NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

Newmark Homes Corp. and subsidiaries (the "Company") is an 80% owned subsidiary of Technical Olympic USA, Inc. ("TOUSA") as of December 15, 1999. The Company was formed in December 1994 to serve as a real estate holding company.

The Company's primary subsidiaries are as follows:

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

SUBSIDIARY -----	NATURE OF BUSINESS -----
Newmark Home Corporation ("Newmark").....	Single-family residential homebuilding Tennessee and North Carolina - formed in 1
Westbrooke Communities, Inc. ("Westbrooke").....	Single-family residential homebuilding lot developer in South Florida - formed in
Pacific United Development Corporation ("PUDC")....	Residential lot development in Texas and formed in 1993.

BASIS OF PRESENTATION

The consolidated financial statements include the accounts of the Company and its subsidiaries. The accounting and reporting policies of the Company conform to generally accepted accounting principles and general practices within the homebuilding industry. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

INTERIM PRESENTATION

The accompanying condensed consolidated financial statements have been prepared by the Company and are unaudited. Certain information and footnote disclosures normally included in financial statements presented in accordance with generally accepted accounting principles have been omitted from the accompanying statements. The Company's management believes the disclosures made are adequate to make the information presented not misleading. However, the financial statements included as part of this 10-Q filing should be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2000 Annual Report on Form 10-K. The accompanying unaudited consolidated financial statements reflect all adjustments that, in the opinion of the management of the Company, are considered necessary for a fair presentation of the financial position, results from operations and cash flows for the periods presented. Results of operations achieved through March 31, 2001 are not necessarily indicative of those which may be achieved for the year ended December 31, 2001.

EARNINGS PER SHARE

Basic Earnings Per Share is computed by dividing earnings attributable to common shareholders by the weighted average number of common shares outstanding for the period. Diluted Earnings Per Share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company. The following table reconciles the computation of basic and diluted Earnings Per Share for the three months ended March 31, 2001 and 2000 (in thousands, except per share amounts):

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

NOTE 2. INVENTORY

Inventory balances as of March 31, 2001 and December 31, 2000 consist of the following:

	Number of Homes		
	March 31, 2001	December 31, 2000	March 31, 2001
Completed	186	178	\$44,9
Under construction	909	824	112,8
Models	74	73	18,8
Residential lots.....	-	-	75,3
Total.....	1,169	1,075	\$251,9

NOTE 3. CAPITALIZED INTEREST

A summary of interest capitalized in inventory is as follows (in thousands):

THREE MONTHS ENDED MARCH 31,	
2001	2000

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

Interest capitalized, beginning of period....	\$6,917	\$6,266
Interest incurred	3,690	3,904
Less interest included in:		
Cost of sales.....	2,256	2,553
Other income (expense).....	1,075	744
	-----	-----
Interest capitalized, end of period	\$7,276	\$6,873
	=====	=====

NOTE 4. COMMITMENTS AND CONTINGENCIES

The Company is subject to certain pending or threatened litigation and other claims. Management, after review and consultation with legal counsel, believes the Company has meritorious defenses to these matters and that any potential liability from these matters would not materially affect the Company's consolidated financial statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Quarterly Report on Form 10-Q may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Private Securities Litigation Reform Act of 1995. Such matters involve risks and uncertainties, including the Company's exposure to certain market risks, changes in economic conditions, tax and interest rates, increases in raw material and labor costs, weather conditions, and general competitive factors that may cause actual results to differ materially.

Net income.....	3.8%	3.9%

(1) As a percent of income before income taxes.

THREE MONTHS ENDED MARCH 31, 2001 COMPARED TO THREE MONTHS ENDED MARCH 31, 2000

Revenues decreased by 2.6% to \$132.8 million in the three months ending March 31, 2001 from \$136.4 million in the three months ending March 31, 2000 due to the net effect of a decrease in units closed, an increase in the average selling price and an increase in land sales. The number of homes closed by the Company decreased by 16.9% to 468 homes in the three months ending March 31, 2001 from 563 homes in the three months ending March 31, 2000. The Company's average selling price of homes closed in the three months ending March 31, 2001 was \$265,038, an increase of 10.2% from the \$240,449 average selling price in the three months ending March 31, 2000 due to product mix within the subdivisions closing homes. The average selling price of a Newmark (R) home closed in the three months ending March 31, 2001 was \$261,662, an increase of 7.7% from the \$242,914 average selling price in the three months ending March 31, 2000. The Fedrick, Harris Estate Homes average selling price of homes closed in the three months ending March 31, 2001 was \$479,228, an increase of 7.8% from the \$444,253 average selling price in the three months ending March 31, 2000. In the South Florida market, Westbrooke's average selling price of homes closed in the three months ending March 31, 2001 was \$207,290, an increase of 4.2% from the \$198,913 average selling price in the three months ending March 31, 2000. In addition, revenue from land sales in the three months ending March 31, 2001 increased to \$8.8 million from \$1.1 million in the three months ending March 31, 2000.

New net sales contracts increased 18.6% to 732 homes for the three months ended March 31, 2001 from 617 homes for the three months ended March 31, 2000. The dollar amount of new net sales contracts increased 15.1% to \$188.2 million.

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

The Company was operating in 79 subdivisions at March 31, 2001 compared to 77 subdivisions at March 31, 2000. As of March 31, 2001, the Company's backlog of sales contracts was 1,109 homes, a 5.4% increase over comparable figures at March 31, 2000.

Cost of sales decreased by 5.5% to \$107.0 million in the three months ended March 31, 2001 from \$113.2 million in the comparable period of 2000. The decrease was attributable to the decrease in revenues as described above. Cost of land sales for the three months ended March 31, 2001 increased to \$6.0 million from \$.9 million for the comparable period of 2000. As a percentage of revenues, cost of sales for the three months ended March 31, 2001 decreased to 80.5% in 2001 from 83.0% in 2000.

Selling, general and administrative ("SG&A") expense increased by 17.7% to \$16.0 million in the three months ended March 31, 2001, from \$13.6 million in the comparable period of 2000. The increase was primarily caused by increased construction and sales activity in the new markets of Nashville, Tennessee; Charlotte and Greensboro, North Carolina as well as in the Company's existing Texas and Florida markets, as indicated by the increase in the backlog and the 10.3% increase in the homes under construction at the end of March 2001 versus March 2000. As a percentage of revenues, SG&A expense increased to 12.0% in the three months ended March 31, 2001 from 9.9% in the comparable period of 2000.

Interest expense, net of interest capitalized, totaled \$1.1 million in the three months ended March 31, 2001 compared to \$.7 million in the comparable period of 2000. The Company follows a policy of capitalizing interest only on inventory under construction or development. During the three months ended March 31, 2001 and 2000, the Company expensed a portion of interest incurred and other financing costs on those

11

12

completed homes held in inventory. This expense increased due to the increase in the average number of completed homes held in inventory for the quarter ending March 31, 2001. Capitalized interest and other financing costs are included in cost of sales at the time of home closings. In addition, interest on certain acquisition notes has increased pursuant to the Second Amendment to Stock Purchase Agreement and the related Amended and Restated Note Agreements.

The Company's provision for income taxes decreased as a percentage of earnings before taxes to 35.1% for the three months ending March 31, 2001 compared to 36.1% for the three months ending March 31, 2000. The Company recognized federal income tax expense amounting to \$2.5 million for the three months ending March 31, 2001 compared to \$2.9 million for the three months ending March 31, 2000. The decrease in income taxes is primarily due to reduced earnings for the three months ending March 31, 2001 compared to the three months ending March 31, 2000.

Net income decreased by 5.12% to \$5.1 million in the three months ended March 31, 2001, from \$5.3 million in the comparable period of 2000. The decrease was attributable to the decrease in revenues as described above.

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2001, the Company had available cash and cash equivalents of \$9.3 million. Inventories (including finished homes and construction in progress, developed residential lots and other land) at March 31, 2001 increased by \$5.1 million from \$246.9 million at December 31, 2000 due to a general increase in business activity and the expansion of operations in the newer market areas. Because of increased business activity and expansion of operations in the newer markets, the Company's ratio of construction loans payable to total capital

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

assets increased to 55.0% at March 31, 2001 from 50.5% at December 31, 2000. The equity to total assets ratio decreased during the three months to 39.9% at March 31, 2001 from 41.7% at December 31, 2000 primarily due to the dividends declared of \$6.2 million at March 31, 2001.

The Company's financing needs depend upon the results of its operations, sales volume, inventory levels, inventory turnover, and acquisitions. The Company has financed its operations through borrowings from financial institutions and through funds from earnings.

At March 31, 2001, the Company had lines of credit commitments for construction loans totaling approximately \$253.0 million, of which \$19.0 million is available to draw down.

The Company's growth requires significant amounts of cash. It is anticipated that future home construction, lot and land purchases and acquisitions will be funded through internally generated funds and new and existing borrowing relationships. The Company continuously evaluates its capital structure and, in the future, may seek to further increase secured debt and obtain additional equity to fund ongoing operations as well as to pursue additional growth opportunities.

Except for ordinary expenditures for the construction of homes and, to a limited extent, the acquisition of land and lots for development and sale of homes, at March 31, 2001, the Company had no material commitments for capital expenditures.

12

13

SEASONALITY AND QUARTERLY RESULTS

The homebuilding industry is seasonal, as generally there are more sales in the spring and summer months, resulting in more home closings in the fall. The Company operates in the Southwestern and Southeastern markets of the United States, where weather conditions are more suitable to a year-round construction process than other areas. The Company also believes its geographic diversity to be somewhat counter-cyclical, with adverse economic conditions associated with certain of its markets often being offset by more favorable economic conditions in other markets. The seasonality of school terms has an impact on the Company operations, but it is somewhat mitigated by the fact that many of the Company's buyers at the higher end of the Company's price range, including Fedrick, Harris Estate Homes, no longer have children in school. As a result of these factors, among others, the Company generally experiences more sales in the spring and summer months, and more closings in the summer and fall months. Likewise, Westbrooke has experienced seasonality in its revenues, generally completing more sales in the spring and summer months and more closings in the fourth quarter.

The Company historically has experienced, and in the future expects to continue to experience, variability in revenues on a quarterly basis. Factors expected to contribute to the variability include, among others: (i) the timing of home closings; (ii) the Company's ability to continue to acquire land and options on acceptable terms; (iii) the timing of receipt of regulatory approvals for the construction of homes; (iv) the condition of the real estate market and general economic conditions; (v) the cyclical nature of the homebuilding industry; (vi) prevailing interest rates and the availability of mortgage financing; (vii) pricing policies of the Company's competitors; (viii) the timing of the opening of new residential projects; (ix) weather; and (x) the cost and availability of materials and labor. The Company's historical financial performance is not necessarily a meaningful indicator of future results and the Company expects its

Edgar Filing: NEWMARK HOMES CORP - Form 10-Q

financial results to vary from project to project and from quarter to quarter.

ITEM 3. CHANGES IN INFORMATION ABOUT MARKET RISK

The Company is exposed to market risk primarily related to potential adverse changes in interest rates as discussed below. The company does not enter into, or intend to enter into, derivative financial instruments for trading or speculative purposes. The Company's exposure to market risks is changes to interest rates related to the Company's construction loans. The interest rates relative to the Company's construction loans fluctuate with the prime and Libor lending rates, both upwards and downwards.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of the Company's management, the ultimate disposition of these matters is not expected to have a material effect on the financial condition or results of operations of the Company.

ITEM 2. CHANGES IN SECURITIES
