The Company is filing this report on Form 8-K to disclose audited and pro forma financial statements with respect to its August 16, 2004, acquisition of the Westchase Corporate Center (the Property) located in Houston, Texas, in accordance with Rule 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission. While the acquisition of Westchase does not meet the criteria of an individually significant acquisition, when the acquisition is aggregated with other individually insignificant acquisitions consummated by the Company since the date of its most recently audited balance sheet as of December 31, 2003, all such acquisitions in the aggregate are significant within the meaning of Rule 3-14. Accordingly, the Company is required, under Rule 3-05 of Regulation S-X, to provide financial statements covering at least the substantial majority of all such acquired properties. The financial statements covering Westchase, filed herewith, allow the Company to satisfy such requirement.

Item 8.01 Other Events

On August 16, 2004, the Company acquired the Westchase Corporate Center, a six-story, 184,000 square foot, class A office building, located in Houston, Texas, for a purchase price of \$20.3 million, plus closing and other costs. The Company financed the acquisition of the Property with the proceeds of a non-recourse first mortgage totaling approximately \$15.2 million, a \$3.9 million draw on the Company s existing line of credit, and a minority interest contribution of \$1.2 million. The Property was acquired from Westchase Development Venture, L.P., an unrelated third party.

The Company considered various factors in determining the price to be paid for the Property. Factors considered included the nature of the tenants and terms of leases in place, opportunities for alternative and new tenancies, historical and expected cash flows, occupancy rates, current operating costs on the Property and anticipated changes therein under Company ownership, the physical condition and location of the Property, the need for capital improvements, the anticipated effect on the Company s financial results, and other factors. The Company took into consideration capitalization rates at which it believed other comparable properties had recently sold. However, the Company determined the price it was willing to pay primarily on the factors discussed above relating to the Property itself and its fit into the Company s existing operations. No separate independent appraisal was obtained by the Company in connection with this acquisition.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
CRT Properties, Inc.
Boca Raton, Florida:

We have audited the accompanying statement of revenues and certain expenses of the property known as the Westchase Corporate Center (the Property) for the year ended December 31, 2003. On August 16, 2004, the Property was acquired from Westchase Development Venture, L.P., Inc., an unrelated third party. This financial statement is the responsibility of the Property. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the filing of a Form 8-K of CRT Properties, Inc. dated December 13, 2004, as a result of the acquisition of the Property. Material amounts, described in Note 1 to the statement of revenues and certain expenses that would not be comparable to those resulting from future operations of the Property are excluded and, accordingly, the statement is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, in accordance with standards of the Public Company Accounting Oversight Board (United States), the financial statements referred to above present fairly, in all material respects, the revenues and certain expenses of the Property for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

The Westchase Corporate Center (the Property) is a six-story 184,000 square foot, class A office building located in Houston, Texas. The Property was acquired on August 16, 2004, from Westchase Development Venture, L.P., an unrelated third party. The statement of revenues and certain expenses includes information related to the operations of the Property for the year ended December 31, 2003, as recorded by the Property's previous owners, subject to the adjustments described below.

The accompanying historical financial statement information is presented in conformity with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission. Accordingly, the financial statement is not representative of the actual operations for the year ended December 31, 2003, as certain expenses have been excluded, which may not be comparable to the expenses expected to be incurred in the future operations of the Property. Expenses excluded consist of interest, depreciation and amortization, and other costs not directly related to the future operations of the acquired Property.

Management's Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Rental Income Rental income is recognized on a straight-line basis over the terms of the related leases.

Property Operating Expenses Property operating expenses consist primarily of utilities, insurance, repairs and maintenance, security and safety, cleaning, and other administrative expenses.

Management Costs and Fees The Property is to be managed by Means-Knaus Partners, L.P., a related third party who has a nine percent ownership interest in the Property, for a management fee of approximately 3.0 percent of rental receipts plus \$416.67 per month and reimbursement of personnel and other costs related to management of the Property.

NOTES TO UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS**

1. Basis of Presentation

On August 16, 2004, CRT Properties, Inc. and subsidiaries (the Company) acquired the Westchase Corporate Center (the Property) from Westchase Development Venture, L.P., an unrelated third party. The Property consists of a 184,000 square foot office building located in Houston, Texas. The statement of revenues and certain expenses includes information related to the operations of the Property for the year ended December 31, 2003, as recorded by the Property s previous owner, subject to the pro forma adjustments described below.

2. Unaudited Pro Forma Consolidated Statement of Operations

The unaudited pro forma consolidated statement of operations for the year ended December 31, 2003, includes adjustments assuming that the acquisition of the Westchase Corporate Center occurred as of January 1, 2003, and is based on the historical statement of operations for the Company presented in its Annual Report on Form 10-K for the year ended December 31, 2003. The unaudited pro forma consolidated statement of operations for the nine months ended September 30, 2004, includes adjustments assuming that the acquisition of the Property occurred as of January 1, 2004, and is based on the historical statement of operations for the Company presented in its Quarterly Report on Form 10-Q for the period ended September 30, 2004. Significant pro forma adjustments in the unaudited pro forma consolidated statements of operations include the following:

- (a) Adjustment required for the historical rental revenues and operating expenses for the Property. Operating expenses include management costs and fees calculated using the historical management costs of the Property.
- (b) Adjustment required to reflect depreciation on the Property, based on the total allocated cost of the acquisition to depreciable assets. The Company uses the straight-line method for depreciation and amortization with an estimated useful life of 39 years for the Property. The Company is in the process of determining if any intangible assets were acquired, which may result in future adjustments to depreciation and amortization.
- (c) Adjustment required to reflect applicable federal income taxes on the Property's taxable income. The Property's taxable income has been reduced by ninety percent for the dividends required to be paid to the Company's shareholders to maintain its real estate investment trust status for federal income tax purposes.
- (d) Adjustment required to reflect interest expense related to a non-recourse mortgage loan amount in the amount of \$15.2 million (a 5.4 percent fixed rate mortgage) and a \$3.9 million draw on the Company's line of credit. The estimated average interest rate on the line of credit was 3.4 percent. If the weighted average interest rate on this variable rate debt were 100 basis points higher or lower, annual interest expense would be increased or decreased by approximately \$39,000.
