**PROXY STATEMENT  
FOR THE ANNUAL MEETING OF STOCKHOLDERS**

---

**To Be Held on July 25, 2002**

**GENERAL**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Red Hat, Inc. ( "Red Hat" or the Company ) for use at the Annual Meeting of Stockholders to be held at the Company headquarters, 1801 Varsity Drive, Raleigh, North Carolina on Thursday, July 25, 2002 at 10:00 a.m. and at any adjournments thereof (the Annual Meeting ). **All proxies will be voted in accordance with the stockholder's instructions, and if no choice is specified, the enclosed proxy card (or any signed and dated copy thereof) will be voted in favor of the matters set forth in the accompanying Notice of Meeting.** Any proxy may be revoked by a stockholder at any time before its exercise by: (i) delivering written revocation or a later dated proxy to the President or Secretary of the Company; or (ii) attending the Annual Meeting and voting in person.

Only stockholders of record as of the close of business on June 3, 2002, the record date fixed by the Board of Directors, will be entitled to vote at the Annual Meeting and at any adjournments thereof. As of June 3, 2002, there were an aggregate of 169,891,464 shares of common stock, par value \$.0001 per share ( "Common Stock" ), of the Company outstanding and entitled to vote. Each share is entitled to one vote.

The Board of Directors knows of no other matter to be presented at the Annual Meeting. If any other matter upon which a vote may properly be taken should be presented at the Annual Meeting, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

The Company's Annual Report on Form 10-K containing financial statements for the fiscal year ended February 28, 2002 is being mailed together with this Proxy Statement to all stockholders entitled to vote. It is anticipated that this proxy statement and the accompanying proxy will be first mailed to stockholders on or about June 21, 2002.

**VOTING PROCEDURES**

The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions, are counted as present for purposes of determining the presence or absence of a quorum for the Annual Meeting.

*Election of Directors.* Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The two nominees receiving the highest number of affirmative votes of the shares present or represented and voting on the election of directors at the Annual Meeting will be elected as Class III Directors for a three-year term. Shares represented by proxies received by the Board of Directors and not so marked as to withhold authority to vote for the nominee will be voted for the election of the nominee. If a stockholder properly withholds authority to vote for the nominee, such stockholder's shares will not be counted toward the nominee's achievement of a plurality.

*Other Matters.* The affirmative vote of the majority of shares present, in person or represented by proxy, and voting is required for approval for all other matters being submitted to the stockholders at the Annual Meeting. Abstentions are not

considered to have been voted for such matters and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matters by reducing the total number of shares from which the majority is calculated. If any matter not discussed in this Proxy Statement should be presented at the Annual Meeting and for which a vote may be properly taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

### **ELECTION OF DIRECTORS**

Pursuant to the Company's certificate of incorporation, the Board of Directors of the Company is divided into three classes. There are two directors currently serving in each of Class I, Class II and Class III. Each director serves for a three-year term, with one class of directors being elected at each Annual Meeting. The Class III Directors' term will expire at this Annual Meeting. All directors will hold office until their successors have been duly elected and qualified. F. Selby Wellman and Dr. Marye Anne Fox currently serve as the Class I Directors; Eugene J. McDonald and Matthew J. Szulik currently serve as Class II Directors; and Robert F. Young and William S. Kaiser currently serve as Class III Directors. Eric Hahn, who served as a Class I Director since prior to the Company's initial public offering, resigned from the board in May 2002 in order to serve as a technical consultant to the Company.

The nominees for Class III Director are Robert F. Young and William S. Kaiser, both of whom currently serve as Class III Directors of the Company. Shares represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for these nominees will be voted for their election. The Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of some other person, or for fixing the number of directors at a lesser number.

### **Board of Directors Meetings and Committees**

The Board of Directors of the Company held 13 meetings during the fiscal year ended February 28, 2002. During fiscal 2002, each of the directors attended at least 75% of the aggregate of all meetings of the Board of Directors and of all committees of the Board of Directors on which he or she then served. The Company has standing compensation, audit, and nomination/corporate governance committees. The compensation committee, of which Messrs. Wellman, Kaiser and McDonald are members, determines the compensation of the Company's senior management and administers the Company's stock option and stock purchase plans. The compensation committee held four meetings during fiscal 2002. The audit committee, of which Messrs. Wellman, Kaiser and McDonald are members, oversees financial results and internal controls of the Company, including matters relating to the appointment and activities of the Company's independent auditors. The Named Officers will receive cash only if and when they sell the common stock issued upon exercise of the options, and the amount of cash received by such individuals is dependent on the price of the Company's common stock at the time of such sale.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee of the Board of Directors is currently composed of F. Selby Wellman, William S. Kaiser and Eugene J. McDonald, none of whom is currently an officer or employee of the Company. Mr. Wellman serves as chairman of the committee. Pursuant to the authority delegated by the Board of Directors, the compensation committee is responsible for (i) establishing and administering the base salaries and cash bonuses of the Company's executive officers and (ii) administering and making recommendations and awards under the Company's 1998 Stock Option Plan, as amended (the 1998 Plan), 1999 Stock Option and Incentive Plan, as amended (the 1999 Plan), and the 1999 Employee Stock Purchase Plan (the 1999 ESPP).

The Company's executive compensation programs are designed (i) to attract and retain experienced and well-qualified executives capable of leading the Company to meet its business objectives and (ii) to motivate them to enhance long-term stockholder value. In setting the compensation level for executive officers, the compensation committee is guided by the following considerations:

compensation levels should be competitive with compensation generally being paid to executives in the electronic commerce industry to ensure the Company's ability to attract and retain superior executives;

each individual executive officer's compensation should reflect the performance of the Company as a whole, the performance of the officer's business unit, if applicable, and the performance of the executive officer; and

a significant portion of executive officer compensation should be paid in the form of equity-based incentives to link closely stockholder and executive interests and to encourage stock ownership by executive officers.

An executive's total compensation package includes a cash salary and bonus determined by the compensation committee, long-term incentive compensation in the form of stock options and various benefits, including a 401(k) retirement plan and medical insurance plans that are available to all employees of the Company. Salaries of the Company's Chief Executive Officer and the next four most highly compensated executives during fiscal 2002 are listed in the Summary Compensation Table found on page 8. The compensation committee reviews executive salaries at least once per year and, while it is not required to do so, it

may in its discretion increase these salaries. The compensation committee attempts to keep the Company's compensation programs competitive by comparing them with those of other local and national companies in the industry. The compensation committee also attempts to balance the compensation level for an individual executive against his or her specific job requirements, including the individual's influence on obtaining corporate objectives.

*Cash Compensation.* The compensation committee sets the annual salaries for individual executives by reviewing the salaries historically paid at the Company, the salaries paid by the Company's competitors to persons holding comparable positions and compensation studies prepared by independent third parties. The compensation committee determines any increases in annual salaries and bonuses based on a comparison of the executive's actual performance against his or her performance objectives, as well as on various subjective factors. The performance objectives for each executive depend on his or her area of responsibility and may include achievement of performance and financial objectives. Among the subjective factors considered by the compensation committee are the executive's ability to provide leadership, to develop the Company's business, to promote the Company's image with its customers and stockholders and to manage the Company's continuing growth.

*Equity Compensation.* The Company's equity compensation program is designed to (i) provide long-term incentives to executive officers, (ii) align compensation to creating long-term stockholder value, (iii) encourage executive officers to remain with the Company and promote the Company's business, and (iv) provide executives with the opportunity to obtain significant, long-term stock ownership in the Company's common stock.

The compensation committee has granted options to executive officers as the long-term incentive component of the executive officers' total compensation package. The compensation committee generally grants options that become exercisable over a four-year period as a means of encouraging executives to remain with the Company and to promote its success. In fiscal 2002, the compensation committee only awarded the Company's executives stock options with exercise prices equal to the fair market value of the Common Stock on the date of grant. As a result, executives will benefit from these stock option grants only to the extent that the price of the Company's common stock increases.

In deciding whether to grant options and in determining the number of shares to be subject to such options, the compensation committee generally reviews the option holdings of each of the executive officers, including the number of unvested options and the then-current value of such unvested options. The number of options granted to certain of the most highly compensated executive officers of the Company in fiscal 2002 is set forth in the table captioned "Option Grants in Last Fiscal Year" found on page 9. The total options held by each of these executives at February 28, 2002 is set forth in the table captioned "Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values" found on page 10.

*CEO Compensation.* Compensation during fiscal 2002 for Mr. Szulik was determined in accordance with the policies applicable to the other executive officers of the Company described above. The compensation committee believes that Mr. Szulik's compensation was competitive with the compensation paid by other companies in its industry to their chief executive officers. The compensation committee determined Mr. Szulik's compensation based upon the Company's overall performance, the performance of his management team, the compensation paid by competing companies and the Company's prospects, among other objective and subjective factors, including the achievement of performance targets in accordance with the Company's executive compensation policies. The compensation committee does not find it practicable to quantify or assign relative weight to the factors on which the Chief Executive Officer's compensation is based. Mr. Szulik's annual compensation for the fiscal year ended February 28, 2002, including the restricted stock grant he received, is reflected in the table captioned "Summary Compensation Table" found on page 8. The compensation committee granted options to Mr. Szulik in fiscal 2002 as reflected in the table captioned "Option Grants in Last Fiscal Year" found on page 9. The total options held by Mr. Szulik at February 28, 2002 is set forth in the table captioned "Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values" found on page 10.

*Tax Matters.* In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes qualified performance-based compensation within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The compensation committee has considered the limitations on deductions imposed by Section 162(m) of the Code, and it is the compensation committee's present intention that, for so long as it is consistent with its overall compensation objective, substantially all tax deductions attributable to executive compensation will not be subject to the deduction limitations of Section 162(m) of the Code.

Respectfully submitted,

THE COMPENSATION COMMITTEE
