**RIVERWOOD HOLDING, INC.
GRAPHIC PACKAGING INTERNATIONAL CORPORATION**

**SUPPLEMENT DATED JULY 24, 2003
TO PROXY STATEMENT/PROSPECTUS DATED JULY 17, 2003**

Riverwood Holding, Inc and Graphic Packaging International Corporation wish to supplement information contained in the proxy statement/prospectus, dated July 17, 2003, mailed to the stockholders of Graphic Packaging International Corporation on or about July 18, 2003, in connection with the special meeting to be held August 7, 2003, as follows (all terms not defined herein having the meanings set forth in the proxy statement/prospectus):

A. Recent Operating Results of Riverwood

Riverwood had net sales of \$338.6 million in the second quarter of 2003, an increase of 1.2% compared to \$334.4 million in the prior-year period, resulting primarily from the positive impact of foreign currency exchange rates. This increase was somewhat offset by lower pricing in North American beverage markets and lower volumes in Riverwood's international consumer products markets, both driven primarily by increased market competitiveness. Income from operations in the second quarter of 2003 of \$29.2 million was down \$11.1 million from income from operations in the second quarter of 2002 of \$40.2 million. This decrease was due primarily to lower pricing in North American beverage markets as a result of increased beverage market competitiveness, lower-margin product mix in Riverwood's North American beverage markets, higher energy costs and higher non-cash pension costs due to unfavorable market conditions and recently renewed union contracts. These

Edgar Filing: RIVERWOOD HOLDING INC - Form POS AM

decreases were somewhat offset by worldwide cost reductions.

Coated Board

Riverwood's total coated board net sales were \$319.1 million in the second quarter of 2003, an increase of 1.1% from \$315.8 million for the prior-year-period. This improvement was primarily due to the positive impact of foreign currency exchange rates. This increase was somewhat offset by lower pricing in the North American beverage markets and lower volumes in Riverwood's international consumer products market, both primarily as a result of increased market competitiveness. Income from operations in the coated board segment decreased by \$7.8 million, or 15.4%, to \$43.1 million in the second quarter of 2003 from \$51.0 million in the second quarter of 2002 due primarily to lower pricing in North American beverage markets, lower-margin product mix in Riverwood's North American beverage markets, higher energy costs and higher non-cash pension costs, somewhat offset by higher net sales and worldwide cost reductions.

Containerboard

Riverwood's containerboard net sales were \$19.5 million in the second quarter of 2003, up from \$18.7 million for the same period a year ago primarily as a result of higher linerboard volumes offset by lower medium volumes and pricing due to a slight downturn in medium markets. Income from operations in the containerboard segment decreased by \$1.5 million, or 31.0%, to a loss of \$6.4 million in the second quarter of 2003 from a loss of \$4.9 million in the second quarter of 2002 due principally to lower medium pricing as a result of a slight downturn in medium market conditions.

1

Credit Agreement EBITDA

Credit Agreement EBITDA for the second quarter of 2003 was \$67.2 million in the second quarter of 2003 compared to \$78.5 million in the prior-year period.

(A) Other non-cash charges include non-cash charges for pension, postretirement and postemployment benefits, and amortization of premiums on hedging contracts deducted in determining net income.

(B) Credit Agreement EBITDA is calculated in accordance with the definitions contained in Riverwood's existing senior secured credit agreement. Credit Agreement EBITDA is defined as consolidated net income (exclusive of non-cash charges resulting from purchase accounting during the periods subsequent to the March 1996 merger) before consolidated interest expense, consolidated income taxes, consolidated depreciation and amortization, and other non-cash charges deducted in determining consolidated net income, extraordinary items and the cumulative effect of accounting changes and earnings of, but including dividends from, non-controlled affiliates.

Edgar Filing: RIVERWOOD HOLDING INC - Form POS AM

Credit Agreement EBITDA as presented above is a financial measure that is used in Riverwood's existing senior secured credit agreement. Credit Agreement EBITDA is not a defined term under accounting principles generally accepted in the United States and should not be considered as an alternative to income from operations or net income as a measure of operating results or cash flows as a measure of liquidity. Credit Agreement EBITDA differs from the term "EBITDA" (earnings before interest expense, income tax expense, and depreciation and amortization) as it is commonly used. In addition to adjusting net income to exclude interest expense, income tax expense, and depreciation and amortization, Credit Agreement EBITDA also adjusts net income by excluding certain other items and expenses, as specified above. Riverwood is required under its senior secured credit agreement to comply with a specified debt to Credit Agreement EBITDA leverage ratio and a specified Credit Agreement EBITDA to interest expense ratio for specified periods. The specific ratios are set out in the proxy statement/prospectus under "Management's Discussion and Analysis of Financial Condition and Results of Operations Financial Condition, Liquidity and Capital Resources." Borrowings under the senior secured credit agreement are a key source of Riverwood's liquidity. Riverwood's ability to borrow under the senior secured credit agreement is dependent on, among other things, its compliance with the financial ratio covenants referred to above. Failure to comply with these financial ratio covenants would result in a violation of the senior secured credit agreement and, absent a waiver or amendment from the lenders under such agreement, permit the acceleration of all outstanding borrowings under the senior secured credit agreement.

B. Recent Operating Results of Graphic

Graphic reported a net loss attributable to common shareholders of \$0.8 million (\$0.02 per diluted share) for the second quarter of 2003, compared to net income of \$0.3 million (\$0.01 per diluted share) for the same period of 2002. The net loss attributable to common shareholders for the six months ended June 30, 2003 was \$3.3 million (\$0.10 per diluted share) compared to a net loss attributable to common shareholders of \$186.8 million (\$5.76 per diluted share) for the same period of 2002.

The reported results include merger and acquisition transaction costs, net of tax, of \$0.8 million (\$0.02 per diluted share) for the second quarter and \$2.4 million (\$0.07 per diluted share) for the first six months of 2003. Results for the first six months of 2002 include a loss on the early extinguishment of debt of \$9.6 million (\$0.30 per diluted share) net of tax, as well as a \$180.0 million (\$5.55 per diluted share) goodwill impairment charge net of tax, when Graphic adopted Statement of Financial Accounting Standards No. 142 "Goodwill and Other Intangible Assets".

Net sales for the second quarter of 2003 were \$275.0 million, an increase of 5.4% from the previous quarter and 4.2% higher than the second quarter of 2002. Net sales were \$260.9 million and \$263.9 million for the first quarter of 2003 and second quarter of 2002, respectively.

Edgar Filing: RIVERWOOD HOLDING INC - Form POS AM

Net sales for the first six months of 2003 were \$535.9 million compared to \$527.6 million for the same period of 2002. The improvement in sales is attributed to stronger demand from the dry and frozen food sectors, the addition of new customer business, and sales from the March 2003 acquisition of the assets of J.D. Cahill Co., Inc.

Market prices for several grades of paperboard increased during the second quarter, including coated recycled paperboard that increased \$40 per ton, from \$625 per ton in March to \$665 per ton in June. Graphic, in most cases, has the opportunity to pass market-related paperboard price changes through to its customers, although the full effect of such adjustments typically lag the market price change by several months.

Gross margin of 11.8% for the second quarter of 2003 was an improvement from 11.0% during the first quarter of the year, but down from 12.5% during the second quarter of 2002. Fiber costs due to market price fluctuation had a negative impact on operating earnings of \$0.5 million compared to the first quarter of 2003 and \$1.6 million compared to the second quarter of 2002. Energy costs due to market price fluctuation at the Kalamazoo mill were favorable by \$0.4 million compared to the first quarter, but \$0.4 million unfavorable compared to the second quarter of last year.

Selling, general and administrative expenses of \$18.5 million, excluding expenses related to merger and acquisition transactions, increased by \$1.8 million from the first quarter. The quarter-on-quarter increase relates to additional overhead expenses from the acquired J.D. Cahill business, additional legal expenses associated with litigation and patent activity, increased marketing efforts, and other general administrative spending. Increases from the previous year, in addition to those listed above, include additional depreciation and other expenses related to Graphic's information systems that had been placed in service during 2002 as well as changes in benefit plan expenses.

Interest expense was higher during the second quarter of 2003 compared to the previous quarter due to higher average daily debt balances as a result of the acquisition of the J.D. Cahill Co., Inc. assets, partially offset by slightly lower interest rates. Interest expense was significantly lower than the second quarter of 2002 due to lower interest rates, lower borrowings, and the absence of unfavorable interest rate swap agreements that were in place during most of 2002.

Working capital was reduced by \$6.1 million compared to the balances at the end of the first quarter of 2003, and \$2.7 million compared to balances at the end of 2002. Net debt, defined as total debt less cash, decreased \$14.2 million during the second quarter, from \$482.4 million to \$468.2 million. Capital spending was \$9.4 million for the second quarter and \$14.0 million for the first six months of 2003, excluding the purchase of the assets of J.D. Cahill Co., Inc. for \$18.1 million during the first quarter of 2003.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the Delaware General Corporation Law, or the DGCL, provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or such other court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper.

The combined company's certificate of incorporation provides for the indemnification of directors, officers and employees to the fullest extent permitted by the DGCL. ITEM 22. UNDERTAKINGS

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(5) That every prospectus (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be

II-7

deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(7) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of

responding to the request.

(8) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
