Merger

On April 5, 2006, HealthMarkets, Inc. completed its merger (the Merger) providing for the acquisition of the Company by affiliates of a group of private equity investors, including The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners. The stock ownership of each of these private equity firms is set forth below under the caption Security Ownership of Certain Beneficial Owners and Management. As a result of the Merger, holders of record on April 5, 2006 of HealthMarkets common shares (other than shares held by certain members of management and shares held through HealthMarkets agent stock accumulation plans) received \$37.00 in cash per share.

In the transaction, HealthMarkets public shareholders received aggregate consideration of approximately \$1.6 billion, of which approximately \$985.0 million was contributed as equity by the Private Equity Investors. The balance of the Merger consideration was financed with the proceeds of a \$500.0 million term loan facility extended by a group of banks, the proceeds of \$100.0 million of trust preferred securities issued in a private placement, and Company cash on hand in the amount of approximately \$42.8 million.

Voting

The Board of Directors has selected the close of business on March 30, 2008 (the Record Date) as the time for determining the holders of record of our Class A-1 Common Stock, par value \$0.01 per share, and Class A-2 Common Stock, par value \$0.01 per share (collectively, Common Stock), entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof. Shares of Common Stock outstanding on the record date are the only securities that entitle holders to vote at the Annual Meeting or any adjournment or postponement thereof. Each share of Class A-1 Common Stock and Class A-2 Common Stock is entitled to one vote per share on all matters to be presented at the Annual Meeting.

Members of the Board of Directors, members of management and other significant holders of our Class A-1 Common Stock (collectively, the Consenting Stockholders) own a total of 26,921,399 shares, or approximately 87% of our total voting power. Because the Consenting Stockholders have indicated that they will vote in favor of all of the Proposals and because such Consenting Stockholders control more than a majority of the voting power, the Proposals are assured of receiving the required vote and being adopted and, thus, we are not soliciting any proxies from holders of the Class A-2 Common Stock.

Stockholders attending the Annual Meeting are welcome to vote at the Annual Meeting and may address any matters that may properly come before the Annual Meeting.

How Many Shares of HealthMarkets Common Stock Were Outstanding as of the Record Date?

As of March 30, 2008, our record date, 31,012,201 shares of our Common Stock were issued and 30,920,137 shares were outstanding, consisting of 26,921,399 shares of Class A-1 Common Stock and 3,998,738 shares of Class A-2 Common Stock. Each share owned entitles the holder to one vote for each share so held. A list of our Stockholders entitled to vote is available at our executive offices at 9151 Boulevard 26, North Richland Hills, Texas 76180. The telephone number of our executive offices is (817) 255-5200.

How Many Shares Are Needed to Constitute a Quorum at the Meeting?

The presence, in person or by proxy, of stockholders holding at least a majority of the voting power are necessary to constitute a quorum at the Annual Meeting. However, the stockholders present at the Annual Meeting may adjourn the Annual Meeting despite the absence of a quorum.

What Vote is Required to Approve the Proposals?

A plurality of the votes cast is required to elect directors. For all of the other Proposals, the affirmative vote of the holders of a majority of the voting power of the shares present or represented by proxy is required to approve the other Proposals. Abstentions will have the same effect as votes against the Proposals, although abstentions will count toward the presence of a quorum.

Table of Contents

Why Isn't HealthMarkets Required to Solicit Proxies for the Proposals?

As indicated above, the Consenting Stockholders have indicated they will vote in favor of the Proposals, thereby ensuring that such Proposals will be adopted. Therefore, the solicitation of proxies is not necessary, and, in order to eliminate the costs and management time involved, our Board of Directors has decided not to solicit proxies.

When Will Each Proposal Become Effective?

The Proposals will be effective immediately following the completion of the Annual Meeting, which is at least 20 days after the mailing of this Information Statement. We are mailing this Statement on or about May 1, 2008 and will hold our Annual Meeting on May 22, 2008.

How Can Stockholders Participate in the Meeting?

Each stockholder of record as of the record date can participate in the Annual Meeting personally or through another person or persons designated to act for such stockholder by proxy.

How Will Our Stockholders Know When the Proposals are Effective?

Those stockholders that attend the Annual Meeting will be notified then of the effectiveness of the Proposals. In addition, we will notify our stockholders of the effective dates of the Proposals described in this Information Statement when we file our Form 10-Q for the quarter ended June 30, 2008, which will be the first Quarterly Report on Form 10-Q following the Annual Meeting.

Who Will Pay for the Costs Associated with this Information Statement?

HealthMarkets will pay all costs associated with distributing this Information Statement, including the costs of printing and mailing.

No additional action is required by you in connection with the Proposals. However, Section 14(c) of the Securities Exchange Act of 1934 requires the mailing to our stockholders of the information set forth in this Information Statement at least twenty (20) days prior to the earliest date on which the corporate action may be taken.

PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

Eleven (11) directors will be elected at the Annual Meeting, each of whom is expected to serve until our next annual meeting of stockholders and until his successor has been duly elected and qualified. All of the nominees are currently directors of the Company, and each nominee has consented to being named as a nominee and to serve, if elected.

In connection with the Merger, we entered into a stockholders agreement with various investment affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking (the Private Equity Investors), as well as certain management stockholders. The Stockholders Agreement provides that the Board of Directors of the Company consist of the following:

up to six directors nominated or designated by the investment affiliates of Blackstone and any permitted transferee thereof (collectively, the Blackstone Investor Group);

up to two directors nominated or designated by the investment affiliates of Goldman Sachs and any permitted transferee thereof (collectively, the GS Investor Group);

up to one director nominated or designated by the investment affiliates of DLJ Merchant Banking and any permitted transferee thereof (collectively, the DLJ Investor Group, and each of the Blackstone Investor Group, the GS Investor Group and the DLJ Investor Group, a Private Equity Investor Group);

one member of management, which we refer to as the Management Director, to be nominated by Private Equity Investors holding a majority of the Class A-1 Common Stock held by Private Equity Investors; and

additional directors, which we refer to as the Additional Directors, including directors who may be considered independent under various SEC and stock exchange definitions to the extent deemed necessary or advisable.

The allocation of board representation to the Private Equity Investor Groups will be reduced as the ownership interest of Class A-1 Common Stock of such Private Equity Investor Group is reduced. The Blackstone Investor Group will have the ability to designate a majority of the directors for so long as it holds a majority of the shares of Class A-1 Common Stock issued to the Private Equity Investors in the Merger. Each Private Equity Investor Group will lose its right to designate directors entirely when its ownership of shares of Class A-1 Common Stock is less than the greater of (i) five percent of the shares of Class A-1 Common Stock issued to the Private Equity Investors in the Merger and (ii) three percent of the then-outstanding shares of Class A-1 Common Stock.

Generally, each director will have one vote. However, if the Blackstone Investor Group nominates or designates fewer than the maximum number of directors to which it is entitled, then the Blackstone Investor Group's directors will have aggregate voting power on board matters equal to the maximum number of directors that the Blackstone Investor Group is entitled to nominate or designate divided by the number of directors they have actually nominated or designated.

The Blackstone Investor Group has designated Chinh E. Chu and Matthew S. Kabaker for nomination as directors. The GS Investor Group has designated Adrian M. Jones and Sumit Rajpal for nomination as directors. The DLJ Investor Group has designated Kamil M. Salame for nomination as a director. William J. Gedwed has been designated

as the Management Director. Messrs. Allen F. Wise, Harvey C. DeMovick, Jr., Mural R. Josephson, Andrew S. Kahr and Steven J. Shulman have been designated as Additional Directors.

The Audit Committee reviews the services performed by the independent registered public accounting firm in connection with determining their independence, reviews the reports of the independent registered public accounting firm and internal auditors, and reviews recommendations about internal controls. The Committee selects and appoints the Company's independent registered public accounting firm and approves any significant non-audit relationship with the independent registered public accounting firm.

KPMG LLP, the Company's independent registered public accounting firm, has direct access to the Audit Committee and may discuss any matters that arise in connection with their audits, the maintenance of internal controls, and any other matters relating to the Company's financial affairs. The Audit Committee may authorize the independent registered public accounting firm to investigate any matters that the Audit Committee deems appropriate and may present its recommendations and conclusions to the Board.

Since joining the Board in May 2003, Mr. Josephson has served as the Audit Committee Chairman. The Board of Directors has determined that Mr. Josephson, who is independent of management of the Company, is an audit committee financial expert, as that term is defined under applicable Securities Exchange Act rules. In July 1998, Mr. Josephson retired as a partner with KPMG LLP after 28 years with the firm. Mr. Josephson is a licensed Certified Public Accountant in the State of Illinois, and is a member of the American Institute of Certified Public Accountants. The other members of the Audit Committee are not independent.

The Audit Committee operates under a written charter adopted by the Board of Directors. The charter is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarkets.com>). A copy of the charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180. The Committee reviews and assesses the adequacy of its charter on an annual basis.

The Audit Committee has adopted procedures governing the receipt, retention and handling of concerns regarding accounting, internal accounting controls or auditing matters that are reported by employees, stockholders and other persons. Employees may report such concerns confidentially and anonymously by utilizing a toll free hot line number (877-778-5463) or by accessing Report-It (<http://www.reportit.net>), a third party reporting service. All others may direct such concerns in writing to the Board of Directors, Audit Committee and/or the non-Management Directors c/o our Corporate Secretary, HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Executive Committee

The Executive Committee has the authority of the full Board of Directors in the management and affairs of the Company, except that the Committee *may not* effect certain fundamental corporate actions, including (a) declaring a

dividend, (b) amending the Certificate of Incorporation or By-Laws, (c) adopting an agreement of merger or consolidation, or (d) imposing a lien on substantially all of the assets of the Company. In practice, the Executive Committee meets infrequently and does not act except on matters that are not sufficiently important to require action by the full Board of Directors. Although the Executive Committee did not meet during the Company's 2007 fiscal year, the Committee took action on selected occasions by unanimous consent of its members.

Compliance & Governance Committee

The Compliance & Governance Committee was established by the Board of Directors on August 30, 2006. The Committee develops and recommends to the Board the Corporate Governance Guidelines applicable to the Company; oversees the evaluation of the Board and management, and reviews the succession plan of the Chief Executive Officer and other key officer positions. The Committee also oversees and monitors the Company's compliance and regulatory functions, including the assessment on a periodic basis of the processes related to the Company's risk and control environment, the oversight of the integrity of the Company's compliance with legal and regulatory requirements and evaluation of the Company's overall compliance program. The Committee also makes recommendations concerning the structure, size and membership of the various committees of the Board of Directors.

The Compliance & Governance Committee operates under a written charter adopted by the Board of Directors. The charter is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarkets.com>). A copy of the charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Nominating Committee

The Nominating Committee identifies individuals qualified to become directors and recommends that the Board select the director nominees to be voted on at the next annual meeting of stockholders. None of the members of the Nominating Committee are independent.

As a result of the Merger and the terms of the Stockholders' Agreement that provide for the designation of directors by the Private Equity Investor Groups, the Board of Directors has determined that it is not appropriate to establish specific qualifications for nominees or a formal process for identifying and evaluating such nominees for director.

In carrying out its responsibilities to nominate directors, the Nominating Committee will consider candidates recommended by the Board of Directors and by stockholders of the Company. All suggestions by stockholders for nominees for director for 2009 must be made in writing and received by the Corporate Secretary of the Company, 9151 Boulevard 26, North Richland Hills, Texas 76180 not later than March 2, 2009 (*see* Stockholder Proposals for the 2009 Annual Meeting). The mailing envelope must contain a clear notation indicating that the enclosed letter is a Director Nominee Recommendation. The letter must identify the author as a stockholder and provide a brief summary of the candidate's qualifications, as well as contact information for both the candidate and the stockholder. At a minimum, candidates for election to the Board must meet the independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Candidates should also have relevant business and financial experience, and must be able to read and understand fundamental financial statements. The Committee has not historically received director candidate recommendations from the Company's stockholders but will consider all relevant qualifications as well as the needs of the Company in terms of compliance with the Securities and Exchange Commission rules.

The Nominating Committee operates under a written charter adopted by the Board of Directors, which is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarkets.com>). A copy of the

charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Although the Nominating Committee did not meet during 2007, the Committee took action on selected occasions by unanimous consent of its members.

Executive Compensation Committee

The Executive Compensation Committee administers the Company's compensation programs and remuneration arrangements for its highest-paid executives. The Committee is authorized to provide assistance to the Company's directors in fulfilling their responsibility to shareholders to ensure that the Company's officers, key executives and directors are compensated in accordance with the Company's total compensation objectives and executive compensation policy. The Company is also authorized to advise, recommend, and approve compensation policies, strategies, and pay levels necessary to support organizational objectives. The Committee may form and delegate to subcommittees when appropriate.

The Committee evaluates the CEO's performance and sets the CEO's compensation level based on this evaluation. The Committee meets in executive session without the CEO to determine his compensation. The Committee receives recommendations from the CEO as to compensation of other executive officers, and the CEO participates in Committee discussions regarding the compensation of such officers.

The Committee also makes recommendations to the Board with respect to incentive-compensation plans and equity-based plans, evaluates, from time to time, the compensation to be paid to directors for their service on the Board or any committee thereof, and prepares a report on executive compensation as required by the Securities and Exchange Commission to be included in the Information Statement.

Historically, the Committee has engaged the services of an independent compensation consultant to assess the Company's compensation program and to obtain additional information relative to administering executive compensation decisions. As discussed in the Compensation Discussion and Analysis, the Committee had access to compensation information prepared by Mercer Human Resources Consulting, Inc. in March 2007, which information was considered by the Committee in determining 2007 annual bonus compensation for the Company's executives.

The Executive Compensation Committee operates under a written charter adopted by the Board of Directors, which is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarkets.com>). Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Board has determined that Messrs. Chu, Kabaker and Jones are not independent as that term is defined under the listing standards of the New York Stock Exchange, due to their respective affiliations with the Private Equity Investors. During 2007, no Executive Compensation Committee member was an officer or employee of us or our subsidiaries, or formerly an officer, nor had any relationship otherwise requiring disclosure under the rules of the Securities and Exchange Commission. None of our executive officers served as a member of the Executive Compensation Committee or as a director of any company where an executive officer of that company is a member of our Executive Compensation Committee. The members of the Executive Compensation Committee thus do not have any compensation committee interlocks or insider participation. Certain relationships and related transactions that may indirectly involve our board members are described below under the caption Certain Relationships and Related Party Transactions.

Family Relationships

There are no family relationships between any of the directors or executive officers.

Involvement in Certain Legal Proceedings

During the past five years, none of the directors or executive officers has been involved in any legal proceedings that are material to the evaluation of their ability or integrity.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Company's Executive Compensation Program

The Company's compensation objectives are to support the Company's overall business strategy and objectives, attract and retain the best possible executive talent, motivate executive officers to achieve the Company's performance objectives, and reward individual performance and contributions. We intend that our executive compensation program will effectively and appropriately compensate our executives and will guide their activities in response to targeted incentives we provide.

Prior to the April 5, 2006 Merger in which the Private Equity Investors acquired the Company, our compensation programs and policies were administered and overseen by a compensation committee composed entirely of independent directors. Following the Merger, the Executive Compensation Committee (the Committee) (of which Chinh Chu (Chairman), Matthew Kabaker, Adrian Jones, Mural R. Josephson and Steven Shulman serve as members) administers the Company's compensation programs and remuneration arrangements for its highest-paid executives. As discussed in more detail above under the heading Compensation Committee Interlocks and Insider Participation in Compensation Decisions, several of the members of the Committee are not considered independent.

In connection with the Merger, Messrs. Gedwed, McQuagge, Plato and Myhra entered into definitive employment agreements with the Company. Mr. Boxer and Ms. Coccozza entered into definitive employment agreements with the Company in connection with their appointments as officers of the Company in September 2006 and March 2007, respectively. In general, the employment agreements provided for annual base salary and eligibility for an annual bonus ranging from 75% of annual base salary up to 200% of annual base salary (depending upon the executive's position). The terms of the employment agreements are discussed in more detail below under the heading Employment and Consulting Agreements.

Components of Executive Compensation

Historically, we have used a variety of compensation elements to reach our executive compensation program goals. These include base salary, annual bonus compensation, awards of stock options, certain additional incentive programs, employee benefit plans, and termination and change in control arrangements. We also offer limited perquisites to executive officers. Each component of compensation has been designed to complement the other components and, when considered together, to meet the Company's overall compensation objectives; however, there is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

Base Salaries

Base salary is the primary fixed portion of executive pay. It compensates executives for performing their day-to-day duties and responsibilities. As discussed above, the base salaries of the executive officers named in the Summary Compensation Table on page 20 below (the Named Executive Officers or the NEOs) for 2007 were based on the terms of their employment agreements, which were entered into in connection with the Merger or their appointment as an officer. Messrs. Gedwed, Boxer, Plato and Myhra did not receive an increase in base salary at the beginning of 2007. Mr. McQuagge received a 12.5% increase at the beginning of 2007 in order to maintain the competitiveness of his base salary relative to the market and to recognize past performance. Ms. Coccozza's employment did not commence until March 30, 2007.

Annual Bonus Compensation

The Company has established an annual bonus compensation plan for senior executives pursuant to which the Company has set a bonus potential for each executive as a percentage of base compensation. The annual bonus compensation plan is designed to achieve the Company's objective of linking compensation to annual performance results, attracting, motivating and retaining high-caliber leadership, and aligning the interests of senior executives and stockholders.

Table of Contents

The bonus potential established for the Named Executive Officers for 2007 ranged from 75% to 200% of base salary, and was based on the terms of the employment agreements with each NEO. Following the end of 2007, Mr. Gedwed met individually with Ms. Coccozza and Mr. McQuagge and evaluated their performance for the year. Mr. Gedwed then made bonus recommendations to the Committee for these Named Executive Officers. With respect to Mr. McQuagge, Mr. Gedwed's recommendations took into consideration the following factors: corporate financial performance; Agency Marketing Group and Self-Employed Agency Division financial performance; growth prospects; regulatory compliance; and management abilities. With respect to Ms. Coccozza, Mr. Gedwed's recommendations took into consideration the following factors and weightings: corporate financial performance 25%; Medicare Division operational and financial performance 50%; and discretionary evaluation 25%. With respect to Mr. Boxer, Mr. Gedwed recommended the bonus amount set forth in Mr. Boxer's employment agreement.

The final determination of annual bonus compensation payouts with respect to 2007 performance for Mr. Boxer, Mr. McQuagge and Ms. Coccozza was made at a meeting of the Committee held on March 13, 2008, at which time the Committee considered Mr. Gedwed's recommendations. The Committee made some adjustments to what was recommended by Mr. Gedwed and then approved the 2007 bonuses in the amounts set forth in the bonus column of the Summary Compensation Table on page 20 below.

Mr. Plato received a 2007 bonus in March 2008 following his review with David Fields, the Company's Executive Vice President and Chief Operating Officer, consistent with other employees who are not direct reports of the CEO. Mr. Plato began reporting to Mr. Fields following Mr. Fields' appointment on November 6, 2007. Mr. Plato's 2007 bonus was determined in connection with discussions between Mr. Fields and Mr. Plato regarding Mr. Plato's retirement. Mr. Plato's retirement became effective on March 28, 2008.

Pursuant to the terms of his employment agreement, Mr. Myhra received a pro-rata portion of his 2007 target bonus in connection with his separation from the Company effective August 31, 2007.

Based on the Company's performance in 2007, Mr. Gedwed requested that the Committee remove him from consideration for an annual bonus prior to the evaluation process. Accordingly, the Committee did not evaluate Mr. Gedwed for purposes of determining 2007 bonus compensation.

The Committee also had access to the compensation information prepared by Mercer Human Resources Consulting, Inc. (Mercer) in March 2007. The analysis was limited to base salary and annual bonus payable to executive officers at a peer group of companies. The analysis was based on proxy data, other publicly disclosed information and Mercer's own research library. The peer group considered in the Mercer analysis consisted of the following companies: Assurant, Cincinnati Financial, Torchmark, Unitrin, Protective Life, Phoenix Companies, StanCorp Financial Group, AmerUS Group, Great American Financial, Universal American and FBL Financial. Although this survey information was considered by the Committee in determining annual bonus compensation, no particular weight was accorded the survey information and the Committee did not necessarily attempt to provide a level of compensation at any particular range within the survey group.

The annual bonuses paid to Mr. Boxer, Ms. Coccozza and Mr. Plato for 2007 ranged from approximately 77% to 100% of annualized base salary and are included in the Bonus column of the Summary Compensation Table on page 20 below.

Stock Options 2006 Management Stock Option Plan

On May 8, 2006, the Board of Directors of HealthMarkets adopted the 2006 Management Stock Option Plan (the 2006 Plan), in accordance with which options to purchase shares of HealthMarkets' Class A-1 Common Stock may be granted from time to time to officers, employees and non-employee directors of HealthMarkets or any subsidiary. The

purpose of the 2006 Plan is to attract and retain officers and other key employees for the Company and its subsidiaries and to provide to such persons incentives and rewards for superior performance. The Board believes that the Company will be able to enhance the prospects for its business objectives and more closely align the interests of outside directors, officers and key employees with those of the Company's stockholders by providing those individuals with the opportunity to increase their equity interests in the Company on meaningful terms.

Table of Contents

In May and June of 2006, the Committee granted non-qualified options under the 2006 Plan to Messrs. Gedwed, McQuagge, Plato and Myhra. Option grants under the 2006 Plan were made in connection with the Merger. Mr. Boxer received a grant of non-qualified options under the 2006 Plan in September 2006 in connection with his appointment as the Company's Executive Vice President and Chief Financial Officer. Ms. Coccozza received a grant of non-qualified stock options under the 2006 Plan in March 2007 in connection with her appointment as Executive Vice President and President of the Company's Medicare Division. Except in the case of a newly-hired executive, it is not currently anticipated that additional option grants will be made to the Named Executive Officers under the 2006 Plan.

These options were intended to provide a long-term incentive opportunity to the executives that also linked the interests of the executive with those of the stockholders, as the options provide no value unless the value of the underlying shares increases. The number of stock options granted to a particular executive officer was based on the executive's position and an evaluation of the executive's ability to influence the long-term growth and profitability of the Company. The number of options previously granted to, and shares held by, an officer were not considered in determining the number of options granted in May and June of 2006 to the officer. These options are included in the Grants of Plan Based Awards table on page 21 below. The Committee does not time the grant of stock options in consideration of the release of material non-public information.

Under the 2006 Plan, the option price may not be less than 100% of the Fair Market Value (as defined below) on the date of grant, except that the option price of an incentive stock option issued to an employee who owns Class A-1 Common Stock possessing more than ten percent (10%) of the total combined voting power of all classes of Company stock may not be less than 110% of the Fair Market Value on the date of grant. Under the 2006 Plan, Fair Market Value is defined to mean the fair market value of a share as determined from time to time by the Board in good faith or, in the event of a termination of employment by certain key executives (other than for cause) within six months of an IPO or change of control, the consideration paid per share pursuant to such transaction.

In connection with the extraordinary cash dividend declared on May 3, 2007, and to prevent a dilution of the rights of participants in the 2006 Plan, the Board of Directors approved an adjustment of options granted under the 2006 Plan, pursuant to which the exercise price was reduced by \$10.51 per share the amount of the extraordinary cash dividend.

The stock options granted to employees under the 2006 Plan vest in three tranches. One-third of the options vest in 20% increments over five years with an exercise price equal to the fair market value per share at the date of grant (the Time-Based Options). One-third of the options vest in increments of 25%, 25%, 17%, 17% and 16% over five years, provided that the Company shall have achieved certain specified performance targets, with an exercise price equal to the fair market value on the date of grant (the Performance-Based Options). The remaining one-third of the options vest in increments of 25%, 25%, 17%, 17% and 16% over five years with an initial exercise price equal to the fair market value at the date of grant. The exercise price increases 10% each year beginning on the second anniversary of the grant date and ending on the fifth anniversary of the grant date (the Tranche C Options). Options granted to directors (Director Options) vest in 20% increments over five years. Director Options, Time Based Options, Performance-Based Options and Tranche C Options expire ten years following the grant date and become immediately exercisable upon the occurrence of a Change in Control (as defined) if the optionee remains in the continuous employ of the Company or any subsidiary until the date of the consummation of such Change in Control.

On May 3, 2007, the Committee established 2007 performance objectives applicable to the second 25% vesting tranche of the Performance-Based Options granted during the Company's 2006 fiscal year and to the first 25% vesting tranche of the Performance-Based Options granted during the Company's 2007 fiscal year. The performance objectives required that in the twelve (12) months ended December 31, 2007, the Company generate income from continuing operations (before taxes, interest expense and certain other fees and expenses) equal to or in excess of \$230.2 million. At its March 13, 2008 meeting, the Committee determined that the performance objectives were unsuitable, as they focused solely on adjusted income and did not otherwise take into account other measures, such as individual

performance and other Company performance, that would allow the Committee to adequately measure and determine achievement resulting from the favorable operational progress made by the Company and management during the Company's 2007 fiscal year. This progress included the Company's

Table of Contents

successful initiative to expand into the Medicare market, progress in resolution of the multi-state market conduct examination and continued success in recruiting talented individuals to fill senior management roles.

In light of such favorable progress, the Committee exercised its discretion provided under the terms of the 2006 Plan to adjust the acceptable level of achievement for the Performance-Based Options that were subject to the 2007 performance objectives and determined that 50% of those Performance-Based Options would vest upon satisfaction of the continued employment conditions applicable to those Performance-Based Options and that the remaining 50% of the Performance-Based Options that were subject to the 2007 performance objectives would remain outstanding, subject to vesting contingent upon (i) achievement of the 2008 performance objectives that will be established by the Committee and (ii) the continued employment conditions applicable to such Performance-Based Options.

The 2008 performance objectives and the performance objectives for any outstanding unvested Performance-Based Options granted during the Company's 2006, 2007 and 2008 fiscal years and any Performance-Based Options that are granted by the Company in the future are expected to be established annually by the Committee.

Stock Options – 1987 Amended and Restated Stock Option Plan

In connection with the Merger, each outstanding option to purchase shares of HealthMarkets Common Stock granted under the Company's 1987 Amended and Restated Stock Option Plan (the "1987 Plan") became fully vested, and (except with respect to 360,030 options granted under the 1987 Plan that were held by certain executive officers and converted into options to acquire shares of Class A-1 Common Stock) each option granted under the 1987 Plan was cancelled and converted into the right to receive a payment (subject to any applicable withholding taxes) equal to the difference between \$37.00 and the exercise price for the option.

In connection with the extraordinary cash dividend declared on May 3, 2007, the Board approved an amendment to the 1987 Plan which provided that, in the event of an extraordinary cash dividend, the Company may make such adjustments to options granted under the 1987 Plan as it determines are equitable and/or appropriate and approved an adjustment to 1987 Plan options pursuant to which the number of options increased and the exercise price of such options decreased. Options to acquire 95,160 shares of Class A-1 Common Stock at an exercise price of \$9.25 were adjusted to 120,022 options to acquire Class A-1 Common Stock at an exercise price of \$7.34. This adjustment maintained the value of the options pre- and post-dividend.

Additional Incentive Programs

Effective January 31, 2007, the Company established an incentive program (the "BOB III program") pursuant which the Company agreed to distribute to eligible participants on August 15, 2010, in cash, an aggregate of the dollar equivalent value of 100,000 HealthMarkets shares. Eligible participants in the BOB III Program consist of full-time employees, including executive officers, of HealthMarkets and its subsidiaries and independent agents associated with HealthMarkets insurance subsidiaries who were employed by or contracted with HealthMarkets and its subsidiaries, as the case may be, at the close of business on January 31, 2007 and who remain employed by or contracted with HealthMarkets and its subsidiaries at the close of business on August 15, 2010. In accordance with the BOB III Program, each eligible participant will be entitled to receive his or her portion of the aggregate cash payment determined by reference to a formula based on, among other things, such eligible participant's tenure with HealthMarkets and its subsidiaries and level of compensation.

HealthMarkets 401(k) and Savings Plan

The Company maintains for the benefit of its and its subsidiaries' employees the HealthMarkets 401(k) and Savings Plan (the "Employee Savings Plan"). The Employee Savings Plan enables eligible employees to make pre-tax

contributions to the Employee Savings Plan (subject to overall limitations) and to direct the investment of such contributions among several investment options. The Employee Savings Plan, which is made available to all employees, is intended to assist in attracting and retaining employees by providing them with a tax-advantaged means to save a portion of their earnings for retirement purposes.

Table of Contents

During 2007, the Company made certain matching contributions and supplemental contributions to participants accounts in cash. All contributions made on behalf of the Named Executive Officers were calculated using the same formula as is used for all other eligible employees. Contributions by the Company and its subsidiaries to the Employee Plan currently vest in prescribed increments over a six-year period. Effective April 1, 2008, the Company discontinued supplemental contributions and increased the matching contribution for those employees who elect to participate.

Employee Benefit Plans

The Company offers benefit plans such as vacation, medical, prescription drug, vision, dental and term life insurance coverage to the Named Executive Officers on the same basis as offered to all employees. The Company offers these plans to attract, motivate and retain high-caliber employees.

The Company does not maintain a pension plan or non-qualified deferred compensation plan for executives or its other employees.

Perquisites

Historically, the Company has not made available a broad array of perquisites and personal benefits to its executive officers. The Company has chosen to offer only a very limited number of perquisites to its executives as an incremental benefit to recognize their position within the Company and as an accommodation to certain executives who maintain a residence in States other than the location of their Company office or who might otherwise incur certain expenses associated with the commencement of their employment. In 2007, the Company reimbursed personal travel (including airline club membership), housing and car expenses for Mr. Boxer, who commuted to the Company's Texas headquarters from a primary residence in another State, and reimbursed travel expenses for Mr. Myhra in connection with certain personal travel. The Company also reimbursed COBRA health insurance premium expenses incurred by Ms. Coccozza as a result of the Company's ninety day waiting period prior to the availability of coverage through the Company's medical plan. The Company furnished such executives with tax gross-ups for income attributable to such payments. The Company believes that these payments enhanced its ability to attract and retain these executives. The Company chose to provide the tax gross-ups to preserve the level of benefits intended to be provided under these arrangements. The Company also chose to pay club dues for Mr. Plato for business entertainment purposes. The value of each of these perquisites is included in the All Other Compensation column of the Summary Compensation Table on page 20 below.

Severance and Change of Control Agreements

Generally, currently outstanding stock options provide for post-termination exercise periods ranging from the earlier of ninety (90) calendar days or the remaining term of the option (in the case of voluntary terminations by the employee), to the earlier of one (1) year or the remaining term of the option (in the case of termination due to death or disability, termination by the employee for good reason, or termination by the Company without cause.) Termination of employment for cause results in expiration of all options on the date of the termination.

Change of control provisions are contained in various Company plans applicable to the Named Executive Officers as well to other employees. Options granted under the 2006 Plan provide that upon the occurrence of a Change of Control (as defined in the 2006 Plan), if the employee has remained in the continuous employ of the Company, and his or her employment terminates for any reason (other than a termination for cause by the Company or a voluntary termination by the employee), the employee may exercise any options exercisable as of the date of the employee's termination or that would have become exercisable if the employee had remained employed until the first anniversary of the date of the employee's termination.

Under the terms of employment agreements with the Company, the Named Executive Officers (other than Messrs. McQuagge, Plato and Myhra, who are no longer employed by the Company) are entitled to severance payments in the event of their termination in certain specified circumstances. These executives would be entitled to receive severance equal to two times the executive's base salary plus target bonus payable in monthly installments, continuation of welfare benefits for two years, as well as a pro-rata bonus, based on the executive's target bonus, if

Table of Contents

such termination occurs after the last day of the first quarter of the applicable fiscal year. These executives are entitled to full change-of-control parachute excise tax gross up protection on all payments and benefits due to the executive, including such payments and benefits due to the executive in connection with the Merger; provided, however, that following a change of control of HealthMarkets (other than in connection with the Merger), the surviving corporation will be entitled to reduce the executive's payments (but not by more than 10%) if the reduction would allow the avoidance of the imposition of any excise tax associated with the change of control. In addition, each of these executives has agreed to two-year post-termination non-competition and non-solicitation covenants. The terms of the Employment Agreements, including the circumstances under which the executives are entitled to severance, are described in more detail under the heading Employment and Consulting Agreements.

In connection with their separations from the Company, Messrs. McQuagge, Plato and Myhra have each executed agreements with the Company, the terms of which are described in more detail under the heading Employment and Consulting Agreements.

We believe that these change of control arrangements benefit the Company and its stockholders by assuring key employees that we are aware of the issues they could face upon a change of control; by providing key employees with financial assurances so that they can perform their jobs with minimum distraction in the face of a pending change of control; by encouraging key employees to stay with the Company while a change of control is occurring, so that an acquiring company can retain individuals who have been key to the Company's success; and by helping the Company recruit employees who may have similar agreements with other companies.

Accounting and Tax Issues

Section 162(m) of the U.S. Internal Revenue Code limits the deductibility of compensation in excess of \$1.0 million paid to the Company's Chairman, principal executive officer or to any of the Company's three other highest-paid other executive officers (other than the principal financial officer) unless certain specific and detailed criteria are satisfied. The Committee considers the anticipated tax treatment to the Company and its executive officers in its review and establishment of compensation programs and payments, but has determined that it will not necessarily seek to limit compensation to that amount otherwise deductible under Section 162(m).

- (2) Represents two times target bonus. See discussion of *Employment and Consulting Agreements* below.
- (3) Represents company portion of current benefit cost for two year continuation period. See discussion of *Employment and Consulting Agreements* below. For these purposes, we have assumed that health care costs will increase at the rate of 10% per year.

In the event of a Voluntary Termination for Good Reason or an Involuntary Termination Without Cause, actual value to the Named Executive Officers would be as follows: Gedwed \$1,614,719; Boxer \$412,293; McQuagge \$1,051,269; Coccozza \$-0- and Plato \$82,802. This assumes a per share price of \$35 (the fair market value of the Company's Common Stock as of December 31, 2007, as determined by the Executive Committee of the Board).

Employment and Consulting Agreements

During the 2007 fiscal year, the Company maintained an employment agreement with each of the Named Executive Officers. In the case of Messrs. Gedwed, McQuagge, Plato and Myhra, the principal terms of their employment agreements were requested by and negotiated with The Blackstone Group following agreement regarding the key terms of the Merger. In connection with his appointment as the Company's Executive Vice President and Chief Financial Officer in September 2006, Mr. Boxer also entered into an employment agreement with the Company. Pursuant to these employment agreements, Messrs. Gedwed, Boxer, McQuagge, Plato and Myhra receive a minimum annual base salary; are eligible for an annual bonus ranging from 75% of annual base salary up to 200% of annual base salary (with a target bonus ranging from 75% to 100% of annual base salary); are entitled to participate in the Company's 2006 Management Stock Option Plan; and are entitled to participate in certain other employee benefit plans. In addition, as previously disclosed, Mr. Boxer was given the right to purchase 18,243 shares of the Company's Class A-1 Common Stock at fair market value and, if he elected to exercise the right to purchase such shares, the Company agreed to award him additional stock options to purchase an equivalent number of shares. On September 29, 2006, Mr. Boxer exercised this right and purchased 18,243 shares of the Company's Class A-1 Common Stock at \$38.37 per share. The employment agreements have an initial employment term of two or three years that automatically renew annually upon the expiration of the initial employment term, unless either party gives notice. The employment of Mr. Myhra, Mr. McQuagge and Mr. Plato terminated effective August 31, 2007, March 21, 2008 and March 28, 2008, respectively.

In connection with the appointment of Nancy Coccozza as the Company's Executive Vice Present and President of the Company's Medicare Division on March 30, 2007, the Company entered into an employment agreement with Ms. Coccozza on terms substantially similar to the employment agreements with the other Named Executive Officers described above. In addition, Ms. Coccozza was awarded a grant of options for 94,500 shares of the Company's Class A-1 Common Stock under the HealthMarkets 2006 Management Stock Option Plan and was given the right to purchase 8,000 shares of the Company's Class A-1 Common Stock at fair market value. On March 30, 2007, Ms. Coccozza exercised this right and purchased 8,000 shares of the Company's Class A-1 Common Stock at \$50.00 per share.

In addition, under the terms of their employment agreements, the Named Executive Officers are entitled to severance payments in the event their employment is terminated by the Company without Cause (as defined) or the executive terminates his or her employment for Good Reason. For purposes of the employment agreements, the term "Good Reason" means termination of employment by the executive within ninety days of any of the following events, without the executive's consent, after failure of the Company to cure in thirty days: (1) the reduction of the executive's position from that of a senior level position (or, in the case of Mr. Boxer and Ms. Coccozza, from their specific positions), (2) a

decrease in the executive's base salary or target bonus percentage other than in the case of a decrease for a majority of similarly situated executives, (3) a reduction in the executive's participation in the Company's benefit plans and policies to a level materially less favorable to the executive unless such reduction applies to a majority of the senior level executives of the Company, or (4) the announcement of a relocation of the executive's primary place of employment to a location 50 or more miles from the current headquarters.

Table of Contents

The Named Executive Officers are entitled to receive severance equal to two times the executive's base salary plus target bonus payable in monthly installments, continuation of welfare benefits for two years, as well as a pro-rata bonus, based on the executive's target bonus, if such termination occurs after the last day of the first quarter of the applicable fiscal year. The Named Executive Officers are entitled to full change-of-control parachute excise tax gross up protection on all payments and benefits due to the executive; provided, however, that following a change of control of HealthMarkets, the surviving corporation will be entitled to reduce the executive's payments (but not by more than 10%) if the reduction would allow the avoidance of the imposition of any excise tax associated with the change of control. In addition, each of the Named Executive Officers has agreed to two-year post-termination non-competition and non-solicitation covenants.

In connection with their separations from the Company, Messrs. Myhra, McQuagge and Plato entered into separation agreements with the Company pursuant to which each former executive, in exchange for signing a release, receives severance payments consistent with the terms of his employment agreement.

Mr. Myhra's separation and consulting agreement provided, among other things, that Mr. Myhra would be available to provide, on an independent contractor basis, up to 20 hours of consulting services per month over a six month period. Consulting services in excess of 20 hours per month were to be reimbursed at an hourly rate of \$500 per hour. Mr. Myhra did not receive any payments under this provision. Mr. Myhra will receive severance payments in the aggregate amount of \$1,312,500 and a bonus payment of \$187,243 (representing a pro-rata portion of Mr. Myhra's 2007 target bonus), each payable over a 24 month period. Mr. Myhra is also entitled to receive, at the Company's expense, the Company-paid portion of the premium for continued participation in the Company's health and life insurance plans for a two-year period commencing on the termination date. Any health and life insurance coverage will end if Mr. Myhra becomes eligible for such benefits under any employee benefit plan made available by another employer covering the same type of benefits.

Mr. McQuagge's transition services agreement provides, among other things, that Mr. McQuagge will be available to provide, on an independent contractor basis, up to 60 hours of consulting services per quarter for a two-year period. Consulting services in excess of 60 hours per quarter will be reimbursed at an hourly rate of \$500 per hour. The agreement further provides that on or after the effective date of the agreement, the Company will appoint Mr. McQuagge to the Board of Directors of the Company. Mr. McQuagge will receive severance payments in the aggregate amount of \$1,800,000 payable over the 24 month term of the agreement. The Company has also agreed to amend the terms of Mr. McQuagge's options granted under the 2006 Management Stock Option Plan to permit those options to continue vesting during the term of the agreement so long as Mr. McQuagge continues to serve as a Director of the Company. In addition, if Mr. McQuagge's services as a Director are Terminated Without Cause (as defined) by the Company, Mr. McQuagge will vest in the next vesting level that would have become vested and exercisable if he had continued to serve as a Director until the first anniversary of such termination. Mr. McQuagge is also entitled to receive, at the Company's expense, the Company-paid portion of the premium for continued participation in the Company's health and life insurance plans for a two-year period commencing on the termination date. The Company also agrees, following the expiration of any COBRA period, to permit Mr. McQuagge and his dependents to participate in a health insurance plan comparable to the Company's health plans, at Mr. McQuagge's own expense (not to exceed 120% of the then-current cost of COBRA) or, in lieu thereof, to participate in a plan marketed by the Company on a guaranteed issue basis, at Mr. McQuagge's own expense, until Mr. McQuagge becomes eligible for Medicare, not to extend beyond Mr. McQuagge attaining age 65. Any health and life insurance coverage will end if Mr. McQuagge becomes eligible for such benefits under any employee benefit plan made available by another employer covering the same type of benefits.

Mr. Plato's separation and consulting agreement provides, among other things, that Mr. Plato will be available to provide, on an independent contractor basis, up to 20 hours of consulting services per month for a six month period. Consulting services in excess of twenty 20 hours per month will be reimbursed at an hourly rate of \$300 per hour.

Mr. Plato will receive severance payments in the aggregate amount of \$1,137,500 payable over a 24 month period. Mr. Plato is also entitled to receive, at the Company's expense, the Company-paid portion of the premium for continued participation in the Company's health and life insurance plans for a two-year period commencing on the termination date. The Company also agrees, following the expiration of any COBRA period, to permit Mr. Plato to participate in a health insurance plan comparable to the Company's health plans, at Mr. Plato's own expense, until Mr. Plato becomes eligible for Medicare, not to extend beyond Mr. Plato attaining age 65. Any health and life

Table of Contents

insurance coverage will end if Mr. Plato becomes eligible for such benefits under any employee benefit plan made available by another employer covering the same type of benefits.

Each of the separation agreements entered into with Messrs. Myhra, McQuagge and Plato also provides for full change of control parachute excise tax gross-up protection on all payments and benefits due to the former executive. In addition, each former executive is subject to two-year post-termination non-competition and non-solicitation restrictions.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On April 5, 2006, the Company completed a merger providing for the acquisition of the Company by affiliates of a group of Private Equity Investors, including affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners. As a result of the Merger, holders of record on April 5, 2006 of HealthMarkets common shares (other than shares held by certain members of management and shares through HealthMarkets agent stock accumulation plans) received \$37.00 in cash per share.

Immediately prior to the Merger, Gladys J. Jensen, individually and in her capacity as executor of the estate of the late Ronald L. Jensen (the Company's founder and former Chairman), beneficially held approximately 17.04% of the outstanding shares of the Company, and the adult children of Mrs. Jensen beneficially held in the aggregate approximately 10.09% of the outstanding shares of the Company. As a result of the Merger, Mrs. Jensen and her adult children divested their holdings in the Company, and affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners acquired, as of the effective date of the Merger, approximately 55.3%, 22.7% and 11.3%, respectively, of the Company's outstanding equity securities. At December 31, 2007, affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners held approximately 54.0%, 22.1% and 11.1%, respectively, of the Company's outstanding equity securities.

Certain members of the Board of Directors of the Company are affiliated with the Private Equity Investors. In particular, Chinh E. Chu and Matthew S. Kabaker serve as a Senior Managing Director and a Principal, respectively, of The Blackstone Group, Adrian M. Jones and Sumit Rajpal serve as a Managing Director and a Vice President, respectively, of Goldman, Sachs & Co., and Kamil M. Salame is a partner of DLJ Merchant Banking Partners.

The Company maintains written policies and procedures for review and approval of related party transactions. These policies provide that any material transaction entered into between the Company and any related party shall be valid for all purposes if such transaction is assessed to be fair to the Company and is approved in advance by a majority of the Company's disinterested outside directors. Material transactions are defined as any arrangement, contract or transaction involving payments by or from the Company equal to or greater than \$250,000 (in any twelve month period) or \$1 million (over the term of such arrangement, contract or transaction). Related parties are defined as any person or entity that is an affiliate of the Company or any entity in which an affiliate of the Company has a 5% or greater equity interest. Affiliates of the Company are persons or entities controlled by, controlling, or under common control with, the Company, including directors and officers of the Company and their immediate family members.

Set forth below is a summary description of all material transactions between the Company and the Private Equity Investors and all other parties related to the Company. The Company believes that the terms of all such transactions with all related parties are and have been on terms no less favorable to the Company than could have been obtained in arms length transactions with unrelated third parties.

Transactions with the Private Equity Investors

Transaction and Monitoring Fee Agreements

At the closing of the Merger, the Company entered into separate Transaction and Monitoring Fee Agreements with advisory affiliates of each of the Private Equity Investors. Group Purchasing Organization

Effective June 1, 2006, the Company agreed to participate in a group purchasing organization (GPO) that acts as the Company's agent to negotiate with third party vendors the terms upon which the Company will obtain goods and services in various designated categories that are used in the ordinary course of the Company's business. In consideration for such favorable pricing terms, each participant has agreed to obtain from such vendors not less than a specified percentage of the participant's requirements for such goods and services in the designated categories. In connection with purchases by participants, the GPO receives a commission from the vendor in respect of such purchases. In consideration of The Blackstone Group's facilitating the Company's participation in the GPO and in monitoring the services that the GPO provides to the Company, the GPO has agreed to remit to an affiliate of The Blackstone Group a portion of the commission received from vendors in respect of purchases by the Company under the GPO purchasing program. AUDIT COMMITTEE REPORT

The Audit Committee consists of three directors and operates under a written charter. On August 2, 2007, the Committee reviewed its charter and, after assessing the adequacy thereof, approved an amended Charter.

The Audit Committee held sixteen (16) meetings in 2007. The meetings facilitated communication with senior management and employees, the Company's internal auditor and KPMG LLP, the Company's independent registered public accounting firm. The Committee held discussions with the internal auditor and independent registered public accounting firm, both with and without management present, on the results of their examinations and the overall quality of the Company's financial reporting and internal controls.

The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm, and the Committee is responsible for the oversight of the scope of the independent registered public accounting firm's role and the determination of its compensation. The Committee regularly evaluates the performance and independence of the Company's independent registered public accounting firm and, in addition, has reviewed and pre-approved all services provided by KPMG LLP during 2007.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management, however, has the primary responsibility to establish and maintain a system of internal controls over financial reporting, to plan and conduct audits and to prepare consolidated financial statements in accordance with generally accepted accounting principles.

KPMG LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in conformity with the auditing standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit Committee is responsible for monitoring and reviewing these procedures. It is not the Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The members of the Audit Committee are not employees of the Company and are not necessarily accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the consolidated financial statements of the Company have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent registered public accounting firm included in their report on the Company's consolidated financial statements.

In fulfilling its oversight responsibilities, the Committee has met and held discussions with management and representatives of KPMG LLP regarding the fair and complete presentation of the Company's financial results, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. The Committee has reviewed and discussed with the Company's management and representatives of KPMG LLP the annual audited and quarterly unaudited consolidated financial statements of the Company for the 2007 fiscal year (including the disclosures contained under the caption Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 and each of the Company's Quarterly Reports on Form 10-Q filed during 2007).

The Committee has also reviewed with representatives of KPMG LLP such matters as are required to be discussed with the Committee under Statement on Auditing Standards No. 114, *Communications with Audit Committees*. In addition, the Committee has discussed with the independent registered public accounting firm its independence from management and the Company, including the matters in the written disclosures required by the Independence

Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and considered the compatibility of non-audit services with the registered public accounting firm's independence. The Audit Committee has also received a written report from KPMG LLP regarding its independence and other matters. The Audit Committee has determined that the provision of non-audit services should not compromise KPMG LLP's independence.

The Audit Committee has also reviewed the certifications of Company executive officers contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 filed with the SEC, as well as

Table of Contents

reports issued by KPMG LLP, included in the Company's Annual Report on Form 10-K related to its audit of the Company's consolidated financial statements. The Company's Annual Report on Form 10-K included management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2007, but did not include an attestation report of KPMG. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission. The Committee has selected and appointed the Company's independent registered public accounting firm, subject to stockholder ratification.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In addition to retaining KPMG LLP to audit HealthMarkets' consolidated financial statements for 2007, HealthMarkets and its affiliates retained KPMG LLP and other accounting and consulting firms to provide advisory, auditing and consulting services in 2007. The Company understands the need for KPMG LLP to maintain objectivity and independence in its audit of the Company's consolidated financial statements. To minimize relationships that could appear to impair the objectivity of KPMG LLP, the HealthMarkets Audit Committee has restricted the non-audit services that KPMG LLP may provide to HealthMarkets primarily to tax services and merger and acquisition due diligence and audit services, and the Audit Committee has determined that HealthMarkets will obtain non-audit services from KPMG LLP only when the services offered by KPMG LLP are more effective or economical than comparable services available from other service providers.

The Audit Committee Charter provides that the Committee shall approve all non-audit engagement fees and terms with the independent registered public accounting firm and all other compensation to be paid to the independent registered public accounting firm. The Committee has the authority to delegate pre-approvals of non-audit services to a single member of the Audit Committee, and the Chairman of the Committee has been authorized to pre-approve non-audit services up to \$75,000 for any one transaction, not to exceed an aggregate of \$250,000 in any one year. Fees for non-audit services exceeding these amounts must be approved by the full Committee. As a matter of policy the Chairman requests the Committee to ratify his approval of the non-audit fees at the next quarterly meeting.

In determining the appropriateness of a particular non-audit service to be performed by the registered public accounting firm, the Audit Committee shall consider whether the service facilitates the performance of the audit, improves the Company's financial reporting process or is otherwise in the public interest.

The aggregate fees billed for professional services by KPMG LLP in 2007 and 2006 were as follows:

Type of Fees	2007	2006
Audit Fees	\$ 2,574,000	\$ 2,568,000
Audit-Related Fees(a)	59,000	297,000
Tax Fees		

All Other Fees	26,000	22,000
Total	\$ 2,659,000	\$ 2,887,000

(a) Includes in 2006 fees in the amount of \$183,000 for professional services associated with the Merger transaction.

Table of Contents

For purposes of the table above, **audit fees** are fees that the Company paid to KPMG LLP for the audit of the Company's consolidated financial statements included in HealthMarkets' Annual Report on Form 10-K and review of financial statements included in Quarterly Reports on Form 10-Q, and for services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements; **audit-related fees** represent fees billed by KPMG LLP for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements; **tax fees** are fees for tax compliance, tax advice and tax planning; and **all other fees** are fees billed by the accounting firm to the Company for any services not included in the first three categories (which other fees consist primarily of online research subscription fees, seminar attendance fees). All fees in each fee category were approved by the Company's Audit Committee.

PROPOSAL 2**AMENDMENT TO CERTIFICATE OF INCORPORATION**

The Company's Certificate of Incorporation provides that the Board of Directors shall promptly act to fill any vacancies among the Additional Directors resulting from the death, resignation or removal of any Additional Director. To clarify that the Board of Directors has the authority to fill any vacancies among Additional Directors resulting from an increase in the number of Directors constituting the Board of Directors, and to amend the Certificate of Incorporation to effect such a change, the Board of Directors unanimously approved an amendment to the Company's Certificate of Incorporation, and recommended approval of the amendment by the stockholders, to amend Article V, Section 2(b) of the Company's Certificate of Incorporation. As amended, the Certificate of Incorporation would permit the Board of Directors to fill any vacancy among the Additional Directors resulting from an increase in the number of directors constituting the Board of Directors. The proposed amendment to the Company's Certificate of Incorporation, amending Article V, Section 2(b), appears below. The language in bold represents the proposed additional language:

ARTICLE V

Section 2. (b) The Board shall include any number of Additional Directors (or none) as may be determined by the Board from time to time; provided that, at any time during which the Corporation is required by applicable law to have one or more independent directors (as such term may be defined in any applicable law) (Independence Requirements), the Board shall include not fewer than the minimum number of Independent Directors as may be required by the Independence Requirements, such Independent Directors to be considered Additional Directors for all purposes hereunder. To the extent the Board has determined to include Additional Directors pursuant to the immediately preceding sentence, the Board shall have the authority to, and responsibility of, nominating qualified Persons for election as Additional Directors at each annual meeting or special meeting of stockholders at which any such Directors of the Corporation are to be elected (or in connection with any applicable written consent of stockholders). The Board shall promptly act to fill any vacancies among the Additional Directors resulting from ***an increase in the number of directors constituting the Board of Directors, or*** the death, resignation or removal of any Additional Director.

Management believes that this amendment to the Company's Certificate of Incorporation will clarify the ability of the Board of Directors to fill any vacancies among Additional Directors resulting from an increase in the number of Directors constituting the Board of Directors.

As described on page 25 above, the Company recently entered into a transition services agreement with Troy A. McQuagge, the former President of the Company's Agency Marketing Group. The transition services agreement contemplates, among other things, that the Company will appoint Mr. McQuagge to the Company's Board of Directors at a future date. If the proposal is adopted, it is the current intention of the Company to increase the size of its Board

of Directors and to appoint Troy A. McQuagge to the Board. In addition, from time to time the Company may evaluate the appropriateness of adding additional individuals to the Company's Board of Directors.

There are currently eleven (11) positions available on the Company's Board of Directors. There are currently no vacant positions on the Company's Board of Directors.

The affirmative vote of a majority of the outstanding shares of Common Stock is needed to ratify the amendment to the Company's Certificate of Incorporation.

THE BOARD OF DIRECTORS RECOMMENDS THE STOCKHOLDERS VOTE FOR ADOPTION OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION, AS DESCRIBED ABOVE.

PROPOSAL 3

**PROPOSAL TO RATIFY THE APPOINTMENT OF
KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Although Delaware law does not require that the selection by the Audit Committee of the Company's independent registered public accounting firm be approved each year by the stockholders, the Board of Directors believes it is appropriate to submit the Audit Committee's selection to the stockholders for their approval and to abide by the result of the stockholders' vote. Subject to ratification by the stockholders, the Audit Committee reappointed the firm of KPMG LLP as the Company's independent registered public accounting firm to audit the financial statements of the Company for the fiscal year ending December 31, 2008. In recommending ratification by the stockholders of the appointment of KPMG LLP, the Board of Directors has satisfied itself as to that firm's professional competence and standing. However, if the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee may investigate the reasons for the stockholders' rejection and may consider whether to retain KPMG LLP or to appoint another independent registered public accounting firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire. Such representatives will also be available to respond to appropriate questions from stockholders at the Annual Meeting.

THE AUDIT COMMITTEE AND THE BOARD OF DIRECTORS RECOMMEND THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008.

4. OTHER BUSINESS

Neither the Board nor management is aware of any matters to be presented at the Annual Meeting other than those referred to in the Notice of Annual Meeting and this Information Statement.
