GENERAL INFORMATION

This Proxy Statement is furnished to the shareholders of Evans Bancorp, Inc., a New York corporation (the Company), in connection with the solicitation of proxies for use at the Twentieth Annual Meeting of Shareholders (the Annual Meeting) to be held at Romanello's South Restaurant, 5793 South Park Avenue, Hamburg, New York, on **Thursday, April 24, 2008 at 9:00 a.m.** and at any adjournments thereof. The enclosed proxy is being solicited by the Board of Directors of the Company.

Shares of common stock represented by a proxy in the form enclosed, properly executed, will be voted in the manner instructed, or if no instructions are indicated, in favor of the election of the director nominees named therein. The proxy given by the enclosed proxy card may be revoked at any time before it is voted by delivering to the Secretary of the Company a written revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any shareholder of record may vote in person at the Annual Meeting, whether or not he or she has previously given a proxy. Attendance at the meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the meeting.

This Proxy Statement and the enclosed proxy are first being mailed to shareholders on or about April 2, 2008.

VOTING SECURITIES

Only holders of shares of common stock of record at the close of business on March 10, 2008 are entitled to notice of and to vote at the Annual Meeting and at all adjournments thereof. At the close of business on March 10, 2008, the Company had 2,748,924 shares of common stock outstanding. For all matters to be voted on at the Annual Meeting, holders of common stock are entitled to one vote per share. A quorum of shareholders is necessary to hold a valid Annual Meeting. A majority of shares entitled to vote, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Broker non-votes and abstentions will be counted as being present or represented at the Annual Meeting for purposes of establishing a quorum.

Under the Company's bylaws and the laws of the State of New York, directors of the Company are elected by a plurality of the votes cast at the meeting by holders of shares of common stock entitled to vote in the election. That means the three director nominees will be elected if they receive more affirmative votes than any other nominees. A broker non-vote occurs on an item when a broker is not permitted to vote on that item without instruction from the beneficial owner of the shares and no instruction is given. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who beneficially own more than ten percent of the Company's common stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's officers and directors, the Company believes that during fiscal 2007, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were

complied with by such persons, except that David J. Nasca filed a late report on Form 4 to report a grant of 2,500 shares of restricted common stock of the Company and Kenneth C. Kirst filed a late report on Form 4 to report a transfer of 784 shares of common stock of the Company.

PROPOSAL
ELECTION OF DIRECTORS

The Company's bylaws provide for a classified board of directors, with three classes of directors, each nearly as equal in number as possible. Each class serves for a three-year term, and one class is elected each year. The Board of Directors is authorized by the Company's bylaws to fix from time-to-time, the number of directors that constitute the whole Board of Directors. The Board size has been set at eleven members. The nominees for director are: James E. Biddle, Jr., Kenneth C. Kirst and Nancy W. Ware, each of whom currently serves as a director and are standing for re-election.

Ms. Ware and Messrs. Biddle and Kirst, if elected as directors, will hold office for three years until the Annual Meeting of Shareholders in 2011 and until their successors are duly elected and qualified. The Board of Directors has no reason to believe that any nominee would be unable or unwilling to serve, if elected. In the event that any nominee for director becomes unavailable and a vacancy exists, it is intended that the Nominating Committee of the Board of Directors will recommend a substitute nominee for approval by the Board of Directors.

It is intended that proxies solicited by the Board of Directors will, unless otherwise directed, be voted **FOR** the director nominees: James E. Biddle, Jr., Kenneth C. Kirst and Nancy W. Ware.

The Company's Board of Directors recommends that you vote FOR each of the nominees of the Board of Directors.

The Company's bylaws set out the procedure to be followed by shareholders desiring to nominate directors for consideration at an annual meeting of shareholders. Under the Company's bylaws, shareholder director nominations must be submitted to the Secretary of the Company in writing not less than 14 days nor more than 50 days immediately preceding the date of the annual meeting. If less than 21 days notice of the annual meeting is given to shareholders, nominations must be mailed or delivered to the Secretary of the Company not later than the close of business on the seventh day following the day on which the notice of meeting was mailed. Such notification must contain the following information to the extent known by the notifying shareholder: (a) name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the total number of shares of common stock of the Company that will be voted for each proposed nominee; (d) the name and residence address of the notifying shareholder; and (e) the number of shares of common stock of the Company owned by the notifying shareholder. Additionally, the Company's bylaws require that, in order to serve as a director of the Company, an individual must own at least \$10,000 aggregate market value of the Company's common stock and must be less than 70 years of age. Nominations not made in accordance with the bylaws of the Company may be disregarded by the presiding officer of the meeting, in his/her discretion, and upon his/her instruction, the inspectors of election may disregard all votes cast for each such nominee. However, in the event that any such nominee is nominated by more than one shareholder, the nomination shall be honored, and all votes cast in favor of such nominee shall be counted if at least one nomination for that person complies with the provisions of the bylaws of the Company.

The process whereby the Nominating Committee identifies director candidates may include identification of individuals well-known in the community in which the Company operates and individuals recommended to the Nominating Committee by current directors or officers who know those individuals through business or other professional relationships, as well as recommendations of individuals to the Nominating Committee by shareholders and customers. The Nominating Committee is developing a formal procedure to be followed by shareholders desiring to submit director candidates to the Nominating Committee. This procedure will be made available in the Governance Document section of the Company's website. In its evaluation of prospective director candidates, the Nominating Committee considers an individual's independence (as defined in the marketplace rules of The Nasdaq Stock Market), skills and experience relative to the needs of the Company. Director candidates meet personally with the members of the Nominating Committee and are

Table of Contents

interviewed to determine their satisfaction of the criteria referred to above. There is no difference in the manner in which the Nominating Committee will evaluate director candidates recommended by shareholders, as opposed to director candidates presented for consideration to the Nominating Committee by directors, officers or otherwise.

Board Meetings and Attendance at Board of Director and Committee Meetings. The Company's Board of Directors met twelve times during fiscal 2007. The Bank's Board of Directors met twelve times during fiscal 2007. Each incumbent director attended at least 75% of: (1) the aggregate of all meetings of the Company's Board of Directors (held during the period for which he or she served as a director) and (2) all meetings held by the committees of the Company's Board of Directors on which he or she served (during the periods that he or she served).

Availability of Committee Charters and Other Corporate Governance Documents. Current copies of the charters for the Audit Committee, Human Resource and Compensation Committee, Governance Committee and Nominating Committee, copies of the Company's Chief Executive Officer/Treasurer Code of Ethics and Code of Conduct, the Policy for Communication to the Board of Directors, and the process for reporting questionable accounting or audit matters are available in the Governance Documents section of the Company's website at www.evansbancorp.com.

During fiscal 2007, non-employee directors were compensated at the rate of \$1,000 per meeting of the Company's Board of Directors, except Mr. Biddle who received \$1,300 per meeting for his administrative director services to the Board.

non-employee directors were compensated at a rate of \$350 per committee meeting of the Company's and Bank's Board of Directors, except that the chairperson of each committee received \$550 per meeting.

in addition to director meeting fees, Mr. Brothman received \$38,500 in 2007 for serving as Chairman of the Board of Directors of the Company and of the Bank. Mr. Brothman was not paid committee meeting fees.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis. The Human Resource and Compensation Committee's primary responsibilities include reviewing management's recommendations and making determinations regarding job classifications, salary ranges, annual merit increases and fringe benefits; and establishing the compensation levels of the Named Executive Officers of the Company. As part of this responsibility, the Committee individually reviews the performance of the senior executive officers, including the NEOs, and approves compensation actions for them, including all of the policies under which executive compensation is paid or awarded. The Committee also oversees management's decisions concerning the performance and compensation of other company employees, administers the Company's incentive compensation and other stock-based plans, at the advice of the Stock Option and Long-Term Incentive Plan Committee, and regularly evaluates the effectiveness of the Company's overall executive compensation program.

The Company believes that the quality, skills and dedication of senior executive officers are critical factors affecting the long-term value of the Company. The Company's key compensation goals are to attract superior executive talent; retain key leaders; reward past performance; and align executives' long-term interests with those of the Company's shareholders. The Company uses a variety of compensation elements to achieve these goals, including base salary, annual bonuses, stock options, deferred salary plans and a supplemental executive retirement plan, all of which will be discussed in detail below.

Table of Contents

The Committee's decisions on senior executive officer compensation, including NEO compensation, are based primarily upon the Committee's assessment of each executive's leadership and operational performance and potential to enhance long-term shareholder value. The Committee relies upon its judgment about each individual and not on rigid formulas or short-term changes in business performance in determining the amount and mix of compensation elements and whether each particular payment or award provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value. Key factors affecting the Committee's judgment include the executive's: performance compared to the financial, operational and strategic goals established for the executive by the Board of Directors at the beginning of each fiscal year; contribution to the Company's financial results, particularly with respect to key metrics such as asset growth, earnings, and return on capital; effectiveness in leading our initiatives to increase customer value; and commitment to community leadership.

The Committee also considers each NEO's current salary and prior-year bonus, the appropriate balance between incentive compensation for long-term and short-term performance, and the compensation paid to the NEO's peers within the bank and insurance industries, based on selected industry surveys. In addition, the Committee reviews a tally sheet setting forth the compensation payable to and the benefits accruing to, an NEO, including (1) estimated annual benefit under the Bank's Supplementary Executive Pension Plan, based on current service, (2) current year value of vested outstanding equity-based grants, (3) current year value of participation in the Company's Employee Stock Purchase Plan, (4) the change in current deferred compensation balances and accruals on deferred amounts, and (5) the value of certain perquisites.

The key elements of our NEO compensation program are:

1. **Base Salary.** Base salaries for our executives are established based on the current scope of their responsibilities, as well as future expectations. During 2007, the Company recruited for key executive positions with the skill set to grow and manage our organization. In recruiting these executives, salaries were influenced by local competition, which is dominated by large financial institutions. In addition to the local market, the Committee considered the survey data provided by America's Community Bankers and Clark Consulting in setting executive salaries. These salaries fall both below and above the midpoint ranges as disclosed in the survey data.
2. **Annual Bonus.** The Company pays annual bonuses to incent and reward performance for the year. Bonuses are paid in cash in February for the prior year's performance and are based upon the Committee's evaluation of each executive's individual performance during the prior year, in the context of the Committee's assessment of the overall performance of the Company and the executive's business unit or function in meeting the specific financial and other key goals established for the Company and the executive's business unit or function by the Board of Directors. This evaluation also includes an assessment of how the executive performed compared to the financial, operational and strategic goals and objectives established by the Board of Directors for the executive at the beginning of the year, but were not determined by a pre-defined formula. During fiscal 2007, the financial services industry was faced with a widespread economic slowdown, and the Company's overall operating results were flat in 2007. However, in consideration of the challenging operating environment our executive officers faced and the overall performance of the Company as compared to its peers, together with the foundational improvements made to the Company by our executive officers, the Committee believed that it was appropriate to pay bonuses to members of our executive team. Mr. Miller has a formula-based bonus as part of his employment contract and was not eligible for payment of a bonus for 2007.
3. **Stock Options.** Employees with the title of vice president and above may be eligible for discretionary stock option awards, which are granted at a strike price equal to the market value on the date of grant. These options, which generally have ten year vesting schedules and specific forfeiture rules, represent a powerful shareholder alignment incentive. The Stock Option and Long-Term Incentive Plan Committee determines the maximum number of options available for allocation. The overall number of option awards granted depends on the financial situation of the Company, a competitive assessment, and the ability to purchase underlying shares on the market.

Table of Contents

4. **Executive Deferred Salary Plan.** Under the Company's Deferred Compensation Plan, participating NEOs are able to defer, at their election, up to 100% of their base salary. This deferred salary amount accrues interest at a rate of 9.25%, which is based on the prime rate plus 1%. The interest rate is set at the beginning of each year and compounded annually, but interest income is not earned, and does not vest, unless the executive remains with the Company until vesting. Termination before the vesting date will result in an immediate payout of the deferred salary amount with no interest income payable, with exceptions for death, disability, and transfer to a successor employer. The Committee believes that this plan including the interest rate and vesting rule is an effective retention device.

5. **Supplemental Executive Retirement Plan (the SERP).** Messrs. Tilley, Glass, and Miller are participants of the SERP in order to increase their retirement benefits above amounts available under the Company's tax-qualified and other pension programs. The SERP is unfunded and is not qualified for tax purposes. An executive's annual benefit, when combined with amounts payable under the Company's tax-qualified and other pension programs and Social Security, will equal 70% of the executive's average last five years' salary before retirement at age 65. Because executives are generally not eligible for benefits under the SERP if they leave the Company prior to reaching age 60, the Committee believes that the SERP is one of the Company's most effective executive retention tools.

6. **Perquisites.** The Company provides its NEOs with perquisites that it believes are reasonable, competitive and consistent with its overall executive compensation program. The Company believes that its perquisites allow senior executive officers to operate more effectively. These perquisites may include a car allowance and/or club memberships.

Each year, the Committee meets in a session to review each NEO's performance in order to establish compensation for the following year. At this meeting, the Chief Executive Officer is asked to provide a general review for each senior executive's performance. After this discussion with the CEO, the Committee meets in executive session to review similar information regarding the CEO. Anticipating Mr. Tilley's retirement, the Committee did not award a salary increase for Mr. Tilley in 2007. Mr. Nasca and Mr. Kajtoch had negotiated their salary within their employment contract and did not receive a salary increase during 2007. Mr. Glass and Mr. Miller were awarded salary increases based upon individual performance, as well as consideration of survey data. The salary increases were commensurate with performance.

Employment Agreements. The Company believes that in today's competitive market a key tool to attracting and retaining senior executives and in protecting proprietary information and customer relationships is the use of clear and concise employment contracts. Mr. Nasca has an employment agreement with the Company and the Bank, Messrs. Glass, and Kajtoch have employment agreements with the Bank and Mr. Miller has an employment agreement with ENB Insurance Agency. A discussion of the material terms of these agreements is set forth in this Proxy Statement under the section "Employment Agreements" following the Grants of Plan-Based Awards table.

Pension Benefits. The following table sets forth the present value of the accumulated pension benefits for the Named Executive Officers as of fiscal year-end 2007 (1):

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
James Tilley	SERP Plan	19	975,170	99,896
	Defined Benefit Plan	19	355,235	26,992
William R. Glass	SERP Plan	14	463,519	
	Defined Benefit Plan	14	178,149	
Robert G. Miller, Jr.	SERP Plan	7	219,245	
	Defined Benefit Plan	7	56,708	

(1) The assumptions used to calculate the present value of accumulated benefits is set forth in Note 11 to the Consolidated Financial Statements of the Company in its Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

The following describes the material factors necessary to understand the pension benefits that are provided to the Named Executive Officers under the Bank's defined benefit pension and supplemental executive retirement plans.

Defined Benefit Pension Plan. The Bank maintains a defined benefit pension plan (the Pension Plan) for all eligible employees, including employees of its subsidiaries. An employee becomes vested in a pension benefit after five years of service. Upon retirement at age 65, vested participants are entitled to receive a monthly benefit. The following table indicates the annual retirement benefit that would be payable under the Pension Plan, pursuant to the amended benefit formula discussed below, upon retirement at age 65 in fiscal year 2007, expressed in the form of a single life annuity for the average annual earnings and years of credited service. The benefits listed below are not subject to deduction for

Social Security or other offset amounts.

Final Average Compensation	Years of Service at Normal Retirement			
	10	20	30	40
\$ 30,000	\$ 3,000	\$ 6,000	\$ 9,000	\$ 9,000
\$ 50,000	\$ 5,000	\$10,000	\$15,000	\$15,000
\$100,000	\$10,000	\$20,000	\$30,000	\$30,000
\$150,000	\$15,000	\$30,000	\$45,000	\$45,000
\$220,000	\$22,000	\$44,000	\$66,000	\$66,000

Pension Benefit Formula: 1% of compensation times years of service (max 30).

Prior to an amendment to the Pension Plan, effective May 1, 1994, the monthly benefit under the Pension Plan was 3% of average monthly compensation multiplied by years of service up to a maximum of 15 years of service. In 1994, the Pension Plan was amended to change the benefit to 1% of average monthly compensation (as defined under the Pension Plan, generally the highest five consecutive compensation years out of the latest ten compensation years at retirement) multiplied by years of service up to a maximum of 30 years of service.

However, the benefits already accrued by employees, including Mr. Tilley, prior to this amendment were not reduced by the amendment.

Management recently completed an analysis of the Pension Plan. Management considered industry trends, regional competition, as well as the new regulatory requirements involved in maintaining both a defined benefit pension plan, as well as the 401(k) plan. Based upon the analysis, there were significant changes made to the Defined Benefit Pension Plan in order to remain competitive with the industry.

Table of Contents

Effective January 31, 2008, the Defined Benefit Pension Plan was frozen. All benefits that eligible participants have accrued in the Plan to date will be retained. Employees will not continue to accrue additional benefits in the Plan from that date. Employees will be eligible to receive these benefits at normal retirement age.

Compensation generally is the compensation reported on Form W-2 as gross pay. In calculating a participant's benefit, annual compensation in excess of a limit set annually by the Secretary of the Treasury of the United States may not be considered. That limit (the IRS Compensation Limit) was \$220,000 for 2006. In addition, benefits provided under the Pension Plan may not exceed a benefit limit under the Internal Revenue Code (which was \$175,000 payable as a single life annuity beginning at normal retirement age in 2006). The Social Security Wage Base is the maximum amount of annual earnings or wages that is subject to the old age, survivors and disability insurance taxes that is in effect under the Social Security Act at the beginning of the plan year.

A participant is eligible for early retirement under the Pension Plan if the participant retires before normal retirement age but after attaining age 59 and completing 5 years of service. An early retirement benefit is reduced 1/15th per year for each year that the benefit commences prior to normal retirement age. At December 31, 2007, Mr. Glass had attained eligibility for early retirement under the Pension Plan. Mr. Miller was not eligible for early retirement. Mr. Nasca and Mr. Kajtoch did not have any credited service time in the Pension Plan at December 31, 2007. Mr. Tilley was retired at December 31, 2007. The Named Executive Officers are not eligible for unreduced Pension Plan benefits at any age before normal retirement age.

Benefits under the Pension Plan are 100% vested after an employee has completed at least five years of service. Messrs. Glass and Miller are 100% vested in their benefits in the Pension Plan. Mr. Tilley was retired and receiving payments from the Plan as of December 31, 2007.

The Company does not credit service in the Pension Plan beyond the actual number of years an employee has participated in the Plan or the plan of an acquired company that was merged into the Pension Plan. The years of credited service for all of the Named Executive Officers are based only on their service while eligible for participation in the Pension Plan or the prior pension plan of an acquired company. Generally, a participant must be paid for at least 1,000 hours of work during a plan year to be credited with a year of service for purposes of the Pension Plan.

Benefits under the Pension Plan are paid over the lifetime of the Named Executive Officer or the lifetimes of the Named Executive Officer and a beneficiary, as elected by the Named Executive Officer. If the Named Executive Officer is married on the date payments are to begin under the Pension Plan, payment will be in the form of a joint and 50% survivor annuity with the spouse as beneficiary, unless the Named Executive Officer elects another form of payment with the consent of the spouse. If benefits are paid in a form in which a benefit is to be paid to a beneficiary after the death of the Named Executive Officer, benefits are reduced from the amount payable as a lifetime benefit solely to the Named Executive Officer in accordance with the actuarial factors that apply to all participants in the Pension Plan. The Pension Plan generally does not make distributions in the form of a one-time lump sum payment. A participant's benefit is payable as an annuity with monthly benefit payments, unless the present value of the normal retirement benefit is less than \$5,000.

Benefits under the Pension Plan are funded by an irrevocable, tax-exempt trust. The Pension Plan benefits of all participants, including those benefits of Named Executive Officers, are payable from the assets held by the tax-exempt trust.

Supplemental Executive Retirement Plans. The Bank maintains a Supplemental Executive Retirement Plan (the SERP) in which each of Messrs. Glass and Miller is a participant. Messrs. Nasca and Kajtoch do not have any credited service time in the SERP as of December 31, 2007. Under the SERP, each of Messrs. Glass and Miller is entitled to an annual benefit payment equal to 70% of his final average earnings, currently defined as the highest average of five consecutive years out of the last ten worked, reduced by 50% of his annual Social Security benefit, the amount of his annual benefit under the Pension Plan, and the value of his annual benefit attributable to employer matching contributions to the Bank's 401(k) Plan, at or after attaining

Table of Contents

age 65. There are provisions for reduced early retirement benefits after attaining age 60 but prior to age 65, provided, however, that such benefits are reduced by 2% for each point by which the participant's age and years of service are less than 75. Upon a participant's entitlement to a benefit under the SERP, his benefit shall be paid in the form of either (i) a single life annuity with 15 payments guaranteed, or (ii) a lump sum payment which is actuarially equivalent to the annuity form of payment described in clause (i). Mr. Tilley retired in 2007 and received the first of his annual payments under the SERP as described in clause (i) in the previous sentence. The SERP also allows for payment of such benefit to a designated beneficiary under certain circumstances, such as upon the death of the employee.

Executive Life Insurance Plan. The Company provides an endorsement split-dollar benefit to certain officers and directors in connection with bank-owned life insurance maintained by the Bank. This benefit does not carry into retirement. The benefit for all non-employee directors is in the amount of \$200,000. The amount of the benefit of Named Executive Officers is 2.0 times base salary. The amount of the benefits for Messrs. Nasca, Kajtoch, Glass and Miller are \$400,000; \$300,000; \$360,056; and \$412,000, respectively.

Employee Savings Plan. The Bank also maintains a 401(k) salary deferral plan to assist employees, including employees of its subsidiaries, in saving for retirement. All employees are eligible to participate on the first of the month following date of hire. Eligible employees can contribute up to the maximum amount allowable under the Internal Revenue Code. In 2007, after one year of service, the Bank made matching contributions equal to an automatic 1% of an employee's base compensation plus 25% of the employee's contribution up to 4% of their annual base compensation. Participants were 100% vested both in their own contributions and the Bank's matching contribution.

For 2008, employees receive a 100% match from the Company in contributions up to 4% of base salary and a 50% match on contributions greater than 4% of base salary, up to 8% of salary. Employees vest in employer contributions over six years.

Individual account earnings will depend on the performance of the particular funds in which the participant invests. Specific guidelines govern adjustments to contribution levels, investment decisions and withdrawals from the plan. The benefit is paid as an annuity unless the employee elects one of the optional forms of payment available under the plan. See Summary Compensation Table for a summary of the amounts contributed by the Bank to the Employee Savings Plan for the benefit of Messrs. Tilley, Glass, DeBacker and Miller.

Non-Qualified Deferred Compensation. The following table sets forth information for the Non-Qualified Deferred Compensation Plan:

Name	Executive	Registrant	Aggregate	Aggregate	Aggregate

Robert G. Miller, Jr.	4,278		1,582		20,825

Deferred Compensation Plan. The Company's Non-Qualified Deferred Compensation Plan allows Named Executive Officers to elect to defer 1% to 100% of their base salary until retirement or termination of service. The Company credits such deferrals at a rate determined at the beginning of each plan year by the Human Resource and Compensation Committee, which is based on the prime rate then in effect. During fiscal 2007, amounts credited under the Deferred Compensation Plan at interest rates greater than 120% of the applicable federal long-term rate in effect have been reported for the Named Executive Officers in the Summary Compensation Table in the Change in Pension

Value and Non-Qualified Deferred Compensation column.

TRANSACTIONS WITH RELATED PERSONS

The Company's written policies and procedures with respect to transactions with related persons requires the review and approval or ratification by the Audit Committee for any transaction in which the Company will be a participant and any related person has or will have a material interest (direct or indirect), other than transactions involving less than \$5,000 when aggregated with all similar transactions. Related persons include the Company's directors, director nominees and executive officers and their immediate family members, as well as persons owning more than 5% of the Company's common stock and any immediate family member of such shareholder.

Under the Company's related person policy, a related person transaction may be consummated or continue if the Audit Committee shall have approved or ratified the transaction in accordance with the following guidelines: in considering whether to approve or ratify related person transactions, the Audit Committee will take into account, among other factors: whether the related person transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; whether the related person transaction has been reviewed and approved by the Company's subsidiary banking institution in accordance with Federal Reserve Regulation O and the process and procedure established by such subsidiary banking institution to insure compliance with Regulation O; whether the related person transaction is approved by the disinterested members of the Board of Directors; or whether the related person transaction involves compensation approved by the Company's Human Resource and Compensation Committee.

The Audit Committee meets annually with management to discuss and review related person transactions for that calendar year, including the proposed aggregate value of such transactions. After review and discussion, the Audit Committee will determine, based on the above guidelines, whether to approve or ratify each related person transaction, and at each subsequently scheduled meeting, management will update the Audit Committee, as necessary, as to any material change to related person transactions and any proposed related person transactions.

In the event a related person transaction is proposed during the interim period between regularly scheduled Audit Committee meetings, such transactions may be presented to the Audit Committee by management for approval or preliminarily entered into by management subject to ratification by the Audit Committee in accordance with the above guidelines; provided that if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

In particular, the Audit Committee approved the provision of certain life insurance policies from Massachusetts Mutual Life Insurance Company, Inc. for which Thomas H. Waring, Jr., a director, serves as agent on terms and conditions normal and customary in the ordinary course of business for the purchase of life insurance. The total premium paid to Massachusetts Mutual Life Insurance Company, Inc. was approximately \$209,000 and \$230,000 in fiscal 2007 and 2006, respectively. The aggregate amount received by Waring Financial Group for the placement of such life insurance policies was less than \$120,000 in each of fiscal 2006 and 2007; less than 5% of that firm's gross revenue.

Additionally, the Audit Committee approved the services of Harris Beach PLLC as its general counsel. Phillip Brothman, a director, is a member of that firm. The legal services provided (and to be provided) to the Company and its Bank subsidiary are considered normal and customary in the ordinary course of business. The aggregate fees paid to Harris Beach PLLC for legal services to the Company and to the Bank in fiscal 2007 and 2006 were approximately \$309,000 and \$342,000, respectively. The total amount of fees paid to Harris Beach PLLC is less than 5% of that firm's gross revenues for fiscal 2007 and 2006.

The Bank has had, and in the future expects to have, banking and fiduciary transactions with directors and executive officers of the Company and some of their affiliates. All such transactions have been in the ordinary course of business and on substantially the same terms (including interest rates and collateral on loans) as those prevailing at the time for comparable transactions with unrelated third parties, and do not involve more than a normal risk of collectivity or present other unfavorable features.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee has reviewed and discussed with the Company's management and KPMG LLP, the Company's independent auditors, the audited consolidated financial statements of the Company contained in the Company's Annual Report on Form 10-K for the 2007 fiscal year. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received and reviewed the written disclosures and the communication from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with KPMG LLP its independence from the Company. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for its 2007 fiscal year for filing with the Securities and Exchange Commission.

INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has appointed KPMG LLP to continue as the Company's independent auditors and to conduct the audit of the Company's consolidated financial statements for the year ending December 31, 2008. Representatives of KPMG LLP will be present at the Annual Meeting to respond to appropriate questions that may be raised, and they will have the opportunity to make a statement, if they so desire.

Fees Billed by KPMG LLP. The following table shows the fees that KPMG LLP billed the Company for audit and other services provided for fiscal years 2007 and 2006. Audit fees consist of professional services rendered for the audit of the Company's annual consolidated financial statements and internal controls over financial reporting, review of the Company's financial statements included in the Company's quarterly reports on Form 10-Q, and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings, including SEC filings or engagements for fiscal years 2007 and 2006. Tax fees consist of tax compliance, tax advice and planning services and assistance in the preparation of federal and state tax returns.

Table of Contents

	2007	2006
Audit Fees	\$ 147,000	\$ 118,000
Audit-Related Fees		
Tax Fees	50,460	54,228
All Other Fees		
Total	\$ 197,460	\$ 172,228

All fees listed in the table above were pre-approved by the Company's Audit Committee.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence and has concluded that such services did not impair KPMG LLP's independence. The Audit Committee's pre-approval policy details the types of audit, audit-related, tax and other services that have the general pre-approval of the Audit Committee, and the cost limits for those services. Unless a type of service to be provided by the independent auditors has received general pre-approval, it requires specific pre-approval by the Audit Committee. Also, any proposed services exceeding pre-approved cost levels require specific pre-approval by the Audit Committee.
