**PROXY STATEMENT FOR THE
2005 ANNUAL MEETING OF SHAREHOLDERS
MARCH 1, 2005**

This Proxy Statement and related materials are furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of RemedyTemp, Inc., a California corporation (the Company), for use at the Company s 2005 Annual Meeting of Shareholders (the Meeting) to be held on March 1, 2005 at 12 noon Pacific Standard Time, and at any and all postponements and adjournments of the Meeting. The Meeting will be held at the Company s corporate headquarters located at 101 Enterprise, Aliso Viejo, California 92656. This Proxy Statement and the accompanying form of proxy will be first mailed to shareholders on or about January 19, 2005.

The cost of preparing, assembling and mailing the Notice of Annual Meeting of Shareholders, this Proxy Statement and form of proxy and the cost of soliciting proxies will be paid by the Company. Proxies may be solicited in person or by telephone, telegraph or cable, and by personnel of the Company who will not receive any additional compensation for such solicitation. The Company will pay brokers or other persons holding stock in their names or the names of their nominees for the reasonable expenses of forwarding soliciting material to their principals.

VOTING

The Board has fixed the close of business on January 7, 2005 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. As of January 7, 2005, there were 8,787,653 shares of the Company s Class A Common Stock (Common Stock) outstanding. Each share of Common Stock is entitled to one vote on any matter that may be presented for consideration and action by the shareholders at the Meeting. Holders of the Company s Class B Common Stock are not entitled to any vote in the election of directors or on any other matters submitted to a shareholder vote except as to certain amendments to the Company s Amended and Restated Articles of Incorporation (the Articles of Incorporation), certain mergers and as otherwise required by law.

The holders of a majority of the shares of Common Stock outstanding on the record date and entitled to be voted at the Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Meeting and at any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business.

For the purposes of Proposal No. 1, Election of Directors, the nominees receiving the greatest number of votes at the Meeting will be elected. Because directors are elected by plurality, abstentions and broker non-votes will be entirely excluded from the vote and will have no legal effect on the election of directors.

Each shareholder entitled to vote may vote by proxy by using the proxy card enclosed with this Proxy Statement. You can specify how you want your shares voted on a proposal by marking the appropriate box(es) on the proxy card. The Proposal is identified by number and identifying text on the proxy card. Each proxy submitted by a shareholder will, unless otherwise directed by the shareholder in the proxy, be voted according to the recommendation of the Board on that proposal, as set forth later in this Proxy Statement. If a shareholder has submitted a proxy appropriately directing how the shares represented thereby are to be voted, such shares will be voted according to the shareholder s direction. Any shareholder has the power to revoke his or her proxy at any time before it is voted at the Meeting by submitting a written notice of revocation to the Secretary or Assistant Secretary of the Company or by timely filing a duly executed proxy bearing a later date. A proxy will not be voted if the shareholder that executed it is present at the Meeting and elects to vote the shares represented thereby in person.

Board Committees and Meetings

During the Company's last fiscal year ended October 3, 2004 ("Fiscal 2004"), the Board had the following four ongoing committees: the Audit Committee; the Leadership Development and Compensation Committee; the Executive Committee; and the Corporate Governance and Nominating Committee. All of the members of each of the Board's committees are independent directors as defined under the National Association of Securities Dealers' listing standards.

Audit Committee. The Audit Committee of the Board currently consists of Messrs. Cvengros, Elliott and Zaepfel (Chair). The Audit Committee has been established in accordance with SEC rules and regulations, and all the members of the Audit Committee are independent directors as defined under the National Association of Securities Dealers' listing standards. In addition, the Board has determined that each member of the Audit Committee qualifies as an "audit committee financial expert" within the meaning of the SEC rules and regulations. The Audit Committee's primary purpose is to assist the Board in fulfilling its oversight responsibilities relating to the Company's accounting and financial reporting processes and the audits of the Company's financial statements. In this regard, the Audit Committee, among other matters, meets with the Company's independent registered public accounting firm, makes recommendations to the Board concerning the acceptance of the reports of such auditors and the accounting policies and procedures of the Company, and reviews financial plans and operating results of the Company. The Board has adopted a written charter for the Audit Committee which is available on the Company's website at <http://www.remedystaff.com>.

Leadership Development and Compensation Committee. The Leadership Development and Compensation Committee (the "Compensation Committee") of the Board currently consists of Ms. George (Chair) and Mr. Hagan. The Board has adopted a written charter for the Compensation Committee which is available on the Company's website at <http://www.remedystaff.com>.

Executive Committee. The Executive Committee of the Board currently consists of Mr. Cvengros, Mr. Elliott and Mr. Hagan (Chair). The Executive Committee acts on behalf of the Board to mentor and review the performance of the Company's Chief Executive Officer. The Executive Committee also meets with the Company's Chief Executive Officer to provide certain strategic, shareholder and organizational planning

recommendations. The Board has adopted a written charter for the Executive Committee which is available on the Company's website at <http://www.remedystaff.com>.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee of the Board (the Nominating Committee) currently consists of Mr. Cvengros and Mr. Elliott (Chair). Dr. Doti was a member of the Nominating Committee through December 31, 2004, the effective date of his resignation. All the members of the Nominating committee are independent directors as defined under the National Association of Securities Dealers' listing standards. The Nominating Committee identifies, interviews and recommends to the Board potential new Board members and makes recommendations to the Board regarding corporate governance issues. The policy of the Nominating Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board. Any shareholder nominations proposed for consideration by the Nominating Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
RemedyTemp, Inc.
101 Enterprise
Aliso Viejo, CA 92656

In addition, the bylaws of the Company permit shareholders to nominate directors for consideration at an annual shareholder meeting. In November 2002, the Board established and adopted Director Guidelines. According to these guidelines, the Board believes that at a minimum all members of the Board should have the highest professional and personal ethics and values. In addition, they should have experience at the policy-making level. They should be committed to increasing shareholder value and should have enough time to carry out their duties. Each director must represent the interests of all shareholders.

The Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. In the event that vacancies on the Board arise, the Nominating Committee considers potential candidates for director, which may come to the attention of the Nominating Committee through current directors, professional search firms, shareholders or other persons. As described above, the Nominating Committee considers properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating Committee. The materials provided by a shareholder for consideration of a nominee for director are forwarded to the Nominating Committee. The Nominating Committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a shareholder. Such candidates are evaluated at meetings of the Nominating Committee. In evaluating such nominations, the Nominating Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

The Nominating Committee is governed by a written charter which is attached hereto as Appendix A and which is accessible via the Company's website at <http://www.remedystaff.com>.

During Fiscal 2004, there were six (6) meetings of the Board, nine (9) meetings of the Audit Committee, five (5) meetings of the Compensation Committee, three (3) meeting of the Nominating Committee, and three (3) meetings of the Executive Committee. While serving as directors, all of the Board members attended or participated in more than 75% of the aggregate of (i) the total number of meetings of the meetings of the Board, and (ii) the total number of meetings held by all Committees of the Board on which each such director served.

Directors are encouraged to attend our annual meetings of shareholders. The 2004 annual meeting of shareholders was attended by all of our nine (9) directors.

Directors Compensation

Directors who are also employees or officers of the Company receive no extra compensation for their service on the Board. Pursuant to the Non-Employee Director Plan, effective March 16, 1998, and amended by the Board on October 1, 2003, independent directors receive an annual retainer in the form of cash or shares of Common Stock valued at \$25,000 on the date of their election or re-election to the Board. Starting in fiscal 2004, the Chairman of the Board receives an aggregate of \$45,000 annual retainer. For those directors electing to receive their retainer in stock, the Shares that are issued under the Non-Employee Director Plan are held in trust, on a deferred basis (subject to an exception for financial hardship) until a director is no longer a director of the Company. Such shares are issued in trust no later than ten (10) business days after the next annual meeting of shareholders following election or re-election, provided that the director has remained a director during such time. Additionally, the following cash fees are paid by the Company to each independent director per meeting attended: \$2,000 per Board meeting; \$2,000 per Audit Committee meeting with the Chair receiving a \$10,000 annual retainer; \$1,500 for each meeting of all other committees of the Board, with the Chair receiving a total of \$2,000. Independent directors also receive reimbursement for out-of-pocket expenses relating to Company business.

Pursuant to the Company's 1996 Amended and Restated Stock Incentive Plan (the "Incentive Plan"), each non-employee director of the Company automatically receives, upon becoming a director, a one-time grant of an option to purchase up to 5,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of the option's grant. These non-employee director options have a term of ten (10) years and become exercisable with respect to fifty percent (50%) of the underlying shares on the grant date and the remaining fifty percent (50%) of the underlying shares on the date of the next annual meeting of shareholders of the Company following the grant date (or, if an annual meeting of shareholders occurs within six months after the grant date, then on the date of the second annual shareholders' meeting after the grant date), provided that the recipient has remained a director since the grant date. In addition to an initial grant, each independent director also will receive, upon each re-election to the Board, an automatic grant of an option to purchase up to 2,500 additional shares of Common Stock. These additional options will vest and become exercisable upon the earlier to occur of (i) the first anniversary of the grant date, or (ii) immediately prior to the annual meeting of shareholders of the Company next following the grant date, if the director has served as a director from the grant date to such earlier date. All independent director options will have a term of ten (10) years and an exercise price equal to the fair market value of a share of Common Stock on the date of grant. Vesting of independent director options accelerates if the recipient of the option ceases to be a director of the Company or its successor in connection with a change in control.

Grants of independent directors' options under the Incentive Plan count against its current limit of 1,800,000 shares of Common Stock. Shares underlying independent directors' options that expire or are terminated or canceled will become available for further awards under the Incentive Plan. In the event that a recipient of independent directors' options ceases to be a director of the Company, all such options granted to the director will be exercisable, to the extent they were exercisable at the date directorship ceased, for a period of 365 days or, if earlier, the expiration of the option according to its terms. Vesting accelerates upon certain transactions including dissolution, merger and change in control. The Incentive Plan provides that the exercise price may be paid by Company loan or withholding of underlying stock, or deferred until completion of broker-assisted exercise and sale transactions.

Pursuant to the amended terms of the Incentive Plan, each independent director that had not yet received a total of 20,000 additional grants was awarded independent directors' option to purchase 2,500 shares of Common Stock on February 25, 2004 upon the directors' re-election to the Board at the 2004 Annual Meeting.

The Company had a Severance Agreement and General Release (the "Severance Agreement") with Paul W. Mikos, the Company's Chairman of the Board and former Chief Executive Officer and President. Pursuant to the Severance Agreement, the Company provided the following severance benefits to Mr. Mikos: (i) bi-weekly severance payments that totaled \$1,800,000 over a two-year period commencing July 17, 2001

(the Severance Date); (ii) payment of health benefits and life and disability insurance premiums in effect on the Severance Date, for a period of three (3) years and seventeen (17) days commencing on the Severance Date; (iii) ownership of a 2000 Mercedes and 1996 Range Rover and certain artwork; (iv) a lump sum of \$30,000 for perquisites; and (v) vesting of all granted options, which shall remain exercisable for the balance of their term. Under the terms of the Severance Agreement, Mr. Mikos released the Company from any claims, known or unknown. All amounts owed to Mr. Mikos have been paid as of October 3, 2004, the Company's fiscal year end.

Recommendation of the Board

REPORT OF THE COMPENSATION COMMITTEE

ON EXECUTIVE COMPENSATION

The Compensation Committee consists of three (3) non-employee independent directors and is responsible for setting and administering the policies governing annual compensation of the executive officers of the Company.

Compensation Policies and Philosophy

The Compensation Committee believes that the compensation for the executive officers of the Company should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee determines the executive officers' compensation levels after examining competitive market levels of similarly situated companies, including temporary staffing companies, and based upon the individual contribution to the Company and the financial performance of the Company. The Compensation Committee strives to set a fair and competitive base salary for each of its executive officers coupled with an incentive cash bonus tied to annual performance-based Company goals. Additionally, the Company strives to link its executive officers' compensation with the financial performance of the Company and align the financial interests of the executive officers with those of the Company's shareholders by providing equity-based long-term incentives in the form of restricted stock or stock option grants.

Compensation Components and Process

BASE SALARY. The base salary for each executive officer is determined at levels considered appropriate for comparable positions at other similarly situated companies, including temporary staffing companies.

INCENTIVE COMPENSATION. The Compensation Committee believes that a substantial portion of the annual compensation of each executive officer should be in the form of a cash bonus based entirely on the financial performance of the Company. Specifically, during Fiscal 2004 the executive officers' incentive

Table of Contents

compensation was based upon the Company achieving certain pre-established pre-tax loss and return on invested capital targets.

RESTRICTED STOCK AND STOCK OPTIONS. The goal of the Company's restricted stock and stock option grants is to align the interests of executive officers with the interests of the Company's shareholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. In years past, the Compensation Committee primarily used stock options to achieve this goal. During Fiscal 2003, the Compensation Committee engaged an independent firm that specializes in compensation issues to consult on the most appropriate way for the Company to compensate its executive officers and align their interests with that of the Company's shareholders. Accordingly, based in part on recommendations from compensation specialists and its own evaluation of this issue, the Compensation Committee awarded restricted Common Stock to executive officers of the Company during Fiscal 2003. The Compensation Committee determined the amount of restricted stock according to the executive's position within the Company, recent performance, potential for future responsibility and promotion, and comparable awards made to individuals in similar positions within the staffing industry. There were no grants of restricted stock or stock options made to executive officers during Fiscal 2004. The Compensation Committee will continue to evaluate the merits of awarding restricted stock. In general, it is the practice of the Company to grant stock options or restricted stock to executive officers when they join the Company. The Compensation Committee believes that these initial grants give the recipients a meaningful stake in the Company's long-term performance, with any ultimate realization of significant value from those grants being commensurate with returns available on investments in the Company's Common Stock. In addition to initial grants, the Compensation Committee has adopted a policy of providing additional long-term incentives to the Company's executive officers primarily through periodic stock option grants or restricted stock. The Compensation Committee believes that these incentives are essential to the long-term success of the Company and serve as a retention and compensation tool that aligns the interests of the Company's officers with the interests of its shareholders. In general, the restricted stock vests approximately five years from the grant date, or earlier if certain pre-established performance goals have been met. Options are exercisable in the future at the fair market value at the time of grant, so that an executive officer granted an option is rewarded only by the appreciation in price of the Company's Common Stock. Such grants, if any, are generally determined by the Compensation Committee after the end of a fiscal year with the input and recommendation of the Company's CEO.

Executive Officer Compensation

In December 2004, the Compensation Committee granted bonuses to the executive officers based upon the achievement of pre-established financial goals, which included the Company's pre-tax loss and return on invested capital. During Fiscal 2004 the Company achieved 99.4% of its pre-established pre-tax loss and return on invested capital targets and thus payout was made to the executive officers at 99.4% of their incentive compensation potential. To ensure that the Compensation Committee achieves its goal of setting competitive compensation levels, the Compensation Committee referenced an analysis by an independent compensation consulting firm which concluded that the Company's executive base salaries were competitive with other similarly situated companies, including temporary staffing companies, and that executive bonuses were competitive on a percentage basis to the levels identified by surveys for other similarly situated companies, including temporary staffing companies.

Regarding compensation to executive officers other than base salary and cash bonuses, the Compensation Committee also administers the Company's Incentive Plan, pursuant to which the Company may grant various stock-based awards intended to compensate Company executive officers and align the interests of recipients with the interests of the Company's shareholders. Through the year ended October 3, 2004, there were no grants of stock options, performance grants or restricted Common Stock under the Incentive Plan to executive officers.

Table of Contents

CEO Compensation

The Compensation Committee set the salary, bonus amount and restricted stock grant for Fiscal 2004 of the Company's Chief Executive Officer, Greg Palmer, with reference to market standards and the Company's performance. For Fiscal 2004, Mr. Palmer's annual base salary was \$517,500. Mr. Palmer's incentive compensation for Fiscal 2004 consisted of a cash bonus of \$310,500. The Compensation Committee based the CEO's incentive compensation on the Company's achievement of certain financial performance goals. Specifically, the incentive compensation was based upon the Company achieving certain pre-established pre-tax loss and return on invested capital targets. During Fiscal 2004 the Company achieved 99.4% of its pre-established pre-tax loss and return on invested capital targets and thus payout was made to the CEO at 99.4% of incentive compensation potential. No restricted stock or stock options were granted to the CEO during Fiscal 2004.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

The stock performance graph set forth below compares the cumulative total shareholder return on the Company's Common Stock for the period from October 3, 1999 through October 3, 2004 with the Nasdaq Stock Market Composite Index, peer issuers in the temporary staffing industry and the Russell 2000 Index. The Company decided to compare its shareholder return with that of the Russell 2000 Index because the Company believes that the Russell 2000 Index includes companies with comparable market capitalization. No cash dividends have been declared on the Company's Common Stock.
