, a transfer pursuant to any decree of divorce, dissolution or separate maintenance, any property settlement, any separation agreement or any other agreement with a spouse (except for estate planning purposes) under which a part or all of the shares of Option Stock and Restricted Stock are transferred or awarded to the spouse of the Participant or are required to be sold, or a transfer resulting from the filing by the Participant of a petition for relief, or the filing of an involuntary petition against such Participant, under the bankruptcy laws of the United States or of any other nation.

3. Eligibility. Options and Restricted Stock may be granted under this Plan only to persons who are Eligible Persons as of the time of such grant. In the case of ISOs, only Eligible Persons who are employees or officers of the Company or one of its Subsidiaries shall be eligible to receive a grant of ISOs.

4. Administration.

(a) **Administration by the Committee.** The Committee, subject to the direction of the Board, will administer this Plan, but may delegate such powers or duties to employees of the Company or its Subsidiaries, as it deems appropriate. The Board may take any action under this Plan that the Committee could otherwise take.

(b) **Authority and Discretion of Committee.** The Committee will have full and final authority in its discretion, at any time subject only to the express terms, conditions and other provisions of the Company's articles of incorporation, bylaws and this Plan, and the specific limitations on such discretion set forth herein:

- (i) to select and approve the persons to whom Options will be granted under this Plan from among the Eligible Persons, including the number of Options and the amount of Option Stock available for purchase under such Options so granted to each person;
- (ii) to select and approve the persons to whom Restricted Stock will be issued under this Plan from among the Eligible Persons and the number shares of Restricted Stock to be so issued;
- (iii) to determine the period or periods of time during which Options may be exercised or become exercisable, the Option Price and the duration of such Options, the date on which Options are granted, and other matters to be determined by the Committee in connection with specific Option grants and Option Agreements as specified under this Plan;
- (iv) to determine the period or periods of time during which the Restricted Stock may vest, the Designated Performance Criteria on which vesting may be dependent, the date on which shares of Restricted Stock are awarded and other matters to be determined by the Committee in connection with specific issuances of Restricted Stock and Restricted Stock Agreements as provided in this Plan; and
- (v) to interpret this Plan, to prescribe, amend and rescind rules and regulations relating to this Plan, and to make all other determinations necessary or advisable for the operation and administration of this Plan.

(c) **Designation of Options.** Except as otherwise provided herein, the Committee will designate any Option granted hereunder either as an ISO or as an NSO. To the extent that the Fair Market Value of Stock, determined at the time the Option is granted, with respect to which all ISOs are exercisable for the first time by any individual during any calendar year (pursuant to this Plan and all other plans of the Company and/or its Subsidiaries) exceeds \$100,000, such Option will be treated as an NSO.

Table of Contents

(d) Option Agreements. Options will be deemed granted hereunder only upon the execution and delivery of an Option Agreement by the Participant and a duly authorized officer of the Company. Options will not be deemed granted hereunder merely upon the authorization of such grant by the Committee.

(e) Restricted Stock Agreements. Restricted Stock will be issued hereunder only upon the execution and delivery of a Restricted Stock Agreement by the Restricted Stockholder and a duly authorized officer of the Company. Restricted Stock will not be deemed issued merely upon the authorization of such issuance by the Committee.

5. Shares Reserved for Options and Restricted Stock. Subject to Sections 8 and 11 of this Plan, the aggregate number of shares of Option Stock and Restricted Stock that may be issued and outstanding pursuant to the exercise of Options under this Plan (the Option and Restricted Stock Pool) will not exceed 2,000,000 shares. The maximum number of shares of Option Stock and Restricted Stock which may be subject to one or more awards to a single Eligible Person shall not exceed 800,000 shares in the aggregate. Shares of Option Stock withheld as payment of an Option Price as described in subsection 6(d) by the Company and shares of Restricted Stock that may be forfeited, as described in subsection 7(c) may be added back into the Option and Restricted Stock Pool and reissued. Shares of Option Stock that would have been issuable pursuant to Options, but that are no longer issuable because all or part of those Options have terminated or expired may also be added back into the Option and Restricted Stock Pool to be available for issuance.

6. Terms of Stock Option Agreements. Each Option granted pursuant to this Plan will be evidenced by an Option Agreement between the Company and the Eligible Person to whom such Option is granted, in form and substance satisfactory to the Committee in its sole discretion, consistent with this Plan. Apart from making copies of this Plan and Option Agreements under this Plan available to the Eligible Person, the Company shall have no obligation to explain the terms and conditions of the Plan or Option Agreements, including, not by way of limitation, the terms of vesting, the available methods for exercising Options and the timing of an Option s expiration. Without limiting the foregoing, the following terms and conditions will be considered a part of each Option Agreement (unless otherwise stated therein):

(a) Covenants of Participant. Nothing contained in this Plan, any Option Agreement or in any other agreement executed in connection with the granting of an Option under this Plan will confer upon any Participant any right with respect to the continuation of his or her status as an employee, officer or director of the Company or its Subsidiaries.

(b) Option Vesting Periods. Each Option Agreement will specify the period or periods of time within which each Option or portion thereof will first become exercisable (the Option Vesting Period). Unless otherwise indicated in an Option Agreement, all Options shall become vested and exercisable upon the effective date of a Hostile Change in Control of the Company.

(c) Exercise of the Option.

(i) **Mechanics and Notice.** Options may be exercised to the extent exercisable by giving written notice to the Company specifying the number of Options to be exercised, the date of the grant of the Option or Options to be exercised, the Option Price, the desired effective date of the exercise, the number of full shares of Option Stock to be retained by the Participant after exercise, and the method of payment. Once written notice complying with the requirements of this subsection is received, the Committee or its designee shall promptly notify the Participant of the amount of the Option Price and withholding taxes due, if either or both is applicable. Payment of any amounts owing shall be due immediately upon receipt of such notice.

(ii) **Withholding Taxes.** As a condition to the issuance of shares of Option Stock upon exercise of an Option granted under this Plan, the Participant will pay to the Company in cash, through cashless exercise as described in subsection (d), or in such other form as the Committee may determine in its discretion, the amount of the Company s Tax Withholding Liability, if any, associated with such exercise. The Committee may prescribe a specific method of payment of such withholding, in its discretion and may disallow such withholding through cashless exercise

Table of Contents

if it determines that the amount of shares being withheld pursuant to the cashless exercise exceeds the minimum amount of Tax Withholding Liability.

(d) Payment of Option Price. Each Option Agreement will specify the Option Price, with respect to the exercise of Option Stock granted thereunder, which may be stated in terms of a fixed dollar amount, a percentage of Fair Market Value at the time of the grant, or such other method as determined by the Committee in its discretion. In no event will the Option Price for an ISO or NSO granted hereunder be less than the Fair Market Value (or, where an ISO Participant is a 10% Shareholder, one hundred ten percent (110%) of such Fair Market Value) of the Option Stock at the time such ISO or NSO is granted.

- (i) The Option Price will be payable to the Company in United States dollars in cash or by certified check or, such other legal consideration as may be approved by the Committee, in its discretion.
- (ii) The Committee, in its discretion, may permit a Participant to pay all or a portion of the Option Price and/or Tax Withholding Liability, if applicable, with respect to the exercise of an Option either by surrendering shares of Stock already owned by such Participant or by withholding shares of Option Stock, provided that the Committee determines that the Fair Market Value of such surrendered Stock or withheld Option Stock is equal to the corresponding portion of such Option Price and/or Tax Withholding Liability, as the case may be, to be paid for therewith. The Committee may require the Participant's attestation of ownership of Stock for at least 6 months in order to permit exercise or payment of Tax Withholding Liability by withholding of Option Stock.
- (iii) The Committee, in its discretion may permit a Participant to pay all or a portion of the Option Price and/or Tax Withholding Liability by a broker-dealer to whom the Participant has submitted an exercise notice consisting of a fully endorsed Option.
- (iv) In the case of a payment of Option Price and/or Tax Withholding Liability by any means other than cash or certified check, the Participant's election must be made on or prior to the date of exercise of the Stock Option and must be irrevocable.

(e) Notice of Disqualifying Disposition. In the event of a Disqualifying Disposition, the Participant will promptly give written notice to the Company of such disposition including information regarding the number of shares involved, the exercise price of the underlying Option through which the shares were acquired and the date of the Disqualifying Disposition.

(f) Termination of the Option. Except as otherwise provided herein, each Option Agreement will specify the period of time, to be determined by the Committee in its discretion, during which the Option granted therein will be exercisable, not to exceed ten years from the date of grant (the "Option Period"); provided that the Option Period will not exceed five years from the date of grant in the case of an ISO granted to a 10% Shareholder.

- (i) Timing of Termination. To the extent not previously exercised, each Option will terminate upon the expiration of the Option Period specified in the Option Agreement; provided, however, that, subject to the discretion of the Committee, each Option will terminate, if earlier: (a) thirty days after the date that the Participant ceases to be an Eligible Person for any reason other than Cause, death or Disability; (b) immediately upon the Participant's termination of employment for Cause; (c) 6 months after the date that the Participant ceases to be an Eligible Person by reason of such person's death or Disability.
- (ii) Effect of Hostile Change in Control. Notwithstanding any other provision of this Plan, each Option will become fully exercisable upon the effective date of a Hostile Change in Control of the Company or a liquidation or dissolution of the Company.

(g) Transferability of Options. ISOs will be subject to Transfer by the Participant only by will or the laws of descent and distribution. NSOs will be subject to Transfer by the Participant only by will or the laws of descent and distribution or, at the discretion of the Committee, by direct gift to a family member, or gift to a family trust or family partnership. The terms "family member," "family trust" and "family partnership" shall

Table of Contents

have meanings consistent with Section 704 of the Code. Options will be exercisable only by the Participant during his or her lifetime, or, with respect to an NSO, by any of the recipients of the Transfers specifically permitted by this subsection (g).

(h) Compliance with Law. Notwithstanding any other provision of this Plan, Options may be granted pursuant to this Plan, and Option Stock may be issued pursuant to the exercise thereof by a Participant, only after there has been compliance with all applicable federal and state tax and securities laws. The right to exercise an Option will be further subject to the requirement that if at any time the Committee determines, in its discretion, that the listing, registration or qualification of the shares of Option Stock called for by any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory authority, is necessary or desirable as a condition of or in connection with the granting of such Option or the purchase of shares of Option Stock, the Option may not be exercised, in whole or in part, unless and until such listing, registration, qualification, consent or approval is effected or obtained free of any conditions not acceptable to the Committee, in its discretion.

(i) Stock Certificates. Certificates representing the Option Stock issued pursuant to the exercise of Options will bear all legends required by law and necessary to effectuate this Plan's provisions. The Company may place a stop transfer order against shares of the Option Stock until all restrictions and conditions set forth in this Plan and in the legends referred to in this subsection (i) have been complied with.

(j) Non-Compete. The Committee, in its discretion, may, as a condition to the grant of an Option, require that the Participant enter into a covenant not to compete, a non-disclosure agreement or a Confidential Information Agreement with the Company and its Subsidiaries, which shall become effective on the date of termination of employment of the Participant with the Company, or any other date the Committee designates, and which shall contain such terms and conditions as the Committee specifies.

(k) Other Provisions. The Option Agreement may contain such other terms, provisions and conditions, including such special forfeiture conditions, rights of repurchase, rights of first refusal and other restrictions on Transfer of Option Stock issued upon exercise of any Options granted hereunder, not inconsistent with this Plan, as may be determined by the Committee in its sole discretion.

7. Terms of Restricted Stock Agreements. Each issuance of Restricted Stock pursuant to this Plan will be evidenced by a Restricted Stock Agreement between the Company and the Eligible Person to whom such Restricted Stock is to be issued, in form and substance satisfactory to the Committee in its sole discretion, consistent with this Plan. Each Restricted Stock Agreement (unless otherwise stated therein) will be deemed to include the following terms and conditions:

(a) Covenants of Restricted Stockholder. Nothing contained in this Plan, any Restricted Stock Agreement or in any other agreement executed in connection with the issuance of Restricted Stock under this Plan will confer upon any Restricted Stockholder any right with respect to the continuation of his or her status as an employee or officer of the Company or its Subsidiaries.

(b) Restricted Stock Vesting Periods. Except as otherwise provided herein, each Restricted Stock Agreement may specify the period or periods of time within which shares of Restricted Stock will no longer be subject to the restrictions imposed under this Plan or any Restricted Stock Agreement (the Restricted Stock Vesting Period), as set forth in this subsection 7(b). A Restricted Stock Agreement may also specify Designated Performance Criteria which must be satisfied within the Restricted Stock Vesting Period. Restricted Stock Vesting Periods shall be determined by the Committee in its discretion and may be accelerated or shortened by the Committee in its discretion, but shall not exceed ten years for full vesting. All shares of Restricted Stock shall become immediately and fully vested upon a Hostile Change in Control of the Company.

(c) Forfeiture of Restricted Stock. To the extent that the applicable Restricted Stock Vesting Period has not elapsed, each share of Restricted Stock, subject to the discretion of the Committee, shall be forfeited immediately as of the date the Restricted Stockholder ceases to be an Eligible Person for any reason.

(d) Restrictions on Transfer of Restricted Stock.

- (i) **General Rule on Transfers of Restricted Stock.** Restricted Stock may be transferred only if required by law. All Transfers of Restricted Stock not meeting the conditions set forth in this subsection 7(d) are expressly prohibited.
- (ii) **Effect of Prohibited Transfer.** Any prohibited Transfer of Restricted Stock is void and of no effect. Should such a Transfer purport to occur, the Company may refuse to carry out the Transfer on its books, attempt to set aside the Transfer, enforce any undertaking or right under this subsection 7(d), or exercise any other legal or equitable remedy.
- (iii) **Escrow.** The Committee may, in its discretion, require that the Restricted Stockholder deliver the certificate(s) for the Restricted Stock with a stock power executed in blank to the Secretary of the Company or his or her designee to hold said certificate(s) and stock power(s) in escrow and to take all such actions and to effectuate all such Transfers and/or releases as are in accordance with the terms of this Plan. The certificate(s) may be held in escrow so long as the shares of Restricted Stock are subject to any restrictions under this Plan or under a Restricted Stock Agreement. Each Restricted Stockholder acknowledges that the Secretary of the Company (or his or her designee) is so appointed as the escrow holder with the foregoing authorities as a material inducement to the issuance of shares of Restricted Stock under this Plan, that the appointment is coupled with an interest, and that it accordingly will be irrevocable. The escrow holder will not be liable to any party to a Restricted Stock Agreement (or to any other party) for any actions or omissions unless the escrow holder is grossly negligent relative thereto. The escrow holder may rely upon any letter, notice or other document executed by any signature purported to be genuine.

(e) Compliance with Law. Notwithstanding any other provision of this Plan, Restricted Stock may be issued pursuant to this Plan only after there has been compliance with all applicable federal and state tax and securities laws.

(f) Stock Certificates. Certificates representing the Restricted Stock issued pursuant to this Plan will bear all legends required by law and necessary to effectuate this Plan's provisions. The Company may place a stop transfer order against shares of the Restricted Stock until all restrictions and conditions set forth in this Plan and in the legends referred to in this subsection 7(f) have been complied with.

(g) Non-Compete. The Committee, in its discretion, may, as a condition to the grant of a Restricted Stock, require that the Participant enter into a covenant not to compete, a non-disclosure agreement or a Confidential Information Agreement with the Company and its Subsidiaries, which shall become effective on the date of termination of employment of the Participant with the Company, or any other date the Committee designates, and which shall contain such terms and conditions as the Committee specifies.

(h) Other Provisions. The Restricted Stock Agreement may contain such other terms, provisions and conditions, including such special forfeiture conditions, rights of repurchase, covenants not to compete, rights of first refusal and other restrictions on Transfer of Restricted Stock issued hereunder, not inconsistent with this Plan, as may be determined by the Committee in its sole discretion.

8. Adjustments Upon Changes in Stock. In the event of any change in the outstanding Stock of the Company as a result of a merger, reorganization, stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate proportionate adjustments will be made:

(a) in the aggregate number of shares of Option Stock and Restricted Stock in the Option and Restricted Stock Pool;

(b) in the Option Price and the number of shares of Option Stock that may be purchased pursuant to an outstanding Option granted hereunder;

(c) in the number of shares of Restricted Stock subject to a Restricted Stock Agreement;

(d) in the exercise price of any rights of repurchase or of first refusal under this Plan; and

(e) with respect to other rights and matters determined on a per share basis under this Plan or any associated Option Agreement or Restricted Stock Agreement.

Any such adjustments will be made only by the Committee, and when so made will be effective, conclusive and binding for all purposes with respect to this Plan and all Options and Restricted Stock then

Table of Contents

outstanding. No such adjustments will be required by reason of the issuance or sale by the Company for cash or other consideration of additional shares of its Stock or securities convertible into or exchangeable for shares of its Stock.

9. Proceeds from Sale of Option Stock. Cash proceeds from the sale of shares of Option Stock issued from time to time upon the exercise of Options granted pursuant to this Plan will be added to the general funds of the Company and as such will be used from time to time for general corporate purposes.

10. Modification, Extension and Renewal of Options and Restricted Stock. Subject to the terms and conditions and within the limitations of this Plan, the Committee may modify, extend or renew outstanding Options or Restricted Stock granted under this Plan, but in no event may the Committee change the Option Price as stated in the Option Agreement, if expressed as a fixed dollar amount, or the manner in which the Option Price is to be calculated as stated in the Option Agreement, if expressed as a percentage of Fair Market Value at the time of the grant or otherwise. Notwithstanding the foregoing, no modification of any Option or Restricted Stock will, without the consent of the holder of the Option or Restricted Stockholder, alter or impair any rights or obligations under any Option or Restricted Stock previously granted under this Plan.

11. Amendment and Discontinuance. The Committee may amend, and the Board may suspend or discontinue, this Plan at any time, provided that:

(a) No such action may, without the approval of the shareholders of the Company, increase the maximum total number of shares of Option Stock or Restricted Stock that may be granted to an individual over the term of this Plan, or materially increase (other than by reason of an adjustment pursuant to Section 8 hereof) the aggregate number of shares of Option Stock and Restricted Stock in the Option and Restricted Stock Pool that may be granted pursuant to this Plan;

(b) No action of the Committee will cause ISOs granted under this Plan not to comply with Section 422 of the Code unless the Committee specifically declares such action to be made for that purpose;

(c) No action of the Committee shall alter or impair any Option or Restricted Stock previously granted under this Plan without the consent of such affected Participant.

12. Plan Binding upon Successors. This Plan shall be binding upon and inure to the benefit of the Company, its Subsidiaries, and their respective successors and assigns, and Eligible Persons and their respective assigns, personal representatives, heirs, legatees and beneficiaries.

13. Compliance with Rule 16b-3. With respect to persons subject to Section 16 of the 1934 Act, transactions under this Plan are intended to be exempt from short-swing profit liability. To the extent that any transaction made pursuant to the Plan may give rise to short-swing profit liability, the Committee may deem such transaction to be null and void, to the extent permitted by law and deemed advisable by the Committee.

14. Notices. Every direction, revocation or notice authorized or required by the Plan shall be deemed delivered to the Company:

(a) On the date it is personally delivered to the Secretary of the Company at its principal executive offices; or

(b) Three business days after it is sent by registered or certified mail; postage prepaid, addressed to the Secretary at such offices.

and to a Participant:

(c) On the date it is personally delivered to him or her; or

(d) Three business days after it is sent by registered or certified mail, postage prepaid, addressed to him or her at the last address shown for him or her on the records of the Company.

15. Governing Law. This Plan will be governed by, and construed in accordance with, the laws of the State of Michigan, without regard to its conflict of laws provisions.

16. Copies of Plan. A copy of this Plan will be delivered to each Participant at or before the time he or she executes an Option Agreement.
