PROXY STATEMENT

**FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 2, 2002**

This Proxy Statement is furnished to the stockholders of Interlott Technologies, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the 2002 Annual Meeting of Stockholders and at any adjournments thereof (the "Annual Meeting").

This Proxy Statement and the accompanying proxy card are first being sent or given to stockholders on approximately April 2, 2002.

VOTING

General

The Company's only voting security is its Common Stock, \$.01 par value per share. Each share of Common Stock entitles its owner to one vote on each matter submitted to the stockholders. The record date for determining the holders of Common Stock entitled to receive notice of and to vote at the Annual Meeting was March 29, 2002. On the record date, 6,449,379 shares of Common Stock were outstanding and eligible to be voted at the Annual Meeting.

Quorum and Vote Required

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the outstanding shares entitled to vote will constitute a quorum. In counting the shares represented at the Annual Meeting to determine whether a quorum exists, shares represented by proxies marked "withhold" or "abstain" will be considered to be entitled to vote and will count toward the quorum.

In accordance with Delaware law and the Company's Bylaws, and assuming a quorum is present, the affirmative vote of the holders of a plurality of the shares of Common Stock represented in person or by proxy at the Annual Meeting is required to elect directors (Proposal 1). As a result, votes that are withheld on the proposal will have no effect. The affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting is required to ratify the Board of Directors' appointment of the Company's independent auditors (Proposal 2). As a result, an abstention on this proposal will have the same effect as a vote against the proposal.

Mr. L. Rogers Wells, Jr., who owns a majority of the outstanding shares of the Company's Common Stock, has advised the Company that he intends to vote all of his shares in favor of each of the two proposals. Accordingly, adoption of the proposals is assured.

Table of Contents

Proxies; Other Matters That May Come Before the Annual Meeting

The accompanying proxy card is for use at the Annual Meeting if you are unable to attend in person or are able to attend but do not wish to vote in person. Please specify your choices with regard to each proposal on the enclosed proxy card and then sign and date the proxy card and mail it to us in the enclosed postage paid envelope. All properly executed and dated proxy cards received by the Company in time to be voted at the Annual Meeting and not revoked will be voted in accordance with the instructions given. If no specific instructions are given, the shares represented by a signed and dated proxy card will be voted FOR the nominees for director and FOR Proposal 2. If any nominee for election as a director should become unable to serve for any reason and the Board of Directors designates a substitute nominee, the persons named as proxies on the proxy cards will vote all valid proxy cards for the election of the substitute nominee.

The Board of Directors is not aware of any other business to be presented to a vote of the stockholders at the Annual Meeting. The date established in the Bylaws by which stockholders who desire to submit nominations for director or other proposals for presentation to the stockholders at the Annual Meeting has passed, and therefore no director nominations or other matters may be proposed by stockholders for action at the Annual Meeting.

The giving of a proxy does not affect your right to vote in person at the Annual Meeting. You have the right to revoke your proxy at any time before it is voted by giving written notice of revocation to Gary S. Bell, the Secretary of the Company, at 7697 Innovation Way, Mason, Ohio 45040; by executing and delivering to Mr. Bell a proxy card bearing a later date; or by voting in person at the Annual Meeting. If you will not be attending the Annual Meeting, you should return your proxy or any notice in time for receipt no later than the close of business on the day preceding the Annual Meeting.

In addition to soliciting proxies directly, the Company has requested brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares held of record by them. The Company also may solicit proxies through its directors, officers and employees in person and by telephone and facsimile, without payment of additional compensation to these persons. The Company will pay all expenses related to its solicitation of proxies.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees

The Board of Directors of the Company currently consists of seven members who are divided into three classes as nearly equal in number as possible. The directors in each class are elected by the stockholders for a term of three years and until their successors are elected and qualified. The term of office of one of the classes of directors expires each year at the Annual Meeting of Stockholders.

At the Annual Meeting, the terms of David F. Nichols and John J. Wingfield will expire. The Board of Directors has nominated each of these individuals to stand for re-election as a director for a three-year term which will expire at the 2005 Annual Meeting of Stockholders. If a nominee should be unable to serve for any reason (which is not anticipated), the Board of Directors may designate a substitute nominee, allow the vacancy to remain open until a suitable candidate is located, or by resolution provide for a lesser number of directors.

The Board of Directors unanimously recommends that stockholders vote FOR the proposal to re-elect David F. Nichols and John J. Wingfield as directors.

Meetings and Committees of the Board of Directors

The Board of Directors of the Company conducts its business through meetings of the full Board and through committees of the Board, including standing Audit and Compensation Committees. During 2001, the Board of Directors held four (4) meetings, the Audit Committee held two (2) meetings and the Compensation Committee met informally. Each director attended at least 75% of all meetings of the full Board of Directors and of each committee of the Board of which he or she is a member.

The Audit Committee is responsible for reviewing with the Company's independent auditors their audit plan and the scope and results of their audit; reviewing the scope and results of the Company's internal auditing procedures; consulting with the independent auditors and management with regard to the Company's accounting methods and the adequacy of its internal accounting controls; approving professional services provided by the independent auditors; reviewing the independence of the independent auditors; and reviewing the range of the independent auditors' audit and non-audit fees. See Audit Committee Report below and Proposal 2 Ratification of Appointment of Independent Auditors. The Audit Committee is composed of Gary S. Bell, H. Jean McEntire and John J. Wingfield (Chair). Each of the Committee's members is a nonemployee director of the Company. Ms. McEntire and Mr. Wingfield are independent directors within the meaning of Section 121(A) of the American Stock Exchange's listing standards. Mr. Bell does not qualify as independent under those standards because of his position as President of International Investments, Inc., which is owned by L. Rogers Wells, Jr. and to which the Company pays a fee for consulting services provided by Mr. Bell (see Executive Compensation Compensation Committee Interlocks and Insider Participation). However, the Company's Board of Directors has determined that Mr. Bell's membership on the Audit Committee is in the best interests of the Company and its stockholders because of his banking and financial background. The Audit Committee's charter was included as an exhibit to the Company's Proxy Statement for the 2001 Annual Meeting of Stockholders.

The Compensation Committee is responsible for setting the compensation of the Chairman of the Board and the President and Chief Executive Officer and ratifying the compensation of all other officers and general wage and salary limits of employees. The Compensation Committee is composed of Gary S. Bell (Chair), H. Jean McEntire and John J. Wingfield. The Compensation Committee's annual report is furnished below under Executive Compensation Compensation Committee Report on Executive Compensation.

The Board of Directors as a whole functions as a nominating committee to select management's nominees for election as directors of the Company. The Board of Directors will consider nominees recommended by stockholders if submitted to the Company in accordance with the procedures set forth in Section 2.3 of the Bylaws. See Stockholders' Proposals for 2003 Annual Meeting.

Table of Contents

Each non-employee member of the Board of Directors - Gary S. Bell, Kazmier J. Kasper, H. Jean McEntire, Edmund F. Turek and John J. Wingfield - receives an annual grant of options to purchase shares of Common Stock. The option grants for 2001 were made on January 4, 2001. The options vest at the rate of 25% per year beginning one year after the date of grant and expire ten years from the date of grant.

Edmund F. Turek, the Company's founder, retired as an employee in 1999. Mr. Turek now has a consulting arrangement with the Company pursuant to which he was paid \$120,000 during 2001.

Audit Committee Report

The Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management. Further, the Audit Committee has discussed with Grant Thornton LLP, the Company's independent public accountants, the matters required to be discussed by the Statement of Auditing Standards No. 61 (SAS 61 - Communication with Audit Committees) relating to the accountants' judgment about the quality of the Company's accounting principles, judgments and estimates, as applied in its financial reporting.

The Audit Committee also has received the written disclosures and the letter from Grant Thornton required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees) that relates to Grant Thornton's independence from the Company, and has discussed with Grant Thornton their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors of the Company, upon the recommendation of the Audit Committee, has appointed the firm of Grant Thornton LLP to serve as independent auditors of the Company for the fiscal year ending December 31, 2002 and has directed that this appointment be submitted to the stockholders for ratification at the Annual Meeting. Grant Thornton LLP has served as the Company's independent auditors since 1999. If the stockholders do not ratify the appointment of Grant Thornton LLP, the Board of Directors will reconsider the appointment.

Representatives of Grant Thornton LLP will be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Information on fees billed by Grant Thornton for services during 2001 is provided below.

Audit Fees. For professional services rendered for the audit of the Company's fiscal year 2001 financial statements and the review of the financial statements included in the Company's fiscal year 2001 Forms 10-Q, Grant Thornton billed the Company a total of \$30,572.

Financial Information Systems Design and Implementation Fees. None.

All Other Fees. In addition to the fees described above, Grant Thornton billed the Company an aggregate of \$62,000 for all other services rendered during 2001. These fees related primarily to tax preparation, acquisition due diligence, and employee benefit services.

The Company's Audit Committee considered whether the non-audit services rendered by Grant Thornton were compatible with maintaining Grant Thornton's independence as auditors of the Company's financial statements, and determined that they were.

The Board of Directors unanimously recommends that stockholders vote FOR the proposal to ratify the appointment of Grant Thornton LLP as independent auditors of the Company for the fiscal year ending December 31, 2002.

Employment Agreement

Effective January 1, 2001, the Company entered into an employment agreement with Mr. Nichols for an initial five-year term. Beginning on the fourth anniversary of the agreement and on each subsequent anniversary, the term of the agreement will be extended for an additional year if neither party gives written notice to the contrary. The agreement provides for a minimum annual base salary of \$220,000, for cost-of-living increases and for annual consideration for performance increases. Under the agreement, Mr. Nichols received a bonus of \$100,000 for 2000 and an award of options for 200,000 shares of the Company's common stock. For 2001 and subsequent years, he is entitled to a bonus of 2 1/2% of the Company's net after tax income plus 5% of any year-over-year after tax net income growth. If the Company terminates the agreement for any reason other than cause (as defined in the agreement), disability or death, it will pay Mr. Nichols the greater of (1) two times the sum of his then-current base salary plus the amount of his immediately preceding bonus or (2) his then-current base salary plus immediately preceding bonus for each year remaining in the then-current term of the agreement. The Company also will provide Mr. Nichols with continued health and life insurance benefits through the end of the then-current term of the agreement and will pay him the value of any forfeited or lost pension, profit sharing and similar benefits which would have accrued and vested had he remained employed until that time. Similar benefits are payable if Mr. Nichols resigns within 90 days after a change of control of the Company (as defined in the agreement) or if his employment is actually or constructively terminated within two years after a change of control; in such an event, Mr. Nichols also is entitled to a gross-up for any taxes imposed as a result of the excess parachute payments provisions of the Internal Revenue Code.

Compensation Committee Report on Executive Compensation

This report by the Compensation Committee of the Board of Directors (the Committee) discusses the compensation objectives and policies applicable to the Company's executive officers. The report reviews the Committee's policy generally with respect to the compensation of all executive officers as a group and specifically reviews the compensation of the Company's Chief Executive Officer. The Committee is composed entirely of non-employee directors of the Company.

To date, the Committee has made its compensation decisions based upon the recommendations of the Company's Chief Executive Officer and upon his and the Committee's subjective evaluations of each executive officer's past performance and anticipated ability to positively impact the Company's future growth and development. The Committee met informally in 2001 and its recommendations were approved by the full Board of Directors of the Company.

Compensation Policy for Executive Officers

The Company's compensation policies for its executive officers are intended to create a direct relationship between the level of compensation paid and the Company's current and long-term performance. The Committee believes that this relationship is best implemented by providing a compensation package consisting of a base salary, discretionary bonus and long-term incentive compensation in the form of stock options.

The Committee believes that base salaries need to be competitive when compared to those of officers in corresponding positions at similarly sized companies in the manufacturing and gaming industry, although the Company's salaries still remain modest in comparison to salaries of executives of those companies. The bonuses reflected in the Summary Compensation Table for Messrs. Blazer and Stokes were awarded in recognition of their positive contributions to the Company's performance in 2001.

To provide further incentive for employee performance, and to establish a direct link between that performance and stockholder value, the Company generally makes an annual award of stock options under the Company's Amended and Restated 1994 Stock Incentive Plan (the Incentive Plan) to its executive officers (as well as 10 to 15 other employees). Through these stock options, opportunities for additional compensation by the Company's executive officers are tied directly to increases in the price of the Company's Common Stock. The options granted under the Incentive Plan have an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and, to encourage a long-term perspective by the employee, have an exercise period of ten years. Each named executive officer received an option grant on January 4, 2001. Information regarding stock options held by the named executive officers as of December 31, 2001 is set forth in the table above.

Chief Executive Officer Compensation

Effective January 1, 2001, the Company entered into an employment agreement with Mr. Nichols, the Company's Chief Executive Officer, which provides for a salary increase and for

bonuses tied directly to the Company's financial performance. See Employment Agreement above. For 2001, Mr. Nichols' base salary was \$220,000 and, pursuant to the formula in his employment agreement, he received a year-end bonus of \$49,531. In 2001, Mr. Wells, the Company's Chairman of the Board, received a salary of \$350,000. Along with the Company's other executive officers, both Mr. Nichols and Mr. Wells received annual stock option awards in January 2001. These awards will enable the executives to realize increased compensation if and to the extent that the Company's performance results in an increase in the price of the Common Stock. As a result, any additional compensation due to these stock options will be tied directly to an increase in overall stockholder value.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to each of the Company's named executive officers to \$1 million for any year unless several requirements are met. The Committee has reviewed these requirements and believes that all compensation paid to its executive officers in 2001 is fully deductible.

Compensation Committee Interlocks and Insider Participation

A principal function of the Compensation Committee is to establish the compensation of the executive officers of the Company. The Chairman of the Committee, Gary S. Bell, served during 2001 as Secretary and Treasurer of the Company (in a non-employee capacity) and also served as President of International Investments, Inc. International Investments is owned by L. Rogers Wells, Jr., the Company's Chairman of the Board. Additionally, the Company has an arrangement with International Investments under which it pays International Investments \$3,000 per month (for a total of \$36,000 in 2001) for consulting services provided to the Company by Mr. Bell.

CERTAIN TRANSACTIONS

Algonquin Industries, Inc., of which Kazmier J. Kasper, a director of the Company, is President and owner, sells the Company some of the components of the burster mechanisms and other dispensing mechanisms used in the Company's machines. During 2001, the Company paid \$5,240,275 to Algonquin Industries for these mechanisms. The Company currently plans to continue purchasing all of these mechanisms from Algonquin Industries. The Company believes that the purchases are on terms no less favorable than would be obtainable from unaffiliated third parties.

In 1994 the Company issued 1,335,000 shares of putable and redeemable nonparticipating preferred stock to Edmund F. Turek, a director of the Company, and members of his immediate family. Pursuant to the terms of the preferred stock, on April 17, 2000, the Company redeemed the

preferred stock at the request of its holders and, also in accordance with its terms, paid the \$1.00 per share redemption price in the form of promissory notes to the holders. These notes are payable beginning April 2, 2001 in annual installments limited to 25% of the net profits, if any, of the Company and are non-interest bearing and unsecured. In connection with the redemption, the Company advanced Mr. Turek \$280,000 against payments due him under his note, and all other note holders agreed to subordinate repayment of their notes until the advance and accrued interest were repaid by the crediting of payments on the notes to Mr. Turek's account. The advance and interest were repaid in full in April 2001.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and the related regulations of the Securities and Exchange Commission require that the Company's executive officers and directors, as well as any persons who beneficially own more than 10% of the Company's Common Stock, file reports of their ownership of the Company's Common Stock with the SEC and the American Stock Exchange. Based on its review of reports and written representations received by it, the Company believes that all Section 16(a) filing requirements were complied with on a timely basis for 2001, except that a Form 4 reporting an option exercise by Mr. Wingfield was filed two days after its due date.
