PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS ON MAY 22, 2003

General Information

Edgar Filing: MANUFACTURERS SERVICES LTD - Form DEF 14A

This Proxy Statement and the accompanying proxy card are being furnished in connection with the solicitation of proxies by the Board of Directors of Manufacturers' Services Limited (the "Company") for use at the Annual Meeting of Stockholders of the Company to be held at 300 Baker Avenue, Concord, Massachusetts 01742 on Thursday, May 22, 2003, beginning at 4:30 p.m. (local time), and any adjournment thereof (the "Meeting") for the purposes set forth in this Proxy Statement and the accompanying Notice. The Company's Annual Report, this Proxy Statement, the Notice and the enclosed form of proxy were mailed to stockholders on or about April 14, 2003.

Proxies. Proxies in the enclosed form that are properly executed and received by the Company before or at the Meeting will be voted in accordance with the directions set forth therein. If no direction is made, a proxy that is properly signed and received by the Company and which is not revoked will be voted as recommended by the Board of Directors. Proxies may be revoked at any time before they are voted by delivering to the Secretary of the Company a signed notice of revocation, or a later dated, signed proxy, or by attending the Meeting and voting in person by ballot.

Solicitation of Proxies. The cost of soliciting proxies on behalf of the Board of Directors will be borne by the Company. Solicitations of proxies are being made by the Company through the mail and may also be made in person or by telephone. Directors and employees of the Company may be utilized in connection with such solicitations but will not receive additional compensation for such solicitation. The Company also will request brokers and nominees to forward soliciting materials to the beneficial owners of the Common Stock held of record by such persons and will reimburse them for their reasonable forwarding expenses. The Company has also retained Georgeson Shareholder Communications, Inc. ("Georgeson") to assist in the solicitation of proxies. Georgeson will receive a fee of \$6,000 plus out-of-pocket expenses, which will be paid by the Company.

Quorum Requirement. Stockholders of record at the close of business on April 1, 2003 are entitled to notice of and to vote at the Meeting. As of April 1, 2003, there were 33,583,250 shares of Common Stock, \$0.001 par value per share ("Common Stock"), and 830,000 shares of 5.25% Convertible Preferred Stock, \$0.001 par value per share ("Preferred Stock"), issued and outstanding which are entitled to vote at the Meeting. Each share of Common Stock is entitled to one vote, and the 830,000 shares of Preferred Stock are entitled to a total of 6,449,106 votes in the aggregate (approximately 7.77 votes per share), on all matters that may properly come before the Meeting. The holders of a majority of the shares of Common Stock and Preferred Stock, on an as converted basis, issued and outstanding and entitled to vote at the Meeting will constitute a quorum at the Meeting. Shares of Common Stock and Preferred Stock represented in person or by proxy (including shares that abstain or otherwise do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Meeting.

Votes Required. The affirmative vote of the holders of shares of Common Stock and Preferred Stock, voting together as a single class, representing a plurality of the votes cast at the Meeting is required for the election of directors. The affirmative vote of the holders of shares of Common Stock and Preferred Stock, voting together as a single class, representing a majority of the votes cast at the

Meeting on the matter is required to approve the ratification of the appointment of the Company's independent auditors.

Shares which abstain from voting as to a particular matter will not be counted as votes cast on such matter. Shares held in street name by brokers and nominees who indicate on their proxy that they do not have discretionary authority to vote such shares as to a particular matter will not be counted as votes cast on such matter. Accordingly, abstentions and "broker non-votes" on a matter that requires the affirmative vote of the holders of shares representing a plurality or a certain percentage of votes cast on the matter, such as the matters presented at the Meeting, have no effect on the voting of such matter.

The Board of Directors is not aware of any matters that are expected to come before the Meeting other than those referred to in this Proxy Statement. If any other matter properly comes before the Meeting, the proxies will be voted in accordance with the discretion of the person or persons voting the proxies.

Audit Committee. The members of the Audit Committee are Messrs. Wozniak (Chairman), O'Flanagan and Weyand. The Board of Directors has determined that each member is independent within the meaning of the NYSE rules. The Audit Committee is responsible for the appointment, compensation and oversight of the Company's independent auditors. The Audit Committee is also responsible for the oversight of the Company's financial reporting process, internal controls and preparation of its financial statements. Other responsibilities include the review in consultation with the independent auditors, of the audit results and their proposed opinion letter or audit report and any related management letter. The Audit Committee held eleven (11) meetings during 2002.

Compensation Committee. The members of the Compensation Committee are Messrs. Weyand (Chairman), O'Flanagan and Wyss. The Board of Directors has determined that each member qualifies as an outside director under the Internal Revenue Code, a non-employee director under SEC rules and an independent director under the NYSE rules. The Compensation Committee establishes a philosophy governing all executive compensation plans, reviews proposals by management and makes recommendations to the Board concerning compensation, bonuses and benefit plans. The

The Nominating and Corporate Governance Committee considers nominees for director recommended by stockholders but has not established procedures for such stockholder nominations beyond those contained in the Company's by-laws, as set forth under "Date of Submission of Stockholder Proposals." All options granted to the Named Executives were granted under the Company's 2000 Equity Incentive Plan, as amended. The options are generally not transferable by the optionee, are exercisable for a ten-year period from the date of the grant, must generally be exercised within 3 months after the end of the optionee's status as an employee or within twelve (12) months after the optionee's death or disability. Each option vests ratably as to 25% of the shares covered thereby on the first anniversary of the grant date and as to 1/36 of the remaining shares monthly thereafter from the 13th to the 48th month after the grant date. All options accelerate and become immediately vested upon a change in control of the Company.

(2)

The amounts shown on this table represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 0%, 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's Common Stock, the optionholder's continued employment through the option period and the date on which the options are exercised.

EMPLOYMENT CONTRACTS AND CHANGE IN CONTROL ARRANGEMENTS

Employment Agreements

On January 2, 2002 the Company and Mr. Kevin C. Melia entered into an amended Employment Agreement having an initial term of one year. The agreement provided that Mr. Melia will serve as Chairman of the Board at an annual base salary of \$350,000, plus a target incentive bonus of 50% of his base salary in accordance with the terms of the Company's Cash Incentive Compensation Plan. The agreement would automatically renew for one year terms unless either party provides the other with written notice not less than 90 days prior to the end of the current one year term that the agreement not be extended. Mr. Melia's Employment Agreement was not extended, and effective January 2, 2003, Mr. Melia resigned from the Board of Directors of the Company. In accordance with this Employment Agreement, Mr. Melia is receiving two times his base salary and two times his target incentive bonus payable in equal installments over the subsequent twelve month period in accordance with the Company's payroll practices. The Company is also reimbursing Mr. Melia for costs associated with his health, dental and vision insurance for the twenty-four month period following termination of employment. Finally, all unvested stock options held by Mr. Melia at the time of such termination, become immediately vested and exercisable for a period of twelve months thereafter.

The agreement also provides that during the twenty-four month period following a termination of his employment, Mr. Melia will not enter into competitive endeavors and will not undertake any commercial activity that is contrary to the Company's best interest or that of the Company's affiliates, including accepting employment or acquiring an interest in any entity (other than up to 5% of any publicly traded company) that competes directly or indirectly with the Company. In addition, the agreement requires Mr. Melia to refrain from soliciting or hiring any of the Company's employees for two years following the termination of his employment.

The Company entered into a three-year employment agreement with Mr. Robert C. Bradshaw, effective on January 2, 2002, which specifies that he holds the offices of President and Chief Executive Officer and be elected to the Company's Board of Directors. It specifies an annual base salary of \$600,000 and a target incentive bonus of 100% of his base salary, which is guaranteed in both 2002 and 2003. The agreement provided for a one-time commencement bonus of \$1,500,000 which is repayable in full if there is a termination of his employment by the Company for cause or by Mr. Bradshaw for other than good reason during the initial three-year term ("Initial Term"). Also specified was a relocation payment of \$700,000 to defray all of Mr. Bradshaw's relocation expenses, temporary housing

and other transition costs. Finally, Mr. Bradshaw was awarded a stock option grant of 1,000,000 shares at an exercise price of \$5.00 per share. The stock option has a term of ten years, vests in three equal installments on the first, second and third anniversary of the grant date and will accelerate and become fully exercisable for its term upon a change in control of the Company if Mr. Bradshaw remains with the Company and will be fully exercisable for up to four years thereafter, if Mr. Bradshaw terminates his employment with the Company within 30 days after a change in control.

If Mr. Bradshaw's employment is terminated during the Initial Term by the Company other than for cause or by Mr. Bradshaw for good reason including, in either case, after a change in control of the Company, (i) the Company shall continue to pay him his base salary and target bonus in monthly increments for the remainder of the Initial Term, (ii) any stock options shall become fully exercisable for up to four years after such termination, and (iii) the Company shall continue to provide health and welfare benefits to Mr. Bradshaw and his family for the balance of the Initial Term. Finally, the agreement contains a provision which prohibits Mr. Bradshaw from competing with the Company or soliciting any

Edgar Filing: MANUFACTURERS SERVICES LTD - Form DEF 14A

of its employees for the Initial Term and any extension thereof. Effective January 2, 2003, Mr. Bradshaw was elected as Chairman of the Board of the Company.

On January 31, 2002, the Company entered into an employment agreement with Mr. Santosh Rao to serve as Executive Vice President and Chief Operating Officer at an annual base salary of \$400,000. The agreement specifies Mr. Rao's target incentive bonus at 90% of his base salary with his pro-rata 2002 target incentive bonus guaranteed. Mr. Rao also received a commencement bonus of \$400,000, which is repayable to the Company if there is a termination of employment by the Company for cause or by Mr. Rao for other than good reason during the first three years of his employment. Mr. Rao was reimbursed \$133,057 for reasonable moving expenses. Finally, Mr. Rao received a stock option grant for 450,000 shares, having an exercise price of \$5.50 and vesting as to 25% on the first anniversary of the grant date and as to $\frac{1}{36}$ of the remaining shares monthly thereafter.

The Company entered into an employment agreement with Mr. Albert A. Notini as Executive Vice President and Chief Financial Officer effective January 31, 2002. The agreement provides for an annual base salary of \$325,000 and a target incentive bonus of 80% of his base salary. The target incentive bonus was guaranteed for fiscal year 2002. Mr. Notini was also granted a stock option for 275,000 shares at an exercise price of \$5.05 per share and having a term of ten years. If Mr. Notini's employment is terminated without cause by the Company or for good reason by Mr. Notini, then Mr. Notini will be entitled to salary continuation payments during the twelve-month period following termination equal to the sum of his base salary and target incentive bonus as well as the pro-rata portion of his target incentive bonus up to his termination date for the year in which the termination occurs. The Company will also pay for Mr. Notini's COBRA costs for the twelve-month period following termination other than for termination for cause.

The Company has also entered into an employment letter agreement with Mr. Richard J. Gaynor as Vice President and Corporate Controller. The agreement provides that in addition to his base salary and initial option grant, he will receive an annual bonus based on his personal performance and the Company's financial performance.

Change in Control Agreements

The Company has entered into separate change in control agreements with certain executive officers including: Albert A. Notini, Richard J. Gaynor and Santosh Rao. Mr. Bradshaw has no separate change in control agreement. Please see the Employment Agreement paragraphs above relating to Mr. Bradshaw which specify his change in control terms.

The change in control agreements provide that in the event of a termination of an executive's employment for any reason upon change of control, which results in the executive not being offered a management position on comparable terms, the executive will be entitled to receive his or her base

salary through the date of termination, together with any pre- and post-termination compensation and benefits payable to the executive under the terms of the Company's compensation and benefit plans. In addition, the agreements provide that any outstanding stock options, restricted stock or other equity awards held by the covered executive will become immediately vested and will remain outstanding for its full term.

The change in control agreements further provide that in the event of a termination of an executive's employment upon change of control, other than for cause or other stipulated reasons, the Company will be required to pay that executive a lump sum payment in cash equal to 2.5 times the sum of his base salary and target annual bonus for the year in which the covered executive is terminated, in addition to a pro rata portion of the executive's bonus compensation for the fiscal year in which the termination occurs and the benefits discussed above due upon termination of the executive for any reason after a change in control. In addition, the covered executive would be entitled to life, disability, accident and health benefits substantially similar to those provided during the executive's employment, for a period of 18 months, along with a lump sum payment in cash equal to the sum of, any unpaid incentive compensation awarded to the executive for the prior year (and contingent only upon continued employment) and a pro rata portion of all contingent compensation awards for any uncompleted periods under such plan as calculated in the agreement.

The change in control agreements take precedence over the executives' employment agreements.

A change in control would occur, among other events, through an acquisition of 40% of the Company's Common Stock by an independent third party, merger or consolidation with another company, acquisition by an independent third party of enough of the Company's stock to replace the existing Board of Directors, or acquisition of all or substantially all of the Company's assets.

The DLJ Entities, Donaldson, Lufkin & Jenrette Securities Corporation and DLJ Capital Funding, Inc. are affiliates of Credit Suisse First Boston (USA), Inc. formerly Donaldson, Lufkin & Jenrette, Inc., which was acquired by Credit Suisse First Boston in November 2000. In addition, Thompson Dean and Karl Wyss formerly served as Managing Directors of DLJ Merchant Banking, Inc. Mr. Dean currently serves as a Managing Director with Credit Suisse First Boston, the successor to DLJ Merchant Banking, Inc. Mr. Wyss, since December 31, 2000, is no longer employed by Credit Suisse First Boston. Both of these individuals are members of the Company's Board of Directors. Mr. Robin Esterson, a nominee for the board of directors currently serves a director of DLJ Merchant Banking Partners. DLJ Capital Funding, Inc. acted as syndication agent and lender under the Company's then current bank credit facility, for which it received its pro rata share of any repayment of amounts outstanding under that bank credit facility from the proceeds of its initial public offering. In addition, Donaldson, Lufkin & Jenrette Securities Corporation acted as arranger under that bank credit facility, for which it received customary fees and expenses, and acted as lead underwriter in the Company's initial public offering. Indemnification Agreements

The Company has entered into agreements to provide indemnification for its directors and executive officers in addition to the indemnification provided for in its Restated Certificate of Incorporation and By-laws.

Issuance of Warrants

In November 1999, in connection with the issuance of the senior preferred stock, the Company issued warrants to purchase 1,160,542 shares of its Common Stock to the DLJ Entities purchasing the senior preferred stock, of which 222,730 were immediately exercisable and 937,812 were placed into escrow. These warrants have an exercise price of \$4.80 per share and expire on November 26, 2006. On January 28, 2000, the DLJ Entities sold 500,000 shares of the senior preferred stock and warrants to purchase 290,136 shares of Common Stock, of which 55,683 were immediately exercisable and 234,453 were held in escrow, to Magnetite Asset Investors L.L.C. On November 26, 2000, the warrants held in escrow were returned to the Company and cancelled. In connection with the Company's initial public offering, the exercise price of the warrants beneficially owned by DLJ and its affiliates was adjusted to equal the public offering price of the shares of Common Stock

in the public offering and the expiration date was adjusted to be the fifth anniversary of the public offering. The warrants permit cashless exercise and contain anti-dilution protection in the case of a stock split, combination, reclassification or other changes to, or sales or issuances of, the Company's Common Stock, including future issuances of options, warrants or convertible securities. On July 9, 2001 Magnetite Asset Investors, LLC exercised all of the warrants it held and acquired 7,558 shares of Common Stock in a cashless exercise. As of December 31, 2002, warrants covering a total of 167,046 shares held by the DLJ Entities were outstanding, all of which are currently exercisable.

In March 2002, in connection with a private placement offering of 5.25% Convertible Preferred Stock, the Company issued warrants to purchase 582,751 shares of Common Stock to CSFB and certain of its affiliates. BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is composed of three directors who, the Board of Directors has determined are independent directors in accordance with both the NYSE and the SEC rules. The Board of Directors approved an amended charter for the Committee in February 2003. The Committee regularly reviews and approves all the compensation and benefit programs of the Company, the Chief Executive Officer's compensation and also reviews, in conjunction with the Chief Executive Officer, the proposed compensation of the other executive officers. In seeking to attract, retain and motivate top quality professionals, the Company's compensation philosophy emphasizes performance, includes a significant variable element of compensation, and uses incentives based on the performance of the Company's Common Stock to further align the interests of the Company's executives with those of the Company's stockholders. Compensation is comprised of three elements: (i) base salary, (ii) annual target incentive bonus, and (iii) stock options.

Base Salary. The Committee evaluates the responsibilities of the executive officer position together with the executive's experience level and refers to compensation studies of peer group and other industry companies provided by third party consultants in setting base salary. Also considered are the Company's overall financial performance and the individual's performance and contributions to the business.

Annual Bonuses. Annual target incentive bonuses, one of the variable components of compensation, are based on achieving both agreed upon individual performance goals and corporate objectives and are established at the beginning of each year. These are consistent with and fully support the Company's overall business plan and strategy. Bonuses are targeted at various levels as a percentage of base salary. For 2002 the corporate financial objective of cash earnings per share ("Cash EPS") was utilized together with certain personal performance goals, or where appropriate, business

15

unit performance measures. Incentive compensation bonuses were awarded for 2002 only for those executive officers whose employment contract specified a guaranteed bonus for 2002. Discretionary bonuses were awarded for selected other executives whose performance was exemplary in 2002.

Stock Options. Stock options are generally granted annually to executives, senior managers and other key employees who contribute to or are deemed to be critical to the Company's success. Options are also used to attract new talent to the Company. As both an incentive and retention device, stock options align an executive's economic interest with that of the Company's stockholders and orient the executive to a more long-term perspective. In determining option awards, the Committee takes into account the duties and responsibilities of the executive, prior performance, the number and size of prior stock option awards and the benchmark stock option award data drawn from market surveys of peer group companies.

Compensation for the Chairman and CEO. Mr. Bradshaw's salary as President and CEO, in accordance with his employment agreement, is fixed at \$600,000 for three years. His target bonus includes compensation of 100% of his base salary and is guaranteed for the first two years of his employment agreement. The Committee, in approving Mr. Bradshaw's employment agreement, considered his industry experience and strong qualifications for the CEO position.

Section 162(m). Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to its Named Executives. Qualifying performance based compensation will not be subject to the deduction limit if certain requirements are met. The Company has structured its option plans in a manner that complies with the performance-based requirements of Section 162(m), and may in the future decide to submit other executive compensation plans for stockholder approval. While the tax impact of compensation is to be considered, it must be evaluated in light of the Committee philosophy and objectives. Generally, compensation programs will be established which maximize the Company's tax deduction. However, from time to time, the Committee may award compensation which

is not fully deductible if it determines that such an award is consistent with its philosophy and in the best interests of the Company and its stockholders.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter first adopted and approved in June 2000 and subsequently amended in March 2001. Further amendments to the charter are now under review by the Audit Committee. The members of the Audit Committee are independent directors, as defined by its charter and the rules of the New York Stock Exchange.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2002 and discussed these financial statements with the Company's management. Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted accounting principles and for issuing a report on those financial statements. The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). In addition, the Audit Committee reviewed with the independent auditors their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of certain other, non-audit related services to the Company is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.
