PROXY STATEMENT

**FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD AUGUST 6, 2004**

To Our Stockholders:

This Proxy Statement is furnished to our stockholders for use at our Annual Meeting of Stockholders to be held at the LaCima Club, The Tower at Williams Square, Suite 2600, 5215 North O Connor Road, Irving, Texas 75039, on Friday, August 6, 2004 at 1:00 p.m. (local time), or at any adjournment or adjournments thereof (the Annual Meeting). Emerson's stockholders of record as of the close of business on July 16, 2004 (the Record Date) are entitled to vote at the Annual Meeting. We expect to begin mailing this Proxy Statement and the enclosed proxy card to our stockholders on or about July 20, 2004.

VOTING PROCEDURES AND REVOCABILITY OF PROXIES

The accompanying proxy card is designed to permit each of our stockholders as of the Record Date to vote on each of the proposals properly brought before the Annual Meeting. As of the Record Date, there were 27,037,608 shares of our common stock, par value \$.01 per share, issued and outstanding and entitled to vote at the Annual Meeting. Each outstanding share of our common stock is entitled to one vote.

The holders of a majority of our outstanding shares of common stock, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. Assuming that a quorum is present, directors will be elected by a plurality vote and the five nominees who receive the most votes will be elected. There is no right to cumulate votes in the election of directors. The ratification of all other proposals will require the affirmative vote of a majority of the shares present and entitled to vote with respect to such proposal. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present and do not have an effect on the election of directors. Abstentions, but not broker non-votes, are treated as shares present and entitled to vote, and will be counted as a no vote on all other matters. Broker non-votes are treated as not entitled to vote, and so reduce the absolute

Table of Contents

number, but not the percentage of votes needed for approval of a matter. Holders of the common stock will not have any dissenters' rights of appraisal in connection with any of the matters to be voted on at the Annual Meeting.

The accompanying proxy card provides space for you to vote in favor of, or to withhold voting for, the nominees for the Board of Directors, the approval of our 2004 Employee Stock Incentive Plan and the approval of our 2004 Non-Employee Outside Director Stock Option Plan. The Board of Directors urges you to complete, sign, date and return the proxy card in the accompanying envelope, which is postage prepaid for mailing in the United States.

When a signed proxy card is returned with choices specified with respect to voting matters, the proxies designated on the proxy card vote the shares in accordance with the stockholder's instructions. The proxies we have designated for the stockholders are Geoffrey P. Jurick and Kenneth A. Corby. If you desire to name another person as your proxy, you may do so by crossing out the names of the designated proxies and inserting the names of the other persons to act as your proxies. In that case, it will be necessary for you to sign the proxy card and deliver it to the person named as your proxy and for the named proxy to be present and vote at the Annual Meeting. Proxy cards so marked should not be mailed to us.

If you sign your proxy card and return it to us and you have made no specifications with respect to voting matters, your shares will be voted **FOR** the election of the nominees for director, **FOR** approving and adopting the 2004 Employee Stock Incentive Plan, **FOR** approving and adopting the 2004 Non-Employee Outside Director Stock Option Plan and, at the discretion of the proxies designated by us, on any other matter that may properly come before the Annual Meeting or any adjournment(s).

You have the unconditional right to revoke your proxy at any time prior to the voting of the proxy by taking any act inconsistent with the proxy. Acts inconsistent with the proxy include notifying Emerson's Secretary in writing of your revocation, executing a subsequent proxy, or personally appearing at the Annual Meeting and casting a contrary vote. However, no revocation shall be effective unless at or prior to the Annual Meeting we have received notice of such revocation.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Five directors are proposed to be elected at the Annual Meeting. If elected, each director will hold office until the next Annual Meeting of our stockholders or until his successor is elected and qualified. The election of directors will be decided by a plurality vote.

All nominees named in this proxy statement, except Herbert A. Morey, are members of our present Board of Directors. Stephen H. Goodman requested that he not be re-nominated to the Board of Directors for the upcoming year due to the fact that the

Table of Contents

time commitment required to be an effective member of the Audit Committee and of the Board of Directors exceeds the time he will likely have available for the foreseeable future. All nominees have consented to serve if elected and we have no reason to believe that any of the nominees named will be unable to serve. If any nominee becomes unable to serve, (i) the shares represented by the designated proxies will be voted for the election of a substitute as the Board of Directors may recommend, (ii) the Board of Directors may reduce the number of directors to eliminate the vacancy or (iii) the Board of Directors may fill the vacancy at a later date after selecting an appropriate nominee.

Nominations for election to the Board may be made by the Board, upon recommendation of our Nominating Committee, or by any stockholder of any outstanding class of capital stock of Emerson entitled to vote for the election of directors. The following procedures (the "Minimum Procedures") shall be utilized in considering any candidate for election to the Board at an annual meeting, other than candidates who have previously served on the Board or who are recommended by the Board. A nomination must be delivered to the Secretary of Emerson at our principal executive offices not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; *provided, however*, that if the date of the annual meeting is more than thirty (30) days before or more than sixty (60) days after such anniversary date, notice to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by us. The public announcement of an adjournment or postponement of an annual meeting will not commence a new time period (or extend any time period) for the giving of a notice as described above. A nomination notice must set forth as to each person whom the proponent proposes to nominate for election as a director: (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), and (b) information that will enable our Nominating Committee to determine whether the candidate satisfies the Minimum Criteria and any Additional Criteria (each as defined in the Nominating Committee Charter attached hereto as Annex A) established by our Nominating Committee.

The current Board of Directors, based on the recommendation of our Nominating Committee, nominated the individuals named below for election to our Board of Directors, and background information on each of the nominees (as of July 16, 2004) is set forth below. See "Security Ownership of Certain Beneficial Owners and Management" for additional information about the nominees, including their ownership of securities issued by Emerson.

**PROPOSAL 2
APPROVAL OF THE
2004 EMPLOYEE STOCK INCENTIVE PLAN**

General

Effective on July 19, 2004, the Board of Directors adopted the Emerson Radio Corp. 2004 Employee Stock Incentive Plan (the "Employee Plan"), subject to the approval of our stockholders. The general purpose of the Employee Plan is to provide an incentive to our officers, employees and consultants, including officers, employees and consultants of our subsidiaries, by enabling them to share in the future growth of our business. The Board of Directors believes that the granting of stock options to purchase shares of common stock, \$.01 par value per share, of Emerson (the "Shares") and/or the right to purchase Shares ("Stock Purchase Rights") pursuant to the Employee Plan promotes continuity of management and increases incentive and personal interest in the welfare of Emerson by those who are primarily responsible for shaping and carrying out our long range plans and securing our growth and financial success. Our 1994 Stock Compensation Program expired on July 7, 2004 and we are no longer entitled to grant new options under such plan.

Description of the 2004 Employee Stock Incentive Plan

The following summary description of the principal terms of the Employee Plan is qualified in its entirety by the full text of the Employee Plan, which is attached as Exhibit 1 hereto.

Administration. The Employee Plan will be administered by our Compensation and Personnel Committee (hereinafter referred to as the "Administrator"). The Administrator may grant options and Stock Purchase Rights to eligible officers, employees and consultants, determine the terms and conditions of each option or Stock Purchase Right and adopt, amend and rescind rules and regulations for the administration of the Employee Plan. The Employee Plan grants the Administrator the authority to grant options (both incentive stock options and nonstatutory options) and Stock Purchase Rights to eligible employees and consultants. With respect to common stock issued under the Employee Plan pursuant to a Stock Purchase Right, the Administrator may also grant Emerson a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's service with Emerson for any reason (including death or Disability). The Board may at any time amend, alter, suspend or terminate the Employee Plan; provided, however, that Emerson shall obtain shareholder approval of any such amendment to the extent necessary to comply with the requirements relating to the administration of stock option plans under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the common stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where options or Stock Purchase Rights are, or will be, granted under the Employee Plan.

Term of Employee Plan. The Employee Plan was adopted by the Board, subject to stockholder approval, effective on July 19, 2004. No awards may be made under the

Table of Contents

Employee Plan after July 19, 2014, but the Employee Plan shall continue thereafter as long as previously granted awards remain subject to the Employee Plan.

Employees and Consultants Eligible to Receive Options or Purchase Grants Under the Employee Plan. The Administrator shall select those Service Providers (as defined in the Employee Plan) to whom options and/or Stock Purchase Rights may be granted under the Employee Plan, although Incentive Stock Options may be granted only to employees and not to consultants. Directors who are not employees are not eligible to receive awards under the Employee Plan.

Shares Subject to the Employee Plan. Subject to adjustments set forth in the Employee Plan, the aggregate number of Shares available for issuance in connection with options granted under the Employee Plan will be 2,500,000 Shares, subject to customary adjustments for stock splits, stock dividends or similar transactions. If any option granted under the Employee Plan terminates without having been exercised in full, the number of Shares as to which such option was not exercised shall be available for future grants within certain limits under the Employee Plan. Further, Shares issued pursuant to Stock Purchase Rights that are repurchased by Emerson at their original purchase price shall become available for future grant or sale under the Employee Plan. No employee or consultant may receive awards of or relating to more than 1,000,000 Shares in the aggregate in any fiscal year.

Terms and Conditions of Options. The Administrator determines the exercise price of options granted under the Employee Plan. The Administrator may determine the exercise price of nonstatutory options at the time of grant. The exercise price of incentive stock options, however, must be at least equal to the fair market value per Share (or 110% of fair market value in the case of incentive options granted to a ten-percent stockholder) issuable upon exercise of the option at the time the incentive option was granted. No option may be exercisable for more than ten years (five years in the case of an incentive option granted to a ten-percent stockholder) from the date of grant. Options issued under the Employee Plan will be exercisable at such time or times as the Administrator prescribes at the time of grant.

Generally, the option price may be paid (a) in cash or by certified check, bank draft or money order, (b) through delivery of Shares having a fair market value equal to the purchase price, (c) through delivery of a promissory note acceptable to the Administrator or (d) a combination of these methods. The Administrator is also authorized to establish a cashless exercise program.

No option may be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime an option may be exercised only by the recipient unless otherwise determined by the Administrator. Options that are exercisable at the time of a recipient's termination without cause generally will continue to be exercisable for three months, 12 months in the event of termination due to death or disability. Options that are exercisable at the time of a recipient's termination with cause will terminate immediately.

Table of Contents

Terms and Conditions of Stock Purchase Rights. Stock Purchase Rights may be granted alone, in addition to or in tandem with options. After the Administrator determines that it will offer Stock Purchase Rights under the Employee Plan, it will advise the offeree in writing or electronically of the terms, conditions and restrictions related to the offer, including the number of Shares that the offeree will be entitled to purchase and the price to be paid for such Shares.

In connection with the exercise of a Stock Purchase Right, the offeree and Emerson will enter into a Restricted Stock Purchase Agreement, which may grant Emerson a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's service with Emerson for any reason (including death or Disability). The Administrator will determine the rate at which the repurchase option shall lapse; *provided, however*, that if no lapsing schedule is provided, the restrictions shall lapse as to one third of the Shares subject to the Restricted Stock Purchase Agreement on the first anniversary of the grant of the Stock Purchase Right, and as to one third of the remaining Shares subject to the Restricted Stock Purchase Agreement on each of the next two annual anniversary dates of the award thereafter.

In the event of a consolidation or merger in which Emerson is not the surviving corporation or which results in the acquisition of substantially all Emerson's outstanding stock by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of substantially all Emerson's assets, the Employee Plan provides that (a) each outstanding Stock Purchase Right shall be assumed or an equivalent right shall be substituted by the successor corporation or a parent or subsidiary of the successor corporation or (b) all outstanding Stock Purchase Rights will become exercisable.

No Stock Purchase Right may be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime an option may be exercised only by the recipient unless otherwise determined by the Administrator.

Federal Income Consequences

Following is a summary of the federal income tax consequences of option grants under the Employee Plan. Optionees and recipients of other awards granted under the Employee Plan are advised to consult their personal tax advisors before exercising an option or award or disposing of any stock received pursuant to the exercise of an option or award. In addition, the following summary is based upon an analysis of the Internal Revenue Code of 1986, as amended (the Code) as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change and does not address state, local or other tax laws.

Treatment of Options. The Code treats incentive stock options and nonstatutory stock options differently. However, as to both types of options, no income will be recognized to the optionee at the time of the grant of the options under the Employee Plan, nor will Emerson be entitled to a tax deduction at that time.

Table of Contents

Generally, upon exercise of a nonstatutory stock option, an optionee will recognize ordinary income tax on the excess of the fair market value of the stock on the exercise date over the option price. Emerson generally will be entitled to a tax deduction in an amount equal to the ordinary income recognized by the optionee in the fiscal year which includes the end of the optionee's taxable year. Emerson will be required to satisfy applicable withholding requirements in order to be entitled to a tax deduction. In general, if an optionee, in exercising a nonstatutory stock option, tenders Shares in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered Shares were previously acquired upon the exercise of an incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the incentive stock option, the tender will be a disqualifying disposition of the Shares acquired upon exercise of the incentive stock option.

For incentive stock options, there is no taxable income to an optionee at the time of exercise. However, the excess of the fair market value of the Shares on the date of exercise over the exercise price will be taken into account in determining whether the alternative minimum tax will apply for the year of exercise. If the Shares acquired upon exercise are held until at least two years from the date of grant and more than one year from the date of exercise, any gain or loss upon the sale of such Shares, if held as capital assets, will be long-term capital gain or loss (measured by the difference between the sales price of the stock and the exercise price). Under current federal income tax law, a long-term capital gain will be taxed at a rate which is less than the maximum rate of tax on ordinary income. If the two-year and one year holding period requirements are not met (a disqualifying disposition), an optionee will recognize ordinary income in the year of disposition in an amount equal to the lesser of (i) the fair market value of the Shares on the date of exercise minus the exercise price or (ii) the amount realized on disposition minus the exercise price. The remainder of the gain will be treated as long-term capital gain, depending upon whether the Shares have been held for more than a year. If an optionee makes a disqualifying disposition, Emerson generally will be entitled to a tax deduction equal to the amount of ordinary income recognized by the optionee.

In general, if an optionee, in exercising an incentive stock option, tenders Shares in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered Shares were previously acquired upon the exercise of another incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the other option, the tender will be a disqualifying disposition of the shares acquired upon exercise of the other option.

As noted above, the exercise of an incentive stock option could subject an optionee to the alternative minimum tax. The application of the alternative minimum tax to any particular optionee depends upon the particular facts and circumstances which exist with respect to the optionee in the year of exercise. However, as a general rule, the amount by which the fair market value of the Shares on the date of exercise of an option exceeds the exercise price of the option will constitute an item of adjustment for purposes of determining the alternative minimum taxable income on which the alternative tax may be imposed. As such, this item will enter into the tax base on which

Table of Contents

the alternative minimum tax is computed, and may therefore cause the alternative minimum tax to become applicable in any given year.

Treatment of Stock Purchase Rights. A participant who is awarded a Stock Purchase Right will not be taxed at the time of the award unless the participant makes a special election with the Internal Revenue Service pursuant to Section 83(b) of the Code as discussed below. Upon lapse of the risk of forfeiture or restrictions on transferability applicable to the Shares comprising the Restricted Stock obtained upon exercise of the Stock Purchase Right, the participant will be taxed at ordinary income tax rates on the then fair market value of the Shares and a corresponding deduction will generally be allowed to the Company. In such case, the participant's basis in the Shares will be equal to the ordinary income so recognized. Upon subsequent disposition of such Shares, the participant will realize capital gain or loss (long-term or short-term, depending upon the holding period of the stock sold).

Potential Limitation on Company Deductions. Code Section 162(m) denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation exceeds \$1 million for a covered employee. It is possible that compensation attributable to stock options and Stock Purchase Rights granted in the future under the Employee Plan, when combined with all other types of compensation received by a covered employee from Emerson, may cause this limitation to be exceeded in any particular year. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury regulations issued under Code Section 162(m), compensation attributable to stock options will qualify as performance-based compensation, provided that: (i) the stock award plan contains a per-employee limitation on the number of shares for which stock options may be granted during a specified period; (ii) the per-employee limitation is approved by the shareholders; (iii) the award is granted by a compensation committee comprised solely of outside directors; and (iv) the exercise price of the award is no less than the fair market value of the stock on the date of grant.

Tax Withholding. Emerson, as and when appropriate, shall have the right to require each optionee purchasing Shares to pay any federal, state or local taxes required by law to be withheld.

Vote Required

The affirmative vote of a majority of the votes cast at the meeting at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum; abstentions will have the same practical effect as a negative vote on this proposal, and broker non-votes will not have any effect on the outcome of this proposal.

**PROPOSAL 3
APPROVAL OF THE
2004 NON-EMPLOYEE OUTSIDE DIRECTOR STOCK OPTION PLAN**

General

Effective on July 19, 2004, the Board of Directors adopted the Emerson Radio Corp. 2004 Non-Employee Outside Director Stock Option Plan (the Director Plan), subject to the approval of the stockholders of Emerson. The general purpose of the Director Plan is to provide an incentive to our outside directors by enabling them to share in the future growth of our business. We believe that stock-based awards are a key component to our ability to retain and attract qualified individuals to serve as outside directors of Emerson, and to provide incentives for qualified individuals to remain on the Board as outside directors. Our 1994 Non-Employee Director Stock Option Plan expired on July 7, 2004 and we are no longer entitled to grant new options under such plan.

Description of the 2004 Non-Employee Outside Director Stock Option Plan

The following summary description of the principal terms of the Director Plan is qualified in its entirety by the full text of the plan, which is attached as Exhibit 2 hereto.

Administration. The Director Plan is administered by a committee designated by the Board and consisting solely of members of the Board who are not Outside Directors (the Committee). The Committee s responsibilities in respect of this plan include approving the forms of agreement for use under the Director Plan, determining the exercise price of options granted under the Director Plan, adopting, amending and rescinding rules and regulations for the administration of the Director Plan, interpreting the Director Plan and making all other determinations deemed necessary or advisable for administering the Director Plan. The Board may at any time amend, alter, suspend or terminate the Director Plan; provided, however, that Emerson shall obtain shareholder approval of any such amendment to the extent necessary to comply with the requirements relating to the administration of stock option plans under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the common stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where options are, or will be, granted under the Director Plan.

Term of Director Plan. The Director Plan was adopted by the Board, subject to stockholder approval, effective on July 19, 2004. No awards may be made under this Plan after July 19, 2014, but the Director Plan shall continue thereafter while previously granted awards remain subject to the Director Plan.

Shares Subject to Director Plan. Subject to adjustments set forth in the Director Plan, the aggregate number of shares of common stock available for issuance in connection with options granted under the Director Plan shall be 250,000 Shares, subject to customary adjustments for stock splits, stock dividends or similar transactions. If any option granted under the Director Plan terminates without having been exercised in full, the number of shares of common stock as to which such option was not exercised shall be available for future grants within certain limits under the Director Plan.

Table of Contents

Terms and Conditions of Options. The Director Plan currently provides that non-employee directors will receive a grant of options to purchase 25,000 shares of common stock on the day following the Annual Meeting or the date first elected to serve on the Board, whichever is later. Further, each non-employee director who is first elected chairman of a duly constituted committee of the Board shall also automatically be granted options to purchase an additional twenty five thousand (25,000) shares of common stock.

The exercise price of each option shall be 100% of the fair market value per share on the date of the grant. The latest date on which an option may be exercised is ten years from the date of the grant. Each grant of options shall become exercisable in three equal installments on each of the first, second and third anniversaries of the grant. Generally, the exercise price may be paid (a) in cash or by certified check, bank draft or money order, (b) through delivery of shares of common stock having a fair market value equal to the purchase price, (c) through delivery of a promissory note or (d) a combination of these methods. The Committee is also authorized to establish a cashless exercise program.

All outstanding options shall be deemed fully vested prior to the consummation of a plan of reorganization such as a merger or consolidation involving Emerson, any liquidation or dissolution of Emerson or any sale of substantially all of our assets. The optionee shall be entitled (a) to exercise his or her options within thirty days after receipt of notice from Emerson regarding the plan of reorganization, (b) in the event of a merger or consolidation in which shareholders of Emerson will receive shares of another corporation, to agree to convert his or her options into comparable options to acquire such shares, (c) in the event of a merger or consolidation in which shareholders of Emerson will receive cash or other property (other than capital stock), to agree to convert his or her options into such consideration (in an amount representing the appreciation over the exercise price of such options) or (d) to surrender such options or any unexercised portion thereof.

Should an optionee cease to serve on the Board for any reason other than cause, death or disability, his or her options shall automatically terminate three months after the date on which such service terminates. If the optionee is removed from the Board for cause, his or her options shall automatically terminate on the date such removal is effective. In the event of the optionee's death or disability, his or her options shall terminate one year after the date of death or disability. During such time after death, an option may only be exercised by the optionee's personal representative, executor or administrator, as the case may be.

No option may be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime an option may be exercised only by the recipient unless otherwise determined by the Committee.

Federal Income Consequences

Following is a summary of the federal income tax consequences of option grants under the Director Plan. Optionees of awards granted under the Director Plan are advised

Table of Contents

to consult their personal tax advisors before exercising an option or award or disposing of any stock received pursuant to the exercise of an option. In addition, the following summary is based upon an analysis of the Internal Revenue Code of 1986, as amended (the Code) as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change and does not address state, local or other tax laws.

Treatment of Options. Options granted under the Director Plan are non-statutory options. There generally are no Federal income tax consequences to the optionee or the Company by reason of the grant of a non-statutory stock option. Upon exercise of a non-statutory stock option, the optionee normally will recognize taxable ordinary income equal to the excess of the stock's fair market value on the date of exercise over the option exercise price, and the Company will generally be entitled to a business expense deduction equal to taxable ordinary income recognized by the optionee. Upon disposition of the Shares, the optionee will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such Shares plus any amount recognized as ordinary income upon exercise of such option. Such gain or loss will be long or short-term depending on whether the Shares were held for more than one year.

Vote Required

The affirmative vote of a majority of the votes cast at the meeting at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum; abstentions will have the same practical effect as a negative vote on this proposal, and broker non-votes will not have any effect on the outcome of this proposal.

BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of our Board of Directors. The Board of Directors meets periodically during our fiscal year to review significant developments affecting Emerson and to act on matters requiring Board of Director approval. The Board of Directors held fifteen (15) formal meetings during the fiscal year ended March 31, 2004 (Fiscal 2004) and acted by unanimous written consent two (2) times. During Fiscal 2004, each member of the Board of Directors participated in at least 75% of the aggregate of all meetings of the Board of Directors and of committees on which such member served that were held during the period.

Since the adoption of the Sarbanes-Oxley Act in July 2002, there has been a growing public and regulatory focus on the independence of directors. Requirements relating to independence are imposed by the Sarbanes-Oxley Act and the American Stock Exchange with respect to members of the Audit Committee and the Nominating Committee. As noted below, the Board of Directors has determined that the members of the Audit Committee, the Nominating Committee and the Compensation and Personnel Committee satisfy all such definitions of independence. The Board of Directors has determined that Messrs. Brown, Büniger, Farnum and Morey satisfy the American Stock Exchange definition of independence. The functions of our Audit Committee, Compensation and Personnel Committee and Nominating Committee and their current members are described below.

Table of Contents

During Fiscal 2004, the Audit Committee formally met eleven (11) times and acted by unanimous written consent one (1) time. For additional information concerning our Audit Committee, see [Audit Committee Matters](#) .

Report of Compensation and Personnel Committee

The Compensation and Personnel Committee of our Board of Directors (the Compensation Committee) oversees our senior executive compensation strategy. The strategy is implemented through policies designed to support the achievement of our business objectives and the enhancement of stockholder value. Our Compensation Committee reviews, on an ongoing basis, all aspects of senior executive compensation and its policies support the following objectives:

- The reinforcement of management s concern for enhancing stockholder value.
- The attraction, hiring and retention of qualified executives.
- The provision of competitive compensation opportunities for exceptional performance.

The basic elements of our senior executive compensation strategy are:

Base salary. Base salaries for our senior executive managers represent compensation for the performance of defined functions and assumption of defined responsibilities. The Compensation Committee reviews each senior executive s base salary on an annual basis. In determining salary adjustments, the Compensation Committee considers our growth in earnings and revenues and the executive s performance level, as well as other factors relating to the executive s specific responsibilities. Also considered are the executive s position, experience, skills, potential for advancement, responsibility, and current salary in relation to the expected level of pay for the position. Our Compensation Committee exercises its judgment based upon the above criteria and does not apply a specific formula or assign a weight to each factor considered.

Annual incentive compensation. At the beginning of each year, our Board of Directors establishes our performance goals for that year, which may include target increases in sales, net income and earnings per share, as well as more subjective goals with respect to marketing, product introduction and expansion of customer base. Bonuses awarded to executive officers are discretionary based primarily upon individual achievement.

Long-term incentive compensation. Our long-term incentive compensation for management and employees consists of stock options awarded under our stock option plans.

Table of Contents

Our Compensation Committee views the granting of stock options as a significant method of aligning management's long-term interests with those of the stockholders and determines awards to executives based on its evaluation of criteria that include responsibilities, compensation, past and expected contributions to the achievement of our long-term performance goals. Stock options are designed to focus executives on our long-term performance by enabling them to share in any increases in value of our stock.

Our Compensation Committee encourages executives, individually and collectively, to maintain a long-term ownership position in our stock. The Compensation Committee believes this ownership, combined with a significant performance-based incentive compensation opportunity, forges a strong link between our executives and stockholders.

Compensation of the Chief Executive Officer

Mr. Geoffrey P. Jurick is our Chief Executive Officer, Chairman of the Board of Directors and President. The Compensation Committee considered the results in all aspects of our business, and Mr. Jurick's performance during Fiscal 2004.

Mr. Jurick's annual compensation for Fiscal 2004 was comprised of an annual base salary of \$500,000. In Fiscal 2004, Mr. Jurick also received \$250,000 in salary for the services he rendered to SSG. See Summary Compensation Table .

Policy on Qualifying Compensation

Our Board of Directors has considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Section 162(m) generally provides that a publicly held company's deduction for compensation paid to its covered employees is limited to \$1 million per year, subject to certain exceptions. Our policy is to qualify, to the extent reasonable, our executive officers' compensation for deductibility under applicable tax laws. However, the Board of Directors believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to our success. Consequently, the Board of Directors recognizes that the loss of a tax deduction could be necessary in some circumstances.

This report is submitted by the members of the Board of Directors and the Compensation and Personnel Committee that were in existence at the end of Fiscal 2004.

All members of the Audit Committee of the Board of Directors have been determined to be independent directors under the listing standards of the American Stock Exchange.

Report of the Audit Committee

This report shall not be deemed soliciting material or incorporated by reference in any filing by us under the Securities Act or the Exchange Act except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under either act.

Through March 2004, the Audit Committee was composed of Messrs. Brown, Farnum and Goodman. Following our Annual Meeting, if elected, Mr. Morey shall replace Mr. Goodman on the Audit Committee. All members of the Audit Committee have been determined to be independent as defined by the listing standards of the American Stock Exchange.

In this context, the Audit Committee has reviewed the audited consolidated financial statements and have met and held discussions with management and BDO Seidman, LLP, Emerson's independent auditors (BDO). Management has represented to the Audit Committee that Emerson's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Our independent auditors are responsible for performing an independent audit of Emerson's financial statements in accordance with auditing standards generally accepted in the United States and for issuing a report on those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee also discussed with the independent auditors matters required to be discussed by Statement on Auditing

Table of Contents

Standards No. 61, which includes, among other items, matters related to the conduct of the audit of Emerson's financial statements among other items:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements, if any, with management over the application of accounting principles, the basis for which management's accounting estimates and the disclosures in the financial statements (there were no such disagreements).

The independent auditors also provided the Audit Committee with written disclosures and the letter required by Independence Standards Board Standard No. 1, which relates to the auditors' independence from Emerson and its related entities, and the Audit Committee discussed with the independent auditors their independence. This standard further requires the auditors to disclose annually in writing all relationships that in the auditors' professional opinion may reasonably be thought to bear on their independence, confirm their perceived independence and engage in the discussion of independence.

Based on the Audit Committee's discussions with management and the independent auditors, as well as the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that Emerson's audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2004, and filed with the SEC.

The Audit Committee has selected BDO to be retained as Emerson's independent certified public accountants to conduct the annual audit and to report on, as may be required, the consolidated financial statements that may be filed by Emerson with the SEC during the ensuing year.

Change in Accountants

As discussed above and previously reported in a Form 8-K dated April 2, 2004, on March 31, 2004, we retained the services of BDO as our independent auditors to replace our former independent auditors, Ernst & Young. This engagement and replacement was approved by our Board of Directors on the recommendation of our Audit Committee. During our two most recent fiscal years, and any subsequent interim period to March 31, 2004, we did not consult with BDO regarding any matters noted in Items 304(a) of Regulation S-K. BDO has provided tax services to us during the fiscal years ended March 31, 2002, 2003 and 2004 and is expected to continue to provide such services to us.

Table of Contents

There have been no disagreements within the meaning of Item 304(a)(1)(iv) of Regulation S-K, or any events of the type listed in Item 304(a)(1)(v)(A) through (D) of Regulation S-K, involving Ernst & Young that occurred within our two most recent fiscal years and the interim period prior to March 31, 2004. Ernst & Young's reports on our financial statements for the past two fiscal years did not contain any adverse opinions or disclaimers of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

We provided Ernst & Young with a copy of the disclosures made pursuant to the Form 8-K (which disclosures are consistent with the disclosures noted above) and Ernst & Young furnished us with a letter addressed to the SEC stating that it agrees with the statements made by us in the Form 8-K filing, a copy of which was filed as an exhibit to the Form 8-K.

Nominating Committee Matters

Nominating Committee Charter. The Board has adopted a Nominating Committee charter to govern its Nominating Committee. A copy of the Nominating Committee's charter is attached hereto as Exhibit 3.

Independence of Nominating Committee Members. All members of the Nominating Committee of the Board of Directors have been determined to be independent directors pursuant to the definition contained in Part I, Section 121(A) of the American Stock Exchange Company Guide.

Procedures for Considering Nominations Made by Stockholders. The Nominating Committee's charter describes procedures for nominations to be submitted by stockholders and other third-parties, other than candidates who have previously served on the Board or who are recommended by the Board. Our charter states that a nomination must be delivered to the Secretary of Emerson at our principal executive offices not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than thirty (30) days before or more than sixty (60) days after such anniversary date, notice to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by us. The public announcement of an adjournment or postponement of an annual meeting will not commence a new time period (or extend any time period) for the giving of a notice as described above. The charter requires a nomination notice to set forth as to each person whom the proponent proposes to nominate for election as a director: (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected),

and (b) information that will enable the Nominating Committee to determine whether the candidate satisfies the criteria established by the Nominating Committee, as described below.

Qualifications. The charter describes the minimum qualifications for nominees and the qualities or skills that are necessary for directors to possess. Each nominee:

Identification and Evaluation of Candidates for the Board. Candidates to serve on the Board will be identified from all available sources, including recommendations made by stockholders. The Nominating Committee's charter provides that there will be no differences in the manner in which the Nominating Committee evaluates nominees recommended by stockholders and nominees recommended by the Committee or management, except that no specific process shall be mandated with respect to the nomination of any individuals who have previously served on the Board. The evaluation process for individuals other than existing Board members will include:

a review of the information provided to the Nominating Committee by the proponent;

a review of reference letters from at least two sources determined to be reputable by the Nominating Committee; and

a personal interview of the candidate;

together with a review of such other information as the Nominating Committee shall determine to be relevant.

Third Party Recommendations. In connection with the 2004 Annual Meeting, the Nominating Committee did not receive any nominations from any stockholder or group of stockholders which owned more than 5% of our common stock for at least one year.

For the purpose of deciding which Options apply to Shares that exceed the \$100,000 limit, Incentive Stock Options shall be taken into account in the same order as granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Option or Stock Purchase Right shall confer upon an Optionee any right with respect to continuing the Optionee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

(c) The following limitations shall apply to grants of Options:

(i) No Service Provider shall be granted, in any fiscal year of the Company, Options to purchase more than one million (1,000,000) Shares.

(ii) The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 13.

(iii) If an Option is canceled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 13), the canceled Option will be counted against the limits set forth in subsection (i) above.

7. Term of the Plan. Subject to Section 19 of the Plan, the Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 15 of the Plan.

8. Term of Options. The term of each Option shall be stated in the Option Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns, directly or indirectly, stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

9. Option Exercise Price; Exercisability.

(a) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant, or

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% (or 110%, if clause (A) above applies) of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(b) *Waiting Period and Exercise Dates.* At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

10. Exercise of Options; Consideration.

(a) *Procedure for Exercise; Rights as a Shareholder.* Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. In the event that the

Table of Contents

Option Agreement does not provide for a vesting schedule, the applicable Option shall vest and become exercisable as to 33-1/3% of the Shares subject to the Option on the first anniversary of its date of grant, as to 66-2/3% of the Shares subject to the Option on the second anniversary of its date of grant, and as to 100% of the Shares subject to the Option on the third anniversary of its date of grant. Unless the Administrator provides otherwise, vesting of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share. An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and Section 10(e) of the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 13 of the Plan. Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Termination of Relationship as a Service Provider.* If an Optionee ceases to be a Service Provider, other than due to termination for Cause (as hereinafter defined) or upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement and except as otherwise provided in Sections 10(d) and 10(e) of this Plan, the Option shall remain exercisable for three months following the Optionee's termination (but in no event later than the expiration of the term of such Option). If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option in full within the time specified by the Administrator, the unexercised portion of the Option shall terminate, and the Shares covered by such unexercised portion of the Option shall revert to the Plan. An Optionee who changes his or her status as a Service Provider (e.g., from being an Employee to being a Consultant) shall not be deemed to have

Table of Contents

ceased being a Service Provider for purposes of this Section 10(b); however, if an Optionee owning Incentive Stock Options ceases being an Employee but continues as a Service Provider, such Incentive Stock Options shall be deemed to be Nonstatutory Options three months after the date of such cessation.

(c) *Termination of Service Provider for Cause.* If an Optionee ceases to be a Service Provider as a result of termination for Cause (as hereinafter defined), all rights of Optionee to exercise his or her Option shall terminate immediately. For purposes of this Plan, Cause shall have the meaning ascribed to it in such Service Provider's written agreement with the Company or if such person is not a party to a written agreement with the Company or such agreement does not define Cause in connection with the termination of services, Cause shall mean, in each case as determined by the Committee, (i) fraud, misappropriation, embezzlement, or willful and material damage of or to any property of the Company; (ii) conviction of any crime (whether or not involving the Company) which constitutes a felony in the jurisdiction involved; (iii) malfeasance or nonfeasance in the performance by Service Provider of his or her duties; (iv) failure or refusal of Service Provider to perform his or her duties in accordance with the reasonable directions given by the Board of Directors; or (v) the commission of any material act of dishonesty involving the Company or the disclosure of any confidential information of the Company in an unauthorized manner. It is also specifically understood that, in the event that the termination of a Service Provider is not for Cause (as defined herein), but the Company determines after such termination that, in its reasonable judgment, it could have terminated Service Provider for Cause (as defined herein), all remaining rights of Optionee to exercise his or her Option(s) during any time period that may still be open pursuant to Section 10(b) herein shall terminate immediately.

(d) *Disability of an Optionee.* If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination (but in no event later than the expiration of the term of such Option). If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option in full within the time specified herein, the unexercised portion of the Option shall terminate, and the Shares covered by such unexercised portion of the Option shall revert to the Plan.

Table of Contents

(e) *Death of an Optionee.* If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Option is vested on the date of death. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's death ((but in no event later than the expiration of the term of such Option). If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If the Option is not so exercised in full within the time specified herein, the unexercised portion of the Option shall terminate, and the Shares covered by the unexercised portion of such Option shall revert to the Plan.

(f) *Form of Consideration.* The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which (A) in the case of Shares acquired upon exercise of an option at a time when the Company is subject to Section 16(b), have been owned by the Optionee for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

Table of Contents

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

11. Stock Purchase Rights.

(a) *Rights to Purchase.* Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the offeree in writing or electronically, by means of a Notice of Grant and/or a Restricted Stock Purchase Agreement in the form determined by the Administrator, of the terms, conditions and restrictions related to the offer, including the number of Shares that the offeree shall be entitled to purchase and the price to be paid for such Shares. The offer shall be accepted by execution of a Restricted Stock Purchase Agreement in the form determined by the Administrator.

(b) *Repurchase Option.* Unless the Administrator determines otherwise, the Restricted Stock Purchase Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's service with the Company for any reason (including death or Disability). The purchase price for Shares repurchased pursuant to the Restricted Stock Purchase Agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at a rate determined by the Administrator. In the event that the Restricted Stock Purchase Agreement does not provide for a lapsing schedule, the restrictions shall lapse as to 33-1/3% of the Shares subject to the Restricted Stock Purchase Agreement on the first anniversary of the grant of the Stock Purchase Right, as to 66-2/3% of the Shares subject to the Restricted Stock Purchase Agreement on the second anniversary of the grant of the Stock Purchase Right, and as to 100% of the Shares subject to the Restricted Stock Purchase Agreement on the third anniversary of the grant of the Stock Purchase Right.

(c) *Other Provisions.* The Restricted Stock Purchase Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.

(d) *Rights as a Shareholder.* Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a shareholder, and shall be a shareholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the

Table of Contents

record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 13 of the Plan.

12. Non-Transferability of Options and Stock Purchase Rights. Unless determined otherwise by the Administrator, an Option or Stock Purchase Right may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option or Stock Purchase Right transferable, such Option or Stock Purchase Right shall contain such additional terms and conditions as the Administrator deems appropriate.

13. Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) *Changes in Capitalization.* Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option and Stock Purchase Right, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options or Stock Purchase Rights have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option or Stock Purchase Right, as well as the price per share of Common Stock covered by each such outstanding Option or Stock Purchase Right, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option or Stock Purchase Right.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until ten (10)

Table of Contents

days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option or Stock Purchase Right shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option or Stock Purchase Right will terminate immediately prior to the consummation of such proposed action.

(c) *Merger or Asset Sale.* In the event of a merger or consolidation of the Company with or into another corporation or any other entity or the exchange of substantially all of the outstanding stock of the Company for shares of another entity or other property in which, after either transaction the prior shareholders of the Company own less than fifty percent (50%) of the voting shares of the continuing or surviving entity, or in the event of the sale of all or substantially all of the assets of the Company, (either event, a Change of Control), then each outstanding Option and Stock Purchase Right shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the Administrator determines that the successor corporation or a Parent or a Subsidiary of the successor corporation has refused to assume or substitute an equivalent option or right for each outstanding Option or Stock Purchase Right, the Optionees shall fully vest in and have the right to exercise each outstanding Option and Stock Purchase Right as to all of the Optioned Stock covered thereby, including Shares which would not otherwise be vested or exercisable. If an Option and/or Stock Purchase Right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a Change of Control, the Administrator shall notify all Optionees that all outstanding Options and Stock Purchase Rights shall be fully exercisable for a period of fifteen (15) days from the date of such notice and that any Options and Stock Purchase Rights that are not exercised within such period shall terminate upon the expiration of such period. For the purposes of this paragraph, all outstanding Options and Stock Purchase Rights shall be considered assumed if, following the consummation of the Change of Control, the Option and Stock Purchase Right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option or Stock Purchase Right immediately prior to the consummation of the Change of Control, the consideration (whether stock, cash, or other securities property) received in the Change of Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change of Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide

for the consideration to be received upon the exercise of the Option or Stock Purchase Right, for each Share of Optioned Stock subject to the Option or Stock Purchase Right, to be solely common stock of the successor corporation or its Parent or Subsidiary equal in fair market value to the per share consideration received by holders of Common Stock in the Change of Control.

14. Date of Grant. The date of grant of an Option or Stock Purchase Right shall be, for all purposes, the date on which the Administrator makes the determination granting such Option or Stock Purchase Right, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Optionee within a reasonable time after the date of such grant.

15. Amendment and Termination of the Plan.

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(b) *Shareholder Approval.* The Company shall obtain shareholder approval of any Plan amendment to the extent necessary to comply with Applicable Laws.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

16. Conditions Upon Issuance of Shares.

(a) *Legal Compliance.* Shares shall not be issued pursuant to the exercise of an Option or Stock Purchase Right unless the exercise of such Option or Stock Purchase Right and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the exercise of an Option or Stock Purchase Right, the Company may require the person exercising such Option or Stock Purchase Right to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or

Table of Contents

distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

(c) *Additional Conditions.* The Administrator shall have the authority to condition the grant of any Option or Stock Purchase Right in such other manner that the Administrator determines to be appropriate, provided that such condition is not inconsistent with the terms of the Plan. Such conditions may include, among other things, obligations of Optionees to execute lock-up agreements and shareholder agreements in the future.

17. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

18. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

19. Shareholder Approval. The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws. Notwithstanding any provision in the Plan to the contrary, any exercise of an Option granted before the Company has obtained shareholder approval of the Plan in accordance with this Section 19 shall be conditioned upon obtaining such shareholder approval of the Plan in accordance with this Section 19.

20. Withholding; Notice of Sale. The Company shall be entitled to withhold from any amounts payable to an Employee any amounts which the Company determines, in its discretion, are required to be withheld under any Applicable Law as a result of any action taken by a holder of an Option or Stock Purchase Right. Each Optionee who sells any Shares acquired upon exercise of an Incentive Stock Option shall, promptly after such sale, provide the Company with notice of such sale and such information regarding such sale as the Company shall reasonably request.

(ii) if the Common Stock is regularly quoted by a recognized securities dealer but is not listed in the manner contemplated by clause (i) above, the Fair Market Value of a Share of Common Stock shall be the mean between the high bid and low asked prices for the Common Stock on the last market trading day prior to the day of determination, as reported in The Wall Street Journal or such other source as the Committee deems reliable; or

5. **Eligibility.** The only persons who shall be eligible to receive Options under the Plan shall be persons who, on the date such Options are granted, constitute Outside Directors.

6. **Term of the Plan.** No Option may be granted under the Plan more than ten (10) years after the date the Plan is first adopted by the Board.

7. **Grant of Options.** Each Outside Director on the day following the Annual Meeting in 2004 or the day first elected to serve on the Board, whichever is later, shall automatically be granted Options to purchase twenty five thousand (25,000) shares of Common Stock on the terms and conditions set forth herein. Each Outside Director who, as of the day following the Annual Meeting in 2004, is first elected chairman of a specific duly constituted committee of the Board (a Board Committee) shall also automatically be granted Options to purchase an additional twenty five thousand (25,000) shares of Common Stock on the terms and conditions set forth herein. Each Outside Director who, as of the day following the Annual Meeting in 2004, is not chairman of a specific Board Committee, shall automatically be granted Options to purchase an additional twenty five thousand (25,000) shares of Common Stock on the terms and conditions set forth herein on the date, if any, that he or she is elected to serve as chairman of such specific Board Committee.

8. **Option Provisions.** Each Option shall be in such form and shall contain such terms and conditions as required by the Plan and the Committee. Each Option shall include (through incorporation of provisions hereof or by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) *Term.* Each Option shall cease to be exercisable ten (10) years after the date on which it is granted.

(b) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be 100% of the Fair Market Value per Share on the date of grant.

(c) *Exercise Period.* Unless the exercise date of an Option is accelerated pursuant to Section 13 hereof, the following provisions shall apply with respect to the exercise of Options:

(i) during the first year after the date of grant, such Option shall not be exercisable; and

Table of Contents

(ii) during the second year after the date of grant, such Option may only be exercised as to up to 33% of the shares of Common Stock initially covered thereby; and

(iii) during the third year after the date of grant, such Option may only be exercised as to up to 66-2/3% of the shares of Common Stock initially covered thereby; and

(iv) such Option may be exercised in its entirety or as to any portion thereof at any time during the fourth year after the date of grant and thereafter until the term of such Option expires or otherwise ends.

9. Method of Exercise; Rights as a Shareholder.

(a) *Procedure for Exercise.* An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Option Agreement and Section 9(b) of the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee. An Option may not be exercised for a fraction of a Share. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Shares, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 12 of the Plan. Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Form of Consideration.* The Committee shall determine the acceptable form of consideration for exercising an Option, including the method of payment. Such consideration may consist entirely of:

- (i) cash;
- (ii) check;
- (iii) promissory note;
- (iv) other Shares;

Table of Contents

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) any combination of the foregoing methods of payment; or

(vii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. Termination of Board Status. In the event that an Optionee ceases to serve on the Board for any reason other than cause, death or disability, such Optionee's Options shall automatically terminate three months after the date on which such service terminates, but in any event not later than the date on which such Options would terminate pursuant to Section 8(a) hereof. In the event that an Optionee is removed from the Board by means of a resolution which recites that the Optionee is being removed solely for cause, such Optionee's Options shall automatically terminate on the date such removal is effective. In the event that an Optionee ceases to serve on the Board by reason of death or disability, an Option exercisable by him shall terminate one year after the date of death or disability of the Optionee, but in any event not later than the date on which such Options would terminate pursuant to Section 8(a) hereof. During such time after death, an Option may only be exercised by the Optionee's personal representative, executor or administrator, as the case may be. No exercise permitted by this Section 10 shall entitle an Optionee or his personal representative, executor or administrator to exercise any portion of any Option beyond the extent to which such Option is exercisable pursuant to Section 8 hereof on the date such Optionee ceases to serve on the Board.

11. Non-Transferability of Options. Unless determined otherwise by the Committee, an Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Committee makes an Option transferable, such Option shall contain such additional terms and conditions as the Committee deems appropriate.

12. Adjustments Upon Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted

or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

13. Mandatory Exercise. Notwithstanding anything to the contrary set forth in the Plan, in the event that (x) the Company should adopt a plan of reorganization pursuant to which (i) it shall merge into, consolidate with, or sell substantially all of its assets to, any other corporation or entity or (ii) any other corporation or entity shall merge into the Company in a transaction in which the Company shall become a wholly-owned subsidiary of another entity, or (y) the Company should adopt a plan of complete liquidation, then (I) all Options granted hereunder shall be deemed fully vested and (II) the Company may give an Optionee written notice thereof requiring such Optionee either (a) to exercise his or her Options within thirty (30) days after receipt of such notice, including all installments whether or not they would otherwise be exercisable at such date, (b) in the event of a merger or consolidation in which shareholders of the Company will receive shares of another corporation, to agree to convert his or her Options into comparable options to acquire such shares, (c) in the event of a merger or consolidation in which shareholders of the Company will receive cash or other property (other than capital stock), to agree to convert his or her Options into such consideration (in an amount representing the appreciation over the exercise price of such Options) or (d) to surrender such Options or any unexercised portion thereof.

14. Grant Agreement. Each grant of an Option under the Plan will be evidenced by a document in such form as the Committee may from time to time approve. Such document will contain such provisions as the Committee may in its discretion deem advisable, including without limitation additional restrictions or conditions upon the exercise of an Option, provided that such provisions are not inconsistent with any of the

provisions of the Plan. The Committee may require an Optionee, as a condition to the grant or exercise of an Option or the issuance or delivery of shares upon the exercise of an Option or the payment therefor, to make such representations and warranties and to execute and deliver such notices of exercise and other documents as the Committee may deem consistent with the Plan or the terms and conditions of the Option Agreement. Not in limitation of any of the foregoing, in any such case referred to in the preceding sentence the Committee may also require the Optionee to execute and deliver documents containing such representations (including the investment representations described in Section 16(b) of the Plan), warranties and agreements as the Committee or counsel to the Company shall deem necessary or advisable to comply with any exemption from registration under the Securities Act of 1933, as amended, any applicable State securities laws, and any other applicable law, regulation or rule.

15. Amendment and Termination of the Plan.

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(b) *Shareholder Approval.* The Company shall obtain shareholder approval of any Plan amendment to the extent necessary to comply with Applicable Laws.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Committee, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Committee's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

16. Conditions Upon Issuance of Shares.

(a) *Legal Compliance.* Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention

to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

(c) *Additional Conditions.* The Committee shall have the authority to condition the grant of any Option in such other manner that the Committee determines to be appropriate, provided that such condition is not inconsistent with the terms of the Plan.

17. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

18. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

19. Shareholder Approval. The Plan shall be subject to approval by the shareholders of the Company. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws.

20. Withholding; Notice of Sale. The Company shall be entitled to withhold from any amounts payable to an Optionee any amounts which the Company determines, in its discretion, are required to be withheld under any Applicable Law as a result of any action taken by a holder of an Option.

21. Governing Law. This Plan shall be governed by the laws of the state of Delaware.

Procedures to be Followed with Respect to the Submission of Names for Consideration by the Nominating Committee.

The following procedures (the "Minimum Procedures") shall be utilized in considering any candidate for election to the Board at an annual meeting, other than candidates who have previously served on the Board or who are recommended by the Board. A nomination must be delivered to the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than thirty (30) days before or more than sixty (60) days after such anniversary date, notice to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by the Company. In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period (or extend any time period) for the giving of a notice as described above. Such notice shall set forth as to each person whom the proponent proposes to nominate for election as a director (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), and (b) information that will enable the Nominating Committee to determine whether the candidate satisfies the Minimum Criteria and any Additional Criteria (as defined below) established by the Nominating Committee.

In the event that a director is to be nominated at a special meeting of shareholders or is to be elected by the Board, the Nominating Committee shall develop procedures designed to conform, as nearly as practicable, to the procedures applicable to elections of Board members at annual meetings.

The Nominating Committee may, but shall not be required to, develop other procedures (the "Additional Procedures") designed to supplement the Minimum Procedures.

Processes to be Followed in Considering Candidates

Candidates to serve on the Board shall be identified from such sources as shall be available to the Nominating Committee, including without limitation recommendations made by shareholders.

Table of Contents

There shall be no differences in the manner in which the Nominating Committee evaluates nominees recommended by shareholders and nominees recommended by the committee or management, except that no specific process shall be mandated with respect to the nomination of any individuals who have previously served on the Board. The evaluation process shall include (i) a review of the information provided to the Nominating Committee by the proponent, (ii) a review of reference letters from at least two sources determined to be reputable by the Nominating Committee and (iii) a personal interview of the candidate, together with a review of such other information as the Nominating Committee shall determine to be relevant.

Duties of the Nominating Committee

The Nominating Committee shall:

determine whether other criteria (the Additional Criteria), beyond the Minimum Criteria, should apply in nominating members of the Board, such Additional Criteria to

reflect, at a minimum, all applicable laws, rules, regulations and listing standards applicable to the Company, and

take into account a potential candidate s experience, areas of expertise and other factors relative to the overall composition of the Board of Directors;

determine whether the Minimum Procedures should be supplemented with Additional Procedures relating to the information to be submitted to the Nominating Committee regarding prospective candidates;

annually review the size, composition and needs of the Board and make recommendations to the Board;

annually review the Nominating Committee charter and recommend to the Board any changes it deems necessary or desirable.

Meetings of the Nominating Committee

The Nominating Committee shall meet as often as necessary to carry out its responsibilities, but not less than once each year.
