Solicitation other than by mail may be made by officers or by regular employees of the Company or by employees of Georgeson Shareholder Communications Inc. by personal, telephone, mail or internet solicitation, the cost of which is expected to be nominal. The Company will reimburse brokerage firms and other securities custodians for their reasonable expenses in forwarding proxy materials to their principals.

As a matter of policy, the Company keeps confidential proxies, ballots and voting tabulations that identify individual Stockholders. Such documents are available for examination only by the inspectors of election, the Company's transfer agent and certain employees who are associated with processing proxy cards and tabulating the vote. The vote of any Stockholder is not disclosed except in a contested proxy solicitation or as may be necessary to meet legal requirements.

Only holders of shares of Common Stock of record at the close of business on September 12, 2003 will be entitled to notice of and to vote at the meeting and at all adjournments thereof. At the close of business on September 12, 2003, the Company had 647,540,043 outstanding shares of Common Stock, each share being entitled to one vote.

Admittance to the Annual Meeting will be limited to Stockholders. If you are a Stockholder of record and plan to attend, please detach the admission ticket from the top of your proxy card and bring it with you to the Annual Meeting. The number of people admitted will be determined by how the shares are registered, as indicated on the admission ticket. If you are a Stockholder whose shares are held by a broker, bank or other nominee, please request an admission ticket by writing to our principal executive offices at: Archer-Daniels-Midland Company, Shareholder Relations, 4666 Faries Parkway, Decatur, IL 62526-5666. The number of tickets sent will be determined by the manner in which shares are registered. If your request is received by October 23, 2003, an admission ticket will be mailed to you. All other admission tickets can be obtained at the registration table located at the James R. Randall Research Center lobby beginning at 9:30 A.M. on the day of the Annual Meeting.

The pension amount is based on the final average monthly compensation (average of the 60 consecutive months of the last 180 months which produce the highest average). For purposes of the Plan, the term compensation is defined as base compensation (Salary as shown in the Summary Compensation Table) paid during the Plan year. The pension amount is calculated as follows: final average monthly compensation times 36% plus 16.5% of final average compensation in excess of Social Security covered compensation for the first 30 years of service plus 0.5% of final average compensation for each year in excess of 30 years of service and additional early retirement reduction when the pension commences prior to age 65. The Plan does not include a Social Security offset. The normal retirement age under the Plan is age 65 with 5 years of service. The 5 year average compensation for purposes of the Plan of each of the five highest paid Executive Officers of the Company and the number of years of service rounded to the nearest year and credited to each of them under the Plan was as follows: G. A. Andreas \$2,496,917 (30 years); P. B. Mulhollem \$854,039 (11 years); D. J. Smith \$507,033 (22 years); W. H. Camp \$467,668 (26 years); and J. D. Rice \$554,843 (27 years).

Various provisions of the Internal Revenue Code of 1986, as amended, limit the amount of benefits payable under a qualified pension plan. When these limits operate to reduce a pension benefit payable under the Plan, the Company will provide additional amounts so that the total annual pension will be as provided in the Plan.

Report of the Compensation Committee

The Compensation Committee reviews and establishes the compensation of the officers of the Company, approves the direct annual compensation to any employee in the amount of \$200,000 or more, approves awards to employees pursuant to the incentive compensation plans of the Company, and approves modifications in the employee benefit plans with respect to the benefits salaried employees receive under such plans. The Compensation Committee is comprised of three independent directors. All actions of the Compensation Committee are submitted to the Board of Directors of the Company for ratification.

Table of Contents

The objective of the Company's compensation program is to provide annual compensation to the employees and executives of the Company that is competitive with that for comparable employment, responsibilities and performance in major industries on a worldwide basis. The Compensation Committee, whose members are investors and business leaders, is generally familiar with compensation packages offered by peer group companies. The Compensation Committee also familiarizes itself with various forms and types of remuneration from general news reports, periodicals and reports of other public corporations, as well as by consultation with compensation experts from nationally recognized firms. In determining an officer's or other employee's compensation, the Compensation Committee considers, in addition to these factors, the individual's job performance, the Company's ability to pay and growth record, cost of living increases, and in the case of all individuals except the Chief Executive, the recommendations of management and the individual's supervisors.

The compensation program of the Company consists principally of salary and from time-to-time, not necessarily annually, an award of stock options or other form of long-term incentive compensation. Historically, stock options have been granted at the market price on the date granted and are exercisable in increments over a five or ten year term and awards of restricted stock have had time-based restrictions for a period of three years. The reportable compensation of all employees is adjusted to reflect the personal use, if any, of Company-owned facilities.

The compensation for the Chief Executive was established by the Committee considering all of the factors previously described in this Report. The Committee proposed and the Board of Directors approved an increase in the annual salary for the Chief Executive to \$2,860,000 and granted stock options to him for 288,866 shares of Company stock, exercisable in increments between 2003 and 2012, and awarded 201,810 shares of restricted stock. The strike price for these stock options was at the market price of the Company's stock on the date of grant. The term of restriction relative to the award of restricted stock is three years from the date of the award. The Corporate Governance Committee, comprised of non-management directors, evaluates the performance of the Chief Executive. The evaluation of the Corporate Governance Committee is then forwarded to the Compensation Committee which establishes the compensation for the Chief Executive.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation paid in excess of \$1,000,000 annually to each of the Company's Chief Executive and four other most highly-compensated executive officers except for qualifying performance-based compensation. A portion of the compensation paid to certain of the Company's executive officers will be subject to the deduction limitation. In order to retain the flexibility to compensate its executive officers in a competitive environment in accordance with the principles discussed above, the Committee believes that it would be inadvisable to adopt a strict policy of compliance with the performance-based compensation exception to Section 162(m). The Committee will continue to consider future opportunities for compliance with this exception to Section 162(m) that it feels are in the best interests of the Company and its stockholders. The Committee believes that the amount of any expected loss of a tax deduction under Section 162(m) will be insignificant to the Company's overall tax position.

Certain Relationships and Related Transactions

During the fiscal year ended June 30, 2003, the Company retained the services of the law firm of Ogilvy Renault of which M. Brian Mulroney, a director of the Company, is the senior partner. The Company may continue to retain the services of, and refer specific matters to, this firm during the next fiscal year.

On November 14, 2002, the Company purchased 1,657,025 shares of the Company's Common Stock from David Mimran, a director of the Company, at a price of \$13.71 per share, the then current market price at the time of the transaction.

During the last fiscal year, two trusts in which G. Allen Andreas, Chairman and Chief Executive of the Company is one of three trustees, were indebted to Hickory Point Bank & Trust fsb (HPB). The largest aggregate amount outstanding during such fiscal year was \$1,100,925 and the amount outstanding as of September 12, 2003 was \$1,111,997. HPB is a wholly-owned subsidiary of the Company. Such indebtedness arose from guaranties by such trusts of HPB's loans to a company owned by two stepsons of a deceased first cousin of Mr. Andreas, each the beneficiary of one of the trusts. Mr. Andreas had no involvement in or knowledge of the loans or the guaranties by the trusts at the time of the transaction. Such loans were made in the ordinary course of HPB's business on substantially the same terms as those prevailing at the time for comparable transactions with wholly-unrelated parties and did not involve an unacceptable risk of collectibility. This indebtedness bears interest at a variable rate per annum equal to the prime rate of interest plus 1/2% with a default rate equal to the prime rate of interest plus 2.5%. As of the date of this Proxy Statement, the loans are in arrears and remain outstanding. HPB is pursuing normal collection actions in accordance with its policy.

Report of the Audit Committee

The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the stockholders relating to the Company's financial statements and the financial reporting process, preparation of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. The Audit Committee assures that the corporate information gathering and reporting systems developed by management represent a good faith attempt to provide senior management and the Board of Directors with information regarding material acts, events and conditions within the Company. In addition, the Audit Committee is directly responsible for the appointment, compensation and oversight of the independent auditors. The Audit Committee is comprised of five (5) independent directors, all of whom are financially literate and one of whom, R.S. Joslin, the Chairman of the Audit Committee, has been determined by the Board of Directors to be a financial expert as that term has been defined by the Securities and Exchange Commission.

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the development and selection of the critical accounting estimates, and the clarity of disclosures in the financial statements. Also, the Audit Committee discussed with management education concerning and compliance with the policies and procedures of the Company as well as federal and state laws.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by Independence Standards Board Standard No. 1. The Audit Committee adopted an Audit and Non-audit Services Pre-Approval Policy and considered the compatibility of non-audit services with the independent auditors' independence. The Audit Committee recommended to the Board of Directors (and the Board has approved) a hiring policy related to current and former employees of the independent auditor. The Audit Committee appointed Ernst & Young LLP as independent auditor for the fiscal year ending June 30, 2004.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's accounting and financial controls, and the overall quality of the Company's financial reporting. The Audit Committee held four meetings during fiscal year 2003.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2003 for filing with the Securities and Exchange Commission.
