INFORMATION ABOUT THE BOARD, COMMITTEES, AND COMPENSATION

The authorized Board of Directors presently consists of ten members; however, Daniel L. Doctoroff and Nils A. Johansson have decided not to stand for re-election to the Board. We express sincere appreciation for their efforts and contributions during their many years as directors.

The Board held five meetings during 2000. The average attendance by Directors at these meetings was greater than 80%, and all nominees attended at least 90% of the Committee meetings they were scheduled to attend. The Board has both an Audit Committee and Compensation Committee.

Audit Committee. The Audit Committee's primary responsibilities are to approve the selection of independent auditors; to review the scope and results of the independent audit; to review the evaluation of the Company's systems of internal accounting controls; to appraise the Company's financial reporting (including its Proxy Statement and 10-K) and the accounting standards and principles followed; and, to discuss fees paid to the Company's independent accountants. The Audit Committee met 4 times during 2000. Messrs. Roubos (Chairman), Oberndorf, and Scully are members of the Audit Committee. All of the members of the Audit Committee are independent under New York Stock Exchange listing standards.

Compensation Committee. The Compensation Committee's responsibilities are to monitor the Company's management resources, structure, succession planning, development and selection process and the performance of key executives; and to review and approve executive compensation. This Committee also administers the Bell & Howell 1995 Stock Option Plan and the Management Incentive Bonus Plan. This Committee met 3 times during 2000. Messrs. Oberndorf (Chairman), Bonderman, and Roubos are members of the Compensation Committee

Compensation of Directors. All of the Directors, except for Management Directors (who receive no additional compensation as Directors), receive their compensation through both cash payments for individual meeting attendance throughout the year and participation in the 1995 Non-Employee Directors' Stock Option Compensation Plan.

Compensation currently consists of an annual retainer fee of \$25,000 in stock options and a fee of \$2,000 in cash for each Board meeting attended. A fee of \$1,000 in cash is also paid to each Director for their attendance at a

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

Committee meeting. A fee of \$2,500 in cash is paid to those Directors who serve as a Chairman of a Committee meeting. The Board is also reimbursed travel expenses for their attendance at these meetings.

Under the 1995 Non-Employee Directors' Stock Option Compensation Plan, the Board receives an annual stock option grant made as of the last day of trading of the Company's Common Stock in the second fiscal quarter (June 30, 2000). The stock options grant permits a non-employee Director to purchase shares of the Company's Common Stock at an exercise price not less than the market value of the Common Stock on the date the option is granted. The number of shares that may be purchased is equal to the total annual compensation otherwise payable to a Director divided by the fair market value of an option on one share of Common Stock. For these purposes, the value of an option is determined by using the Black-Scholes option-pricing model. Based on that amount, in 2000 each non-employee Director received an option grant of 2,060 shares of the Company's Common Stock at an exercise price of \$24.25 per share.

6

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The philosophy of the Compensation Committee is to align executive compensation with shareholder interests; ensure that compensation is at a level that enables the Company to attract and retain high quality talent; and to provide significant rewards for achievement of business objectives and growth in shareholder value. The members of the Compensation Committee are independent, non-employee directors.

The Company's compensation program for executive officers currently consists of the following key elements: base salary, annual bonuses, and stock option grants. Each element of the program has a somewhat different purpose. Salary and annual bonuses are made to compensate ongoing performance and achievement of business objectives through the year based upon established targets and goals, while stock option grants are designed to provide strong incentives for creation of long term shareholder value and continued retention of executive officers and other key employees by the Company.

In determining the overall level and form of executive compensation to be paid or awarded in 2000 the Company considered, among other things, continued increases in the Company's sales and productivity in a period of rapid change and intensified competition; and the compensation practices and performances of other major corporations which are most likely to compete with the Company for the services of its executive officers. Federal tax law establishes certain requirements in order for compensation exceeding \$1,000,000 earned by certain executives to be deductible. The Compensation Committee believes that the

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

Management Incentive Bonus constitutes qualified performance-based compensation and, therefore, will be exempt from the \$1,000,000 limitation on deductible compensation.

BASES FOR CHIEF EXECUTIVE OFFICER COMPENSATION

For 2000, Mr. Roemer received total cash payments of \$1,126,136 in salary and bonuses, as shown in the Summary Compensation Table on page 9.

Of the options to purchase 385,000 shares of Bell & Howell common stock granted to Mr. Roemer in May 1995, 231,000 shares are currently exercisable. As shown in the Summary Compensation Table, Mr. Roemer was also granted stock options in February 1998 for 250,000 shares (which vested in February 2001) and 100,000 shares in February 1999 (which vest in February 2002). With respect to all option grants to Mr. Roemer, if he were to leave the Company for reasons other than disability or death before any of the respective vesting dates, he would forfeit his right to all unvested shares. As a director of bigchalk.com, inc., Mr. Roemer was granted an option to purchase shares of bigchalk.com, inc. Mr. Roemer exercised this option and purchased 20,833 shares of bigchalk.com, inc. As a Director of MotorcycleWorld.com (MCW), Mr. Roemer was granted an option to purchase 75,000 shares of MCW, all of which are currently exercisable.

In determining Mr. Roemer's 2001 compensation, the Compensation Committee has focused on his ability to enhance the long-term value of the Company. During his tenure with Bell & Howell, Mr. Roemer has been a leader in the revitalization of the Company and its transformation into a provider of technological solutions within a number of market segments. Mr. Roemer's total compensation is based on both Bell & Howell's recent performance and his contributions to the overall long-term strategy and financial strength of the Company.

The foregoing report on executive compensation is provided by the following members of the Compensation Committee during 2000:

William E. Oberndorf (Chairman), David Bonderman and Gary L. Roubos

- (1) The table sets forth the potential realizable values of such options, upon their latest possible expiration date, at arbitrarily assumed annualized rates of stock price appreciation of five, ten and twenty percent over the term of the options. Because actual gains will depend upon, among other things, the actual dates of exercise of the options and the future performance of the Common Stock in the market, the amounts reflected in this table may not reflect the values actually realized. No gain to the named executive officers is possible without an increase in stock price, which will benefit all shareholders proportionately.
 - (2) This information is not applicable to this item because the options listed are for common stock of MotorcycleWorld.com, an 80% owned subsidiary of the company.
 - (3) Consists of options to purchase shares of common stock of MotorcycleWorld.com, an 80% owned subsidiary of the Company.

 - (3) The amounts have been determined by multiplying the aggregate number of options by the difference between \$16.50 the closing price of the Common Stock on December 29, 2000 (the last trading day of fiscal 2000), and the exercise price of the options.

SUPPLEMENTAL RETIREMENT PLAN

The Bell & Howell Supplemental Retirement Plan ("SRP") provides certain officers and employees with additional pension benefits upon retirement to supplement social security and the benefits provided under the Bell & Howell Profit Sharing Retirement Plan ("PSRP") and the Bell & Howell Replacement Benefit Plan ("RBP").

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

The SRP provides for lifetime monthly pension payments which generally equals: (i) a percentage of the participant's average monthly compensation during the highest paid four years of the participant's last six years of employment (the actual percentage is determined by length of service, but cannot exceed 50%) less; and (ii) the sum of the monthly amounts which are attributable to the Company's contribution payable under the PSRP and RBP and as primary social security benefits. If a participant is involuntarily terminated other than "for cause" and has been a plan participant for at least five years or he voluntarily terminates his employment and has been an employee for at least ten years and a plan participant for at least five years, he will be entitled to deferred SRP payments calculated as if his termination date were his retirement date. The estimated credited years of service at the end of fiscal 2000 for each of the individuals listed in the Supplemental Retirement Plan Table below are 9 and 19 for Messrs. Roemer, Johansson respectively, and two for Messrs. Reynolds and Buchardt and 0 for Mr. Aldworth. The Company estimates that the annual SRP benefits which have accrued through the end of fiscal 2000 and would be payable upon retirement at age 60 to Messrs. Roemer, Johansson and Reynolds, would be \$169,000; \$217,000; and \$4,000 respectively. Messrs. Buchardt and Aldworth have none accrued.

The Company estimates that the following annual benefits would be payable upon retirement at or after age 60 (participants may elect to receive reduced benefits beginning at age 55) to persons in the following specified participation levels, compensation and year-of-service classifications (these calculations take into account amounts which are estimated to be received under the Company's PSRP and RBP and as social security benefits):

RELATED PARTY TRANSACTIONS

The Company has made loans (the balance of which totaled approximately \$1,180,000 at the end of fiscal 2000) to certain key employees in connection with their purchases of the Company's Common Stock. Pursuant to the terms of such loans, the shares acquired are pledged as security.

Messrs. Oberndorf and Scully, directors of the Company, own a majority interest in Core Learning Group, LLC. In addition, Mr. Oberndorf contributed \$2,500,000 for approximately 2% of bigchalk.com.

AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors (a copy of which is attached to this Proxy Statement as Appendix A), include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent accountants and management to review accounting, auditing, internal controls and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent accountants.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2000 Annual Report to Shareholders. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and, (ii) have been prepared in conformity with accounting principles generally accepted in the United States of America.

We have discussed with KPMG LLP, our independent accountants, the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, "Communications with Audit Committees." SAS No. 61 requires our independent accountants to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under auditing standards generally accepted in the United States of America, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from KPMG LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 "Independence Discussions with Audit Committees" with respect to any relationships between KPMG LLP and the Company that in their professional judgment may reasonably be thought to bear on independence. KPMG LLP has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2000 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and prepared in accordance with accounting principles generally accepted in the United States of America. That is the responsibility of management and the Company's independent accountants. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America, and (ii) the report of the Company's independent accountants with respect to such financial statements.

INDEPENDENT ACCOUNTANTS

The Company's certified public accountants for fiscal 2000 were KPMG LLP and that firm has been selected as the Company's accountants for fiscal 2001. Such accounting firm is expected to have a representative at the Annual Meeting of Shareholders and will be available to respond to appropriate questions at that time and have an opportunity to make a statement if they desire to do so.

Audit Fees

The aggregate fees billed by the Company's independent accountants for professional services rendered in connection with (i) the audit of the Company's annual financial statements set forth in the Company's Annual Report on Form 10-K for the year ended December 30, 2000, and (ii) review of the Company's quarterly financial statements set forth in the Company's Quarterly Reports on Form 10-Q for the quarters in fiscal 2000, were approximately \$348,000.

Financial Information and Systems Design and Implementation Fees

There were no fees billed by the Company's independent accountants for financial information systems design and implementation services.

All Other Fees

The aggregate fees for other services that KPMG LLP rendered in 2000 were \$573,500, including audit related services of \$538,000 and tax services of \$35,500. Audit related services include fees for pension plan and statutory audits, business acquisitions and divestitures, accounting consultations and SEC registration statements.

The Audit Committee has advised the Company that it has determined that the non-audit services rendered by the Company's independent accountants during the Company's most recent fiscal year are compatible with maintaining the independence of such accountants.

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

Attendance at Annual Meeting

A representative from KPMG will be available to respond to any appropriate questions at the Annual Meeting of Shareholders.

SHAREHOLDER PROPOSALS FOR 2002

Under the rules of the Securities and Exchange Commission, shareholder proposals submitted for next year's Proxy Statement must be received by Bell & Howell no later than the close of business on December 15, 2001, to be considered. Proposals should be addressed to Todd W. Buchardt, General Counsel and Secretary at Bell & Howell Company, 300 N. Zeeb Road, Ann Arbor, Michigan, 48103. For a shareholder to bring other business before the Annual Meeting, but not have it included in the proxy statement, timely notice must be submitted in writing, delivered or mailed by first-class mail, postage prepaid, to the Secretary of the Company not less than 45 days prior to the month and day of mailing of the prior year's proxy statement. The notice must identify the proposing shareholder and his/her address and contain a description of the proposed business and such other information as would be required to determine the appropriateness of including the proposal in the proxy statement.

17

VOTING SECURITIES

Shareholders of record at the close of business on March 16, 2001, will be eligible to vote at the meeting. The voting securities of Bell & Howell consist of its common stock, of which 23,622,129 were outstanding on March 16, 2001. Each share outstanding on the record date will be entitled to one vote.

Individual votes of shareholders are kept private, except as appropriate to meet legal requirements. Access to proxies and other individual share owner voting records is limited to the Independent Inspectors of Election (Bank Boston, c/o Boston EquiServe, L.P.) and certain employees of Bell & Howell and its agents who must acknowledge in writing their responsibility to comply with this policy of confidentiality.

VOTE REQUIRED FOR APPROVAL

The nominees for director receiving a plurality of the votes cast at the meeting in person or by proxy shall be elected. All other matters which may be presented at the meeting require the favorable vote of a majority of shares voted at the meeting for approval. Abstentions and broker non-votes will not be treated as votes cast and, therefore, will have no effect on the outcome of the matters to be voted on at the meeting.

MANNER FOR VOTING PROXIES

The shares represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated, the shares represented by all valid proxies received will be voted "for" the nominees for director named earlier in this Proxy Statement.

Although the Board knows of no matter other than the election of directors which may be presented to the meeting, should any other matter need to be acted upon at the meeting the persons named on the proxy card will vote in accordance with their judgment.

VOTING ON THE INTERNET OR VIA TELEPHONE

Edgar Filing: BELL & HOWELL CO/ - Form DEF 14A

Again this year, registered holders (i.e., those stockholders who hold stock in their own names and whose shares are not held by a broker in a "street name" on their behalf, or whose shares are not held under the Bell & Howell Associate Stock Purchase Plan) will be able to vote their proxies over the Internet or by telephone. Specific Instructions for Voting on the Internet or by telephone are included on the Proxy Card.

SOLICITATION OF PROXIES

Proxies may be solicited on behalf of the Board of Directors by mail, telephone, telegraph, or in person, and solicitation costs will be paid by Bell & Howell. Copies of proxy material and of the Form 10-K for 2000 will be supplied to brokers, dealers, banks, and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners. Bell & Howell will reimburse such record holders for their reasonable expenses.

ACCOUNTING INFORMATION
