INDEPENDENT AUDITORS REPORT

To the Participants and Plan Committee of
ACS Savings Plan

We have audited the accompanying statements of net assets available for plan benefits of ACS Savings Plan (Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 16 and 17 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

The supplemental schedules are the responsibility of the Plan's management. They have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Fidelity Management Trust Company (Fidelity) holds the Plan's investments. The fair value per unit/share is stated at quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Note 3. Income Tax Status

The Internal Revenue Service has determined by letter dated March 11, 1994, that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has since been amended and restated and received a new determination letter dated May 7, 2003. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
