INTERNET AVAILABILITY

We are taking advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders through the Internet. This Proxy Statement and our 2013 Annual Report on Form 10-K are available at <http://viewproxy.com/formfactor/2014/>. We believe these rules allow us to provide you with the information you need while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. On or about April 4, 2014, we mailed to stockholders on the record date a Notice Regarding the Availability of Proxy Materials (the "Notice"). If you received a Notice by mail, you will not receive a printed copy of the proxy materials, unless you specifically request one. Instead, the Notice instructs you on how to access and review all of the important information contained in this Proxy Statement and in our 2013 Annual Report on Form 10-K (which we posted on the Internet on the same date), as well as how to submit your proxy over the Internet. If you received the Notice and would still like to receive a printed copy of our proxy materials, you may request a printed copy of the proxy materials by following the instructions on the Notice.

Q: What is included in the proxy materials?

A: The proxy materials include our company's Notice of Annual Meeting of Stockholders, Proxy Statement and the 2013 Annual Report on Form 10-K, which includes our audited consolidated financial statements. If you requested a printed set of the proxy materials by mail, the proxy materials also included a proxy card for the Annual Meeting.

Q: Why did I receive a notice in the mail regarding the Internet availability of the proxy materials?

A: We mailed a Notice of Internet Availability of Proxy Materials to our stockholders of record and beneficial owners of our common stock on or about April 4, 2014 to notify you that you can access the proxy materials over the Internet. Instructions for accessing the proxy materials through the Internet are set forth in the Notice of Internet Availability of Proxy Materials. As we did last year for our 2013 Annual Meeting of Stockholders, we sent the Notice instead of mailing a printed set of the proxy materials in accordance with the "Notice and Access" rules adopted by the U.S. Securities and Exchange Commission. If you wish to receive a printed set of the proxy materials, please follow the instructions set forth on the Notice of Internet Availability of Proxy Materials.

Q: How can I get electronic access to the proxy materials?

A: The Notice of Internet Availability of Proxy Materials contains instructions on how to review our company's proxy materials on the Internet and instruct us to send future proxy materials to you by e-mail. Your election to receive future proxy materials by e-mail will remain in effect until you terminate it in writing.

Q: What specific proposals will be considered and acted upon at FormFactor's 2014 Annual Meeting?

A: The specific proposals to be considered and acted upon at the Annual Meeting are:

Proposal No. 1—Election of two Class II directors to our Board of Directors, each to serve on our Board for a term of three years or until his successor has been elected and qualified or until his earlier death, resignation or removal. The director nominees are: Michael D. Slessor and Thomas St. Dennis;

Proposal No. 2—Advisory approval of the company's executive compensation; and

Proposal No. 3—Ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2014.

We will also consider any other matters that are properly presented for a vote at the Annual Meeting. As of April 4, 2014, we are not aware of any other matters to be submitted for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card or voting instruction form will vote the shares they represent using their best judgment.

Q: What do I need to bring with me to attend the Annual Meeting?

A: If you are a stockholder of record of shares of our common stock, please bring photo identification with you. If you are a beneficial owner of shares of our common stock held in "street name," please bring photo identification and the "legal proxy," which is described below under the question "If I am a beneficial owner of shares held in 'street name,' how do I vote?", or other evidence of stock ownership (e.g., most recent account statement) with you. If you do not provide photo identification or if applicable, evidence of stock ownership, you will not be admitted to the Annual Meeting.

QUESTIONS AND ANSWERS REGARDING VOTING AND ANY PROXY SOLICITATION

Q: Who can vote at the Annual Meeting?

A: Only stockholders of record of our common stock at the close of business on March 21, 2014, which is the record date, are entitled to notice of, and to vote at, the Annual Meeting. If you own shares of FormFactor common stock as of the record date, then you can vote at the Annual Meeting. At the close of business on the record date, we had 55,383,795 shares of our common stock outstanding and entitled to vote, which were held by 231 stockholders of record.

Q: How many votes am I entitled per share of common stock?

A: Holders of our common stock are entitled to one vote for each share held as of the record date.

Q: What is the difference between holding FormFactor shares as a stockholder of record and a beneficial owner?

A: Most of our stockholders hold their shares of our common stock as a beneficial owner through a broker, bank or other nominee in "street name" rather than directly in their own name. As summarized below, there are some important distinctions between shares held of record and those owned beneficially in "street name."

Stockholder of Record: If your shares of our common stock are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and we delivered the Notice of Internet Availability of Proxy Materials directly to you. As the stockholder of record, you have the right to vote your shares in person or by proxy at the Annual Meeting.

Beneficial Owner: If your shares of our common stock are held in an account with a broker, bank or other nominee, you are considered the beneficial owner of those shares held in "street name," and the broker, bank or other nominee holding your shares on your behalf delivered the Notice of Internet Availability of Proxy Materials to you. The nominee holding your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares being held by them.

Q: If I am a stockholder of record of FormFactor shares, how do I vote?

Voting by Internet. You can vote through the Internet by following the instructions provided in the Notice of A: Internet Availability of Proxy Materials that you received. Go to <http://viewproxy.com/formfactor/2014/>, follow the instructions on the screen to log in, make your selections as instructed and vote.

Voting by Mail. You can vote by mail by requesting a printed set of the proxy materials, which will contain a proxy card, and then completing, dating, signing and returning the proxy card in the postage-paid envelope (to which no postage need be affixed if mailed in the United States) accompanying the proxy card.

Voting in Person. If you plan to attend the Annual Meeting and vote in person, we will give you a proxy card at the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you also to vote by Internet or mail as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: If I am a beneficial owner of shares held in "street name," how do I vote?

Voting by Internet. You can vote through the Internet by following the instructions provided in the Notice of A: Internet Availability of Proxy Materials that you received. Go to <http://viewproxy.com/formfactor/2014/>, follow the instructions on the screen to log in, make your selections as instructed and vote.

Voting by Mail. You can vote by mail by requesting a printed set of the proxy materials, which will contain a voting instruction form, and by completing, dating, signing and returning the voting instruction form in the postage-paid envelope (to which no postage need be affixed if mailed in the United States) accompanying the voting instruction form.

Voting in Person. If you plan to attend the Annual Meeting and vote in person, you must obtain a "legal proxy" giving you the right to vote the shares at the Annual Meeting from the broker, bank or other nominee that holds your shares. Even if you plan to attend the Annual Meeting, we recommend that you also vote by Internet or mail as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: What if I submit a proxy but I do not give specific voting instructions?

Stockholder of Record: If you are a stockholder of record of shares of our common stock and if you indicate when voting through the Internet that you wish to vote as recommended by our Board of Directors, or if you sign and return a proxy without giving specific voting instructions, then the proxy holders designated by our Board, who A: are officers of our company, will vote your shares FOR the Class II nominees for director, FOR advisory approval of the company's executive compensation, and FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2014, all as recommended by our Board of Directors and as presented in this Proxy Statement.

Beneficial Owner: If you are a beneficial owner of shares of our common stock held in "street name" and do not present the broker, bank or other nominee that holds your shares with specific voting instructions, then the nominee may generally vote your shares on "routine" proposals but cannot vote on your behalf for "non-routine" proposals under the rules of various securities exchanges. If you do not provide specific voting instructions to the nominee that holds your shares with respect to a non-routine proposal, the nominee will not have the authority to vote your shares on that proposal. When a broker indicates on a proxy that it does not have authority to vote shares on a particular proposal, the missing votes are referred to as "broker non-votes."

Q: Which ballot measures are considered "routine" or "non-routine"?

A: The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2014 (Proposal No. 3) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3. The election of directors (Proposal No. 1) and the advisory approval of the company's executive compensation (Proposal No. 2) are matters considered non-routine under applicable rules. A bank, broker or other

nominee cannot

3

vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal Nos. 1 and 2.

Q: What is the quorum requirement for the Annual Meeting?

A: A quorum is required for our stockholders to conduct business at the Annual Meeting. A majority of the outstanding shares of our common stock entitled to vote on the record date must be present in person or represented by proxy at the Annual Meeting in order to hold the meeting and conduct business. We will count your shares for purposes of determining whether there is a quorum if you are present in person at the Annual Meeting, if you have voted through the Internet, if you have voted by properly submitting a proxy card or if the nominee holding your shares submits a proxy card. We will also count broker non-votes for the purpose of determining if there is a quorum.

Q: What is the voting requirement to approve each of the proposals?

A: For Proposal No. 1, the two Class II directors will be elected by a plurality of the votes cast by the holders of shares of our common stock entitled to vote who are present in person or represented by proxy at the Annual Meeting.

You may not cumulate votes in the election of directors.

Approval of Proposal No. 2 requires the affirmative vote of a majority of the votes cast by the holders of shares of our common stock entitled to vote that are present in person or represented by proxy at the Annual Meeting.

Approval of Proposal No. 3 requires the affirmative vote of a majority of the votes cast by the holders of shares of our common stock entitled to vote that are present in person or represented by proxy at the Annual Meeting.

The effectiveness of any of the proposals is not conditioned upon the approval by our stockholders of any other proposal by our stockholders.

Q: How are abstentions treated?

A: Abstentions are counted for the purposes of determining whether a quorum is present at the Annual Meeting.

Abstentions will not be counted either in favor of or against any of the proposals.

Q: Can I change my vote or revoke my proxy after I have voted?

A: You may change your vote or revoke your proxy at any time before the final vote at the Annual Meeting. You may vote again on a later date (a) through the Internet (only your latest Internet proxy submitted prior to the Annual Meeting will be counted), (b) by signing and returning a new proxy card with a later date if you are a stockholder of record, or (c) by attending the Annual Meeting and voting in person if you are a stockholder of record or if you are a beneficial owner and have obtained a proxy from the nominee holding your shares giving you the right to vote your shares. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request in writing that your prior proxy be revoked.

Q: What happens if there are insufficient votes in favor of the proposals?

A: In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the proxy holders, who are officers of our company, may propose one or more adjournments of the Annual Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of holders of the majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than Proposal Nos. 1, 2 and 3, we are not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the proxy holders, who are officers of our company, will have the authority in their discretion to vote your shares on any other matters that are properly presented for a vote at the Annual Meeting. If for any reason any of the Class II nominees are not available as a candidate for director, the proxy holders will vote your proxy for such other candidate or candidates as may be recommended by our Board of Directors.

Q: Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except

A: (a) as necessary to meet applicable legal requirements, (b) to allow for the tabulation and certification of votes, and (c) to facilitate a successful proxy solicitation. If stockholders provide written comments on their proxy cards, we may forward the proxy card(s) to our company's Corporate Secretary.

Q: Who is paying for the cost of this proxy solicitation?

We will pay the entire cost for soliciting proxies to be voted at the Annual Meeting. We will pay brokers, banks and other nominees representing beneficial owners of shares of our common stock held in "street name" certain fees associated with delivering the Notice of Internet Availability of Proxy Materials, delivering printed proxy materials

A: by mail to beneficial owners who request them and obtaining beneficial owners' voting instructions. In addition, our directors, officers and employees may also solicit proxies on our behalf by mail, telephone or in person. We will not pay any compensation to our directors, officers and employees for their proxy solicitation efforts, but we may reimburse them for reasonable out-of-pocket expenses in connection with any solicitation.

QUESTIONS AND ANSWERS REGARDING THE VOTING RECOMMENDATIONS OF FORMFACTOR'S BOARD OF DIRECTORS AND VOTING RESULTS

Q: What are the voting recommendations of our Board of Directors?

A: Our Board of Directors recommends a vote FOR each of Proposal Nos. 1, 2 and 3. Specifically, our Board recommends a vote:

FOR the election of Michael D. Slessor and Thomas St. Dennis to our Board of Directors as Class II directors;

FOR the advisory approval of the company's executive compensation; and

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2014.

Q: Where can I find the voting results of the Annual Meeting?

A: We intend to announce the voting results at the Annual Meeting and to report the results on a Form 8-K that we file with the U.S. Securities and Exchange Commission.

PROPOSAL NO. 1

ELECTION OF CLASS II DIRECTORS

The first proposal is to elect two Class II directors to our Board of Directors. The Class II nominees are Michael D. Slessor and Thomas St. Dennis, who are both current directors of FormFactor. These nominees have been duly nominated by our Board of Directors, and have agreed to stand for re-election. The proxy holders intend to vote all proxies received for Messrs. Slessor and St. Dennis, unless otherwise instructed. Proxies may not be voted for more than two directors. Stockholders may not cumulate votes in the election of directors. In the event any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies may be voted for a nominee designated by our Board of Directors to fill the vacancy. As of the date of this Proxy Statement, our Board of Directors is not aware that any nominee is unable or will decline to serve as a director of our company.

Board Leadership Structure

In October 2013, the company combined the roles of Chief Executive Officer and Chairman of the Board. The Board of Directors believes the current Board leadership structure, which includes a Lead Independent Director, coupled with an emphasis on Board independence, provides effective independent oversight of management while enabling both the Board and management to benefit from Mr. St. Dennis' leadership in transitioning the company toward profitability. Serving as both Chairman of the Board and Chief Executive Officer, Mr. St. Dennis is the director most capable of effectively identifying strategic priorities, leading critical discussion and executing the Company's strategy and business plans. Mr. St. Dennis possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the company. The Board of Directors believes that Mr. St. Dennis' combined role enables decisive leadership and ensures clear accountability. The Company's independent directors bring experience, oversight and expertise from outside the company. Mr. Everett, our former Chairman of the Board of Directors, serves as Lead Independent Director, which the Board believes, among other things, facilitates a dialog around the efficiency and effectiveness of Mr. St. Dennis' direction.

Board's Role in Risk Oversight

The Board exercises its risk oversight function both directly and indirectly through its various committees. The Board reviews and approves the company's annual operating plan. At its meetings, the Board receives reports of the chairpersons of each of its committees, of the Chief Executive Officer, of the Chief Financial Officer, and of other operational aspects of the company, such as manufacturing and sales and marketing.

As prescribed in its charter, the Audit Committee oversees the company's accounting and financial reporting processes and audits of the company's financial statements, including oversight of the company's systems of internal controls and disclosure controls and procedures, compliance with legal and regulatory requirement, internal audit function and the appointment, compensation and evaluation of the company's independent auditors. The Audit Committee reports regularly to the Board and to the independent directors regarding matters for which the committee has responsibility and for any other issues that the committee believes should be brought to the attention of the Board.

As prescribed in its charter, the Compensation Committee oversees the company's compensation and benefit plans, policies and programs, determines the compensation of our executive officers and administers our equity plans. The Compensation Committee confers with the Audit Committee regarding the risks arising from our company's employee compensation program.

As prescribed in its charter, the Governance Committee oversees the company's corporate governance practices and assesses the Board's composition and performance.

Corporate Governance Guidelines

The company monitors developments in the area of corporate governance and routinely reviews its processes and procedures in light of such developments. Accordingly, the company reviews federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer

Protection Act of 2010, as well as

8

various rules promulgated by the SEC and the NASDAQ Stock Market. The company believes that it has procedures and practices in place which are designed to enhance and protect the interests of its stockholders.

Director Education

Pursuant to the company's Corporate Governance Guidelines, the Board of Directors is provided with, and encouraged to participate in, continuing education.

Codes of Ethics

In addition to the Corporate Governance Guidelines, the Board of Directors has adopted a Statement of Corporate Code of Business Conduct that applies to our directors, officers and employees, and a Statement of Financial Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer and the employees in our finance department. Our directors, officers and employees are also subject to our Statement of Policy Regarding Insider Trading and our Statement of Policy Regarding Related Person Transactions. We provide periodic training to our employees regarding our codes and various company policies, which all employees are required to complete. In addition, we have adopted a Statement of Policy Regarding Corporate Code Violations (Complaints, Concerns and Whistleblowers) that is designed to ensure that all of our directors, officers and employees observe high standards of personal and business ethics consistent with the Code of Business Conduct, the Code of Ethics and our other company policies, and to provide for our directors, officers and employees to report violations or suspected violations of our company policies without fear of harassment, retaliation or adverse employment consequences. Our policies and governance guidelines are posted on our website at www.formfactor.com.

Stock Ownership Guidelines

In an effort to more closely align the company's non-management directors' and executives' financial interests with those of our stockholders, the Board of Directors has established stock ownership guidelines for non-management directors and executive officers. Our Corporate Governance Guidelines state that (i) each non-employee director should hold at least the greater of (a) 5,000 shares or (b) shares equal in value to three times (3x) the annual cash retainer for service as a director; (ii) the chief executive officer shall hold at least the greater of (a) 10,000 shares or (b) shares equal in value to three times (3x)

the chief executive officer's annual base salary; and (iii) each "executive officer" (other than the chief executive officer) should hold at least the greater of (a) 10,000 shares or (b) shares equal in value to two times (2x) the executive officer's annual base salary. Shares counted for this purpose include shares owned by the director or executive officer, shares owned jointly with, or separately by, spouse and/or minor children, including shares held in trusts, and vested, unreleased restricted stock units. Beginning April 2011, members of the Board and executive officers have five years to meet these ownership guidelines. On a going forward basis, new Board members will have five years, and new executive officers will have five years, from the time they become Board members or executive officers, as applicable, to meet the ownership guidelines. In the event the requisite number of shares is increased by the Board after April 2011, Board members and executive officers, as applicable, will have the later of (i) three years from the time of the increase, or (ii) five years from April 2011, to acquire any additional shares needed to meet such revised guidelines. As of December 28, 2013, all of our non-employee directors have met these stock ownership guidelines.

Independence of Directors

Our Board of Directors has determined that each of our directors is independent, other than Mr. St. Dennis, our Chief Executive Officer, Mr. Slessor, our President, and Mr. DeLateur, who served as our chief financial officer from May 2010 to May 2011. We define "independent directors" pursuant to the rules of the U.S. Securities and Exchange Commission, or the SEC, and the NASDAQ Stock Market. To be considered independent, a director cannot be an officer or employee of our company or its subsidiaries, and cannot have a relationship with our company or its subsidiaries that, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making the "independence" determination, our Board considered all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. Our Board consults with our company's legal counsel to ensure that its determinations are consistent with all relevant laws, rules and regulations regarding the definition of "independent director," including applicable securities laws and the rules of the SEC and NASDAQ Stock Market.

May 2014 will mark the third anniversary of Mr. DeLateur ceasing to serve as our chief financial officer. Our Board will re-address Mr. DeLateur's independence after such time.

We set the dates and times of our Board of Directors and Board committee meetings in advance of each fiscal year. During fiscal year 2013, our Board of Directors held four (4) meetings. During fiscal year 2013, all of the directors attended all of the meetings of the Board of Directors during the period that such director served.

The independent and non-executive members of our Board of Directors meet regularly in executive sessions outside of the presence of management. The independent and non-executive members met regularly prior to, and/or after, regularly scheduled meetings of the Board of Directors during fiscal year 2013 in which all independent and non-executive members attended. The independent and non-executive members also conducted telephonic meetings and/or updates during fiscal year 2013.

Director Compensation

The form and amount of compensation paid to our non-executive directors for serving on our Board and its committees is designed to be competitive in light of industry practices and the obligations imposed by such service. In order to align the long-term interests of our directors with those of our stockholders, a portion of director compensation is provided in equity-based compensation. The value of total annualized compensation of our non-executive directors is targeted to be at approximately the median of our peer group of companies, which is described below under the "Compensation Discussion and Analysis" section in this Proxy Statement. The compensation practices of this peer group of companies were the benchmark used when considering the competitiveness of our independent director compensation in fiscal year 2013. Our independent outside compensation consultant, Radford, an Aon Hewitt Company, or Radford, collected and developed the competitive data and analyses for benchmarking independent director compensation.

The following table presents the compensation earned or paid to our non-executive directors for fiscal year 2013. Compensation paid to Messrs. Slessor and St. Dennis for fiscal year 2013 is described under the "Compensation Discussion and Analysis" and "Executive Compensation and Related Information" sections below in this Proxy Statement. None of our named executive officers serves or in the past has served as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on our Board of Directors or our Compensation Committee.

Consideration of Director Nominees

Nominations to our Board of Directors are determined by the independent members of the Board. The Board does not have a separate nominating committee in light of its relatively small size. The Board generally identifies nominees based upon recommendations by our directors and management. In addition, our Board also considers recommendations properly submitted by our stockholders. The Board of Directors may retain recruiting professionals to assist in the identification and evaluation of candidates for director nominees, and the company has, in the past, paid a third party to assist us in a director search process.

In selecting director nominees, our Board of Directors considers candidates based on the need to satisfy the applicable rules and regulations of the SEC and the rules of the NASDAQ Stock Market, including the requirements for independent directors and an audit committee financial expert. Our Board also evaluates candidates by assessing a number of factors, including demonstrated outstanding achievement in the prospective board member's personal career, breadth of experience, soundness of judgment, ability to make independent, analytical inquiries, diversity of viewpoints and experience, and willingness to devote adequate time. The Board of Directors uses the same standards to evaluate nominees proposed by our directors and management and will use the same standards to evaluate nominees, if any, proposed by stockholders, but has no formal policy with respect to consideration of candidates recommended by stockholders.

Stockholders can recommend qualified candidates for our Board of Directors by writing to our Corporate Secretary at FormFactor, Inc., 7005 Southfront Road, Livermore, California 94551.

PROPOSAL NO. 2

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, we are requesting your advisory approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative discussion set forth below in this Proxy Statement. This non-binding advisory vote is commonly referred to as a "say on pay" vote. At our 2011 Annual Meeting of Stockholders, our stockholders indicated their preference to hold this non-binding advisory vote annually. The next non-binding advisory vote on executive compensation will occur at our 2015 Annual Meeting of Stockholders.

In fiscal year 2013, bonus target levels were established so that Target Total Cash compensation (base salary and target annual cash incentive) for the named executive officers would be at approximately the 50th percentile of our peer group only if performance goals were achieved. The only named executive officer to receive a bonus for fiscal year 2013 was Michael D. Slessor, our President, who received a bonus for the second half of fiscal year 2013 based on the results of the company's MicroProbe Product Group. In addition, in 2013, we continued a compensation practice we started in fiscal year 2012 by granting performance based RSU's for executives which are tied to company performance over a 24-month period. Consistent with our broader growth objectives while conserving cash, our 2013 executive compensation program was designed to meet the following objectives:

1. Minimizing cash compensation to the extent possible, by avoiding cash-consuming practices such as tax gross-ups, generous severance and retirement packages or guaranteed bonuses;
2. Setting aggressive targets for cash incentive compensation to encourage performance (which resulted in no cash bonuses for fiscal year 2013 to named executive officers other than to Mr. Slessor);
3. Emphasizing equity compensation to align the interests of our named executive officers with those of our stockholders and incentivize them to work toward our turnaround, including granting performance based restricted stock unit awards; and
4. Emphasizing executive compensation governance policies that are aligned with the interest of our shareholders including change in control benefits that are double-trigger (i.e., require termination of employment as well as a change in control) and that are within reasonable limits, a stock ownership policy, clawback provisions, and anti-hedging/pledging provisions.

We encourage you to carefully review the "Compensation Discussion and Analysis" set forth below in this Proxy Statement for additional details on FormFactor's executive compensation, including FormFactor's compensation philosophy and objectives, as well as the processes our Compensation Committee used to determine the structure and amounts of the compensation of our named executive officers in fiscal year 2013.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote "FOR" the approval, on an advisory basis, of the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to FormFactor, Inc.'s named executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion set forth in the Proxy Statement, is hereby approved."

While the results of this advisory approval are not binding, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for named executive officers.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3
 RATIFICATION OF SELECTION OF
 INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
 FOR
 FISCAL YEAR 2014

The third proposal is to ratify the selection of KPMG LLP ("KPMG") as FormFactor's independent registered public accounting firm for fiscal year 2014. The Audit Committee of our Board of Directors has appointed KPMG as the independent registered public accounting firm to perform the audit of our financial statements for fiscal year 2014, and our stockholders are being asked to ratify such selection. Representatives of KPMG are expected to be present at the Annual Meeting, will have the opportunity to make a statement at the Annual Meeting if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by our stockholders of the selection of KPMG as our independent registered public accounting firm is not required by applicable law, our certificate of incorporation, our bylaws or otherwise. However, our Board of Directors is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify this selection, our Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the selection of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

Our Board of Directors recommends a vote FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2014.

Audit Fees. Audit Fees consist of fees billed for professional services rendered for the audit of our annual consolidated financial statements for fiscal years 2013 and 2012, the audit of the effectiveness of our internal control over financial reporting, and the review of our consolidated financial statements included in our Form 10-Q quarterly reports for fiscal years 2013 and 2012. Audit fees also include services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees. Audit-Related Fees consist of fees billed for assurance and related services that are traditionally performed by the independent registered public accountant and are not reported under "Audit Fees." For fiscal year 2012, such fees were for services in connection with the financial due diligence related to the acquisition of Astria Semiconductor Holdings, Inc.

Tax Fees. Tax Fees consist of fees billed for professional services for tax compliance, tax preparation, tax advice and tax planning. These services consist of assistance regarding federal, state and international tax compliance, assistance with the preparation of various tax returns, research and design tax study and international compliance.

All Other Fees. All Other Fees consist of fees for products and services other than the services reported above.

Pre-Approval of Audit and Non-Audit Services of Auditor

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to our Audit Committee regarding the extent of services provided by our independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our Audit Committee may also pre-approve particular services on a case-by-case basis. All of the services described above with respect to Audit Fees, Audit-Related Fees and Tax Fees were pre-approved by our Audit Committee pursuant to its pre-approval policy.

Change in Accountants

As previously disclosed in a Current Report on Form 8-K filed with the SEC on April 8, 2013, on April 2, 2013, we dismissed PwC after reviewing our alternatives, including the continued engagement of PwC. PwC last acted as our independent registered public accounting firm for our fiscal year ended December 29, 2012. The audit reports of PwC on the consolidated financial statements of the Company and its subsidiaries as of and for the years ended December 29, 2012 and December 31, 2011, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. The decision to change accountants was approved by our Audit Committee.

During the two fiscal years ended December 31, 2011 and December 29, 2012 and the subsequent interim period through April 2, 2013, the date of our dismissal of PwC, there were no (1) disagreements between us and PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference thereto in their reports on the consolidated financial statements for such years, or (2) "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

On April 5, 2013, our Audit Committee engaged KPMG to serve as our principal independent accountant for the fiscal year ending December 28, 2013, effective immediately.

During the two fiscal years ended December 31, 2011 and December 29, 2012 and the subsequent interim period through April 5, 2013, (i) we did not both (a) consult with KPMG as to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements and (b) receive a written report or oral advice that KPMG concluded was an important factor considered by us in reaching a decision as to such accounting, auditing or financial reporting issue; and (ii) we did not consult KPMG on any matter that was either the subject of a "disagreement," as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a "reportable event," as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We provided PwC with a copy of the abovementioned Form 8-K and requested PwC to furnish us with a letter addressed to the SEC stating whether it agreed with the above statements. A copy of such letter, dated April 8, 2013, was filed as Exhibit 16.01 to the Form 8-K.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

Beneficial Ownership of our Securities

The following table presents information regarding the beneficial ownership of our common stock as of March 21, 2014 for:

- each person or entity known by us to own beneficially more than 5% of our common stock;
- each of our directors;
- each of our named executive officers; and
- all of our directors and named executive officers as a group.

The percentage of beneficial ownership for the following table is based on 55,383,795 shares of our common stock outstanding as of March 21, 2014. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes shares of common stock that the stockholder has a right to acquire within 60 days of March 21, 2014 through the exercise of any option, unit or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules and regulations of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has exercised options, units or other rights into shares of our common stock.

To our knowledge, except under community property laws or as otherwise noted, the persons named in the table below have sole voting and sole investment power with respect to all equity beneficially owned. Unless otherwise indicated, each director, named officer and 5% stockholder listed below maintains a mailing address of c/o FormFactor, Inc., 7005 Southfront Road, Livermore, California 94551.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees FormFactor's accounting and financial reporting processes on behalf of our Board of Directors. FormFactor's management has primary responsibility for the preparation and integrity of our company's consolidated financial statements, for implementing systems of internal control over financial reporting and for other financial reporting-related functions. The company's independent registered public accounting firm for fiscal 2013, KPMG LLP, is responsible for performing an independent audit of FormFactor's consolidated financial statements, expressing an opinion, based upon its audit, as to the conformity of such financial statements with generally accepted accounting principles in the United States and attesting to the effectiveness of FormFactor's internal control over financial reporting.

In discharging its oversight responsibility, the Audit Committee has reviewed and discussed, with our management and KPMG LLP, the audited consolidated financial statements of FormFactor as of and for the year ended December 28, 2013, including a discussion of the quality of FormFactor's financial reporting and internal control over financial reporting, as well as the selection, application and disclosure of critical accounting policies. In addition, the Audit Committee has reviewed and discussed the reports of FormFactor's internal audit function and the performance of the internal audit function during fiscal year 2013.

The Audit Committee has discussed with KPMG LLP, with and without the company's management present, the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 "Communications with Audit Committees" including the judgment of KPMG LLP as to the quality of our company's financial reporting, effectiveness of internal control over financial reporting and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards.

The Audit Committee has received and reviewed the written disclosures and the letter from KPMG LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with KPMG LLP the independent accountant's independence.

Based on the above-mentioned reviews and discussions, the Audit Committee has recommended to our Board of Directors that FormFactor's consolidated financial statements as of and for the year ended December 28, 2013 be included in the company's Annual Report on Form 10-K for the year ended December 28, 2013.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This compensation discussion and analysis describes and analyzes FormFactor's compensation program for its named executive officers. FormFactor's named executive officers for fiscal year 2013 ("fiscal 2013") are our Chief Executive Officer or CEO, President, Chief Financial Officer or CFO, and our Senior Vice President, General Counsel.

Executive Summary

Compensation Governance

Independence. The Compensation Committee is comprised solely of independent directors. Additionally, the Compensation Committee's independent compensation consultant is retained directly by the Compensation Committee and performs no other services for our company's management. No work performed by our independent compensation consultant in fiscal 2013 raised a conflict of interest.

Stock Ownership Guidelines. We have adopted stock ownership guidelines for our named executive officers and directors.

Performance Based Compensation. Payment of bonuses to our named executive officers and vesting of a portion of their equity compensation depend on the financial performance of the company.

Double-Trigger Change in Control Provision. The change in control and severance agreements provided to certain senior executives include "double-trigger" provisions.

No Hedging or Pledging. Our insider trading policy prohibits hedging of company stock or the use of company stock as collateral of any loan.

Clawback Policy. The Compensation Committee has approved a clawback policy based on the applicable sections of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Prohibition of Repricings. Our Equity Incentive Plan prohibits stock option repricings without the approval of stockholders.

Limited Perquisites. We did not pay special benefits, perquisites or tax gross-ups to our named executive officers in fiscal 2013.

Risk Analysis. Compensation programs are structured to avoid inappropriate risk taking by our executives, and all employees, by having the appropriate pay philosophy, peer group and market positioning to support reasonable business objectives. As a result, the Compensation Committee and its independent consultant have concluded that the risks arising from our company's employee compensation program are reasonable, in the best interest of our stockholders, and not likely to have a material adverse effect on our company.

Executive Compensation Philosophy. The Compensation Committee of our Board of Directors oversees our company's executive compensation program and ensures that our named executive officers are compensated in a manner consistent with our business strategy, competitive market practice, sound corporate governance principles and stockholder interests. The core of our executive compensation philosophy is to pay-for-performance.

In determining executive compensation for fiscal 2013, the Compensation Committee considered the stockholder support for the "Say on Pay" proposals from our annual meetings of stockholders the two previous years. A non-binding advisory vote regarding executive compensation was presented to shareholders at the 2013 annual meeting of stockholders and was supported by approximately 87% of shareholder votes. Considering the shareholder support received on the company's latest advisory vote regarding executive compensation as well as other factors, the Compensation Committee has determined that it would continue to apply the same philosophy and guiding principles to its fiscal 2014 executive compensation program. The Compensation Committee will continue to consider stockholder concerns and feedback in the future. See also "Fiscal 2014 Compensation Approach", below, for a description of additional employee compensation principles.

Elements of Executive Compensation. The three major elements of our executive compensation program for fiscal 2013 were:

base salary targeted at approximately the 50th percentile of our peer companies;
 semi-annual performance-based cash incentive award target levels are such that target total cash compensation is targeted to be at approximately the 50th percentile of our peer companies, based on performance; and
 long-term, performance-based equity incentive awards are targeted between the 50th to 75th percentiles of our peer companies; the actual value of the awards delivered may be above or below these percentiles depending on the relative change in shareholder value.

Fiscal 2013 Performance and Impact on Executive Compensation. During fiscal 2013, we saw revenues increase from fiscal 2012. Revenues for fiscal 2013 were \$231.5 million, an increase of \$53 million, or 30% from \$178.5 million in fiscal 2012. Out of the total revenues of \$231.5 million for fiscal 2013, \$93.2 million or 40%, was attributable to MicroProbe, compared to \$19.8 million or 11% for fiscal 2012. MicroProbe's sales were not included in our consolidated revenues for the nine months ended September 29, 2012 as we only acquired MicroProbe in October 2012. Revenue growth was driven by the System-on-Chip or SoC product market which was up \$69.0 million when compared with 2012, driven by the impact of a full year of sales from our MicroProbe acquisition. Dynamic Random Access Memory, or DRAM, product revenues were down \$9.9 million versus 2012 due to weaker personal computer demand and certain supply chain and manufacturing execution issues we experienced in connection with wafer probe cards for a Japan customer. Flash memory product revenues were down \$6.1 million due to lower unit volume in the flash memory markets.

During fiscal 2013, we continued the activities initiated in 2010 to restructure our operations to simplify our overall structure and better align our operations with the current business environment, streamline our manufacturing structure and reduce both manufacturing cost and cycle times.

We incurred net losses of \$57.7 million and \$35.5 million in fiscal 2013 and fiscal 2012, respectively. The increase in net

loss is primarily attributable to a one-time \$25.5 million tax benefit from the release of valuation allowances on our deferred tax assets in connection with our MicroProbe acquisition in the fourth quarter of fiscal 2012. Our cash, cash equivalents and marketable securities and restricted cash totaled \$151.5 million as of December 28, 2013, as compared to \$166.1 million at December 29, 2012. The decrease in our cash, cash equivalents and marketable securities and restricted cash was primarily due to the use of cash for operating activities in fiscal 2013.

Based on the above performance, the only named executive officer to receive a bonus in fiscal 2013 was Michael D. Slessor, our President, who received a bonus for the second half of fiscal 2013 based on the results of the company's MicroProbe Product Group. The actual cash incentive paid in fiscal 2013 is included under the "Summary Compensation" table under the header "Executive Compensation and Related Information". Our Actual Total Direct Cash compensation (base salary and annual cash incentives) for each named executive officer was at approximately the 25th percentile of our peer group for fiscal 2013 based upon the Company's financial performance.

Compensation Framework

Compensation Objectives

We are committed to a compensation philosophy that is market-competitive and ensures that our named executive officers and other employees share in our company's success. Our executive compensation plans, policies and programs are designed to achieve three primary objectives:

- Attract, retain and motivate highly skilled individuals based upon their contribution to the success of our company, and that of our stockholders,
- Drive outstanding achievement of business objectives and reinforce our company's strong pay-for-performance culture, and
- Align our named executive officers' interests and value creation opportunities with the long-term interests and value creation opportunities of our stockholders.

Target Pay Position/Mix of Pay

Our compensation program is comprised of a combination of base salary, semi-annual variable pay-for-performance cash incentive payments, and long-term equity grants. Each of these components is discussed in greater detail below

under "Compensation Decisions." We target our pay, both for the individual components and in the aggregate, to be competitive with the practices of our peer companies. Our strategy has been to examine peer group compensation practices, and with an understanding of those practices, create a highly leveraged, variable compensation opportunity for our named executive

officers. The Compensation Committee believes this approach best supports the pay-for-performance culture, and in turn, the creation of stockholder value. Our emphasis on variable, or at-risk, compensation ensures that our named executive officers, absent retention needs, receive target or above-target compensation only to the extent that our company's performance goals have been achieved or exceeded, as illustrated in the charts below.

Compensation Benchmarking

The Compensation Committee examines the compensation practices of a peer group of companies, supplemented by various survey data, to assess the competitiveness of all elements of our executive officer compensation programs. In January 2012, the Compensation Committee, with the assistance of its independent compensation consultant, Radford, an Aon Hewitt Company, completed its annual review of our peer group. Based on the Compensation Committee's review and advice of Radford, our updated "core" peer group for fiscal 2012 consisted of 14 companies for purposes of determining the competitiveness of our named executive officer compensation in fiscal 2012.

The 2012 peer companies were selected using the Global Industry Classification Standard codes and the objective criteria shown in the table below:

Global Industry Classification Standard Code	Trailing 12-Months Revenue Range	Market Capitalization Range
Semiconductor—45301020 and Semiconductor equipment—45301010	\$150 million - \$700 million	\$100 million - \$1.5 billion
The companies that were part of our "core" peer group for 2012 include:		
ATMI	Cymer	Nanometrics
Axcelis Technologies	Electro Scientific Industries	Photronics
Brooks Automation	Entegris	Rudolph Technologies
Cabot Microelectronics	Emcore	Tessera Technologies
COHU	LTX-Credence	

The selection of our 2012 "core" peer group was made at a time when the company was in the middle of a financial turn-around. The company's revenue and market cap were in the lower quartile of the 2012 "core" peer group, but it was believed this was appropriate because recruiting and/or retaining experienced executives was important to improve the company's operational performance.

In February 2013, Radford recommended to the Compensation Committee the following changes in the objective criteria to more closely align with the company's business profile and considering best practices:

Global Industry Classification Standard Code	Trailing 12-Months Revenue Range	Market Capitalization Range
Semiconductor—45301020 and Semiconductor equipment—45301010	\$125 million - \$650 million	\$90 million - \$850 million

Based on this updated criteria, the Compensation Committee approved the following changes to the peer group for fiscal 2013, as follows:

Advanced Energy Industries*	Entropic*	Photronics
ATMI	Integrated Silicon Solutions*	Rambus*
Axcelis Technologies	IXYS Corporation*	Rudolph Technologies
Brooks Automation	LTX-Credence	Sigma Designs*
Cabot Microelectronics	Mindspeed Technologies*	STEC*
COHU	Nanometrics	Tessera Technologies
Emcore	Pericom Semiconductor*	Volterra Semiconductor

* New companies in the Updated Peer Group.

In selecting the specific companies, the committee considered the objective criteria, whether the company was considered a peer by ISS, as well as if the company considered FormFactor a peer. For the 2013 "core" peer group, FormFactor's market cap was in the 36th percentile, and revenue in the 61st percentile.

Compensation Decisions

The Compensation Committee retains all rights to determine all matters of executive compensation and benefits, but has delegated, to our Chief Executive Officer and the company's Human Resources department, the responsibility of issuing equity grants to new hires based on a pre-approved schedule and grant guideline. The independent compensation consultant hired by the Compensation Committee, Radford, is retained directly by the Compensation Committee and currently serves as its

independent compensation consultant. Radford works directly with the Compensation Committee, and not on behalf of our company's management, to provide advice and recommendations on competitive market practices and specific compensation decisions. In 2013, Radford did not provide our company's management with any services. The Compensation Committee determined that their retention of Radford did not raise a conflict of interest.

Compensation Components

Base Salary

Base salaries are designed to provide market-competitive, fixed compensation, which allows us to attract and retain the highly skilled executive officers required to drive business results and stockholder value.

The Compensation Committee typically reviews base salary rates for our named executive officers annually. Salary rates and any annual adjustments are determined by the Committee based on a number of factors, including level of responsibility, expertise, and experience of the individual, internal equity, individual and company performance, competitive conditions in the industry, and salary norms for individuals in comparable positions at comparable companies. The executive compensation policy is to be competitive with the market, which we have defined as being at the 50th percentile of our peer group. During fiscal 2013 the actual base salary provided to our named executive officers was closer to the 25th percentile of the peer group. For a specific incumbent the actual base salary level may be above or below a specific level depending on a number of factors particularly experience, performance and the Company's cash flow considerations during our turnaround. The Committee also considers recommendations made by our Chief Executive Officer regarding salary rate adjustments for his direct reports. Discussions regarding the compensation of each named executive officer, including our Chief Executive Officer, are held outside of his presence.

Base salaries for our named executive officers as of December 28, 2013 were as follows:

Named Executive Officer	Position	2012 Salary	October 2012 10% Reduction	Q3 2013 Restoration	2012 to 2013 % Change	
Thomas St. Dennis	Chief Executive Officer	\$ 480,000	\$ 432,000	\$ 480,000	—	%
Michael D. Slessor	President	\$ —	\$ —	\$ 350,000	—	%
Michael Ludwig	Chief Financial Officer	\$ 300,000	\$ 270,000	\$ 300,000	—	%
Stuart L. Merkadeau	Senior Vice President, General Counsel and Secretary	\$ 290,000	\$ 261,000	\$ 290,000	—	%

For the company's CEO, CFO and SVP, General Counsel and Corporate Secretary, the base salaries as of December 28, 2013 were the same as their respective base salaries for that part of fiscal 2012 before October 18, 2012. After October 18, 2012, the individuals received a 10% pay cut to their respective salaries (as part of our turnaround efforts); which remained at the 90% level until the second quarter of fiscal 2013. Mr. Slessor became the company's president in October 2013, and was not a named executive officer in fiscal 2012.

Bonus

We provide a semi-annual bonus opportunity through our company's Employee Incentive Plan which awards cash bonuses to our named executive officers and other employees based upon the achievement of corporate and, in some cases, individual performance objectives. For fiscal 2013, the Employee Incentive Plan and bonuses for the named executive officers depended (solely) upon meeting defined financial metric objectives. Bonus target levels for our named executive officers for fiscal 2013 were established so that Target Total Cash compensation (base salary and annual cash incentive) ranged upward from the 50th percentile of our peer group if performance goals were achieved. The company did not achieve either of the corporate financial metric objectives for the 2013 bonus plan, which included a cash flow component and an operating margin component, so no bonuses were paid to the named executive officers under the plan. The only named executive officer to receive a bonus for fiscal 2013 was Michael D. Slessor, our President who received a bonus of \$57,836 for the second half of fiscal 2013 based on the Committee's review of the results of the company's MicroProbe Product Group which are described above. Actual Total Cash for named executive officers in fiscal 2013 was at approximately the 25th percentile of our peer group based upon our

performance. This reinforces our commitment to paying below our peers if our performance does not meet our objectives.

Equity

Our Equity Incentive Plan authorizes the award of stock options, restricted stock and performance based restricted stock units to our named executive officers. Equity awards to our officers are made at the discretion of the Compensation Committee

in accordance with the Equity Incentive Plan and our company's equity grant guidelines. Compensation tied to the performance of our company's common stock is used to reward performance and contributions to our company, as well as for retention purposes.

The Compensation Committee believes that equity compensation is a very important component of our pay-for-performance compensation philosophy, and is an effective way to align compensation for named executive officers over a multi-year period directly with the interests of our company's stockholders by motivating and rewarding creation and preservation of stockholder value. Equity awards to our named executive officers are generally made on an annual basis, along with the annual equity awards made to other employees of our company. All annual grants are historically made at a regularly scheduled meeting of the Compensation Committee under our guidelines for equity awards and during an open trading window under our company's insider trading policy.

Fiscal 2013 Annual Equity Awards

The fiscal 2013 annual equity grants delivered to our named executive officers represented grant values between the 50th and 75th percentile of our fiscal 2013 peer group. Subject to the officer's continued service with our company, the time-based restricted stock unit awards will vest annually on each vest base date anniversary over a period of three years. The performance-based restricted stock unit awards will vest 100% of the units earned, as certified by the Compensation Committee, based on the Company's Total Shareholder Return (TSR) for the period from April 1, 2013 through March 31, 2015 relative to the TSR of the companies identified as being part of the S&P Semiconductors Select Industry Index as of April 1, 2013.

Our named executive officers and other employees receive value from stock option equity awards only to the extent that our company's stock price, and therefore, stockholder value, increases above the grant date fair market value. The Compensation Committee chose to issue restricted stock units in fiscal 2013 because their value is directly impacted by all stock price changes and therefore tied directly to shareholder value, and they are potentially less dilutive to shareholders than stock option equity awards. The value of the issued restricted stock unit awards to our named executive officers and other employees is affected by both increases and decreases in stock price to ensure alignment with our shareholders.

In May 2013, the Compensation Committee made the following annual equity awards to our named executive officers as set forth in the table below:

Named Executive Officer	2013 Annual Stock Option Awards (#)	2013 Annual Time-Based Restricted Stock Unit Awards (#)	2013 Annual Market-Based Restricted Stock Unit Awards (#) (1)
Thomas St. Dennis	—	60,000	140,000
Michael D. Slessor	—	45,000	60,000
Michael Ludwig	—	45,000	60,000
Stuart L. Merkadeau	—	25,000	15,000

Market-based restricted stock unit awards reflect the 'Target' number of units that can be earned. Actual units (1) earned may vary from 0% - 125% of the 'Target' number based upon relative Total Shareholder Return (TSR) as described above.

See the table entitled "Grants of Plan-Based Awards in Fiscal Year 2013" under "Executive Compensation and Related Information" in this Proxy Statement for additional information regarding these equity awards to our named executive officers in fiscal 2013.

The Compensation Committee also desires to create the appropriate balance between equity-based executive pay and stockholder concerns about stock usage and dilution. Our fiscal 2013 stock "gross burn rate" under the Institutional Shareholder Services (ISS)'s calculation methodology was 4.99%, which was below the company's three (3) year 2012-2014 committed target burn rate of 5.83%, and below the ISS suggested 2012-2014 average target burn rate for

our industry of 6.58%. Our 4.99% gross burn rate for fiscal 2013 was a slight increase over our 4.51% gross burn rate for fiscal 2012. The gross burn rate calculation includes a two-to-one conversion ratio for restricted shares as compared to stock options; performance-based restricted stock shares are only included in the gross burn rate when the performance objective has been met and certified by the company's Compensation Committee. Equity awards to our named executive officers are generally made on an annual basis, along with the annual equity awards made to other employees of our company. Annual grants are typically made at a regularly scheduled meeting of the

Compensation Committee under our guidelines for equity awards and during an open trading window under our company's insider trading policy.

Stock Ownership Guidelines

We have stock ownership guidelines for our executive officers and members of our Board of Directors, which are set forth in our company's Governance Guidelines. Our Corporate Governance Guidelines state that (i) each independent director should hold at least the greater of (a) 5,000 shares or (b) shares equal in value to three times (3x) the annual cash retainer for service as a director; (ii) the chief executive officer of the company shall hold at least the greater of (a) 10,000 shares or (b) shares equal in value to three times (3x) the chief executive officer's annual base salary; and (iii) each "executive officer" other than the chief executive officer of the company (as determined by the Board) should hold at least the greater of (a) 10,000 shares or (b) shares equal in value to two times (2x) the executive officer's annual base salary. Shares counted for this purpose shall include shares owned by the director or executive officer, shares owned jointly with, or separately by spouse and/or minor children, including shares held in trusts, and vested, unreleased restricted stock units. Beginning April 2011, members of the Board and executive officers will have five (5) years to meet these ownership guidelines. Going forward, new Board members will have five (5) years and new executive officers will have five (5) years from the time they become executive officers to meet the ownership guidelines. In the event the requisite number of shares is increased by the Board after April 2011, Board members and executive officers, as applicable, will have the later of three years from the time of the increase, or five years from April 2011, to acquire any additional shares needed to meet such revised guidelines.

As of December 28, 2013, none of our named executive officers have met these stock ownership guidelines, although each named executive officer is still within the required time period to meet the guidelines.

Clawback Policy

In March 2011, we adopted a clawback policy which requires that in the event our company is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, the Compensation Committee will seek to recover from any current or former executive officer any incentive-based compensation for the three year period preceding the date on which an accounting restatement is required, based on erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement.

Change of Control Benefits

Our change of control severance agreements with our executive officers and certain of our other officers are described in this Proxy Statement under "Executive Compensation and Related Information-Change of Control, Severance, Separation and Indemnification Agreements." The Compensation Committee believes that these agreements protect the interests of our stockholders by providing a framework for avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes. The uncertainty about future status of employment among management that can arise in the face of a potential change of control could result in the untimely departure or distraction of key officers. Change of control agreements provide support to officers to remain with our company despite uncertainties while a change of control is under consideration or pending and the Compensation Committee believes that the potential benefits under these agreements are reasonable and comparable to competitive agreements offered by our peer companies to their senior executives. Benefits are only provided to the executive in the event that the executive is terminated following a change of control and the executive's position is eliminated or there is a material change in the terms and conditions of this "double trigger". The agreements do not include a gross up for excise tax under Internal Revenue Code section 280G.

Under our Employee Incentive Plan, which provides for performance bonuses to our executive officers, if a change in control of our company occurs, all bonus awards will be deemed to have been earned at 100% of the bonus target percentage for the current plan measurement period (and for the subsequent consecutive measurement periods if they fall within the same fiscal year) and will be paid to the participants at that time.

Under our Equity Incentive Plan, if a change in control occurs, performance based equity awards will be deemed earned at the greater of target or actual results immediately prior to the change in control and, unless the awards are replaced, they will be settled immediately prior to the change in control.

Other Benefits and Perquisites

Our named executive officers participate in various employee benefit plans, including health, dental and vision care plans, life insurance and our company's 401(k) and stock purchase plans. These benefit plans are the same plans offered to our other employees.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, establishes a limitation on the deductibility of compensation payable in any particular tax year to our Chief Executive Officer and the three other most highly compensated officers of our company excluding our Chief Financial Officer. Section 162(m) of the Code generally provides that publicly-held companies cannot deduct compensation paid to its top officers to the extent that such compensation exceeds \$1 million per officer. Compensation that is "performance-based" compensation within the meaning of the Code is exempted from the \$1 million deduction limit.

While the Compensation Committee attempts to maximize the deductibility of compensation paid to our named executive officers, the Committee retains the discretion and flexibility necessary to provide total compensation in line with competitive practice, our compensation philosophy and the interests of our stockholders. Accordingly, from time to time, the Compensation Committee may approve, and our company may pay, compensation to our named executive officers that is not fully deductible under Section 162(m).

Our change of control severance agreements discussed below in the "Executive Compensation and Related Information-Change of Control, Severance, Separation and Indemnification Agreements" section of this Proxy Statement are designed to comply with the requirements of Section 409A of the Internal Revenue Code.

Fiscal 2014 Compensation Approach

For fiscal year 2014, we have not materially changed our approach to executive compensation:

• **Market Median**—We will continue to pay consistent with the market median of our peers if warranted by performance. In particular:

base salary will be targeted at approximately the median of our peer companies;

total direct compensation (base salary, annual cash incentives and long term equity incentives) will be targeted at the median of our peers, assuming achievement at plan. Higher levels of total direct compensation may be achieved should company performance exceed plan. Lower levels of total direct compensation will apply should company performance not achieve plan; if our performance does not meet our objectives, we expect to pay at lower levels, and if we exceed our objectives, we may pay above the median of the peers.

• **Base Salaries**—The Compensation Committee does not expect to make material adjustments to the annual base salaries for the named executive officers in fiscal 2014 from those set forth above.

• **Variable Cash Incentive Awards**—Achievement of variable cash incentive awards for fiscal 2014 for named executive officers will be measured solely on the basis of the achievement of pre-established financial goals.

• **Long-Term, Equity-Based Incentive Awards**—The Committee intends that a portion of equity grants will be subject to one or more multi-year performance conditions.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviewed and discussed the "Compensation Discussion and Analysis" contained in this Proxy Statement with our company's management. Based on this review and discussions, the Compensation Committee has recommended to FormFactor's Board of Directors that the "Compensation Discussion and Analysis" be included in this Proxy Statement.

No time-based option awards were granted in fiscal (2)2013. The fair value of our fiscal 2013 market-based stock awards was derived under a Monte Carlo simulation model while the fair value of the prior years performance-based stock awards was based on the closing fair market value of our common stock as reported on the NASDAQ Global Market on the grant date. Assumptions used in the calculation of these amounts are described in Note 12-Stock-Based Compensation to our company's consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 28, 2013.

- (3) Represents amounts earned for performance in the applicable year under our company's Employee Incentive Plan, which is described under "Compensation Discussion and Analysis" in this Proxy Statement. The following table also presents information in the "Non-Equity Incentive Plan Awards" columns regarding potential awards under our Employee Incentive Plan for fiscal year 2013. All awards presented in the table below are further described under "Compensation Discussion and Analysis-Compensation Components-Equity" in this Proxy Statement.

Change of Control, Severance, Separation and Indemnification Agreements

Change of Control, Severance Agreements. We have entered into change of control severance agreements with each of our named executive officers and certain other officers. Each change of control severance agreement provides for the officer to receive the following severance benefits upon a qualifying termination of employment within one year following a change of control of our company, subject to the officer signing a release of claims in favor of our company:

- lump sum cash severance payment equal to one year's annual base salary and the greater of (a) the annual target bonus or (b) the annual target bonus multiplied by the average rate of annual bonus relative to target paid to officers covered by similar change of control severance agreements for the two most recently completed fiscal years (subject to the participating officer's compliance with a confidentiality agreement and an agreement not to solicit employees of our company for one year after termination),

• continuation of health benefits for one year (subject to the participating officer's compliance with a confidentiality agreement and an agreement not to solicit employees of our company for one year after termination), and

• fully accelerated vesting of all equity awards, and unexercised stock options may be exercised for up to 18 months following a qualifying termination of employment but not to exceed the expiration date of such options.

Terminations of employment that entitle the officer to receive severance benefits under the change of control severance agreement consist of either termination by our company without "cause" or by resignation of the officer for "good reason" within 90 days of an event constituting "good reason" if in each case within one year following a "change of control". The change of control severance agreements provide the following definitions:

• "change of control" means the first to occur of any of the following events:

- the consummation of a merger or consolidation of our company with any other corporation, other than a merger or consolidation which would result in the voting securities of our company outstanding immediately prior thereto
- (i) continuing to represent (either by remaining outstanding or by being converted into or exchanged for voting securities of the surviving entity) more than 60% of the total voting power represented by the voting securities of our company or such surviving entity outstanding immediately after such merger or consolidation;
 - (A) any approval by our stockholders of a plan of complete liquidation of our company, other than as a result of insolvency or (B) the consummation of the sale or disposition (or the last in a series of sales or dispositions) by our company of all or substantially all of our company's assets, other than a sale or disposition to a wholly-owned
- (ii) direct or indirect subsidiary of our company and other than a sale or disposition which would result in the voting securities of our company outstanding immediately prior thereto continuing to represent (by being converted into or exchanged for voting securities of the entity to which such sale or disposition was made) more than 60% of the total voting power represented by the voting securities of the entity to which such sale or disposition was made after such sale or disposition; or
- (iii) any "person" (as defined in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934) becoming the "beneficial owner" (as defined in Rule 13d-3 under the Securities Exchange Act of 1934), directly or indirectly, of

- securities of our company representing 40% or more of the total voting power represented by our company's then outstanding voting securities; or
- (iv) during any period of two consecutive years after the effective date of the change of control severance agreement, the incumbent directors cease for any reason to constitute a majority of our Board of Directors.

•"cause" means the occurrence of any of the following:

- any act of personal dishonesty taken by the employee in connection with his or her responsibilities as an employee
- (i) which is intended to result in substantial personal enrichment of the employee and is reasonably likely to result in material harm to our company;
- (ii) the employee's conviction of a felony;
- (iii) a willful act by the employee which constitutes misconduct and is materially injurious to our company; or
- continued willful violations by the employee of the employee's obligations to our company after the employee has
- (iv) received a written demand for performance from our company which describes the basis for our company's belief that the employee has not substantially performed his or her duties.

•"good reason" means the occurrence of any of the following:

- without the employee's express written consent, a material reduction of the employee's duties, position or
- (i) responsibilities relative to the employee's duties, position or responsibilities in effect immediately prior to the change of control;
- (ii) a reduction by our company of the employee's base salary or bonus opportunity as in effect immediately prior to such reduction;
- a material reduction by our company in the kind or level of employee benefits to which the employee is entitled
- (iii) immediately prior to such reduction with the result that the employee's overall benefits package is materially reduced;
- without the employee's express written consent, the relocation of the employee to a facility or a location more than
- (iv) five miles from his or her current facility and the new location is more than 50 miles from the employee's current residence; or

(v) the failure of our company to obtain the assumption of the change of control severance agreement by a successor. The change of control severance agreements provide that if payments to an officer are subject to the excise tax imposed by Section 280G of the Internal Revenue Code, the severance benefits will be reduced only to the extent that such reduction would increase the benefits received by the officer on an after-tax basis. The change of control severance agreements do not alter the at-will employment of the officers who have entered into them.

In addition to the benefits under the change of control severance agreements, our current stock option agreements under our stock option plans for our officers, including our Equity Incentive Plan, provide that in the event the officer's employment is terminated without cause within 12 months following a change in control, the officer will receive credit for an additional 12 months of service for purposes of calculating the number of shares of our common stock that are vested under such option.

Under our Employee Incentive Plan, which provides for performance bonuses to our officers, if a change in control of our company occurs, all bonus awards will be deemed to have been earned at 100% of the bonus target percentage for the current plan measurement period (and for the subsequent consecutive measurement periods if they fall within the same fiscal year) and will be paid to the officer participants at that time.

The following table presents information regarding change of control payment and benefit estimates for our named executive officers. We prepared the table assuming that both a change of control occurred and the employment of our current named executive officers was terminated without cause or by resignation of the officer for good reason on December 27, 2013, which was our company's last business day of fiscal year 2013. For restricted stock unit awards, the intrinsic value is based upon the December 27, 2013 closing price for our company common stock of \$6.14 and for stock options, the value is based on such \$6.14 minus the exercise price of the applicable stock option. The various amounts listed are estimates only. The actual amounts to be paid can only be determined at the time of such change of control and such officer's separation from our company.

Employment Letter Agreement with Mr. St. Dennis. The employment letter agreement for Mr. St. Dennis provides that if his employment is terminated by our company before a change of control without cause or by the officer for good reason (as these terms are defined in each of the employment letter agreements), he will receive a lump sum severance payment equal to one year of his then annual base salary, a pro-rata portion of his annual bonus based upon the number of calendar days the officer was employed in the year of his termination, accelerated vesting and extended exercisability of his granted equity awards for an additional twelve month period, and health benefits coverage for up to twelve months. These separation benefits are subject to Mr. St. Dennis executing a release and waiver of claims in favor of FormFactor. The following table presents information regarding payment and benefit estimates for Mr. St. Dennis assuming that his employment with our company was terminated without cause by us or by his resignation for good reason on December 27, 2013, which was our company's last business day of fiscal year 2013. Indemnification Agreements. We have entered into indemnification agreements with each of our current and former directors, current and former executive officers and certain other officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to our company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. These indemnification agreements are in addition to the indemnity provisions in our company's certificate of incorporation and bylaws. We also intend to enter into indemnification agreements with our future directors and executive officers.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors recognizes that transactions between our company and persons or entities that may be deemed related persons can present potential or actual conflicts of interest and create the appearance of impropriety. Accordingly, our Board has delegated authority for the review and approval of all related person transactions to the Governance Committee.

Pursuant to that authority, the Governance Committee has adopted the Statement of Policy Regarding Related Person Transactions to provide procedures for reviewing, approving and ratifying any transaction involving our company or any of its subsidiaries in which a 5% or greater stockholder, director, executive officer or members of their immediate family have or will have a material interest as determined by our Governance Committee. This policy is intended to supplement, and not to supersede, our company's other policies that may be applicable to or involve transactions with related persons, such as the company's Statement of Corporate Code of Business Conduct. This policy is posted on our company's website at www.formfactor.com.

Other than the compensation arrangements for directors and executive officers described above, we have not been a party to any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$120,000 and in which any current director, executive officer, holder of more than 5% of our common stock or entities affiliated with them had or will have a material interest.
