**PROXY STATEMENT**

**Annual Meeting of Shareholders to be held on July 28, 2004**

The Proxy enclosed with this Proxy Statement is solicited by the Board of Directors of Agilysys, Inc. (the "Company"), and is to be used at the Annual Meeting of Shareholders (the "Annual Meeting") to be held on July 28, 2004, and any adjournments thereof. The time, place and purposes of the Annual Meeting are stated in the Notice of Annual Meeting of Shareholders which accompanies this Proxy Statement. Without affecting any vote previously taken, a shareholder may revoke his, her or its Proxy by giving notice to the Company in writing at any time before its exercise or in open meeting. Unless so revoked, shares represented by a valid Proxy (in the form enclosed and properly signed) received in time for voting will be voted in accordance with the directions contained therein.

The holders of Common Shares of the Company (the only class of shares outstanding) will be entitled to vote at the Annual Meeting. At the close of business on June 17, 2004, the date fixed for the determination of persons entitled to vote, there were 32,194,156 Common Shares outstanding and entitled to vote at the Annual Meeting, each share being entitled to one vote. Under Ohio law and the Company's Amended Code of Regulations, if a quorum is present at the Annual Meeting, the three nominees for election as Directors who receive the greatest number of votes cast for the election of Directors at the Annual Meeting by the Common Shares present in person or represented by proxy and entitled to vote will be elected as Directors ( "Proposal 1"). The proposal to amend the Company's Amended Code of Regulations ( "Proposal 2") must be approved by the affirmative vote of the holders of record of at least two-thirds of the Common Shares. The affirmative vote of the holders of a majority of the Common Shares present in person or represented by proxy and entitled to vote is required to authorize, approve and adopt the proposed Amended and Restated Agilysys 2000 Stock Incentive Plan ( "Proposal 3"). Votes that are withheld with respect to the election of Directors will not be counted in determining the outcome of the election. An abstention from voting any share with respect to Proposal 2 will have the practical effect of a vote against such proposal. An abstention from voting any share present in person or represented by proxy will have the practical effect of a vote against Proposal 3.

If notice is given in writing by any shareholder to the Chief Executive Officer, an Executive Vice President or the Secretary of the Company not less than 48 hours before the time fixed for holding the Annual Meeting that he, she or it desires the voting for the election of Directors to be cumulative, an announcement of the giving of such notice shall be made upon the convening of the Annual Meeting by the Chairman or Secretary or may be made by or on behalf of the shareholder giving such notice. Cumulative voting permits each shareholder to cumulate his or her voting power at such election by giving one nominee as many votes as equals the product of the number of Directors to be elected multiplied by the number of that shareholder's Common Shares, or by distributing his or her votes on the same principle among two or more nominees, as the shareholder desires.

**Table of Contents****PROPOSAL 1****ELECTION OF DIRECTORS**

At this Annual Meeting, three Class A Directors are to be elected for a three-year term ending at the Annual Meeting in 2007. The Board of Directors' nominees for election are Keith M. Kolerus, Robert A. Lauer and Robert G. McCreary, III. Messrs. Kolerus, Lauer and McCreary currently serve as Directors of the Company.

The proxyholders named in the accompanying Proxy or their substitutes will vote such Proxy at the Annual Meeting or any adjournments thereof for the election of the three nominees named above as Directors, unless the shareholder instructs by marking the appropriate space on the Proxy that authority to vote is withheld. If cumulative voting is in effect, the proxyholders shall have full discretion and authority to vote for any one or more of such nominees. In the event of cumulative voting, the proxyholders can vote the shares represented by each Proxy so as to maximize the number of Board of Directors' nominees elected to the Board. Each of the nominees has indicated such nominee's willingness to serve as a Director, if elected. If any nominee should become unavailable for election (which contingency is not now contemplated or foreseen), it is intended that the shares represented by the Proxy will be voted for such substitute nominee as may be named by the Board of Directors. In no event will the accompanying Proxy be voted for more than three nominees or for persons other than those named above and any such substitute nominee for any of them.

The following table shows, with respect to each of the nominees for election and the other Directors whose terms will continue after the Annual Meeting: such person's principal occupation for the past five years and such person's directorships in other publicly-held corporations; the year during which such person's service as a Director commenced or will commence; such person's age; and the expiration date of such person's term or the term for which such person is a nominee.

*Audit Committee.* The Audit Committee, which held three meetings during the last fiscal year, reviews with the Company's independent auditors the proposed scope of the Company's annual audits and audit results, reviews the adequacy of internal financial controls, reviews internal audit functions, provides recommendations as to the engagement of independent auditors and reviews any concerns identified by either the internal or external audit functions. The Board of Directors has determined that all audit committee members are financially literate under the current Nasdaq listing standards. The Board has also determined that Thomas A. Commes qualifies as an audit committee financial expert under the rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002. In January, 2004, the Board adopted the Amended and

Restated Charter of the Audit Committee attached as Appendix A. The Amended and Restated Charter is also available on the Company's website at [www.agilysys.com](http://www.agilysys.com).

*Compensation Committee.* The Compensation Committee reviews and makes recommendations concerning executive officers' employment agreements and the Company's benefit plans and programs. It also reviews and determines the Company's executive compensation philosophy and determines the individual elements of total compensation for the Chief Executive Officer and other executive officers on an annual basis. The Compensation Committee held eight meetings during the last fiscal year. The Compensation Committee has a written charter which is available on the Company's website at [www.agilysys.com](http://www.agilysys.com).

*Nominating and Corporate Governance Committee.* The Nominating and Corporate Governance Committee was created by the Board in April, 2003, and had two meetings during the last fiscal year. The Nominating and Corporate Governance Committee assists the Board in the identification and nomination of qualified individuals for election to the Board, assessment and evaluation of Board effectiveness, and establishment, implementation and oversight of the Company's governance programs and policies. The Nominating and Corporate Governance Committee has a written charter which is available on the Company's website at [www.agilysys.com](http://www.agilysys.com).

**MEETINGS OF BOARD OF DIRECTORS AND ATTENDANCE AT ANNUAL MEETING**

The Board of Directors held five meetings during the last fiscal year. During the fiscal year, no Director attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period he served as a Director and (ii) the total number of meetings held by Committees of the Board on which he served, during the periods that he served. Independent Directors meet regularly in executive session at each Board meeting. Such executive sessions are chaired, on a rotating basis, by the Chairmen of the Audit, Compensation, and Nominating and Corporate Governance Committees.

It is the policy of the Board that all of its members attend the Annual Meeting of Shareholders absent exceptional cause. All of the Directors were in attendance at the July, 2003 Annual Meeting.

**COMPENSATION OF BOARD OF DIRECTORS**

During fiscal year 2004, Directors received compensation as follows: Non-employee Directors of the Company received an annual fee of \$20,000 and \$1,000 for each Board or Committee meeting attended during the last fiscal year. In addition, such Directors received \$1,000 for each Board or Committee telephonic meeting in which they participated during fiscal year 2004. In the event that more than one Board or Committee meeting was held on the same day, the Directors involved received \$500 for each meeting following the initial meeting attended. The Chairmen of the Audit, Compensation, and Nominating and Corporate Governance Committee each received an annual fee of \$4,000 in addition to any fees he received as a Committee member.

In April, 2004, the Board revised the Director compensation structure as follows: Beginning with the 2004 Annual Meeting, independent Board members will receive an annual retainer of \$30,000. Independent Board members of the Audit, Nominating and Corporate Governance, and Compensation Committees will be paid an additional \$15,000 per year. Chairs of the Compensation and Nominating and Corporate Governance Committee will be paid an additional \$10,000 per year, and the Chairman of the Audit Committee will be paid an additional \$15,000 per year. No fees will be paid for Board or Committee meeting attendance.

**Table of Contents**

In addition, on the date of each Annual Meeting of Shareholders, each outside Director also receives an option to purchase 7,500 Common Shares. Such option has an exercise price equal to the fair market value of a Common Share on the date of grant, becomes exercisable in full on the date of grant, and expires ten years from the date of grant, unless the Director's services are earlier terminated.

The Company also provides a Deferred Compensation Plan for its outside Directors. The Plan provides that a Director may elect, no later than 15 days prior to the start of a fiscal year, to defer all or a part of such Director's compensation for the following year, which deferral will continue until the election is revoked. Deferred compensation is credited to a Director's account, at the Director's option, as a cash allotment or stock allotment. Amounts deferred as a cash allotment bear interest at the National City Bank prime interest rate. Amounts deferred as a stock allotment are credited to the Director's account as the stock equivalent of the number of Common Shares that could be purchased with the dollar amount of the allotment at the last sales price of the Common Shares on the last trading day of the applicable quarter. Distributions of the final account balance in a Director's account are payable in cash in five equal annual installments, or such other distribution schedule requested by the Director which is acceptable to the Company, commencing six months after the date on which the person ceases to be a Director or the date on which the Director elects to terminate participation in the Plan. The final account balance of stock allotments is the cash amount equal to a Director's aggregate stock equivalents multiplied by the last sales price of such shares on Nasdaq on the nearest trading day preceding such Director's termination of participation in the Plan, subject to adjustment thereafter to reflect the market price of such shares on the last day of each fiscal quarter, until distributions are fully paid. The Plan also provides for various payment terms to beneficiaries in the event of the Director's death.

**CORPORATE GOVERNANCE**

The Company's Board of Directors and management have consistently adhered to the highest standards of corporate governance. These standards are designed to ensure that the Board fulfills its responsibility to shareholders by offering informed, competent and independent oversight of the Company. In light of the enactment of the Sarbanes-Oxley Act (the "Act"), the adoption of rules by the Securities Exchange Commission pursuant to the Act, and the new listing standards adopted by the stock exchanges, Company management and the Board have devoted considerable attention over the past year to reviewing, updating and enhancing the Company's governance policies and practices.

**Corporate Governance Guidelines**

In January, 2004 the Board of Directors adopted Corporate Governance Guidelines formulated and approved by the Nominating and Corporate Governance Committee. The Corporate Governance Guidelines provide a sound framework to assist the Board in fulfilling its responsibilities to shareholders. Under these Guidelines, the Board exercises its oversight functions by electing qualified and competent officers, and by monitoring the performance of the Company. The Guidelines provide for the Board and its Committees to exercise oversight in the areas of CEO and executive compensation, director nomination, corporate governance, succession planning, financial reporting, internal controls, and strategic and operational issues. The Guidelines also set forth Board policy on composition of the Board, including director independence and qualifications for Board candidates. A complete copy of the Guidelines is available on the Company's website at [www.agilysys.com](http://www.agilysys.com).

## **Table of Contents**

### **Independence**

It is the policy of the Board that a substantial majority of its members should be independent. Upon the review and recommendation of the Nominating and Corporate Governance Committee, the Board has determined that all members of the Audit, Compensation and Nominating and Corporate Governance Committees are independent in accordance with SEC regulations and applicable stock exchange listing standards, and that the members of these Committees have no direct or indirect material relationships with the Corporation other than their position as Directors. The Board has further determined that all members of the Audit Committee satisfy the additional independence requirements for audit committee membership.

### **Code of Ethics**

The Company has adopted a Code of Business Conduct applicable to all directors, officers and employees of the Company. In addition, the Company has adopted a Code of Ethics for Senior Financial Executives, applicable to the Chief Executive Officer, Chief Financial Officer and Controller of the Company, and any person performing a similar function. The Code of Business Conduct and the Code of Ethics for Senior Financial Executives are available on the Company's website at [www.agilysys.com](http://www.agilysys.com). The Company has instituted a hotline, managed by an independent third party, that gives all employees a mechanism to anonymously report violations of the Code of Business Conduct or the Code of Ethics for Senior Financial Executives.

### **Nomination of Directors**

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of, and recommending to the Board of Directors, individuals to be nominated for membership on the Board of Directors. In evaluating and determining whether to nominate a candidate for a position on the Company's Board, the Committee considers the criteria outlined in the Company's Corporate Governance Guidelines for the composition of the Board and the qualifications of members.

The Nominating and Corporate Governance Committee will consider shareholder recommendations for nominees for membership on the Board of Directors. Such recommendations may be submitted in writing to the attention of the Chairman of the Nominating and Corporate Governance Committee, at the Company's headquarters address. Any such recommendation must include:

The name and address of the candidate;

A brief biographical description, including his or her occupation for at least the last ten years, and a statement of the qualifications of the candidate; and

The candidate's signed consent to serve as a director if elected and to be named in the proxy statement.

The Committee may request additional information from such candidate to assist in its evaluation. The Committee will evaluate any shareholder recommended nominees using the criteria set forth in the Company's Corporate Governance Guidelines, and in the same manner as it evaluates candidates recommended by other sources.

### **Shareholder Communication with Directors**

Shareholders and others who wish to communicate with the Board of Directors as a whole, or with any independent Directors, may do so by submitting such communication in writing to such Director(s) in care of the Company at its headquarters address. The Company's general counsel will forward the communication to the Director(s) in accordance with such Director's instructions.

Threshold for payout is 80% of target, which would result in a payout of 50%, and maximum level of attainment is 120% or more of target, which would result in a payout of 150%.

**Supplemental Executive Retirement Plan**

The Supplemental Executive Retirement Plan was established during fiscal year 2000 to provide cash retirement benefits, in an annual amount not to exceed 50% of final average earnings, to a select group of key management employees. This amount is reduced by other Company funded retirement benefits.

The following table shows the annual retirement benefit under the Supplemental Executive Retirement Plan for employees in the compensation ranges specified, under various assumptions with respect to average annual compensation and years of benefit service. Because the reductions for other Company-funded retirement benefits would vary by individual, the table assumes no such reduction.

the final five (5) years of service under the Plan. This annual amount is reduced by other Company-funded retirement benefits including the Company-funded portion of the participant's Social Security benefit. The covered compensation utilized by the Plan is essentially the same (base salary plus annual incentive earned during the fiscal year) as is reported on the Summary Compensation Table.

(3) Benefit amounts are calculated on a life annuity basis. An actuarial adjustment is made for payment in other forms.

With respect to the Executive Officers listed in the Summary Compensation Table and participating in the Plan as of June 1, 2004, Mr. Rhein has 22 years of benefit service, Mr. Billick has 4 years of benefit service, Mr. Bailey has 27 years of benefit service, and Mr. Coleman has 31 years of benefit service.

**Employment Agreements**

*2003 Employment Agreement with Mr. Rhein.* Mr. Rhein entered into a new Employment Agreement with the Company effective April 1, 2003 (the "2003 Employment Agreement"), which replaced his 2002 Employment Agreement with the Company. The 2003 Employment Agreement has a three year term. The 2003 Employment Agreement provides for an annual salary of \$625,000 for Mr. Rhein (unchanged from fiscal year 2002). Mr. Rhein is also eligible to participate in the Company's Annual Incentive Plan under his 2003 Employment Agreement, which provides for a cash incentive at a target equal to 100% of Mr. Rhein's annual salary and with a potential range of 0% to a maximum of 250% of his annual salary. The 2003 Employment Agreement also provides for Mr. Rhein to participate in the benefit plans and programs in which the Company's other executive officers generally are eligible to participate, to payment of an automobile and financial planning allowance, to reimbursement of club membership fees and dues, to receive life insurance protection in an amount not less than 200% of his prior year's earnings, and to receive director's and officer's liability insurance protection.

Mr. Rhein is entitled to certain payments and benefits under the 2003 Employment Agreement if his employment with the Company is terminated under certain circumstances. In the event of Mr. Rhein's discharge other than for disability or cause, or Mr. Rhein's voluntary resignation during the one year period following a change in control of the Company, or his termination is by the Company other than for disability or cause, or by Mr. Rhein for a good reason, within a window period prior to an anticipated change in control, Mr. Rhein is entitled to receive under his 2003 Employment Agreement an amount equal to three times his current base salary plus target annual cash incentive, payable in one payment within 30 days of such termination. In addition, Mr. Rhein is entitled to receive payment of a cash incentive award under the 2000 Annual Incentive Plan (or its successor) for the current year, pro rated through the date of his termination of employment. For three years following such termination, Mr. Rhein is also entitled to the continued perquisites and participation in the Company's benefit plans in which he was participating at the time of his termination of employment or the economic equivalent thereof.

Change in control is defined in the 2003 Employment Agreement as a change in control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, including (i) the acquisition by a person of beneficial ownership, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding securities, or (ii) in the event that, during any period of 12 consecutive months, individuals who were Directors of the Company at the beginning of the period, and for whom Mr. Rhein voted as a shareholder, cease for any reason to constitute at least a majority of the Board of Directors. The 2003 Employment Agreement defines "change in control" to include, in addition to the

**Table of Contents**

foregoing, the event that, at any time during the one year period following the first day on which Mr. Rhein holds the title of Chief Executive Officer, such title is revoked or his duties or obligations are materially inconsistent with the duties or obligations of the Chief Executive Officer of the Company, unless such revocation or assignment is due to his disability, death, termination of employment for cause, or voluntary termination without a good reason. Cause is defined in the 2003 Employment Agreement to mean that termination of Mr. Rhein's employment shall have been the result of (a) his commission (evidenced by a conviction or written, voluntary and freely given confession) of a criminal act constituting a felony involving fraud or moral turpitude; (b) his commission of a material breach or material default of any of his agreements or obligations under any provision of the agreement which is not substantially cured within 90 days after the Board of Directors gives written notice of such breach or default to Mr. Rhein; (c) his commission, when carrying out his duties under the agreement, of acts or the omission of any act which constitutes willful misconduct or which constitutes gross negligence and results in material economic harm to the Company or has a materially adverse effect on the Company's operations, properties or business relationships; or (d) his substantial and continued failure or refusal to perform under the agreement which Mr. Rhein fails to remedy within 90 days after his receipt of written notice from the Board of Directors.

In the event of discharge without cause or voluntary termination for a good reason, Mr. Rhein is entitled to receive, during the one year period following the date of his termination of employment, regular payment of his annual base salary and payment, in equal monthly amounts, of his target annual cash incentive under the 2000 Annual Incentive Plan (or its successor) for the year in which his termination of employment occurred, and within 30 days of the end of such one year period, a single sum payment equal to his annual base salary plus his target annual cash incentive for the year in which his termination of employment occurred. Mr. Rhein will also be entitled to receive payment of a target annual cash incentive award under the 2000 Annual Incentive Plan (or its successor) for the current year, pro rated through the date of his termination of employment. For two years following such termination, Mr. Rhein is also entitled to continued receipt of perquisites and participation in the Company's benefit plans in which he was participating at the time of his termination of employment or the economic equivalent thereof. Good reason is defined in the 2003 Employment Agreement generally to mean the occurrence of (a) any reduction in Mr. Rhein's title or position or change in his reporting relationship; (b) a material reduction in Mr. Rhein's duties or responsibilities; (c) any reduction in Mr. Rhein's compensation or elimination of his participation in any benefit plan, program or arrangement, or material reduction or restriction of benefits payable to Mr. Rhein under any such plan, program or arrangement or Mr. Rhein's perquisites, except where either (i) such reduction, restriction, elimination or other change is both generally applicable to all members of senior management and does not reduce either Mr. Rhein's annual salary or target annual cash incentive, or (ii) such reduction, restriction, elimination or other change is merely the result of application of a formula measuring individual or corporate performance or both; (d) a material breach or material default by the Company or its successor of any of its agreements or obligations under any provision of the Agreement, unless such breach or default is substantially cured within a reasonable period of time (defined as ten days for simple non-payment of an agreed amount without any related issues and 90 days in all other cases) after written notice advising the Company or its successor of the acts or omissions constituting such breach or default has been received by the Company; (e) any relocation of Mr. Rhein's principal place of work with the Company or its successor to a location that exceeds by 50 miles the distance from the location of his residence at the time of such relocation to the headquarters of the Company as of the date of the Agreement; or (f) the failure of the Company to obtain an agreement from any successor to the Company to assume the Company's obligations under the Agreement.

**Table of Contents**

In the event of Mr. Rhein's termination of employment due to his retirement, disability or death, the 2003 Employment Agreement provides for, in addition to any benefits to which Mr. Rhein may be entitled under the Company's employee benefit plans, the payment of a cash incentive under the 2000 Annual Incentive Plan (or its successor) for the current year, pro rated through the date of his termination of employment; continuation of director's and officer's liability insurance coverage until the day after the last date of the applicable statute of limitations for Mr. Rhein's alleged wrongful acts; and except in the case of Mr. Rhein's termination of employment due to his death, continued life insurance protection for Mr. Rhein and medical insurance coverage for Mr. Rhein, his spouse and dependents until Mr. Rhein attains age 65.

The 2003 Employment Agreement also contains provisions regarding confidentiality and, except upon voluntary termination (not for cause) or involuntary termination within one year after a change in control, non-competition and non-interference (for two years following termination of employment).

Upon either voluntary termination without a good reason or termination for cause, Mr. Rhein would not be entitled to further remuneration payments under his 2003 Employment Agreement.

If a new agreement is not entered into within sixty days following the end of the three year term of the 2003 Employment Agreement, Mr. Rhein may resign within a sixty day window period and receive the benefits described above which are repayable in connection with a discharge of Mr. Rhein without cause or his voluntary termination for a good reason. Furthermore, if a new agreement is not entered into as described above, Mr. Rhein shall be entitled to the same benefits as described in the preceding sentence in connection with his discharge by the Company without cause during the one hundred and twenty day period following the end of the three year term.

Mr. Rhein's 2003 Employment Agreement provides that, if any payment received by Mr. Rhein in connection with a change in control of the Company is deemed a parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an excess parachute payment within the meaning of Section 280G(b), Mr. Rhein will be entitled to a cash payment in an amount equal to the 20% excise tax, if any, payable by Mr. Rhein pursuant to the provisions of Section 4999, which amount will be increased by an aggregate of the amount of any federal, state and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment. Mr. Rhein's 2003 Employment Agreement also provides for payment by the Company of up to \$500,000 of legal fees incurred by Mr. Rhein in the event that, following a change in control, Mr. Rhein may be caused to institute or defend proceedings to enforce his rights under the 2003 Employment Agreement.

Had a change in control and termination of employment occurred on June 1, Mr. Rhein would have received \$4,050,000 under his 2003 Employment Agreement (three times his current annual base salary plus target annual cash incentive). In addition, all stock options granted to Mr. Rhein and certain other benefits, to the extent not already vested, would have become immediately vested. To the extent that any of the above or other compensation would be considered an excess parachute payment under Section 4999 subject to the 20% excise tax, the Company would be obligated to reimburse Mr. Rhein for such tax plus any additional excise tax thereon, plus all federal, state and local income taxes on the excise tax reimbursements at a combined assumed rate of forty-seven percent (47%), all or part of which may not be tax deductible by the Company as an ordinary and necessary business expense. These payments might have the effect of discouraging any possible acquisition or hostile takeover of the Company. However, depending on the facts and circumstances at the time of an actual change in control, the payments due to Mr. Rhein may be materially larger or smaller, and may include additional benefits and payments under other employee benefit plans, programs, perquisites or arrangements of the Company not considered in the above analysis.

*2000 Employment Agreement with Mr. Billick.* The Company entered into an Employment Agreement with Mr. Billick effective April 1, 2000 (the 2000 Employment Agreement ). The 2000 Employment Agreement for Mr. Billick initially provided for a monthly base salary of \$25,000. Effective April 1, 2002, Mr. Billick s 2000 Employment Agreement was amended, as described below.

The 2000 Employment Agreement for Mr. Billick has a term of one year, renewable automatically for successive one-year terms unless terminated by either the Company or Mr. Billick pursuant to the provisions of Mr. Billick s 2000 Employment Agreement. Under his 2000 Employment Agreement, Mr. Billick is entitled to receive fringe and other benefits to which executive officers of the Company are generally entitled, including participation in the Company s Retirement Plan and Benefit Equalization Plan, and health, life, disability and accidental death and dismemberment insurance coverage. Also, Mr. Billick is eligible to participate in the Company s existing and successor option plans, with any grants under such plans to be at the discretion of the Compensation Committee, and in the Company s 2000 Annual Incentive Plan. Mr. Billick s 2000 Employment Agreement also entitled him to participate in the Company s Supplemental Executive Retirement Plan.

Mr. Billick will be entitled to certain payments and benefits under his 2000 Employment Agreement if his employment with the Company is terminated under certain circumstances. In the event of discharge or voluntary resignation during the one-year period following a change in control (or, in certain circumstances, in the event of discharge during a limited period before an anticipated change in control) of the Company (as defined below), Mr. Billick is entitled to receive under his 2000 Employment Agreement his base salary through the end of the month in which his termination of employment occurs, plus an amount equal to 12 times his current monthly base salary payable in one payment immediately upon such termination. In addition, Mr. Billick is entitled to immediate payment of a cash incentive based upon his cash incentive under the 2000 annual Incentive Plan for the preceding year, pro rated for the current year, plus an amount equal to his cash incentive under the 2000 Annual Incentive Plan (or any predecessor annual incentive plan or arrangement) for the preceding year. For one year following such termination, Mr. Billick is entitled to all benefits and service credits for benefits under all employee benefit plans, programs or arrangements of the Company on the same basis as provided immediately prior to his termination. Change in control is defined in the 2000 Employment Agreements as a change in control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, including (i) the acquisition by any person of beneficial ownership, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company s then outstanding securities or (ii) the event that, during any period of 12 consecutive months, individuals who were Directors of the Company at the beginning of the period, and for whom such officers voted as a shareholder, cease for any reason to constitute at least a majority of the Board of Directors.

In the event of discharge without cause or voluntary resignation for a good reason, Mr. Billick is entitled to receive his base salary for the month in which his termination of employment occurs, plus a cash incentive calculated on the basis of his cash incentive under the 2000 Annual Incentive Plan (or any predecessor annual incentive plan or arrangement) for the immediately preceding fiscal year, pro rated for the then current fiscal year through his date of termination, plus a monthly payment, for the 12 months following such termination of employment, of an amount equal to 1/12<sup>th</sup> of the sum of 12 times his current monthly base salary plus an amount equal to his cash incentive under the 2000 Annual Incentive Plan (or any predecessor annual incentive plan or arrangement) for the previously completed fiscal year. For the 12 months following such termination, Mr. Billick also is entitled to all benefits and service credits for benefits under all employee benefit plans, programs or arrangements of the Company on the same basis as provided immediately prior to termination, or the economic equivalent thereof. Amounts payable to Mr. Billick as a result of termination by

the Company without cause or voluntary resignation for a good reason will be reduced by any amounts which Mr. Billick actually receives from another employer during the 12 month period following the date of any such termination, and any benefits payable to Mr. Billick by reason of any welfare benefit plan of the Company or perquisites will be reduced to the extent comparable benefits or perquisites (or the cash equivalent thereof) are actually received by Mr. Billick from another employer during such period.

The 2000 Employment Agreement also contains certain restrictive covenants, including a confidentiality provision, which survive such agreements indefinitely, and non-competition and non-interference provisions, which extend two years after a termination of employment, unless such termination occurs within one year following a change in control, in which case such provisions terminate upon such termination of employment. All obligations of the Company to make any payments or provide any benefits following termination of employment under the 2000 Employment Agreement cease upon a breach of such restrictive covenants.

Upon either voluntary termination without good reason or termination for cause, Mr. Billick will not be entitled to further remuneration payments under his 2000 Employment Agreement. The 2000 Employment Agreement also prohibits Mr. Billick from competing with the Company or interfering with the Company's relationships with its customers and employees if Mr. Billick's employment with the Company is terminated for any reason other than in connection with a change in control, and the breach of any such prohibitions by Mr. Billick will result in the termination of payments by the Company to Mr. Billick under his 2000 Employment Agreement.

Mr. Billick's 2000 Employment Agreement also provides that, if any payment received by Mr. Billick in connection with a change in control of the Company is deemed a "parachute payment" under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an "excess parachute payment" within the meaning of Section 280G(b), Mr. Billick will be entitled to a cash payment in an amount equal to the 20% excise tax, if any, payable by Mr. Billick pursuant to the provisions of Section 4999, which amount will be increased by the aggregate of the amount of any federal, state, and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment. The 2000 Employment Agreement also provides for payment by the Company of up to \$500,000 of legal fees incurred by Mr. Billick in the event that, following a change in control, Mr. Billick may be caused to institute or defend proceedings to enforce his rights under his 2000 Employment Agreement.

*Amendment to Mr. Billick's 2000 Employment Agreement.* Effective April 1, 2002, Mr. Billick's 2000 Employment Agreement was amended. Under the amendment, Mr. Billick relinquished his right to receive severance payments upon his voluntary termination of employment following a change in control (a "single trigger" right to payment), and accepted a right to such payment in connection with a change in control only upon his discharge without cause or voluntary termination for a good reason (a "double trigger" right to payment). Mr. Billick also waived his right to participate in the Company's 2000 Annual Incentive Plan or successors. In exchange, Mr. Billick's Employment Agreement was amended to provide that such a severance payment would be for two years rather than one. Noncompetition and noninterference protections for the Company also were extended from one to two years.

*Non-Competition Agreements and Change of Control Agreements.* On February 25, 2000, the Company entered into non-competition agreements and change of control agreements with Messrs. Bailey and Coleman. Under the non-competition agreements, in the event the Company terminates such executive's employment without cause, such executive is entitled to his monthly base salary, target incentive and benefit coverage for twelve months following such termination. In the event such executive's employment is terminated for cause or he voluntarily resigns his position, the Company has no obligations for such payments or benefits coverage under the non-competition agreement. If either of Messrs. Bailey or Coleman is terminated for cause or

**Table of Contents**

voluntarily terminates his employment, such executive is prohibited under the non-competition agreement for the two-year period following any such termination (the Noncompetition Period ) from being employed by, owning, operating or similar involvement, directly or indirectly, with any business that competes with the Company in the distribution of electronic parts, components or systems in the geographical area in which the Company conducts its business. In the event that either of Messrs. Bailey or Coleman is terminated without cause, the Company may, in its sole discretion, elect to pay such executive his regular base salary and target incentive for all or any part of the Noncompetition Period, which payments are separate and in addition to the severance payments and benefits coverage described above and, so long as the Company makes such payments, such executive will be bound by the non-competition provisions described above. The non-competition agreements also contain nondisclosure and non-interference provisions. In the event of a change of control, the provisions of the change of control agreement described below will supersede those of the non-competition agreement with respect to severance and non-competition terms.

Under the change of control agreements, if during the 12 month period following a change of control (as described below), either of Messrs. Bailey or Coleman is discharged without cause or voluntarily terminates his employment for any reason, such executive is entitled to receive a lump sum amount within 30 days of such termination of employment equal to 24 times the greater of (i) such executive's highest monthly base salary paid during the twelve month period preceding a change in control or (ii) such executive's highest monthly base salary paid or payable by the Company at any time from the ninety day period preceding a change of control through the date of termination. In addition, each of Messrs. Bailey and Coleman is entitled to receive a lump sum amount equal to the greater of (i) four times such executive's highest aggregate amount of incentive compensation paid during any six consecutive months of the 12 months preceding a change of control or (ii) four times such executive's highest aggregate amount of incentive compensation paid during any six consecutive months preceding the date of termination. Further, each of Messrs. Bailey and Coleman is entitled to receive 24 times the monthly amount paid such executive as an auto allowance immediately preceding a change of control. For two years following such termination, such executive also is entitled to all benefits and service credits for benefits under all employee benefit plans, programs or arrangements of the Company (or the economic equivalent thereof where such crediting is not permitted). For purposes of the change of control agreements for Messrs. Bailey and Coleman, cause is defined as (i) an act or acts of personal dishonesty taken by the employee and intended to result in personal enrichment of the employee at the expense of the Company or (ii) the conviction of the employee of a felony.

If any payment received by Messrs. Bailey and Coleman in connection with a change of control of the Company is deemed a parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an excess parachute payment within the meaning of such Section 280G(b), he will be entitled under the change of control agreement to a cash payment in an amount equal to the 20% excise tax, if any, payable by him pursuant to the provisions of Section 4999, which amount will be increased by the aggregate of the amount of any federal, state, and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment. For purposes of the change of control agreement, a change of control is defined as (i) the acquisition by any person of beneficial ownership, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding securities, (ii) the individuals who constitute the Board of Directors of the Company as of February 25, 2000 (the Incumbent Board ) cease to constitute a majority of the Board of Directors of the Company, provided that any individual who subsequently becomes a Director or whose election or nomination for election was approved by a vote of at least a majority of the Directors then comprising the Incumbent Board (other than an election or nomination of an individual in connection with an actual or threatened election contest) shall be considered as though such person were a member of the

**Table of Contents**

Incumbent Board, or (iii) approval by the Company's shareholders of a reorganization, merger or consolidation with respect to which persons who were not shareholders before such reorganization, merger or consolidation own more than 80% of the combined voting power of the Company, or a liquidation of the Company or the sale of all or substantially all of the assets of the Company.

*Amendment to Non-Competition Agreements and Change of Control Agreements.* In January of FY '03, Messrs. Bailey and Coleman entered into Agreements with the Company amending their Non-Competition Agreements and Change of Control Agreements effective immediately. Under the amendments, Messrs. Bailey and Coleman relinquished their rights to receive severance payments under the Change of Control Agreements upon their voluntary termination of employment (a "single trigger" right to payment), and accepted a right to such payment in connection with a change in control only upon a discharge without cause or voluntary termination for a good reason (a "double trigger" right to payment). In exchange, the Non-Competition Agreements were amended to provide that payments under that Agreement would be for two years rather than one.

*2003 Employment Agreements with Mr. Ellis.* Upon joining the Company, Mr. Ellis entered into an employment agreement with the Company effective June 30, 2003 (the "Ellis 2003 Employment Agreement"). The term of the Ellis 2003 Employment Agreement was from June 30, 2003 through March 31, 2004 (the "End Date"), continuing from month to month thereafter until terminated by either the Company or Mr. Ellis in accordance with the provisions of the Ellis 2003 Employment Agreement.

Under the Ellis 2003 Employment Agreement, Mr. Ellis will be entitled to certain payments if his employment with the Company is terminated under certain circumstances. In the event that Mr. Ellis's employment is terminated by the Company without cause, Mr. Ellis will be paid severance equal to the greater of (a) continuation of his regular base and target incentive salary (if applicable) through the End Date, or (b) the severance package he would have otherwise received, based on years of service, under the Company's applicable severance policy or programs.

Mr. Ellis's 2003 Employment Agreement also contains confidentiality, no-hire and non-competition provisions. In the event that the Company terminates Mr. Ellis's employment for cause or Mr. Ellis terminates his employment for any reason other than a change of position, Mr. Ellis will be subject to a non-competition obligation for 12 months following the date of termination. At its option, if the Company terminates Mr. Ellis's employment for any reason other than for cause, the Company may impose upon Mr. Ellis a non-competition obligation, which will end, at the latest, 12 months after the date of termination of employment. If the Company elects to impose this non-competition obligation, the Company will pay Mr. Ellis his regular base and target incentive salary (if applicable) during the non-competition period in accordance with regular payroll practices. Any such payments will be in lieu of any severance payments during such period.

Mr. Ellis also entered into a Change of Control Agreement with the Company effective June 30, 2003 in substantially the same form as the above-described Change of Control Agreements, as amended, between each of Messrs. Bailey and Coleman and the Company, except that, in the event of discharge without cause following a change of control, Mr. Ellis is entitled to receive a lump sum amount equal to 12 times the greater of (i) his highest monthly base salary paid during the twelve month period preceding a change in control, or (ii) his highest monthly base salary at any time from the ninety day period preceding a change of control through the date of the termination; plus a lump sum amount equal to the greater of (i) two times his highest aggregate amount of incentive compensation paid during any six consecutive months of the 12 months preceding a change of control or (ii) two times his highest aggregate amount of incentive compensation paid during any six months preceding the date of termination. Mr. Ellis is also entitled to receive an auto allowance and other benefits as described above for one year following such discharge.

**COMPENSATION COMMITTEE REPORT**

**ON EXECUTIVE COMPENSATION**

The Company's Compensation Committee (the "Committee") is responsible for monitoring the Company's executive officer and director compensation, employment arrangements and plans to determine whether they are coordinated properly and achieving their intended purpose. The Committee is made up of the four directors listed at the end of this report, none of whom is an employee of the Company, and each of whom qualifies as a non-employee director for the purpose of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director for the purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code"). Also, as provided for in the Company's Corporate Governance Policies, each member qualifies as independent as presently defined by regulations of The Nasdaq Stock Market, Inc. and the Securities and Exchange Commission.

During fiscal year 2004, the Company reviewed its compensation practices for executives and directors, reviewed the Committee Charter (which reflects the importance of the Committee's role in aligning executive and director pay with shareholders' interests), engaged an independent compensation consultant, and reviewed its compensation philosophy to address the current business environment. Set forth below is a report submitted by Messrs. Christ, Knicely, Lauer and Sullivan in their capacity as members of the Committee. The report addresses the policies of the Committee with respect to the compensation and employment arrangements applicable to the Company's executive officers and describes the factors considered by the Committee in determining the compensation of Arthur Rhein, Chairman of the Board, President and Chief Executive Officer of the Company, for fiscal year 2004 as well as providing other relevant information.

**Committee Charter**

In accordance with its Charter, the purpose and mission of the Committee is to enhance shareholder value by ensuring that the compensation available to the Board of Directors, Chief Executive Officer, and other executive officers of the Company enables the Company to attract and retain high-quality leadership and is consistent with the Company's executive compensation philosophy and objectives. The compensation Committee's Charter is available on the Company's website at [www.agilysys.com](http://www.agilysys.com).

In accordance with that purpose and mission, the Committee is responsible for the following key tasks along with other responsibilities:

To review and recommend for Board of Director approval, benefit plans and programs for the Board of Directors and executive officers.

To review and determine the Company's executive compensation philosophy on an annual basis.

To review and determine the individual elements of total compensation for the Chief Executive Officer and other executive officers on an annual basis.

To assist the Committee in fulfilling its Charter obligations, the Committee establishes an annual work plan with meeting agendas that include executive sessions, which are held without the presence of management.

**Compensation Philosophy and Objectives**

In November 1998, at the request of the Committee, the Company retained the services of outside executive compensation consultants to conduct a comprehensive review of the Company's executive officer

**Table of Contents**

compensation. This review compared the Company's executive officers' base salaries, annual cash incentives, long-term stock incentives, retirement benefits and perquisites to those of a peer group of twenty (20) companies compiled by the consultants. The companies selected for inclusion in the peer group were those (1) with lines of business comparable to the Company's, or (2) which may compete with the Company for executive talent. Based on its analysis of this peer group comparison, the consultants were also asked to recommend appropriate modifications to the Company's executive compensation practices in order to enhance the Company's ability to attract, retain and appropriately incent talented executive officers. After lengthy consideration of the report submitted by the consultants, and with the concurrence of the Company's executive officers, the Committee developed a philosophy for compensating the Company's executive officers and identified the Company objectives which that philosophy is intended to accomplish. On the basis of such philosophy and its objectives, the Committee recommended, the Board of Directors adopted, and, where appropriate, the Company's shareholders approved, a revised compensation program. Subsequently, the Committee has reviewed the compensation program on an annual basis, with assistance from outside executive compensation consultants, making periodic adjustments thereto. As a result, the Committee has recommended, the Board of Directors has adopted and, where appropriate, the shareholders have approved, various adjustments to the compensation program, the elements of which are described below.

*Compensation Philosophy.* The Committee has adopted a compensation philosophy for executive officers. That philosophy has been reviewed and reapproved annually and incorporates the objectives listed below. At the Committee's meeting on April 27, 2004, based in part upon a market review by and input from an independent executive compensation consulting firm retained by the Committee, it approved a prospective change in philosophy to target compensation at a minimum of the 50th percentile rather than targeting the 50th percentile as it had in the past. This was the only change made. The revised compensation philosophy is as follows:

- (1) The Company will pay competitive base salary at a minimum of the 50th percentile of its compensation peer group;
- (2) The Company will pay an annual cash incentive targeted at a minimum of the 50th percentile of its compensation peer group;
- (3) The Company will maintain a long-term stock incentive program that also generally targets a minimum of the 50th percentile of its compensation peer group; and
- (4) Executive compensation will be reviewed annually based on a compensation peer group, which peer group may be modified from time to time to reflect changes in the Company's business strategy.

*Compensation Objectives.* The Committee believes that the Company's executive compensation program should promote the following objectives:

- (1) To attract, retain and motivate executives who can significantly contribute to the success of the Company;
- (2) To reward the achievement of short- and long-term business objectives that have been approved by the Board of Directors;
- (3) To provide a rational, consistent and competitive executive compensation program that is well understood by those to whom it applies; and
- (4) To tie a significant portion of executive compensation to the long-term performance of the Common Shares.

## **Table of Contents**

The Committee believes that if these compensation objectives are consistently achieved, shareholder value will be enhanced over time.

*Preserving Tax Deductibility of Executive Compensation.* Section 162(m) of the Code provides that certain compensation in excess of \$1,000,000 per year paid to a public company's chief executive officer and any of its four other highest paid executive officers is not deductible to the company unless the compensation qualifies for an exception. Section 162(m) provides an exception to the deductibility limit for performance-based compensation if certain complex procedural requirements, including shareholder approval of the material terms of the performance goal, are satisfied. The Committee believes that grants of stock options under the Company's 2000 Stock Incentive Plan qualify for full deductibility under Section 162(m), but are subject to other tax rules such as those applicable to incentive stock options. At this time, based upon the Company's current compensation structure, the Committee believes that it is in the best interests of the Company and its shareholders for the Committee to retain flexibility in awarding incentive compensation in the form of other incentive awards that may not qualify for the exception for performance-based compensation. The Committee will continue to review and evaluate, as necessary, the impact of Section 162(m) on the Company.

*Use of Outside Consultants.* The Committee employs an outside consultant to assist in accomplishing its charter. The consultant is an independent advisor to the Committee. The Committee is able to select, dismiss and approve any financial arrangement with the consultant. The consultant may also assist management in performing duties delegated by the Committee.

## **CEO Compensation**

The compensation of Arthur Rhein, the Chairman of the Board, President and Chief Executive Officer of the Company for fiscal year 2004, was determined under the terms of an employment agreement between Mr. Rhein and the Company entered into as of April 1, 2003, when Mr. Rhein assumed the duties of Chairman of the Board, in addition to his previous duties as President and Chief Executive Officer of the Company. That employment agreement is described in detail elsewhere in this proxy.

Mr. Rhein's salary and target cash annual incentive compensation for fiscal year 2004 was established at a level intended to target the 50th percentile of salary and cash annual incentive compensation at a comparable position with a group of peer companies. Due to industry and market circumstances in the Company's principal business areas, the Company's financial performance and the belief, based on an outside executive compensation consultant's analysis, that Mr. Rhein's salary was in the range competitive with the 50th percentile market consensus, Mr. Rhein received no increase in base salary for fiscal year 2004, although he assumed additional responsibilities as Chairman of the Board. Therefore, for fiscal year 2004, Mr. Rhein was paid a base salary of \$625,000, as reported in the salary column of the Summary Executive Compensation Table in this proxy (the Table).

Under the Company's annual executive incentive compensation plan (the Incentive Plan), Mr. Rhein received an annual incentive compensation opportunity equal to 100% of base salary at target. The Committee approved four financial and operational objectives for Mr. Rhein for fiscal year 2004. These objectives related to achievement of target levels regarding revenue growth, operating profit, and return on total capital and a management by objective (MBO) factor. All but a small percentage of Mr. Rhein's target annual incentive opportunity was based on the financial measures. Attainment of the MBO factor was determined by the Committee. Pursuant to the Incentive Plan, no award was available for performance below a threshold. Due to performance in excess of target in each measure, Mr. Rhein received an annual incentive

**Table of Contents**

compensation award of \$860,000 under the Incentive Plan, which is also reported in the Table under the Incentive column.

The Committee granted a long-term incentive award to Mr. Rhein for fiscal year 2004 in the form of stock options under the Company's 2000 Stock Incentive Plan and a cash long-term incentive opportunity. In accordance with Mr. Rhein's employment agreement, the aggregate value of the award of options and cash opportunity was 250% of Mr. Rhein's annual base salary for fiscal year 2004. At that level, based upon a Black-Scholes calculation, 111,900 options were granted and a long-term cash incentive opportunity of \$1,047,000 was established. The cash incentive opportunity is conditioned upon achieving a cumulative Company earnings goal to be attained by March 31, 2006.

In fiscal year 2004, Mr. Rhein also participated in the retirement and other benefit plans described below.

**Other Compensation**

*Base Salary and Annual Incentive Compensation.* In light of the Company's financial performance, management did not request increases in the executive officers' base salaries for fiscal years 2002 and 2003; however, the Board provided an increase in Mr. Rhein's salary for fiscal year 2003 to reflect his promotion to chief executive officer. Due to industry and market circumstances in the Company's principal business areas and the Company's resultant financial performance, for the third consecutive year the Committee determined that there should be no increases in the executive officers' base salaries for fiscal year 2004.

The Committee established certain financial and individual non-financial performance goals for fiscal year 2004, which, depending on the level of achievement, would result in the payment of cash incentive compensation for executive officers. These goals are listed in the Section titled CEO Compensation. During fiscal year 2004, the Company continued implementation of a plan for the strategic transformation of the Company, achieved through the divestiture of its electronic components business and implementation of its focus on the enterprise computer systems business, including the acquisition of two substantial businesses. Due to financial performance which exceeded fiscal 2004 goals, and significant progress in achieving the Company's strategic objectives, including integration of the acquired businesses, the performance goals for executive officers were exceeded and corresponding annual incentives were paid.

*Stock Option and Other Long-Term Incentive Awards.* Based upon the report and recommendations of the Company's compensation consultants, the Committee determined that it generally should not exceed an annual grant rate of stock options of 2% of Common Shares outstanding. Based on its compensation philosophy, the Committee generally has applied a guideline under which executive officers receive stock option grants based on a Black-Scholes valuation targeted at the 50th percentile, with all remaining options available to be allocated to other key employees based upon recommendations to the Committee by the Chief Executive Officer. Due to the limited number of Common Shares available under the 2000 Stock Incentive Plan, option awards were made in fiscal year 2004 at a level of less than 1% of Common Shares outstanding, which placed the executive officers' stock option grants below the 50th percentile of its peer companies' stock option grants. To attain the 50th percentile target, the Committee also established cash long-term incentive opportunities conditioned upon achieving a cumulative Company earnings goal by March 31, 2006.

*Retention Plan.* The retention plan is not a formal plan, but rather consists of one-time grants in fiscal year 2003 to each selected key executive officer under the Company's 2000 Stock Incentive Plan of restricted Common Shares having a fair market value on the date of grant equal to approximately 150% of the executive officer's base salary. For each participant, the Company has paid the federal income tax owing on the grant of restricted Common Shares as a result of the participant's timely election under Section 83(b) of the Code,

**Table of Contents**

which election had a favorable overall tax and financial effect on the Company. These grants were specifically intended to incent the Company's executive management team to remain with the Company during the initial three years of implementation of its long-term business strategy. During fiscal year 2004, significant progress was achieved in implementing the Company's strategic objectives and no executive officer of the Company who was granted a retention plan award left the Company.

*Change in Control Provisions.* An amount will be payable due to a termination of employment of certain of the Company's executive officers, including Mr. Rhein, in connection with a change in control. The amount payable to Mr. Rhein is three (3) times the sum of his current base salary and target annual cash incentive. Certain other executive officers' change in control agreements also provide for severance payments upon certain discharges without cause or certain voluntary terminations for good reason. In the case of Messrs. Bailey and Coleman, the amount payable is equal to the greater of twenty-four (24) times such executive officer's highest monthly base salary either during the twelve (12) month period preceding a change in control or at any time from the ninety (90) day period preceding a change of control through the termination date, plus the greater of four (4) times the executive officer's highest aggregate amount of incentive compensation during either any six (6) consecutive months of the twelve (12) months preceding a change of control or any six (6) consecutive months preceding the date of termination. In the case of Mr. Billick, the amount payable is equal to twenty-four (24) times his monthly base salary being paid at his termination of employment, plus two (2) times his target annual cash incentive for the then-current fiscal year. In the case of Mr. Ellis, the amount payable is equal to the greater of twelve (12) times his highest monthly base salary either during the twelve (12) month period preceding a change in control or at any time from the ninety (90) day period preceding a change in control through the termination date, plus the greater of two (2) times his highest aggregate amount of incentive compensation during either any six (6) consecutive months of the twelve (12) months preceding a change of control or any six (6) consecutive months preceding the date of termination. The executive officers' agreements with the Company also provide an excise and income tax gross up on any excise tax payment owed by such executive officers as a result of any amount received by the executive officer that is determined to be an excess parachute payment under Section 280G of the Code. These agreements remained in effect throughout fiscal year 2004.

*Retirement and Other Benefits.* Based upon the Company's 1998 compensation review and annual analysis thereafter, the Committee approved certain executive retirement and other benefits in order to bring the Company's retirement and other benefits in line with those offered by peer companies. These retirement and other benefits, described below, remained in effect for fiscal year 2004.

*Supplemental Executive Retirement Plan ( SERP ).* The SERP was established effective April 27, 1999 to provide retirement cash benefits, in an amount not to exceed 50% of final average earnings, to a select group of management and other highly-compensated employees, which includes the Company's Chief Executive Officer and other executives designated by the Committee. The maximum annual cash benefit under the SERP is limited to 50% of the participant's final average earnings, which for this purpose would be the participant's base salary, including pre-tax deferrals, plus annual incentive compensation. The annual benefit is reduced by other Company funded retirement benefits. The SERP is an unfunded deferred compensation plan. Life insurance is purchased as a source of funds to pay benefits.

*Benefit Equalization Plan ( BEP ).* The BEP was established to permit the Company to provide its executives with amounts for retirement on a profit sharing and 401(k)-type basis in excess of amounts allowed under the Company's tax qualified retirement plan. Additional voluntary deferrals of compensation also are permitted under the BEP. The BEP is limited to a select group of management and other highly-compensated

**Table of Contents**

employees selected by the Company's Chief Executive Officer. The BEP is an unfunded deferred compensation plan. Life insurance is purchased as a source of funds to pay benefits.

*Senior Executive Disability Plan.* A Senior Executive Disability Plan was established to provide enhanced disability benefits to the Chief Executive Officer and to elected officers and other key employees selected by the Chief Executive Officer. The disability benefit payable to a participant is 60% of base salary, including pre-tax deferrals, plus annual incentive compensation.

**AUDIT COMMITTEE REPORT**

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors. In January, 2004, the Board adopted an Amended and Restated Audit Committee Charter, attached as Exhibit A, and available at the Company's website ([www.agilysys.com](http://www.agilysys.com)).

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls. Ernst & Young, the Company's independent auditors, audits the annual financial statements prepared by management and expresses an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. The Audit Committee monitors these processes.

In carrying out its responsibilities, the Audit Committee has reviewed and has discussed with the Company's management the Company's 2004 audited financial statements. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. In addition, the Audit Committee discussed with the Company's financial management and independent auditors the overall scope and plans for the audit. The Audit Committee also met with the independent auditors, with and without management present, to discuss the results of the audit, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by generally accepted auditing standards.

The Audit Committee has also received written disclosures from Ernst & Young regarding their independence from the Company and its management as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has considered the compatibility of non-audit services with the auditors' independence.

**INDEPENDENT AUDITORS**

The Board of Directors, upon recommendation of the Audit Committee, has re-appointed Ernst & Young as independent auditors to audit the financial statements of the Company for the fiscal year ending March 31, 2005. Fees for services rendered by Ernst & Young for fiscal years 2004 and 2003 were:

<u>Fiscal Year</u>	<u>Audit Fees</u>	<u>Audit-Related Fees</u>	<u>Tax Fees</u>	<u>All Other Fees</u>
2004	\$ 398,717	\$ 304,817	\$ 389,600	\$ 2,500
2003	382,488	413,193	138,845	

Audit fees consist of fees billed for professional services rendered for the audit of the Company's annual financial statements and review of the interim financial statements included in quarterly reports and services that are normally provided by Ernst & Young in connection with statutory and regulatory filings. Audit-related fees generally include fees for employee benefits plan audits, business acquisitions, accounting consultations and Securities and Exchange Commission registration statements.

It is the Audit Committee's policy that all audit and non-audit services are pre-approved by the Audit Committee. Consistent with its charter, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee between meetings when expedition of services is necessary, provided that any pre-approvals so delegated are reported to the Audit Committee at its next scheduled meeting. All audit and non-audit services were pre-approved by the Audit Committee consistent with this policy during fiscal year 2004.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

**PROPOSAL 2**

**PROPOSAL TO AMEND THE AMENDED CODE OF REGULATIONS**

The Board of Directors proposes to amend Article II, Section 1 of the Amended Code of Regulations (the "Amended Code") of the Company to provide for flexibility in setting the size of the Board. Currently, Article II, Section 1 fixes the number of Directors at nine (three in each of Class A, Class B and Class C), and requires shareholder approval to fix or change the number of Directors in each class. Article II, Section 1 currently states:

The Board of Directors shall be divided into three classes to be known as Class A, Class B and Class C. The number of Directors in each class may be fixed or changed at any meeting of shareholders called to elect directors, at which a quorum is present, by the vote of the holders of a majority of the shares represented at the meeting and entitled to vote on the proposal, but no class shall consist of less than three Directors. Unless and until otherwise so fixed or changed, there shall be three (3) Class A Directors, three (3) Class B Directors and three (3) Class C Directors. One class of Directors shall be elected each year and the Directors in each class shall hold office for a term of three years and until their respective successors are elected and qualified. In case of any increase in the authorized number of Directors of any class, any additional Directors provided for and elected to such class shall hold office for a term which shall coincide with the full term or the remainder of the term, as the case may be, of such class.

The shareholders are asked to approve an amendment to Article II, Section 1 of the Amended Code, replacing the second sentence with the following:

The number of Directors in each class may be fixed or changed by the Board of Directors of the Company; provided, however, that the total number of Directors shall not be less than nine (9) or more than eleven (11) members, and no class shall consist of less than three (3) directors.

The proposed amendment, which was initiated by the Nominating and Corporate Governance Committee, would provide the Board with the necessary flexibility to meet the changing needs of the Company. The amendment would allow the Board to add or delete Board seats, as long as the number remains between nine and eleven Directors. Pursuant to existing Section 8 of Article II, the Board has the power to fill a vacancy created by an increase in the total number of Directors. Any action by the Board, whether to change the size of the Board or to fill a vacancy, would be required to satisfy all other provisions of the Amended Code, including meeting and quorum requirements.

From time to time, the Board becomes aware of individuals who possess background, expertise or experience that would enhance the overall composition of the Board. As the Company continues to implement its long-term strategic objectives and the business evolves, the potential for seeking specialized background and expertise to supplement Board composition increases. When a uniquely qualified individual becomes available to serve on the Board, the Company's interests would be best served by including the individual on the Board at the earliest possible time. Qualified, experienced Board candidates are increasingly in demand, and the Company seeks the flexibility to take advantage of talented candidates when they become available. By allowing the number of Directors to vary within a narrow range (between nine and eleven members), the Board would be better able to optimize the skills and attributes of the Board.

**Recommendation; Required Vote**

The Board of Directors recommends a vote FOR the proposal. The affirmative vote of the holders of record of at least two-thirds of outstanding Common Shares will be required to approve the amendment to the Amended Code of Regulations.

**PROPOSAL 3**

**PROPOSAL TO APPROVE THE AMENDED AND RESTATED 2000 STOCK INCENTIVE PLAN**

The shareholders are asked to consider and vote upon a proposal to approve an amendment and restatement of the Pioneer-Standard Electronics, Inc. 2000 Stock Incentive Plan (the "2000 Stock Incentive Plan" or the "Plan") in the form of the Amended and Restated Agilysys, Inc. 2000 Stock Incentive Plan (the "Amended and Restated 2000 Stock Incentive Plan" or the "Amended and Restated Plan"), the principal provisions of which are described below. The Amended and Restated 2000 Stock Incentive Plan contains revisions to certain material terms of the Plan including, but not limited to, eligibility requirements and share limitations. In voting on whether to approve the Plan, shareholders are being asked to reapprove the performance measures of the Plan and the Plan's continued compliance with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which Section is discussed below. The following descriptions of the Amended and Restated 2000 Stock Incentive Plan and the proposed amendments are qualified in their entirety by reference to the actual terms and provisions of the Amended and Restated 2000 Stock Incentive Plan, which is set forth as Exhibit B to this Proxy Statement.

The Board of Directors has determined that stock options and other stock-based awards should be an important element of the Company's compensation programs. They provide the means to: (i) attract and retain skilled and qualified officers, other employees, directors and consultants who are expected to contribute to the Company's success in a competitive market for such individuals; (ii) motivate participants to achieve the long-term success and growth of the Company; (iii) facilitate ownership of shares of the Company; and (iv) align the personal interests of officers, employees and others in the Company's long-term growth and profitability with the interests of the Company's shareholders.

The Board of Directors has determined that the number of Common Shares currently reserved and available for issuance under the 2000 Stock Incentive Plan is insufficient to provide meaningful compensation on a continuing basis in that virtually no Common Shares remain available for grants. Accordingly, the Board of Directors has determined that the Plan needs to be amended and restated to add Common Shares and make other desirable changes consistent with best practices. The Board of Directors has also determined that the number of Common Shares issuable under the Plan in any year should be limited in several key respects. Accordingly, the Board has determined that these limitations should be incorporated into the Amended and Restated Plan.

The 2000 Stock Incentive Plan allows the Company the flexibility to grant a variety of stock and stock-based awards, including stock options (with or without stock appreciation rights), time-vested restricted shares, performance-vested restricted shares and performance shares (shares granted upon the attainment of performance goals). Since its inception, the Plan has allowed participation by consultants but, to date, no awards have been made to consultants. The Plan was also designed to comply with Section 162(m) of the Code. It is intended that stock options and awards under the Plan with a performance component (which does not include time-vested restricted share awards) generally will satisfy the requirements for performance-based compensation under Section 162(m) while granting the Compensation Committee the authority to grant non-performance-based awards where it deems appropriate. Section 162(m) generally places a \$1,000,000 limit on the tax deduction allowable for compensation paid (or accrued for tax purposes) with respect to each of the Chief Executive Officer and the four other highest-paid executives during a tax year unless the compensation meets certain requirements. All stock incentive awards to the Company's most highly compensated executives to be made over the next few years are expected to be made from the Amended and Restated 2000 Stock Incentive Plan.

**Table of Contents**

Information on the total number of shares available under the Company's existing equity compensation plans and subject to outstanding options and rights is presented elsewhere in this proxy statement under the caption "Equity Compensation Plan Information." Based on the Company's equity plans in effect and outstanding awards at June 11, 2004, if the shareholders approve the Amended and Restated 2000 Stock Incentive Plan, the total number of shares available for future issuance under all continuing equity compensation plans would be as follows:

New Shares Requested	1,200,000
Authorized Shares Available for Grant	65,125
Shares Reserved for Outstanding but Unexercised Options plus Unvested Full-Value Awards	3,804,972
	<hr/>
Total	5,070,097
Shares Outstanding on June 11, 2004	32,194,156
	<hr/>
Potential Outstanding Voting Shares*	37,264,253
Percentage of all Potential Outstanding Voting Shares	13.61%
Maximum Annual Share Awards	600,000
Maximum Annual Share Award Rate	1.86%

\* All potential outstanding voting shares includes all Common Shares outstanding on June 11, 2004 plus issuance of all unissued shares reserved under continuing equity plans (including Common Shares requested) plus issuance of all unissued shares reserved for outstanding but unexercised options and release of restrictions on all outstanding unvested full-value awards under equity plans whether or not continuing.

The Board of Directors believes that amendment and restatement of the 2000 Stock Incentive Plan as summarized herein, and as reflected in Exhibit B, is in the best interests of the Company and its shareholders.

**Summary of Amendments**

The Board of Directors has determined that in order to carry out its purposes, the 2000 Stock Incentive Plan must be amended in certain key respects. The amendments are summarized as follows:

*Addition of Shares.* When the Plan was initially adopted, the Plan provided for the use of up to 2,000,000 Common Shares for the purposes provided in the Plan. Substantially all of those shares have now been granted and awarded in one form or another. The Board of Directors believes that the addition of 1,200,000 Common Shares will enable the Amended and Restated Plan to satisfy its purposes through fiscal year 2005 and fiscal year 2006 and possibly for some period beyond. The Board of Directors has not yet determined whether additional shares will be required thereafter. As of the close of trading on June 11, 2004, the price of a Common Share was twelve dollars and twenty-five cents (\$12.25). As described further below, the additional shares requested will be available for Director grants, as well as employee grants, with the Company's existing Director plans to be suspended.

*Limitation of Share Use.* The Plan has not previously contained any limit on the use of Common Shares other than a 1,000,000 limit on the number of shares which may be granted to any one individual in a year. The Board of Directors believes that a limit on aggregate grants of 600,000 shares per fiscal year, and a further grant limit of not more than 300,000 shares in the form of full-value awards per fiscal year (e.g., restricted shares, restricted share units and performance shares as opposed to stock options), are appropriate in order to

**Table of Contents**

ensure that not over one-half of the additional shares requested will be used in a year and that not more than 300,000 shares granted per year will be in the form of full-value awards. This change will result in a reduction in the maximum annual per person grant from 1,000,000 to 600,000 with not more than 300,000 shares being granted as full-value awards.

*Vesting Requirements for Full-Value Awards.* The Plan has not previously included a requirement that full-value awards be subject to a vesting schedule. Full-value awards include restricted shares, restricted share units and performance shares. The Board of Directors believes that the Plan's purposes are best served by imposition of a mandatory minimum ratable three-year vesting cycle on full-value awards, subject to satisfaction of performance objectives.

*Restricted Share Unit Awards.* The Board of Directors believes that amendment of the Plan to permit the granting of restricted share unit awards ( Restricted Share Units ) is desirable. Restricted Share Units are similar to Performance Share Awards inasmuch as they may be made subject to performance-based objectives. Otherwise, Restricted Share Units are similar in value to Restricted Shares, except that Restricted Share Units result in issuance of Common Shares on the date of settlement rather than at grant.

*Coverage of Directors.* Over the years, the Company has maintained a series of stock option plans for its outside Directors. The most recent of these plans has been structured to provide for the automatic grant of options to purchase 7,500 shares per outside Director (52,500 total per year for the seven outside Directors on the current Board of Directors). The current plan for Directors is the 2000 Stock Option Plan for Outside Directors (the 2000 Director Option Plan ). That plan will exhaust all of its remaining Common Shares on the day of the Annual Meeting. The Pioneer-Standard Electronics, Inc. 1999 Stock Option Plan for Outside Directors expired on April 26, 2001. The Pioneer-Standard Electronics, Inc. 1995 Stock Option Plan for Outside Directors will expire on April 24, 2005. All shares were exhausted under that plan prior to its replacement by the 1999 plan. The Board of Directors will not seek additional shares or recycle shares from lapsed, expired or terminated options to provide for future awards under the 1995 plan. The Board of Directors has decided not to request additional shares for the 2000 Director Option Plan but rather to provide for coverage of Directors under the Amended and Restated 2000 Stock Incentive Plan. As with the 1995 plan, the Board of Directors will not seek additional shares or recycle shares from lapsed, expired or terminated options to provide for future awards under the 2000 Director Option Plan. Directors may receive all types of grants (other than incentive stock options) otherwise available under the Amended and Restated Plan. The Board of Directors believes that this transition will provide more flexibility in compensating Directors and will eliminate the need to administer separate plans. The Board of Directors believes increased flexibility is necessary because changes in the law and the increasingly competitive marketplace for director talent have resulted in more variation in the compensation of directors such as additional compensation for committee chairs, and, particularly, the chair of the audit committee.

*Accounting and Best Practices Changes.* The Board of Directors is anticipating changes in the accounting for stock options and other forms of stock compensation which have been the subject of a great deal of Financial Accounting Standards Board and other regulatory and legislative activity. Among the changes anticipated are the expensing of stock options for financial accounting purposes and fixed accounting for fully performance-based equity awards. In anticipation of these changes, the Board of Directors believes it desirable to amend the Plan to enhance the ability of the Compensation Committee to fashion awards that will provide appropriate compensation within the anticipated requirements.

In addition, the Board of Directors has determined that the Plan should be modified to incorporate provisions consistent with best practices. Thus, the Board of Directors believes it is desirable to amend the

## **Table of Contents**

Plan to include provisions designed to ensure favorable tax treatment for certain grants, clarify that the Amended and Restated Plan's administrator may correct any defect, supply any omission and reconcile any inconsistency in or between the Amended and Restated Plan and any related documents, expand the provisions relating to participants' execution and delivery of stock powers endorsed in blank in connection with certain grants, and make other administrative changes consistent with best practices and the purposes of the Amended and Restated Plan.

### **Summary of the Plan**

*Overview.* The purpose of this Summary is to describe the terms of the Amended and Restated 2000 Stock Incentive Plan as proposed for shareholder approval. This Summary is an attempt to place the amendments in the overall context of the Amended and Restated Plan.

*Shares Subject to the Amended and Restated 2000 Stock Incentive Plan.* The aggregate number of Common Shares that may be issued under the Amended and Restated 2000 Stock Incentive Plan would be increased from 2,000,000 shares to 3,200,000. The Plan provides for appropriate adjustments in the number of shares subject to the Plan (and other share limitations contained therein and described below) and to grants previously made if there is a stock split, stock dividend, reorganization or other relevant change affecting the Company's corporate structure or its equity securities. If shares under an award are not issued prior to the expiration, termination, cancellation or forfeiture of the award, then those shares would again be available for inclusion in future grants.

*Other Share Limitations.* The maximum number of Common Shares that may be granted under the Amended and Restated 2000 Stock Incentive Plan pursuant to incentive stock options would be increased from 2,000,000 shares to 3,200,000; the maximum number of Common Shares that may be granted as Restricted Shares, Restricted Shares Units and Performance Shares (all as defined in the Amended and Restated Plan) under the Amended and Restated Plan would be increased from 2,000,000 shares to 3,200,000; and the aggregate number of Common Shares that may be granted under the Amended and Restated Plan to any one participant in any fiscal year, regardless of whether such awards are thereafter canceled, forfeited or terminated, would be reduced to 600,000 shares, which is a reduction from the previously permitted 1,000,000 shares per calendar year. In addition, in any one year, not more than 300,000 full-value awards may be made. Previously there was no limit on the number of full-value awards which could be granted in a year other than the 1,000,000 share per participant limit.

*Administration.* The Plan is administered by a Committee consisting of not fewer than three Directors, all of whom meet the definitions of the terms "outside director" set forth in the regulations under Section 162(m) of the Code, "independent director" set forth in The Nasdaq Stock Market, Inc. rules and "non-employee director" set forth in Rule 16b-3 under the Securities Exchange Act of 1934, as amended, appointed by the Board of Directors (and if such a Committee has not been appointed, then by the Board of Directors as a whole). With respect to certain awards granted to consultants and to persons other than Directors or executive officers, the Committee may delegate its powers and duties to the Chief Executive Officer to the extent permitted by applicable law. The Committee has the authority under the Plan to (i) select the employees, consultants and now Directors to whom awards are granted; (ii) determine the type and timing of awards; (iii) determine the number of Common Shares covered by each award and all other terms and conditions of awards not inconsistent with the terms of the Plan; (iv) determine if, when and how amounts payable with respect to an award may be deferred; (v) determine whether terms, conditions and objectives have been met or should be modified or waived (however, this does not permit modification or waiver of terms that are not within the Committee's discretion to modify or waive under the Plan); (vi)

**Table of Contents**

establish rules, regulations, guidelines, administrative forms and practices for the operation of the Plan; and (vii) interpret the provisions of and otherwise supervise the administration of the Plan. The amendment would permit the Committee to correct any defect, supply any omission and reconcile any inconsistency in or between the Amended and Restated Plan and any related documents.

*Eligible Participants.* Regular active employees and consultants to the Company are eligible to be selected to receive awards under the Plan. The amendment would permit awards to Directors as well. It is not possible to predict the number of employees, consultants and Directors who will be selected to receive awards under the Amended and Restated Plan, and the number of recipients could vary from year to year. It is anticipated that all outside Directors will receive awards. No outside consultants ever have received awards. The Board of Directors, the Chief Executive Officer and the Committee have no present intentions to make any awards to consultants. Approximately one thousand three hundred forty-five (1,345) employees will be eligible to be selected to receive awards under the Plan. Seven (7) outside Directors will be eligible to be selected to receive awards under the Plan.

*Stock Options.* Options granted under the Plan must be in the form of either incentive stock options ( ISOs ), which meet the requirements of Section 422 of the Code, or nonqualified stock options ( NQSOs ), which do not meet those requirements. The term of an option is fixed by the Committee, but may not exceed ten (10) years, and options are exercisable at such time or times as determined by the Committee. The exercise price of an option cannot be less than the fair market value of the Common Shares on the date of grant, which generally means the last closing price of a Common Share as reported on The Nasdaq Stock Market on the date of the grant. The grantee may pay the option exercise price in cash or by tendering or having withheld Common Shares that have a fair market value equal to the option exercise price (so long as tender or withholding of such Common Shares will not result in additional accounting expense for the Company) or through a broker-handled same-day sale transaction. Delayed and contingent grants are permitted.

*Reload Options.* Since its inception, the Plan has permitted the Committee to provide that an optionee who exercises all or part of an NQSO by payment of the exercise price with previously-owned Common Shares will be granted an additional option (a Reload Option ) for a number of Common Shares equal to the number of shares tendered in the exercise of the original stock option. Each Reload Option will have a date of grant which is the date as of which the original stock option to which it applies is exercised and will vest on the six-month anniversary of date of grant. The Reload Option will have the same expiration and all other terms and conditions as the original stock option to which it applies, except that the exercise price will be equal to at least 100% of the fair market value of the Common Shares as of the date of grant of the Reload Option.

*Code Limitations on Incentive Stock Options.* The Code currently places the following limitations on the award of ISOs. An ISO may only be granted to full or part-time employees (including officers and directors who are also employees) of the Company or of an affiliate, provided that the affiliate is a subsidiary corporation as defined in the Code. No ISO may be exercisable on or after the tenth anniversary of the date of grant nor may any ISO be granted on or after the tenth anniversary of the effective date of the Plan (i.e., April 26, 2010). If an ISO is granted to a participant who owns, at the time of grant, in excess of 10% of the total outstanding Common Shares of the Company, the exercise price of the ISO must be at least 110% of the fair market value on the date of grant and the term of the ISO cannot be longer than five years from the date of grant. The total fair market value of shares subject to ISOs which are exercisable for the first time by any participant in any given calendar year cannot exceed \$100,000 (valued as of the date of grant). No ISO may be exercisable more than three months following termination of employment for any reason other than death

**Table of Contents**

or disability, nor more than one year with respect to disability terminations, or such option will no longer qualify as an ISO and shall therefore be treated as an NQSO. ISOs will also be non-transferable in accordance with the provisions of the Code.

*Stock Appreciation Rights.* The Committee may grant a stock appreciation right ( SAR ) in connection with a stock option granted under the Plan or independently of a stock option grant. If a grantee exercises a SAR in connection with a stock option, the grantee will receive an amount equal to the excess of the then-fair market value of the Common Shares with respect to which the SAR is being exercised over the option exercise price of the shares. If a grantee exercises an independent SAR, the grantee will receive an amount equal to the excess of the then-fair market value of Common Shares with respect to which the SAR is being exercised over the exercise price of the SAR. Such SAR exercise price must be at least 100% of the fair market value of the underlying shares on the date of grant, and the term of such SAR may not exceed ten (10) years. Payment may be made in cash, in Common Shares or in a combination of cash and Common Shares, as the Committee determines. If a SAR granted in connection with a stock option is exercised in whole or in part, the right under the related option to purchase Common Shares with respect to which the SAR has been exercised will terminate to the same extent. If a stock option is exercised, any SAR related to the shares purchased upon exercise of the stock option will terminate.

*Restricted Share and Restricted Share Unit Awards.* The Committee may grant restricted share awards ( Restricted Shares ) which consist of Common Shares issued by the Company to a participant for no consideration or for a purchase price which may be below their fair market value and are subject to forfeiture in the event of termination of the participant's employment prior to vesting and subject to restrictions on sale or other transfer by the participant. Under the amendment, the Committee may also grant Restricted Share Unit awards which are substantially similar to Restricted Share awards but which do not endow the participant-holder with the rights of a shareholder prior to lapse of the restrictions. The Committee may provide that restrictions lapse after the passage of time (time-vested), upon certain events (such as death, disability or retirement) or upon the attainment of specified performance objectives (performance-vested). The Committee may waive any restrictions or accelerate the date or dates on which restrictions lapse except no waiver may apply to a term that is not within the Committee's discretion to waive under the Plan.

*Performance Share Awards.* The Committee may grant performance share awards ( Performance Shares ) which are rights to receive Common Shares in the future conditioned upon the attainment of specified performance objectives and such other conditions, restrictions and contingencies as the Committee may determine. At the time of grant of a Performance Share award, the Committee must specify the performance objectives which, depending on the extent to which they are met, will determine the number of Common Shares that will be distributed to the participant. The Committee will also specify the time period or periods during which the performance objectives must be met (the Performance Period ). The Committee may use performance objectives based on one or more of the following targets: cash generation, profit, revenue, market share, profit or return ratios, shareholder returns and/or specific, objective and measurable non-financial objectives. These same business criteria can be used to specify performance goals for Restricted Shares, Restricted Share Units and other awards under the Plan. The Committee may designate a single goal criterion or multiple goal criteria for performance measurement purposes, with the measurement based on absolute Company or business unit performance and/or on performance as compared with that of other publicly-traded companies. The Committee may adjust or modify the performance objectives or periods, provided that any such modifications meet the requirements of Section 162(m) of the Code, to the extent applicable unless the Committee determines that such requirements should not be satisfied.

**Table of Contents**

*Transferability of Awards.* The Committee may determine, at or after the time of grant, that vested awards are transferable to members of the grantee's immediate family, a trust, partnership or other entity for the benefit of family members, to the Company, an affiliate, or their agent, or to any other transferee as may be approved by the Committee. All other awards are non-transferable and may be exercised only by the grantee and may not be transferred other than by will or by the laws of descent and distribution. Non-transferable awards are exercisable during a participant's lifetime only by the participant or, as permitted by applicable law, the participant's guardian or other legal representative. Other than pursuant to a permitted transfer, no award may be assigned, pledged, hypothecated or otherwise alienated or encumbered (whether by operation of law or otherwise) and any attempts to do so will be null and void.

*Termination of Employment.* With respect to NQSOs and related SARs, the Committee has discretion to determine whether and when such awards terminate prior to their stated expiration upon the termination of the participant's employment for various reasons. Unless an earlier date is specified at or after the time of grant: (i) upon the death or disability of the participant, vested and unvested options can generally be exercised for a period no longer than one year after the termination of employment; (ii) upon the retirement of the participant, vested and unvested options can generally be exercised for a period no longer than two years after the termination of employment; (iii) upon termination of employment by the Company for cause, vested and unvested options immediately expire; and (iv) upon termination of employment for any other reason, unvested options immediately expire and vested options can generally be exercised for a period not longer than three months.

With respect to Restricted Share and Restricted Share Unit awards, if, because of termination of employment for any reason, a participant fails to satisfy the restrictions and other conditions relating to the Restricted Shares or Units prior to the lapse or waiver (at the Committee's discretion) of such restrictions and conditions, the participant is required to forfeit the Restricted Shares and Units and transfer them back to the Company in exchange for a refund of the consideration paid by the participant or such other amount, if any, which may be specifically set forth in the award agreement, unless otherwise determined by the Committee. If the participant's employment terminates by reason of death, disability or retirement, the Committee in its discretion may provide for a partial payout with respect to Restricted Share Units subject to performance-based restrictions. Award agreements may provide for vesting on certain contingencies or may grant the Committee the authority to accelerate vesting.

With respect to Performance Share awards, the award or the unearned portion thereof will terminate without the issuance of shares upon the termination of employment of the participant during the Performance Period. If the participant's employment terminates by reason of death, disability or retirement, the Committee in its discretion at or after the time of grant may determine that the participant (or the heir, legatee or legal representative of the participant's estate) will receive a payout of a portion of the participant's then-outstanding Performance Share awards in an amount which is not more than the number of shares which would have been earned by the participant if 100% of the performance objectives for the current Performance Period had been achieved, prorated based on the ratio of the number of months of active employment in the Performance Period to the total number of months in the Performance Period.

Termination of employment by a participant will be deemed not to have occurred upon: (i) transfer of a participant among the Company and its affiliates; (ii) a leave of absence for a Company approved purpose that does not exceed ninety days; (iii) an approved leave of absence for a longer period if the employee's right to reemployment is guaranteed either by statute or contract and the employee returns to work within thirty days after the end of such leave; and (iv) any other absence determined by the Committee in its discretion not to constitute a break in service.

**Table of Contents**

*Change in Control.* Except as otherwise provided in an award agreement, upon a change in control : (i) all outstanding stock options automatically become fully exercisable; (ii) all Restricted Share and Restricted Share Unit awards automatically become fully vested (unless, with respect to awards subject to performance-based restrictions, the Committee determines to make a partial payout based on partial performance); and (iii) all participants holding Performance Share awards become entitled to receive a partial payout in an amount equal to the number of shares which would have been earned by the participant if 100% of the performance objectives for the current Performance Period had been achieved prorated based on the ratio of the number of months of active employment in the Performance Period to the total number of months in the Performance Period. A change in control is defined as the occurrence of any of the following: (i) all or substantially all of the assets of the Company are sold or transferred to another corporation or entity, or the Company is merged, consolidated or reorganized with or into another corporation or entity, with the result that upon conclusion of the transaction less than 51% of the outstanding securities entitled to vote generally in the election of Directors or other capital interests of the acquiring corporation or entity are owned, directly or indirectly, by the holders of voting stock of the Company generally prior to the transaction, (ii) a report is filed on Schedule 13D or Schedule 14D-1 under the Exchange Act disclosing that any person (other than the Company, any affiliate of the Company, any employee benefit plan of the Company or an affiliate, including the trustee of any such plan, or the Agilysys Stock Benefit Trust) has become the beneficial owner of securities representing 20% or more of the combined voting power of the then-outstanding voting stock of the Company, (iii) the Company files a report or proxy statement with the Commission disclosing that a change in control of the Company has or may have occurred or will or may occur in the future pursuant to any then-existing contract or transaction, or (iv) the individuals who, at the beginning of any period of two consecutive calendar years, constituted the Directors of the Company cease for any reason to constitute at least a majority thereof unless the nomination for election by the Company's shareholders of each new Director of the Company was approved by a vote of at least two-thirds of the Directors of the Company still in office who were Directors of the Company at the beginning of any such period. These provisions are intended to protect Plan participants in the event of a change in control, but could tend to inhibit an acquisition due to increased acquisition costs resulting from additional outstanding shares.

*Conditions Upon Delivery of Stock Certificates and Deferrals.* Common Shares may not be issued or delivered with respect to awards under the Plan until the participant pays in full any amount due for the shares plus any required tax withholding and, if applicable, the completion of registration of the shares under Federal or state securities laws, listing of the shares on any stock exchange, qualification of the issuance of the shares as a private placement, or obtaining any other required approvals. The Committee may unilaterally postpone the exercising of awards, the issuance or delivery of Common Shares under any award or the taking of any action permitted under the Plan to prevent the Company or any affiliate from being denied a Federal income tax deduction with respect to any award other than an ISO. The Committee may also permit, subject to such rules and procedures as the Committee may determine, a participant to defer receipt of the payment of cash or the delivery of shares that would otherwise be delivered to a participant under the Plan.

**Certain Federal Tax Consequences with Respect to Awards**

There are no Federal income tax consequences to a participant or the Company upon the grant of stock options and SARs. When an NQSO or SAR is exercised, the participant realizes taxable compensation (ordinary income) at that time equal to, for an NQSO, the difference between the aggregate option exercise price and the fair market value of the stock on the date of exercise and, for an SAR, the aggregate amount of cash and fair market value of any shares received upon exercise. The Company is entitled to a tax deduction to the extent, and at the time, that the participant realizes compensation income. Upon the exercise of an NQSO

**Table of Contents**

or SAR, the Plan requires the participant to pay to the Company any amount necessary to satisfy applicable Federal, state or local tax withholding requirements. Upon the exercise of an ISO, a participant recognizes no immediate taxable income, except that the excess of the fair market value of the shares acquired over the option exercise price will constitute a tax preference item for the purpose of computing the participant's alternative minimum tax liability. Income recognition is deferred until the shares acquired are disposed of; gain will be treated as long-term capital gain if the minimum holding period is met (two years from the date of grant and one year from the date of exercise), but otherwise will be treated as ordinary income in an amount determined under the applicable tax rules. There is no tax deduction for the Company when an ISO is exercised. The participant's tax treatment upon a disposition of shares acquired through the exercise of a stock option is dependent upon the length of time the shares have been held. There is no tax consequence to the Company in connection with the disposition of these shares except that the Company would be entitled to a tax deduction, in an amount equal to the ordinary income recognized by the participant, in the case of a disposition of shares acquired upon exercise of an ISO before the ISO holding period has been satisfied.

Generally, no taxes are due upon a grant of Restricted Shares, Restricted Share Units or Performance Shares. An award of Restricted Shares becomes taxable when it is no longer subject to a substantial risk of forfeiture (*i.e.*, becomes vested or transferable). The taxation of Restricted Shares may be accelerated by an 83(b) election under Section 83 of the Code, if permitted. Income tax is paid at ordinary income rates on the value of the Restricted Shares when the restrictions lapse, and then at capital gain rates with respect to any further gain (or loss) when the shares are sold. In the case of Restricted Share Units or Performance Share Units, the participant has taxable ordinary income upon receipt of payment. In all cases, the Company has a tax deduction when the participant recognizes ordinary income subject to other applicable limitations and restrictions.

Grants may qualify as performance-based compensation under Section 162(m) of the Code. This status is intended to preserve Federal income tax deductions by the Company with respect to annual compensation required to be taken into account under Section 162(m) of the Code that is in excess of \$1,000,000 and paid to one of the Company's CEO and four next most highly compensated executive officers. To so qualify, grants must be made by a committee consisting solely of two or more outside directors (as defined under Section 162 regulations) and satisfy the limit on the total number of shares that may be awarded to any one participant during any calendar year. In addition, for grants other than options to qualify, the granting, issuance, vesting or retention of the grant must be contingent upon satisfying one or more performance criteria, as established and certified by a committee consisting solely of two or more outside directors. The Plan permits 162(m) qualified grants but also permits the Committee to grant awards which do not qualify where it deems that appropriate.

Tax withholding requirements may be satisfied through the withholding of shares deliverable in connection with an award, on a mandatory or elective basis, as determined by the Committee.

*Discontinuation of Plan, Amendments and Award Substitutions.* The Board of Directors may amend, alter or discontinue the Plan at any time, provided that any such amendment, alteration or discontinuance has been approved by the Company's shareholders, if shareholder approval is required under applicable laws, regulations or exchange requirements (including for the purpose of qualification under Section 162(m) of the Code as performance-based compensation), and does not materially and adversely impair the rights of any grantee, without his or her consent, under any award previously granted. The Plan could be amended without shareholder approval in certain nonmaterial ways that could result in an increased cost to the Company. The Committee may amend, prospectively or retroactively, the terms of any outstanding award, or substitute new awards for previously granted awards, provided that no amendment or substitution is inconsistent with the

terms of the Plan or materially and adversely impairs the rights of any award grantee without his or her consent. Unless approved by shareholders, outstanding stock options and SARs may not be amended to reduce the exercise price to be less than 100% of the fair market value of the Common Shares as of the date of grant and repricing of outstanding stock options and SARs in any other manner is prohibited, except that this will not apply to changes resulting from the operation of the antidilution provisions of the Plan.

*Amended and Restated Awards Granted.* The following table sets forth the awards that have been authorized for grant after the 2004 Annual Meeting under the 2000 Stock Incentive Plan for fiscal year 2005 contingent on shareholder approval of the Amendment and Restatement of the 2000 Stock Incentive Plan. These awards were made by the Compensation Committee of the Board of Directors, consistent with the Company's compensation philosophy and objectives, upon review and recommendation of the Committee's independent compensation consultant.

Such persons are further required to furnish the Company with copies of all such forms filed by them. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all of the Section 16(a) filing requirements were satisfied by the Company's Directors, executive officers and beneficial owners of more than 10% of the Common Shares.

**SHAREHOLDER PROPOSALS**

Any shareholder proposal intended to be presented at the 2005 Annual Meeting of Shareholders must be received by the Company's Secretary at the Company's principal executive offices not later than February 21, 2005, for inclusion in the Proxy Statement and form of Proxy relating to that Annual Meeting. Each proposal submitted should be accompanied by the name and address of the shareholder submitting the proposal and the number of Common Shares owned. If the proponent is not a shareholder of record, proof of beneficial ownership should also be submitted. All proposals must be a proper subject for action and comply with the proxy rules of the Commission.

The Company may use its discretion in voting Proxies with respect to shareholder proposals not included in the Proxy Statement for the fiscal year ended March 31, 2005, unless the Company receives notice of such proposals prior to May 7, 2005.
