This solicitation is made by the Board of Directors of the Company. This Proxy Statement and the accompanying Proxy Card are being mailed on or about May 12, 2004 to stockholders of record of the Company on April 29, 2004 ("the "Record Date").

Please complete, date and sign the accompanying Proxy Card and return it promptly to the Company in the enclosed envelope, or vote via the Internet using the twelve (12) digit control number found on your vote instruction form at Proxyvote.com or by phone at 1-800-454-8683.

Stockholders Entitled to Vote. Holders of record of the Company's common stock, par value \$.01 per share (the "Common Stock"), at the close of business on the Record Date are entitled to receive Notice of the Annual Meeting and vote such shares held by them at the Annual Meeting or at any adjournments or postponements thereof. Each share of Common Stock outstanding on the Record Date entitles its holder to cast one vote on the election of each nominee for director, Proposals 2 and 3 herein, and on any other matter that may properly come before the Annual Meeting. As of March 31, 2004, there were 88,883,477 shares of Common Stock outstanding.

The presence at the meeting, either in person or by proxy, of stockholders entitled to cast one-third of the votes entitled to be cast at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions, votes withheld and broker non-votes (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not voting on a particular proposal) will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining if a quorum exists. Abstentions will have the effect of votes against a particular proposal, and broker non-votes will have no effect on the outcome of the vote on a particular proposal. Stockholders are not entitled to cumulative voting in the election of directors. Directors, pursuant to Proposal 1, shall be elected by the affirmative vote of a plurality of the votes of the shares entitled to vote, present in person or represented by proxy, and votes may be cast in favor of or withheld from each director nominee. Proposal 2 and 3 shall be determined by a majority of the votes cast.

Voting. If the accompanying Proxy Card is properly signed, returned to the Company and not revoked, it will be voted as directed by the stockholder. The persons designated as proxy holders on the Proxy Card will, unless otherwise directed, vote the shares represented by such proxy IN FAVOR OF the election of all nominees for the Board of Directors named in this Proxy Statement, IN FAVOR OF the amendment to the Director Stock Option Plan, IN FAVOR OF the amendment to the Employee

Stock Option Plan and as recommended by the Board of Directors with regard to any other matters, or, if no such recommendation is given, in their own discretion.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes with staggered three-year terms. Currently, the Board of Directors has eight members. The terms of current directors *John G. Puente* and *Douglas M. Karp* expire at the Annual Meeting, while the terms of the remaining directors expire at the respective annual meetings of stockholders to be held in 2005 or 2006, as specified below. Messrs. Puente and Karp have been nominated and recommended for election to serve as directors for a three-year term expiring at the Annual Meeting of Stockholders to be held following the year ending December 31, 2006 (the "2007 Annual Meeting"). If, for any reason, at the time of election, any of the nominees named should decline or be unable to accept his nomination or election, it is intended that such proxy will be voted in favor of the election, in the nominee's place, of a substituted nominee, who would be recommended by the Board of Directors. The Board of Directors, however, has no reason to believe that any of the nominees will be unable or unwilling to serve as a director.

Information Regarding Directors

The information set forth below is submitted with respect to the nominees for election to the Board of Directors, as well as those Directors whose terms of office are continuing after the Annual Meeting. There are no family relationships among any of the directors of the Company.

Each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and of any meetings of committees of the Board of Directors on which he served.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. The Board of Directors has delegated certain functions to these committees as follows:

Audit Committee. During the year ended December 31, 2003, the Audit Committee held four meetings. The Audit Committee currently consists of Messrs. Pizzani (Chairman), Karp, and Puente. The Audit Committee has the authority and responsibility to hire one or more independent public

accountants to audit the Company's books, records and financial statements and to review the Company's systems of accounting (including its systems of internal control), to discuss with such independent public accountants the results of such audit and review, to conduct periodic independent reviews of the systems of accounting (including systems of internal control), and to make reports periodically to the Board of Directors with respect to its findings.

The Board of Directors has determined that each current Audit Committee member meets the independence requirements applicable to audit committee members under the Marketplace Rules of the National Association of Securities Dealers ("NASD") and rules of the Securities and Exchange Commission ("SEC"). Of the current committee members, Mr. Pizzani is an "audit committee financial expert" as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC. The Audit Committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing the Company's independent auditors, pre-approving all audit and non-audit services by the independent auditors, reviewing the scope of the audit plan and the results of each audit with management and the independent auditors, reviewing the internal audit function, reviewing the adequacy of the Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in the Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to the Company's code of conduct and other policies and procedures regarding adherence with legal requirements. The Audit Committee's duties are set forth in the committee's charter. A copy of the charter is attached to this proxy statement as Appendix A and is available on the Company's website at www.primustel.com.

Compensation Committee. During the year ended December 31, 2003, the Compensation Committee, which consists of Messrs. Hershberg (Chairman) and Earle, held two meetings. Mr. Kaul was selected to join the Compensation Committee on April 28, 2004. The Compensation Committee is responsible for fixing the compensation of the Chief Executive Officer and the other executive officers, deciding other compensation matters such as those relating to the operation of the Primus Telecommunications Group, Incorporated Stock Option Plan, as amended (the "Employee Option Plan"), and the Director Stock Option Plan of Primus Telecommunications Group, Incorporated, as amended (the "Director Option Plan"), including the award of options under the Employee Option Plan, and approving certain aspects of the Company's management bonus plan.

Each of Messrs. Hershberg, Earle and Kaul is an "independent director" as that term is defined in Marketplace Rule 4200(a)(15) of the NASD. Under the Marketplace Rules of the NASD, the recommendation and determination of the compensation of the Chief Executive Officer and the Company's other executive officers rests with the responsibility of those directors who meet the independence requirements prescribed by the Marketplace Rules of the NASD.

The *Nominating Committee* consists of Messrs. Kaul (Chairman) and Puente, both of whom meet the independence requirements prescribed by the Marketplace Rules of the NASD. The committee is responsible for recommending candidates for election to the Board of Directors for approval and nomination by the Board of Directors. The committee is also responsible for making recommendations to the Board of Directors or otherwise acting with respect to corporate governance matters, including board size and membership qualifications, new director orientation, committee structure and membership, communications with stockholders, and board and committee self-evaluations. The charter of the nominating committee is available on the Company's website at primustel.com.

Director Nomination Process

The Board of Directors has, by Board resolution and a Board approved Nominating Committee Charter, adopted a director nominations policy, the material terms of which are summarized below. The purpose of the nominations policy is to describe the process by which candidates for possible

inclusion in the Company's recommended slate of director nominees are selected. The nominations policy is administered by the nominating committee of the Board of Directors.

The Board of Directors does not currently prescribe any minimum qualifications for director candidates. Consistent with the criteria for the selection of directors approved by the Board of Directors, the nominating committee will take into account the Company's current needs and the qualities needed for board service, including experience and achievement in business, finance, technology or other areas relevant to the Company's activities; reputation, ethical character and maturity of judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest including competitive conflict that might impede the proper performance of the responsibilities of a director; independence under SEC and NASD Marketplace Rules; service on other boards of directors; sufficient time to devote to board matters; and ability to work effectively and collegially with other board members. In the case of incumbent directors whose terms of office are set to expire, the nominating committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any transactions of such directors with the Company during their term. For those potential new director candidates who appear upon first consideration to meet the board's selection criteria, the nominating committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The nominating committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company's advisors, and executive search firms. The nominating committee will consider director candidates recommended by stockholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for director nominees for the annual meeting of stockholders, the nominating committee will consider any written recommendations of director candidates by stockholders received by the Secretary of the Company not later than 120 days before the anniversary of the previous year's annual meeting of stockholders. Recommendations must include the candidate's name and contact information and a statement of the candidate's background and qualifications, and must be mailed to Primus Telecommunications Group, Incorporated, 1700 Old Meadow Road, Suite 300, McLean, Virginia 22102, Attn: Corporate Secretary.

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of the Company's director nominations process. The nominating committee intends to review the nominations policy at least annually and anticipates that modifications may be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The nominating committee may amend the nominations policy at any time, in which case the most current version will be available on the Company's website at www.primustel.com.

Stockholder Communications with the Board; Annual Meeting Attendance

The Board of Directors welcomes communications from the Company's stockholders, and has adopted a procedure for receiving and addressing those communications. Stockholders may send written communications to either the full Board of Directors or the non-employee directors as a group by writing to the Board of Directors or the non-employee directors at the following address: Board of Directors/Non-Employee Directors, Primus Telecommunications Group, Incorporated, 1700 Old Meadow Road, Suite 300, McLean, Virginia 22102, Attn: Corporate Secretary. Communications by e-mail should be addressed to jdepodesta@primustel.com and marked "Attention: Corporate Secretary" in the "Subject" field. The Corporate Secretary will review and forward all stockholder communications to the intended recipient, except for those stockholder communications that are outside the scope of board matters or duplicative of other communications by the applicable stockholder and previously forwarded to the intended recipient. Effective with our 2004 Annual Meeting of Stockholders, directors will be required, absent compelling circumstances, to attend our Annual Meeting of Stockholders.

Compensation of Directors

The Company pays non-employee directors an annual fee of \$30,000, reimburses their expenses and pays a \$2,500 supplement for each meeting attended in person. In addition, the Company grants each person who becomes a non-employee director on the date of initial election, and upon each date of re-election, options to purchase 45,000 shares of the Common Stock pursuant to the Director Option Plan, which options have an exercise price equal to the fair market value of the Common Stock as of the grant date and vest one-third upon the grant date, and one-third on each of the first and second anniversaries of the grant date. See, however, Proposal 3 regarding contemplated changes to the Director Option Plan.

Code Of Ethics

The Company has adopted a Code of Ethics applicable to all directors, officers and employees, including the chief executive officer, senior financial officers and other persons performing similar functions. The Code of Ethics is a statement of business practices and principles of behavior that support the Company's commitment to conducting business while maintaining the highest standards of business conduct and ethics. The Company's Code of Ethics covers topics including, but not limited to, compliance resources, conflicts of interest, compliance with laws, rules and regulations, internal reporting of violations and accountability for adherence to the Code. A copy of the Code of Ethics is available on the Company's website at www.primustel.com. Any amendment of the Code of Ethics or any waiver of its provisions for a director, executive officer or senior financial officer must be approved by the Board of Directors. The Company will publicly disclose any such waivers or amendments pursuant to applicable SEC and NASDAQ Stock Market regulations.

PROPOSAL 2
APPROVAL OF THE AMENDMENT OF THE COMPANY'S
EMPLOYEE STOCK OPTION PLAN, AS AMENDED

The Company's Employee Stock Option Plan, as amended, (the "Employee Plan") provides for the grant of stock options at an exercise price of not less than 100% of the Common Stock's fair value at the date of grant. The total number of shares of Common Stock authorized for issuance under the Employee Plan is 13,000,000. The last amendment to the Employee Plan was approved in 2003. That amendment increased the number of options available for grant (from 9,000,000 to 13,000,000) and extended the operative date for making new awards. Under the Employee Plan, awards may be granted to key employees of the Company and its subsidiaries in the form of incentive stock options or nonqualified stock options. The Employee Plan allows the options to vest over a period of up to three years, and no option will be exercisable more than ten years from the date it is granted.

The Board of Directors has authorized the following amendments to the Employee Plan, subject to stockholder approval:

an expansion of the form of awards permitted to be granted, including stock appreciation rights, restricted stock awards, stock units and other equity securities, and

the authorization of a tax deferral feature for executive officers.

If all 13,000,000 awards were granted, they would comprise 13% of the Company's Common Stock on a fully-diluted basis as of March 31, 2004.

The Company is amending the Employee Plan to modernize the Employee Plan in light of governance developments and the increasing trend for companies to award restricted stock in whole or in part in lieu of stock option awards. The Amendment, if approved by stockholders, would modify the Employee Plan to:

prohibit the repricing of stock options in the future without stockholder approval;

require three year vesting of restricted stock and stock unit awards, unless accelerated following the first anniversary of the award due to the satisfaction of predetermined performance conditions; and

rename the Employee Plan the Equity Incentive Plan.

Approximately 4.4 million shares remain authorized for further awards under the Employee Plan as of March 31, 2004.

Since the Compensation Committee of the Board of Directors makes awards pursuant to the Employee Plan on a discretionary basis, it is not possible to determine or estimate the amount of any future awards to any of the Named Executive Officers pursuant to the Amendment. No awards will be made to non-employee directors pursuant to the Amendment.

The Employee Plan has been previously approved by the stockholders of the Company. The Company seeks stockholder approval of the Amendment and requires approval constituting a majority of the votes cast concerning the Director Plan Amendment. **The Board of Directors recommends that stockholders vote IN FAVOR OF the Amendment.** Information regarding the Employee Plan and other equity incentive plans of the Company is summarized below.

The following table provides certain information with respect to all of the Company's equity compensation plans in effect as of December 31, 2003.

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options and rights (a)	Weighted-average exercise price of outstanding options and rights (b)	Number of securities remaining available for issuance under equity compensation plans (excluding securities reflected in column (a)) (c)*
Equity compensation plans approved by security holders	7,333,891	\$ 2.34	5,521,630
Equity compensation plans not approved by security holders	0	\$ 0.00	694,857**
Total	7,333,891	\$ 2.34	6,216,487

* Includes Employee Plan, Director Plan, Restricted Plan and ESPP (as defined below).

** Represents the number of authorized but unissued shares under the Restricted Plan.

The Company sponsors a Restricted Stock Plan (the "Restricted Plan") to facilitate the grant of restricted stock to selected individuals (excluding executive officers and directors of the Company) who contribute to the development and success of the Company and a Director Stock Option Plan (the "Director Plan") for non-employee directors. The total number of shares of Common Stock that may be granted under the Restricted Plan is 750,000. During the years ended December 31, 2003, 2002 and 2001 the Company issued 0, 0, 17,643 shares, respectively, of restricted stock under the Restricted Plan at fair value. These restricted shares vest ratably on the issue date, first anniversary and second anniversary of the issue date based on a continued relationship. The Restricted Plan is the only equity compensation plan of the Company that was in effect as of December 31, 2003 and adopted without the approval of the Company's stockholders (750,000 shares authorized, 694,857 remaining available). Under the current terms of the Director Plan, an option is granted to each qualifying non-employee director on the date of initial election, and upon each date of re-election, to purchase 45,000 shares of Common Stock, which vests one-third as of the grant date, and one-third on each of the first and second anniversaries of the grant date. The option price per share is the fair market value of a share of Common Stock on the date the option is granted. No option will be exercisable more than ten years from the date of grant. An aggregate of 600,000 shares of Common Stock was reserved for issuance under the Director Plan. The Director Plan was approved by the Company's stockholders. Certain provisions of the Director Plan have been proposed for stockholder approval, as described in the succeeding Proposal 3.

The Company sponsors an Employee Stock Purchase Plan ("ESPP") that permits eligible employees of the Company and its subsidiaries to purchase shares of Common Stock from the Company by electing to have the Company deduct a specific dollar amount per month from their compensation. The minimum employee payroll deduction per month is 1% of the employee's compensation and the maximum is 15%. Elections to participate in the ESPP are made for specified periods referred to as "Option Periods." At the end of each Option Period, the Company applies the amount deducted from each employee's compensation to the purchase of shares of Common Stock to be issued to the employee. The purchase price for such shares is the lower of: (i) 85% of the closing market price on the first trading day of the Option Period or (ii) 85% of the closing market price on the last trading day of the Option Period. No employee may participate in ESPP if: (i) immediately after the Option Period such employee would own more than 5% of the Company's Common Stock, or

(ii) immediately after the Option Period such employee would have purchased more than \$25,000 of the Company's Common Stock in the current calendar year.

An employee may elect to participate in the ESPP after six months of employment and must so elect prior to the beginning of an Option Period. An employee may also at any time elect to withdraw from the ESPP and have the employee's contribution returned to him or her, or to terminate his or her participation for the remainder of an Option Period. An aggregate of 2,000,000 shares of Common Stock were reserved for issuance under the ESPP and 925,929 shares remained available for issuance as of March 31, 2004. The ESPP was approved by the Company's stockholders.

PROPOSAL 3
APPROVAL OF THE AMENDMENT OF THE COMPANY'S DIRECTOR OPTION PLAN

The Company's Director Plan provides for the grant of stock options to non-employee directors at an exercise price of not less than 100% of the Common Stock's fair value at the date of grant ("Fair Market Options"). Under the Director Plan, an option is granted to each qualifying non-employee director to purchase 45,000 shares of Common Stock (a "Staggered Option Award"), which vests in one-third increments as of the grant date and the first and second anniversaries of the grant date. No option will be exercisable more than five years from the date of grant. An aggregate of 600,000 shares of Common Stock was reserved issuable pursuant to awards under the Director Plan. The Board of Directors has authorized an amendment to the Director Plan to:

increase the number of shares of Common Stock issuable pursuant to awards under the Director Plan by 300,000 to a total of 900,000; and

authorize the issuance of restricted stock (in lieu of cash compensation at the discretion of individual Directors).

If all 900,000 awards were granted under the Director Plan, they would comprise less than 1% of the Company's Common Stock on a fully-diluted basis as of March 31, 2004.

The Director Plan has been approved by the stockholders of the Company. The Company seeks stockholder approval of the Amendment and requires approval constituting a majority of the votes cast concerning the Director Plan Amendment. **The Board of Directors recommends that stockholders vote IN FAVOR OF the Director Plan Amendment.**

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee consists of Messrs. Hershberg and Earle. Set forth below is the full report of the Compensation Committee regarding the compensation of executive officers on account of fiscal year 2003. Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate SEC filings, in whole or in part, this Compensation Committee Report on Executive Compensation will not be incorporated by reference into any such filings.

General

During 2003, the compensation of the executive officers was administered and determined by the Compensation Committee of the Board of Directors. The Company's executive compensation programs are designed to attract, motivate and retain the executive talent needed to optimize stockholder value in a competitive environment. The programs are intended to support the goal of increasing stockholder value while facilitating the business strategies and long-range plans of the Company.

Compensation Policy and Philosophy

The Company's executive compensation policy (i) is designed to establish an appropriate relationship between executive pay and the Company's annual performance against annual budgets and relative to the performance of the peer group of the industry sector, its long-term growth objectives and its ability to attract and retain qualified executive officers, and (ii) is based on the belief that the interests of the executives should be closely aligned with the Company's stockholders. In support of this philosophy, a meaningful portion of each executive's compensation is placed at-risk and linked to the accomplishment of specific results that are expected to lead to the creation of value for the Company's stockholders from both the short-term and long-term perspectives. The Compensation Committee believes that cash compensation in the form of salary and performance-based incentive bonuses provides Company executives with short-term rewards for success in operations, and that long-term compensation through the award of stock options encourages growth in management stock ownership which are intended to lead to the creation of value for the Company's stockholders and expansion of management's stake in the long-term performance and success of the Company. The Compensation Committee considers all elements of compensation, including the valuation of options, and the compensation policy when determining individual components of pay.

The Compensation Committee believes that leadership and motivation of the Company's employees are critical to achieving the objectives of the Company. The Compensation Committee is responsible for ensuring that its executive officers are compensated in a way that furthers the Company's business strategies and which aligns their interests with those of the stockholders. To support this philosophy, the following principles provide a framework for executive compensation: (i) offer compensation opportunities that attract the best talent to the Company; (ii) motivate individuals to perform at their highest levels; (iii) reward outstanding achievement; (iv) retain those with leadership abilities and skills necessary for building long-term stockholder value; (v) maintain a significant portion of executives' total compensation at-risk, tied to both the quarterly, annual and long-term financial performance of the Company and the creation of incremental stockholder value; and (vi) encourage executives to manage from the perspective of owners with an equity stake in the Company.

Executive Compensation Components

As discussed below, the Company's executive compensation package is primarily comprised of three components: base salary, cash incentive bonuses and stock options. In making its determinations,

the Compensation Committee considered five external compensation surveys and studies of comparable entities.

Base Salary. Generally, the Compensation Committee approves the base salaries of the executive officers based on (i) performance and accomplishment of the Company in 2003, which is the most important factor, (ii) salaries paid to executive officers with comparable responsibilities employed by companies with comparable businesses, and (iii) individual performance for 2003 for most executive officers. The Compensation Committee reviews executive officer salaries annually and exercises its judgment based on all the factors described above in making its determination. No specific formula is applied to determine the weight of each criterion.

Cash Incentive Bonuses. Cash incentive bonuses for the Named Executive Officers (excluding the Chief Executive Officer) were paid based upon the following criteria: (i) the Company's operating and financial performance; (ii) restructuring debt and raising equity capital; (iii) furthering the Company's strategic position in the marketplace; (iv) debt and interest expense reduction through restructuring activities conducted exclusively by senior management without the assistance and related expense of external financial advisors; and (v) individual merit. The Compensation Committee authorized a special bonus program for 2003 geared to the achievement of certain quarterly financial goals. Under the program, if a quarterly financial goal was not met, no bonus would be paid. Given the Company's improved operating performance, the Compensation Committee adopted a special incremental bonus program for the latter half of 2003 by increasing the previously established financial goals.

Long-Term Incentive Compensation. Stock options encourage and reward effective management which results in long-term corporate financial success, as measured by stock price appreciation. The Compensation Committee believes that option grants afford a desirable long-term compensation method because they closely align the interests of management with stockholder value and that grants of stock options are the best way to motivate executive officers to improve long-term stock market performance. The vesting provisions of options granted under the Employee Option Plan are designed to encourage longevity of employment with the Company and generally extend over a three-year period. During 2003, the Compensation Committee set a predetermined percentage of total potential compensation to the Named Executive Officers to be comprised of stock options, which were valued under accepted methodologies.

Compensation of Chief Executive Officer

The Compensation Committee believes that K. Paul Singh, the Company's Chief Executive Officer, provides valuable services to the Company and that his compensation should therefore be competitive with that paid to executives at comparable companies. In addition, the Compensation Committee believes that an important portion of his compensation should be based on performance. Accordingly, Mr. Singh's annual base salary for 2003 was \$400,000, and rather than participating in the cash incentive bonus program for the other Named Executive Officers, his incentive compensation was solely comprised of a stock option award of 1,100,000 shares. For 2002, Mr. Singh's annual base salary was \$415,000. His cash incentive bonus was \$1,200,000; and he was awarded 250,000 stock options. The factors that the Compensation Committee considered in setting his total compensation for the year 2003 were his individual accomplishments and leadership, in driving overall Company performance in exceeding both the quarterly and annual financial and operating goals, debt and interest reduction targets and in obtaining new financing, as well as pay practices of peer companies relating to executives of similar responsibility.

Internal Revenue Code Section 162

The Compensation Committee has reviewed the potential consequences for the Company of Section 162(m) of the Internal Revenue Code, which imposes a limit on tax deductions for annual

compensation in excess of one million dollars paid to any of the five most highly compensated executive officers, including the Chief Executive Officer. It is the current policy of the Compensation Committee to maximize, to the extent reasonably possible, the Company's ability to obtain a corporate tax deduction for compensation paid to executive officers of the Company to the extent consistent with the best interests of the Company and its stockholders. Due to the Named Executive Officer's annual incentive bonus being performance-based in calendar year 2003, the limitation under Section 162(m) had no net tax effect on the Company. The limitations of Section 162(m) are not expected to have a material effect on the Company in calendar year 2004.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On December 13, 2000, the Company loaned Jay Rosenblatt the principal amount of \$268,500. This loan was payable in full five years from the date of agreement (subject to earlier repayments upon the termination of Mr. Rosenblatt's employment under certain circumstances) and was secured by shares of the Company's Common Stock pursuant to a full recourse note. Interest is compounded quarterly at a rate of 6% per annum and payable upon maturity. In February 2002, the Company entered into a retention agreement with Mr. Rosenblatt which provided that the personal recourse feature of the notes would be removed if Mr. Rosenblatt remained employed with the Company through May 1, 2003. The shares of the Company's Common Stock acquired upon exercise of Mr. Rosenblatt's options will continue to be held by the Company as collateral for the notes, which collateral had a value of \$244,282 at March 31, 2004.

On November 30, 2000, the Company loaned John Melick the principal amount of \$209,823. Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders

sharing the same address by delivering a single proxy statement to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Company stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker or direct your written request to John DePodesta, Executive Vice President, Primus Telecommunications Group, Incorporated, 1700 Old Meadow Road, McLean, Virginia 22102, or contact John DePodesta at (703) 902-2827. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

Annual Report

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the SEC accompanies this Proxy Statement.

Stockholder Proposals

In order for any proposal pursuant to Rule 14a-8 of the rules promulgated under the Securities Exchange Act of 1934 to be eligible for inclusion in the Company's proxy materials for the 2005 Annual Meeting of Stockholders, such proposal must, in addition to meeting the stockholder eligibility and other requirements of SEC's rules governing such proposals, be received not later than December 31, 2004 by the Secretary or Assistant Secretary of the Company at the Company's principal executive offices, 1700 Old Meadow Road, McLean, Virginia 22102.

Solicitation of Proxies

The cost of solicitation of proxies by the Board of Directors will be borne by the Company. Proxies may be solicited by mail, personal interview, telephone, facsimile or telegraph and, in addition, directors, officers and regular employees of the Company may solicit proxies by such methods without additional remuneration. Banks, brokerage houses and other institutions, nominees or fiduciaries will be requested to forward the proxy materials to beneficial owners in order to solicit authorizations for the execution of proxies. The Company will, upon request, reimburse such banks, brokerage houses and other institutions, nominees and fiduciaries for their expenses in forwarding such proxy materials to the beneficial owners of the Common Stock.

THE COMPANY WILL PROVIDE TO EACH PERSON SOLICITED, WITHOUT CHARGE EXCEPT FOR EXHIBITS, UPON REQUEST IN WRITING, A COPY OF ITS ANNUAL REPORT ON FORM 10-K, INCLUDING THE FINANCIAL STATEMENTS AND FINANCIAL STATEMENT SCHEDULE, AS FILED WITH THE SECURITIES AND EXCHANGE COMMISSION FOR THE FISCAL YEAR ENDED DECEMBER 31, 2003. REQUESTS SHOULD BE DIRECTED TO INVESTOR RELATIONS, PRIMUS TELECOMMUNICATIONS GROUP, INCORPORATED, 1700 OLD MEADOW ROAD, MCLEAN, VIRGINIA 22102.
