BANKATLANTIC BANCORP

We are a Florida-based holding company that owns BankAtlantic and its subsidiaries. BankAtlantic provides a full line of products and services encompassing retail and business banking. We report our operations through two business segments consisting of BankAtlantic and BankAtlantic Bancorp, the parent company. On February 28, 2007, the Company completed the sale to Stifel Financial Corp. (Stifel) of Ryan Beck Holdings, Inc. (Ryan Beck), a subsidiary engaged in retail and institutional brokerage and investment banking. As a consequence, the Company exited this line of business.

Table of Contents

As of December 31, 2007, we had total consolidated assets of approximately \$6.4 billion, total deposits of approximately \$4.0 billion and stockholders' equity of approximately \$459 million.

RISK FACTORS

Investing in our securities involves a high degree of risk. You should carefully consider the risks described under the heading "Risk Factors" contained in any prospectus supplement, in our most recent Annual Report on Form 10-K and any subsequent Quarterly Report on Form 10-Q as well as all of the other information contained in this prospectus, incorporated by reference into this prospectus and any applicable prospectus supplement, including our financial statements and related notes, before investing in our securities. If any of the possible events described in those sections actually occur, our business, business prospects, cash flow, results of operations or financial condition could be harmed. Additional risks and uncertainties not presently known to us may also adversely impact our operations.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that involve substantial risks and uncertainties. When used in this prospectus and in any documents incorporated by reference herein, the words "anticipate," "believe," "estimate," "may," "intend," "expect" and similar expressions identify certain of such forward-looking statements. Actual results, performance, or achievements could differ materially from those contemplated, expressed, or implied by the forward-looking statements contained herein. These forward-looking statements are based largely on the expectations of the Company and are subject to a number of risks and uncertainties that could change based on factors which are, in many instances, beyond the Company's control. These include, but are not limited to, risks and uncertainties associated with: the impact of economic, competitive and other factors affecting the Company and its operations, markets, products and services; credit risks and loan losses, and the related sufficiency of the allowance for loan losses, including the impact on the performance of our loan portfolio, the credit quality of our assets and the value of our real estate owned of a sustained downturn in the real estate market and other changes in the real estate markets in our trade area, and where our collateral is located; the quality of our residential land acquisition and development loans and home equity loans, and the impact of conditions specifically in those market sectors; the risks of additional charge-offs, impairments and required increases in our allowance for loan losses; changes in interest rates and the effects of, and changes in, trade, monetary and fiscal policies and laws including their impact on the bank's net interest margin; adverse conditions in the stock market, the public debt market and other capital markets and the impact of such conditions on our activities, the value of our assets and on the ability of our borrowers to service their debt obligations; BankAtlantic's seven-day banking initiatives and other growth, marketing or advertising initiatives not resulting in continued growth of core deposits or producing results which do not justify their costs; the success of our expense reduction initiatives and the ability to achieve additional cost savings; the success of BankAtlantic's new stores and achieving growth and profitability

at stores in the time frames anticipated, if at all; and the impact of periodic testing of goodwill, deferred tax assets, and other intangible assets for impairment. Past performance, actual or estimated new account openings and growth rate may not be indicative of future results. Additionally, we hold an investment in the equity securities of Stifel Financial Corp. (Stifel) as a result of the sale of Ryan Beck Holdings, Inc. subjecting us to the risk of changes in the value of Stifel shares and warrants varying over time, and the risk that no gain on these securities will be realized. The earn-out amounts payable under the agreement with Stifel are contingent upon the performance of individuals and divisions of Ryan Beck which are now under the exclusive control and direction of Stifel, and there is no assurance that we will be entitled to receive any earn-out payments. In addition to the risks and factors identified above, reference is also made to other risks and factors detailed in our annual report on Form 10-K. The Company cautions that the foregoing factors are not exclusive.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes, which could include the repayment of debt or repurchases of our Class A Common Stock, and to support BankAtlantic. We may also use a portion of the net proceeds to acquire or invest in other companies, businesses or assets. At the present time, we have not entered into any agreements in principle relating to any material acquisitions.

RATIO OF EARNINGS TO FIXED CHARGES

The table below contains our consolidated ratio of earnings to fixed charges for each of the periods indicated (dollar amounts in thousands):

	Year Ended December 31,				
	2007	2006	2005	2004	2003
Ratio of earnings to fixed charges	N/A	1.19x	1.44x	1.89x	1.39x
Deficiency of earnings to fixed charges	\$ (57,584)	N/A	N/A	N/A	N/A

We computed the ratio of earnings to fixed charges by dividing earnings from continuing operations by fixed charges. For purposes of computing this ratio, earnings consist of income from continuing operations before provision for income taxes, extraordinary charges and changes in accounting principles plus fixed charges. Fixed charges consist of the sum of interest expense on indebtedness and interest expense on deposits and an estimate of the interest component of rent expense.

DESCRIPTION OF SECURITIES

The following is a general description of the terms and provisions of the securities we may offer and sell under this prospectus. These summaries are not meant to be a complete description of each security. This prospectus, together with any accompanying prospectus supplement, will contain the material terms and conditions for each security. The accompanying prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

DESCRIPTION OF CAPITAL STOCK

The following summary describes the material terms of our capital stock. For the complete terms of our capital stock you should read the more detailed provisions of our Articles of Incorporation and Bylaws as well as the applicable provisions of the Florida Business Corporation Act. See [Where You Can Find More Information](#).

Our authorized capital stock consists of 80,000,000 shares of Class A Common Stock, par value \$0.01 per share, 45,000,000 shares of Class B Common Stock, par value \$0.01 per share, and 10,000,000 shares of preferred stock, par value \$0.01 per share. Holders of our Class A and Class B Common Stock are not entitled to preemptive rights. As of March 21, 2008, we had 51,379,499 shares of Class A Common Stock and 4,876,124 shares of Class B Common Stock issued and outstanding and no shares of preferred stock were outstanding.

Table of Contents

Common Stock

Voting Rights

Except as provided by law or as specifically provided in our Articles of Incorporation, holders of Class A Common Stock and Class B Common Stock vote as a single group. Each share of Class A Common Stock is entitled to one vote and the Class A Common Stock represents in the aggregate 53% of the total voting power of the Class A Common Stock and Class B Common Stock. Each share of Class B Common Stock is entitled to the number of votes per share which will represent in the aggregate 47% of the total voting power of the Class A Common Stock and Class B Common Stock. The fixed voting percentages will be eliminated, and shares of Class B Common Stock will be entitled to only one vote per share, from and after the date that BFC or its affiliates no longer own in the aggregate at least 2,438,062 shares of Class B Common Stock (which amount is one-half the number of shares it now holds).

Under current Florida law, holders of Class A Common Stock are entitled to vote as a separate voting group and would therefore have an effective veto power on amendments to our Articles of Incorporation which would have any of the following effects:

- effect an exchange or reclassification of all or part of the shares of Class A Common Stock into shares of another class of stock;
- effect an exchange or reclassification, or create a right of exchange, of all or part of the shares of another class into shares of Class A Common Stock;
- change the designation, rights, preferences, or limitations of all or a part of the shares of Class A Common Stock;
- change all or a portion of the shares of Class A Common Stock into a different number of shares of Class A Common Stock;
- create a new class of shares which have rights or preferences with respect to distributions or to dissolution that are prior or superior to the shares of Class A Common Stock; or
- increase the rights, preferences, or number of authorized shares of any class of shares that, after giving effect to the amendment, have rights or preferences with respect to distributions or to dissolution that are prior or superior to the shares of Class A Common Stock.

Under current Florida Law, holders of Class B Common Stock are entitled to vote as a separate voting group and would therefore have effective veto power on amendments to our Articles of Incorporation which would effect the rights of the Class B Common Stock in the substantially same manner as described above.

Further, under Florida law, holders of Class A Common Stock and Class B Common Stock will be entitled to vote as a separate voting group on any plan of merger or plan of share exchange that contains a provision which, if included in a proposed amendment to the Articles of Incorporation, would require their vote as a separate voting group.

Table of Contents

In addition to the rights afforded to our shareholders under Florida law, our Articles of Incorporation provide that the approval of the holders of Class B Common Stock voting as a separate voting group will be required before any of the following actions may be taken:

the issuance of any additional shares of Class B Common Stock, other than a stock dividend issued to holders of Class B Common Stock;

the reduction of the number of outstanding shares of Class B Common Stock (other than upon conversion of the Class B Common Stock into Class A Common Stock or upon a voluntary disposition to us); or

any amendments of the capital stock provisions of our Articles of Incorporation.

Our Board of Directors is classified into three classes with staggered terms of three years. Cumulative voting is not provided for in our Articles of Incorporation, which means that the holders of shares of common stock representing a majority of the votes cast can elect all of the directors then standing for election.

Convertibility of Class B Common Stock into Class A Common Stock; Ownership Restrictions on Class B Common Stock

Holders of Class B Common Stock possess the right, at any time, to convert any or all of their shares into shares of Class A Common Stock on a share-for-share basis. Only BFC and its affiliates may hold Class B Common Stock, and accordingly sales of Class B Common Stock to unaffiliated parties would require the conversion of those shares to Class A Common Stock prior to or contemporaneously with the transfer. However, the sale of BFC or any other change in control of BFC would not result in the conversion of the shares of Class B Common Stock held by BFC into shares of Class A Common Stock.

Dividends and Other Distributions; Liquidation Rights

Holders of Class A Common Stock and Class B Common Stock are entitled to receive cash dividends, when and as declared by the Board of Directors out of legally available assets. Any distribution per share with respect to Class A Common Stock will be identical to the distribution per share with respect to Class B Common Stock, except that a stock dividend or other non-cash distribution to holders of Class A Common Stock may be declared and issued only in the form of Class A Common Stock while a dividend or other non-cash distribution to holders of Class B Common Stock may be declared and issued in the form of either Class A Common Stock or Class B Common Stock at the discretion of our Board of Directors, provided that the number of any shares so issued or any non-cash distribution is the same on a per share basis.

Upon any liquidation, the assets legally available for distribution to shareholders will be distributed ratably among the holders of Class A Common Stock and Class B Common Stock.

Transfer Agent

The transfer agent for our Class A Common Stock is American Stock Transfer & Trust Company. The transfer agent's address is 59 Maiden Lane, New York, New York 10038.

Preferred Stock

Pursuant to our Articles of Incorporation, our Board of Directors has the authority, without further action by the stockholders (unless such stockholder action is required by applicable law), to designate and issue up to 10,000,000 shares of preferred stock in one or more series, to establish from time to time the number of shares to be included in each such series, to fix the designations, voting powers, preferences and rights of the shares of each wholly unissued series, and any qualifications, limitations or restrictions thereof, and to increase or decrease the number of shares of any such series, but not below the number of shares of such series then outstanding.

Table of Contents

We will fix the designations, voting powers, preferences and rights of the preferred stock of each series, as well as the qualifications, limitations or restrictions thereof, in the certificate of designation relating to that series. We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, the form of any certificate of designation that describes the terms of the series of preferred stock we are offering before the issuance of that series of preferred stock. This description will include:

the title and stated value;

the number of shares we are offering;

the liquidation preference per share;

the purchase price;

the dividend rate, period and payment date and method of calculation for dividends;

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;

the procedures for any auction and remarketing, if any;

the provisions for a sinking fund, if any;

the provisions for redemption or repurchase, if applicable, and any restrictions on our ability to exercise those redemption and repurchase rights;

any listing of the preferred stock on any securities exchange or market;

voting rights, if any, of the preferred stock;

preemptive rights, if any;

restrictions on transfer, sale or other assignment, if any;

whether interests in the preferred stock will be represented by depositary shares;

a discussion of any material United States federal income tax considerations applicable to the preferred stock;

the relative ranking and preferences of the preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs;

any limitations on the issuance of any class or series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the preferred stock.

Under Florida Law, the holders of preferred stock will have the right to vote separately as a class (or, in some cases, as a series) on an amendment to our Articles of Incorporation if the amendment would change the par value or, unless the Articles of Incorporation provided otherwise, the number of authorized shares of the class or change the powers, preferences or special rights of the class or series so as to adversely affect the class or series, as the case may be. This right is in addition to any voting rights that may be provided for in the applicable certificate of designation.

Table of Contents

Our Board of Directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. Preferred stock could be issued quickly with terms designed to delay or prevent a change in control of our company or make removal of management more difficult. Additionally, the issuance of preferred stock may have the effect of decreasing the market price of our common stock.

Conversion or Exchange Rights

We will set forth in the prospectus supplement the terms under which the preferred stock may be convertible into or exchangeable for our Class A Common Stock or our other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our Class A Common Stock or our other securities that the holders of the preferred stock receive would be subject to adjustment.

Certain Anti-Takeover Effects

The terms of our Class A and Class B Common Stock make the sale or transfer of control of the Company or the removal of incumbent directors unlikely without the concurrence of BFC, the holder of all of our Class B Common Stock. Our Articles of Incorporation and Bylaws also contain other provisions which could have anti-takeover effects. These provisions include, without limitation:

the authority of the Board of Directors to issue additional shares of preferred stock and to fix the relative rights and preferences of the preferred stock without additional shareholder approval;

the division of our Board of Directors into three classes of directors with three-year staggered terms; and

certain notice procedures to be complied with by shareholders in order to make shareholder proposals or nominate directors.

DESCRIPTION OF DEBT SECURITIES

This prospectus describes the general terms and provisions of the debt securities that we may offer. When we offer to sell a particular series of debt securities, we will describe the specific terms of that series in a supplement to this prospectus. We will also indicate in the prospectus supplement whether the general terms and provisions that we describe in this prospectus apply to that particular series of debt securities. For a complete description of the material terms of a particular issue of debt securities, you must refer to both the prospectus supplement relating to that series and to the following description.

If issued, we will issue the debt securities under an indenture between us and U.S. Bank Trust National Association, as trustee. The indenture is subject to, and governed by, the Trust Indenture Act of 1939. We have filed a copy of the form of indenture as an exhibit to the registration statement of which this prospectus forms a part. We have summarized the material portions of the indenture below, but you should read the indenture for other provisions that may be important to you. We qualify the following summary in its entirety by reference to the provisions of the indenture.

General

The debt securities will be our direct unsecured general obligations. We will establish the terms of each series of debt securities that we will issue under the indenture by a resolution of our Board of Directors. We will detail the terms of the debt securities that we will offer in an officers' certificate under the indenture or by a supplemental indenture. We will describe the particular terms of each series of debt securities that we issue in a prospectus supplement relating to that series. The specific terms described in any prospectus supplement may differ from the terms described below.

Table of Contents

Under the indenture, we can issue an unlimited amount of debt securities, including debt securities that are convertible into or exchangeable for our other securities, including our common stock. We may issue the debt securities:

in one or more series,

with the same or various maturities,

at par,

at a premium, or

at a discount.

We will describe in the applicable prospectus supplement the terms of the series of debt securities being offered, including:

the initial offering price,

the aggregate principal amount of that series of debt securities,

the title of the debt securities,

any limit on the aggregate principal amount of the debt securities,

the date or dates on which we will pay the principal on the debt securities,

the maturity date,

the per annum rate or rates (which may be fixed or variable) or the method used to determine such rate or rates (including any commodity, commodity index, stock exchange index or financial index) at which the debt securities will bear interest,

the date or dates from which interest will accrue,

the date or dates on which interest will commence and be payable,

any regular record date for the interest payable on any interest payment date,

the place or places where we will pay the principal, premium, and interest with respect to the debt securities,

the terms and conditions upon which we may redeem the debt securities,

any obligation we have to redeem or purchase the debt securities under any sinking fund or similar provisions or at the option of a holder of debt securities,

the denominations in which we will issue the debt securities, if we issues them other than in denominations of \$1,000 and any integral multiple thereof,

Table of Contents

whether we will issue the debt securities in the form of certificated debt securities or global securities,
the currency of denomination of the debt securities,
any addition to or change in the events of default that are described in this prospectus or in the indenture,
any change in the acceleration provisions that are described in this prospectus or in the indenture,
any addition to or change in the covenants described in this prospectus or in the indenture with respect to the debt securities,
any other terms of the debt securities, which may modify or delete any provision of the indenture as it applies to that series, and

any depositories, interest rate calculation agents, exchange rate calculation agents or other agents with respect to the debt securities.

We may issue debt securities that provide that we must only pay an amount less than our stated principal amount if our maturity date accelerates. In the prospectus supplement, we will also provide you with information on the federal income tax considerations and other special considerations that apply to any of the particular debt securities.

Conversion or Exchange Rights

We will set forth in the prospectus supplement the terms under which a series of debt securities may be convertible into or exchangeable for our Class A Common Stock or our other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our Class A Common Stock or our other securities that the holders of the series of debt securities receive would be subject to adjustment.

Form, Exchange and Transfer

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, or DTC, as depository, or a nominee of DTC (a book-entry debt security), or a certificate issued in definitive registered form (a certificated debt security).

We will describe whether the particular series of debt securities will be a book-entry debt security or a certificated debt security in the applicable prospectus supplement. Except as described under Global Debt Securities and Book-Entry System below, we will not issue book-entry debt securities in certificated form.

Certificated Debt Securities

You may transfer or exchange certificated debt securities at the trustee's office or at paying agencies as provided for in the indenture. We will not charge you any service charge for any transfer or exchange of certificated debt securities, but may require you to pay a sum sufficient to cover any tax or other governmental charge that may be required in connection with your transfer or exchange.

You may transfer certificated debt securities and the right to receive the principal, premium and interest on certificated debt securities only by surrendering the certificate representing your certificated debt securities. After you surrender your certificated debt securities, we or the trustee will reissue your certificate to the new holder or we or the trustee will issue a new certificate to the new holder.

Global Debt Securities and Book-Entry System

A global debt security is a debt security that represents, and is denominated in an amount equal to the aggregate principal amount of, all outstanding debt securities of a series, or any portion thereof, in either case having the same terms, including the same:

original issue date,
date or dates on which we must pay principal and interest, and

interest rate or method of determining interest.

We will deposit each global debt security representing book-entry debt securities with, or on behalf of, the depository and will also register the global debt security in the name of the depository or its nominee. The depository has indicated it intends to follow the following procedures with respect to book-entry debt securities.

Only persons who have accounts with the depository for the related global debt security, or participants, or a person that holds an interest through a participant may own beneficial interests in book-entry debt securities. When we issue a global debt security, the depository will credit, on its book-entry registration and transfer system, the participants accounts with the appropriate principal amounts of the book-entry debt securities that the participant owns. Any dealers, underwriters or agents participating in the distribution of the book-entry debt securities will designate the accounts that the depository will credit. Ownership of book-entry debt securities will be shown on, and the transfer of the ownership interests in book-entry debt securities will be effected only through, records that the depository maintains for the related global debt security (for interests of participants) and records that the participants maintain (for interests of persons holding through participants). The laws of some states may require that some purchasers of securities take physical delivery of their securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities, because we will not issue book-entry debt securities in certificated form, except under the special circumstances that are described below.

So long as the depository, or its nominee, is the registered owner of a global debt security, we will consider the depository or its nominee as the sole owner or holder of the book-entry debt securities represented by the associated global debt security for all purposes under the indenture. Except as described in this prospectus or the applicable prospectus supplement, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names and will not receive or be entitled to receive physical delivery of a certificate in definitive form representing their securities. We will not consider beneficial owners of book-entry debt securities the owners or holders of those securities under the indenture. As a result, to exercise any rights of a holder under the indenture, each person beneficially owning book-entry debt securities must rely on the depository's procedures for the related global debt security and, if that person is not a participant, on the procedures of the participant through which that person owns its interest.

We understand, however, that under existing industry practice, the depository will authorize the persons on whose behalf it holds a global debt security to exercise some rights of holders of debt securities, and the indenture provides that we, the trustee and their respective agents will treat as the holder of a debt security the persons specified in a written statement of the depository with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities under the indenture.

Table of Contents

We will make payments of the principal, premium and interest on the book-entry debt securities to the depository or its nominee, as the case may be, as the registered holder of the related global debt security. We, the trustee and any other agent of ours or agent of the trustee will not have any responsibility or liability for:

any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or

maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect the depository, upon receipt of any payment of the principal, premium or interest with respect to a global debt security, will immediately credit the participants' accounts with payments in amounts proportionate to the amounts of book-entry debt securities they each hold, as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

We will issue certificated debt securities in exchange for each global debt security if the depository is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, or the Exchange Act, and we do not appoint a successor depository registered as a clearing agency under the Exchange Act within 90 days. In addition, we may at any time and in our sole discretion determine not to have any of the book-entry debt securities of any series represented by one or more global debt securities and, in that event, we will issue certificated debt securities in exchange for the global debt securities of that series. Holders of global debt securities may exchange their global debt securities for certificated debt securities if an event of default under the book-entry debt securities represented by those global debt securities has occurred and is continuing. We will register any certificated debt securities that we issue in exchange for a global debt security in the name or names as the depository shall instruct the trustee. We expect that such instructions will be based upon directions received by the depository from participants with respect to ownership of book-entry debt securities relating to such global debt security.

We have obtained the previous information in this section concerning the depository and the depository's book-entry registration and transfer system from sources we believe to be reliable, but take no responsibility for the accuracy of this information.

Consolidation, Merger and Sale of Assets

Unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, the indenture will not contain any covenant that restricts our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets. However, any successor to or acquirer of such assets must assume all of our obligations under the indenture or the debt securities, as appropriate. If the debt securities are convertible into or exchangeable for our other securities, the person with whom we consolidate or merge or to whom we sell all of our property must make provisions for the conversion of the debt securities into securities that the holders of the debt securities would have received if they had converted the debt securities before the consolidation, merger or sale.

Covenants

Unless stated otherwise in the applicable prospectus supplement and in a supplement to the indenture, a resolution of our Board of Directors or an officer's certificate delivered under the indenture, the debt securities will not contain any restrictive covenants, including covenants restricting us or any of our subsidiaries from incurring, issuing, assuming or guaranteeing any indebtedness secured by a lien on any of our or our subsidiaries' property or capital stock, or restricting us or any of our subsidiaries from entering into any sale and leaseback transactions.

Table of Contents

Events of Default Under the Indenture

Under the indenture, an event of default means, with respect to any series of debt securities, any of the following: default in the payment of any interest on any debt security of that series when it becomes due and payable, and the continuance of that default for a period of 30 days (unless we deposit the entire amount of the payment with the trustee or with a paying agent prior to the expiration of the 30-day period); default in the payment of principal or premium on any debt security of that series when due and payable; default in the deposit of any sinking fund payment, when and as due on any debt security of that series; and default in the performance or breach of any of our other covenants or warranties in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of at least 25% in principal amount of the outstanding debt securities of that series as provided in the indenture; some events of bankruptcy, insolvency or reorganization of the Company; and any other event of default provided with respect to debt securities of that series that is described in the applicable supplement to this prospectus.

No event of default for a particular series of debt securities, except for the events of default relating to events of bankruptcy, insolvency or reorganization, will necessarily constitute an event of default for any other series of debt securities.

If an event of default for debt securities of any series occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare to be due and payable immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and premium of all debt securities of that series. In the case of an event of default resulting from events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) and premium of all outstanding debt securities will become and be immediately due and payable without any declaration or other act by the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series, but before the trustee has obtained a judgment or decree for payment of the money due, the holders of a majority in principal amount of the outstanding debt securities of that series may, subject to us having paid or deposited with the trustee a sum sufficient to pay overdue interest and principal that has become due other than by acceleration and certain other conditions, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal and premium with respect to debt securities of that series, have been cured or waived as provided in the indenture. For information as to waiver of defaults see the discussion under **Modification and Waiver** below. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of the discount securities upon the occurrence of an event of default and the continuation of an event of default.

Table of Contents

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of outstanding debt securities unless the trustee receives indemnity satisfactory to it against any loss, liability or expense. Subject to some rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

that holder has previously given the trustee written notice of a continuing event of default under the debt securities of that series; and

the holders of at least 25% in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the trustee to institute such proceeding as trustee, and the trustee shall not have received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal, premium and any interest with respect to that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 90 days after the end of our fiscal year, to furnish to the trustee a statement of our compliance with the indenture. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default or event of default (except in payment on any debt securities of that series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities.

Modification of Indenture; Waiver

We and the trustee may modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. We and the trustee may not make any modification or amendment without the consent of the holder of each affected debt security then outstanding if that amendment will:

change the amount of debt securities whose holders must consent to an amendment or waiver;

reduce the rate of, or extend the time for payment of, interest (including default interest) on any debt security;

reduce the principal of, or premium on, or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the deposit of any sinking fund payment or analogous obligation with respect to any series of debt securities;

reduce the principal amount of discount securities payable upon acceleration of maturity;

waive a default in the payment of the principal, premium or interest with respect to any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from that acceleration);

make the principal, premium or interest with respect to any debt security payable in currency other than that stated in the debt security;

Table of Contents

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal, premium and interest with respect to those debt securities and to institute suit for the enforcement of any payment and to waivers or amendments; or

waive a redemption payment with respect to any debt security or change any of the provisions with respect to the redemption of any debt securities.

Except for some specified provisions of the indenture, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of that series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal, premium or any interest with respect to any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

The indenture provides that, unless the terms of the applicable series of debt securities provide otherwise, we may be discharged from any and all obligations under the debt securities of any series (except for some obligations to register the transfer or exchange of debt securities of the series, to replace stolen, lost or mutilated debt securities of the series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be discharged when we deposit with the trustee, in trust, money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal, premium and interest, and any mandatory sinking fund payments for the debt securities of that series on the stated maturity in accordance with the terms of the indenture and those debt securities.

We will be discharged only if, among other things, we have delivered to the trustee an officers' certificate and an opinion of counsel stating that holders of the debt securities of the series from which we wish to be discharged will:

not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and

will be subject to United States federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with specified conditions, we may omit to comply with certain restrictive covenants contained in the indenture, as well as any additional covenants contained in a supplement to the indenture, a resolution of the Board of Directors or an officers' certificate delivered pursuant to the indenture.

The conditions include us:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay principal, premium and interest, and any mandatory sinking fund payments or the debt securities of that series on the stated maturity in accordance with the terms of the indenture and those debt securities; and

Table of Contents

delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax in the same amount and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

In the event we exercise our option not to comply with some covenants of the indenture with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations or foreign government obligations we have deposited with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we will remain liable for those payments.

Foreign government obligations means for the debt securities of any series that are denominated in a currency other than U.S. dollars:

direct obligations of the government that issued or caused to be issued the currency in question for the payment of which obligations its full faith and credit is pledged, which are not callable or redeemable at the option of the issuer thereof; or

obligations of a person controlled or supervised by or acting as an agency or instrumentality of that government the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by that government, which are not callable or redeemable at the option of the issuer thereof.

Governing Law

The indenture and the debt securities will be governed by and construed under the laws of the State of Florida.

DESCRIPTION OF SUBSCRIPTION RIGHTS

The following summary describes the general terms and provisions of the subscription rights to purchase our Class A Common Stock or other securities that we may offer to our shareholders. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with any subscription rights offering to our shareholders, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other person would purchase any offered securities remaining unsubscribed for after such subscription rights offering. Each series of subscription rights will be issued under a separate subscription rights agent agreement to be entered into between us and a bank or trust company, as subscription rights agent, that we will name in the applicable prospectus supplement. The subscription rights agent will act solely as our agent in connection with the certificates relating to the subscription rights and will not assume any obligation or relationship of agency or trust for or with any holders of subscription rights certificates or beneficial owners of subscription rights.

The prospectus supplement relating to any subscription rights we offer will include specific terms relating to the offering, including, among others:

the title of such subscription rights;

Table of Contents

the securities for which such subscription rights are exercisable;

the exercise price for such subscription rights;

the number of such subscription rights issued to each shareholder;

the number of shares of Class A Common Stock or amount of any other securities purchasable upon exercise of the rights;

the extent to which such subscription rights are transferable;

if applicable, a discussion of the material United States federal income tax considerations applicable to the issuance or exercise of such subscription rights;

the date on which the right to exercise such subscription rights shall commence, and the date on which such rights shall expire (subject to any extension);

the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities;

if applicable, the material terms of any standby underwriting or other purchase arrangement that we may enter into in connection with the subscription rights offering; and

any other terms of such subscription rights, including terms, procedures and limitations relating to the exchange and exercise of such subscription rights.

Each subscription right will entitle the holder of the subscription right to purchase for cash the number of shares of our Class A Common Stock or other securities at an exercise price set forth in, or determinable as set forth in, the applicable prospectus supplement. Subscription rights may be exercised at any time up to the close of business on the expiration date for the subscription rights provided in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights would become void and of no further force or effect.

Holders may exercise subscription rights as described in the applicable prospectus supplement. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the shares of common stock purchasable upon exercise of the subscription rights. If less than all of the subscription rights issued in any subscription rights offering are exercised, we may offer any unsubscribed securities directly to persons other than shareholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

The description in the applicable prospectus supplement and other offering material of any subscription rights we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable subscription rights agent agreement, which will be filed with the SEC if we offer subscription rights. For more information on how you can obtain copies of the applicable subscription rights agent agreement if we offer subscription rights, see

[Incorporation of Certain Information by Reference](#) and [Where You can Find More Information](#). We urge you to read the applicable subscription rights agent agreement and the applicable prospectus supplement and any other offering material in their entirety.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is a part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is a part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities: the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned Registrant hereby undertakes that for purposes of determining any liability under the Securities Act of 1933, (i) the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective, and (ii) each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(e) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)2 of the Act.
