Voting Procedures

All record holders of issued and outstanding shares of our common stock are entitled to vote. Brokers who hold shares in street name for customers have the authority under the rules of the various stock exchanges to vote on certain items when they have not received instructions from beneficial owners. BOARD MEETINGS, COMMITTEES, COMPENSATION, AND INDEPENDENCE

Board Meetings and Committees

During fiscal year 2003, our Board of Directors held four regularly scheduled meetings, no special meetings, and acted by unanimous written consent on 10 occasions. For fiscal year 2003, each director attended at least 75% or more of the aggregate number of meetings held by our Board of Directors and the committees on which he served. As a general matter, Board members are expected to attend the Company's annual meetings of stockholders. All members of our Board were present at the Company's 2003 annual meeting of stockholders.

For the fiscal year 2003, our Board of Directors had four standing committees: the Audit Committee, the Compensation and Benefits Committee, the Independent Directors Committee, and the Board Executive Committee, each briefly described below.

Audit Committee. The Audit Committee consisted of Messrs. Hasler, Horner, and Poulos, each of whom is independent as defined and required by the National Association of Securities Dealers Marketplace Rules. Our Board of Directors has determined that each of Messrs. Hasler, Horner, and Poulos is also an audit committee financial expert as defined by the rules promulgated by the Securities and Exchange Commission (the Commission).

The Audit Committee generally has responsibility for appointing, overseeing, and determining the compensation of our independent certified public accountants, reviewing the plan and scope of the accountants' audit, reviewing our audit and control functions, approving all permitted non-audit services provided by our independent certified public accountants, and reporting to our full Board of Directors regarding all of the foregoing. The Audit Committee meets with the independent certified public accountants and our management in connection with its review and approval of (i) the unaudited financials for inclusion in our quarterly reports and (ii) the annual audited financial statements for inclusion in our Annual Report on Form 10-K. Additionally, the Audit Committee provides our Board of Directors with such additional information and materials as it may deem necessary to make our Board of Directors aware of significant financial matters that require its attention. The Audit Committee's goals and responsibilities are set forth in an audit committee charter, a copy of which is attached as Appendix A. The Audit Committee held seven meetings during the year ended December 31, 2003. The Audit Committee Report is set forth below.

Compensation and Benefits Committee. The Compensation and Benefits Committee consisted of Messrs. Poulos, Horner, and Hasler. Only independent directors served on the Compensation and Benefits Committee. The Compensation and Benefits Committee was responsible for (a) establishing the

Table of Contents

compensation and bonus plan for the Chief Executive Officer, (b) establishing the compensation and bonus plan for other executives, and (c) administering the Annual and Long-Term Incentive Plan and granting options. In addition, the Compensation and Benefits Committee has responsibility for matters of employee compensation and the granting of discretionary bonuses. The Compensation and Benefits Committee held one meeting and acted by unanimous written consent on two additional occasions during the year ended December 31, 2003.

Independent Directors Committee. The Independent Directors Committee consisted of Messrs. Horner, Hasler, and Poulos. Only independent directors, as defined by the National Association of Securities Dealers Marketplace Rules, served on the Independent Directors Committee. The Independent Directors Committee operates under a written charter adopted by our Board of Directors, a copy of which can be found on the Company's website, www.tousa.com, under Investor Information Corporate Governance.

The Independent Directors Committee generally has responsibility for considering and acting on any proposed transaction that would be considered a related party transaction, including any proposed transaction (a) between us and Technical Olympic S.A. or any affiliate of Technical Olympic S.A., and (b) by any affiliate which may affect or involve us and in which one or more of our directors may have an actual or perceived interest in the transaction. The Independent Directors Committee also has responsibility for considering and acting upon any other matters that require the review and/or approval of our independent directors.

In addition, the Independent Directors Committee solicits, considers, and nominates candidates to serve on our Board of Directors. The Independent Directors Committee considers possible candidates from many sources, including stockholders, for nominees for directors. In evaluating the qualifications of nominees for our Board of Directors, including nominees recommended by stockholders, the Independent Directors Committee evaluates a variety of factors, such as education, work experience, knowledge of the Company's industry, membership on the Boards of Directors of other corporations, and civic involvement. In addition, if a candidate is being considered for an independent director position, the Independent Directors Committee also evaluates the nominee's independence from the Company based on applicable securities laws and the requirements of the National Association of Securities Dealers Marketplace Rules.

The Independent Directors Committee acted by unanimous written consent on four occasions and held no meetings during the year ended December 31, 2003.

If a stockholder wishes to recommend a nominee for director, the recommendation should be sent to the Secretary by _____, 2004 in accordance with the instructions set forth later in this proxy statement under Stockholder Proposals for 2005 Annual Meeting. All recommendations should be accompanied by a complete statement of such person's qualifications (including education, work experience, knowledge of the Company's industry, membership on the Board of Directors of another corporation, and civic activity) and an indication of the person's willingness to serve.

Board Executive Committee. The members of the Board Executive Committee are Messrs. Horner, Delikanakis, Mon, and George Stengos, as well as Tommy McAden as the non-director management representative. The Board Executive Committee has authority to consider and approve land and homesite acquisitions for amounts not exceeding \$35 million, and other transactions, acquisitions, investments, operational matters, corporate management and financing by us or our subsidiaries for amounts not exceeding \$20.0 million, to the extent not considered and approved by our Board of Directors, and makes reports to our full Board of Directors. The Board Executive Committee did not hold any meetings during the year ended December 31, 2003.

George Stengos, and Marianna Stengou. We have no other familial relationships among the executive officers and directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and persons who own more than 10% of our outstanding common stock to file with the Commission reports of changes in their ownership of common stock. Directors, officers, and greater than 10% stockholders are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, during the year ended December 31, 2003, all Section 16(a) filing requirements applicable to our directors, officers, and greater than 10% stockholders were satisfied.

Compensation Committee Interlocks and Insider Participation

Messrs. Poulos, Horner, and Hasler comprised the Compensation and Benefits Committee in 2003. None of these persons served as an officer or employee of ours or any of our subsidiaries during fiscal year 2003. There were no material transactions between us and any of the members of the Compensation and Benefits Committee during fiscal year 2003.

Compensation of Directors

In compliance with our director compensation policy, our outside directors, which we consider to be those directors who are not officers of our Company, Technical Olympic S.A., or their affiliates, other than the senior outside director, received an annual fee of \$40,000, an annual equity award of either non-qualified stock options or restricted stock valued at \$40,000, and reimbursement of reasonable out-of-pocket expenses incurred for attendance at Board and Board committee meetings. Under our policy, the designated senior outside director receives an annual cash retainer of \$80,000, an annual equity award of either non-qualified stock options or restricted stock valued at \$80,000, and reimbursement of reasonable out-of-pocket expenses incurred for attendance at Board and Board Committee meetings. Mr. Horner served as our senior outside director during fiscal year 2003 and has been designated our senior outside director for fiscal year 2004. Directors who also served as officers of our Company, Technical Olympic S.A., or their affiliates did not receive any additional compensation for their services as directors during 2003.

Consulting Agreement

Lonnie M. Fedrick

Effective January 1, 2003, we entered into a consulting agreement with Mr. Fedrick with an initial term of three years. Under the terms of the consulting agreement, Mr. Fedrick will receive an annual fee of \$400,000. Upon recommendation of the Chief Executive Officer and approval of our Board of Directors or a designated committee, Mr. Fedrick may receive a bonus or other compensation in his capacity as a consultant. During the term of the agreement, in addition to his service as a member of our Board of Directors, Mr. Fedrick will (a) provide land review, acquisition, and development services for our Houston operations, (b) identify and acquire land in the greater Houston area, (c) perform other assignments requested by the Chairman of our Board of Directors or the Chief Executive Officer from time to time, (d) transition his network of contacts and local knowledge to Company management, and (e) provide other general business advisory services. Mr. Fedrick will devote at least twenty percent (20%) on average of his working time and energy to the Company. The consulting agreement contains non-compete and non-interference provisions and expires on January 1, 2006.

Independence

Technical Olympic S.A. currently owns 73.94% of our outstanding common stock. As a result, we are a controlled company within the meaning of the National Association of Securities Dealers Marketplace

Table of Contents

Rules and are not currently required to have independent directors comprise a majority of our Board of Directors. Messrs. Horner, Hasler, and Poulos do, however, qualify as independent directors within the meaning of the National Association of Securities Dealers Marketplace Rules. As noted above, Messrs. Horner, Hasler and Poulos comprise our Audit Committee, our Compensation and Benefits Committee, and our Independent Directors Committee. Our Independent Directors Committee has responsibility for, among other things, considering and acting on any proposed transaction that would be considered a related party transaction.

AUDIT COMMITTEE REPORT

For the fiscal year 2003, the Audit Committee operated under a written charter adopted by our Board of Directors, and on February 3, 2004, our Board of Directors adopted an amended and restated Audit Committee charter, a copy of which is attached as Appendix A to this Proxy Statement. The Audit Committee members' responsibilities and functions are not intended to duplicate or to certify the activities of management and the independent certified public accountants. The Audit Committee oversees our financial reporting process on behalf of our Board of Directors. Our management has the primary responsibility for the financial statements and reporting process, including our systems of internal controls.

During fiscal year 2003, at each of its meetings, the Audit Committee met with the senior members of the Company's financial management team, the Company's General Counsel, and our independent certified public accountants. In addition, the Company hired a Director of Internal Audit during 2003 who attends all Audit Committee meetings and regularly meets in private session with the Audit Committee. The committee agenda is established by the Audit Committee's Chairman and the Company's General Counsel. The Audit Committee had private sessions with the Company's independent certified public accountants, at which candid discussions of financial management, accounting, and internal control issues took place.

The Audit Committee approved the engagement of Ernst & Young LLP as our independent certified public accountants for the year ended December 31, 2003 and reviewed with the Company's senior financial management and the independent certified public accountants overall audit scope and plans, the results of audit examinations, evaluations by the auditors of the Company's internal controls, and the quality of the Company's financial reporting.

The Audit Committee held meetings on February 3 and February 9, 2004, and took the following actions regarding our 2003 audited financial statements:

reviewed and discussed the 2003 audited consolidated financial statements with our management; this included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations and reviewed certifications prepared by the Chief Executive Officer and Chief Financial Officer that the consolidated financial statements of the Company present fairly, in all material respects, the financial position and results of operations of the Company;

discussed with the independent certified public accountants, Ernst & Young LLP, matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees;

received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with Ernst & Young LLP its independence; and

Table of Contents

in reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors, and our Board has approved, that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Commission.

This report furnished by the Audit Committee of our Board of Directors.

Employment Agreements*Antonio B. Mon*

Effective July 26, 2003, Antonio B. Mon and the Company entered into an Amended and Restated Employment Agreement with a term ending on December 31, 2008. Pursuant to that agreement, Mr. Mon serves as our Chief Executive Officer and Executive Vice-Chairman, as well as one of our directors. The agreement provides that Mr. Mon will receive a minimum base salary of \$968,000 with annual increases of a minimum of 10% per year thereafter until the agreement expires or is terminated. The amended and restated employment agreement also provides that Mr. Mon will be eligible to receive equity incentive compensation for each of 2007 and 2008 in an amount per year equal to one percent (1%) of our then outstanding shares on a fully-diluted basis. The form of the equity incentive compensation will be mutually agreed upon by Mr. Mon and the Company. We currently expect that the equity incentive compensation will take the form of options to purchase shares of our common stock and, if so, the exercise price for the shares will be \$30.43 for the 2007 grant and \$33.47 for the 2008 grant, and the grants will vest one year from the grant date and expire ten years from the grant date. If the equity incentive compensation takes a form other than stock options, the employment agreement provides that the economic value be equivalent to that of an option grant as described in the preceding sentence. In the event of termination by us without cause and not as a result of his disability or death, or in the event Mr. Mon terminates for good reason or due to a change in control, we will pay Mr. Mon the greater of (a) three times the sum of his base salary, his highest annual cash bonus, and the value of his fringe benefits, or (b) the aggregate amount of his base salary, his annual cash bonuses, and the value of the fringe benefits that would be payable for the remainder of the agreement term. He will also receive continued health plan coverage until age 65 or until he becomes covered under another plan. In addition, if payments are deemed to constitute excess parachute payments, and Mr. Mon becomes liable for any tax penalties imposed thereon, we will make a cash payment to him in an amount equal to the tax penalties. The agreement contains non-compete provisions in the event of termination of employment.

Tommy L. McAden

Effective June 25, 2002, Tommy L. McAden became our Vice President of Finance and Administration, Chief Financial Officer, and Treasurer. Pursuant to the terms of the employment agreement between Mr. McAden and us, which expires on June 25, 2005, Mr. McAden will receive a minimum base salary of \$380,000, with annual salary increases. Mr. McAden will receive an annual bonus and equity awards under our Annual and Long-Term Incentive Plan with respect to each of the years 2003 and 2004, and, to date, Mr. McAden has been granted options to purchase 439,091 shares of our common

stock pursuant to the employment agreement. In the event of termination by us without cause, or by Mr. McAden for good reason, we will pay Mr. McAden a termination payment in the amount of the sum of his base salary and annual bonus, the value of any benefits and perquisites that would have been provided during the remainder of the agreement term, and accrued obligations. In the event of a change in control and Mr. McAden's termination of the agreement on this basis, he will receive the greater of (a) the termination payment due above, or (b) two times the sum of his salary and annual bonus, plus the value of any benefits and perquisites that would have been provided during the remainder of the agreement term and accrued compensation. In addition, if payments are deemed to constitute excess parachute payments, and Mr. McAden becomes liable for any tax penalties imposed thereon, we will make a cash payment to him in an amount equal to the tax penalties. The agreement contains non-compete provisions in the event of termination of employment.

Yannis Delikanakis

On January 1, 2003, Yannis Delikanakis became our Executive Vice President, pursuant to the terms of an employment agreement between Mr. Delikanakis and us, which became effective on January 1, 2003 and expires on January 1, 2008. Mr. Delikanakis will receive a minimum base salary of \$75,000 per year, and was granted options to purchase 900,000 shares of our common stock. Mr. Delikanakis will not receive any bonus or other compensation unless approved by our Board of Directors. In the event of any termination, Mr. Delikanakis will receive only unreimbursed business expenses incurred by Mr. Delikanakis. In addition, if payments are deemed to constitute excess parachute payments, and Mr. Delikanakis becomes liable for any tax penalties imposed thereon, we will make a cash payment to him in an amount equal to the tax penalties. The employment agreement contains non-compete provisions in the event of termination of employment.

Harry Engelstein

Effective January 1, 2004, the Company and Mr. Engelstein entered into an employment agreement to reflect his responsibilities as an Executive Vice President of our homebuilding operations. Pursuant to the agreement, Mr. Engelstein is entitled to receive a base salary of \$445,000 and an annual bonus based on a specific formula set forth in the agreement. COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During the fiscal year ended December 31, 2003, our Compensation and Benefits Committee was responsible for both the establishment and administration of the policies that govern annual compensation programs and for the compensation and bonus arrangement for the Chief Executive Officer and other top executive officers, the establishment of compensation for all other officers, and the administration of our long-term incentive program. During 2003, the Compensation and Benefits Committee was comprised of Messrs. Poulos, Horner, and Hasler, each of whom are independent directors.

This report, regarding our compensation policies and the implementation of these policies during 2003, is furnished by the Compensation and Benefits Committee.

Determination of Executive Officer Compensation

Our compensation policies are intended to:

reward executives for long-term strategic management that results in the enhancement of stockholder values;

support a performance oriented environment that rewards achievement of both our internal goals and enhanced Company performance as measured against performance levels of comparable companies in the industry; and

attract and retain executives whose abilities are critical to our long-term success and competitiveness.

Components of Executive Officer Compensation

For 2003, the executive compensation program consisted of three key components, which are unchanged from the prior year:

base salary;

incentive compensation (bonus); and

stock options.

Base salaries paid to Named Executive Officers were paid pursuant to agreements described in "Employment Agreements" above. Each Named Executive Officer's base salary was determined by the individual officer's level of responsibility and comparisons to similar positions within TOUSA as well as with other companies in the industry.

Table of Contents

In 2003, the Compensation and Benefits Committee evaluated and approved annual bonuses for our senior officers. The bonuses are designed to reward personal contribution and performance, measured as achievement of specified profit goals, regional contribution targets, customer service rankings, and/or overall performance. Each bonus is expressed as a percentage of the officer's base salary based on job position and experience with TOUSA. In the budgeting process, a profit goal or regional contribution target was set for each division and region. The amount of bonus earned by the officer will be determined with each factor and actual performance of such factor evaluated.

Minimum threshold performance criteria must be reached before any bonus awards will be granted. In addition, the individual performance of executive officers may be taken into consideration in making any awards.

Determination of Chief Executive Officer Compensation

Antonio B. Mon

In connection with our principal stockholders' decision to merge the operations and businesses of Newmark and Engle in 2002, we determined that it was necessary to bring on a new Chief Executive Officer who had significant experience in our industry. Upon review of industry compensation standards, we entered into an initial employment agreement with Mr. Mon in June 2002 (the "Original Employment Agreement"), which provided for a base salary and an annual bonus that was strictly tied to the performance of the Company. We determined that the best way to align the interests of our Chief Executive Officer with the long-term interests of our stockholders was to align his annual bonus with the Company's results of operations, thereby providing meaningful downside risk and upside opportunity for variations in our financial performance. In addition to his base salary and annual bonus, the Compensation and Benefits Committee determined that the compensation of our Chief Executive Officer should have an equity component to further align the Chief Executive Officer's interests with those of our stockholders by providing a direct link between executive compensation and long-term performance of TOUSA. Stock options were granted to our Chief Executive Officer at various premiums to the fair market price at the time.

In recognition of Mr. Mon's performance, and in the consideration of the best interests of the Company, in July 2003, the Compensation and Benefits Committee approved an amendment to the Original Employment Agreement with Mr. Mon to extend the term of such agreement for two years, to December 31, 2008. The Amended and Restated Employment Agreement did not modify Mr. Mon's base salary or provide him with any other material benefit, other than to provide for the grant of additional equity compensation to be awarded to Mr. Mon during 2007 and 2008, the additional years of the employment term.

In accordance with these policies, the Compensation and Benefits Committee approved the Amended and Restated Employment Agreement of Mr. Mon described under "Employment Agreements" above. During fiscal year 2003, the Compensation and Benefits Committee also provided Mr. Mon with a bonus based upon the formula set forth in the employment agreement.

Annual and Long-Term Incentive Plan

The Plan provides that any employee, consultant, or director of the Company, its subsidiaries, its parent corporation, and affiliated entities is eligible to receive stock options, restricted stock, performance awards, phantom shares, bonus shares, or other stock-based awards, either separately or in combination. The number of shares of common stock with respect to which awards may be granted under the Plan is 4,000,000, subject to adjustment. The Plan is intended to promote the interests of the Company by encouraging employees, consultants, and directors of the Company, its parent corporation, its subsidiaries, and affiliated entities to acquire or increase their equity interest in the Company and to provide a means whereby they may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to remain with and devote their best efforts to

Table of Contents

the Company's business, thereby advancing the interests of the Company and its stockholders. As of December 31, 2003, there were 3,446,740 awards outstanding under the Plan.

Compliance with Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for annual compensation over \$1.0 million paid to their Chief Executive Officer and certain other highly compensated executive officers. Generally, the Code excludes from the calculation of the \$1.0 million cap compensation that is based on the attainment of pre-established, objective performance goals. Where practicable, it is the Compensation and Benefits Committee's policy to establish compensation practices that are both cost-efficient from a tax standpoint and effective as a compensation program. The Compensation and Benefits Committee considers it important to be able to utilize the full range of incentive compensation tools, even though some compensation may not be fully deductible.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Restructuring Transaction

In a restructuring transaction to eliminate global tax inefficiencies resulting from a double holding company structure, all of the shares of TOI, our prior principal stockholder, were sold by Technical Olympic (UK) Limited to Technical Olympic S.A. TOI was then merged with and into TOI, LLC, a newly formed wholly-owned subsidiary of ours. As part of the merger, Technical Olympic S.A. acquired the shares of our common stock. Prior to the merger, TOI was a wholly-owned subsidiary of Technical Olympic (UK) Limited, which is a wholly-owned subsidiary of Technical Olympic S.A. As a result of these transactions, Technical Olympic S.A. now owns our common stock directly rather than indirectly through subsidiaries.

Management Services Agreement

Pursuant to a Management Services Agreement between us and TOI (successor to Techolym L.P.), dated June 1, 2000, TOI provided us with certain advisory, administrative, and other services. For the year ended December 31, 2003, we have made payments of \$2.5 million under this agreement. On June 13, 2003, we entered into an Amended and Restated Management Services Agreement with TOI. The agreement was effective as of January 1, 2003 and expires on December 31, 2007. Pursuant to the amended agreement, TOI provided consultation with, and assistance to, our Board of Directors and management in connection with issues involving our business, as well as other services requested from time to time by our Board of Directors. In consideration for providing such services, we agreed to pay TOI an annual management fee of \$500,000 and, to the extent our net income for any fiscal year meets established targets, additional annual incentive fees, which may not exceed \$3.0 million. Pursuant to the agreement, we agreed to indemnify TOI for any liability incurred by it as a result of the performance of its duties other than any liability resulting from TOI's gross negligence or willful misconduct. We may terminate the agreement upon six months' prior written notice. In connection with the restructuring transaction, TOI assigned its obligations and rights under the Amended and Restated Management Services Agreement to TOSI, a Delaware corporation wholly-owned by Technical Olympic S.A., effective as of October 29, 2003. Pursuant to the terms of our revolving credit facility, the aggregate amount of annual fees payable under the Amended and Restated Management Services Agreement may not exceed \$3.5 million.

Purchasing Agreements

In order to consolidate the purchasing function, we and our subsidiary TOUSA Homes, Inc. entered into non-exclusive purchasing agreements with Technical Olympic S.A. in November 2000. Under the purchasing agreements, Technical Olympic S.A. would purchase certain materials and supplies necessary

for operations on our respective behalves and provide them to us at cost. No additional fees or other consideration are paid to Technical Olympic S.A. These agreements may be terminated upon 60 days prior notice. Technical Olympic S.A. purchased an aggregate of \$203.7 million of materials and supplies on our behalf for the year ended December 31, 2003. Konstantinos Stengos, Chairman of our Board of Directors, is President and Managing Director of Technical Olympic S.A. George Stengos, one of our directors, is Executive Vice Chairman of Technical Olympic S.A. Marianna Stengou, a nominee for our Board of Directors, is Director of Human Resources and Quality and a director of Technical Olympic S.A.

Certain Land Bank Transactions

During 2001, Engle Homes, our predecessor-in-interest, sold certain undeveloped real estate tracts to, and entered into a number of agreements (including option contracts and construction contracts) with, Equity Group, a limited liability company controlled by Alec Englestein, Harry Englestein's brother. We made payments of \$7.2 million to this entity pursuant to these agreements during the year ended December 31, 2003. As of June 30, 2003, the remaining homesites had been acquired and the agreements were terminated. On September 29, 2003, we entered into two additional option agreements with Equity Group. The two agreements provide that we purchase lots for a total aggregate sum of approximately \$16.1 million.

Tax Allocation Agreements

Pursuant to certain tax allocation agreements applicable to us and Engle Holdings, Inc. for tax periods ending on or after December 15, 1999 with respect to our Company and on or after November 22, 2000 with respect to Engle Holdings, our and Engle Holdings' earnings may be included in the consolidated federal income tax returns filed by TOI. The amount of our and Engle Holdings' liability to (or entitlement to payment from) TOI equals the amount of taxes that each would respectively owe (or refund that each would receive) had we or Engle Holdings, as the case may be, prepared its federal tax returns on a stand-alone basis, and we and Engle Holdings have certain indemnification rights with respect to payments which we have made to TOI and any tax liabilities of TOI or its affiliated entities other than to us or Engle Holdings. With respect to the tax allocation agreements, we made payments totaling \$28.3 million for the year ended December 31, 2003. The tax allocation agreement between TOI and Engle Homes was terminated after the merger. The tax allocation agreement between TOI and us was terminated as a result of the merger of TOI into one of our wholly-owned subsidiaries pursuant to the restructuring transaction, and tax accounts between the two companies were required to be settled. The closing reconciliation of tax accounts resulted in an estimated \$4.2 million due to us from TOSI, a Delaware corporation that is wholly-owned by Technical Olympic S.A. who assumed this liability from TOI as part of the restructuring transaction.

PROPOSAL 2

AMENDMENT TO THE CERTIFICATE OF INCORPORATION

Proposal

On March 26, 2004, our Board of Directors approved an amendment to the Fourth Article of our Certificate of Incorporation, as amended, to increase the number of authorized shares of all classes of stock that we may issue from 70,000,000 shares to 100,000,000 shares, of which 3,000,000 shares shall be classified as preferred stock, par value \$0.01 per share (the Preferred Stock) and 97,000,000 shares shall be classified as common stock, par value \$0.01 per share (the Common Stock). A copy of the proposed Amendment to the Certificate of Incorporation, in substantially the form to be filed with the Secretary of State of Delaware, is attached hereto as part of Appendix B, and incorporated herein by reference. All stockholders are urged to carefully review the attached Appendix B.

Recommendation of our Board of Directors

We recommend that you vote your shares for the adoption of the amendment to our Certificate of Incorporation to increase the number of authorized shares of all classes of stock that we may issue from 70,000,000 shares to 100,000,000 shares, of which 3,000,000 shares shall be classified as Preferred Stock and 97,000,000 shares shall be classified as Common Stock. If you sign, date, and return the enclosed proxy, your shares will be voted for the adoption of the amendment to our Certificate of Incorporation, unless you mark the proxy in such a manner as to vote against adoption of such amendment or abstain. Please see the Voting Instructions on page 1 of this proxy statement for instructions on how to cast your vote.

Purpose

Our Board of Directors believes that it is in our best interests that we have the flexibility to issue additional shares of Common Stock as needs may arise without further stockholder action unless required by applicable law, regulation, listing requirements, or our Certificate of Incorporation. We seek to provide this flexibility through management of our authorized shares of capital stock.

We currently have no agreements, understandings, or plans for the issuance or use of the additional shares of our Common Stock proposed to be authorized. The availability of additional shares will enhance our flexibility in connection with possible future actions, such as corporate mergers, acquisitions of businesses, property or securities, stock dividends, stock splits, financings, and other corporate purposes. Our Board of Directors will decide whether, when, and on what terms the issuance of shares of Common Stock may be appropriate in connection with any of the foregoing purposes, without the expense and delay of a special meeting of stockholders. All newly authorized shares of Common Stock would have the same rights as the currently authorized shares, including the right to cast one vote per share and to participate in dividends when and to the extent declared and paid. Holders of our Common Stock do not have preemptive rights to purchase additional shares of Common Stock and are not entitled to cumulative voting for the election of Directors.

As of our record date, March 26, 2004, we had 70,000,000 shares of authorized capital stock. Our authorized capital stock is divided into (1) 67,000,000 shares of Common Stock and (2) 3,000,000 shares of Preferred Stock. If Proposal 2 is adopted, we will have 100,000,000 shares of authorized capital stock, which will be divided into (1) 97,000,000 shares of Common Stock and (2) 3,000,000 shares of Preferred Stock.

As of March 26, 2004, we had outstanding (1) 29,895,837 shares of Common Stock and (2) no shares of Preferred Stock. We currently have reserved approximately 3,982,950 shares of Common Stock for issuance upon exercise of outstanding stock options under our Annual and Long-Term Incentive Plan. Therefore, as of March 26, 2004, there were approximately 33,121,213 shares of authorized Common Stock available for future issuance.

Table of Contents

Dilutive Effect of Additional Common Stock

The issuance of additional shares of Common Stock may, among other things, have a dilutive effect on earnings per share and on stockholders' equity and voting rights. Generally, The Nasdaq National Market limits the amount of shares we can issue without stockholder approval in transactions other than public offerings at a price less than the greater of book or market value of the shares to less than 20% of the number of shares of Common Stock outstanding or 20% of the voting power outstanding. However, through public offerings or numerous private offerings, our Board of Directors would have the ability to issue shares of Common Stock authorized under our Certificate of Incorporation, which could have a dilutive effect.

Furthermore, future sales of substantial amounts of our Common Stock, or the perception that these sales might occur, could adversely affect the prevailing market price of our Common Stock or limit our ability to raise additional capital.

Possible Anti-Takeover Effects

Although the proposed increase in our authorized capital stock could be construed as having anti-takeover effects, we do not view this proposal in that perspective. Technical Olympic S.A. currently owns 73.94% of our Common Stock. Nevertheless, in the future, the availability of a significant amount of authorized but unissued shares of Common Stock could be used by our Board of Directors to make more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or other means. Consequently, our Board of Directors could use these additional shares of Common Stock to create voting or other impediments or to discourage persons seeking to gain control of us. Such shares of Common Stock also could be privately placed with purchasers favorable to our Board of Directors in opposing such action. The existence of the additional authorized shares could have the effect of discouraging unsolicited takeover attempts. The issuance of new shares of Common Stock also could be used to dilute the stock ownership of a person or entity seeking to obtain control of us should our Board of Directors consider the action of such entity or person not to be in the best interest of our stockholders.

In addition to the proposed amendment, our Certificate of Incorporation currently provides our Board of Directors with the authority to issue Preferred Stock and to determine the preferences, limitations and relative rights of shares of Preferred Stock and to fix the number of shares constituting any series and the designation of such series, without any further vote or action by our stockholders. The Preferred Stock could be issued with voting, liquidation, dividend and other rights superior to the rights of our Common Stock. The potential issuance of Preferred Stock may delay or prevent a change in control of us, discourage bids for the Common Stock at a premium over the market price, and adversely affect the market price and the voting and other rights of the holders of our Common Stock.

Vote Required

The affirmative vote of the holders of not less than a majority of our outstanding shares of Common Stock is required for approval of the amendment increasing the number of authorized shares of all classes of stock that we may issue from 70,000,000 shares to 100,000,000 shares, of which 3,000,000 shares shall be classified as Preferred Stock and 97,000,000 shares shall be classified as Common Stock. You may vote in favor of or against the proposal or you may abstain. Brokers that do not receive instructions are not entitled to vote those shares with respect to this proposal. Broker non-votes and abstentions will have the same effect as negative votes.

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Relationship with Independent Certified Public Accountants

The Audit Committee has selected Ernst & Young LLP, independent certified public accountants, to audit our consolidated financial statements for fiscal year 2004. Ernst & Young LLP has served as our independent certified public accountants since October 1, 2001. A member of Ernst & Young LLP will be present at the Annual Meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions you may ask.

Independent Certified Public Accountants Fees

The aggregate fees billed to TOUSA for the years ended December 31, 2002 and 2003, by our principal accounting firm Ernst & Young LLP, are as follows:

Audit Fees: The aggregate fees for professional services rendered by Ernst & Young LLP in connection with (i) the audit of our annual financial statements (Form 10-K), (ii) reviews of our quarterly financial statements (Forms 10-Q), (iii) assisting us with the preparation and review of our various documents relating to securities offerings, including the preparation of comfort letters, (iv) evaluating the effects of various accounting issues and changes in professional standards, and (v) statutory audits of certain of our subsidiaries for the years ended December 31, 2002 and 2003, were approximately \$771,000 and \$957,000, respectively.

Audit Related Fees: The aggregate fees for professional services rendered by Ernst & Young LLP for services reasonably related to the performance of the audit and review of our financial statements, including (i) assisting us in the due diligence review of, and audits and accounting consultations regarding, acquisitions, (ii) employee benefit plan audits, and (iii) assisting us in documenting internal control policies with respect to information systems and other business processes during the years ended December 31, 2002 and 2003, were approximately \$280,000 and \$395,000, respectively.

Tax Fees: The aggregate fees for professional services rendered by Ernst & Young LLP for tax compliance, tax advice, and tax planning during the years ended December 31, 2002 and 2003 were approximately \$918,000 and \$3.3 million, respectively. Approximately \$1.6 million of the fees for 2003 relate to tax consulting projects that have been completed.

All Other Fees: The aggregate fees for professional services, not included in audit fees, audit related fees and tax fees above, rendered by Ernst & Young LLP primarily relating to (i) a review of treasury policies and procedures, and (ii) a data warehouse validation project during the fiscal years ended December 31, 2002 and 2003, were approximately \$48,000 and \$311,000, respectively.

Ernst & Young LLP advised the Audit Committee that it did not believe its audit was impaired by providing such services. As a result, Ernst & Young LLP confirmed that, as of December 31, 2003, it was an independent accountant with respect to TOUSA within the meaning of the Securities Act of 1933 and the requirements of the Independence Standards Board.

Pre-Approval Policies and Procedures for Audit and Permitted Non-Audit Services

The Audit Committee has developed policies and procedures requiring the Audit Committee's pre-approval of all audit and permitted non-audit services to be rendered by Ernst & Young LLP. These policies and procedures are intended to ensure that the provision of such services does not impair Ernst & Young's independence. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for a period of a fiscal year and any pre-approval is detailed as to the particular service or category of service approved and is generally subject to a specific cap on professional fees for such services.

The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve services to be rendered by Ernst & Young LLP and requires that the Chairman report to the

Table of Contents

Audit Committee any pre-approval decisions made by him at the next scheduled meeting of the Audit Committee. In connection with making any pre-approval decision, the Audit Committee and the Chairman must consider whether the provision of such permitted non-audit services by Ernst & Young LLP is consistent with maintaining Ernst & Young's status as our independent certified public accountants.

Consistent with these policies and procedures, the Audit Committee approved all of the services rendered by Ernst & Young LLP during fiscal year 2003, as described above.
