PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
To be Held April 28, 2005**

The 2005 Annual Meeting of Shareholders of ChoicePoint Inc. (ChoicePoint or the Company) will be held on April 28, 2005, at The Waldorf-Astoria, 301 Park Avenue, New York, New York 10022, beginning promptly at 10:00 a.m., local time. The enclosed form of proxy is solicited by our board of directors. It is anticipated that this proxy statement and the accompanying proxy card will first be mailed to holders of our common stock on or about March 23, 2005.

ABOUT THE MEETING

Why am I receiving this proxy statement and proxy card?

You are receiving this proxy statement and proxy card because you own shares of common stock in ChoicePoint Inc. This proxy statement describes issues on which we would like you, as a shareholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you vote you appoint Derek V. Smith, Douglas C. Curling and David W. Davis as your representatives at the annual meeting. Messrs. Smith, Curling and Davis will vote your shares, as you have instructed them on the proxy card, at the annual meeting. This way, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, it is a good idea to vote in advance of the annual meeting in case your plans change.

If an issue comes up for vote at the annual meeting that is not on the proxy card, Messrs. Smith, Curling and Davis will vote your shares, under your proxy, in accordance with their best judgment.

What am I voting on?

You are being asked to vote on (1) one director for a term expiring in 2007 and three directors for terms expiring in 2008, (2) approval of an amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan to increase the number of shares of common stock that may be issued under the plan from 3,500,000 to 7,500,000 and (3) the ratification of the appointment of Deloitte & Touche LLP as independent registered public accountants. No cumulative voting rights are authorized and dissenters' rights are not applicable to these matters.

Who is entitled to vote?

Shareholders as of the close of business on March 10, 2005 are entitled to vote. This is referred to as the record date. Each share of common stock is entitled to one vote.

How do I vote?

You may vote by mail. You do this by signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope.

You may vote by telephone. You do this by calling the toll-free telephone number on your proxy card or vote instruction form on a touch-tone phone. Be sure to have your proxy card or vote instruction form available. If you hold your shares in the name of a bank or broker, your ability to vote by telephone depends on their voting processes. Please follow the directions on your proxy card carefully.

Table of Contents

You may vote by the Internet. You do this by visiting the Internet site at [HTTP://WWW.VOTEFAST.COM](http://www.voteFAST.com). If you hold your shares in the name of a bank or broker, your ability to vote by the Internet depends on their voting processes. Please follow the directions on your proxy card carefully.

You may also vote in person at the annual meeting. Written ballots will be available to anyone who wants to vote at the annual meeting. If you hold your shares in street name (through a broker or other nominee, such as a bank), you must request a legal proxy from your stockbroker in order to vote at the annual meeting.

How many shares represented do you need to hold the annual meeting?

As of March 10, 2005, 90,045,729 shares of common stock were issued and outstanding. Holders of a majority of the outstanding shares as of the record date, equal to 45,022,865 shares, must be present at the annual meeting either in person or by proxy in order to hold the meeting and conduct business. This is called a quorum.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent and/or with brokers. Please vote all proxy cards to ensure that all your shares are voted. You may wish to consolidate as many of your transfer agent or brokerage accounts as possible under the same name and address for better customer service.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

sending written notice to our corporate secretary at 1000 Alderman Drive, Alpharetta, Georgia 30005;

signing another proxy with a later date; or

voting again at the annual meeting.

How may I vote for the nominees for election of director?

With respect to the election of nominees for director, you may:
vote FOR the election of the four nominees for director;

WITHHOLD AUTHORITY to vote for the four nominees; or

WITHHOLD AUTHORITY to vote for one or more of the nominees and vote FOR the remaining nominee or nominees.

How many votes must the nominees for election as director receive to be elected?

If a quorum is present at the meeting, the nominee that receives the greatest number of affirmative votes of the nominees for a term expiring in 2007 and the three nominees receiving the greatest number of affirmative votes of all nominees for a term expiring in 2008, known as a plurality, will be elected to serve as directors. Shares that are not voted and shares for which votes are withheld will not affect the outcome of the election for directors. Withholding authority to vote for a particular nominee will not prevent that nominee from being elected.

What happens if a nominee is unable to stand for election?

The board of directors may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter event, shares represented by proxies may be voted for a substitute nominee.

Table of Contents

How may I vote for approval of the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan?

With respect to the proposal to approve the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan to increase the number of shares of common stock that may be issued under the plan from 3,500,000 to 7,500,000, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

How many votes must the approval of the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan receive to pass?

If a quorum is present at the annual meeting, the approval of the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan to increase the number of shares of common stock that may be issued under the plan from 3,500,000 to 7,500,000 must receive the affirmative vote of a majority of the votes cast on this proposal provided that the total number of votes cast on this matter represents greater than 50% of ChoicePoint's outstanding shares. Abstentions are neither counted as votes cast for or against this proposal and, as a result, have no effect on the outcome of the vote.

How may I vote for the ratification of the appointment of the independent registered public accountants?

With respect to the proposal to ratify the appointment of Deloitte & Touche LLP as ChoicePoint's independent registered public accountants for fiscal year 2005, you may:

vote FOR ratification;

vote AGAINST ratification; or

ABSTAIN from voting on the proposal.

How many votes must the ratification of the appointment of the independent registered public accountants receive to pass?

If a quorum is present at the annual meeting, the ratification of the appointment of the independent registered public accountants must receive the affirmative vote of a majority of the votes cast on this proposal. Abstentions are neither counted as votes cast for or against this proposal and, as a result, have no effect on the outcome of the vote.

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed proxy card but do not provide voting instructions, your shares will be voted FOR the four named director nominees, FOR the ratification of the appointment of the independent registered public accountants and FOR the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan to increase the number of shares of common stock that may be issued under the plan from 3,500,000 to 7,500,000. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

Will my shares be voted if I do not sign and return my proxy card?

If your shares are held in street name, your brokerage firm may vote your shares under certain circumstances. These circumstances include certain routine matters, such as the election of directors and the ratification of independent registered public accountants. Therefore, if you do not vote your proxy, your brokerage firm may either vote your shares on routine matters or leave your shares unvoted. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are also counted for purposes of establishing a quorum to conduct business at the meeting.

Table of Contents

A brokerage firm cannot vote customers' shares on non-routine matters such as the approval of the amendment to the ChoicePoint Inc. 2003 Omnibus Incentive Plan. Therefore, if your shares are held in street name and you do not vote your proxy, your shares will not be voted on this non-routine matter. These broker non-votes are counted for purposes of establishing a quorum; however, they are neither counted as votes cast for or against a matter presented for shareholder consideration and, as a result, have no effect on the outcome of the vote.

Where do I find the voting results of the meeting?

We will announce preliminary voting results at the meeting and will publish the final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2005. The report will be filed with the Securities and Exchange Commission (the SEC), and you will be able to get a copy by contacting our corporate secretary at (770) 752-6000, the SEC at (800) SEC-0330 for the location of the nearest public reference room, through our web site at www.choicepoint.com or the SEC's EDGAR system at www.sec.gov.

CORPORATE GOVERNANCE

The ChoicePoint board of directors represents the shareholders' interests in achieving a successful business and increasing shareholder value in long-term financial returns and has always been committed to the highest level of corporate governance. The board has a responsibility to its shareholders, employees, customers, and to the communities where it operates, to ensure that the Company operates with the highest professional, ethical, legal and socially responsible standards and to use information responsibly to create a safer, more secure society.

Since becoming a public company, the ChoicePoint board of directors has always been comprised of a majority of independent directors, as now required by the New York Stock Exchange listing standards. In July 2002, the board of directors created the position of lead director, whose primary responsibility is to preside over the regular executive sessions of the board of directors in which management directors and other members of management do not participate. The non-management directors elected Thomas M. Coughlin as lead director to preside over the executive sessions.

The board of directors has determined that all of the directors are independent under the New York Stock Exchange listing standards, and the ChoicePoint categorical listing standards, with the exception of Derek V. Smith and Douglas C. Curling, both of whom are considered inside directors because of their employment with the Company. The ChoicePoint board of directors has adopted the following categorical listing standards.

In no event will a director be considered independent if, within the preceding three years:

the director was employed by the Company or any of its direct or indirect subsidiaries;

an immediate family member of the director was employed by the Company or any of its direct or indirect subsidiaries as an executive officer;

the director or any immediate family member received more than \$100,000 per year in direct compensation from the Company or any of its direct or indirect subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (as long as such compensation is not contingent in any way on continued service);

the director was employed by or affiliated with the Company's present or former independent public accountant or internal auditor;

an immediate family member of the director was employed in a professional capacity by the Company's present or former independent public accountant or internal auditor;

Table of Contents

an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or an immediate family member of the director as an executive officer; or

the director was an executive officer or an employee, or an immediate family member of the director was an executive officer, of a company that made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million, or 2% of the other company's consolidated gross revenues.

The following relationships will not be considered to be material relationships that would impair a director's independence:

if a director is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the indebted company; and

if a director serves as an executive officer, director or trustee, or an immediate family member of the director serves as an executive officer, of a charitable organization and the Company's charitable contributions to the organization in any of the last three fiscal years, in the aggregate, are less than (1) one percent of that organization's latest publicly available consolidated gross revenues (or annual charitable receipts, if revenue information is not available) or (2) \$50,000, whichever is greater.

The ChoicePoint Inc. Corporate Governance Guidelines incorporate the practices and policies under which the board has operated, including the requirement that a substantial majority of directors be outside, independent directors and that the audit committee, management compensation and benefits committee (the compensation committee) and the corporate governance and nominating committee be comprised entirely of independent directors. Principal topics addressed by the Corporate Governance Guidelines include:

Board composition, including board size, independence of directors, number of independent directors, lead director position and succession planning;

Board functions, including executive sessions of non-employee directors, length of board service, access to management, board retirement and management development and succession planning; and

Board committees, including responsibilities for each committee, nomination and selection of directors, director compensation, board assessment, chief executive officer evaluation and retention of independent advisors.

The corporate governance and nominating committee periodically reviews and amends the Corporate Governance Guidelines as needed. A copy of the ChoicePoint Inc. Code of Conduct, Code of Ethics for Senior Financial Officers and Business Unit Leaders, the Corporate Governance Guidelines and charters for the audit committee, compensation committee and corporate governance and nominating committee may be found on the Company's web site at www.choicepoint.com. Copies will be provided to shareholders without charge who request a copy in writing to the Corporate Secretary, ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005.

The corporate governance and nominating committee will consider nominees recommended by the board of directors, management and shareholders. The corporate governance and nominating committee is authorized to retain third-party executive search firms to identify candidates.

The corporate governance and nominating committee will consider certain factors when selecting board candidates, including, but not limited to, the current composition and diversity of skills of the board, expertise and experience of a director leaving the board, expertise required for a particular board

Table of Contents

committee or if there is a corporate need for specific skills. The corporate governance and nominating committee applies the following guidelines when considering a prospective candidate for the board:

A desire to serve on the board primarily to contribute to the growth and prosperity of ChoicePoint and help create long-term value for its shareholders;

Individuals who possess the highest personal and professional ethics, integrity and values;

Business or professional knowledge and experience that will contribute to the effectiveness of the board and the committees of the board, and will replace, when possible, important attributes possessed by directors who have retired or will retire in the near future;

The ability to understand and exercise sound judgment on issues related to the goals of ChoicePoint;

A willingness and ability to devote the time and effort required to serve effectively on the board, including preparation for and attendance at board and committee meetings;

An understanding of the interests of shareholders, customers, employees and the general public, the intention and ability to act in the interests of all shareholders and an understanding of the use of information to help create a safer, more secure society;

A position of leadership in his or her field of endeavor which may include business, government, community or education; and

Free of interests or affiliations that could give rise to a biased approach to directorship responsibilities and/or a conflict of interest, and free of any material business relationship with ChoicePoint except for the employment relationship of an inside director.

A specific area of business expertise that will best benefit the Company will be identified by the corporate governance and nominating committee and based on this determination, and the criteria required for potential nominees, candidates possessing the targeted skills and requirements will be selected. Once a prospective nominee has been identified, the chairman of the board will initiate discussions with a prospective candidate and make appropriate recommendations to the corporate governance and nominating committee. The corporate governance and nominating committee will consider the qualifications of the potential candidate and make a recommendation to the full board. Candidates are subject to ChoicePoint's background screening process.

Any shareholder who wishes to recommend a prospective candidate for the board of directors for consideration by the corporate governance and nominating committee may do so by submitting the nominee's name and qualifications in writing to the following address: ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005, Attn: Corporate Secretary. The corporate governance and nominating committee does not intend to alter the manner in which it evaluates a nominee based on whether the nominee was recommended by a shareholder.

Shareholders wishing to communicate with the board of directors, any of its committees, or one or more individual directors regarding relevant business issues or who wish to make concerns regarding ChoicePoint known to the non-employee directors as a group, should send all written communications to: ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005, Attn: Corporate Secretary. Written correspondence will be forwarded to the appropriate directors.

**MANAGEMENT COMPENSATION AND BENEFITS COMMITTEE
REPORT ON EXECUTIVE COMPENSATION**

The compensation of ChoicePoint's executive officers is determined by the compensation committee of the board of directors. The compensation committee was established by the board of directors and is composed entirely of directors who are not, and have never been, officers or employees of ChoicePoint and who are otherwise independent directors under the New York Stock Exchange listing standards. The board of directors designates the members and the chairman of this committee. The compensation committee is responsible for all decisions regarding the compensation of the executive officers, including the chief executive officer, and for establishing and administering ChoicePoint's compensation and benefit policies and practices for the executive officers. The compensation committee is also responsible for the administration of the stock incentive plans.

In April 2003, the board of directors recommended and the shareholders approved the 2003 Omnibus Incentive Plan that included the following new long-term compensation standards:

No grant may provide for automatic reload rights;

Option rights may not be amended to reduce the option price;

Option price per share shall be no less than 100 percent of the fair market value;

Limitation on the number of shares issued as restricted stock and deferred shares; and

Minimum of three year time-based vesting on restricted stock and deferred shares.

Following shareholder approval of the 2003 Omnibus Incentive Plan (the 2003 Plan), which created a new compensation framework, the compensation committee, in 2003, revised its compensation philosophy regarding the use of equity grants to include:

Limit on the aggregate number of equity-based grants that could be granted in a given year to no more than two percent of ChoicePoint's outstanding shares;

Utilization of a mixture of equity vehicles including performance-accelerating, performance-contingent and time-based grants of stock options, deferred shares and restricted stock, with an increased reliance on the use of whole shares; and

Limit on the amount of aggregate equity-based grants that could be awarded in a given year to ChoicePoint's top two executives, the CEO and COO, to fifteen percent of the total equity-based grants in that year.

The compensation committee's philosophy is to link long-term incentive to the performance of ChoicePoint stock and the compensation committee believes the revised compensation philosophy, including annual grant amount limits and achievement of performance goals is properly aligned with the long-term interests of its shareholders.

The following report summarizes the philosophies, methods and recent revisions thereto that the compensation committee uses in establishing and administering ChoicePoint's executive compensation and incentive programs, including the development of compensation programs designed to provide key employees with ownership interests in ChoicePoint and motivation to build shareholder value.

Executive Compensation Policies

ChoicePoint's executive compensation policies are designed to attract and retain qualified executives, to reward individual achievement appropriately and to enhance the financial performance of ChoicePoint, and thus shareholder value, by significantly aligning the financial interests of ChoicePoint's executives with those of its shareholders. To accomplish these objectives, the executive compensation program is comprised of (1) base salary, (2) an annual performance-based variable cash incentive award, (3) long-term incentive compensation, consisting of restricted stock, deferred shares and fair market value stock options, and (4) other benefits that are intended to provide competitive capital accumulation opportunities

Table of Contents

and health, welfare and other fringe benefits. Base salary and annual bonuses are designed to recognize both individual performance and the achievement of corporate business objectives each year. The value of long-term incentives is directly linked to the performance of the ChoicePoint common stock. Executive officers also are eligible to participate in a variety of other benefit plans, including a deferred compensation plan, supplemental life and disability plans available to key officers and benefit plans available to employees generally, including the ChoicePoint Inc. 401(k) Profit Sharing Plan (the 401(k) Plan) and health-related plans.

Decisions regarding the compensation of named executive officers are based upon (1) the policies described above, (2) ChoicePoint's operating performance, and (3) competitive practices for executive talent. In addition to these principles, the compensation committee uses experience and judgment in determining the mix and level of compensation. The compensation committee considers market practices and compensation information drawn from a broad range of companies, including, but not limited to, certain of the companies included in the industry indices used in the stock performance graph included in this proxy statement. The compensation committee's policy is to engage an outside consultant to insure the compensation package for ChoicePoint's officers provide a competitive base salary and variable performance-based elements that give the named executive officers an opportunity, when superior performance is achieved, to earn total compensation that is generally in the top quartile of similar titled positions for publicly traded companies.

Annual Salary and Incentive Bonuses

In determining the base salaries for ChoicePoint's named executive officers, the compensation committee takes into consideration each executive's experience and the responsibilities attendant to his position. Base salaries for the named executive officers are reviewed annually. In evaluating whether an adjustment to an executive's base salary is appropriate, factors such as the scope of the individual's job responsibilities and performance over the past year, as well as an assessment of how well the individual performed in meeting or exceeding the personal goals set for that individual for the applicable period, is considered. In both 2003 and 2004, the compensation committee accepted the request of Messrs. Smith and Curling that there be no increase in their base salaries.

The purpose of ChoicePoint's annual incentive compensation plan is to unite the interests of ChoicePoint's management employees with those of its shareholders through annual payment of cash incentive awards to management employees based upon attainment of annually established (1) corporate economic value added goals and (2) strategic initiatives. Target incentive cash opportunities under the ChoicePoint annual incentive compensation plan for the named executive officers other than the chief executive officer can range from 60% to 112.5% of base salary, and for the chief executive officer represent 150% of his base salary. Actual annual cash bonuses are determined by measuring corporate performance and completion of individual strategic initiatives against goals established for the applicable period. The goals take into account, depending upon the responsibility level of the individual, one or more factors, including the individual's performance, the performance of the functional group or unit with which the individual is associated and the overall performance of ChoicePoint (primarily based upon economic value added goals). Such goals may or may not be equally weighted and may vary from one named executive officer to another. Bonus awards under the ChoicePoint annual incentive compensation plan also take into account an assessment of the performance of the individual executive officer. For 2004, the degree of achievement of economic value added goals, individual performance goals and strategic initiatives by each of the named executive officers resulted in annual incentive bonuses that exceeded the target opportunity level for the CEO, COO and Mr. Surbaugh and Messrs. Lee and de Janes at the target opportunity level.

Long-Term Incentive Compensation

The stock incentive plan is intended to provide a means of encouraging an ownership interest in ChoicePoint by those employees who have contributed, or are determined to be in a position to contribute, materially to the success of ChoicePoint, thereby increasing their motivation for, and interest in the achievement of, ChoicePoint's long-term success. Because the value of equity grants bears a direct

Table of Contents

relationship to the price of shares of the ChoicePoint common stock, the compensation committee believes that equity grants are a means of encouraging executives and other key management employees to increase long-term shareholder value. ChoicePoint's 2004 long-term incentive compensation program for its CEO and COO consisted of a combination of one-third fair market value stock options which vest 100% on the third anniversary of the grant, one-third fair market value stock options which have three year performance-based accelerated vesting features and one-third deferred shares which vest after the expiration of their current employment agreements (currently scheduled for 2010) and for other executive officers, consisted of a combination of fair market value stock options which vest 100% on the third anniversary of the grant, fair market value stock options which have three year performance-based accelerated vesting features and restricted stock which vests 100% on the third or fourth anniversary of the grant, pursuant to the stock incentive plans. Consistent with the compensation philosophy of the compensation committee described above, ChoicePoint, in February 2004, granted options, deferred shares and restricted stock to named executive officers (including the chief executive officer) and a number of employees.

In 2003, as discussed above, the compensation committee revised its compensation philosophy regarding the use of equity grants. The current philosophy is to limit the aggregate number of annual equity-based grants awarded to no more than two percent of the Company's outstanding shares and limit the combined grants to the CEO and COO to not more than fifteen percent of the Company's annual equity-based grant. In 2004, annual equity grants in the aggregate represented 1.7% of the total outstanding shares and the grants to the CEO and COO were limited to 15% of the annual aggregate equity grants. The compensation philosophy links long-term incentives directly to the performance of the ChoicePoint common stock and includes a combination of performance-accelerated, performance-contingent and time-based grants of fair market value stock options, deferred shares and restricted stock, with a reduced reliance on option grants. The compensation committee believes that long-term equity compensation that is earned upon achievement of performance goals is properly aligned with the long-term interests of its shareholders, and that continued use of long-term equity compensation is needed to attract and retain qualified executives. The 2003 Plan was approved with shares available for two years of equity grants. The two-year supply of grants has been distributed and the compensation committee has recommended an amendment to the 2003 Plan to provide additional share availability for future grants in support of the compensation committee's compensation philosophy. The 2003 Plan is more fully described in Proposal No. 2. In determining the maximum number of shares which constitute an award of long-term equity under the stock incentive plan, the compensation committee has no specific formula, other than the limitations discussed above, but rather determines the number of shares based upon such factors as individual contribution to corporate performance, market practices, and for grants other than for the CEO and COO, management recommendations.

Compensation of the Chief Executive Officer

The compensation committee generally applies the compensation philosophy described above for named executive officers in order to determine the compensation for Derek V. Smith, ChoicePoint's Chairman and Chief Executive Officer. In setting both the cash-based and equity-based elements of Mr. Smith's compensation, the compensation committee's objective is to establish compensation at target levels that are competitive and reflect market practice. Factors considered in evaluating Mr. Smith's performance include exceeding ChoicePoint's financial targets, executing desired strategic direction, including growth through acquisitions, and increasing shareholder value. No specific weight is assigned to these factors in the evaluation process.

Section 162(m) Limitation

The compensation committee believes that the compensation program serves its intended objectives. It believes the use of short-term performance metrics approved in the 2003 Omnibus Incentive Plan, fair market value stock options and deferred shares delivered post employment minimizes the effect of the \$1,000,000 limitation on the deduction that an employer may claim for compensation of executives under

Table of Contents

Section 162(m) of the Internal Revenue Code. Section 162(m) provides exceptions to the deduction limitation, and it is the intent of the compensation committee to qualify for these exceptions to the extent feasible and in the best interests of ChoicePoint, including the exceptions with respect to performance-based compensation.

While it is the compensation committee's intention to maximize the deductibility of compensation payable to ChoicePoint's named executive officers, deductibility will be only one among a number of factors used by the compensation committee in ascertaining appropriate levels or methods of compensation. ChoicePoint intends to maintain the flexibility to compensate named executive officers based upon an overall determination of what it believes to be in the best interests of ChoicePoint and its shareholders.

Conclusion

This report is submitted by the compensation committee.

Employment Agreements and Change-in-Control Arrangements

ChoicePoint currently has in effect employment agreements with Messrs. Smith, Curling, Lee, Surbaugh and de Janes. The employment agreements set forth minimum base salary amounts and provide for participation in ChoicePoint's employee and executive benefit plans and certain perquisites. The employment agreements vary in duration, but all, except Mr. Surbaugh's, provide for automatic extensions if not otherwise terminated. Mr. Surbaugh's

agreement allows for negotiation of an extension of the duration. The employment agreements may be terminated by either ChoicePoint or by the executive. The employment agreements provide that, under specified circumstances, in the event of a termination, the executive would be entitled to severance pay for a period of up to two years from the date of termination.

The employment agreements also contain provisions for severance pay and specified benefits upon the occurrence of a change in control of ChoicePoint. A change in control is defined by the employment agreements to mean: (1) a merger, consolidation or other reorganization of ChoicePoint that results in the shareholders of ChoicePoint holding less than a majority of the voting power of the resulting entity after such a transaction; (2) a sale or transfer of all or substantially all of ChoicePoint's assets to an entity in which the shareholders of ChoicePoint hold less than a majority of the voting power of such entity

Table of Contents

immediately following such sale or transfer; (3) the filing of a report with the SEC pursuant to the provisions of the Exchange Act disclosing that a person or entity beneficially owns shares representing at least 30% of ChoicePoint's voting power; (4) disclosure by ChoicePoint, pursuant to the requirements of the Exchange Act, that a change in control (as defined in the Exchange Act) has occurred or may occur pursuant to a then-existing agreement; or (5) in specified circumstances, the failure to reelect a majority of the members of ChoicePoint's board of directors. In the event that the executive's employment is terminated within five years, and in the case of Mr. Surbaugh within seven years, after the date of a change in control, then the executive is entitled to severance pay and other benefits. The amount of the severance payment is based upon the executive's annual compensation, with specified components of such compensation multiplied by a factor ranging from two to three times.

Management Compensation and Benefits Committee Interlocks and Insider Participation

The compensation committee consists of Mr. Murray (Chairman) and Dr. Hamre and Mr. McCoy. None of the members of the compensation committee is a former or current officer or employee of the Company or any of its subsidiaries. None of ChoicePoint's executive officers currently serve on the compensation committee or board of directors of any other company of which any member of the Company's compensation committee or board of directors is an executive officer.

EQUITY COMPENSATION PLAN INFORMATION

The following table gives information about our common stock as of December 31, 2004, that may be issued upon exercise of options, warrants and rights under the 1997 Omnibus Stock Incentive Plan, 2003 Omnibus Incentive Plan, the ChoicePoint Inc. Deferred Compensation Plan and the ChoicePoint Inc. Deferred Compensation Plan No. 2 (the only stock compensation plans of the Company).

ChoicePoint Inc. Deferred Compensation Plan No. 2

Under the ChoicePoint Deferred Compensation Plan No. 2 (the "DCP2 Plan"), certain executive officers may elect to defer receipt, until the termination of their employment or attainment of a stated age, if later, of all or a portion of (1) shares of restricted stock granted to them under the ChoicePoint Inc. 1997 Omnibus Stock Incentive Plan that would otherwise be distributed to them upon satisfaction of vesting requirements, and (2) certain cash bonuses granted

at the time of grant of the restricted stock awards. The officers become vested in amounts deferred under the DCP2 Plan when the underlying awards vest. The initial grant of restricted stock vested on July 1, 2004, the third anniversary of grant. The cash bonuses vested on July 1, 2004 based upon satisfaction of three-year performance goals. The number of shares distributed with respect to the restricted shares was equal to the number of shares initially deferred under the DCP2 Plan. The total amount of the cash bonus was earned as of July 1, 2004. The amount was based on a predetermined value that equals 75% of the market value on the vesting date of the restricted stock grant to that officer. The officers participating in the DCP2 Plan previously elected to defer 95% of any vested cash bonuses under the DCP2 Plan. These vested deferred amounts will be distributed in shares of ChoicePoint common stock. The shares distributed under the DCP2 Plan are provided from

treasury shares or are acquired by ChoicePoint through open market purchases. The vesting criteria has been met and 256,875 shares of ChoicePoint common stock will be distributed under this plan.

**PROPOSAL NO. 2 APPROVAL OF AN AMENDMENT TO THE CHOICEPOINT INC.
2003 OMNIBUS INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES
OF COMMON STOCK THAT MAY BE ISSUED UNDER THE PLAN
FROM 3,500,000 TO 7,500,000.**

General

The 2003 Omnibus Incentive Plan is intended to attract and retain officers, full-time employees, directors and others who render significant services to ChoicePoint and our subsidiaries and to motivate these persons to achieve performance objectives related to our overall goal of increasing shareholder value. This plan, as amended, is hereafter referred to as the 2003 plan. The board of directors recently approved an amendment to the 2003 plan which, subject to shareholder approval, increases the number of shares available for grant under the 2003 plan by 4,000,000 shares, for a total of 7,500,000 shares available for grants under the 2003 plan. In addition, the number of shares available for grants of restricted shares, deferred shares or performance shares under the 2003 plan has been increased to 1,500,000 from 700,000 to maintain the proportion of such awards at 20% of the total number available for grant under the 2003 plan. For two years, ChoicePoint has been utilizing the 2003 plan, which has certain key features as follows:

authorized shares available under the 2003 plan (including the amendment) constitute 8% of shares outstanding;

awards of options and appreciation rights may be made at no less than the fair market value on the date of grant; and

shareholder approval is required for amendments that affect dilution to shareholders, as required by the 2003 plan and applicable listing standards, and in the case of amendments pertaining to the restrictions on the grant of certain replacement options or reload options.

In addition, if the amendment to the 2003 plan is approved by shareholders, the number of shares issuable under the ChoicePoint Inc. 1997 Omnibus Stock Incentive Plan (referred to as the 1997 plan) will be reduced by 1,300,000 shares, to a number of authorized shares needed to satisfy existing reload obligations, for a total of 18,700,000 shares available for grants under the 1997 plan. There are 17,804,490 shares currently subject to outstanding awards or that have been issued under the 1997 plan. No new grants will be made under the 1997 plan other than reload options arising from grants existing prior to the approval of the 2003 plan. Due to the decrease in the number of shares available under the 1997 plan, the total increase in shares available for grant under ChoicePoint's plans as a result of the amendment is 2,700,000. Additional information about available shares and awards is included below.

The amendment to the 2003 plan is being presented to shareholders for approval. If a quorum is present at the annual meeting, the approval of the amendment to the 2003 plan must receive the affirmative vote of a majority of the votes cast at the annual meeting.

The board of directors believes approval of the amendment to the 2003 plan is in the Company's best interest. The principal reasons for adopting the amendment to the 2003 plan are to ensure that we have a mechanism for long-term, equity-based incentive compensation and to provide annual incentive compensation to certain executives. Certain awards under the 2003 plan are designed to qualify as performance-based under Section 162(m) of the Internal Revenue Code, which places a limit of \$1,000,000 on the amount of compensation that we may deduct for federal income tax purposes unless it is performance-based. The 2003 plan is also designed to comply with Rule 16b-3 under the Exchange Act.

A summary description of the 2003 plan, including the amendment to the 2003 plan, is set forth below. The full text of the 2003 plan and its amendments are annexed to this proxy statement as APPENDIX A, and the following summary is qualified in its entirety by reference to APPENDIX A.

Overview. Under the 2003 plan, the compensation committee of the board of directors is authorized to make awards of options to purchase shares of ChoicePoint common stock, tandem appreciation rights

and/or free-standing appreciation rights, restricted shares, deferred shares, performance shares and performance units, and share equivalent units. The terms applicable to awards of the various types, including those terms that may be established by the compensation committee when making or administering particular awards, are set forth in detail in the 2003 plan.

Shares Available Under the 2003 plan. The number of shares of common stock that may be issued or transferred pursuant to awards, or in payment of divided equivalents paid with respect to awards made under the 2003 plan, may not exceed 7,500,000 in the aggregate if the amendment to the 2003 plan is approved, subject to adjustment as provided in the 2003 plan. These shares of common stock may be shares of original issuance or treasury shares or a combination of both. Upon the payment of any option price by the transfer to us of shares of common stock or upon satisfaction of any withholding amount by means of transfer or relinquishment of shares of common stock, only the net number of shares of common stock we actually issue or transfer will be deemed to have been issued or transferred under the 2003 plan. As of March 18, 2005, the market value of common stock was \$39.15 per share.

Outstanding Awards Under the 2003 plan. Assuming shareholder approval is obtained, there will be a total of 7,500,000 shares authorized for issuance under the 2003 plan, representing a total of 8% of the shares outstanding as of March 18, 2005. There are 3,333,000 shares subject to outstanding awards or that have been issued under the 2003 plan. If the amendment to the 2003 plan is not approved, there are only 167,000 shares (not including 93,742 shares subject to cancelled awards), or .2% of outstanding shares, remaining available for issuance under the 2003 plan (2,362,510 shares, or 3% of outstanding shares including shares remaining under the 1997 plan if the amendment is not approved). If the amendment to the 2003 plan is approved, there will be 4,167,000 shares, or 5% of outstanding shares, remaining available for issuance under the 2003 plan (5,062,510 shares, or 6% of outstanding shares including shares remaining under the 1997 plan).

Awards granted under the 2003 plan have been in the form of options, restricted shares, deferred shares and share equivalent units. The following table presents (a) the number of shares subject to awards granted under the 2003 plan from its inception through March 18, 2005 to all current executive officers as a group, all current directors and all employees, including all current officers who are not executive officers as a group and (b) with respect to options, the weighted-average exercise price payable per share granted to each individual and group indicated. No associate of any officer, non-executive director or director standing for election has been granted an award under the 2003 plan and, except as set forth below, no person has received five percent or more of the total awards granted under the 2003 plan.

Eligibility. Officers and full-time employees of ChoicePoint and its subsidiaries may be selected by the compensation committee to receive benefits under the 2003 plan which are intended to constitute long-term incentives. In addition, non-employee directors and others who render significant services will be eligible for such grants. There were approximately 2,800 persons eligible to participate in the 2003 plan as of March 18, 2005. In addition, for annual incentive awards, eligible participants are those executives who constitute covered employees under Section 162(m) of the Internal Revenue Code. These are generally the chief executive officer and the four other highest-paid officers of ChoicePoint.

Limitations on Specific Kinds of Awards. In addition to the general limitation on the number of shares of common stock available under the 2003 plan, the 2003 plan would specifically limit the number of shares issued as restricted shares, deferred shares or performance shares to 1,500,000 in the aggregate, or 20% of the total number available for grant under the 2003 plan, if the amendment to the 2003 plan is

Table of Contents

approved. Additionally, the 2003 plan provides for specific limits and other requirements for certain awards to qualify as performance-based compensation for the purpose of Section 162(m) of the Internal Revenue Code. No participant may be granted (1) option rights, in the aggregate, for more than 750,000 shares of common stock during any calendar year, or (2) appreciation rights in the aggregate, for more than 750,000 shares of common stock during any calendar year, or (3) awards of performance shares, performance units, share equivalent units, deferred shares or restricted shares which in total have an aggregate maximum value as of their respective dates of grant more than \$4,000,000 in any fiscal year, nor shall an annual incentive award exceed \$4,000,000 in any fiscal year. In addition, the aggregate number of shares of common stock actually issued or transferred upon the exercise of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, may not exceed 7,500,000 if the amendment is approved.

Option Rights. The compensation committee may grant option rights, which entitle the holder to purchase shares of common stock at a price equal to or greater than market value at the date of grant, which is the closing price of the stock on the New York Stock Exchange on the date of grant. The option price is payable by the transfer to us of shares of common stock, in cash, by a combination of these payment methods or by other consideration authorized by the compensation committee. Any grant may provide for deferred payment of the option price from the proceeds of sale through a broker on the date of exercise of some or all of the shares of common stock to which the exercise relates. Option rights granted under the 2003 plan may be incentive stock options, option rights that are not intended to qualify as incentive stock options, or combinations of incentive stock options and non-qualified stock options. Each grant specifies the period of employment, which for officers shall generally be not less than three years, or performance goals required to be achieved before the option or portions of options will become exercisable. Option rights may not be amended to reduce the option price, nor may options be cancelled and replaced with rights with lower option prices, without further approval of the shareholders. No grant may provide for the automatic grant of reload option rights.

Appreciation Rights. A tandem appreciation right is a right to receive up to 100% of the spread between the option price and the current value of the shares of common stock underlying an option upon surrender and cancellation of the option. A free-standing appreciation right is the right to receive a percentage of the spread at the time of exercise. When computing the spread for a free-standing appreciation right, the base price must be equal to or greater than the market value of the underlying common stock on the date of grant. Any grant may specify waiting periods or performance goals which must be reached before exercise, and permissible exercise dates or periods.

Restricted Shares. An award of restricted shares involves the immediate transfer to a participant of ownership of a specific number of shares of common stock in consideration of the performance of services, with the participant entitled to voting, dividend and other ownership rights in the restricted shares. The transfer is made without additional consideration or in consideration of a payment by the participant that is less than current market value. In addition, the transfer may be conditioned on the achievement of performance goals. Restricted shares must be subject to a substantial risk of forfeiture within the meaning of Section 83 of the Internal Revenue Code for a period to be determined by the compensation committee, or until the achievement of the stated performance goals. If the elimination of said restrictions is based on the passage of time rather than the achievement of performance goals, the period of time shall be no shorter than three (3) years, except that said restrictions may be removed on an annual, ratable basis during the three-year period. In order to enforce these forfeiture provisions, the transferability of restricted shares will be prohibited or restricted in a manner and to the extent prescribed by the compensation committee for the period during which the forfeiture provisions are to continue, subject to the limited rights of transferability described below under *Transferability*.

Deferred Shares. An award of deferred shares constitutes an agreement to deliver shares of common stock to the participant in the future in consideration of the performance of services, but subject to the fulfillment of specified conditions. During the deferral period, the participant has no right to transfer any rights under the deferred shares, except as described below under *Transferability*, and has no rights of ownership in the deferred shares. Awards of deferred shares may be made without additional consideration

Table of Contents

or in consideration of a payment by the participant that is less than the market value per share at the date of grant. Except in the event of a change in control or similar event, deferred shares must be subject to a deferral period of not less than 3 years, except that a grant may provide that the deferral period will expire ratably during said three-year period, on an annual basis, as determined by the compensation committee at the date of grant.

Performance Shares and Performance Units. A performance share is the equivalent of one share of common stock, and a performance unit is the equivalent of \$100.00. A recipient must meet one or more performance goals within a specified performance period to earn the award in full. Alternatively, if a minimum level of acceptable achievement is established by the compensation committee, that minimum level must be exceeded in order to earn a portion of the award; the amount earned in this case will be determined in accordance with a formula. The compensation committee must certify the achievement of the performance goals before the award can be earned.

Share Equivalent Units. An award of share equivalent units results in the creation of a bookkeeping account which tracks the price of our common shares. When the participant has served ChoicePoint for the period of time specified at the time of grant, or when specified performance goals have been met, the value of the account will be distributed in common shares, restricted shares, cash, or a combination thereof, as the compensation committee decides.

Annual Incentive Awards. The 2003 plan also provides for the grant of annual incentive awards to the named executive officers. The amendment to the 2003 plan does not impact this component of the 2003 plan. Similar awards will be made to employees who are not named executive officers pursuant to other programs established by ChoicePoint. Annual incentive awards are paid in cash at the end of our fiscal year, in amounts which reflect the degree of achievement of performance goals established by the compensation committee for the participant during the first ninety days of the fiscal year. Minimum goals will be established by the compensation committee for a participant which must be met before any award is paid. A formula will determine the portion of the award which will be paid if performance exceeds the minimum but falls short of full achievement of the performance goals. Notwithstanding the achievement of a participant's performance goals, the compensation committee has the discretion to reduce (but not to increase) the award which will be paid. The compensation committee must certify the achievement of performance goals before awards will be paid. The 2003 plan provides that participants must be employed at the end of the fiscal year, although awards will be prorated if termination is because of retirement, or if a change of control occurs during the year.

Performance Goals. Performance goals may be described either in terms of company-wide objectives or objectives that are related to performance of the individual participant or the division, subsidiary, department, region, function or business unit in which the participant is employed. The performance goals applicable to any award to a participant who is or is likely to become a covered employee, within the meaning of Section 162(m) of the Internal Revenue Code, will be based on specified levels of achievement, growth, or improvement in one or more of the following business criteria: (1) the price of our securities; (2) revenue; (3) book value per share; (4) return on equity, assets, capital or investment; (5) economic value added; (6) total shareholder return; (7) operating performance; (8) strategic initiatives; (9) earnings margin or earnings per share; (10) cash flow; and (11) operating profit after amortization. For purposes of using earnings as a business criteria, they may be calculated as net, gross, operating, pre-tax, before interest and taxes, or before interest, taxes, depreciation and amortization. The compensation committee must certify the achievement of performance goals with respect to awards made to named executive officers, in order for the award to be earned.

If the compensation committee determines that a change in our business, operations, corporate structure or capital structure, or the manner in which we conduct our business, or other events or circumstances render the business criteria unsuitable, the compensation committee may modify the business criteria or the related minimum acceptable level of achievement, in whole or in part, as the compensation committee deems appropriate and equitable, except in the case of a covered employee where

Table of Contents

such an action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Internal Revenue Code.

Awards of Option Rights and Restricted Shares to Non-Employee Directors. The compensation committee may, in its discretion, authorize the grant of option rights or the grant or sale of restricted shares or share equivalent units to non-employee directors. Each such grant or sale will be upon terms and conditions consistent with those described above for employees.

Foreign Employees and Providers of Services. The compensation committee may provide for special terms for awards to participants who are foreign nationals or who are employed by, or provide services to, ChoicePoint or any of its subsidiaries outside of the United States of America as the compensation committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. The compensation committee may approve supplements, amendments, restatements or versions of the 2003 plan as it deems necessary for such purposes so long as such supplements, restatements and versions are consistent with the 2003 plan.

Transferability. Except as described below or otherwise determined by the compensation committee, no award under the 2003 plan is transferable by a participant other than by designation of a beneficiary or by will or the laws of descent and distribution or, during a participant's lifetime, without the consent of ChoicePoint's chief financial officer or its vice president with responsibility for compensation and benefits. In any case, unless the compensation committee provides otherwise, such a transfer may only be made to a family member of the participant or a trust or partnership for a family member or to a tax-exempt charity. Only the participant, or the participant's guardian or legal representative in the event of the participant's legal incapacity, or a transferee described above, may exercise option rights or appreciation rights or other awards during the participant's lifetime. Any transferee will be subject to the same terms and conditions under the 2003 plan as the participant.

Adjustments. The number, kind, and price of shares covered by outstanding awards are subject to adjustment by the compensation committee in its discretion in the event of stock combinations, changes in our capital structure, mergers, spin-offs, partial or complete liquidation, and similar events. The compensation committee may also make or provide for adjustments in the numbers of shares available under the 2003 plan and available for specific kinds of awards under the 2003 plans as the compensation committee may determine appropriate to reflect such a transaction or event, and said numbers shall be automatically adjusted in the event of a stock dividend or stock split.

Change in Control. A definition of change in control is specifically included in the 2003 plan, the full text of which is attached to this proxy statement as APPENDIX A. Generally, a change in control includes the acquisition by a person of 30% or more of our voting securities, specified changes in the board of directors and specified business combination transactions and similar events. Awards under the 2003 plan may provide for acceleration of exercisability or early termination of restrictions in the event of a change in control.

Withholding Taxes. To the extent that we are required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a participant or other person under the 2003 plan, and the amounts available to us for such withholding are insufficient, it will be a condition to the receipt of the payment or the realization of the benefit that the participant or the other person make arrangements satisfactory to us for payment of the balance of taxes required to be withheld. These arrangements, in the discretion of the compensation committee, may include relinquishment of a portion of the benefit.

Administration and Amendments. The 2003 plan is to be administered by the compensation committee. The board of directors elects the compensation committee, which shall consist of not less than three directors who meet the standards for independence established by applicable requirements of the Internal Revenue Code, the Securities and Exchange Commission and relevant stock exchanges. The compensation committee's interpretation of the 2003 plan and related agreements and documents is final and conclusive. The compensation committee also has the right to accelerate the earning of awards upon

certain events and in special circumstances. The 2003 plan may be amended from time to time by the compensation committee, provided stockholder approval of any amendment will be obtained when required by applicable law or the rules of any national securities exchange upon which the shares of common stock are traded or quoted, or in the case of any amendment pertaining to the restrictions on the grant of certain replacement options or reload options.

Termination. No grant under the 2003 plan may be made after April 29, 2013 (ten years after the date that the 2003 plan was initially approved by the shareholders), but all grants made on or before that date will continue in effect after that date subject to the terms of those grants and the 2003 plan. Option rights will not continue to be exercisable in any event beyond ten years from the date of grant.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax consequences of certain transactions under the 2003 plan based on federal income tax laws in effect on January 1, 2005. This summary is not intended to be complete and does not describe state or local tax consequences.

Non-Qualified Stock Options. In general, (1) no income will be recognized by an option holder at the time a non-qualified stock option is granted; (2) at the time of exercise of a non-qualified stock option, ordinary income will be recognized by the option holder in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares, if unrestricted; and (3) at the time of sale of shares acquired pursuant to the exercise of a non-qualified stock option, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as a capital gain (or capital loss).

Incentive Stock Options. No income generally will be recognized by an option holder upon the grant or exercise of an incentive stock option. The exercise of an incentive stock option, however, may result in alternative minimum tax liability. If shares of common stock are issued to the option holder pursuant to the exercise of an incentive stock option, and if no disqualifying disposition of those shares is made by the option holder within two years after the date of grant or within one year after the transfer of those shares to the option holder, then upon sale of those shares, any amount realized in excess of the option price will be taxed to the option holder as a capital gain and any loss sustained will be a capital loss. If shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the option holder generally will recognize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of those shares at the time of exercise, or, if less, the amount realized on the disposition of those shares in a sale or exchange, over the option price paid for those shares.

Appreciation Rights. No income will be recognized by a participant in connection with the grant of an appreciation right. When the appreciation right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of common stock received upon exercise.

Restricted Shares. The recipient of restricted shares generally will be subject to tax at ordinary income rates on the fair market value of the restricted shares, reduced by any amount paid by the participant for those restricted shares, at such time as the shares are no longer subject to forfeiture or restrictions on grant for purposes of Section 83 of the Internal Revenue Code. However, a recipient who so elects under Section 83(b) of the Internal Revenue Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of grant of the shares equal to the excess of the fair market value of those shares, determined without regard to the forfeiture restrictions and restrictions on transfer, over the purchase price, if any, of those restricted shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject to the forfeiture restrictions and restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the participant.

Table of Contents

Deferred Shares. No income generally will be recognized upon the award of deferred shares. The recipient of a deferred share award generally will be subject to tax at ordinary income rates on the fair market value of nonrestricted shares of common stock on the date that those shares are transferred to the participant under the award, reduced by any amount paid by the participant for the deferred shares.

Performance Shares and Performance Units. No income generally will be recognized upon the grant of performance shares or performance units. Upon payment in respect of the earn-out of performance shares or performance units, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of common stock received.

Share Equivalent Units. No income generally will be recognized upon the grant of share equivalent units. Upon distribution of the value of those units, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted common shares received.

Annual Incentive Awards. A participant will generally be taxed as on ordinary income in the year of receipt of cash paid to the recipient based on an annual incentive award.

Tax Consequences to ChoicePoint or its Subsidiaries. To the extent that a participant recognizes ordinary income in the circumstances described above, we or the subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Section 162(m) of the Internal Revenue Code.

Note Regarding Recent Legislation. The foregoing discussion does not reflect the potential impact of the American Jobs Creation Act of 2004 that was enacted on October 22, 2004. The new legislation makes substantial changes in the taxation of compensation paid under certain non-qualified deferred compensation plans. The scope of the new legislation and the impact that it may have on the various types of awards available under the 2003 plan is presently unclear. Additional guidance on this legislation is expected to be forthcoming from regulatory authorities. Failure to comply with the new legislation could result in significant adverse tax consequences to participants, including the acceleration of the recognition of income and the imposition of additional taxes. Future awards under the 2003 plan may need to be tailored to avoid these adverse tax consequences to participants and will be reviewed in light of the forthcoming guidance.

THE CHOICEPOINT BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF AN AMENDMENT TO THE CHOICEPOINT INC. 2003 OMNIBUS INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK THAT MAY BE ISSUED UNDER THE PLAN FROM 3,500,000 TO 7,500,000.

PROVISIONS RELATING TO LONG-TERM INCENTIVES (SECTIONS 4-15)

4. *Option Rights.* The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting to Participants of options to purchase Common Shares. Each such grant may utilize any or all of the authorizations, and shall be subject to all of the requirements, contained in the following provisions:

(a) Each grant shall specify the number of Common Shares to which it pertains subject to the limitations set forth in Section 3 of this Plan.

(b) Each grant shall specify an Option Price per share, which may be no less than 100 percent of the Market Value per Share on the Date of Grant.

(c) Each grant shall specify whether the Option Price shall be payable (i) in cash or by check acceptable to the Corporation, (ii) by the actual or constructive transfer to the Corporation of nonforfeitable, unrestricted Common Shares owned by the Optionee (or other consideration authorized pursuant to subsection (d) below) having a value at the time of exercise equal to the total Option Price, or (iii) by a combination of such methods of payment.

(d) The Committee may determine, at or after the Date of Grant, that payment of the Option Price of any option (other than an Incentive Stock Option) may also be made in whole or in part in the form of Restricted Shares or other Common Shares that are forfeitable or subject to restrictions on transfer, Deferred Shares, Performance Shares (based, in each case, on the Market Value per Share on the date of exercise), other Option Rights (based on the Spread on the date of exercise), Share Equivalent Units or Performance Units. Unless otherwise determined by the Committee at or after the Date of Grant, whenever any Option Price is paid in whole or in part by means of any of the forms of consideration specified in this paragraph, the Common Shares received upon the exercise of the Option Rights shall be subject to such risks of forfeiture or restrictions on transfer as may correspond to any that apply to the consideration surrendered, but only to the extent of (i) the number of shares or Performance Shares, (ii) the Spread of any unexercisable portion of Option Rights, or (iii) the stated value of Share Equivalent Units or Performance Units surrendered.

(e) To the extent permitted by law, any grant may provide for deferred payment of the Option Price from the proceeds of sale through a broker on a date satisfactory to the Corporation of some or all of the shares to which such exercise relates.

(f) No grant may provide for the automatic grant of reload option rights to an Optionee upon the exercise of Option Rights.

(g) No outstanding Option Right may be amended to reduce the Option Price. Furthermore, no Option Right shall be cancelled and replaced with awards having a lower Option Price without further approval of the shareholders of the Corporation. This Section 4(g) is intended to prohibit the repricing of underwater Option Rights and shall not be construed to prohibit the adjustments provided for in Section 13 of this Plan.

(h) Successive grants may be made to the same Participant whether or not any Option Rights previously granted to such Participant remain unexercised.

(i) Each grant shall specify the period or periods of continuous service by the Optionee with the Corporation or any Subsidiary which is necessary before the Option Rights or installments thereof will become exercisable and may provide for the earlier exercise of such Option Rights in the event of a Change in Control, Retirement, death or disability of the Optionee or other similar transaction or event, or may provide for the continuation of vesting following the occurrence of any such transaction or event.

(j) In lieu of the period of performance referred to in

subparagraph (i) above, any grant of Option Rights may specify Performance Goals that must be achieved as a condition to the exercise of such rights. The grant may provide for earlier exercise of such Option Rights in the event of a Change in Control, Retirement, death or disability of the Optionee or other similar transaction or event during a Performance Period.

(k) Option Rights granted under this Plan may be (i) options, including, without limitation, Incentive Stock Options, that are intended to qualify under particular provisions of the Code, (ii) options that are not intended so to qualify, or (iii) combinations of the foregoing.

(l) The Committee may, at or after the Date of Grant of any Option Rights (other than Incentive Stock Options), provide for the payment of dividend equivalents to the Optionee on either a current or deferred or contingent basis or may provide that such equivalents shall be credited against the Option Price.

(m) The exercise of an Option Right shall result in the cancellation on a share-for-share basis of any Tandem Appreciation Right authorized under Section 5 of this Plan.

(n) Each grant shall specify the term of the Option Right; provided, however, that no Option Right shall be exercisable more than 10 years from the Date of Grant.

(o) Each grant of Option Rights shall be evidenced by an agreement executed on behalf of the Corporation by an officer and delivered to the Optionee and containing such terms and provisions, consistent with this Plan, as the Committee may approve.

5. Appreciation Rights. The Committee may also authorize grants to Participants of Appreciation Rights. An Appreciation Right shall be a right of the Participant to receive from the Corporation an amount, which shall be determined by the Committee and shall be expressed as a percentage (not exceeding 100 percent) of the Spread at the time of the exercise of such right. Any grant of Appreciation Rights under this Plan shall be upon such terms and conditions as the Committee may determine in accordance with the following provisions:

(a) Any grant may specify that the amount payable on exercise of an Appreciation Right may be paid by the Corporation in cash, in Common Shares or in any combination thereof and may either grant to the Optionee or retain in the Committee the right to elect among those alternatives.

(b) Any grant may specify that the amount payable on exercise of an Appreciation Right may not exceed a maximum specified by the Committee at the Date of Grant.

(c) Any grant may specify waiting periods before exercise and permissible exercise dates or periods.

(d) Any grant may specify that such Appreciation Right may be exercised only in the event of a Change in Control or other similar transaction or event.

(e) Each grant of Appreciation Rights shall be evidenced by a notification executed on behalf of the Corporation by an officer and delivered to and accepted by the Participant, which notification shall describe such Appreciation Rights, identify the related Option Rights, if any, state that such Appreciation Rights are subject to all the terms and conditions of this Plan, and contain such other terms and provisions, consistent with this Plan, as the Committee may approve.

(f) In lieu of the waiting periods referred to in subparagraph (c) above and (h)(iii) below, any grant of Appreciation Rights may specify Performance Goals that must be achieved as a condition of the exercise of such rights.

(g) Regarding Tandem Appreciation Rights only: Each grant shall provide that a Tandem Appreciation Right may be exercised only (i) at a time when the related Option Right (or any similar right granted under any other plan of the Corporation) is also exercisable and the Spread is positive and (ii) by surrender of the related Option Right (or such other right) for cancellation. In addition, a Tandem Appreciation Right awarded in relation to an Incentive Stock Option must be granted concurrently with such Incentive Stock Option.

(h) Regarding Free-standing Appreciation Rights only:

(i) Each grant shall specify in respect of each Free-standing Appreciation Right a Base Price per Common Share, which shall be equal to or greater than the Market Value per Share on the Date of Grant;

(ii) Successive grants may be made to the same Participant regardless of whether any Free-standing Appreciation Rights previously granted to such Participant remain unexercised;

(iii) Each grant shall specify the period or periods of continuous service by the Participant with the Corporation or any Subsidiary that is necessary before the Free-standing Appreciation Rights or installments thereof shall become exercisable, and any grant may provide for the earlier exercise of such rights in the event of a Change in Control, Retirement, death or disability of the Participant or other similar transaction or event as approved by the Committee; and

(iv) No Free-standing Appreciation Right granted under this Plan may be exercised more than 10 years from the Date of Grant.

6. *Restricted Shares.* The Committee may also authorize the grant or sale to Participants of Restricted Shares. Each such grant or sale may utilize any or all of the authorizations contained in subparagraphs (b), (e) and (f), and shall be subject to all of the requirements contained in subparagraphs (a), (c), (d) and (g) below:

(a) Each such grant or sale shall constitute an immediate transfer of the ownership of Common Shares to the Participant in consideration of the performance of services, entitling such Participant to voting, dividend and other ownership rights, but subject to the substantial risk of forfeiture and restrictions on transfer hereinafter referred to.

(b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than Market Value per Share at the Date of Grant.

(c) Each such grant or sale shall provide that the Restricted Shares covered by such grant or sale shall be subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code for a period to be determined by the Committee at the Date of Grant, or upon achievement of Performance Goals referred to in subparagraph (e) below. If the elimination of said restrictions is based on the passage of time rather than the achievement of Performance Goals, the period of time shall be no shorter than three (3) years, except that said

restrictions may be removed on an annual, ratable basis during the three year period. Any grant or sale may nonetheless provide for the earlier

termination of such period in the event of a Change in Control or similar transaction, Retirement, death or disability of the Participant as approved by the Committee.

(d) Each such grant or sale shall provide that during the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Shares shall be prohibited or restricted except as permitted in Section 12 below, or as may be prescribed by the Committee at the Date of Grant (which restrictions may include, without limitation, rights of repurchase or first refusal in the Corporation or provisions subjecting the Restricted Shares to a continuing substantial risk of forfeiture in the hands of any transferee).

(e) Any grant of Restricted Shares may specify Performance Goals which, if achieved, will result in termination or early termination of the restrictions applicable to such shares.

(f) Any such grant or sale of Restricted Shares may require that any or all dividends or other distributions paid thereon during the period of such restrictions be automatically deferred and reinvested in additional Restricted Shares, which may be Subject to the same restrictions as the underlying award.

(g) Each grant or sale of Restricted Shares shall be evidenced by an agreement executed on behalf of the Corporation by any officer and delivered to and accepted by the Participant and shall contain such terms and provisions, consistent with this Plan, as the Committee may approve. Unless otherwise directed by the Committee, all certificates representing Restricted Shares shall be held in custody by the Corporation until all restrictions thereon shall have lapsed, together with a stock power executed by the Participant in whose name such certificates are registered, endorsed in blank and covering such Shares.

7. *Deferred Shares.* The Committee may also authorize the grant or sale of Deferred Shares to Participants. Each such grant or sale may utilize any or all of the authorizations contained in subparagraph (b), and shall be subject to all of the requirements contained in subparagraphs (a), (c), (d) and (e) below:

(a) Each such grant or sale shall constitute the agreement by the Corporation to deliver Common Shares to the Participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions during the Deferral Period as the Committee may specify.

(b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than the Market Value per Share at the Date of Grant.

(c) Each such grant or sale shall be subject, except (if the Committee shall so determine) in the event of a Change in Control or other similar transaction or event, to a Deferral Period of not less than three (3) years, except that a grant may provide that the Deferral Period will expire ratably during said three-year period, on an annual basis, as determined by the Committee at the Date of Grant.

(d) During the Deferral Period, the Participant shall have no right to transfer any rights under his or her award except to the extent provided in Section 12 below and shall have no rights of ownership in the Deferred Shares and shall have no right to vote them, but the Committee may, at or after the Date of Grant, authorize the payment of dividend equivalents on such Shares on either a current or deferred or contingent basis, either in cash or in additional Common Shares.

(e) Each grant or sale of Deferred Shares shall be evidenced by an agreement executed on behalf of the Corporation by any officer and delivered to and accepted by the Participant and shall contain such terms and provisions, consistent with this Plan, as the Committee may approve.

8. *Performance Shares or Performance Units.* The Committee may also authorize the grant of Performance Shares or Performance Units that will become payable to a Participant upon achievement of specified Performance Goals. Each such grant may utilize any or all of the authorizations contained in

Table of Contents

subparagraphs (f), (g) and (i), and shall be subject to all of the requirements contained in subparagraphs (a), (b), (c), (d), (e) and (h) below:

(a) Each grant shall specify the number of Performance Shares or Performance Units to which it pertains, which number may be subject to adjustment to reflect changes in compensation or other factors; provided, however, that no such adjustment shall be made in the case of a Covered Employee where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code.

(b) The Performance Period with respect to each Performance Share or Performance Unit shall be such period of time not less than 1 year, (except in the event of a Change in Control or other similar transaction or event, Retirement, death or disability of the Participant, if the Committee shall so determine) commencing with the Date of Grant and ending on the last date of the Performance Period (as shall be determined by the Committee at the time of grant).

(c) Any grant of Performance Shares or Performance Units shall specify Performance Goals which, if achieved, will result in payment or early payment of the award. The grant of Performance Shares or Performance Units shall specify that, before the Performance Shares or Performance Units shall be earned and paid, the Committee must certify that the Performance Goals have been satisfied.

(d) Each grant shall specify a minimum acceptable level of achievement in respect of the specified Performance Goals below which no payment will be made.

Any grant may specify that the amount payable with respect thereto may be paid by the Corporation in cash, in Common Shares or in any combination thereof and may either grant to the Participant or retain in the Committee the right to elect among those alternatives.

(f) Any grant of Performance Shares may specify that the amount payable with respect thereto may not exceed a maximum specified by the Committee at the Date of Grant. Any grant of Performance Units may specify that the amount payable or the number of Common Shares issued with respect thereto may not exceed maximums specified by the Committee at the Date of Grant.

(g) The Committee may, at or after the Date of Grant of Performance Shares, provide for the payment of dividend equivalents to the holder thereof on either a current or deferred or contingent basis, either in cash or in additional Common Shares.

(h) Each grant of Performance Shares or Performance Units shall be evidenced by a notification executed on behalf of the Corporation by any officer and delivered to and accepted by the Participant, which notification shall state that such Performance Shares or Performance Units are subject to all the terms and conditions of this Plan, and contain such other terms and provisions, consistent with this Plan, as the Committee may approve.

(i) Any grant of Performance Shares or Performance Units may provide for appropriate adjustments to goals and awards or deemed achievement thereof, in the event of a Change in Control, Retirement, death or disability of the Participant, or other similar transaction or event during the Performance Period.

(b) Share Equivalent Units allocated to a Participant shall be credited to a ledger account established and maintained for such Participant on the books and records of the Corporation. During any period in which Share Equivalent Units are credited to a ledger account, the Committee may provide (i) that an amount equal to the dividends payable with respect to Common Shares represented by units credited to such account shall be credited as of each dividend payment date, and/or (ii) that any stock dividend, stock split or other recapitalization shall be reflected in the credits made to such ledger account.

(c) Share Equivalent Units allocated to a Participant shall be distributable in accordance with the terms and conditions imposed by the Committee. When any such unit is or becomes distributable, the affected Participant shall be entitled to receive a distribution from the Corporation in such form, which may include Common Shares, with or without legends, Restricted Stock, cash or a combination thereof, as the Committee shall determine.

(d) The allocation of Share Equivalent Units to a ledger account shall not entitle a Participant to exercise the rights of a stockholder of the Corporation until the issuance of Common Shares with respect to such allocation.

(e) Unless otherwise provided by the Committee, if a Participant severs his or her employment, or ceases to serve as a Non-Employee Officer or Director, with the Corporation and all Subsidiaries with Share Equivalent Units credited to his or her ledger account, the Participant shall forfeit all rights to said Share Equivalent Units, subject to the provisions of Section 15(b) below.

(f) The Committee may provide that a grant of Share Equivalent Units shall specify Performance Goals which, if achieved, will result in payment or early payment of the award.

(g) Each grant may provide that, in the event of a Change in Control or other similar transaction or event prior to satisfaction of the conditions for distribution of such Share Equivalent Awards, said conditions shall be deemed particularly or fully satisfied.

10. *Awards to Non-Employee Officers or Directors.* The Committee may also grant Restricted Shares, Option Rights and Share Equivalent Units to Non-Employee Officers or Directors.

Each such grant shall be evidenced by an agreement executed on behalf of the Corporation by an officer and delivered to the grantee and shall contain such terms and provisions, consistent with the provisions of this Plan relevant to the type of grant or award made, as the Committee may approve.

11. *Other Awards.* The Committee shall have the authority to specify the terms and provisions of other equity-based or equity-related awards not described above (Other Awards) which the Committee determines to be consistent with the purpose of the Plan and the interests of the Corporation, which awards may provide for the acquisition or future acquisition of Common Shares by Participants.

12. *Transferability.*

(a) Except as otherwise determined by the Committee, no Option Right, Appreciation Right or other derivative security (which shall not include incentive stock options or any right to cash or to units which are not equity interests which shall not in any event be transferable) granted under the Plan shall be transferable by a Participant other than (i) to a Family Member, (ii) to a trust for the sole benefit of Family Members, (iii) to a family partnership for the sole benefit of Family Members, or (iv) to an entity which is exempt from federal income taxes pursuant to Section 501(c)(3) of the Code; provided, however, that said transfer shall be made (A) by execution and delivery of a Beneficiary Designation Form provided by the Company, or if none, by will or the laws of descent and distribution, or (B) if inter vivos, only upon the written approval of the Corporation's Chief Financial Officer or Vice President with responsibility for compensation and benefits. 13. *Adjustments.* The Committee may make or provide for such adjustments in the numbers of Common Shares covered by outstanding Option Rights, Appreciation Rights, Deferred Shares, Performance Shares, Share Equivalent Units and Other Awards granted hereunder, in the prices per share applicable to such awards and in the kind of shares covered thereby, as the Committee, in its sole discretion, exercised in good faith, may determine is equitably required to prevent dilution or enlargement of the rights of Participants or Optionees that otherwise would result from (a) any combination of shares, recapitalization or other change in the capital structure of the Corporation, or (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. Similar adjustments shall be made automatically, on a purely mathematical basis, in the event of a stock dividend or stock split. Moreover, in the event of any such transaction or event, the Committee, in its discretion, may provide in substitution for any or all outstanding awards under this Plan such alternative consideration as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced. The Committee may also make or provide for such adjustments in the numbers of shares specified in Section 3 of this Plan as the Committee in its sole discretion, exercised in good faith, may determine is appropriate to reflect any transaction or event described in this Section 13. A similar adjustment shall be made automatically to the number of shares specified in Section 3 of this Plan in the event of a stock dividend or stock split.

14. *Change in Control.* For purposes of this Plan, a Change in Control shall mean if at any time any of the following events shall have occurred:

(a) The Corporation is merged or consolidated or reorganized into or with another corporation or other legal person, and as a result of such merger, consolidation or reorganization less than a majority of the combined voting power of the then-outstanding securities of such corporation or person immediately after such transaction is held in the aggregate by the holders of Voting Shares immediately prior to such transaction;

(e) If during any period of two consecutive years, individuals who at the beginning of any such period constitute the Directors of the Corporation cease for any reason to constitute at least a majority thereof, unless the election, or the nomination for election by the Corporation's shareholders, of each Director of the Corporation first elected during such period was approved by a vote of at least two-thirds of the Directors of the Corporation then still in office who were Directors of the Corporation at the beginning of any such period.

(f) Notwithstanding the foregoing provisions of Section 14(c) and (d) above, a Change in Control shall not be deemed to have occurred for purposes of this Plan (i) solely because (A) the Corporation, (B) a Subsidiary, (C) any Corporation-sponsored employee stock ownership plan or other employee benefit plan of the Corporation or (D) any employee of the Corporation or a Subsidiary, either files or becomes obligated to file a report or proxy statement under or in response to Schedule 13D, Schedule 14D-1, Form 8-K or Schedule 14A (or any successor schedule, form or report or item therein) under the Exchange Act, disclosing beneficial ownership by it of shares of Voting Shares, whether in excess of 30% or otherwise, or because the Corporation reports that a change of control of the Corporation has or may have occurred or will or may occur in the future by reason of such beneficial ownership or (ii) solely because of a change in control of any Subsidiary.

(g) Notwithstanding the foregoing provisions of this Section 14, if prior to any event described in paragraphs (a), (b), (c) or (d) of this Section 14 instituted by any person who is not an officer or director of the Corporation, or prior to any disclosed proposal instituted by any person who is not an officer or director of the Corporation which could lead to any such event, management proposes any restructuring of the Corporation which ultimately leads to an event described in paragraphs (a), (b), (c) or (d) of this Section 14 pursuant to such management proposal, then a Change in Control shall not be deemed to have occurred for purposes of this Plan.

15. *Other Provisions Applicable to Long-Term Incentives.*

(a) The Corporation shall not be required to issue any fractional Common Shares pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement of fractions in cash based on Market Value per Share on the date of settlement.

(b) Any grant or award issued pursuant to Sections 4 through 11 above may provide that, in case of termination of employment or service by reason of death, disability or Retirement, or in the case of hardship or other special circumstances, of a Participant who holds an Option Right or Appreciation Right not immediately exercisable in full, or any Restricted Shares as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed, or any Deferred Shares as to which the Deferral Period has not been completed, or any Performance Shares or Performance Units, or Share Equivalent Units which have not been fully earned, or who holds Common Shares subject to any transfer restriction imposed pursuant to Section 12(b) of this Plan, the time at which such Option Right or Appreciation Right may be exercised or the time at which such substantial risk of forfeiture or prohibition or restriction on transfer will lapse or the time when such Deferral Period will end or the time at which such Performance Shares or Performance Units or Share Equivalent Units will be deemed to have been fully earned or the time when such transfer restriction will terminate may be accelerated, or in lieu of such a provision, that the Committee may provide for such acceleration after the fact, in its discretion, or that any other limitation or requirement under any such award may be waived.

PROVISIONS RELATING TO ANNUAL INCENTIVE AWARDS (SECTIONS 16-19)

16. *Participants.* The participants (Bonus Participants) in the Annual Incentive Award program shall be the Covered Employees of the Company and/or its Subsidiaries determined as of the first day of the Plan Year in question, and any other key employees designated by the Committee for the Plan Year in question or any portion thereof. Any Bonus Participant whose active employment commences after the first

Table of Contents

day of a Plan Year will receive an award which is based on Base Compensation earned during active employment in said Plan Year.

17. Calculation of Annual Incentive Award.

(a) Each Bonus Participant who is entitled to receive an Annual Incentive Award for a Plan Year pursuant to Section 16 shall receive a cash payment after the end of said Plan Year which is a percentage of his or her Base Compensation determined by the degree of achievement of the Performance Goals established by the Committee and communicated to the Bonus Participant within the first ninety (90) days of the Plan Year. The determination of the level of said achievement will be certified by the Committee prior to the distribution of any Award, and will be final. The Performance Goals will relate to one or more Business Criteria.

(b) The Committee will assign varying weights to the achievement of multiple Performance Goals where applicable, which, with the Performance Goals themselves shall be intended to reflect the role, responsibility, impact and organizational relationships of each Bonus Participant.

(c) The Committee may determine, in its sole discretion that notwithstanding the achievement of stated Performance Goals, the amount of any Annual Incentive Award may be reduced (but not increased).

18. Payment of Annual Incentive Award. The Bonus shall be paid to all Bonus Participants no later than 75 days after the close of the Plan Year, in cash, unless the Bonus Participant has made a valid election to defer said award pursuant to the terms of any applicable deferred compensation plan maintained by the Corporation. Payment shall be made from the Corporation's general assets; no trust fund shall be established for purposes of funding said payments. The Annual Incentive Award may not be assigned, transferred, mortgaged or hypothecated prior to actual receipt, except for any assignment to secure a debt to the Corporation itself, and any such attempt will be null and void.

19. Termination of Employment Prior to Year End; Change of Control.

(a) The Annual Incentive Award will not be paid for a Participant who voluntarily terminates employment, or whose employment is terminated by the Corporation or Subsidiary, prior to the end of the Plan Year; provided, however, that a pro rata award will nonetheless be paid if termination follows a Change of Control as discussed below or is a consequence of Retirement. Said prorated award will be calculated by inserting the actual amount of Base Compensation received by the Participant during the Plan Year in which termination occurs in the formula provided for in paragraph 17 above, and based on the assumption that the Performance Goals have been achieved in said Plan Year.

(b) In the event of a Change of Control of the Corporation, any Annual Incentive Award for the Plan Year (or portion thereof during which a Participant remains employed, if applicable) in which said Change of Control occurs will be paid to the Participant regardless of whether he remains employed by the Corporation on the last day of said Plan Year, based on the assumption that the Performance Goals have been achieved and on Base Compensation actually earned through the date of the Change in Control. This provision of the Plan may not be amended during the Plan Year in which a Change of Control occurs. The authority to amend the definition of Change of Control provided for in said Section 14 shall be exercised, for purposes of this Plan only, by the Committee.

(c) Notwithstanding subparagraphs (a) and (b) above, if an Award Participant is a party to an individual agreement providing for severance benefits upon a Change in Control or termination of employment which include payments based on Annual Incentive Awards, the provisions of said agreement shall control.

20. Withholding Taxes. To the extent that the Corporation is required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a Participant or other

Table of Contents

person under this Plan, and the amounts available to the Corporation for such withholding are insufficient, it shall be a condition to the receipt of such payment or the realization of such benefit that the Participant or such other person make arrangements satisfactory to the Corporation for payment of the balance of such taxes required to be withheld, which arrangements (in the discretion of the Committee) may include relinquishment of a portion of such benefit. The Corporation and a Participant or such other person may also make similar arrangements with respect to the payment of any taxes with respect to which withholding is not required.

21. *Participation by Employees and Other Providers of Services to Designated Subsidiaries.* As a condition to the effectiveness of any grant or award to be made hereunder to a Participant who is an employee of, or other provider of services to, a Designated Subsidiary, whether or not such Participant is also employed by or provides services to the Corporation or another Subsidiary, the Committee may require such Designated Subsidiary to agree to transfer to such person (when, as and if provided for under this Plan and any applicable agreement entered into with any such person pursuant to this Plan) the Common Shares that would otherwise be delivered by the Corporation, upon receipt by such Designated Subsidiary of any consideration then otherwise payable by such Participant to the Corporation. Any such award shall be evidenced by an agreement between the Participant and the Designated Subsidiary, in lieu of the Corporation, on terms consistent with this Plan and approved by the Committee and such Designated Subsidiary. All such Common Shares so delivered by or to a Designated Subsidiary shall be treated as if they had been delivered by or to the Corporation for purposes of Section 3 of this Plan, and all references to the Corporation in this Plan shall be deemed to refer to such Designated Subsidiary, except for purposes of the definition of Board and except in other cases where the context otherwise requires.

22. *Foreign Employees and Providers of Services.* In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for awards to Participants who are foreign nationals or who are employed by or provide services to the Corporation or any Subsidiary outside of the United States of America as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to or amendments, restatements or alternative versions of this Plan as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Corporation may certify any such document as having been approved and adopted in the same manner as this Plan. No such special terms, supplements, amendments or restatements, however, shall include any provisions that are inconsistent with the terms of this Plan as then in effect unless this Plan could have been amended to eliminate such inconsistency without further approval by the shareholders of the Corporation.

23. *Election to Defer Awards.* The Committee also may permit Participants to elect to defer the issuance of Common Shares or the settlement of awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of this Plan. The Committee also may provide that deferred settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts.

24. *Administration of the Plan.*

(a) This Plan shall be administered by a Committee of the Board (or subcommittee thereof), consisting of not less than three Directors appointed by the Board who meet the standards for independence established for purposes of Section 162(m) of the Code and with respect to compensation committees pursuant to the then applicable rules of the Securities Exchange Commission and any stock exchange upon which the Common Shares are traded. A majority of the Committee (or subcommittee thereof) shall constitute a quorum, and the action of the members of the Committee (or subcommittee thereof) present at any meeting at which a quorum is present, or acts unanimously approved in writing, shall be the acts of the committee (or subcommittee thereof). Until subsequent action of the Board, the Committee shall be the Management Compensation and Benefits Committee of the Board.

(b) The interpretation and construction by the Committee of any provision of this Plan or of any agreement, notification or document evidencing the grant of Option Rights, Appreciation Rights, Restricted Shares, Deferred Shares, Performance Shares, Performance Units, Share Equivalent Units, Other Awards or Annual Incentive Awards and any determination by the Committee pursuant to any provision of this Plan or of any such agreement, notification or document shall be final and conclusive. No member of the Committee shall be liable for any such action or determination made in good faith.

25. Amendments, Etc.

(a) The Committee may at any time and from time to time amend the Plan in whole or in part; provided, however, that any amendment which must be approved by the shareholders of the Corporation in order to comply with applicable law or the rules of the principal national securities exchange upon which the Common Shares are traded or quoted shall not be effective unless and until such approval has been obtained, and provided further that the restrictions of Sections 4(f) and (g) may not be amended without the approval of the shareholders of the Corporation. Presentation of this Plan or any amendment hereof for shareholder approval shall not be construed to limit the Corporation's authority to offer similar or dissimilar benefits under plans that do not require shareholder approval.

(b) The Committee may, with the concurrence of an affected Participant, cancel any agreement evidencing Option Rights or any other award granted under this Plan. In the event of such cancellation, subject to the provisions of Section 4(g) the Committee may authorize the granting of new Option Rights or other awards hereunder (which may or may not cover the same number of Common Shares which had been the subject of the prior award) in such manner, at such option price, and subject to such other terms, conditions and discretion as would have been applicable under this Plan had the cancelled Option Rights or other award not been granted.

(c) The Committee may condition the grant of any award or combination of awards authorized under this Plan on the surrender or deferral by the Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Corporation or a Subsidiary to the Participant.

(d) This Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Corporation or any Subsidiary, nor shall it interfere in any way with any right the Corporation or any Subsidiary would otherwise have to terminate such Participant's employment or other service at any time.

(e) To the extent that any provision of this Plan would prevent any Option Right that was intended to qualify as an Incentive Stock Option from qualifying as such, that provision shall be null and void with respect to such Option Right. Such provision, however, shall remain in effect for other Option Rights and there shall be no further effect on any provision of this Plan.

26. Termination. No grant shall be made under this Plan more than 10 years after the date on which this Plan is first approved by the shareholders of the Corporation, but all grants made on or prior to such date shall continue in effect thereafter subject to the terms thereof and of this Plan.

In Witness Whereof, the Company has caused this Plan to be executed effective February 4, 2003.
