COMPENSATION OF EXECUTIVE OFFICERS

Compensation Committee Report on Executive Compensation

The Compensation Committee (the Committee) of the Board of Directors, each member of which satisfies the independence standards of the National Association of Securities Dealers, is responsible for approving executive management compensation and for administering the incentive and equity participation plans which make up the variable compensation paid to executive officers (Officers). The Committee also administers employee stock plans and certain other benefit plans.

The Committee and the Board believe that the executive management compensation program should support the goals and objectives of the Company. These goals and objectives should balance the importance of annual financial performance with the equally important creation and protection of long-term fundamentals which support long-term growth and profitability.

Nordson's executive management compensation program:

- establishes compensation performance objectives that are directly linked to corporate goals;

- provides a high degree of leverage between compensation and corporate performance;

- creates long-term incentives directly linked to shareholder returns; and

- is designed to attract, retain and motivate key executives.

The Company's executive compensation program consists of base salary, annual cash bonuses, long-term incentive cash awards and stock awards. All of these components are designed with the objective of attracting and retaining executives and motivating management to meet and exceed Company growth and profitability goals. In determining the total amount and mix of the compensation package for each Officer, the Committee utilizes external competitive information provided by executive compensation consultants. The Committee also considers the overall value to the Company of each Officer based upon individual performance and past and expected contribution by each Officer towards the achievement of the Company's performance goals.

Total Cash Compensation

The cash compensation program is designed to provide each Officer with varying amounts of total cash compensation depending upon both the individual performance of the Officer and the financial performance of Nordson compared to the financial performance of similar industrial companies. The intent is to establish a direct correlation between Nordson's financial performance and Officer compensation such that the percentile ranking of Officer total cash compensation will generally correlate with the percentile ranking of Nordson's performance.

This correlation is established by setting Officer base salaries at approximately the median of similarly sized industrial company base salaries, and varying the annual cash bonus awards according to the financial performance of Nordson and the individual performance of each Officer. Although the annual cash bonus awards are generally set based upon the degree to which Nordson met its financial targets and individual Officers met their performance targets, these targets and the corresponding bonus payments are periodically calibrated so as to have Officer total cash compensation at various levels of performance generally correlate with external market compensation and performance.

Base Salary

Officer base salaries are targeted at approximately the 50th percentile salary for similar positions within similarly sized industrial companies. The Committee reviews the competitiveness of the base salary of each Officer annually and, if appropriate, salaries are changed based upon individual performance and competitive position.

8

Table of Contents

Annual Cash Bonus

Officer annual bonuses are funded primarily based upon corporate and individual performance. For the 2003 Bonus Plan, the Board of Directors and the Committee set two quantitative targets: (1) return on total invested capital and (2) earnings per share growth. In addition to performance against these corporate goals, the Committee evaluated the performance of each Officer against individual performance targets.

After considering performance against Plan and individual goals, the Committee approved cash bonus awards for Mr. Campbell and the four other most highly compensated Officers as indicated in the Summary Compensation Table on page 11. Though payment of annual bonuses is based primarily on pre-established performance criteria, the Committee may, however, choose to modify targets, change payment levels or otherwise exercise discretion to reflect the external economic environment and individual or Company performance.

Long-Term Incentives

Long-term incentives consist of stock options, restricted stock and cash awards granted under the Performance Plan. The Committee believes that through the use of stock and performance-based cash awards, Officer interests are directly aligned with those of the Company's shareholders.

Officers are issued stock option grants annually with an exercise price equal to the closing price of Nordson Common Shares on the last business day prior to the date of grant. These options are not fully exercisable until four years following the date of grant and expire in ten years. Officers also receive restricted stock awards annually. The restricted stock has a restriction on transfer of the stock for four years following the grant date. The stock awards are designed to reinforce a long-term perspective and to help retain key executives.

Officers receive cash awards under the Long-Term Incentive Plan based solely on corporate performance over three-year performance periods. Cash awards vary based on the degree to which corporate performance exceeds predetermined threshold, target and maximum performance levels at the end of a performance period. No payout will occur unless the Company achieves certain threshold performance objectives. The Committee may, however, choose to modify targets, change payment levels or otherwise exercise discretion to reflect the external economic environment and individual or Company performance.

The Committee chooses specific measures for each successive three-year performance period. In fiscal year 2000, the Committee established performance measures for the 2001-2003 performance period applicable to all Officers based on cumulative earnings per share and cumulative economic value added. Performance during this period fell short of the threshold levels, and no awards were paid to any Officer under the Long-Term Incentive Plan. Performance measures established by the Committee for the 2002-2004 and 2003-2005 performance periods are based on cumulative earnings per share and inventory reduction. For the 2004-2006 performance period, the Committee has established performance measures based on cumulative earnings per share and cumulative revenue.

Deferred Compensation Plan

The Deferred Compensation Plan provides Officers and key employees of Nordson with an opportunity to defer receipt of fiscal year cash compensation (base salary and incentive compensation). Participants may elect to defer all or part of their cash compensation for the relevant fiscal year for a period of years or until retirement. Participants can select from a variety of investment funds from which the earnings on their deferred compensation account will be

determined.

Chief Executive Officer Compensation

The 2003 compensation for Mr. Campbell was earned pursuant to the arrangements described above. The Committee approved a 2003 base salary increase for Mr. Campbell after considering both his overall performance in this key strategic leadership role and the competitiveness of his base salary in comparison to the marketplace.

Table of Contents

In determining the annual bonus to be paid to Mr. Campbell, the Committee considered Company performance against the corporate financial measures of return on total invested capital and earnings per share growth and other performance criteria. His bonus payment reflects both strong corporate financial performance against the corporate targets and continuing improvement in reducing total debt and expense control resulting in strong cash flow. In addition, the Company had a number of significant commercial and operational achievements including:

1. The successful launch of the next generation Blue Series adhesive melter product line;
2. EFD worldwide sales growth of over 10% fueled by geographic expansion;
3. Development of a new low-end automation platform for sales through the EFD distribution channels;
4. Significant progress in the development of China manufacturing capability; and
5. Improving operating productivity through the continuing implementation of *lean*.

Mr. Campbell was granted stock options, restricted stock and long-term incentive units based upon the factors described in earlier sections of this report. No payment was made to Mr. Campbell for the 2001-2003 performance period under the Long-Term Incentive Plan because performance fell short of the threshold performance targets.

Deduction Limitation on Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, permit a publicly-held corporation to deduct certain compensation up to \$1 million paid or accrued with respect to certain of the Officers. The Committee will continue to monitor its compensation policy for deductibility under Section 162(m), including encouraging deferrals of otherwise non-deductible payments.

Table of Contents**Option/SAR Grants in Last Fiscal Year**

The following table sets forth information regarding individual grants of stock options/SARs made during the fiscal year ended November 2, 2003 to each Officer named in the Summary Compensation Table:

Individual Grants

Edward P. Campbell	85,000	18.0%	27.78	12/9/2012	573,750
Peter S. Hellman	36,000	7.6%	27.78	12/9/2012	243,000

Robert A. Dunn, Jr.	13,000	2.7%	27.78	12/9/2012	87,750

- (1) Options were awarded for 199,000 shares of Nordson Common Stock to all Officers as a group. Options were awarded for 28,072 shares of Nordson Common Stock to all non-employee directors and for 246,286 shares of Nordson Common Stock to non-Officer employees as a group.
- (2) All options awarded to Officers named in the Summary Compensation Table on page 11 become exercisable beginning one year after grant date at 25% per year on a cumulative basis. The exercise price was equal to the fair market value on the date of grant. The exercise price and tax withholding obligations related to the exercise may be paid by cash, delivery of currently-owned shares, by offset of the underlying shares, or any combination thereof.
- (3) No stock appreciation rights (SARs) were granted to any employee other than stock appreciation rights (Limited Rights) that become exercisable only upon the occurrence of a change in control of Nordson.
- (4) These values were calculated using a Black-Scholes option pricing model. The Black-Scholes model is a complicated mathematical formula which is widely used and accepted for valuing traded stock options. The actual value, if any, an Officer may realize will depend on the excess of the stock price over the exercise price on the date the options are exercised, and no assurance exists that the value realized by an Officer will be at or near the value estimated by the Black-Scholes model. The following assumptions were used in these calculations:
- (a) Expected life of option: 7.0 years;
- (b) Volatility factor: 28.4%;
- (c) Assumed risk-free rate of interest: 3.68%
- (d) Assumed dividend yield: 2.2%;
- (e) No reduction in the value calculated has been made for possible forfeitures.

The amounts shown in the table represent the annual benefit (after reduction for Social Security payments) payable to an employee for life. Certain surviving spouse benefits are also available under the Pension Plan, as well as early retirement benefits. The table has been prepared without regard to benefit limitations imposed by the Internal Revenue Code of 1986, as amended (the Internal Revenue Code). The years of benefit service credited under the Pension Plan as of November 2, 2003 for the Officers named in the Summary Compensation Table who continue to participate in the Pension Plan are as follows: Mr. Campbell 15 years; Mr. Hellman 3 years; Mr. McLane 28 years; Mr. Gacka 24 years and Mr. Dunn 32 years.

Excess Defined Benefit Pension Plan and Excess Defined Contribution Retirement Plan

The Internal Revenue Code limits the benefits provided under the Salaried Employees Pension Plan, the amount that an employee can contribute to the Employees Savings Trust Plan, and the amount that Nordson can contribute on behalf of an employee under the Employees Savings Trust Plan.

The Excess Defined Benefit Pension Plan provides for the payment, out of Nordson's general funds, of the amount by which certain participants' benefits under the Salaried Employees Pension Plan would exceed the limitations applicable to that Plan. The terms of payment under the Excess Defined Benefit Pension Plan are the same as those under the Salaried Employees Pension Plan.

The table above does not reflect benefit limitations imposed by the Internal Revenue Code, and shows the aggregate annual pension benefits payable under both the Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan.

The Excess Defined Contribution Retirement Plan provides for the payment, out of Nordson's general funds, of the amount by which the participant's contributions under the Employees' Savings Trust Plan and Nordson's contributions to the Employees' Savings Trust Plan would exceed the limitations applicable to that Plan. Salaried employees who are designated by the Committee and who participate in the Employees' Savings Trust Plan are eligible to participate in the Excess Defined Contribution Retirement Plan. Benefits under the Excess Defined Contribution Retirement Plan resulting from the Internal Revenue Code limitations applicable to the Employees' Savings Trust Plan will be paid in cash. Payments may be made

either in lump sum or in monthly installments over a two-year period. The Compensation Committee administers the Excess Defined Contribution Retirement Plan.

The portions of Nordson's contributions under the Excess Defined Contribution Retirement Plan allocated to the accounts of the Officers named in the Summary Compensation Table, and to all current Officers as a group during the fiscal year ended November 2, 2003 are as follows: Mr. Campbell \$12,936; Mr. Hellman \$0; Mr. McLane \$3,884; Mr. Gacka \$2,479; Mr. Dunn \$0; and all current Officers as a group \$20,721.

Agreements with Officers and Directors

Nordson has agreed to provide Mr. Campbell with supplemental pension benefits in order to restore some of the benefits he would have received if he had remained with his former employer. Mr. Campbell will be a participant in the Salaried Employees Pension Plan described on page 14, but his benefits under this plan will be modified to recognize his prior service with his former employer. His average annual compensation under this plan will be determined as the average of his compensation during his 36 consecutive highest paid months (instead of 60), and he will be eligible for the full pension benefit at age 60. He may retire prior to age 60 commencing at age 55, but his benefit will be reduced 5% per year for retirement before age 60. His benefit will also be reduced by the amount of any pension benefit payment he receives from the pension plan of his former employer. Mr. Campbell had 11 years of employment with his former employer.

On October 30, 1998 the Committee approved Employment Agreements with the Officers that would be effective upon a change in control of the Company. These agreements specify events constituting a change in control, as well as certain circumstances in which a change in control may be undone.

Upon the occurrence of a change in control, the agreements will provide for a 24 month contract period during which the Officer is to hold substantially the same position with the same duties and responsibilities as immediately prior to the change in control. Each agreement will provide that total compensation is to continue during the contract period at a level not less than the level in effect immediately prior to the change in control (or on the date two years prior to the change in control, if higher) and for continued participation in benefit plans applicable to executive personnel.

In addition, if following a change in control the Officer's employment is terminated by the Company without cause or by the executive for good reason (even if termination occurs after expiration of the 24 month contract period), then the Officer is to be provided supplemental retirement benefits which reflect an additional five years of age and service credit under the Company's Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan, if the Officer is eligible to participate in that Plan.

Further, if the Officer's employment is terminated without cause or by the Officer for good reason during the 24 month contract period, the Officer will receive severance compensation until the later of the expiration of the 24 month contract period or the date which is not less than twelve months (24 months for Mr. Campbell) after the termination of employment. Total compensation is to be continued in effect as well as coverage under certain of the Company's benefit plans, including continued service credit under the Company's Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan, if applicable.

An Officer is to use reasonable efforts to seek other suitable employment, and the Company's obligation to provide continued payments of total compensation and benefits is offset in some circumstances by compensation and benefits provided by a subsequent employer.

As a condition of receiving payments, the Officer must not disclose confidential information relating to the Company or its business and is subject to certain noncompetition restrictions.

The agreements also provide for a tax gross-up payment to any Officer, in the event payments under the agreements are deemed excess parachute payments under applicable tax regulations and require the payment of excise taxes, in such amounts as are necessary to place the Officer in the same position as if such tax were not imposed.

PROPOSAL NO. 1

APPROVAL OF THE NORDSON CORPORATION

2004 LONG-TERM PERFORMANCE PLAN

Shareholders approved the Nordson Corporation 1993 Long-Term Performance Plan at the 1993 Annual Meeting and approved an amendment to that Plan at the 1997 Annual Meeting. The 2004 Long-Term Performance Plan is substantially similar to the 1993 Long-Term Performance Plan, as amended, and is referred to in this proxy statement as the Plan.

On June 30, 2003, the Securities and Exchange Commission approved new NASD rules that require, among other things, plans containing a formula for automatic increases in the shares available to have a term not in excess of ten years or be approved by the shareholders every ten years. In order to comply with the new NASD rules, the Board of Directors is submitting the Plan to the shareholders for approval.

If approved by the shareholders, the Plan will be effective for the fiscal year that began on November 3, 2003 and for each fiscal year thereafter through fiscal year 2013.

The following summary is a brief description of the material features of the Plan and is qualified in its entirety by reference to the terms of the Plan. Shareholders may obtain a copy of the Plan upon written request to the Secretary of Nordson.

Summary of the Plan. The objective of the Plan is to foster and promote the long-term growth and performance of Nordson by enhancing Nordson's ability to attract and retain qualified employees and directors and by motivating employees and directors through stock ownership and performance-based incentives. The Plan will be administered by the Compensation Committee of Nordson's Board of Directors. All key employees of Nordson and its subsidiaries and all directors of Nordson are eligible to participate in the Plan.

Authority of Committee. The Committee has authority to: select the participants who will receive awards, grant awards, determine the terms, conditions, and restrictions applicable to the awards, determine how the exercise price is paid, modify or replace outstanding awards within the limits of the Plan, accelerate the date on which awards become exercisable, waive the restrictions and conditions applicable to awards, and establish rules governing the Plan, including special rules applicable to awards made to employees who are foreign nationals or are employed outside the United States.

The Plan does not generally establish limits on the exercise price of awards, earn-out or vesting periods, or termination provisions in the event of termination of employment. Instead, the Committee is given the broad authority to establish these terms in order best to achieve the purpose of the Plan.

The Committee will be constituted in a manner consistent with the Non-Employee Director standard set forth in Rule 16b-3 under the Securities Exchange Act of 1934, as amended.

Number of Common Shares. The Plan provides for the grant of not more than 3% of the number of Common Shares outstanding as of the first day of the fiscal year that began on November 3, 2003 plus the number of Common Shares that were available for grant of awards, but not granted, in prior years; in no event, however, will the number of Common Shares available for the grant of awards in any fiscal year exceed 3.5% of the Common Shares outstanding as of the first day of the then current fiscal year. The maximum number of Common Shares that may be issued upon exercise of incentive stock options is 1,000,000. Common Shares issued under the Plan may be either newly issued

shares or treasury shares.

Common Shares subject to an award that is forfeited, terminated, or canceled without having been exercised (other than shares subject to a stock option that is canceled upon the exercise of a related stock appreciation right) are generally available for grant under the Plan, without reducing the number of Common Shares available in any fiscal year for grant of awards under the Plan.

In the event of a recapitalization, stock dividend, stock split, distribution to shareholders (other than normal cash dividends), or similar transaction, the Committee will adjust the number and class of shares that may

18

Table of Contents

be issued under the Plan (including the number of shares that may be subject to awards granted to a participant in any fiscal year) and the number and class of shares, and the exercise price, applicable to outstanding awards.

Types of Awards. The Plan provides for the grant of stock options (incentive stock options or non-qualified stock options), restricted stock, stock appreciation rights, stock purchase rights, stock equivalent units, cash awards, and other stock or performance-based incentives. These awards are payable in cash or Common Shares, or any combination thereof, as established by the Committee. The Plan also provides for the maintenance of an employee stock purchase program.

Grant of Awards. Awards may be granted singularly or in combination or tandem with other awards. Awards may also be granted in replacement of other awards granted by Nordson. If a participant pays all or part of the exercise price or taxes associated with an award by the transfer of Common Shares or the surrender of all or part of an award (including the award being exercised), the Committee may, in its discretion, grant a new award to replace the Common Shares or award that were transferred or surrendered. Nordson may also assume awards granted by an organization acquired by Nordson or may grant awards in replacement of any such awards.

While future awards, if any, to be granted under the Plan are not yet determinable, awards granted for the fiscal year ended November 2, 2003 under the Performance Plan for each of Edward P. Campbell, Peter S. Hellman, Donald J. McLane, Mark G. Gacka and Robert A. Dunn, Jr. are shown under the heading Long-Term Compensation Awards in the Summary Compensation Table set forth on page 11 and under the heading Long-Term Incentive Compensation on page 13.

Restricted stock awards granted for all executive officers (including those foregoing named executive officers) as a group, all directors who are not executive officers as a group, and all employees other than executive officers are set forth in footnote 2 to the Summary Compensation Table on page 11. Option awards granted for all executive officers (including those foregoing named executive officers) as a group, all directors who are not executive officers as a group, and all employees other than executive officers are set forth in footnote 1 to the Option/SAR Grants in Last Fiscal Year Table on page 12. Share equivalent units awarded to all executive officers as a group are set forth in footnote 1 to the Long-Term Incentive Plan Table on page 13.

Payment of Exercise Price. The exercise price of a stock option (other than in incentive stock option), stock purchase right, and any other stock award for which the Committee has established an exercise price may be paid in cash, by the transfer of Common Shares, by the surrender of all or part of an award (including the award being exercised), or by a combination of these methods, as and to the extent permitted by the Committee. The exercise price of an incentive stock option may be paid in cash, by the transfer of Common Shares, or by a combination of these methods, as and to the extent permitted by the Committee at the time of grant, but may not be paid by the surrender of an award.

Taxes Associated with Awards. Prior to the payment of an award, Nordson may withhold, or require a participant to remit to Nordson, an amount sufficient to pay any Federal, state, and local taxes associated with the award. If, however, a stock option has been transferred and the participant does not pay such taxes on the date of exercise, the taxes will be paid by reducing the number of Common Shares to be received upon exercise. The Committee may permit participants to pay the taxes associated with an award (other than an incentive stock option) in cash, by the transfer of Common Shares, by the surrender of all or part of an award (including the award being exercised), or by a combination of these methods.

Termination of Awards. The Committee may cancel any awards if the participant, without Nordson's prior written consent, (i) renders services for an organization, or engages in a business, that is in the judgment of the Committee, in competition with Nordson or (ii) discloses to anyone outside of Nordson, or uses for any purpose other than Nordson's business, any confidential information or material relating to Nordson.

Change in Control. In the event of a change in control of Nordson, as defined in the Plan, unless the Board of Directors determines otherwise, (i) all outstanding stock options, stock appreciation rights, and

Table of Contents

stock purchase rights become fully exercisable, (ii) all restrictions and conditions applicable to restricted stock and other awards exercisable for Common Shares will be deemed to have been satisfied, and (iii) all cash awards will be deemed to have been fully earned. Any such determination by the Board of Directors that is made after the occurrence of the change in control will not be effective unless a majority of the directors then in office are continuing directors and the determination is approved by a majority of the continuing directors. For this purpose, continuing directors are directors who were in office prior to the change in control or were recommended or elected to succeed continuing directors by a majority of the continuing directors then in office.

Nonassignability of Awards. Unless the Committee otherwise determines, no award granted under the Plan may be transferred or assigned by the holder other than by designation of beneficiary, or, if none, by will, pursuant to the laws of descent and distribution, or pursuant to a qualified domestic relations order. For this purpose, a holder is a participant in the Plan or an eligible transferee (as determined by the Committee) and a designation of beneficiary is the person or entity designated to receive the holder's option on the holder's death in accordance with Committee procedures.

The Plan also provides that, unless the Committee otherwise determines, an award may be exercised during the holder's lifetime, only by the holder or by the holder's guardian or legal representative. No incentive stock option or Section 423 Right (as defined in the Plan), however, may be transferred or assigned pursuant to a qualified domestic relations order or exercised, during the participant's lifetime, by the participant's guardian or legal representative.

Amendment, Effective Date, and Termination of the Plan. The Board of Directors may amend, suspend, or terminate the Plan at any time. Shareholder approval for any such amendment will be required only to the extent necessary to comply with the rules of the NASDAQ National Market System or any other exchange or quotation system on which the Common Shares are traded or listed, the rules and regulations related to incentive stock options, Section 162(m) of the Internal Revenue Code, or any other applicable legal requirements. The plan will expire, if not previously terminated, at the end of fiscal year 2013.

Federal Income Tax Consequences of Awards. The following is a brief general discussion of the anticipated income tax treatment, under current provisions of the Internal Revenue Code, of the grant and exercise of awards to Nordson and the participants.

Incentive Stock Options. In general, an employee will not recognize taxable income at the time an incentive stock option is granted or exercised, and Nordson will not be entitled to a deduction, so long as a minimum employment requirement is satisfied. However, the excess of the fair market value of the Common Shares acquired upon exercise over the exercise price is potentially subject to the alternative minimum tax. If the employment requirement is not satisfied, the income tax treatment will be the same as that for a non-qualified stock option, described below. Upon disposition of the Common Shares acquired upon exercise, capital gain or capital loss will be recognized in an amount equal to the difference between the sale price and the exercise price, so long as minimum holding period requirements are satisfied. If the holding period requirements are not satisfied, the employee will recognize ordinary income, and Nordson will be entitled to a corresponding deduction, to the extent of the difference between the exercise price and the lesser of the fair market value of the Common Shares on the date the option is exercised or the amount realized in the disposition. Any remaining gain or loss is treated as a capital gain or capital loss.

Non-Qualified Stock Options. In general, an employee will not recognize taxable income upon the grant of a stock option that does not qualify as an incentive stock option (a non-qualified stock option), and Nordson will not be entitled to a deduction. Upon exercise, the employee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Common Shares acquired upon exercise, and Nordson will be entitled to a corresponding deduction. Upon disposition of the Common Shares, appreciation or depreciation after the date of exercise will be treated as either capital gain or capital loss.

Restricted Stock. Unless an employee makes an election under Section 83(b) of the Internal Revenue Code, the employee will recognize no income, and Nordson will be entitled to no deduction, at the time

20

Table of Contents

restricted stock is awarded to the employee. When the restrictions lapse or are otherwise removed, the employee will recognize compensation income equal to the excess of the fair market value of the restricted stock at that time over the amount, if any, paid by the employee for the restricted stock, and Nordson will be entitled to a deduction in the same amount. Dividends paid on restricted stock during any restriction period will, unless the employee has made an election under Section 83(b) of the Internal Revenue Code, constitute compensation income, and Nordson will be entitled to a deduction in the same amount. Upon disposition of Common Shares after the restrictions lapse or are otherwise removed, any gain or loss realized by an employee will be treated as capital gain or loss.

If an employee makes an election under Section 83(b) of the Internal Revenue Code, the employee will recognize compensation income equal to the excess of the fair market value of the Common Shares on the date of grant over the price paid for those Common Shares, and Nordson will be entitled to a deduction in the same amount. Dividends paid on the stock thereafter will be treated as dividends taxable to the employee and not deductible by Nordson.

Stock Appreciation Rights and Stock Equivalent Units. The grant of stock appreciation rights and stock equivalent units will have no immediate tax consequences to Nordson or the employee receiving the grant. The amount received by the employee upon the exercise of the stock appreciation rights will be included in the employee's ordinary income in the taxable year in which the stock appreciation rights are exercised, and Nordson will be entitled to a deduction in the same amount in that year. In general, at the time Nordson pays any amount to the employee with respect to the stock equivalent units, the employee will recognize compensation income equal to the amount of that payment, and Nordson will be entitled to a deduction in that amount.

Stock Purchase Rights. In general, the exercise of a stock purchase right under a stock purchase program that does not meet the requirements of Section 423 of the Internal Revenue Code will be treated as the exercise of a non-qualified stock option for tax purposes, as described above.

In general the exercise of a stock purchase right under a stock purchase program that does meet the requirements of Section 423 of the Internal Revenue Code (a Section 423 Right) will receive the same treatment as the exercise of an incentive stock option, described above, with the following differences. If the employee disposes of the stock before minimum holding period requirements are satisfied, the amount of ordinary income recognized by the employee will be the difference between the fair market value of the stock at the time of exercise and the exercise price. If, after minimum holding period requirements are satisfied, the employee disposes of stock received on exercise of a Section 423 Right at an exercise price of less than 100% of the fair market value of the stock at the time of grant, or dies at any time while holding such stock, the employee will recognize ordinary income in an amount equal to the lesser of the fair market value of the stock at the time of disposition (or the date of death) or the fair market value of the stock at the time of grant over the exercise price. Any additional gain or loss to the employee on a disposition of such stock will be capital, and the amount of any ordinary income will be added to basis for purposes of determining the amount of such gain or loss.

Vote Required to Approve the Plan. The favorable vote of the holders of a majority of the Common Shares present in person or by proxy at the Annual Meeting is required to approve the Plan. *Nordson's Board of Directors recommends that shareholders vote FOR approval of the Plan.*

PROPOSAL NO. 2

APPROVAL OF THE NORDSON CORPORATION

2004 MANAGEMENT INCENTIVE COMPENSATION PLAN

The Board of Directors is submitting for shareholder approval the Nordson Corporation 2004 Management Incentive Compensation Plan (the "Bonus Plan") to provide incentive compensation to certain executive officers of the Company in such a manner that the incentive compensation will be fully deductible by the Company for federal income tax purposes.

Section 162(m) of the Internal Revenue Code allows a publicly-traded corporation to take a tax deduction in excess of \$1 million per year for certain compensation that it or any subsidiary pays to specified executives. Those specified executives are the Chief Executive Officer and the four other executive officers for whom proxy disclosure is required (the "Covered Employees"). Compensation that is contingent on the attainment of performance goals is excluded from the \$1 million deduction limit and is therefore deductible without regard to that limit. To qualify for this performance-based exemption, the material terms pursuant to which the compensation is to be paid, including a description of the employees eligible to receive compensation under the plan, a description of the business criteria on which the plan's performance goals are based, and the maximum amount that may be paid to any Covered Employee under the plan, must be approved by the shareholders of the corporation every five years.

Nordson's existing bonus plan and the performance goals thereunder were last approved by shareholders at the 1995 Annual Meeting and, consequently, awards under the existing bonus plan currently do not qualify as performance-based as defined under Section 162(m).

The Bonus Plan is designed to provide for compensation which will, subject to shareholder approval of the Bonus Plan, qualify as performance-based compensation under Section 162(m). In the event that shareholders do not approve the Bonus Plan, no awards will be made under the Bonus Plan, although other incentive awards may, subject to the considerations discussed above under the heading "COMPENSATION OF EXECUTIVE OFFICERS Compensation Committee Report on Executive Compensation" beginning on page 8, be paid in the future at the discretion of the Committee. The Committee retains the discretion to make awards outside of the Bonus Plan, including awards to employees who are eligible to participate in the Bonus Plan and without regard to whether such awards would be deductible under Section 162(m).

The Bonus Plan is substantially similar to the 1995 Management Incentive Compensation Plan discussed above under the heading "COMPENSATION OF EXECUTIVE OFFICERS Compensation Committee Report on Executive Compensation" beginning on page 8 except that the Committee has greater flexibility in determining appropriate performance goals for a performance period under the Bonus Plan.

While benefits, if any, to be paid under the Bonus Plan are not yet determinable, amounts paid for the fiscal year ended November 2, 2003 under the 1995 Management Incentive Compensation Plan for each of Edward P. Campbell, Peter S. Hellman, Donald J. McLane, Mark G. Gacka and Robert A. Dunn, Jr. are shown under the heading "Bonus" in the Summary Compensation Table set forth on page 11 and amounts paid for all executive officers (including the foregoing named executive officers) as a group is set forth in footnote 1 to the Summary Compensation Table on page 11.

If approved by the shareholders, the Bonus Plan will be effective for the fiscal year that began on November 3, 2003 and for each fiscal year thereafter until terminated.

The following summary is a brief description of the material features of the Bonus Plan and is qualified in its entirety by reference to the terms of the Bonus Plan. Shareholders may obtain a copy of the Bonus Plan upon written request to the Secretary of Nordson.

Summary of the Bonus Plan. The objective of the Bonus Plan is to enhance Nordson's ability to attract and retain qualified employees and to provide incentives that motivate employees to achieve challenging strategic and operating objectives. The Bonus Plan will be administered by a subcommittee of the

Table of Contents

Committee constituted in a manner consistent with the outside director standard of Section 162(m) of the Internal Revenue Code and will remain in effect until terminated by the Committee.

For each fiscal year during the term of the Bonus Plan (a Plan Year), the Committee will determine the participants in the Bonus Plan for the Plan Year and establish target levels of cash bonuses, or Incentive Awards, to be awarded to participants upon the achievement by the Company of certain pre-determined performance goals.

Employees of Nordson who are in a position to make significant contributions to the financial success of Nordson will be eligible to participate in the Bonus Plan. Incentive Awards will be based on a percentage of each participant's base salary for the applicable Plan Year, provided that the maximum annual dollar award to any participant will not exceed \$2,000,000.

The method for computing the amount of each Incentive Award that a participant will be paid will be selected by the Committee and stated in terms of an objective formula or standard. The Committee may not increase the amount that will be due in accordance with the formula or standard but will retain discretion under the Bonus Plan to reduce an award at any time before it is paid.

Under the Bonus Plan, the performance goals for a participant for any performance period may be based on any of the following business criteria, either alone or in any combination, and on either a consolidated or business unit level, as the Committee may in each case determine: return on net assets, return on capital employed, economic value added, sales, revenue, earnings per share, operating income, net income, earnings before interest and taxes, return on equity, total shareholder return, market valuation, cash flow, completion of acquisitions, product and market development, inventory management, working capital management and customer satisfaction. The foregoing criteria may be clarified by reasonable definitions adopted by the Committee, which may include or exclude any or all of the following items, as the Committee may specify: extraordinary, unusual or non-recurring items; effects of accounting changes; effects of currency fluctuations; effects of financing activities; expenses for restructuring or productivity initiatives; non-operating items; acquisition expenses; and effects of acquisitions, divestitures or reorganizations. Any of the foregoing criteria may apply to a participant's award opportunity for any period in its entirety or to any designated portion of the award opportunity, as the Committee may specify.

The performance goals that have been established by the Committee for the 2004 Plan Year are based on earnings per share growth and return on capital. Under the Bonus Plan, the Committee may use the same criteria or any one or more of the other criteria described above for awards in future Plan Years.

Following the end of the each Plan Year, the Committee will determine each participant's Incentive Award, if any, based on Nordson's performance against the performance goals for that Plan Year and will certify achievement of those goals prior to payment of any award. Payment of Incentive Awards, if any, will be made, subject to deferral, following the Plan Year in which the Incentive Award was earned.

The Committee can amend the Bonus Plan to the extent necessary to treat the compensation payable pursuant to the Bonus Plan as qualified performance-based compensation exempt from the non-deductible limitation of Section 162(m) of the Internal Revenue Code.

Vote Required to Approve the Bonus Plan. The favorable vote of the holders of a majority of the Common Shares present in person or by proxy at the Annual Meeting is required to approve the Bonus Plan. *Nordson's Board of Directors recommends that shareholders vote FOR approval of the Bonus Plan.*

Table of Contents**INDEPENDENT AUDITORS**

Ernst & Young LLP has been appointed as Nordson's independent auditors for the fiscal year ending October 31, 2004. Ernst & Young LLP or a predecessor has served as Nordson's independent auditors since 1935. A representative of Ernst & Young LLP is expected to be present at the annual meeting. The representative will be given an opportunity to make a statement if desired and to respond to questions regarding Ernst & Young LLP's examination of Nordson's financial statements and records for the fiscal year ended November 2, 2003.

Fees Paid to Ernst & Young LLP

The following table shows the fees paid or accrued by the Company for audit and other services provided by Ernst & Young LLP for the fiscal years ended November 3, 2002 and November 2, 2003:

	FY 2002	FY 2003
Audit Fees (1)	\$595,000	\$641,000
Audit-Related Fees (2)	\$384,000	\$160,000
Tax Fees (3)	\$299,000	\$340,000
All Other Fees (4)		\$ 2,000

(1) Audit services of Ernst & Young LLP consisted of the audit of the annual consolidated financial statements of the Company and the quarterly review of interim financial statements.

(2) Audit-Related Fees generally include fees for statutory, employee benefit plan, business acquisitions, and accounting consultations, and services related to Securities and Exchange Commission registration statements.

(3) Tax Fees generally include fees for tax planning and compliance consulting.

(4) All Other Fees represent fees for employee benefit consulting services.

The Audit Committee's pre-approval policies and procedures are found in the Committee's charter included in this Proxy Statement as Attachment 1 to the Guidelines (Appendix A). Following the effective date of the SEC's final rule Regarding Strengthening the Commission's Requirements Regarding Auditor Independence, all of the audit-related and other services provided by Ernst & Young LLP were pre-approved in accordance with the Audit Committee's policies and procedures.

GENERAL**Voting at the Meeting**

Shareholders of record at the close of business on January 14, 2004 are entitled to vote at the meeting. On that date, a total of 35,094,617 Nordson Common Shares were outstanding. Each share is entitled to one vote.

Voting for directors will be cumulative if any shareholder gives notice in writing to the President, a Vice President or the Secretary of Nordson at least 48 hours before the time set for the meeting and an announcement of the notice is made at the beginning of the meeting by the Chairman or the Secretary, or by or on behalf of the shareholder giving the notice. If cumulative voting is in effect, Nordson's shareholders will be entitled to cast, in the election of directors, a number of votes equal to the product of the number of directors to be elected multiplied by the number of shares that

each shareholder is voting. Nordson's shareholders may cast all of these votes for one nominee or distribute them among several nominees, as they see fit. If cumulative voting is in effect, shares represented by each properly signed proxy card will also be voted on a cumulative basis, with the votes distributed among the nominees in accordance with the judgment of the persons named in the proxy card.

Under Ohio law, directors are elected if they receive the greatest number of votes of shareholders of the corporation present at a meeting at which a quorum is present, and proposals are adopted or approved by the vote of a specified percentage of the voting power of the corporation. Abstentions and broker non-

Table of Contents

votes are tabulated in determining the votes present at a meeting. Consequently, an abstention or a broker non-vote has the same effect as a vote against a proposal or a director nominee, as each abstention or broker non-vote would be one less vote in favor of a proposal or for a director nominee.

If any of the nominees listed on page 2 becomes unable or declines to serve as a director, each properly signed proxy card will be voted for another person recommended by the Board of Directors. However, the Board has no reason to believe that any nominee will be unable or will decline to serve as a director.

The Board of Directors knows of no other matters that will be presented at the meeting other than as described in this Proxy Statement. However, if other matters do properly come before the meeting, the persons named in the proxy card will vote on these matters in accordance with their best judgment.

Shareholder Director Nominations, Proposals and Communications

Any shareholder who wishes to submit a candidate for election as director or a proposal to be considered for inclusion in next year's Proxy Statement should send the nomination or proposal to the Secretary of Nordson for receipt on or before October 2, 2004. A shareholder may nominate a candidate for election as a director at next year's Annual Meeting of the Shareholders provided the shareholder (i) is a shareholder of the Company of record at the time of giving of the notice for the meeting, (ii) is entitled to vote at the meeting in the election of directors, and (iii) has given timely written notice of the nomination to the Secretary. The Governance and Nominating Committee will assess the qualifications of the candidate according to criteria set out in the Governance Guidelines. See Article 1 of the Guidelines and the Governance and Nominating Committee Charter for some of the criteria the Committee will consider in evaluating candidates. Additionally, under Nordson's Regulations, a shareholder must submit a candidate for election as director or a proposal for consideration at next year's Annual Meeting of Shareholders, no earlier than November 19, 2004 and no later than December 19, 2004. For a candidate to be considered for election as a director or for business to be properly requested by a shareholder to be brought before an annual meeting of shareholders, the shareholder must comply with all of the requirements of Nordson's Regulations, not just the timeliness requirements described above.

The Company has established procedures to permit confidential communications by shareholders to the Board of Directors regarding the Company. Shareholders may communicate directly with the Board of Directors by mail at the following address: Mr. Benedict Rosen, Director, c/o Secretary, Nordson Corporation, Attn: Shareholder Communications, 28601 Clemens Road, Westlake, Ohio 44145.

Nordson will bear the expense of preparing, printing and mailing this Notice and Proxy Statement. In addition to requesting proxies by mail, officers and regular employees of Nordson may request proxies by telephone or in person. Nordson will ask custodians, nominees and fiduciaries to send proxy material to beneficial owners in order to obtain voting instructions. Nordson will, upon request, reimburse them for their reasonable expenses for mailing the proxy material.

Nordson's Annual Report to Shareholders, including financial statements for the fiscal year ended November 2, 2003, is being mailed to shareholders of record with this Proxy Statement.

APPENDIX A

NORDSON CORPORATION

GOVERNANCE GUIDELINES

The following Governance Guidelines (Guidelines), along with the charters of the Committees of the Board of Directors, provide the framework for the governance of Nordson Corporation.

1. Composition

The Board of Directors is classified, with two classes of four Directors and one class of five Directors. The number of Directors may be changed by the shareholders or by a vote of the majority of Directors then in office. Directors are elected for three-year terms and the terms of each of the classes expire in consecutive years. Directors may be added to a class and in such case, will hold office for the remainder of the term in office of that class. In the event of a vacancy in the Board of Directors, the Directors then in office may elect a Director to serve the remainder of the term of a Director whose resignation, removal, or death resulted in the vacancy. A majority of the Directors must meet the National Association of Securities Dealers (NASD) standards for independence.

The Board should represent a broad spectrum of individuals with experience who are able to contribute to the success of the Company. To that end, the Board should seek candidates having (a) deep concern for society and a view of the role of a corporation in society which is consistent with the traditional values of the Company, (b) senior operating experience with industrial corporations, and (c) a broad understanding of and direct experience in international business. Consideration of potential new members should include the issues of independence, diversity, and skills necessary to the perceived needs of the Board at a particular time.

The Governance and Nominating Committee of the Board of Directors will arrange for orientation for new directors and Directors will engage in continuing education programs as deemed necessary by the Committee.

2. Meetings

The Board holds an organizational meeting after each Annual Meeting of Shareholders at which time officers are elected. The Annual Meeting and the Organizational Meeting of the Board are held between February 15 and March 15 of each year. Otherwise, the Board may establish regular meetings at such times and places as it may decide. Board of Directors meetings are generally held five times each year in the months of January, March (in conjunction with the Annual Meeting), May, July and October, subject to availability of Directors. Dates are determined in advance. A majority of Directors then in office constitutes a quorum for Board of Directors meetings. Several meetings during each year are preceded or followed by an Audit and/or Compensation Committee Meeting.

The Chairperson of the Board and the Chief Executive Officer (if the Chairperson is not the Chief Executive Officer) will establish the agenda for each Board meeting. Each Director is free to suggest the inclusion of item(s) on the agenda.

Information and data that is important to the Board's understanding of the Company's business will be distributed in writing to the Board before each Board of Directors meeting. Management will make every attempt to see that this material is as brief as possible while still providing the desired information.

3. Meeting Attendance

Directors are expected to attend the Annual Meeting of Shareholders and all Board of Directors meetings and meetings of Committees on which the Director serves. If a Director determines that it is not possible to attend a meeting, the Director is expected to give notice of that fact as early as practicable. If a Director cannot attend a Board meeting due to an inability to be at the site of that meeting but is otherwise able to participate, it may be possible for the Director to participate by telephone if advance arrangements are

Table of Contents

made. Proxy rules require the Company to identify in the Proxy those Directors who did not attend 75% of the scheduled Directors meetings and any meetings of Committees on which the Director serves.

4. *Committees*

The Board may establish an Executive Committee, a Finance Committee, or other committees each consisting of not less than three Directors. Directors are expected to serve on one or more committees and where feasible, to rotate such service among the various committees as members and Chairpersons on a periodic basis. The Board of Directors acting on the recommendation of the Governance and Nominating Committee will determine the appropriate period of service for Committee members and Chairpersons.

Currently, the Board has established four standing committees:

A. **Audit Committee**: The Audit Committee reviews the proposed audit program (including both independent and internal audits) for each fiscal year, the results of these audits, and the adequacy of Nordson's systems of internal accounting control. The Committee also is responsible for (i) the appointment, compensation, and oversight of the independent auditors for each fiscal year, (ii) the approval of all permissible non-audit services to be performed by the independent auditors, (iii) the establishment of procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (iv) the approval of all related-party transactions.

All members of the Audit Committee must meet the NASD standards for independence. Committee members must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Audit Committee will have at least one member who meets the definition of audit committee financial expert as promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934. The role of the audit committee financial expert will be that of assisting the Audit Committee in overseeing the audit process, not auditing the Company.

No member of the Audit Committee may receive any payment from the Company other than payment for services as a Director or member of a Committee of the Board of Directors or be an affiliated person of the Company or any of its subsidiaries. Audit Committee members will inform the Chairman of the Committee and Chief Executive Officer prior to or upon accepting an audit committee appointment of another board of directors. See Attachment 1 to these Guidelines for the Audit Committee Charter.

B. **Compensation Committee**: The Compensation Committee of the Board of Directors is responsible for approving executive officer compensation and for administering the incentive and equity participation plans which make up the variable compensation paid to executive officers. The Compensation Committee also administers employee stock plans and other benefit plans. All members of the Compensation Committee must meet the NASD standards for independence. See Attachment 2 to these Guidelines for the Compensation Committee Charter.

C. **Governance and Nominating Committee**: The purpose of the Governance and Nominating Committee is to ensure that the Board of Directors and its committees are appropriately constituted so that the Board and directors may effectively meet their fiduciary obligations to shareholders and the Company. To accomplish this purpose, the Governance and Nominating Committee shall:

- (a) Identify individuals qualified to become Board members and recommend to the Board the director nominees for the next annual meeting of shareholders and candidates to fill vacancies in the Board;
- (b) Recommend to the Board annually the directors to be appointed to Board committees;

- (c) Annually review and, when warranted, adjust Director and Committee member compensation;
- (d) Monitor and evaluate annually how effectively the Board and the Company have implemented the policies and principles of these Guidelines; and
- (e) Adopt revisions to the Guidelines where revisions are warranted based upon the annual evaluation and recommend revisions to the Board of Directors for approval.

A-2

Table of Contents

All members of the Governance and Nominating Committee must meet the NASD standards for independence. See Attachment 3 to these Guidelines for the Governance and Nominating Committee Charter.

D. Pension and Finance Committee: The Pension and Finance Committee is responsible for providing oversight of the named fiduciaries (the Company and the Company's Administrative Committee for Qualified Retirement Plans) administration of the Nordson Corporation Salaried and Hourly-Rated Employees Savings Trust (NEST) and Salaried and Hourly-Rated Employees Pension Plans (the Plans), including oversight of the Company's and Administrative Committee's selection and evaluation of the performance of investment managers (as that term is defined in Section 3(38) of ERISA) having investment management authority over the assets, or portion thereof, of the NEST and the Plans. A more detailed discussion of the purposes, duties and responsibilities of the Pension and Finance Committee are found in the Committee charter included in this Proxy Statement as Attachment 4 to the Guidelines.

In addition to these Standing Committees, the Executive Committee acts to make necessary decisions between periodic Directors' meetings. This Committee may exercise all powers of the Board in managing and controlling the business of the Company except declaring dividends, electing officers or filling vacancies among the Directors or in any committee of the Directors. The Executive Committee shall report on all of its activities to the Board at the next Board meeting where its actions are subject to revision or alteration. Directors who do not serve as members of the Executive Committee and who are able to attend meetings of the Executive Committee are welcome to attend and are entitled to vote.

Each Committee of the Board of Directors is authorized to retain its own counsel and other advisors, at Company expense, if and to the extent necessary to carry out its responsibilities.

5. *Retirement*

The Board of Directors has adopted a mandatory retirement policy. Under this policy, a Director, other than those Directors who were age 75 on July 27, 2001, is expected to retire at the conclusion of the Directors meeting immediately prior to the Director's 75th birthday.

6. *Change in Status*

The Board of Directors has determined that a change in employment status should not affect a Director's status as a member of the Board unless the change in employment status creates a conflict of interest or prevents a Director from performing his or her duties as a Director. A Director whose employment status has changed is to inform the Chairperson of the Governance and Nominating Committee and the Chief Executive Officer of the change in status.

7. *Membership on Other Boards*

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and avoid actual or potential conflicts of interest that may arise from serving on other boards of directors. To that end, each Director has the responsibility to inform the Chairperson of the Governance and Nominating Committee and the Chief Executive Officer prior to accepting invitations to serve as a director on other boards of directors.

8. *Presiding Director*

The non-executive Chairperson of the Board (or the Chairperson of the Compensation Committee if the Chairperson of the Board is not an independent Director) will serve in the capacity of Presiding Director for purposes of chairing regularly scheduled meetings of independent Directors or for other responsibilities that the independent Directors as a

whole might designate from time to time.

Table of Contents

9. *Executive Sessions of Independent Directors*

The independent Directors of the Board will meet in Executive Session no less than two (2) times a year.

10. *Assessing Board and Committee Performance*

Under the auspices of the Governance and Nominating Committee, members of the Board of Directors will conduct an annual self-assessment of the effectiveness of the Board. Each Standing Committee of the Board also conducts a self-assessment. The annual self-assessment review process should consider, among other matters, meeting agenda items and presentations, advance distribution of meeting materials, interim communication to Directors, access to and communications with senior management, and the Board's and each Committee's contribution as a whole with consideration to areas in which the Directors believe a better contribution could be made.

11. *Evaluation of the Chief Executive Officer*

The independent Directors will conduct an annual evaluation of the Chief Executive Officer, which evaluation should be communicated to the Chief Executive Officer by the Presiding Director and the Chairperson of the Compensation Committee (or another member of the Presiding Director's choosing if the Presiding Director is the Chairperson of the Compensation Committee).

To facilitate the evaluation, the Chief Executive Officer will prepare a listing of a few of the priorities that need attention during the fiscal year. The evaluation should consider aspects of corporate performance such as progress toward meeting goals and the capacity of the Company to do so in the future. The evaluation should use a combination of objective and subjective criteria.

The evaluation will be considered by the Compensation Committee in the course of its deliberations when establishing the Chief Executive Officer's compensation.

12. *Succession Planning/ Management Development*

At least every other year, the Chief Executive Officer shall report to the Board on succession planning and the Company's program for management development.

There should also be available, on a continuing basis, the Chief Executive Officer's recommendation as to his/her successor should he/she be unexpectedly disabled and be unable to carry on his/her duties as Chief Executive Officer.

13. *Board Access to Senior Management and Independent Advisors*

Directors have complete access to Nordson's management. Each Director has the responsibility to inform the Chief Executive Officer of the nature of communications with management and to provide copies of any written communication to the Chief Executive Officer.

The Board encourages management to bring managers into Board meetings who (a) can provide additional insight into the items being discussed because of personal involvement in these areas and/or (b) represent managers with future potential that management believes should be given exposure to the Board.

The Board, at its discretion, may engage and consult with independent advisors to assist the Board in carrying out its oversight responsibilities.

14. Board Interaction with Institutional Investors

The Board believes that the management speaks for Nordson and it is inappropriate for individual Directors to communicate separately to investors except with the full knowledge and at the request of management. Directors who receive inquiries should direct the investor to the Chief Financial Officer.

A-4

Table of Contents

15. Director Compensation

The Chief Executive Officer will report annually to the Governance and Nomination Committee on the status of Board of Directors compensation in relation to a peer group of U.S. manufacturing companies. The Governance and Nomination Committee is authorized to establish reasonable compensation for Directors and/or a reasonable fee for attendance at any meeting of the Directors. A Director who is a full-time employee of the Company does not receive compensation for his or her services as a Director.

The Chairperson of the Board of Directors, other independent Directors and Committee chairpersons receive an annual retainer and per meeting remuneration for each Board and Committee meeting attended. Each independent Director is eligible to receive an option for Nordson Corporation Common Shares under the Company's 1993 Long-Term Performance Plan.

Travel expenses incurred in attending all meetings are reimbursed. Air travel is based on round-trip actual airfare from the Director's home to meeting locations. A Director is encouraged to select the class of travel commensurate with the situation, such as first class for long trips. Other expenses, such as hotels, meals, local transportation and similar expenses are also reimbursed.

The Committee shall keep minutes of its proceedings that shall be signed by the person whom the Chairman designates to act as secretary of the meeting.
