NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

NOTE 1 -

### PRINCIPLES OF CONSOLIDATION AND BUSINESS AND CONTINUED OPERATIONS

#### PRINCIPLES OF CONSOLIDATION

The condensed consolidated financial statements include the accounts of New Visual Corporation and its wholly-owned operating subsidiaries, NV Entertainment, Inc., Impact Multimedia, Inc. and NV Technology, Inc. (formerly New Wheel Technology, Inc.) ("New Wheel") (collectively, the "Company"). All significant intercompany balances and transactions have been eliminated.

#### BUSINESS AND CONTINUED OPERATIONS

New Visual Corporation was incorporated under the laws of the State of Utah on December 5, 1985.

In November of 1999, the Company began to focus its business activities on the development of new content telecommunications technologies. Pursuant to such plan, in February of 2000, the Company acquired New Wheel Technology, Inc., a development stage, California-based, technology company, which now operates as the Company's wholly-owned subsidiary, NV Technology, Inc., a Delaware corporation. As a result of the change in business focus, the Company became a development stage entity commencing November 1, 1999. The Company also produces and distributes 2-D and 3-D filmed entertainment.

The accompanying condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, for the nine months ended July 31, 2002, the Company incurred a net loss of \$7,371,945 and, as of July 31, 2002, had a working capital deficiency of \$4,093,516. The Company has limited finances and requires additional funding in order to accomplish its growth objectives and marketing of its products and services. There is no assurance that the Company can reverse its operating losses, or that it can raise additional capital to allow it to expand its planned operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The Company operates in two business segments, the production of motion pictures, films and videos (entertainment segment) and development of new content telecommunications technologies (telecommunication segment). The success of the Company's entertainment business is dependent on future revenues from the Company's current joint venture production agreement to produce a feature-length film for theatrical distribution.

NOTE 1 -

PRINCIPLES OF CONSOLIDATION AND BUSINESS AND CONTINUED OPERATIONS (CONTINUED)

BUSINESS AND CONTINUED OPERATIONS (CONTINUED)

The success of the Company's telecommunication segment is dependent upon the successful completion of development and testing of its broadband technology currently under development by its wholly-owned subsidiary, NV Technology, Inc. No assurance can be given that the Company can complete development of such technology, or that with respect to such technology that is fully developed, it can be commercialized on a large scale basis or at a feasible cost. No assurance can be given that such technology will receive market acceptance.

Until the commencement of sales from either segment, the Company will have no operating revenues, but will continue to incur substantial operating expenses, capitalized costs and operating losses.

Management's business plan will require additional financing. To support its operations during the nine months ended July 31, 2002, the Company borrowed \$2,007,750 from various trusts and individuals and issued convertible promissory notes.

During the nine months ended July 31, 2002, the Company received \$1,978,925 from the sale of 5,853,675 shares of its common stock and \$728,000 from the exercise of 2,912,000 warrants. The Company is exploring other financing alternatives, including private placements and public offerings.

The Company's ability to continue as a going concern is dependent upon obtaining additional financing. These consolidated financial statements do not include any adjustments relating to the recoverability of recorded asset amounts that might be necessary as a result of the above uncertainty.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation, have been included. Operating results for the nine-month period ended July 31, 2002 are not necessarily indicative of the results that may be expected for the year ending October 31, 2002.

The condensed consolidated balance sheet at October 31, 2001 has been derived from the audited consolidated financial statements at that date, but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

BUSINESS AND CONTINUED OPERATIONS (CONTINUED)

For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended October 31, 2001.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RESEARCH AND DEVELOPMENT

Research and development costs are charged to expense as incurred. Amounts allocated to acquired-in-process research and development costs from business combinations are charged to earnings at the consummation of the acquisition.

LOSS PER SHARE

Basic earnings per share is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share gives effect to all dilutive potential common shares outstanding during a period. No effect has been given to outstanding options, warrants or convertible notes in the diluted computation, as their effect would be antidilutive.

STOCK-BASED COMPENSATION

As permitted by Statement of Financial Accounting Standards ('SFAS') No. 123, "Accounting for Stock-Based Compensation," the Company accounts for its stock-based compensation arrangements pursuant to APB Opinion No. 25, "Accounting for Stock Issued to Employees." In accordance with the provisions of SFAS No. 123, the Company discloses the pro forma effects of accounting for these arrangements using the Black-Scholes option pricing model to determine fair value.

(UNAUDITED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

IMPAIRMENT OF LONG-LIVED ASSETS

The Company reviews long-lived assets and certain identifiable intangibles for impairment whenever events or changes in circumstances indicate that the total amount of an asset may not be recoverable. An impairment loss is recognized when estimated future cash flows expected to result from the use of the asset and its eventual disposition are less than its carrying amount.

SEGMENT REPORTING

Effective January 1, 1998, the Company adopted the provisions of SFAS No. 131, "Disclosures About Segments of an Enterprise and Related Information." SFAS No. 131 establishes standards for the way public enterprises report information about operating segments in annual financial statements and requires those enterprises to report selected information about operating segments in interim financial reports issued to stockholders.

RECLASSIFICATIONS

Certain prior year balances have been reclassified to conform with the current year presentation.

IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

In April 2002, the Financial Accounting Standards Board ("FASB") issued SFAS No. 145, "Rescission of FASB Statement No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections". SFAS No. 145 requires that gains and losses from extinguishment of debt be classified as extraordinary items only if they meet the criteria in Accounting Principles Board Opinion No. 30 ("Opinion No. 30"). Applying the provisions of Opinion No. 30 will distinguish transactions that are part of an entity's recurring operations from those that are unusual and infrequent that meet the criteria for classification as an extraordinary item. The Company is required to adopt SFAS No. 145 no later than the first quarter of fiscal 2003, although early adoption is allowed. The Company has not yet evaluated the impact from SFAS No. 145 on its financial position and results of operations.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullified Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including certain costs incurred in a restructuring)." SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. These costs include lease, costs to consolidate facilities or relocate employees, and certain termination benefits provided to employees that are involuntarily terminated under the terms of a one-time benefit arrangement. A fundamental conclusion reached by the FASB in this statement is that an entity's commitment to a plan, by itself, does not create a present obligation to others that meets the definition of a liability. SFAS No. 146 also establishes that fair value is the objective for initial measurement of the liability. The provisions of this statement are effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. The Company has not yet determined the impact of SFAS No. 146 on its financial position and results of operations.

### NOTE 3 - NOTES RECEIVABLE FROM RELATED PARTY

On September 6, 2001, the Company converted advances made to an officer in the amount of \$99,656 into a promissory note, which is payable on demand and bears an interest rate of 7.0% per annum.

On January 1, 2002, the Company converted advances made to an officer in the amount of \$67,631 into a promissory note, which is payable on demand and bears an interest rate of 7.0% per annum.

As of July 31, 2002, the outstanding amount from the above notes was \$176,332, of which \$9,045 represented accrued interest.

### DEVELOPMENT AND LICENSE AGREEMENT

On April 17, 2002, the Company entered into a development and license agreement with Adaptive Networks, Inc. ("ANI") to acquire a worldwide, perpetual license to ANI's Powerstream technology, intellectual property, and patent portfolio for use in products relating to all applications in the field of the copper telephone wire telecommunications network. In consideration of the grant of the license, the Company assumed certain debt obligations of ANI to Zaiq Technologies, Inc. ("Zaiq") and TLSI, Inc. ("TLSI"). The Company then issued 3,192 shares of its Series B Preferred Stock, valued at \$3,192,000, with a liquidation preference of \$1,000 per share and paid \$250,000 in cash to Zaiq in satisfaction of the Zaiq debt. The Company also issued 624,480 shares of common stock, valued at \$750,000, to TLSI in satisfaction of the TLSI debt. The value of the consideration issued by the Company in connection with the license agreement totaled \$4,192,000.

The Company also agreed to pay ANI a development fee of \$1,559,000 for additional development services and to pay ANI a royalty equal to a percentage of the net sales of products sold by the Company and license revenue received by the Company. Through July 31, 2002, \$844,000 of this development fee remained to be paid.

NOTE 7 - CONVERTIBLE NOTES PAYABLE AND LOAN PAYABLE

During 2001 and 2002, the Company entered into several convertible promissory note agreements with various trusts and individuals, totalling \$2,134,500. The Company agreed to pay the principal and an additional amount equal to 50% of the principal. The notes are due when the Company reaches certain milestones from the distribution of its motion picture, which is currently in production. The notes may be converted at any time, in whole or in part, into that number of fully paid and non-assessable shares of common stock at a conversion price ranging from \$.40 to \$1.00. During the nine months ended July 31, 2002, principal and unpaid interest on eighteen convertible promissory notes, totalling \$2,039,625, of which \$679,875 represented accrued interest, were converted into 4,241,697 shares of the Company's common stock. The remaining principal balance was \$763,000 at July 31, 2002.

Several of the above convertible note agreements, that were entered into during the nine months ended July 31, 2002, were convertible into common stock at a conversion rate lower than the market price at the issuance of the convertible notes. The value of such beneficial conversion features was \$765,719 and such amount was charged to financing costs during the nine months ended July 31, 2002.

On July 17, 2002, the Company entered into a promissory note agreement with an individual totalling \$500,000. The Company agreed to pay the principal and interest at 10% per annum on November 1, 2002.

#### NOTE 8 - REDEEMABLE SERIES B PREFERRED STOCK

On April 10, 2002, the Company amended its Articles of Incorporation and designated 4,000 of its authorized preferred stock as Series B Preferred Stock, par value \$.01 per share, with a liquidation preference of \$1,000 per share.

The Series B Preferred Stock is mandatorily redeemable by the Company at the liquidation preference as follows:

- (i) Closing of a financing transaction of at least \$15 million.
- (ii) Closing of a corporate transaction (such as a merger, consolidation, reorganization, sale of significant assets, etc.) resulting in a change of control.
- (iii) In the event the Company completes a financing, which is at least \$3 million but less than \$15 million, the Company must partially redeem the Series B Preferred Stock based on a fraction, the numerator of which is the net cash proceeds received by the Company, as a result of the financing transaction, and the denominator of which is \$15 million.
- (iv) The Company is obligated to redeem any outstanding Series B Preferred Stock at its liquidation preference, in eight equal quarterly payments, commencing on March 31, 2005 and ending on December 31, 2006.

Holders of Series B Preferred Stock are entitled to receive dividends if, as and when declared by the Company's Board of Directors in preference to the holders of its common stock and of any other stock ranking junior to the Series B Preferred Stock with respect to dividends.

The Company cannot declare or pay any dividend or make any distribution on its common stock unless a dividend or distribution of at least two times the dividend paid on the common stock is also paid on the Series B Preferred Stock. Holders of Series B Preferred Stock are also entitled to share pro-rata (based on the aggregate liquidation preference) in any dividend, redemption or other distribution made to any other series of the Company's preferred stock. The Series B Preferred Stock does not have voting rights, except as required by law.

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

NOTE 8 -

### REDEEMABLE SERIES B PREFERRED STOCK (CONTINUED)

Each share of the Series B Preferred stock is convertible into shares of the Company's common stock by dividing \$1,000 by the conversion price. The conversion price is the fair market value of the Company's common stock at the time of conversion, but not to be less than \$.34 per share, subject to adjustment, and not to exceed \$4.00 per share, subject to adjustment. Holders of the Series B Preferred Stock were granted piggy-back registration rights to register common shares reserved for such conversion.

In April 2002, the Company issued 3,192 shares of its Series B Preferred Stock, with redemption and liquidation preference of \$3,192,000, in connection with a development and license agreement discussed in Note 5. As of July 31, 2002, there were 4,000 authorized shares Series B Preferred Stock and 3,192 issued and outstanding. Based on the redemption term, the Series B Preferred Stock is not included in stockholders' equity.

#### SIGNIFICANT COMMON STOCK ISSUANCES DURING THE NINE MONTHS ENDED JULY 31, 2002

In February 2002, the Company issued an aggregate of 1,261,946 restricted shares of its common stock to seven individuals who purchased common stock of the Company in a private placement completed in March 2001 and contended that they were entitled to receive these additional shares in connection with their initial purchase agreements. The parties reached an amicable resolution of the matter and the Company received a full and complete release from each investor.

On February 25, 2002, the Company issued a restricted stock award of 500,000 shares of common stock to an executive officer in consideration of his services to the Company. The restricted stock award was granted pursuant to the Company's 2000 Plan. The executive officer purchased the shares for \$.001 per share, which are subject to a risk of forfeiture until they vest. The executive officer will not receive possession of the certificates representing the shares, and may not sell any of the shares until such shares vest, which will occur quarterly, 125,000 shares per quarter, beginning April 30, 2002. The Company has the right, pursuant to the terms of the restricted stock award, to repurchase any unvested shares issued pursuant to the award for \$.002 per share in the event the executive officer is terminated, or if there is a change of control of the Company. The compensatory value recognized during the nine months ended July 31, 2002 was \$125,000.

On February 25, 2002, the Company issued 485,000 shares of restricted common stock to two employees in consideration of their services to the Company. The value assigned to the common stock totaled \$178,238.

### CONSULTING AGREEMENT

On February 11, 2002, the Company entered into a one-year consulting agreement for financial communications services, pursuant to which the Company agreed to pay the consultant \$10,000 in cash per month. The consulting agreement provides that the Company may terminate the consulting services at any time following 90 consecutive days of representation by the consultant. Pursuant to the agreement, the Company granted the consultant warrants to purchase 300,000 shares of its common stock at exercise prices ranging from \$.75 to \$2.25. All of the warrants are exercisable immediately, hold piggy-back registration rights and expire two years from the grant date. The fair value of stock options estimated on the date of grant using the Black-Scholes option pricing model is \$4,500.

On March 22, 2002, the Company entered into a consulting agreement with an individual for advisory services relating to the Company's technology for transmitting high speed data over extended ranges of copper telephone wire. The Company agrees to pay the consultant \$15,000 per month and options to purchase 50,000 shares of its common stock at an exercise price of \$1.02. All of the options are exercisable immediately and expire ten years from the grant date. The fair value of stock options estimated on the date of grant using the Black-Scholes option pricing model is \$1.16, or \$58,000.

On July 17, 2002, the Company entered into a one-year consulting agreement with an individual for consulting, advisory and related services. The Company agreed to pay the consultant a one-time payment of \$250,000 in the event the Company receives gross revenue in the amount of at least \$2,250,000 from the distribution of the Company's motion picture.

On July 30, 2002, the Company entered into a five-month consulting agreement with a consulting company for consulting and advisory services in connection with strategic business planning. The Company agreed to issue 350,000 restricted

shares of the Company's common stock and warrants to purchase an aggregate of 1,000,000 shares of the Company's common stock at an exercise price of \$.75 per share. All of the warrants are exercisable immediately and expire five years from the grant date. The fair value of warrants estimated on the date of grant using the Black-Scholes option pricing model is \$46,737.

### ROYALTY PAYMENTS

The Company's projects under development stipulate royalty payments that are based on percentages of revenue.

### JOINT VENTURE PRODUCTION AGREEMENT

In April 2000, the Company entered into a joint venture production agreement to produce a feature length film for theatrical distribution. The Company will provide the funding for the production in the amount of \$2,250,000 and, in exchange, will receive a 50% share in all net profits from worldwide distribution and merchandising, after receiving funds equal to its initial investment of up to \$2,250,000. The Company's management currently expects to receive revenue from the film in three categories. These categories are upfront distribution licenses, product or title sponsorships, and, of course, box-office ticket sales. Initial revenues are expected late in calendar 2002 or early 2003. The Company has agreed to deposit into a separate account, on a monthly basis, funds to assure a minimum balance of \$200,000 at the beginning of each month, until the total of \$2,250,000 has been deposited into the account. As of July 31, 2002, the Company has funded approximately \$1,980,000 of production and other costs, which was included in projects under development in the accompanying consolidated balance sheet. In addition, approximately \$266,000 was funded to purchase camera equipment.

### LEGAL PROCEEDINGS AND SETTLEMENT

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

On February 4, 2002, a lawsuit was filed against the Company by Creditors Adjustment Bureau, Inc., a California corporation, who was allegedly assigned rights to any judgement collected on amounts allegedly owed to Arter & Hadden, LLP, the Company's former legal counsel. The plaintiff seeks damages in the amount of \$110,559.86, plus 10% interest, costs of the suit and reasonable attorney's fees. The Company does not believe the resolution of this matter will have a material adverse effect on the Company's financial position or results of operation.

Subsequent to July 31, 2002, the Company reached an agreement to settle the above lawsuit. The Company agreed to pay Creditors Adjustment Bureau, Inc. an aggregate of \$80,000 in eight monthly installments beginning in October 2002, or an aggregate of \$70,000 if the Company pays the entire amount due on or before December 31, 2002.

On June 28, 2002, the Company entered into a settlement agreement and mutual release in certain litigation filed by Allan Blevins and Michael Shepperd, former officers of the Company. Under the terms of settlement, Blevins and Shepperd will return to the Company 2.2 million shares of its common stock, which will then be cancelled by the Company. The parties agreed that a total of 500,000 shares of the Company's common stock would be purchased from Blevins and Shepperd for \$375,000 (\$.75 per share), payable in four equal installments of \$93,750, due on August 1, September 15, November 1 and December 15, 2002. The Company retained the right to purchase the 500,000 shares or to assign such right to a third party. The Company also agreed to pay the attorney for Blevins and Shepperd \$75,000 in four equal installments payable on August 1, September 15, November 1 and December 15, 2002. The Company has entered into an agreement with an entity to purchase at least \$293,000 of the shares to be purchased from Blevins and Shepperd. Accordingly, the accompanying financial statements reflect the Company's remaining obligation to purchase 109,333 shares of stock from Blevins and Shepperd for \$82,000. The legal fees have been accrued in full at July 31, 2002 and the accounting for the stock transaction will be determined at the time of settlement.

Blevins and Shepperd will continue to hold a total of 300,000 shares of the Company's common stock issued at the time of a February 2000 merger. They have contractually agreed that these shares will be subject to a lockup and will only become available for public sale at specified dates and amounts between now and January 2004.

Court in Santa Clara County against New Visual Corporation and NV Technology, by Brad Lundahl (d/b/a Lundahl Engineering) alleging that the Company breached a contract for consulting services it entered into with Mr. Lundahl in July 2000, by failing to pay Mr. Lundahl for his services as provided under the agreement. The lawsuit sought to compel arbitration based upon a provision mandating arbitration contained in the contract in question. The Company has agreed to arbitrate and intends to vigorously dispute whether any amount is due to Mr. Lundahl. The amount in controversy is not stipulated in the lawsuit, but is believed to be approximately \$40,000. The Company does not believe that the resolution of this matter will have a material adverse effect on the Company's financial condition or results of operations.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion and analysis of our results of operations and should be read in conjunction with the financial statements and related notes contained in this Form 10-Q.

#### RESULTS OF OPERATIONS

##### COMPARISON OF THE NINE MONTHS ENDED JULY 31, 2002 AND 2001.

**REVENUES.** We are a development-stage company. There were no revenues for the nine months ended July 31, 2002 or the nine months ended July 31, 2001.

**OPERATING EXPENSES.** Operating expenses included the compensatory element of stock issuances, research and development expenses, the costs of a litigation settlement and selling, general and administrative expenses. Total operating expenses decreased to approximately \$5,506,000 for the nine months ended July 31, 2002, from approximately \$7,264,000 for the nine months ended July 31, 2001. The larger expense in 2001 resulted primarily from a \$1,000,000 charge relating to stock issued in a litigation settlement during the nine months ended July 31, 2001. The Company issued 250,000 shares of common stock valued at \$1,000,000 in a February 2001 settlement with Astounding.com, Inc. and Jack Robinson in connection with certain disputes arising from a non-consummated merger between New Visual Corporation and Astounding.com, Inc. There was no similar event during the nine months ended July 31, 2002. Also, the issuance of common stock for consulting services declined from approximately \$2,410,000 for the nine months ended July 31, 2001 to approximately \$1,601,000 for the nine months ended July 31, 2002. Selling, general and administrative expenses amounted to approximately \$2,505,000 and \$2,663,000 for the nine-month periods ended July 31, 2002 and July 31, 2001, respectively. The decreases in operating expenses were offset by an increase in research and development expenses from approximately \$1,190,000 for the nine months ended July 31, 2001 to approximately \$1,400,000 for the nine months ended July 31, 2002.

**OTHER EXPENSES.** Other expenses included amortization of unearned financing costs and interest expense. Total other expenses increased to approximately \$1,866,000 for the nine months ended July 31, 2002 from approximately \$777,000 for the nine months ended July 31, 2001. The increase was primarily due to an increase in interest expense of approximately \$900,000 resulting from the interest component of convertible notes payable issued during the nine months ended July 31, 2002. In addition, several of these convertible notes were convertible into common stock at a conversion rate lower than the market price at the time of issuance of the notes. As a result, there was an additional charge to amortization of unearned financing costs of approximately \$766,000. The increases in these expenses were offset by a reduction in the costs of amortization of unearned financing costs of approximately \$508,000 in connection with a long-term debt financing arrangement. During the year ended October 31, 2001 the Company paid down long-term debt in connection with this financing arrangement amounting to \$500,000.

**NET LOSS.** Our net loss was approximately \$7,372,000, or \$0.19 per common share, for the nine months ended July 31, 2002, a decrease from our net loss of approximately \$8,041,000, or \$0.32 per common share, for the same period last year.

##### COMPARISON OF THE THREE MONTHS ENDED JULY 31, 2002 AND 2001.

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

REVENUES. We are a development-stage company. There were no revenues for the three months ended July 31, 2002 or the three months ended July 31, 2001.

28

OPERATING EXPENSES. Operating expenses included the compensatory element of stock issuances, research and development expenses and selling, general and administrative expenses. Total operating expenses decreased to approximately \$1,389,000 for the three months ended July 31, 2002, from approximately \$4,395,000 for the three months ended July 31, 2001. The decrease resulted primarily from a reduction in the issuance of common stock for consulting services from approximately \$2,410,000 for the three months ended July 31, 2001 to approximately \$139,000 for the three months ended July 31, 2002. Research and development expenses decreased by approximately \$407,000 to approximately \$121,000 for the three-month period ended July 31, 2002 compared to the prior year. This amount does not include \$615,000 of development fees paid to Adaptive Networks during this period, which are being capitalized. Selling, general and administrative expenses decreased to approximately \$1,129,000 for the three months ended July 31, 2002 from approximately \$1,457,000 for the three months ended July 31, 2001.

OTHER EXPENSES. Other expenses included amortization of unearned financing costs and interest expense. Total other expenses increased to approximately \$893,000 for the three months ended July 31, 2002 from approximately \$259,000 for the three months ended July 31, 2001. The increase was principally due to an increase in interest expense of approximately \$454,000 resulting from the interest component of convertible notes payable issued during the three months ended July 31, 2002. In addition, several of these convertible notes were convertible into common stock at a conversion rate lower than the market price at the time of issuance of the notes. As a result, there was an additional charge to amortization of unearned financing costs of approximately \$404,000. The increases in these expenses were offset by a reduction in the costs of amortization of unearned financing costs of approximately \$169,000 in connection with a long-term debt financing arrangement. During the year ended October 31, 2001 we paid down long-term debt in connection with this financing arrangement amounting to \$500,000.

NET LOSS. Our net loss was approximately \$2,283,000, or \$0.05 per common share, for the three months ended July 31, 2002, a decrease from our net loss of approximately \$4,654,000, or \$0.18 per common share, for the same period last year.

### LIQUIDITY AND CAPITAL RESOURCES.

Net cash used in operating activities was approximately \$3,641,000 and \$4,476,000 for the nine months ended July 31, 2002 and July 31, 2001, respectively. Cash balances totaled approximately \$295,000 as of October 31, 2001 and \$77,000 as of July 31, 2002.

Operations have been financed principally through sales of common stock, the exercise of warrants to purchase common stock, loans, the issuance of convertible notes payable and notes payable. Net proceeds from financing activities amounted to approximately \$4,391,000 for the nine months ended July 31, 2002, including sales of common stock of approximately \$1,979,000, exercise of warrants of approximately \$728,000, the issuance of notes payable of approximately \$500,000 and the issuance of convertible notes payable of approximately \$1,508,000. Net proceeds from financing activities amounted to approximately \$4,558,000 for the nine months ended July 31, 2001. During the

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

nine-month period ended July 31, 2001 sales of common stock amounted to approximately \$5,058,000 and notes payable amounting to approximately \$500,000 were repaid.

Stock was issued in payment of expenses amounting to approximately \$1,601,000 and \$2,410,000 for the nine-month periods ended July 31, 2002 and July 31, 2001, respectively. Stock was issued in settlement of litigation in the amount of \$1,000,000 during the nine months ended July 31, 2001.

In April 2000, we entered into a joint venture production agreement to produce a feature length film for theatrical distribution. Under the agreement, we are providing the funding for the production in the amount of \$2,250,000 and, in exchange, we will receive a 50% share in all net profits from worldwide distribution and merchandising, after receiving funds equal to our initial investment of up to \$2,250,000. As of July 31, 2002, we had funded approximately \$2,246,000 of the production costs towards this project, which included the purchase of camera equipment of approximately \$266,000.

29

Research and development expenses totaled approximately \$1,400,000 and \$1,190,000 for the nine months ended July 31, 2002 and the nine months ended July 31, 2001, respectively. This amount does not include \$715,000 of development fees paid to Adaptive Networks during this period, which are being capitalized.

During the nine months ended July 31, 2002, we issued convertible notes payable totaling approximately \$1,508,000. We agreed to pay the principal and interest in an amount equal to 50% of the principal if certain milestones are reached from the distribution of the feature length film currently in production. Because several of the notes were convertible into common stock at a conversion rate lower than the market price at the time of issuance of the notes, additional expense was recorded in the approximate amount of \$766,000. The notes are convertible at any time, in whole or in part, into shares of common stock at conversion prices ranging from \$0.40 to \$1.00 per share. During the three months ended July 31, 2002, four convertible notes were converted into 210,000 shares of our common stock, resulting in the cancellation of \$189,000 in principal and interest that would have been outstanding under the notes.

In June 2000, we entered into five long-term credit facilities, pursuant to which we borrowed \$750,000. We repaid \$500,000 of these borrowings during fiscal 2001. The remaining principal and interest at 6% per year will be due in June 2003.

In April 2002, we entered into an agreement with Adaptive Networks, Inc. for development services relating to our FPGA-based prototype. We agreed to pay Adaptive an aggregate of \$1,559,000 for these services. As of July 31, 2002, the remaining balance due to Adaptive is \$844,000.

In April 2002, we issued 3,192 shares of Series B Preferred Stock to Zaiq Technologies, Inc. in connection with our purchase of a receivable due to Zaiq from Adaptive Networks, Inc. We then forgave the receivable as partial payment for a worldwide, perpetual technology license from Adaptive. We must offer to redeem all of the Series B Preferred Stock if we close a corporate transaction resulting in a change of control or a financing transaction of at least \$15 million. If we close a financing transaction of at least \$3 million but less than \$15 million, we must offer to redeem a portion of the Series B Preferred Stock based on a fraction, the numerator of which is the cash proceeds we receive in the financing transaction and the denominator of which is \$15 million. We are also required to offer to redeem the outstanding Series B Preferred Stock in eight equal quarterly payments beginning March 31, 2005 and

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

ending December 31, 2006.

In July 2002, we borrowed \$500,000 from the Charles R. Cono Trust. These borrowings are unsecured and bear interest at 10% per annum. All principal and interest will be due in a lump sum on or before November 1, 2002.

Management has observed over the last several months that due to the current economic and stock market climate, our recent stock price and market volatility, and general market conditions in the semiconductor and telecommunications industries, funding for our operations has become more difficult to secure and more expensive than in prior periods. Management is presently taking steps to reduce monthly cash outlays through arrangements with vendors to accept longer payment terms and reductions of recurring expenses, when possible, including potential staff and management changes. Our management team also agreed in August to temporarily defer a portion of executive salaries in order to reduce monthly cash expenditures while the Company continues to pursue additional financing. However, additional cash must be raised in order to continue to meet liquidity needs and satisfy our proposed business plan. Management is presently investigating potential financing transactions that it believes can provide additional cash for operations and be profitable in both the short and long-term. Management also intends to attempt to raise funds through private sales of common stock and borrowings. Although management believes these efforts will enable us to meet our liquidity needs in the future, there can be no assurance that these efforts will be successful.

### GOING CONCERN CONSIDERATION

We have continued losses in each of our years of operation, negative cash flow and liquidity problems. These conditions raise substantial doubt about our ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments relating to the recoverability of reported assets or liabilities should we be unable to continue as a going concern.

30

We have been able to continue based upon our receipt of funds from the issuance of equity securities and borrowings, and by acquiring assets or paying expenses by issuing stock. Our continued existence is dependent upon our continued ability to raise funds through the issuance of our securities or borrowings, and our ability to acquire assets or satisfy liabilities by the issuance of stock. Management's plans in this regard are to obtain other debt and equity financing until profitable operation and positive cash flow are achieved and maintained. Although management believes, based on the fact that it raised approximately \$10,555,000 through sales of common stock and \$3,673,000 from borrowings from November 1, 1999 through July 31, 2002, that it will be able to secure suitable additional financing for the company's operations, there can be no guarantee that such financing will continue to be available on reasonable terms, or at all.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

There have been no material changes to the Company's market risk for the nine months ended July 31, 2002. See the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2001 for additional discussions regarding quantitative and qualitative disclosures about market risk.

## PART II - OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS.

## Edgar Filing: NEW VISUAL CORP - Form 10-Q

On June 28, 2002, we settled a lawsuit pending in California Superior Court brought by Allan L. Blevins and Michael Shepperd, in which New Visual Corporation and Ray Willenberg, Jr., our Chairman and an executive officer, were defendants. The lawsuit stemmed from a dispute regarding a February 2000 merger agreement and three million shares of our common stock issued to Messrs. Blevins and Shepperd under the merger agreement. Pursuant to the terms of the settlement, Messrs. Blevins and Shepperd agreed to return 2.2 million of the 3 million shares to us. Upon receipt, the 2.2 million returned shares of our common stock will be cancelled and cease to be outstanding. The Company or its assignee will purchase from Messrs. Blevins and Shepperd a total of 500,000 shares of common stock for \$375,000 (\$0.75 per share). We also agreed to pay \$75,000 in attorneys' fees to Messrs. Blevins' and Shepperd's attorneys. These purchases and payments are to occur in four equal installments in August, September, November and December 2002.

We have entered into an agreement with a company to assign our right and obligation to purchase at least \$293,000 of common stock from Messrs. Blevins and Shepperd under the settlement agreement. Accordingly, the accompanying financial statements reflect our remaining obligation to repurchase 109,333 shares of common stock from Messrs. Blevins and Shepperd for \$82,000.

Messrs. Blevins and Shepperd will continue to hold 300,000 shares of our common stock acquired in the merger, which, pursuant to the terms of the settlement, will be subject to a lockup arrangement and only become available for public sale in installments between now and January 2004. The settlement agreement also grants us a right of first refusal to purchase the shares held by Messrs. Blevins and Shepperd as they become available for resale under the lockup arrangement. Finally, we agreed to transfer certain assets related to the merger agreement to Messrs. Blevins and Shepperd. We do not believe any of the transferred assets are material to our financial condition, results of operations, business or prospects.

Subsequent to July 31, 2002, a lawsuit was filed in California Superior Court in Santa Clara County against New Visual Corporation and NV Technology, by Brad Lundahl (d/b/a Lundahl Engineering) alleging that we breached a contract for consulting services entered into between us and Mr. Lundahl in July 2000, by failing to pay Mr. Lundahl for his services as provided under the agreement. The lawsuit sought to compel arbitration based upon a provision mandating arbitration contained in the contract in question. We have agreed to arbitrate this matter and intend to vigorously dispute whether any amount is due to Mr. Lundahl. The amount in controversy is not stipulated in the lawsuit but is believed to be approximately \$40,000. We do not believe the resolution of this matter will have a material adverse effect on our financial condition or results of operations.

Subsequent to July 31, 2002, we reached an agreement to settle a lawsuit was filed against us in February 2002 by Creditors Adjustment Bureau, Inc., a California corporation, who was allegedly assigned rights to any judgement collected on amounts allegedly owed by us to Arter & Hadden, LLP, our former legal counsel. The plaintiff sought damages in the amount of \$110,559.86, plus 10% interest, costs of the suit and reasonable attorney's fees. In the

settlement, we agreed to pay Creditors Adjustment Bureau, Inc. an aggregate of \$80,000 in eight monthly installments beginning in October 2002, or an aggregate of \$70,000 if we pay the entire amount due on or before December 31, 2002. We do not believe the resolution of this matter will have a material adverse effect on our financial condition or results of operations.

All of the securities issued in the transactions described above were issued without registration under the Securities Act in reliance upon the exemption provided in Section 4(2) of such Securities Act. The recipients of securities in each such transaction acquired the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates issued in such transactions. The Company believes the recipients were all "accredited investors" within the meaning of Rule 501(a) of Regulation D under the
