Artemis International Solutions Corporation
Notes to the Consolidated Financial Statements
(Unaudited)
(all tabular amounts in thousands except per share amounts)

Note 1. Organization

Artemis International Solutions Corporation, ("*Artemis*", or the "*Company*") is a provider of enterprise-based portfolio, project and resource management software solutions. Artemis' solutions consist of scalable client/server and Web-based applications, and are supported by consulting services and an international distribution network of 41 offices in 27 countries. Artemis services key vertical markets such as Aerospace and Defense, Utilities, Manufacturing, Government, and Financial Institutions.

As used herein:

"Opus360" refers to Opus360 Corporation prior to the closing of certain share exchange transactions.

In November 2001 the Company changed its name to "Artemis International Solutions Corporation". "Artemis International Solutions Corporation" refers to Opus360 Corporation after the closing of certain share exchange transactions.

"Legacy Artemis" refers to Artemis Acquisition Corporation ("Legacy Artemis"), a Delaware corporation and the parent corporation of the Artemis business organization. Prior to these share exchange transactions, Legacy Artemis was a wholly owned subsidiary of Proha Plc ("Proha"), a Finnish corporation.

In April 2001, Opus360 and Proha entered into a share exchange ("share exchange"), agreement pursuant to which, upon completion of the transactions contemplated under such agreement, Opus360 exchanged 80% of its post-transaction outstanding Common Stock for all of the capital stock of Legacy Artemis, and 19.9% of two Finnish subsidiaries of Proha, Intellisoft OY and Accountor OY. As a result of the share exchange transactions, Proha owns 80% of the outstanding stock of Artemis.

Note 2. Basis of Presentation

The consolidated financial statements of Artemis, which include the accounts of its wholly owned subsidiaries for the three and nine month periods ended September 30, 2002 and 2001, respectively, and the related footnote information are unaudited and have been prepared on a basis substantially consistent with the Company's audited consolidated financial statements as of December 31, 2001 contained in the Company's annual report on Form 10-K, as filed with the Securities and Exchange Commission (the "Annual Report"). All significant intercompany transactions have been eliminated. Equity investments in which Artemis owns at least 20% of the voting securities, or exercises significant influence over, either individually or in concert with its parent, Proha, are accounted for using the equity method. Investments, in which the Company owns less than 20% and is not able to exercise significant influence over the investee, are accounted for under the cost method of accounting.

Accounting principles generally accepted in the United States require in certain circumstances that a company whose shareholders retain the majority voting interest, governing body and senior management in the combined business to be treated as the acquiror for financial reporting purposes. As a result of the share exchange, Proha, the former shareholder of Legacy Artemis, holds a majority interest in the Company, the board of directors and senior management of the combined company. Accordingly, for accounting purposes the transaction has

been treated as a reverse acquisition in which

Legacy Artemis is deemed to have purchased Opus 360, although Opus 360 remained the legal parent entity and the registrant for Securities and Exchange Commission ("SEC") reporting purposes.

The consolidated financial statements included herein represent the historical financial statements of Legacy Artemis, as the accounting acquiror, and the acquisition of Opus360 has been accounted for under the purchase method of accounting. The accounts of Legacy Artemis include its wholly owned subsidiaries: Artemis Acquisition Corporation, Artemis International Corporation Systems Limited, Artemis Holdings, Inc., Artemis International Corporation and Software Productivity Research, Inc., for all periods presented. As of January 1, 2002, these companies were merged into Artemis International Solutions Corporation.

The Company's independent public accountants have included a "going concern" explanatory paragraph in their audit report accompanying the 2001 consolidated financial statements which have been prepared assuming that the Company will continue as a going concern. The Company has incurred substantial recurring losses from operations since inception, and at September 30, 2002, the Company's current liabilities exceeded current assets by \$7.1 million. These factors raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the related notes thereto contained in the Company's Annual Report. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of normal recurring adjustments) which management considers necessary to present fairly the financial position of the Company at September 30, 2002, the results of operations for the three and nine month periods ended September 30, 2002 and 2001, and cash flows for the nine months ended September 30, 2002 and 2001. The results of operations for the nine months ended September 30, 2002 are not necessarily indicative of the results anticipated for the entire year ending December 31, 2002.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions regarding revenue recognition, and the recoverability of goodwill and intangible assets that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Certain prior period information has been reclassified to conform to the current period presentation. Amounts previously "Accounts payable-parent" totals have been incorporated in "accounts payable", and "other accrued liabilities" have been combined with "accrued payroll and taxes."

Note 3. Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement No. 141, Business Combinations, and Statement No. 142, Goodwill and Other Intangible Assets. Statement No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001, as well as all purchase method business combinations completed after June 30, 2001. Statement No. 141 also specifies the criteria intangible assets acquired in a purchase method business combination must meet to be recognized and reported apart from goodwill, noting that any purchase price allocable to an assembled workforce may not be accounted for separately. Statement No. 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead tested for impairment at least annually. Statement No. 142 also requires that

intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with Statement No. 144, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of.

The Company adopted Statement No. 141 for the July 31, 2001 combination of Opus 360 and Legacy Artemis. Statement No. 141 requires that the purchase method of accounting be used and prohibits the use of the pooling-of-interest method of accounting for business combinations completed on or after July 1, 2001. Statement No. 141 also requires that the Company recognize acquired intangible assets apart from goodwill

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

if the acquired intangible assets meet certain specified criteria. Statement No. 142 requires that the Company identify reporting units for purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets and cease amortization of intangible assets with an indefinite useful life.

The Company's business combinations were accounted for using the purchase method of accounting. In connection with the reverse acquisition of Opus360, the adoption of Statement No. 141 resulted in the allocation of negative goodwill in the amount of approximately \$10.5 million as a direct reduction of the acquired Opus360 non-current assets. At December 31, 2001, the Company had recorded an impairment charge under Statement No. 121 which resulted in the complete write-off of goodwill and a partial write-off of its other identifiable intangible assets. As a result of the complete write off of the goodwill at December 31, 2001, the adoption of Statement No. 142 has had no impact on the amortization expense during the nine months ended September 30, 2002.

The Company has re-evaluated and determined that the classification and useful lives utilized for its other intangible assets, "customer base" and "current technologies", are consistent with management's best estimate. Had the Company been accounting for its goodwill under Statement

6

No. 142 for all periods presented, the Company's net loss and net loss per basic and diluted share would have been as follows:

	Three months ended September 30,	
	2002	2001
Reported Net Loss:		
Reported net loss	\$ (1,786)	\$ (7,702)
Less: goodwill amortization		2,227
Adjusted net loss	\$ (1,786)	\$ (5,475)
Basic and diluted loss per share:		
Reported net loss	\$ (0.01)	\$ (0.03)
Goodwill amortization		0.01
Adjusted net loss per share	\$ (0.01)	\$ (0.02)
	Nine months ended September 30,	
	2002	2001
Reported Net Loss:		
Reported net loss	\$ (4,502)	\$ (17,129)
Less: goodwill amortization		6,521
Adjusted net loss	\$ (4,502)	\$ (10,608)
Basic and diluted loss per share:		
Reported net loss	\$ (0.02)	\$ (0.08)
Goodwill amortization		0.03

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

	Nine months ended September 30,	
Adjusted net loss per share	\$ (0.02)	\$ (0.05)

At September 30, 2002, the Company had net intangible customer base and technology assets of \$7.2 million and \$4.4 million, respectively. The estimated annual amortization for each of fiscal years 2002, 2003 and 2004 is \$4.0 million and \$2.7 million in fiscal year 2005.

In August 2001, the FASB issued Statement No. 144, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. Statement No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets, and supersedes Statement No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of, and the accounting and reporting provisions of APB Opinion No. 30 Reporting the Effects of the Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions, for the disposal of a segment of a business (as previously defined in that Opinion). Statement No. 144 also amends ARB No. 51, Consolidated Financial Statements, to eliminate the exception to consolidation for a subsidiary for which control is likely to be temporary. The provisions of Statement No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years, with early application encouraged. The Company adopted Statement No. 144 commencing January 1, 2002, and it did not have a material effect on the financial position or results of operations.

7

Note 4. Stock Options

The following description of the Company's stock option plans reflects the stock option plans of former Opus 360, which are still issued and outstanding. In March 2000, the Company adopted the (1) 2000 Stock Option Plan (the "2000 Plan"), which provides for the granting of non-qualified and incentive stock options to employees, board members and advisors (2) the 2000 Non-Employee Directors' Plan (the "Non-Employee Directors Plan"), which provides for automatic, non-discretionary grants, of non-qualified stock options to non-employee board members, as defined, and (3) the 2000 Employee Stock Purchase Plan (the "ESPP"), which permits eligible employees to acquire, through payroll deductions, shares of the Company's common stock. The 2000 Plan and the Non-Employee Directors Plan authorize the granting of up to 22.5 million and 1.1 million options, respectively, and provide for option terms not to exceed ten years. The ESPP authorizes the issuance of up to 2.8 million shares to participating employees. The Company's 1998 Stock Option Plan authorized the granting of up to 6.2 million options and provided for option terms not to exceed ten years.

Options granted under the Company's 2000 Stock Option Plan during the nine months ended September 30, 2002 were as follows:

	Options Granted	Exercise Price
	(in thousands)	
During the three months ended March 30, 2002	14,742	\$ 0.06
During the three months ended June 30, 2002	5,330	\$ 0.05
During the three months ended September 30, 2002	20	\$ 0.01
	20,092	

The exercise prices were equal to the fair market values on the date of the grant.

Note 5. Basic and Diluted Net Loss Per Share

The Company calculates earnings per share in accordance with Statement of Financial Accounting Standards ("Statement") No. 128, Computation of Earnings per Share. Accordingly, basic net loss per share excludes dilution for potentially dilutive securities and is computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding for the period. The following table sets forth the computation of basic and diluted earnings per share:

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

	Three months ended September 30,		Nine months ended September 30,	
	2002	2001	2002	2001
Numerator:				
Net loss	\$ (1,786)	\$ (7,702)	\$ (4,502)	\$ (17,129)
Denominator:				
Weighted average shares	249,125	232,638	249,125	210,505
Basic and diluted net loss per share	\$ (0.01)	\$ (0.03)	\$ (0.02)	\$ (0.08)
	8			

Note 6. Other Comprehensive Income (Loss)

Comprehensive income (loss) consists of net income or loss, adjusted for other increases or decreases affecting stockholders' equity that are excluded in the determination of net income (loss). The calculation of comprehensive income (loss) for the three months and the nine months ended September 30, 2002 and 2001 are as follows:

	Three months ended September 30,		Nine months ended September 30,	
	2002	2001	2002	2001
Net loss	\$ (1,786)	\$ (7,702)	\$ (4,502)	\$ (17,129)
Translation adjustment	(205)	101	(471)	(1,170)
Comprehensive net loss	\$ (1,991)	\$ (7,601)	\$ (4,973)	\$ (18,299)

Note 7. Segment and Geographic Information

Income from operations is assigned by region based upon management responsibility for such items. The following table presents information about the Company's operations by geographic region:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information in this discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Act of 1934, as amended. Such statements are based upon current expectations that involve risks and uncertainties. Any statements contained herein that are not statements of historical facts may be deemed to be forward-looking statements. For example, words such as "may", "will", "should", "estimates", "predicts", "potential", "continue", "strategy", "believes", "expects", "anticipates", "plans", "intends", and similar expressions are intended to identify forward-looking statements. Our actual results and the timing of certain events may differ significantly from the results discussed in the forward-looking statements. Important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements are detailed in the documents filed by the Company with the Securities and Exchange Commission including but not limited to those discussed under the caption "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

The following discussion should be read in conjunction with the accompanying unaudited Consolidated Financial Statements and related Notes thereto and the audited Consolidated Financial Statements and the Notes thereto contained in the Annual Report on Form 10-K for the year ended December 31, 2001. (All tabular amounts are in thousands.)

Overview

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

Artemis International Solutions Corporation ("*Artemis*", "*We*" or the "*Company*"), is one of the world's leading providers of enterprise-based portfolio, project and resource management software solutions. Artemis' solutions consist of scalable client/server and Web-based applications, and are supported by industry-leading consulting services and an international distribution network of 41 offices in 27 countries. Artemis services key vertical markets such as Aerospace and Defense, Utilities, Manufacturing, Government, and Financial Institutions.

In April 2001, Opus360 Corporation ("Opus360") and Proha Plc ("Proha"), a Finnish corporation, entered into a share exchange agreement pursuant to which, upon completion of the transactions contemplated under such agreement, Opus360 exchanged 80% of its post-transaction outstanding Common Stock for all of the capital stock of Artemis Acquisition Corporation ("Legacy Artemis"), and 19.9% of two Finnish subsidiaries of Proha, Intellisoft OY and Accountor OY.

Legacy Artemis, a Delaware corporation was the parent corporation of the Artemis business organization and prior to these share exchange transactions was a wholly owned subsidiary of Proha. As a result of the share exchange, Proha owns 80% of the outstanding stock of the Company. In November 2001, we changed our name from Opus360 Corporation to "Artemis International Solutions Corporation".

Critical Accounting Policies

Our significant accounting policies are described in Note 1 to the annual consolidated financial statements as of and for the year ended December 31, 2001, included in our Form 10-K filed with the Securities and Exchange Commission. We believe our most critical accounting policies include those related to the following:

revenue recognition;

estimating the allowance for doubtful accounts; and

valuation of long-lived and intangible assets.

11

Revenue recognition.

The Company has adopted Statement of Position, or SOP, 97-2, *Software Revenue Recognition*, which supersedes SOP 91-1, *Software Revenue Recognition*, as well as SOP, 98-9, *Modification of SOP 97-2, Software Revenue Recognition, with Respect to Certain Transactions*, which amends SOP 97-2 and supercedes SOP 98-4. SOP 97-2, as amended, generally requires revenue earned on software arrangements involving multiple elements to be allocated to each element based on the relative fair market values of each of the elements. The fair value of an element must be based on vendor-specific objective evidence ("VSOE") of fair value. Software license revenue allocated to a software product generally is recognized upon delivery of the product or deferred and recognized in future periods to the extent that an arrangement includes one or more elements that are to be delivered at a future date and for which VSOE has not been established. Maintenance and support revenue is recognized ratably over the maintenance term. First-year maintenance typically is sold with the related software license and renewed on an annual basis thereafter. Fair values of ongoing maintenance and support obligations are based on separate sales of renewals to other customers or upon renewal rates quoted in the contracts. For such arrangements with multiple obligations, we allocate revenue to each component of the arrangement based on the fair value of the undelivered elements. Fair value of services, such as consulting or training, is based upon separate sales of these services.

Services revenue is recognized as the service is performed assuming that sufficient evidence exist to determine the fair value of the services. Consulting and training services are generally billed based on hourly rates and revenues are generally recognized as the services are performed. Consulting services primarily consist of implementation services related to the installation of the Company's products and generally do not include significant customization to or modification of the underlying software code.

Significant management judgments and estimates must be made in connection with determination of the revenue to be recognized in any accounting period. If we made different judgments or utilized different estimates for any period, material differences in the amount and timing of revenue recognized could result.

Allowance for doubtful accounts.

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

We establish our allowance for doubtful accounts based on our review of credit profiles of our customers, contractual terms and conditions, current economic trends and historical payment, return and discount experience. We reassess the allowance for doubtful accounts each period. If we made different judgments or utilized different estimates for any period, material differences in the amount and timing of revenue recognized could result.

Valuation of long-lived and intangible assets.

The Company's business combinations were accounted for using the purchase method of accounting. In connection with the reverse acquisition of Opus360, the adoption of Statement No. 141 resulted in the allocation of negative goodwill in the amount of approximately \$10.5 million as a direct reduction of the acquired Opus360 non-current assets. At December 31, 2001, the Company had recorded an impairment charge under Statement No. 121 which resulted in the complete write-off of goodwill and a partial write-off of its other identifiable intangible assets. As a result of the complete write off of the goodwill at December 31, 2001, the adoption of Statement No. 142 has had no impact on the amortization expense during the nine months ended September 30, 2002. In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets", we assess other intangible assets and other long-lived assets for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable through the estimated undiscounted future cash flows resulting from the use of the assets. If we determine that the carrying value of other intangible assets and other long-lived assets may not be recoverable we measure impairment by using the projected discounted cash-flow method in accordance with Statement No. 144, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of".

Three months ended September 30, 2002 and 2001

Revenue

Software Revenue

Software revenue represents fees earned for granting customers licenses to use our software products. Software revenue increased \$0.5 million or 19% to \$3.2 million during the three months ended September 30, 2002 from \$2.7 million during the three months ended September 30, 2001. Many customers responded to uncertain economic and political conditions in 2001 by delaying or curtailing their technology capital spending. In addition, customers restricted their software purchases to essential requirements and reduced investments in software designed to accommodate projected customer growth. Consequently, our software revenues declined in the second half of 2001 and the first half of

13

2002. However during the three months ended September 30, 2002, our software revenues started to recover as (1) our customers began to increase their investment purchases and (2) our newer products such as our *Portfolio Director* and *Viewpoint* gained acceptance in certain European countries, particularly France, Germany and Italy. Management expects the overall trend of increasing software sales to continue during the three months ended December 31, 2002. In particular, management expects increased sales of its *Portfolio Director* product. Significant sales increases in those countries were slightly offset by reductions in sales in the United States and other countries.

Support Revenue

Support revenue consists of fees for providing software updates and technical support for our software products. Support revenue decreased \$0.5 million or 11% to \$3.9 million during the three months ended September 30, 2002 from \$4.4 million during the three months ended September 30, 2001. The decrease in support revenues was primarily due to the lower software license sales in previous quarters both domestically and internationally.

Services Revenue

Services revenue consists of fees for consulting and training services generated by our personnel and through subcontracted third-party arrangements. Services revenue decreased \$0.1 million or 1% to \$8.7 million during the three months ended September 30, 2002 from \$8.8 million during the three months ended September 30, 2001. The Company has been able to maintain its service revenues despite weak economic conditions through several large follow-on consulting assignments with clients who had licensed our products in prior periods.

Cost of Revenue

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

Cost of revenue consists primarily of salaries and third-party expenses principally related to consulting, software maintenance services and training services. To a lesser extent cost of revenue includes royalty payments to third parties. The majority of our cost of revenue is directly related to our support and service revenue. Cost of revenue decreased \$0.4 million or 5% to \$8.0 million during the three months ended September 30, 2002 from \$8.4 million during the three months ended September 30, 2001. The cost of revenue as a percentage of total revenue decreased to 51% during the three months ended September 30, 2002 from 53% during the three months ended September 30, 2001 due primarily to more efficient use of staff in delivering services. In addition, a larger percentage of our services were provided by Artemis employees as opposed to non-employee consultants.

Gross Profit

Total gross profit for the three months ended September 30, 2002 was \$7.8 million, an increase of \$0.3 million or 4%, from the \$7.5 million for the three months ended September 30, 2001. Gross profit margin for the 2002 period also increased approximately 2 percentage points, to 49% from 47% for the three months in 2001, reflecting the aforementioned revenue increases and cost of revenue efficiencies.

Operating Expenses

Selling and Marketing expenses

Selling and Marketing expenses consist primarily of personnel related costs of our direct sales force and marketing staff and the cost of marketing programs, including advertising, trade shows, promotional materials and customer conferences. Selling and Marketing expenses decreased \$1.3 million or 30% to \$3.0 million during the three months ended September 30, 2002, from \$4.3 million during the three months ended September 30, 2001. The decrease was the result of

14

management's concentrated efforts to reduce discretionary selling and marketing expenses in a challenging economy.

Research and development

Research and development expenses consist primarily of salaries and related costs associated with the development of our products. Research and development expenses decreased \$1.3 million or 41% to \$1.9 million during the three months ended September 30, 2002 from \$3.2 million for the same period of 2001. The decrease is primarily due to increased efficiencies and reduction and reallocation of personnel as we reacted to general economic conditions during the latter part of 2001 and the first half of 2002. In particular, we restructured our research and development organization leading to a reduction in headcount and the closure of our Exton, Pennsylvania facility. However, we believe that continued investment in research and development is critical to attaining our strategic objectives and, as a result, we expect that spending on research and development will remain at current levels or decrease slightly during the remainder of fiscal 2002.

General and administrative

General and administrative expenses consist primarily of personnel salaries and wages and related costs for general corporate functions, including executive, legal, finance, accounting, human resources and information systems. General and administrative expenses increased \$0.4 million or 13% to \$3.6 million during the three months ended September 30, 2002, from \$3.2 million during the three months ended September 30, 2001. The increase was primarily a result of legal and accounting fees incurred as we built our corporate infrastructure and continued the process of integrating and consolidating the management of the Company after the reverse acquisition of Artemis in July 2001.

Amortization expense

Amortization expense represents the amortization of intangible assets acquired in conjunction with Proha's purchase of Legacy Artemis in August 2000. These assets are being amortized on a straight-line basis over the remaining life of 43 months commencing January 1, 2002. Amortization expense decreased \$2.7 million or 71% to \$1.1 million during the three months ended September 30, 2002, from \$3.8 million during the three months ended September 30, 2001. The decrease is due to the reevaluation and write-off, in December 2001, of all remaining goodwill and a portion of the intangible assets arising from the pushdown accounting of Proha's August 2000 acquisition of Legacy Artemis.

Non-operating (income) expenses, net

Non-operating income expenses consists of (i) net interest income and expense, (ii) equity in income or losses of unconsolidated affiliates, (iii) foreign exchange gains or losses, (iv) income tax expense (benefit), (v) other (income) expense and (vi) minority interests in gains of

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

unconsolidated subsidiaries. The Company earned net non-operating income of approximately zero during the three months ended September 30, 2002 and incurred net non-operating expense of \$0.3 million during the three months ended September 30, 2001. The change was primarily due to an increase in other income during the nine months ended September 30, 2002 as compared to the same period of 2001.

15

Nine months ended September 30, 2002 and 2001

Revenue

Software Revenue

Software revenue decreased \$1.3 million or 12% to \$9.5 million during the nine months ended September 30, 2002 from \$10.8 million during the nine months ended September 30, 2001. The quarter ended March 31, 2001 was the last quarter of the Company's former fiscal year. During the quarter ended March 31, 2001, many of the larger licensing transactions for software that had been developed during the fiscal year ended March 31, 2001 were signed, the products shipped and the revenue recorded. In the nine months ended September 30, 2001, the Company recorded one such transaction in excess of \$1.0 million that was not replicated in the nine months ended September 30, 2002. In addition, due to weak economic conditions many customers have delayed or curtailed their technology capital spending. Customers have restricted their software purchases to essential requirements and have reduced investments in software designed to accommodate projected customer growth. The effect of these factors was partially offset later in the period as our revenues began to recover.

Support Revenue

Support revenue decreased \$0.3 million or 2% to \$11.9 million during the nine months ended September 30, 2002 from \$12.2 million during the nine months ended September 30, 2001. The decrease in support revenues was primarily due to the lower software license sales in previous quarters.

Services Revenue

Services revenue increased \$0.2 million or less than 1% to \$27.6 million during the nine months ended September 30, 2002 from \$27.4 million during the nine months ended September 30, 2001. The Company has been able to maintain its service revenues despite weak economic conditions through several large follow-on consulting assignments with clients who had licensed our products in prior periods.

Cost of Revenue

Cost of revenue decreased \$1.2 million or 5% to \$24.1 million during the nine months ended September 30, 2002 from \$25.3 million during the nine months ended September 30, 2001. This decrease was primarily due to a decrease in activity during 2002. Cost of revenue as a percentage of total revenue decreased slightly to 49%, during the nine months ended September 30, 2002, from 50% during the nine months ended September 30, 2001. The decrease was due primarily to more efficient use of staff in delivering services. In addition, Artemis employees as opposed to non-employee consultants provided a larger percentage of our services.

Gross Profit

Total gross profit for the nine months ended September 30, 2002 was \$24.9 million, a decrease of \$0.2 million, or less than 1%, from \$25.1 million for the nine months ended September 30, 2001. Gross profit margin for the 2002 period increased one percentage point, to 51% for the nine months ended September 30, 2002, from 50% for the 2001 same period of 2001, due primarily to the proportionately greater reduction in the costs of revenues.

16

Operating Expenses

Selling and Marketing expenses

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

Selling and Marketing expenses decreased \$4.2 million or 33% to \$8.7 million during the nine months ended September 30, 2002, from \$12.9 million during the nine months ended September 30, 2001. The decrease was the result of management's concentrated efforts to reduce discretionary expenses in a challenging economy.

Research and development

Research and development expenses decreased \$2.2 million or 27% to \$6.0 million during the nine months ended September 30, 2002 as compared to \$8.2 million for the same period of 2001. The decrease was primarily due to increased efficiencies and reduction and reallocation of personnel as we reacted to general economic conditions during the latter part of 2001 and the first half of 2002.

General and administrative

General and administrative expenses increased \$3.9 million or 56% to \$10.9 million during the nine months ended September 30, 2002, from \$7.0 million during the nine months ended September 30, 2001. The increase reflects legal and accounting fees incurred as we built our corporate infrastructure and continued the process of integrating and consolidating the management of the Company after the reverse acquisition of Artemis in July 2001.

Amortization expense

Amortization expense decreased \$9.1 million or 75% to \$3.1 million during the nine months ended September 30, 2002, from \$12.2 million during the nine months ended September 30, 2001. The decrease is due to the reevaluation and write-off, in December 2001, of all remaining goodwill and a portion of the intangible assets arising from the pushdown accounting of Proha's August 2000 acquisition of Legacy Artemis.

Non-operating (income) expenses, net

The Company incurred net non-operating expenses of \$0.8 million and \$0.6 million during the nine months ended September 30, 2002 and 2001, respectively. The decrease is primarily due to a reduction in interest expense due to lower average borrowings and average interest rates and an increase in foreign exchange losses during the nine months ended September 30, 2002 as compared to the nine months ended September 30, 2001.

Liquidity and Capital Resources

Our operating activities used \$0.3 million and \$6.1 million during the nine months ended September 30, 2002 and 2001, respectively. The effect of our net loss of \$4.5 million for the nine months ended September 30, 2002 was offset by (i) non-cash depreciation and amortization expenses of \$4.7 million, (ii) non-cash loss in equity of unconsolidated subsidiaries of \$0.3 million, (iii) a decrease in accounts receivable of \$0.9 million, (iv) a decrease in prepaid expenses and other assets of \$0.5 million and (v) an increase in deferred revenues of \$0.6 million. We used \$2.8 million to reduce accounts payable, accrued expenses, other liabilities and equity. During the nine months ended September 30, 2001 the \$6.1 million cash used in operations was primarily due to the net loss of \$17.1 million adjusted for non-cash amortization of goodwill and depreciation of \$12.9 million, and changes in operating assets and liabilities.

Our investing activities used cash of \$0.5 million, representing capital expenditures, during the nine months ended September 30, 2002. Our investing activities provided \$13.9 million during the nine

month ended September 30, 2001. The entities that were contributed by Proha, the former parent of Legacy Artemis provided \$0.8 million. Approximately \$13.6 million was provided as a result of the acquisition of Opus360. Cash provided was slightly offset by capital expenditures of \$0.6 million.

Our financing activities provided \$0.0 million during the nine months ended September 30, 2002 and used \$4.7 million during the nine months ended September 30, 2001. The Company uses lines of credit to fund temporary operating cash requirements and certain financial obligations. Fundings under our line of credit, net of repayments were \$1.1 million during the nine months ended September 30, 2002. In addition, we repaid \$0.9 million of debt to lenders and \$0.3 million on behalf of Proha during the nine months ended September 30, 2002. During the nine months ended September 30, 2001, the Company's financial statements reflect a reduction in shareholders' equity as a result of certain assets in the amount of \$2.1 million being retained by Proha, the parent company of Legacy Artemis, which were excluded from the business combination pursuant to the Share Exchange Agreement. The Company also repaid approximately \$5.4 million of debt and received

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

additional financing of \$2.8 million during the nine months ended September 30, 2001.

The Company's outstanding balance under its lines of credit at September 30, 2002 was \$2.2 million. Long term debt, including the current portion, totaled \$1.5 million at September 30, 2002. One of our lending agreements includes various financial covenants with which the Company has periodically been in non-compliance. Our lender has waived compliance with these covenants at March 31, 2001. The Company is in default at September 30, 2002, but has requested a continuation of this waiver.

In the fourth quarter of fiscal year 2001, the Company took a number of actions to reduce on-going costs, including deferring development, marketing and sales support for its Workforce Procurement and Workforce Management product lines. Worldwide staffing levels were reduced approximately seven percent in support of this effort. The Company's near and long-term operating strategies focus on promoting its new and existing software and services to increase its revenue and cash flow while better positioning the Company to compete under current market conditions.

The Company's consolidated financial statements have been prepared assuming the Company will continue as a going concern based upon management's plans discussed above. Accordingly, the consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management feels that they have sufficient flexibility in fixed, semi-fixed and variable costs to fund its operations for the foreseeable future with the aforementioned sources of funds to continue as a going concern.

A summary of our future contractual obligations and commercial commitments as of September 30, 2002 is as follows:

	Total	2002	2003	2004	2005	2006 and thereafter
Long-term debt	\$ 1,471	\$ 1,027	\$ 280	\$ 41	\$ 123	
Operating leases	5,810	1,082	2,999	1,108	539	82
	<u>\$ 7,281</u>	<u>\$ 2,109</u>	<u>\$ 3,279</u>	<u>\$ 1,149</u>	<u>\$ 662</u>	<u>\$ 82</u>

Related Party Transactions

18

Proha holds approximately 80% of the Company's outstanding Common Stock. The Company had the following amounts due from and payable to Proha at September 30, 2002 and December 31, 2001, respectively:

	September 30, 2002	December 31, 2001
Other receivables due from Proha	\$ 245	\$ 135
Other payables to Proha	\$ 135	\$ 423

At September 30, 2002 and December 31 2001, the Company maintained equity holdings in joint ventures, which are accounted for under the equity method, with the exception of Metier Scandinavia AS(Norway), Metier Plancom BV(Netherlands) and DA Management Solutions(Finland) which are accounted for under the cost method. The Company records its equity interest in losses first to the investment balance, then against loans or advances.

Item 3. Qualitative and Quantitative Disclosure About Market Risk

At September 30, 2002, the majority of the Company's cash balances were held primarily in the form of short-term highly liquid investment grade money market securities. As a result, the Company's interest income may be sensitive to changes in the general level of interest rates. However, due to the short-term nature of its investments, the Company believes that it is not vulnerable to any material interest or market rate risks. The Company's long-term and short-term debt has been issued at market rates and is not considered vulnerable to any material interest or market rate risks.

Item 4. Controls and Procedures

Edgar Filing: ARTEMIS INTERNATIONAL SOLUTIONS CORP - Form 10-Q

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities Exchange Act of 1934) as of a date (the "Evaluation Date") within 90 days prior to the filing date of this report. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective in timely alerting them to the material information relating to us (or our consolidated subsidiaries required to be included in our periodic filings with the Securities and Exchange Commission.

There were no significant changes made in our internal controls during the period covered by this report or, to our knowledge, in other factors that could significantly affect these controls subsequent to the date of their evaluation.

19

Part II OTHER INFORMATION

Item 1. Legal Proceedings

As previously reported, on April 6, 2001, a putative class action lawsuit captioned *Charles Bland vs. Opus360 Corporation, et al.*, 01 Civ. 2938, was filed in the United States District Court for the Southern District of New York. Ten similar putative class actions also were filed in the Court. By Order dated August 10, 2001, the Court consolidated all eleven actions and on September 24, 2001, the plaintiff served a consolidated amended class action complaint (the "Amended Complaint"). The Amended Complaint was brought on behalf of all persons who acquired securities of the Company between April 7, 2000 and March 20, 2001. Named as defendants in the Amended Complaint were the Company, ten current and former officers and directors of the Company, the underwriters of the Company's initial public offering ("IPO") and two shareholders who sold stock in a secondary offering concurrent with the IPO. The Amended Complaint alleged that, among other things, the plaintiff and members of the proposed class were damaged when they acquired securities of the Company because false and misleading information and material omissions in the registration statement relating to the IPO and the secondary offering caused the prices of the Company's securities to be inflated artificially. It asserted violations of Section 11, 12(a)(2), and 15 of the Securities Act of 1933. Damages in unspecified amounts and certain rescission rights were sought.

In October 2001, the Company and all other defendants filed motions to dismiss the Amended Complaint. By Opinion and Order dated October 2, 2002, the Court granted all of the motions and dismissed the Amended Complaint, but granted plaintiffs leave to serve a second consolidated amended class action complaint (the "Second Amended Complaint"). On October 30, 2002, plaintiffs served their Second Amended Complaint, which contains allegations similar to those in the Amended Complaint. The Company intends to file a motion to dismiss the Second Amended Complaint and to contest the lawsuit vigorously.

The Company is a party to a number of additional legal claims arising in the normal course of its business. The Company believes the ultimate resolution of these claims will not have a material effect on its financial position, results of operations, or cash flows.

Item 2. Change in Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

20

Item 4. Submission of Matters to a Vote of Security Holders

Artemis held a special meeting of stockholders on October 21, 2002 to consider and vote upon four alternative proposals to adopt an amendment to our Amended and Restated Certificate of Incorporation to effect, alternatively, one of four different reverse stock splits, as determined in good faith by our board of directors. The following summarizes the four proposals submitted for a vote of the stockholders at that meeting:

Proposal 1.	To amend the Company's Amended and Restated Certificate of Incorporation to effect a one for 25 reverse stock split.
-------------	--

Votes "*For*" 229,887,172 shares
Votes "*Against*" 1,135,226 shares
Votes "*Abstained*" 33,494 shares

Proposal 2. To amend the Company's Amended and Restated Certificate of Incorporation to effect a one for 50 reverse stock split.

Votes "*For*" 229,701,195 shares
Votes "*Against*" 1,326,800 shares
Votes "*Abstained*" 27,897 shares

Proposal 3 To amend the Company's Amended and Restated Certificate of Incorporation to effect a one for 75 reverse stock split.

Votes "*For*" 229,666,158 shares
Votes "*Against*" 1,361,862 shares
Votes "*Abstained*" 27,872 shares

Proposal 4 To amend the Company's Amended and Restated Certificate of Incorporation to effect a one for 100 reverse stock split.

Votes "*For*" 229,924,417 shares
Votes "*Against*" 1,114,468 shares
Votes "*Abstained*" 17,007 shares

Proposals 1, 2, 3 and 4 were approved by the Artemis stockholders at the special meeting. The Company's board of directors shall determine whether to actually effect the reverse stock split and, if so, which of the approved four ratios shall be used.

Item 5. Other Information

None.

Item 6. Exhibits and Reports on Form 8-K.

a. Exhibits.

None

b. Reports on Form 8-K.
On September 13, 2002, the Company filed a Current Report on Form 8-K to (1) attach the Company's Amended and Restated Bylaws of Artemis International Solutions Corporation and (2) attach the Company's September 13, 2002 press release announcing that the Company's Board of Directors had approved a proposal to affect a reverse stock split.
