The election of seven directors, each of whom will hold office until our Annual Meeting of Stockholders in 2009 and until his successor has been duly elected and qualified.

The ratification and approval of the appointment of [_____] as our independent registered public accounting firm for the fiscal year ending December 31, 2008.

The consideration and approval of a proposal to amend and restate our Amended and Restated Certificate of Incorporation.

You are entitled to vote at the meeting for some of our director nominees, on the proposal to ratify and approve the appointment of [_____] as our independent registered public accounting firm for the fiscal year ending December 31, 2008 and on the proposal to amend and restate our Amended and Restated Certificate of Incorporation if you were the holder of record of any shares of our Common Stock or Series A Convertible Preferred Stock at the close of business on March 7, 2008.

Our Board of Directors recommends that our stockholders vote FOR each nominated director for whom they are entitled to vote, FOR the ratification and approval of the appointment of [_____] as our independent registered public accounting firm for the fiscal year ending December 31, 2008 and FOR the proposal to amend and restate our Amended and Restated Certificate of Incorporation. Your vote is very important. If you do not expect to attend the Annual Meeting in person, please sign, date and complete the enclosed proxy and return it without delay in the enclosed envelope, which requires no postage if mailed in the United States. Mailing your completed proxy will not prevent you from later revoking that proxy and voting in person at the Annual Meeting. If you want to vote at the Annual Meeting but your shares are held by an intermediary, such as a broker or bank, you will need to obtain proof of ownership of your shares as of March 7, 2008 from the intermediary.

Voting In Person Or By Proxy

How Do I Vote My Shares of Stock?

You may vote your shares of Preferred Stock or Common Stock in person at the Annual Meeting or you may give us your proxy. We recommend you vote by proxy even if you plan to attend the Annual Meeting you can always change your vote at the Annual Meeting.

You can vote your shares of stock by proxy over the telephone by calling a toll-free number, electronically by using the Internet or through the mail by signing and returning the enclosed proxy card. We have set up telephone and Internet voting procedures for your convenience and designed these procedures to authenticate your identity, allow you to give voting instructions and confirm that your voting instructions have been properly recorded. Telephone and Internet voting of shares of our stock will be available 24 hours a day until Noon (Houston time) on April 28, 2008. If you would like to vote your shares of stock by telephone or by using the Internet, please refer to the specific instructions set forth on the enclosed proxy card.

How Are My Shares of Stock Voted If I Give You My Proxy?

If you give us your proxy to vote your shares of stock, we will be authorized to vote your shares of stock, but only in the manner you direct. You may direct us to vote for or withhold authority to vote for all, some or none of the General Nominees and, if you hold Preferred Stock, all, some or none of the Preferred Stock Nominees. You may also direct us to vote your shares of stock for or against the proposal to ratify and approve the appointment of [_____] (*[Auditor]*) as our independent registered public accounting firm for the fiscal year ending December 31, 2008 (the *[Auditor] Appointment*), and for or against the proposal to amend and restate our Amended and Restated Certificate of Incorporation (the *Proposed Charter Amendment*). You may also abstain from voting. If you give us your proxy to vote your shares of stock and do not withhold authority to vote for the election of any of the nominees, all of your shares of stock will be voted for the election of each General Nominee and, if you hold Preferred Stock, each Preferred Stock Nominee. If you withhold authority to vote your shares of stock for any nominee, none of your shares of stock will be voted for that candidate, but all of your shares of stock will be voted for the election of each General Nominee for whom you have not withheld authority to vote and, if you hold Preferred Stock, each Preferred Stock Nominee for whom you have not withheld authority to vote.

If you give us your proxy to vote your shares of stock but do not specify how you want your shares voted, all of your shares of stock will be voted in favor of each of the General Nominees and, if you hold Preferred Stock, each of the Preferred Stock Nominees, and all of your shares of stock will be voted in favor of the proposal to ratify and approve the [Auditor] Appointment and in favor of the Proposed Charter Amendment.

If you give us your proxy to vote your shares of stock and any additional business properly comes before our stockholders for a vote at the Annual Meeting, the persons named in the enclosed proxy card will vote your shares of stock on those matters as instructed by our Board or, in the absence of any express instructions, in accordance with their own best judgment. As of the date of this Proxy Statement, we were not aware of any other matter that will be raised at the Annual Meeting.

What If My Shares Are Held In Someone Else's Name?

If you want to vote at the Annual Meeting but your shares are held by an intermediary, such as a broker or bank, you will need to obtain proof of ownership of your shares as of March 7, 2008, or obtain a proxy to vote your shares from the intermediary.

Table of Contents

Why Did I Receive More Than One Proxy Card?

You may receive more than one proxy or voting card depending on how you hold your shares and the types of shares you own. If you hold your shares through someone else, such as a broker or a bank, you may receive materials from them asking you how you want your shares voted.

What Happens If a Nominee Becomes Unavailable?

If any of our director candidates becomes unavailable for any reason before the election, we may reduce the number of directors serving on our Board or a substitute candidate may be designated. We have no reason to believe that any of our director candidates will be unavailable. If a substitute candidate is designated for any of the Preferred Stock Nominees or the General Nominees, the persons named in the enclosed proxy card will vote your shares for such substitute if they are instructed to do so by our Board or, if our Board does not do so, in accordance with their own best judgment.

What If I Change My Mind After I Give You My Proxy?

You may revoke your proxy at any time before your shares of stock are voted at the Annual Meeting by providing us with either a new proxy with a later date (by any method available for giving your original proxy) or by sending us written notice of your desire to revoke your proxy at the following address: Sterling Chemicals, Inc., 333 Clay Street, Suite 3600, Houston, Texas 77002; Attention: Corporate Secretary. You may also revoke your proxy at any time prior to your shares of stock having been voted by attending the Annual Meeting in person and notifying either of the inspectors of elections of your desire to revoke your proxy. However, your proxy will not automatically be revoked merely because you attend the Annual Meeting.

Solicitation of Proxies and Expenses

We are asking for your proxy on behalf of our Board. We will bear the entire cost of preparing, printing and soliciting proxies. We will send proxy solicitation materials to all of our stockholders of record as of March 7, 2008, and to all intermediaries, such as brokers and banks, that held any of our shares on that date on behalf of others. These intermediaries will then forward solicitation materials to the beneficial owners of our shares and we will reimburse them for their reasonable forwarding expenses. Our directors, officers and employees may also solicit proxies in person or by telephone.

Proposals By Stockholders

Our Board does not intend to bring any other matters before the Annual Meeting and has not been informed that any other matters are to be presented by others. Our Bylaws contain several requirements that must be satisfied in order for any of our stockholders to bring a proposal before one of our annual meetings, including a requirement of delivering proper advance notice to us. Stockholders are advised to review our Bylaws if they intend to present a proposal at any of our annual meetings.

Stockholders wishing to submit proposals for inclusion in the proxy statement relating to our 2009 annual meeting of stockholders should follow the procedures specified below under the heading *Stockholder Proposals for Next Year's Annual Meeting*. Stockholders wishing to nominate directors for election at our 2009 annual meeting of stockholders should follow the procedures specified below under the heading *Director Nominations and Qualifications*.

Director Nominations and Qualifications

Our Corporate Governance Committee, in accordance with its Charter (a current copy of which is posted on our website at www.sterlingchemicals.com) and subject to the terms of our Amended and Restated Certificate of Incorporation (our *Certificate of Incorporation*) and our Bylaws, reviews candidates recommended by our stockholders for positions on our Board. Our Bylaws provide that any stockholder entitled to vote for the election of directors at a meeting of stockholders who satisfies the eligibility requirements (if any) set forth in our Certificate of Incorporation, and who complies with the procedures set forth in our Certificate of Incorporation and Bylaws, may nominate persons for election to our Board, subject to any conditions, restrictions and limitations imposed by our Certificate of Incorporation or our Bylaws. These procedures include a requirement that our Corporate Secretary receive timely written notice of the nomination, which, for our 2009 annual meeting of stockholders, means that the nomination must be received on or after November 30, 2008 but no later than January 29, 2009. Each nomination must include, in addition to any other information or matters required by our Certificate of Incorporation or our Bylaws, the following:

the name and address of the stockholder submitting the nomination, as they appear on our books;

the nominating stockholder's principal occupation and business and residence addresses and telephone numbers;

the number of shares of each class of our stock owned of record or beneficially by the nominating stockholder;

Table of Contents

the dates upon which the nominating stockholder acquired such shares and documentary support for any claims of beneficial ownership;

the exact name of the nominee and such person's age, principal occupation and business and residence addresses and telephone numbers;

the number of shares of each class of our stock (if any) owned directly or indirectly by the nominee;

the nominee's written acceptance of such nomination, consent to being named in the proxy statement as a nominee and statement of intention to serve as a director if elected; and

any other information regarding the nominee that would be required to be included in a proxy statement pursuant to rules of the Securities and Exchange Commission.

Nominations of directors may also be made by our Board or as otherwise provided in our Certificate of Incorporation, the Designation of Preferences, Rights and Limitations for our Preferred Stock or our Bylaws. Our Corporate Governance Committee uses the same process to evaluate a director candidate nominated by one of our stockholders as it uses to evaluate a director candidate nominated by our Board, in each case taking into account the restrictions, requirements and limitations contained in our Certificate of Incorporation, the Designation of Preferences, Rights and Limitations for our Preferred Stock, our Bylaws and any other agreements to which we are a party.

Our Corporate Governance Committee conducts appropriate inquiries into the background and qualifications of each director candidate. In determining whether it will recommend or support a particular candidate for a position on our Board, our Corporate Governance Committee considers those matters it deems relevant, which may include, but are not limited to, integrity, judgment, business specialization, technical skills, diversity, independence, potential conflicts of interest and the present needs of our Board. Under our Governance Principles (which are posted on our website at www.sterlingchemicals.com), our directors are expected to possess the highest personal and professional ethics, integrity and values, be committed to representing the long-term interests of our stockholders and be willing and able to devote sufficient time to carrying out their duties and responsibilities effectively. In addition, our directors are expected to be committed to serve on our Board for an extended period of time and not serve on the board of directors of any business entity that is competitive with us or on the board of directors of more than three other public companies (unless doing so would not impair the director's service on our Board). Our Corporate Governance Committee does not have a formal process for identifying nominees for directors.

Annual Report and Available Information

Our annual report on Form 10-K (including financial statements and the financial statement schedules but without exhibits) for our fiscal year ended December 31, 2007 (our Form 10-K) accompanies this Proxy Statement but does not constitute a part of our proxy solicitation materials. **We will furnish additional copies of our Form 10-K, without charge, to any person whose vote is solicited by this Proxy Statement upon written request to the following address: Sterling Chemicals, Inc., 333 Clay Street, Suite 3600, Houston, Texas 77002; Attention: Chief Financial Officer.** In addition, upon written request, we will furnish a copy of any exhibit to our Form 10-K to any person whose vote is solicited by this Proxy Statement upon payment of our reasonable expenses incurred in connection with providing the copy of the exhibit.

Table of Contents

Election of Directors
(Item 1 on the Proxy Card)

General Information

Our Board oversees our management, reviews our long-term strategic plans and exercises direct decision making authority in key areas. Each of our directors is elected annually to serve until our next annual meeting and until his or her successor is duly elected and qualified. Only non-employee directors are eligible to serve on our Audit Committee, our Compensation Committee and our Corporate Governance Committee.

All of our director candidates currently serve on our Board. We do not employ any of our current directors or any of our director candidates other than Richard K. Crump, who is our President and Chief Executive Officer. Mr. Crump was originally appointed to our Board in December of 2001. Messrs. Gildea and Haney were originally appointed to our Board on December 19, 2002. Our Board appointed Dr. Peter Ting Kai Wu as one of our directors on March 12, 2004 to fill a pre-existing vacancy on our Board. The holders of our Preferred Stock appointed Mr. Philip M. Sivin to our Board on July 28, 2004, Mr. Karl W. Schwarzfeld to our Board on March 10, 2006 and Mr. Steven L. Gidumal to our Board on November 10, 2006, in each case to fill vacancies in seats previously held by designees of the holders of our Preferred Stock.

Our Board held five meetings in 2007. On average, our directors attended approximately 98% of the meetings of our Board and any of our committees on which they served during 2007, with none of our directors attending less than 75% of such meetings. We do not have a specific policy regarding attendance by directors at annual meetings of our stockholders, but all of our directors are encouraged to attend if available. One of our directors, Mr. Richard K. Crump, attended our annual meeting of stockholders in 2007.

As discussed above in Arrangements Regarding Nomination and Election of Directors, the holders of our Preferred Stock, voting separately as a class, are currently entitled to elect a majority of our directors. All of our remaining directors are elected by the holders of our Preferred Stock and Common Stock, voting together as a single class. The procedures for these separate votes by the holders of our Preferred Stock and the holders of our Preferred Stock and our Common Stock (as a single class), together with information about the respective candidates, are presented below under the headings Preferred Stock Nominees and General Nominees.

Director Independence

Mr. Gildea and Dr. Wu are considered independent under the listing standards of the New York Stock Exchange. Each of Messrs. Gidumal, Haney, Schwarzfeld and Sivin are employed by Resurgence, which has beneficial ownership of a substantial majority of the voting power of our securities due to its investment and disposition authority over securities owned by its and its affiliates managed funds and accounts. As a result of this beneficial ownership, Resurgence is considered our affiliate under Securities and Exchange Commission guidelines and, consequently, Messrs. Gidumal, Haney, Schwarzfeld and Sivin may be considered not independent under the listing standards of the New York Stock Exchange. Mr. Sivin is also the son-in-law of Martin Sass, the Chief Executive Officer of Resurgence and of M.D. Sass Investors Services, Inc., the owner of Resurgence. Mr. Crump is our Chief Executive Officer and, consequently, is not independent under the listing standards of the New York Stock Exchange.

Table of Contents

Board Committees

Our Board has created various standing committees to help carry out its duties, including an Audit Committee, a Compensation Committee, a Corporate Governance Committee and an Environmental, Health & Safety Committee. Generally speaking, our Board Committees work on key issues in greater detail than would be possible at full Board meetings. Each of our Board Committees consults, from time to time, with outside experts concerning the performance of its duties. As part of its duties, our Corporate Governance Committee acts as our nominating committee.

Audit Committee

Our Audit Committee is currently comprised of two of our non-employee directors, Byron J. Haney (Chairman) and John W. Gildea, and met five times in 2007. Our Audit Committee operates under a written charter adopted by our Board, a current copy of which is posted on our website at www.sterlingchemicals.com, and is also an Exhibit to our Form 10-K. Our Audit Committee oversees our accounting and financial reporting processes and the audits of our financial statements, and monitors the qualifications, independence and performance of our internal and independent auditors. Our Audit Committee is directly responsible for the appointment, compensation and oversight of our independent external and internal auditors, and approves the audit, audit-related or tax services to be provided by these auditors, as well as all non-audit related services to be provided by our independent external auditors. In addition, our Audit Committee reviews our Form 10-K and Form 10-Q reports, our practices in preparing published financial statements and our internal and disclosure controls. Upon the recommendation of our Audit Committee, our Board adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers, a current copy of which is posted on our website at www.sterlingchemicals.com. This Code of Ethics, which applies to our Chief Executive Officer, our Chief Financial Officer, our Controller and anyone performing similar functions on our behalf, is administered by our Audit Committee and provides for the reporting of violations to our Audit Committee on a confidential and anonymous basis.

Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange for purposes of serving on our Audit Committee, while Mr. Haney may be considered not independent under these listing standards due to his employment by Resurgence. However, as Mr. Haney qualifies as a financial expert, as discussed below, our Board determined that it was appropriate to appoint Mr. Haney to our Audit Committee. Under the charter of our Audit Committee, each member of our Audit Committee must:

be independent of management and be free from any relationship that, in the opinion of our Board, would interfere with the exercise of his independent judgment;

have, in the opinion of our Board and in the opinion of each member of our Audit Committee, sufficient time available to devote reasonable attention to the responsibilities of our Audit Committee;

be financially literate (*i.e.*, have the ability to read and understand

Table of Contents

fundamental financial statements, including a balance sheet, income statement and statement of cash flows, and the ability to understand key financial risks and related controls and control processes); and

not simultaneously serve on the audit committee of more than three public companies.

In addition, at least one member of our Audit Committee must, in the opinion of our Board, be an audit committee financial expert or have accounting or related financial management expertise. Our Board has determined that Mr. Haney is an audit committee financial expert within the meaning ascribed to such term under the rules promulgated under the Sarbanes-Oxley Act of 2002, due to his education, training and employment as a certified public accountant, service as a member of the audit committee of other companies and other relevant experience acquired through his work at Resurgence and other companies.

*Compensation
Committee*

Our Compensation Committee is currently comprised of two of our non-employee directors, John W. Gildea (Chairman) and Steven L. Gidumal, and met once in 2007. Our Compensation Committee operates under a written charter adopted by our Board, a current copy of which is posted on our website at www.sterlingchemicals.com. Our Compensation Committee is responsible for discharging the compensation responsibilities of our Board, including:

reviewing and approving corporate goals and objectives relevant to compensation of our Chief Executive Officer, evaluating our Chief Executive Officer's performance in light of those goals and objectives and determining and approving our Chief Executive Officer's compensation level based on this evaluation;

determining and approving the compensation levels for our other executive officers;

making recommendations to our Board with respect to the adoption, amendment or termination of our incentive compensation plans and equity-based plans;

administering our compensation programs for executive officers (including bonus plans, stock option and other equity-based programs, deferred compensation plans and other cash or stock incentive programs);

reviewing and making recommendations to our Board with respect to other significant employee benefit programs; and

reviewing and approving our annual merit budget.

In addition, our Compensation Committee establishes the annual fees and meeting fees to be paid to our non-employee directors.

The roles of our executive officers and of consultants in determining compensation of our executive officers and directors, and the ability of the Compensation Committee to delegate its authority, is discussed under Compensation Discussion and Analysis.

Table of Contents

As discussed above, Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange, while Mr. Gidumal may be considered not independent under these listing standards due to his employment by and other relationships with Resurgence. Under the Charter of our Compensation Committee, each member of our Compensation Committee must be independent of management and be free from any relationship that, in the opinion of our Board, would interfere with the exercise of his independent judgment, and have, in the opinion of our Board and in the opinion of each member of our Compensation Committee, sufficient time available to devote reasonable attention to the responsibilities of our Compensation Committee.

*Corporate
Governance
Committee*

Our Corporate Governance Committee is currently comprised of two of our non-employee directors, Dr. Peter T.K. Wu (Chairman) and John W. Gildea, and met three times in 2007. Our Corporate Governance Committee operates under a written charter adopted by our Board, a current copy of which is posted on our website at www.sterlingchemicals.com. Our Corporate Governance Committee considers all matters related to our corporate governance. In discharging its duties, our Corporate Governance Committee makes recommendations to our Board with respect to changes to our Certificate of Incorporation, Bylaws, committee structure and corporate governance guidelines, reviews all stockholder proposals, considers questions of independence of our Board members and possible conflicts of interest, reviews succession plans relating to positions held by our senior executive officers and reviews our insurance and indemnity arrangements for our directors and officers. Our Corporate Governance Committee also provides oversight with respect to the establishment of and adherence to corporate compliance programs, codes of conduct and other policies and procedures concerning our business and our compliance with all relevant laws.

Our Corporate Governance Committee also acts as our *nominating committee*. In this capacity, our Corporate Governance Committee considers, recommends and recruits candidates to fill new or vacant positions on our Board and conducts inquiries into the backgrounds and qualifications of possible candidates for positions on our Board (unless any person or entity has the power to designate the individual to fill such position under our Certificate of Incorporation, any contract to which we are a party or the terms of any series of our preferred stock). As more fully described in *Directors, Nominations and Qualifications*, our Corporate Governance Committee, in accordance with its Charter and subject to the terms of our Certificate of Incorporation and Bylaws, reviews candidates recommended by our stockholders for positions on our Board.

As discussed above, Mr. Gildea and Dr. Wu are considered independent under the listing standards of the New York Stock Exchange. Under the Charter of our Corporate Governance Committee, each member of our Corporate Governance Committee must be independent of management and

be free from any relationship that, in the opinion of our Board, would interfere with the exercise of his independent judgment, and have, in the opinion of our Board and in the opinion of each member of our Corporate Governance Committee, sufficient time available to devote reasonable attention to the responsibilities of our Corporate Governance Committee.

*Environmental,
Health
& Safety Committee*

Our Environmental, Health & Safety Committee is currently comprised of two of our directors, Richard K. Crump (Chairman) and Dr. Peter T.K. Wu, and met twice in 2007. Our Environmental, Health & Safety Committee establishes policies, practices and procedures for employee safety and health, environmental protection and product safety to ensure that our operations are conducted in compliance with environmental laws, rules, regulations, permits and licenses. Our Environmental, Health & Safety Committee also conducts ongoing environmental planning activities and makes recommendations to our Board concerning the selection of external environmental auditors, including their compensation and the proposed terms of their engagement.

Compensation Committee Interlocks and Insider Participation.

During 2007, Messrs. Gildea and Gidumal served on our Compensation Committee. Neither of these directors has ever been one of our officers or employees. Outstanding Shares

On March 7, 2008, there were 4,792.635 shares of our Preferred Stock outstanding (currently convertible into 4,792,635 shares of our Common Stock at the option of the holders), none of which were owned by us or any of our subsidiaries.

Votes Needed

Each share of our Preferred Stock has the right to cast one vote for each of the Preferred Stock Nominees. Directors are elected by a plurality and the four Preferred Stock Nominees who receive the most votes cast by the shares of our Preferred Stock will be elected to our Board. Under this format, abstentions and broker non-votes will not affect the outcome of the election.

Designation of Nominees

Under the Restated Certificate of Designations, Preferences, Rights and Limitations of our Preferred Stock, the holders of our Preferred Stock, voting separately as a class, are entitled to elect a percentage of our directors determined by the aggregate amount of shares of our Preferred Stock and Common Stock beneficially owned by Resurgence and certain permitted transferees. Currently, the holders of our Preferred Stock are entitled to elect at least a majority of our directors. Each year, the holders of our Preferred Stock send us a designation of the individuals that these holders would like us to include in our proxy statement as nominees for the director seats for which they are entitled to vote.

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Our senior executive compensation program is designed to motivate, reward and retain the management talent needed to achieve our business goals and maintain a leadership position in the petrochemicals industry. Under our program, a significant portion of the potential compensation of our senior executives is dependent on our financial performance and increased stockholder value. Our program offers our senior executives salary levels and compensation incentives designed to:

attract, motivate and retain talented and productive executives;

recognize individual performance and our overall corporate performance relative to the performance of our competitors and other companies of comparable size; and

support our short-term and long-term goals.

We believe that this approach ensures an appropriate link between the compensation of our senior executives and the accomplishment of our goals and our stockholders' objectives.

Processes and Procedures for Determining Compensation

Our Compensation Committee is responsible for discharging the primary compensation responsibilities of our Board, and has the authority to determine and approve the compensation paid to each of our senior executive officers, including the Named Executive Officers (as defined below). Our Compensation Committee also administers our compensation programs for our senior executive officers (including bonus plans, stock option and other equity-based programs, deferred compensation plans and other cash or stock incentive programs), and makes recommendations to our Board with respect to whether any of those plans should be changed or terminated, or whether new plans should be adopted. The charter for our Compensation Committee does not contemplate any delegation by our Compensation Committee, or any of its members, of the duties delegated by our Board to our Compensation Committee.

Our Compensation Committee uses a number of sources to determine the compensation paid to each of our senior executives. One of the primary sources of information used by our Compensation Committee is data from independent compensation consultants. The extent of data received from these consultants varies from year to year. Once every several years, an in-depth analysis of each element of our senior executive compensation program, as well as the overall compensation paid to each of our senior executives, is performed by an independent consulting firm. Historically, this analysis was performed in tandem with similar analyses performed for all our salaried employees by the same compensation consulting firm directly engaged by us rather than our Compensation Committee. However, in January of 2007, our Compensation Committee directly engaged The Hay Group, Inc., a different firm from that engaged by us to review our compensation program for our other salaried employees, to perform an in depth analyses of our senior executive compensation program. In those years when an in-depth analysis is performed, the compensation consulting firm issues a final report to our Compensation Committee that provides its view of the appropriateness of the compensation paid to each of our senior executives and the appropriateness of our senior executive compensation program as a whole. The compensation consulting firm also typically makes several recommendations for changes to our program. This report and analysis provides our Compensation Committee with the ability to compare our senior executive compensation program to those offered by other chemical manufacturers and a select group of non-chemical companies of comparable size and performance, and determine whether the compensation paid to each of our senior executives is both competitive and reasonable in relation to the duties required of that executive. Our Compensation Committee does not, however, compare our

Table of Contents

compensation program against the compensation offered by all of the companies included in the S&P Chemicals Index used in the Performance Graph contained in our Form 10-K because many of those companies are not considered to be our competitors, either in the market for our products or for executive talent.

In the years falling in between these more in-depth analyses, the head of our Human Resources and Administration Department (currently Mr. Hale, one of our Named Executive Officers) provides our Compensation Committee with summary market data from several compensation consulting firms. Our Compensation Committee uses this data to assess general trends in the levels of base salaries paid to senior executives in our industry, in our geographic locale and in the United States as whole. The compensation consulting firms from whom summary market data is obtained may vary from year to year. For example, in 2006, our Compensation Committee received summary market data from The Hay Group, Inc., Hewitt Associates, Inc., Business and Legal Reports, Inc. and Mercer Human Resource Consulting LLC, while for 2008 our Compensation Committee received summary market data from Hewitt Associates, Inc., World at Work, Sibson Consulting, Salary.com, Mercer Human Resources Consulting, LLC and Buck Consultants. After reviewing the summary market data, our Compensation Committee determines an overall budget for increases in the base salaries of our senior executives as a group. Once this overall budget is established, our Compensation Committee confers with our Chief Executive Officer to discuss the performance of each of our senior executives and, following that discussion, our Compensation Committee determines the amount of increase in base salary for each of our senior executives, including our Chief Executive Officer.

Total Compensation

The major components of our senior executive compensation program are base salary, annual incentive compensation and stock-based compensation, in addition to a few perquisites and other personal benefits to our senior executives, such as group life insurance. In addition, we maintain a 401(k) plan for all of our employees, and currently match the contributions into our 401(k) Plan made by each of our salaried employees, on a dollar-for-dollar basis, up to 6% of the participant's base salary. We also provide all of our senior executives with post-employment compensation in the form of our salaried employees' pension plan and our Key Employee Protection Plan. However, benefit accruals under our salaried employees' pension plan were frozen as of January 1, 2005. Our Compensation Committee seeks to set base salaries for our senior executives at competitive rates, and also provides annual compensation opportunities linked to both our financial performance and the individual's performance in each year and long-term stock-based compensation opportunities linked to our overall financial performance over an extended period. We believe that focusing executive compensation on variable incentive pay helps us meet our performance goals and enhances long-term stockholder value. In 2007, we did not pay any non-equity incentive compensation under our Bonus Plan, although we did pay discretionary bonuses to our senior executives, which averaged about 32% of the total cash compensation paid to our senior executives (excluding Mr. Vanderhoven, who retired on May 1, 2007, and, consequently, was not paid a discretionary bonus).

Base Salaries

Under our compensation program, we place lower emphasis on fixed compensation for our senior executives and position their base salaries at industry levels. Initially, each executive's base salary is set at a level intended to reflect that executive's experience, level of responsibility, job classification and competence. Dramatic changes in base salaries are uncommon and typically only occur if needed to adjust for market movements, promotions or significant changes in responsibility or individual performance. Each year, our Compensation Committee determines the amount of increases in the base

Table of Contents

salaries of our senior executives. Once every several years, an in-depth analysis of each element of our senior executive compensation program, including base salaries, is performed by an independent consulting firm. In those years, our Compensation Committee receives a report from the compensation consulting firm that includes an analysis of an appropriate range for the base salary of each of our senior executives. Depending on the results of the analysis, our Compensation Committee may elect to make a significant increase, or make a lower than expected increase, in the base salary of one or more of our senior executives in that year in order to align that executive's base salary with the market rate for the position in question. In all other years, our Compensation Committee establishes an overall budget for increases in the base salaries of our senior executives as a group. Once this overall budget is established, our Compensation Committee confers with our Chief Executive Officer to discuss the performance of each of our senior executives and, following that discussion, our Compensation Committee determines the increase in base salary for each of our senior executives, including our Chief Executive Officer.

As noted above, in January of 2007, our Compensation Committee directly engaged The Hay Group, Inc. to perform an in-depth analyses of our senior executive compensation program. The report prepared by The Hay Group, Inc. indicated that each of our Named Executive Officers was earning total compensation in excess of the average total compensation earned by similar executives at the companies that The Hay Group, Inc. used for comparison purposes. However, our Compensation Committee was of the opinion that the report by The Hay Group, Inc. had placed undue emphasis on the valuation for stock options granted in 2003 (and, in one case, 2004) and elected to grant raises in base salaries to Messrs. Hale, Rostek and Treybig. Our Compensation Committee felt that the valuation of stock options was given too much weight because our practice of making one large grant of stock options to each of our Named Executive Officers, rather than annual grants, artificially skewed the compensation expense reported for the year of the grant. For 2008, our Compensation Committee received summary market data from Hewitt Associates, Inc., World at Work, Sibson Consulting, Salary.com, Mercer Human Resources Consulting, LLC and Buck Consultants and, on February 8, 2008, our Compensation Committee approved increases in the annual base salaries (effective as of March 1, 2008) of each of our Named Executive Officers consistent with the market data it reviewed. The following table sets forth the existing and new annual base salary levels for each of our Named Executive Officers:

	2007	2008
Richard K. Crump	\$390,000	\$405,000
John R. Beaver	205,000	223,250
Kenneth M. Hale	234,000	243,500
Paul C. Rostek	221,750	230,750
Walter B. Treybig	204,750	213,000

Annual Incentive Compensation

In addition to base salaries, our senior executives and other qualified employees can earn additional cash incentive compensation each year under our Bonus Plan. The additional compensation available under this plan is intended to reward the achievement of annual corporate financial goals and personal performance. Under our Bonus Plan, the amount paid to each of our salaried employees, including our Named Executive Officers, is based on our EBITDA and the employee's *Bonus Target* (which is a percentage of his or her base salary), with 50% of that amount being subject to adjustment based on the employee's performance during the year. Mr. Crump's Bonus Target is 100% and the Bonus Target of each of our other Named Executive Officers is 40% (other than Mr. Vanderhoven, who retired on May 1, 2007, and previously had a Bonus Target of 50%). If we attain our threshold level of EBITDA (\$35 million of EBITDA) in any calendar year, each of our salaried employees, including our Named Executive Officers, is entitled to a bonus of up to 50% of their Bonus Target. If we attain our

Table of Contents

target level of EBITDA (\$70 million of EBITDA) in any calendar year, each of our salaried employees is entitled to a bonus of up to 100% of their Bonus Target. Finally, if we attain our maximum level of EBITDA (\$140 million of EBITDA) in any calendar year, each of our salaried employees is entitled to a bonus of up to 200% of their Bonus Target. No additional amounts are payable under our Bonus Plan for exceeding \$140 million of EBITDA in any calendar year. If our EBITDA is between any of the specified levels, the maximum payment under the Bonus Plan for each salaried employee is pro-rated between the two levels on a straight-line basis. For example, if we attained \$52.5 million in EBITDA in a year, each of our salaried employees would be entitled to a bonus of up to 75% of their Bonus Target. EBITDA, which we define as income/(loss) before tax, interest expense (net), depreciation, amortization and write-downs is a non-GAAP measure we use as an approximation of cash flow from operations before tax. Our definition of EBITDA may differ from that of other companies. [Our Compensation Committee is currently considering revising the manner in which bonuses are earned under our Bonus Plan to reflect our exit from the styrene business, although no determination has been made as to what, if any, changes will be made.]

Our Bonus Plan is administered by our Compensation Committee, who determines the amount of annual incentive compensation paid to each of our senior executive officers, including the Named Executive Officers, in those years when we achieve the minimum level of financial performance required for a payment under our Bonus Plan. In evaluating an individual's performance, our Compensation Committee relies, to some extent, on the assessment by our Chief Executive Officer of that individual. The maximum amount payable under our Bonus Plan for any year is not determined until the audit of our financial statements has been completed and our Form 10-K for that year has been approved by our Audit Committee and our Board. Generally, a senior executive must still be employed by us at the time the bonus is paid in order to receive a bonus payment. We believe that the potential to earn above market bonuses in any given year helps us attract, motivate and retain talented and productive senior executives and supports our short-term goals for that year. In addition, by requiring minimum levels of financial performance in order to earn a bonus under our Bonus Plan, and making 50% of the maximum bonus payable dependent upon individual performance, we believe that our Bonus Plan provides an effective tool for recognizing both individual performance and our overall corporate performance.

On January 27, 2006, our Compensation Committee amended our Bonus Plan to provide our salaried employees the ability to earn a bonus based on their individual performance, irrespective of our financial performance during the year. However, if a bonus is paid based on achieving our financial performance targets, no additional bonus is paid under this provision of our Bonus Plan. Our Compensation Committee considered a variety of factors before electing to make this change to our Bonus Plan, including the marked increase in compensation paid to, and intense competition to attract and retain, employees in the petrochemicals and oil and gas industries resulting from the dramatic increase in oil prices over the last several years and the reconstruction efforts following Hurricane Katrina. Our Chief Executive Officer and our four Senior Vice Presidents are excluded, however, from this new portion of our Bonus Plan. Whether a bonus is paid to our Chief Executive Officer or any of our Senior Vice Presidents in any year when we do not attain the minimum financial performance required for a payment under our Bonus Plan, and if so, the amount to be paid, is determined by our Compensation Committee at that time based upon its review of their individual performance during the year in question.

For 2007, we did not achieve the threshold level of EBITDA required for the payment of a bonus under our Bonus Plan. However, on February 8, 2008, our Compensation Committee authorized the payment of discretionary bonuses to each of our Named Executive Officers in recognition of their significant efforts during 2007 in connection with, among other things, successfully refinancing our long-term indebtedness in March of 2007, successfully consummating the long-term exclusive styrene supply agreement between us and NOVA Chemicals Inc. in November of 2007 and achieving significant

Table of Contents

progress in the pursuit of numerous strategic transactions designed to more fully utilize the infrastructure at our Texas City facility. The following table sets forth the amount of bonuses paid to our Named Executive Officers:

Richard K. Crump	\$ 390,000
John R. Beaver	82,000
Kenneth M. Hale	118,600
Paul C. Rostek	88,700
Walter B. Treybig	81,900

Our Compensation Committee also authorized the payment of discretionary bonuses to each of our named Executive Officers on February 24, 2006, even though we did not attain the minimum level of EBITDA in 2005 required for the payment of a bonus under our Bonus Plan. The discretionary bonuses were paid to our Named Executive Officers to reward them for achieving our goal of reducing fixed costs by at least \$20 million during 2005.

In evaluating the amounts of bonuses paid to each of our Named Executive Officers for each year, whether they were paid under our Bonus Plan or were discretionary, our Compensation Committee and our Board considered numerous factors, including, among others, his influence in the development and implementation of the results obtained in connection with the refinancing of our long-term indebtedness, our long-term exclusive styrene supply agreement with NOVA Chemicals Inc. and our cost reduction strategies, his performance in driving results, his dedication to and participation in maintaining an ethical culture and his responsibility for maintaining high standards for environmental, health and safety performance. In addition, in setting these bonus amounts, our Compensation Committee gave due regard to its philosophy that our management team functions as a team and that our success is dependent on the efforts of all of the members of our senior management as a group.

Stock-Based Compensation

Under the stock-based portion of our senior executive compensation program, our senior executives and other key employees are eligible for awards of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock awards, performance awards and phantom stock awards under our 2002 Stock Plan. Our Compensation Committee or our full Board determines the terms and amounts of each award granted under our 2002 Stock Plan based upon a variety of factors, including:

the recipient's level of responsibility and job classification;

the recipient's job performance;

the recipient's present and potential contributions to our long-term success; and

the extent that the base salary of the recipient is below industry levels based on the compensation survey described above.

The primary purpose of our stock-based compensation program is to provide our senior executives and other key employees with incentives to concentrate on our performance over the long term. We believe that stock-based compensation is an appropriate and effective method for aligning the interests of our senior executives with our long-term goal of maximizing stockholder value because our senior executives will not receive any benefit from this form of compensation unless our overall value, based on stock prices, increases over time.

Our Compensation Committee or our Board specifies the number of shares covered by each award under our 2002 Stock Plan and the associated vesting schedule. A three-year vesting schedule has been used for all awards that have been granted under our 2002 Stock Plan. We believe that this length of

Table of Contents

vesting schedule provides an incentive to our senior executives to increase stockholder value over time, since the full benefit of the awards cannot be realized unless there is appreciation in stock value over a number of years. While we impose a three-year vesting schedule, options granted under our 2002 Stock Plan become fully exercisable in the event of the optionee's termination of employment by reason of death, disability or retirement, or in the event of a change of control, which includes the acquisition of beneficial ownership by any person (other than Resurgence and its affiliates) of at least 50% of our outstanding common stock or at least 50% of the combined voting power of all our outstanding securities entitled to vote generally in the election of directors, (ii) the sale, lease, exchange or transfer of substantially all of our properties and assets or (iii) our merger or consolidation with another entity if the holders of our existing voting securities own less than a majority of the voting securities of the surviving entity.

Historically, only one grant of awards under our 2002 Stock Plan has been made to any individual. Our 2002 Stock Plan was authorized and established on December 19, 2002, when we emerged from bankruptcy protection under Chapter 11 of the Bankruptcy Code. Shortly thereafter, on February 11, 2003, our Compensation Committee and our Board made an initial grant of stock options to our executive officers and certain other employees in amounts our Compensation Committee felt were adequate to provide the appropriate incentives and achieve the desired alignment with the long-term interests of our stockholders. Our Compensation Committee has only approved one additional grant of any award under our 2002 Stock Plan since that time, which grant was made on November 5, 2004 in connection with Mr. Rostek being promoted to our Senior Vice President - Commercial so that his overall compensation and incentives would be aligned with those of our other Named Executive Officers. All of the outstanding options held by our Named Executive Officers have vested and are exercisable. No option may be exercised after the tenth anniversary of the date of grant or the earlier termination of the option. All options have been granted with an exercise price at or above the fair market value of a share of our common stock on the date of grant.

We do not have any program, plan or practice in place for selecting grant dates for awards under our 2002 Stock Plan in coordination with the release of material non-public information. With one exception, all of the awards under our 2002 Stock Plan were granted on February 11, 2003, at the first meeting of our new Board following our emergence from bankruptcy in December of 2002. The other award was granted in connection with the promotion of Mr. Rostek to our Senior Vice President - Commercial. Each of these awards was a grant of non-qualified stock options to acquire shares of our common stock at an exercise price of \$31.60 per share. Our Board based the exercise price for each of these awards on an approximation of the amount invested by our new stockholders in connection with our emergence from bankruptcy. That amount was far in excess of the trading price of a share of our common stock on the over-the-counter market on each of the two grant dates. Neither our Board nor our Compensation Committee is prohibited from granting options at times when they are in possession of material non-public information. However, no inside information was taken into account in determining the number of options previously awarded or the exercise price for those awards, and we did not time the release of any material non-public information to affect the value of those awards.

Under our Code of Ethics and Conduct, all of our employees, including each of the Named Executive Officers and directors, are prohibited from directly or indirectly purchasing or selling any of our securities while they are in possession of material inside information, communicating any material inside information to others who may trade in our securities or recommending to others that they purchase or sell any of any securities while they are in the possession of material inside information. Generally, all of our directors, officers and members of senior management are required to pre-clear all sales and purchases of our securities through our Legal Department. Our other employees only need to pre-clear sales and purchases of our securities that are intended to take place outside a window period through our Legal

Table of Contents

Department. For this purpose, the only window periods are the 30-day period commencing one week after our annual report has been mailed to stockholders and the 15-day period beginning on the third business day following the official release of our quarterly or annual financial results. Notwithstanding the foregoing policies, our General Counsel may, with the approval of our Corporate Governance Committee, exempt any director from these pre-clearance procedures if our General Counsel reasonably believes that such director possesses adequate sophistication and access to legal advisors to make his or her own determination of whether a given sale or purchase of our securities is otherwise in compliance with these policies. Our General Counsel and our Corporate Governance Committee have exempted all of our directors who are employed by Resurgence from these pre-clearance procedures. Our Code of Ethics and Conduct also discourages in-and-out trading in our securities and prohibits any of our directors, officers or employees from engaging in short sales or sales against the box of any of our securities or trading in puts, calls or options, in each case, unless approved by a majority of the disinterested members of our Board.

Tax Treatment

Our Compensation Committee considers the anticipated tax treatment of our executive compensation program when setting levels and types of compensation. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation paid to a company's chief executive officer or any of its other four most highly compensated executive officers in excess of \$1 million in any year, with certain performance-based compensation being specifically exempt from this deduction limit. In 2007, none of our employees subject to this limit received compensation in excess of \$1 million. Consequently, the requirements of Section 162(m) should not affect the tax deductions available to us in connection with our senior executive compensation program for 2007.

Summary Compensation Table

The following table shows certain information regarding the compensation we paid each individual who served as our Chief Executive Officer or our Chief Financial Officer (or acted in a similar capacity during 2007) and our other three most highly compensated executive officers during 2007 (collectively, our Named Executive Officers) for fiscal years ended December 31, 2007, December 31, 2006 and December 31, 2005, respectively. In 2007, base salaries accounted for approximately [61.27]% of the total cash compensation paid to our Named Executive Officers.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers, including each of our Named Executive Officers. These indemnification agreements require us to, among other things, indemnify these individuals against certain liabilities that may arise in connection with their status or service as one of our directors or executive officers and to advance their expenses incurred as a result of any proceeding for which they may

be entitled to indemnification. These indemnification agreements are intended to provide indemnification rights to the fullest extent permitted

under the General Corporation Law of the State of Delaware and are in addition to any other rights these individuals may have under our organizational documents or applicable law. We believe that these indemnification agreements enhance our ability to attract and retain knowledgeable and experienced directors and executive officers.

Grants of Plan-Based Awards

None of our Named Executive Officers were granted any equity incentive plan awards, other stock awards or other option awards in 2007 under our 2002 Stock Plan discussed above in Compensation Discussion & Analysis, or otherwise. The following table provides information with respect to each grant of an award made to a Named Executive Officer in 2007 under our Bonus Plan.

As noted below under Non-Equity Incentive Plan Information Bonus Plan, we did not exceed the threshold level of EBITDA required for a payment under our Bonus Plan in 2007. However, on February 8, 2008, our Compensation Committee did authorize the payment of discretionary bonuses to each of our Named Executive Officers (other than Mr. Vanderhoven, who retired on May 1, 2007).

Non-Equity Incentive Plan Information Bonus Plan

As discussed above in Compensation Discussion & Analysis, we maintain a Bonus Plan that pays additional compensation to our salaried employees in the form of a cash bonus. The amount of additional incentive compensation available under our Bonus Plan is based on our EBITDA and formulae set for the individual's job classification (with individuals having greater management responsibility having the opportunity to earn larger percentages). Payments under our Bonus Plan are also impacted by individual performance, with 50% of the maximum bonus amount that can be earned by each senior executive being subject to adjustment based on that executive's performance during the year. If a bonus is earned under our Bonus Plan in any year, the bonus is paid after the audit of our financial statements for that year has been completed.

We did not exceed the threshold level of EBITDA required for a payment under our Bonus Plan in 2007. However, on February 8, 2008, our Compensation Committee authorized the payment of discretionary bonuses to each of our Named Executive Officers (other than Mr. Vanderhoven, who retired on May 1, 2007) in recognition of their significant efforts during 2007 in connection with, among other things, successfully refinancing our long-term indebtedness in March of 2007, successfully consummating the long-term exclusive styrene supply agreement between us and NOVA Chemicals Inc. in November of 2007 and achieving significant progress in the pursuit of numerous strategic transactions

Equity Incentive Plan Information 2002 Stock Plan

Under our 2002 Stock Plan, our Board or Compensation Committee may issue stock options, stock awards, stock appreciation rights or stock units to our senior executives, other key employees and consultants. Our 2002 Stock Plan is administered by our Board, in consultation with our Compensation Committee, and may be amended or modified from time to time by our Board. Our Board or our Compensation Committee determines the exercise price of stock options, any applicable vesting provisions and the other terms and provisions of each award granted under our 2002 Stock Plan. Options granted under our 2002 Stock Plan become fully exercisable in the event of the optionee's termination of employment by reason of death, disability or retirement, and may become fully exercisable in the event of a change of control. For purposes of our 2002 Stock Plan, a change of control means:

the acquisition of beneficial ownership by any person (other than Resurgence and its affiliates) of at least 50% of our outstanding common stock or at least 50% of the combined voting power of all our outstanding securities entitled to vote generally in the election of directors;

the sale, lease, exchange or transfer of substantially all of our properties and assets; or

our merger or consolidation with another entity if the holders of our existing voting securities own less than a majority of the voting securities of the surviving entity.

In no event can any option be exercised after the tenth anniversary of the date of grant or the earlier termination of the option. We have reserved 363,914 shares of our Common Stock for issuance under our 2002 Stock Plan (subject to adjustment).

Under our 2002 Stock Plan, we have granted awards on only two occasions. On February 11, 2003, we granted options to purchase an aggregate of 326,000 shares of our Common Stock, at an exercise price of \$31.60 per share, to our senior executives and certain of our other key employees, all of which vested over the next three years in three equal installments. On November 5, 2004, we granted options to purchase 27,500 shares of our Common Stock, at an exercise price of \$31.60 per share, to Mr. Rostek in connection with his promotion to Senior Vice President Commercial. Mr. Rostek's stock options also had a three-year vesting schedule, with the final installment vesting on November 5, 2007. As of December 31, 2007, of the options awarded under our 2002 Stock Plan, 15,833 of those options had been exercised and 92,167 of those options had lapsed or expired without being exercised.

The following table provides information regarding securities authorized for issuance under our 2002 Stock Plan as of December 31, 2007:

Our Plan of Reorganization provides that, without any further act or authorization, confirmation of our Plan of Reorganization and entry of the confirmation order is deemed

to satisfy all applicable federal and state law requirements and all listing standards of any securities exchange for approval by the board of directors or the stockholders of our 2002 Stock Plan. No additional stockholder approval of our 2002 Stock Plan has been obtained.

Table of Contents*Pension Plans*

Salaried Employees Pension Plan. When we were formed in 1986, we established our defined benefit Salaried Employees Pension Plan as a component of our overall compensation program in recognition of the contributions of our employees to our operations, and as a tool for encouraging employee retention by providing a method for ensuring adequate income during retirement. Most of our salaried employees, including each of our Named Executive Officers, participate in our Salaried Employees Pension Plan. However, effective as of January 1, 2005, we amended our Salaried Employees Pension Plan to cease further benefit accruals for all of the participants. Under the amendments, the Credited Service we use in the calculation of each employee's pension was frozen at the number of years of Credited Service he or she had earned as of January 1, 2005. In addition, the Average Earnings we use in the calculation of each employee's pension (discussed in detail below) was frozen at his or her average monthly earnings calculated as of January 1, 2005. The Vesting Service we use to determine eligibility for benefits and to calculate the amount of any early retirement penalty was not frozen and continues to accrue at the same rate and manner as it did prior to the amendment. At the time we froze benefit accruals under our Salaried Employees Pension Plan, we also increased our match of each participant's contributions into our 401(k) Plan to 100% of his or her contributions into our 401(k) plan, up to 6% of his or her base salary.

Prior to the time we froze benefit accruals under our Salaried Employees Pension Plan, each participant was granted one year of Credited Service for each year in which he or she worked at least 1,000 hours. A participant that worked less than 1,000 hours in a given year was given a partial year of Credited Service based on the number of hours worked in that year. In order to be entitled to any payments under our Salaried Employees Pension Plan, a participant must have at least five years of Vesting Service. Currently, an eligible participant that retires at age 65 (or, if later, after attaining five years of Vesting Service) is entitled to a monthly payment equal to the greater of:

if he or she worked at Monsanto Company prior to April 1, 1986 and was employed by us as of September 30, 1986, 1.4% of his or her Average Earnings *times* his or her number of years of Credited Service;

1.2% of his or her Average Earnings *times* his or her number of years of Credited Service *plus* 0.45% of his or her average monthly earnings in excess of the average taxable wage bases under Section 230 of the Social Security Act) *times* the lesser of 35 and his or her number of years of Credited Service; and

if he or she was employed by us prior to June 1, 1996, \$35 *times* his or her number of years of Credited Service.

Mr. Vanderhoven is receiving monthly payments under the first and third bullet points above. Upon their retirement and reaching at least age 55, Messrs. Crump, Beaver, Hale, Rostek and Treybig will be entitled to receive monthly payments under the second bullet point above and Messrs. Crump, Beaver, Rostek and Treybig will be entitled to receive monthly payments under the third bullet point above.

A participant under our Salaried Employees Pension Plan may elect to receive his or her pension payment from a slate of several options. These options include a single life annuity, a 100% joint and survivor annuity, a 75% joint and survivor annuity, a 50% joint and survivor annuity, a 25% joint and survivor annuity, a pop-up 100% joint and survivor annuity, a pop-up 75% joint and survivor annuity, a pop-up 50% joint and survivor annuity, a pop-up 25% joint and survivor annuity, a ten-year certain and life annuity and a social security adjustment annuity.

Table of Contents

We do not have an official policy with respect to granting extra years of Credited Service under our Salaried Employees Pension Plan. We did, however, grant past service credit under our Salaried Employees Pension Plan to our employees who had previously worked for Monsanto Company when we acquired our Texas City, Texas facility from Monsanto Company in 1986, and to our employees who had previously worked for Albright & Wilson when we acquired our former pulp chemicals business from Albright & Wilson in 1992. We have not granted any extra years of Credited Service (in the form of past service credit or otherwise) since 1992 and, given the frozen status of our Salaried Employees Pension Plan, we do not expect to grant any service credit to anyone in the future.

Under our Salaried Employees Pension Plan, a participant's *Average Earnings* is the average monthly earnings received by the employee during the three-year period ending December 31, 2004 or, if larger, the average monthly earnings received by the employee during the three years in which the employee was paid the most during the five year period ending December 31, 2004. For purposes of our Salaried Employees Pension Plan, earnings are, for the most part, limited to base pay, with amounts paid to the participant as a bonus, commission or other incentive plan payment and amounts paid by us for insurance or other welfare or benefit plans not taken into account. In any case, however, a participant's Average Earnings is capped based on certain limitations imposed under the Internal Revenue Code. These limitations, as of the time we ceased benefit accruals under our Salaried Employees Pension Plan, effectively limit the amount payable to a participant under our Salaried Employees Pension Plan to the amount of benefit he or she would have received if his or her Average Earnings were \$201,667. In addition, for those participants who were given past service credit for employment with Monsanto Company or Albright & Wilson, the monthly payment under our Salaried Employees Pension Plan is reduced by the amount of his or her accrued benefit payable under the pension plans maintained by those employers.

A participant who has at least five years of Vesting Service, which includes all of our Named Executive Officers, may retire and receive payments under our Salaried Employees Pension Plan at any time after he or she reaches 55 years of age. However, the monthly payment made to that participant is reduced by 0.25% times the number of months remaining before his or her normal retirement date unless the Participant's age plus years of Vesting Service equals at least 80. Mr. Crump is our only Named Executive Officer who meets this criteria. If a participant retires directly from active employment between the ages of 55 and 62, he or she is also entitled to a retirement supplement in the amount of \$4 times his or her years of Vesting Service. In addition, effective as of January 1, 2008, each participant in our Salaried Employees Pension Plan may, once he or she has attained 62 years of age and has at least five years of Vesting Service, elect to take early retirement while continuing to work for us (*In-Service Retirement*). Under the In-Service Retirement option, a participant's monthly benefit is determined in the same manner as if he or she had actually retired on that date. Mr. Crump is the only one of our Named Executive Officers who is eligible for In-Service Retirement at this time, although he has not elected to take In-Service Retirement.

A participant in our Salaried Employees Pension Plan may also receive the equivalent of an undiscounted pension payment prior to reaching normal retirement age if he or she has at least 2-1/2 years of Vesting Service and his or her employment ends prior to his or her normal retirement date due to a long-term disability. The participant may not, however, receive this payment under our Salaried Employees Pension Plan if he or she is also receiving payments under our long-term disability plan.

Pension Benefit Equalization Plan. Each of our salaried employees who is eligible to participate in our Salaried Employees Pension Plan is also eligible to participate in our Pension Benefit Equalization Plan. Our Pension Benefit Equalization Plan pays additional benefits to employees whose benefits under

Table of Contents

our Salaried Employees Pension Plan are limited as a result of specified limitations included in the Internal Revenue Code. The amount of benefits payable under our Pension Benefit Equalization Plan is designed to eliminate the effect of these limitations on the aggregate annual pension benefits payable to the participants, but not provide any additional benefits beyond that amount. These benefits are generally payable at the times we pay benefits under our Salaried Employees Pension Plan. Effective as of January 1, 2005, we amended our Pension Benefit Equalization Plan to cease benefit accruals for all participants.

Supplemental Employee Retirement Plan. Each of our employees who is a part of management or is considered highly compensated, and is subject to limitations on the amount of pension plan benefits he or she may receive under the Internal Revenue Code, is also eligible to participate in our Supplemental Employee Retirement Plan. Our Supplemental Employee Retirement Plan pays additional benefits to employees whose benefits under our Salaried Employees Pension Plan are limited as a result of his or her Average Earnings exceeding \$201,667, or due to the removal of certain Social Security integration benefits from our Salaried Employees Pension Plan. The amount of benefits payable under our Supplemental Employee Retirement Plan is designed to eliminate the effect of these limitations on the aggregate pension benefits payable to the participants, but not provide any additional benefits beyond that amount. These benefits are generally payable at the same time as when we pay benefits under our Salaried Employees Pension Plan. Effective as of January 1, 2005, we amended our Supplemental Employee Retirement Plan to cease benefit accruals for all participants.

For our Named Executive Officers, the compensation covered by our three pension plans is reported under the salary column in the Summary Compensation Table appearing in this Proxy Statement (and similar types of compensation for prior calendar years). Assuming retirement at age 65, the annual retirement benefits payable to each Named Executive Officer, excluding Mr. Vanderhoven, who retired on May 1, 2007, under these plans would be:

	Gross Payment Under All Plans	Reduction for Payments Under Pension Plan	Net Payment Under Equalization and Supplemental Plans
Richard K. Crump	\$ 103,340	\$ 56,417	\$ 46,923
John R. Beaver	23,224	23,224	0
Kenneth M. Hale	19,417	19,417	0
Paul C. Rostek	38,315	38,315	0
Walter B. Treybig	28,304	28,304	0

All of the benefits appearing in the pension benefits table are computed on the assumption that the Named Executive Officer elects to be paid on a single-life annuity basis and the payments are not subject to any deduction for Social Security or other similar offset amounts. However, our Supplemental Employee Retirement Plan does contain an alternative formula for determining benefits which includes a Social Security offset. We have never used this alternative formula to determine the amount of any benefits paid under our Supplemental Employee Retirement Plan.

Nonqualified Deferred Compensation

As of December 31, 2007, none of our Named Executive Officers had any balances of nonqualified deferred compensation. In 2007, none of our Named Executive Officers made any contributions to nonqualified deferred compensation plans or programs, had any contributions made by us for them to any nonqualified deferred compensation plans or programs, or realized any earnings on, made any withdrawals of or received any distributions on any nonqualified deferred compensation.

Table of Contents**Other Retirement and Post-Employment Compensation****401(k) Savings and Investment Plan**

We maintain a Savings and Investment Plan (our 401(k) Plan) for the benefit of all of our employees, including our Named Executive Officers. Under our 401(k) Plan, participants may elect to contribute a portion of their base salaries into individual accounts on a pre-tax basis (up to statutory maximums), and may also contribute additional portions of their base salaries into their accounts on an after-tax basis (up to statutory maximums). We match each participant's contributions into our 401(k) Plan on a dollar-for-dollar basis, up to 6% of the participant's base salary. Each participant directs the investment of all contributions into his or her account among a slate of investment options chosen by our Employee Benefits Plans Committee (which is made up of members of senior management). Our stock is not one of the available investment options under our 401(k) Plan.

Key Employee Protection Plan

On January 26, 2000, our Board approved the initial form of our Key Employee Protection Plan, which has subsequently been amended several times (our Key Employee Protection Plan). A copy of the current form of our Key Employee Protection Plan is attached as an Exhibit to our Form 10-K. Our Named Executive Officers are the only current participants under our Key Employee Protection Plan and their respective multipliers and other variables for determining benefits have been set by our Compensation Committee. Our Compensation Committee is also authorized to designate additional members of our management or highly compensated employees as participants under our Key Employee Protection Plan and set their multipliers. Our Compensation Committee may terminate any participant's participation under our Key Employee Protection Plan on 60 days' notice if it determines that the participant is no longer one of our key employees.

Under our Key Employee Protection Plan, a participant can only become eligible for benefits if his or her employment is terminated in specified ways and for specified reasons. That termination must either result from the participant resigning for Good Reason or the participant being terminated by us for any reason other than Misconduct or Disability. A termination by the participant is only considered to be for Good Reason if the participant resigns within 90 days after he or she acquires actual knowledge of any of the following actions or omissions by us:

for participants with multipliers of at least 2.00 (which includes each of our Named Executive Officers):

- o we make a material change in his or her reporting responsibilities, titles or elected or appointed offices (excluding changes resulting from the participant's death, disability or retirement); or
 - o we assign him or her duties or responsibilities that are materially inconsistent with his or her status, positions, duties, responsibilities or functions;
- we reduce the participant's compensation by a material amount;

we fail to maintain employee benefit plans, programs, arrangements and practices providing benefits to the participant that are, in the aggregate, as favorable as those under our current plans,

Table of Contents

programs, arrangements and practices (excluding changes or terminations that apply generally to all of our salaried work force and do not have a disparate impact on the participant);

we change the location of the participant's principal place of employment by more than 75 miles;

we purport to terminate the participant for Misconduct or Disability in a manner not consistent with our Key Employee Protection Plan; or

we purport to terminate the participant's participation in our Key Employee Protection Plan (unless our Compensation Committee determines in good faith he or she is no longer one of our key employees and follows the procedures for termination set out in our Key Employee Protection Plan).

However, changes in a participant's reporting responsibilities, titles or elected or appointed offices, assignments of duties or responsibilities to the participant and reductions in the participant's compensation will not constitute Good Reason if our action was isolated and inadvertent and not taken in bad faith and we promptly remedy the issue after receiving notice from the participant.

A participant is also entitled to benefits under our Key Employee Protection Plan if we terminate him or her for any reason other than Misconduct or Disability. Misconduct under our Key Employee Protection Plan covers only specified actions or omissions by the participant and is limited to:

acts of dishonesty or gross misconduct that are demonstrably injurious to us (monetarily or otherwise) in any material respect;

the failure to comply with our published policies relating to alcohol and drugs, harassment or compliance with laws;

the failure to comply with any of our other policies if that failure continues unremedied for 30 days after receiving written notice of the failure;

the willful failure to comply with any lawful and ethical directions and instructions of our Board or our Chief Executive Officer;

the refusal or willful failure by the participant to perform, in any material respect, his or her duties if that failure is not caused by disability or incapacity and continues unremedied for 30 days after receiving written notice of that failure;

a conviction for a felony offense; or

any willful conduct that prejudices, in any material respect, our reputation in our fields of business, with the investment community or with the public at large if the participant knew, or should have known, that his or her conduct could have that result.

However, acts and failures to act are not considered willful if done or not done in good faith and with the reasonable belief that the action or omission was in our best interests. Disability under our Key Employee Protection Plan is limited to a physical or mental condition that, in the opinion of a licensed physician reasonably acceptable to us and the participant, prevents the participant from being able to perform his or her job responsibilities, has continued for at least 180 days during any period of 12 consecutive months and is reasonably expected to continue. In order to terminate a participant for

Table of Contents

Misconduct or Disability, we must give the participant written notice of termination specifying his or her termination date, stating that the termination is for Misconduct or Disability and setting forth the facts and circumstances deemed to be Misconduct or to result in a finding of Disability.

If a participant's employment with us is terminated in a way that results in him or her being eligible for benefits under our Key Employee Protection Plan, the participant is entitled to a lump sum payment. The amount of the lump sum payment is determined by multiplying the participant's multiplier by the sum of his or her highest annual base salary during the last three years plus his or her current Bonus Target under our Bonus Plan. This amount is reduced, however, by the amount of any other separation, severance or termination payments received from us under any of our other plans or which we are required to pay by law. Once the base amount of the lump sum payment is determined, the final amount of the lump sum payment depends on whether a Change of Control occurs within a specified period before or after the date of termination. If a Change of Control has not (and does not) occur within that specified period, the participant's applicable multiplier is reduced by 50%. However, if the higher lump sum payment is payable in connection with a Change of Control to one of our most highly compensated employees, including each of our Named Executive Officers, the incremental amount is subject to repayment by the participant if the participant, within one year after his or her termination, owns, manages, operates or controls (or joins in the ownership, management, operation or control of), or becomes employed by or connected in any manner with, any business engaged in the manufacture or sale of styrene, acrylonitrile or acetic acid anywhere in the world. The precise amount repaid by the participant is a percentage of the incremental amount determined by dividing the number of days left in the one-year restricted period when he or she first engages in the competitive activity by 365.

Under our Key Employee Protection Plan, a Change of Control can occur through individuals acquiring our securities, changes in the membership of our Board, participation by us in major corporate transactions or upon our dissolution. Specifically, under our Key Employee Protection Plan, a Change of Control occurs if:

any individual, entity or group acquires, in the aggregate, beneficial ownership of 50% or more of the combined voting power of our then outstanding securities that vote generally in the election of directors (Voting Securities), if:

- o the individual, entity or group is not Resurgence or any of its or its affiliates' managed funds or accounts (the Resurgence Group) or one or more of our employee benefit plans; and
 - o the acquisition is not made through an Excluded Transaction (defined below);
- a majority of the members of our Board were not one of our directors on March 12, 2004 or directors whose election or nomination for election was approved by those directors and all previously approved new directors (our Incumbent Board), although, for this purpose, anyone who initially became one of our directors in connection with an actual or threatened contested election of directors or contested removal of directors, or an actual or threatened solicitation of proxies or consents, is not considered to be a member of our Incumbent Board, irrespective of any approval given by our Incumbent Board;

we are involved in a reorganization, merger, statutory share exchange, consolidation or similar corporate transaction, we dispose of our assets or we acquire the assets or stock of another entity and the transaction is not an Excluded Transaction which, for this purpose, means a transaction where, after the transaction:

Table of Contents

- o the beneficial holders of our outstanding Voting Securities prior to the transaction beneficially own more than 50% of the outstanding Voting Securities of the corporation that results from the transaction or that owns our assets after the transaction, in substantially the same proportions as their pre-transaction ownership;
- o no individual, entity or group (other than the Resurgence Group or one of our employee benefit plans) beneficially owns 50% or more of the Voting Securities of any corporation that results from the transaction; and
- o at least a majority of the members of the board of directors of the corporation resulting from the transaction were members of our Incumbent Board at the time the initial documentation for the transaction was signed or the time the transaction was approved by our Board; or
our stockholders or other relevant stakeholders approve our complete liquidation or dissolution.

Whether a participant is eligible for the higher lump sum payment associated with a Change of Control depends on whether his or her termination occurred within his or her Protection Period. Every participant's Protection Period starts 180 days prior to the date on which the Change of Control occurs. A participant's Protection Period ends either two years or 18 months after the date on which the Change of Control occurs, depending on the size of the participant's multiplier. The Protection Period for each of our Named Executive Officers ends two years after the date on which the Change of Control occurs.

If each of our Named Executive Officers (excluding Mr. Vanderhoven, who retired on May 1, 2007) terminated their employment for Good Reason on December 31, 2007, or were terminated by us for any reason other than Misconduct or Disability on that date, our Named Executive Officers would be paid the following lump sum amounts under our Key Employee Protection Plan:

	Base Salary	Bonus Target	Applicable Multiplier	Change of Control Payment Under the KEP Plan ⁽¹⁾	Non-Change of Control Payment Under the KEP Plan ⁽²⁾
Richard K. Crump	\$390,000	\$390,000	2.75	\$2,145,000	\$1,072,500

Paul C. Rostek	221,750	88,700	2.00	620,900	310,450
Walter B. Treybig	204,750	81,900	2.00	573,300	286,650

(2) Payment if no Change of Control

occurred
between
December 31,
2005 and

2008.

In addition to the lump sum payment, each participant eligible for benefits under our Key Employee Protection Plan is entitled to receive his or her accrued but unpaid compensation, compensation for unused vacation time and any unpaid vested benefits earned or accrued under any of our benefit plans (other than qualified plans). Also, for a period of 24 months (including 18 months of COBRA coverage), that participant will continue to be covered by all of our life, health care, medical and dental insurance

plans and programs (other than disability), as long as he or she makes a timely COBRA election and pays the regular employee premiums required under our plans and programs and by COBRA. In addition, our obligation to continue to provide coverage under our plans and programs to a participant ends if and when that participant becomes employed on a full-time basis by a third party which provides the participant with substantially similar benefits. If each of our Named Executive Officers (excluding Mr. Vanderhoven, who retired on May 1, 2007) terminated their employment for Good Reason or were terminated by us for any reason other than Misconduct or Disability on December 31, 2007, the value of these life, health care, medical and dental insurance benefits to our Named Executive Officers would have been:

Richard K. Crump	\$41,266
John R. Beaver	32,489
Kenneth M. Hale	32,521
Paul C. Rostek	42,653
Walter B. Treybig	42,634

If any payment or distribution under our Key Employee Protection Plan to a participant is subject to excise tax pursuant to Section 4999 of the Internal Revenue Code, the participant is also entitled to receive a gross-up payment from us in an amount such that, after payment by the participant of all taxes on the gross-up payment, the amount of the gross-up payment remaining is equal to the excise tax imposed under Section 4999 of the Internal Revenue Code. However, the maximum amount of any gross-up payment is 25% of the sum of the participant's highest annual base compensation during the last three years plus the participant's Bonus Target under our Bonus Plan for the year of payment.

We may terminate our Key Employee Protection Plan at any time and for any reason but a termination will not become effective until 90 days after we give the participants notice of the termination. In addition, we may amend our Key Employee Protection Plan at any time and for any reason, but any amendment that reduces, alters, suspends, impairs or prejudices the rights or benefits of any participant in any material respect will not become effective as to that participant until 90 days after we give him or her notice of the amendment. No termination of our Key Employee Protection Plan, or any of these types of amendments, will be effective with respect to any participant if the termination or amendment is related to, in anticipation of or during the pendency of a Change of Control, is for the purpose of encouraging or facilitating a Change of Control or is made within 180 days prior to any Change of Control. Finally, no termination or amendment of our Key Employee Protection Plan can affect the rights or benefits of any participant that were accrued at the time of termination or amendment, or that accrue later due to a Change of Control that occurs prior to the termination or amendment or within 180 days after the termination or amendment.

On May 1, 2007, Mr. Vanderhoven retired from his employment with us. In connection with his retirement, we entered into a separation and release agreement with Mr. Vanderhoven and he received a severance package consisting of a lump-sum severance payment in the amount of \$385,500, or 1.0 times his last year's base salary plus his Bonus Target (or 50% of his base salary) under our Bonus Plan and the continuation of coverage under our life, health care, medical and dental insurance plans and programs (other than disability), as long as he makes a timely COBRA election and pays the regular employee premiums required under our plans and programs and by COBRA for a period of 24 months (including 18 months of COBRA coverage). At the time Mr. Vanderhoven retired, the value of these life, health care, medical and dental insurance benefits was \$30,230.

Resurgence has beneficial ownership of a substantial majority of the voting power of our securities due to its investment and disposition authority over securities owned by its and its affiliates' managed funds and accounts. Currently, Resurgence has beneficial ownership of 99% of our Preferred Stock and over 60% of our Common Stock, representing ownership of over 84% of the total voting power of our equity. Each share of our Preferred Stock is currently convertible at the option of the holder thereof at any time into 1,000 shares of our Common Stock, subject to adjustments. The holders of our Preferred Stock are entitled to designate a number of our directors roughly proportionate to their overall equity ownership, but in any event not less than a majority of our directors as long as they hold in the aggregate at least 35% of the total voting power of our equity. As a result, Resurgence has the ability to control our management, policies and financing decisions, elect a majority of our Board and control the vote on most matters presented to a vote of our stockholders. In addition, our shares of Preferred Stock, almost all of which are beneficially owned by Resurgence, carry a cumulative dividend rate of 4% per quarter, payable in additional shares of Preferred Stock. Each dividend paid in additional shares of our Preferred Stock has a dilutive effect on our shares of Common Stock and increases the percentage of the total voting power of our equity beneficially owned by Resurgence. In 2007, we issued an additional 695,874 shares of our Preferred Stock (convertible into 695,874 shares of our Common Stock) in dividends, which represents 9.1% of the current total voting power of our equity securities and carries an aggregate liquidation value of \$9,598,267. Since the initial issuance of our Preferred Stock, we have issued an additional 2,617,635 shares of our Preferred Stock (convertible into 2,617,635 shares of our Common Stock) in dividends, which represents 34.3% of the current total voting power of our equity securities and carries an aggregate liquidation value of \$36,105,328. Four of our directors, Messrs. Gidumal, Haney, Schwarzfeld and Sivin, are employed by Resurgence. Pursuant to established policies of Resurgence, all director compensation earned by employees of Resurgence is paid to Resurgence. During 2007, we paid Resurgence an aggregate amount equal to \$150,000 for director compensation earned by Messrs. Gidumal, Haney, Schwarzfeld and Sivin.

Approval Process for Related Person Transactions and Other Conflicts of Interest

Approval of related person transactions and other conflicts of interest is governed by our Code of Ethics and Conduct, the Charter of our Corporate Governance Committee and our Governance Principles.

Our Code of Ethics and Conduct. Under our Code of Ethics and Conduct, each of our directors, officers and employees is restricted from being subject, or even appearing to be subject, to influences, interests or relationships that conflict with our best interests. Specifically, our officers and directors are prohibited from having any conflict of interest unless the underlying transaction or relationship has been specifically approved by our Board in accordance with Delaware law and other applicable laws. Our Code of Ethics and Conduct lists certain circumstances and situations that are always considered to involve a conflict of interest, including where one of our directors, officers or employees (or any other person having a close personal relationship with him or her, such as a family member, in-law, business associate or person living in the same household):

- obtains a significant financial or other beneficial interest in one of our suppliers, customers or competitors;
