ELECTRONIC ACCESS OF PROXY STATEMENT

This proxy statement is available on our Internet site at www.adesainc.com. Most stockholders can elect to view future proxy statements over the Internet instead of receiving paper copies in the mail. If you are a stockholder of record, you can choose this option and save ADESA the cost of production and mailing these documents by registering for electronic access of future proxy statements at <http://www.econsent.com/kar/>. If you hold your ADESA stock through a bank, broker or other holder of record, please refer to the information provided by that entity for instructions on how to elect to view future proxy statements over the Internet.

If you choose to view future proxy statements over the Internet, next year you will be mailed a proxy card and instructions indicating the Internet address to access ADESA's proxy statement. Your choice will remain in effect until you tell us otherwise. You do not have to elect Internet access each year. To view, cancel or change your enrollment profile, please go to <http://www.econsent.com/kar/>.

PROXY STATEMENT

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Q: *Why am I receiving these materials?*

A: We are providing these proxy materials to you in connection with the solicitation, by ADESA's Board of Directors, of proxies to be voted at ADESA's 2006 annual meeting of stockholders and at any adjournments or postponements thereof. Stockholders are invited to attend the annual meeting to be held on May 17, 2006 beginning at 9:00 a.m., local time, at the Ritz Charles, 12156 North Meridian Street, Carmel, Indiana 46032. ADESA's proxy materials are being mailed to stockholders starting April , 2006.

Q: *What proposals will be voted on at the annual meeting?*

A: There are three proposals scheduled to be voted on at the annual meeting:

the election of three directors of ADESA, each until the annual meeting in 2009 and until his or her successor is elected and qualified, subject, however, to prior death, resignation, retirement, disqualification or removal;

the ratification of the audit committee's appointment of PricewaterhouseCoopers LLP (an independent registered public accounting firm) as ADESA's independent auditors for fiscal year 2006; and

the approval of an amendment to our certificate of incorporation to provide for the phase-in of the annual election of directors.

Q: *What is the ADESA Board's voting recommendation?*

A: ADESA's Board recommends that you vote your shares "**FOR**" the election of directors, the ratification of auditors and the amendment to our certificate of incorporation.

Q: *Who is entitled to vote?*

A: All shares owned by you as of the record date, which is the close of business on March 22, 2006, may be voted by you. You may cast one vote per share of common stock that you held on the record date. These shares include shares that are:

held directly in your name as the stockholder of record; and

held for you as the beneficial owner through a stockbroker, bank or other nominee.

On the record date, ADESA had approximately shares of common stock issued and outstanding.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Many stockholders of ADESA hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with ADESA's transfer agent, Wells Fargo, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by ADESA. As the stockholder of record, you have the right to grant your voting proxy directly to ADESA or to vote in person at the annual meeting. ADESA has enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the heading "How can I vote my shares without attending the annual meeting?"

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name", and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. You may also vote by Internet or by telephone, as described below under "How can I vote my shares without attending the annual meeting?"

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of identification. Even if you plan to attend the annual meeting, ADESA recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold your shares directly as the stockholder of record or beneficially in "street name", you may direct your vote without **attending** the annual meeting by voting in one of the following manners:

on the Internet;

by telephone; or

by completing and mailing your proxy card or voting instruction card in the enclosed, pre-paid envelope.

Please refer to the proxy card for more detailed instructions.

Edgar Filing: ADESA INC - Form PRE 14A

If you vote on the Internet or by telephone, you do not need to return your proxy card or voting instruction card. Internet and telephone voting for stockholders will be available 24 hours a day, and will close at 12:00 p.m., central time, on May 16, 2006.

Q:

If I am an employee holding shares pursuant to our employee stock purchase plan, how will my shares be voted?

A:

If you are an employee holding stock acquired through our employee stock purchase plan, you will receive a voting instruction card covering all shares held in your individual account. The employee stock purchase plan will vote your shares (i) in accordance with the instructions on your returned instruction card; or (ii) in its discretion on the election of directors, the ratification of the appointment of ADESA's independent auditors and the amendment to our certificate of incorporation to provide for the phase-in of the annual election of directors, if you do not return an instruction card or if you return an instruction card with no instructions.

Q:

Can I revoke my proxy?

A:

Yes. You may revoke your proxy at any time prior to the vote at the annual meeting by:

providing written notice to the corporate secretary of ADESA;

delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or

attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request. Shares held in street name may be voted in person by you at the annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q:

What is the quorum requirement for the annual meeting?

A:

The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting.

Both abstentions and broker non-votes are counted as present and entitled to vote for the purpose of determining the presence of a quorum. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because:

the broker has not received voting instructions from the beneficial owner; and

the broker lacks discretionary voting power to vote such shares.

If you are a beneficial stockholder and your broker holds your shares in its name, the broker is permitted to vote your shares on the election of directors, the ratification of the appointment of ADESA's independent auditors and the amendment to our certificate of incorporation to provide for the phase-in of the annual election of directors, even if the broker does not receive voting instructions from you.

Q:

What is the voting requirement to approve each of the proposals?

A:

Election of Directors. In the election for directors, the three persons receiving the highest number of "for" votes will be elected. Only votes "for" or "withheld" affect the outcome. Abstentions are not counted for purposes of the election of directors.

Our corporate governance guidelines, which can be found on our website, set forth our procedures if a director-nominee is elected, but receives a majority of "withheld" votes. In an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election is required to tender his or her resignation following certification of the stockholder vote.

The corporate governance and nominating committee of the Board is required to make recommendations to the Board with respect to any such letter of resignation. The Board is required to take action with respect to this recommendation and to disclose their decision-making process. Full details of this policy are set out under "Proposal No. 1 Election of Directors."

Ratification of Independent Auditors. The ratification of the appointment of the Company's independent auditors requires the affirmative vote of a *majority* of the shares of common stock represented at the annual meeting and entitled to vote thereon. Abstentions and, if applicable, broker non-votes, will not be voted and will not be counted in determining the number of shares necessary for approval, although they will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention or a broker non-vote with respect to this proposal will have the effect of a negative vote with respect to this proposal.

Amendment to Certificate of Incorporation. The approval of the amendment to our certificate of incorporation to provide for the annual election of directors at the 2009 annual meeting requires the affirmative vote of *eighty percent* (80%) of the *outstanding* shares of common stock entitled to vote at the annual meeting. Abstentions and, if applicable, broker non-votes, will not be voted and will not be counted in determining the number of shares necessary for approval, although they will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention or a broker non-vote with respect to this proposal will have the effect of a negative vote with respect to this proposal.

Q:

What does it mean if I receive more than one proxy or voting instruction card?

A:

It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q:

Who will count the vote?

A:

A representative of Wells Fargo will tabulate the votes and act as the inspector of election.

Q:

Who will bear the cost of soliciting votes for the annual meeting?

A:

ADESA will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic and facsimile transmission by our directors, officers and employees, who will

Edgar Filing: ADESA INC - Form PRE 14A

not receive any additional compensation for such solicitation activities. We have hired Georgeson Shareholder Communications Inc. to assist in the solicitation and distribution of proxies. Georgeson will receive a fee of \$8,500, plus reasonable expenses, for these services. In addition, ADESA may reimburse brokerage firms, including Georgeson, and other persons representing beneficial owners of shares of ADESA common stock for their expenses in forwarding solicitation material to such beneficial owners.

Q:

What is "householding" and how does it affect me?

A:

Householding is a program, approved by the Securities and Exchange Commission, which allows the delivery of only one package of stockholder proxy materials if there are multiple ADESA stockholders who live at the same address. This means that, if your household participates in the householding program, you will receive an envelope containing one set of proxy materials and a separate proxy card for each stockholder account in the household. Please vote all proxy cards enclosed in the package.

Participation in householding will not impact or apply to any of your other stockholder mailings, such as dividend checks. If you are a registered stockholder, your participation in householding continues until you or any member of your household revokes his or her implied consent by calling our transfer agent, Wells Fargo, at 1(877) 602-7615, and requesting to opt out. Alternatively, you may revoke your consent by writing to Wells Fargo Shareowner Services, Attn: Data Maintenance, P. O. Box 64945, Saint Paul, MN 55164-0945. If you live in an eligible household that is not currently participating in this program and are receiving multiple copies of the annual report and proxy statement, you can request to participate in householding by contacting our transfer agent, Wells Fargo, at 1(800) 468-9716.

If you are a beneficial holder, you can request information about householding from your broker, bank or other nominee.

Q:

How can I obtain a copy of ADESA's Annual Report on Form 10-K?

A:

Copies of ADESA's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, as filed with the SEC, are available to stockholders free of charge on ADESA's website at www.adesainc.com or by writing to Attn: Investor Relations, ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032.

BOARD STRUCTURE AND CORPORATE GOVERNANCE

Board Structure and Committees

The Board is divided into three classes serving staggered three-year terms. The Board has eight directors and the following three committees:

- audit;
- executive compensation; and
- corporate governance and nominating.

The membership and the function of each committee are described below. During 2005, the Board held seven meetings and the audit, executive compensation and corporate governance and nominating committees held eight, five and four meetings, respectively. Each director attended at least 75% of the aggregate number of Board and applicable committee meetings. It is the Board's policy that directors are expected to attend ADESA's annual meeting of stockholders. All of the directors attended the 2005 annual meeting of stockholders.

Audit Committee. The audit committee assists the Board with the oversight of: the integrity of ADESA's financial statements and internal controls; ADESA's compliance with legal and regulatory requirements; the independent auditors' qualifications and independence; and the performance of ADESA's internal audit function and the independent auditors. More specifically, under its current charter, the audit committee, among other things:

- is solely responsible for the appointment, compensation and oversight of the work of ADESA's independent registered public accounting firm;
- pre-approves all auditing and non-auditing services to be performed by the independent auditors;
- engages in dialogue with the independent auditors with respect to relationships or services that may impact the objectivity and independence of the independent auditors;
- reviews and discusses with management and the independent auditors ADESA's annual and quarterly financial statements;
- reviews, with management, the independent auditors and the senior internal audit executive, the adequacy and effectiveness of, and any significant changes in, ADESA's internal controls, the accounting policies, procedures or practices of ADESA; and
- reviews the status of compliance with laws, regulations and internal procedures, contingent liabilities and risks that may be material to ADESA.

The responsibilities and activities of the audit committee are described in greater detail in the section entitled "Report of the Audit Committee" and the audit committee charter, which is attached as Appendix A to this proxy statement.

The audit committee consists of Dennis O. Green (chairperson), Wynn V. Bussmann, Thomas L. Cunningham and A. R. Sales. The Board has determined that each of the members of the audit committee is "independent" within the meaning of the applicable listing standards of the New York Stock Exchange. The Board has determined that Mr. Green and Mr. Sales are each an "audit committee financial expert" and "independent" as defined under the applicable rules of the NYSE and the Securities and Exchange Commission.

Edgar Filing: ADESA INC - Form PRE 14A

Executive Compensation Committee. The executive compensation committee establishes ADESA's philosophy and policies regarding executive and director compensation; oversees the administration of ADESA's director and executive compensation programs; and reviews the compensation of directors, executive officers and senior management. More specifically, under its current charter, the executive compensation committee, among other things:

based on the performance evaluation conducted by the corporate governance and nominating committee, sets the CEO's compensation level, sets performance goals and approves awards for the CEO under incentive compensation plans;

reviews and approves the individual elements of total compensation for the executive officers of ADESA, other than the CEO, and reviews and approves revisions to ADESA's executive and senior management salary range structure and annual salary increase guidelines; and

makes recommendations to the Board with respect to ADESA's equity and incentive plan, employee stock purchase plan and other similar plans.

The responsibilities and activities of the executive compensation committee are described in greater detail in the section entitled "Report of the Executive Compensation Committee."

The executive compensation committee consists of Donald C. Wegmiller (chairperson), Wynn V. Bussmann, Thomas L. Cunningham, Nick Smith and Deborah L. Weinstein. The Board has determined that each of the members of the executive compensation committee is "independent" within the meaning of the applicable listing standards of the NYSE.

Corporate Governance and Nominating Committee. Under its current charter, the corporate governance and nominating committee, among other things:

develops and recommends to the Board a set of corporate governance principles applicable to ADESA;

provides recommendations to the Board with respect to:

- > Board organization, membership and function;
- > committee structure and membership;
- > succession planning for the executive management of ADESA; and

oversees the evaluation of the Board and ADESA's executive officers, including the CEO.

In addition, the corporate governance and nominating committee, in consultation with the chairman of the Board, is responsible for identifying, screening, personally interviewing and recommending candidates to the entire Board. The Board, as a whole, is responsible for nominating individuals for election to the Board and for filling vacancies on the Board that may occur between annual meetings of the stockholders. In nominating candidates, the Board takes into consideration such factors as it deems appropriate. These factors may include integrity, achievements, judgment, intelligence, personal character, the interplay of the candidate's relevant experience with the experience of other Board members, the willingness of the candidate to devote adequate time to Board duties and likelihood that he or she will be willing and able to serve on the Board for a sustained period. In connection with the selection of nominees for director, due consideration will be given to the Board's overall balance of diversity of perspectives, backgrounds and experiences. It is the Board's policy that any potential nominee must be interviewed by a majority of the members of the corporate governance and nominating committee. The corporate governance and nominating committee

will consider any suggestions offered by management, other directors or any stockholder with respect to potential directors.

The corporate governance and nominating committee will consider candidates recommended for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled "Requirements, Including Deadlines, For Submission of Proxy Proposals, Nominations of Directors and Other Business of Stockholders" located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the committee. In addition, the corporate governance and nominating committee has engaged a third party search firm, Spencer Stuart, to identify and assist the committee on an ongoing basis in identifying, evaluating and conducting due diligence on potential director nominees.

The corporate governance and nominating committee consists of Deborah L. Weinstein (chairperson), Dennis O. Green, A. R. Sales and Nick Smith. The Board has determined that each of the members of the corporate governance and nominating committee is "independent" within the meaning of the applicable listing standards of the NYSE.

Corporate Governance

Corporate Governance Guidelines, Committee Charter and Codes of Ethics. ADESA has had corporate governance guidelines in place since the company's completion of its initial public offering in June 2004. ADESA has reviewed internally and with the Board the rules of the SEC and the NYSE's corporate governance listing standards regarding corporate governance policies and processes. ADESA also has adopted charters for its audit committee, executive compensation committee and corporate governance and nominating committee consistent with the applicable rules and standards. You can access ADESA's corporate governance guidelines, committee charters, code of business conduct and ethics and financial code of ethics that applies to ADESA's senior financial officers (and any amendments to, or waivers of, the codes of ethics) in the "Investor Relations" section of ADESA's web page at www.adesainc.com. These documents also are available in print to any stockholder requesting a copy by writing to ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032, Attention: Corporate Secretary.

Executive Sessions of the Board. At regularly scheduled Board meetings, the Board generally conducts executive sessions of the Board, which are discussions that involve only the non-management directors. ADESA's corporate governance guidelines state that the executive sessions of the Board will be chaired by either the chairman of the Board (if he or she is an independent director) or by the independent lead director (if the chairman is not an independent director). Because ADESA's chairman of the Board is not an independent director, ADESA's lead independent director, Deborah L. Weinstein, chairs the executive sessions of the Board.

Communications with Directors. Stockholders and other interested parties may contact any member (or all members) of the Board by mail. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to ADESA, Inc., 13085 Hamilton Crossing Blvd., Carmel, Indiana 46032, Attention: Corporate Secretary.

All communications received as set forth in the preceding paragraph will be opened by the office of the corporate secretary for the sole purpose of determining whether the contents represent a message to ADESA's directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the corporate secretary's office will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope or e-mail is addressed.

Director Qualification Standards and Independence. The Board has made an affirmative determination that the following members of the Board meet the standards for "independence" set forth in the applicable listing standards of the NYSE on the basis that they have no material relationship with ADESA (either directly or as a partner, stockholder or officer of an organization that has a relationship with ADESA): Wynn V. Bussmann, Thomas L. Cunningham, Dennis O. Green, A. R. Sales, Nick Smith, Donald C. Wegmiller and Deborah L. Weinstein.

In making this determination, the Board evaluated the relationship between Nick Smith and ADESA's former parent company, ALLETE, Inc., and found that this relationship was not material, as defined by the applicable listing standards of the NYSE, because it does not interfere with Mr. Smith's exercise of independent judgment. Currently, Mr. Smith serves as a director of ALLETE, Inc. If Mr. Smith's directorship on ALLETE's Board ever rises to an interest that conflicts, or appears to conflict, with the interests of ADESA, the Board will take all appropriate steps to ensure that Mr. Smith will be excused from discussions on the issue and recuse himself from voting on the issue.

David G. Gartzke does not meet the aforementioned independence standards because he serves as ADESA's current president and chief executive officer in addition to his duties as Chairman of the Board.

DIRECTOR COMPENSATION ARRANGEMENTS AND STOCK OWNERSHIP GUIDELINES**Fiscal 2005 Director Compensation**

The following table provides information regarding the compensation paid to ADESA's non-employee directors during the fiscal year ended December 31, 2005. Directors who are employed by ADESA do not receive any compensation for their Board activities.

PROPOSALS TO BE VOTED ON BY ADESA'S STOCKHOLDERS

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Structure of the Board

ADESA's Board is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires.

The terms for three directors will expire at this 2006 annual meeting. The three nominees named below are the only individuals proposed for election to the Board at this 2006 annual meeting. Directors elected at the 2006 annual meeting will hold office for a three-year term expiring at the annual meeting in 2009 (and until his or her successor is elected and qualified, subject, however, to prior death, resignation, retirement, disqualification or removal).

Majority Vote Provision in our Corporate Governance Guidelines

Under our corporate governance guidelines, in an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election (a "Majority Withheld Vote") shall promptly tender his or her resignation following certification of the stockholder vote. The corporate governance and nominating committee shall consider the resignation offer and recommend to the Board whether to accept it. The Board will act on the corporate governance and nominating committee's recommendation within 90 days following certification of the stockholder vote. The Board will promptly disclose its decision whether to accept or reject the director's resignation offer (and the reasons for rejecting the resignation offer, if applicable) in a press release.

Any director who tenders his or her resignation pursuant to this provision shall not participate in the corporate governance and nominating committee recommendation or Board action regarding whether to accept the resignation offer.

If all members of the corporate governance and nominating committee receive a Majority Withheld Vote at the same election, then the independent Directors who did not receive a Majority Withheld Vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them; provided, however, if the only directors who did not receive a Majority Withheld Vote in the same election constitute two or fewer directors, all directors may participate in the action regarding whether to accept the resignation offers.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT AUDITORS

Proposal

The audit committee of the Board has appointed PricewaterhouseCoopers LLP (an independent registered public accounting firm) as ADESA's independent auditors to audit its consolidated financial statements for the 2006 fiscal year. During the 2005 fiscal year, PricewaterhouseCoopers LLP served as ADESA's independent auditors and also provided certain tax and other non-audit services. Although ADESA is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the audit committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

***ADESA's Board recommends a vote "FOR" the ratification of the
audit committee's appointment of
PricewaterhouseCoopers LLP as ADESA's independent auditors.***

Fees Paid To PricewaterhouseCoopers LLP

The following table sets forth the aggregate fees charged to ADESA by PricewaterhouseCoopers LLP for audit services rendered in connection with the audited consolidated financial statements and reports for the 2005 and 2004 fiscal years and for other services rendered during the 2005 and 2004 fiscal years to ADESA and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services:

All Other Fees	1,500	401,500

In 2005, \$254,046 of the tax fees were for compliance and preparation and \$201,649 of the tax fees were for state, federal and international tax consulting, advice and services. In 2004, \$517,315 of the tax fees were for compliance and preparation and \$771,349 of the tax fees were for state, federal and international tax consulting, advice and services. In 2004, these services included services related to an inquiry by the SEC and a license fee for the use of PricewaterhouseCoopers LLP's accounting research software.

In making its recommendation to ratify the appointment of PricewaterhouseCoopers LLP as ADESA's auditors for the fiscal year ending December 31, 2006, the audit committee has considered whether services other than audit and audit-related provided by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

ADESA's independent auditor fee pre-approval policy provides for an annual process through which the audit committee evaluates the nature and scope of the audit prior to the commencement of the audit. At the same time, the committee evaluates audit-related, tax and other services that are proposed, along with the anticipated cost of such services. The committee reviews schedules of specific services to be provided.

If other services are desired outside of this annual process, under the policy they may be pre-approved by the committee at a regularly scheduled meeting or by the chair, acting between meetings and reporting back to the committee at the next scheduled meeting.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors established the audit committee for the purpose of overseeing the accounting, internal controls and financial reporting processes of ADESA. The audit committee also has oversight of ADESA's independent auditors. The audit committee is comprised of four non-management directors and operates pursuant to a written charter approved by the Board of Directors. A copy of the audit committee charter is attached hereto as Appendix A. Each member of the audit committee meets the independence requirements of the SEC and the NYSE and has been determined by the Board to be "independent." The Board of Directors has determined that Dennis O. Green and A. R. Sales are each an "audit committee financial expert" in accordance with applicable SEC rules. The Board has also determined that each member of the audit committee is financially literate in accordance with the qualification standard set forth in the rules of the NYSE.

As described more fully in its charter, the audit committee assists the Board in its oversight of (i) the integrity of ADESA's financial statements; (ii) ADESA's compliance with legal and regulatory requirements; (iii) ADESA's independent auditors' qualifications and independence; (iv) the performance of ADESA's internal audit function and independent auditors; and (v) ADESA's assessment and management of its financial and operational risks. The audit committee reports regularly to the Board with respect to actions, findings, issues and policy matters.

ADESA has a full-time internal audit department that reports to the audit committee and to management. Responsibilities of the internal audit department include reviewing and evaluating the adequacy, effectiveness and quality of ADESA's system of internal controls relating to the reliability and integrity of ADESA's financial information, compliance with corporate policies and procedures and the safeguarding of ADESA's assets. During the year, we discussed these matters with the company's independent auditors and with appropriate company financial personnel and internal auditors.

Management is responsible for the preparation, presentation and integrity of ADESA's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to reasonably assure compliance with accounting standards, applicable laws and regulations. PricewaterhouseCoopers LLP, ADESA's independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards. The audit committee has the authority to engage its own outside advisers, including independent legal counsel and experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

The audit committee establishes an agenda for the year that includes discussion and review of ADESA's quarterly earnings releases, earnings guidance, SEC filings, financial statements, risk assessment and risk management policies, internal controls and internal audit activities. The audit committee's agenda is established by the audit committee in consultation with the director of internal audit. In 2005, the audit committee held four regularly scheduled meetings and four meetings by telephonic conference call. At each of its regularly scheduled meetings, the audit committee held separate and private executive sessions with ADESA's independent auditors, director of internal audit, chief executive officer, chief financial officer, controller and general counsel.

At each regular quarterly meeting, the audit committee meets with PricewaterhouseCoopers LLP, the director of internal audit and management to review ADESA's

financial results before finalization and issuance of ADESA's earnings press releases. The audit committee also reviews each of ADESA's Form 10-Qs and ADESA's Form 10-K before filing with the SEC. In connection with its quarterly review of ADESA's financial statements, the audit committee reviews with management and the independent auditors the acceptability and quality of the accounting principles, the reasonableness of and quality of management's accounting judgments and the clarity of disclosures. At each regular meeting, the audit committee reviews with the director of internal audit, management and the independent auditors the overall audit plans and scope of audits, the results of internal audits and the quality of ADESA's financial reporting.

The audit committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services by the independent auditors. Under these procedures, the audit committee pre-approves both the type of services to be provided by the independent auditors and the estimated fees related to these services. During the pre-approval process, the audit committee considers the impact of the types of services and the related fees on the independence of the auditor. The services and fees must be deemed compatible with the maintenance of the auditor's independence, including compliance with SEC and NYSE rules and regulations.

The audit committee appointed PricewaterhouseCoopers LLP as the independent auditors for ADESA for the year ended December 31, 2006, subject to ratification by stockholders. The audit committee relies on the work and assurances of ADESA's management, which has primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of ADESA's annual financial statements to generally accepted accounting principles. Under ADESA's governance structure, including the audit committee charter, the audit committee has the responsibility to select, compensate, evaluate and, when appropriate, replace ADESA's independent auditors. The audit committee believes it is appropriate to recommend to the Board to request the stockholders of ADESA to ratify the audit committee's selection of the independent auditors at the 2006 annual stockholders meeting.

The audit committee has reviewed ADESA's audited consolidated financial statements and discussed such statements with management. The audit committee has discussed with the independent auditors other matters required to be discussed by the independent auditors with the audit committee under Statement on Auditing Standards No. 61, as amended, and other regulations. The audit committee has also received and discussed with the auditors their annual written report on their independence from ADESA and its management pursuant to Independence Standards Board Standard No. 1 (independence discussions with audit committees), and reviewed with the independent auditors whether the provision of non-audit services provided by them to ADESA during 2005 was compatible with the auditors' independence.

In reliance on these reviews and discussions, and the report of the independent auditors, the audit committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in ADESA's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

PROPOSAL NO. 3
COMPANY PROPOSAL
TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION
TO INSTITUTE THE ANNUAL ELECTION OF DIRECTORS

Background

In 2004, ADESA went public and was spun off from its majority stockholder, ALLETE, Inc. As such, fiscal 2005 was ADESA's first full year as a public, independent company with a new Board of Directors. Since the time of the IPO, the corporate governance and nominating committee of the Board has continually reviewed the Company's corporate governance practices. As part of its review, the corporate governance and nominating committee has considered whether the Company should declassify the Board of Directors.

In late 2005, ADESA received a stockholder proposal, submitted by David J. Greene and Company, LLC ("Greene"), to declassify our Board of Directors for inclusion in this proxy statement. The corporate governance and nominating committee again gave due consideration to various arguments for and against a classified board. After this review, the Board of Directors, upon the recommendation of the corporate governance and nominating committee, determined it advisable to declassify the Board. As a result of this decision and ADESA's willingness to set forth this proposal in this proxy statement, Greene agreed to withdraw its stockholder proposal to declassify ADESA's Board. Greene's proposal provided that the declassification of our Board should be phased in so that it does not affect the unexpired terms of our directors previously elected. With respect to the phase-in period, Greene suggested, and ADESA agreed, that the 2006 class of directors would serve a three-year term, the 2007 class would serve for a two-year term and the 2008 class would serve a one-year term so that the implementation of annual elections would be completed by 2009 for the entire Board of Directors.

The Board agrees with Greene's proposal and has determined that phasing-in the declassification of the Board in accordance with Greene's proposal is an appropriate and prudent way to institute annual elections of ADESA's directors. If the proposed amendment is approved, all directors will be elected annually beginning at the annual meeting in 2009. The terms of all directors, including those directors elected at the 2007 and 2008 annual meetings, automatically will expire immediately prior to the election of directors at the 2009 annual meeting. If the amendment to our certificate of incorporation is approved, the phase-in of the declassification of the Board would be applied as follows:

Annual Meeting Year	Length of Term for Directors Elected	Year that Term Would Expire
2006	Three Years	2009
2007	Two Years	2009
2008	One Year	2009
2009	Annual Election	2010

Amendment to Certificate of Incorporation

The text of the proposed amendment to our certificate of incorporation is attached as Appendix B to this proxy statement, with deletions indicated by strike-outs and additions

indicated by underlining. If the proposal is approved by the stockholders, conforming amendments will be made to the bylaws.

Approval of the proposed amendment to the certificate of incorporation requires the affirmative vote of the holders of at least 80% of the voting power of our outstanding voting stock. If approved, this proposal will become effective upon the filing of a certificate of amendment to our certificate of incorporation with the Secretary of State of the State of Delaware, which the Company would file promptly after the annual meeting. If the amendment is not approved, the Board will remain classified.

ADESA's Board recommends a vote "FOR" the proposed amendment to the certificate of incorporation to provide for the annual election of directors.

IPO Stock Options. In connection with the initial public offering, ADESA granted options to, among others, Messrs. Gartzke, Hallett, Hitchcock, Todd and Lawrence and Ms. Munce in the following amounts in 2004: 663,950, 265,580, 265,580, 265,580, 106,232 and 185,906, respectively. Lawrence, who received a grant of stock options in connection with the IPO due to internal equity and excellent performance. Converted Stock Options. At the completion of the spin-off from ALLETE, all ALLETE stock option awards granted to the Named Executive Officers prior to January 1, 2004 were replaced with new awards under ADESA's equity and incentive plan so that economic value of the award immediately after the spin-off equaled the economic value of the award prior to the spin-off. To calculate the new award, the number of ALLETE shares underlying the original option award was multiplied by a conversion ratio of 1.630 and the original option exercise price was divided by the same conversion

Edgar Filing: ADESA INC - Form PRE 14A

ratio. The other terms and conditions of the stock options, including the vesting schedules, remained the same. In 2004, ADESA granted replacement options for Messrs. Gartzke, Hallett and Todd and Ms. Munce in the following amounts: 369,597, 248,789, 37,585 and 8,455, respectively. As such, the stock options granted in 2003 by ALLETE were canceled.

Long-Term Incentive Plan Payout

At the completion of the spin-off from ALLETE, all ALLETE performance share awards granted to the Named Executive Officers prior to January 1, 2004 were replaced with new awards under ADESA's equity and incentive plan so that economic value of the award immediately after the spin-off equaled the economic value of the award prior to the spin-off. To calculate the new award, the number of ALLETE performance shares was multiplied by a conversion ratio of 1.630. The terms and conditions of the performance shares, including the vesting schedules, remained the same. As such, the performance shares awarded in 2003 by ALLETE were canceled.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

Executive Compensation Policy

Philosophy. The executive compensation committee intends to provide a compensation program that will support ADESA's long-term success by achieving the following goals:

strengthen the motivation of employees and the focus of management with incentive compensation programs tied to the financial results of ADESA's business and the market performance of ADESA's common stock;

encourage equity ownership and stockholder alignment;

drive long-term stockholder value creation; and

provide competitive rewards commensurate with performance.

Methodology. For purposes of the annual incentive awards to executives, the committee sets targets linked to ADESA's achievement of income from continuing operations ("IFCO") at a corporate level and earnings before interest, taxes, depreciation and amortization ("EBITDA") at a business unit level. In designing the total compensation package for executives, however, the committee places more emphasis on long-term compensation, that is, compensation which pays out based on the long-term, sustained performance of ADESA.

No other publicly-traded company has a similar mix of businesses to ADESA. Therefore, in order to ascertain the competitiveness of ADESA's compensation for its top executive talent, the executive compensation committee reviews the compensation of a portfolio of companies with a similar operating profile (e.g., meaningful investments in fixed assets and solid gross margins) and of a similar size and complexity (i.e., with revenues ranging from \$100 million to \$5 billion). The group consists of companies in the following businesses: auto retailing, auto financing services, logistics, salvage/auto services and OEMs. The committee also consults general industry and other appropriate data sources to ensure that the compensation is reasonable and appropriate.

The committee strives to target individual and overall total compensation around the median of the market with the ability for executives to earn top-quartile compensation for superior performance and earn below median total compensation if target performance is not achieved against Board approved financial compensation targets. The committee instituted the use of tally sheets in 2005 in order to monitor all elements of total compensation.

To better link the interests of management and stockholders, the Board, upon recommendation of the committee, adopted stockholder guidelines for ADESA's executive officers effective January 1, 2005. The holding guidelines specify a number of shares that ADESA's executive officers must accumulate and hold within five years of the later of the effective date of the program or the date of appointment as an executive officer. The specific share requirements are based on a multiple of annual base salary ranging from three to five times, with the higher multiples applicable to executive officer having the highest level of responsibility.

The committee retains a third party compensation consultant to assist it in evaluating its executive compensation programs. The use of a third party consultant provides additional assurance that ADESA's programs are reasonable and competitive.

Components of Executive Compensation for 2005

Annual Compensation

Base Salary. The committee annually reviews ADESA's base salaries for key executive officers. In determining individual salaries, the committee conducts a qualitative evaluation of a variety of factors, including individual performance, level of responsibility, prior experience and a comparison of base salaries paid for comparable positions.

Annual Incentive Program. ADESA provides annual incentive opportunities to ADESA's executive and management employees under ADESA's equity and incentive plan. Annual cash incentives reward participants for the achievement of annual financial results that positively impact total stockholder return. The committee's goal is to provide an annual incentive program that meets the following criteria:

aligns annual incentives with overall company financial results;

where appropriate, aligns annual incentives with business unit or division financial results; and

aligns annual incentives with the stockholder experience.

For 2005, annual incentive awards to executives were based on an assessment of IFCO and EBITDA goals. Eligible participants receive payouts based on 100% of the corporate goal or a combination of corporate, division and individual site goals, as appropriate. Every eligible participant has a component of at least 25% tied to corporate performance to encourage a team-based approach and cultivate alignment with the stockholder experience. Executive officers who do not oversee a business unit are rewarded 100% on the overall company's financial results.

Threshold performance objectives must be met in order for any payout to occur. Payouts can range from 50% of target awards for performance at threshold to a maximum of 250% of target awards or zero payout if performance is below threshold. The committee spends significant time analyzing financial measures and assigning the level of performance expected for threshold, target and superior annual incentive payouts. The committee has discretion to reduce or eliminate individual payouts for noncompliance with company controls and/or policies or underperformance. Commencing in 2005, the committee had the discretion to reduce key executives up to 15% of the award determined by the financial measures based on the assessment of the executive's achievement on specific strategic goals. For 2005, no named executive officer had a reduction. The annual incentive plan payout for key executives is comprised of a combination of cash and restricted stock units with a value equal to 25% of the bonus payout. The restricted stock units are intended to further align executives with stockholders, and have a three-year cliff vesting provision to further encourage retention of these key executives.

Long-Term Incentives

ADESA provides long-term incentive opportunities to ADESA's executive officers and management under ADESA's equity and incentive plan. The long-term incentive program is designed to promote sustained share price growth over the long term and to align executive interests with those of the stockholders. The primary components of ADESA's long-term incentive plan are stock options and restricted stock units, which support retention of key

talent and promote ownership. The committee's goal is to provide a long-term incentive plan that meets the following criteria:

meaningful in level and design to participants;

linked to stockholder value creation;

encourages retention;

encourages equity ownership; and

does not significantly dilute the economic interests of stockholders.

Stock Options. Stock option grants were authorized in conjunction with ADESA's initial public offering (IPO), which occurred on June 15, 2004, to further align the interests of ADESA's executive officers and management with those of ADESA's stockholders following the initial public offering of ADESA. To provide a significant and immediate incentive for executive officers to focus on stockholder value creation, this special one time stock option grant was front loaded - a practice consistent with the market for companies that go public. This special one time grant was intended by the committee to constitute the long term stock option opportunity for these key executives for plan years 2004 through 2006. There were no grants to any named executive officers in 2005, except to George J. Lawrence, who received a grant of stock options in connection with the IPO due to internal equity and excellent performance. As previously mentioned, the committee does not intend to provide any additional stock option grants to these named executive officers in 2006.

Restricted Stock Units. Restricted stock units are granted to encourage retention, are intended to further align the interests of executives with stockholders, and generally have a three-year cliff vesting provision. In 2005, Mr. Lawrence received a grant of 3,319 restricted stock units.

Perquisite Allowance

ADESA has established a perquisite allowance for certain benefits and perquisites for key executives. This allowance program can only be used on Board approved expenses and includes, but is not limited to: company automobile allowance and/or leases, club membership dues, financial/tax/estate consulting services, life insurance and annual physicals. The annual perquisite allowance for the chief executive officer is \$35,000 while all other key executives have an annual perquisite allowance ranging from \$20,000 to \$30,000. Any remaining allowance at the end of year not utilized by the key executive is lost and is not eligible to be rolled over to the next year. As part of the total compensation program the committee believes that a perquisite allowance is within industry norms, competitive, and necessary to attract, retain, and motivate the necessary talent. Expenses associated with the personal use of the company aircraft are excluded from the annual perquisite allowance as those expenses are covered under another company policy.

Supplemental Executive Benefits

ADESA has established a supplemental executive retirement plan (SERP) in the U.S. and Canada to provide a retirement benefit to certain executives and employees, including the executive officers. The SERPs utilize a competitive retirement replacement ratio to those offered by other companies with which ADESA competes for executive talent. The Company does not offer any other type of pension or retirement plan to its executives and both of the SERPs allow the Company to competitively compete for executive talent. ADESA provides a company contribution to the SERP based on annual base salary and years of service to eligible

participants. These amounts are reflected in the Summary Compensation Table in this proxy statement.

The SERP also provides executives and employees who participate in the SERP and whose salaries exceed the salary limitations for tax-qualified plans imposed by the Internal Revenue Code with additional benefits such that they receive in aggregate the benefits they would have been entitled to receive had such limitations not been imposed. In the event of a change in control event, the gross distribution payable to any participant will be increased by 40% to cover income tax liability and will immediately be distributable subject to Section 409(A) of the Internal Revenue Code.

In 2004, ALLETE and ADESA entered into an agreement governing employee and director matters which allocates responsibility for the payment of certain employee benefits. This agreement governs the allocation of responsibilities related to employee benefit plans provided by ALLETE prior to this spin-off to ADESA employees and directors and the allocation of liability relating to employees and directors of ALLETE and ADESA in connection with the initial public offering and the subsequent spin-off by ALLETE. Under this agreement, ADESA is required to make payments to two key executive officers for the make-up of benefits ("Benefit Make-up") that otherwise would have been earned if the employees remained employed at ALLETE. These payments began in 2005 and are included in the Summary Compensation Table. Future payments are contingent upon these certain key executive officers remaining in the employment of ADESA.

Chief Executive Officer Compensation for 2005

Mr. Gartzke serves as ADESA's chairman, president, and chief executive officer. The committee established Mr. Gartzke's 2005 total compensation package after reviewing all elements of his compensation including cash compensation, value of equity grants, value of perquisites, and reviewing his performance with the independent directors of the full Board. The committee considered:

Mr. Gartzke's individual performance with respect to the achievement of key strategic initiatives, capital allocation, and financial objectives;

Mr. Gartzke's leadership in connection with ADESA's operation as a stand-alone public company;

Mr. Gartzke's development of the ADESA leadership team; and

ADESA's financial performance in 2005.

The committee analyzed the base salaries paid for comparable positions. The committee also assessed Mr. Gartzke's compensation relative to the compensation programs that apply to other ADESA executive officers, taking into account his individual contributions to ADESA.

The committee established a base salary of \$625,000 for Mr. Gartzke effective June 1, 2005.

Under ADESA's annual incentive plan, Mr. Gartzke earned a cash annual incentive award of \$406,875, which was 86.8% of his target award. The award was based on the successful achievement of objective financial goals as set by the committee at the beginning of the year. In addition, Mr. Gartzke received a grant of restricted stock units with a value of \$101,719 (25% of annual incentive 2005 bonus payout) with conditions as set forth in the annual incentive plan above.

Mr. Gartzke incurred personal airplane usage totaling \$63,379 for 2005, and an additional \$6,595 of tax gross-ups associated with certain personal usage of the Company's aircraft. Incremental cost to the company of personal use of the airplane is calculated based on the variable operating costs to the Company including, fuel costs, flight time, lodging of the pilots, co-pilots, aircraft supplies, on-board catering, landing/ramp fees and other miscellaneous variable costs. Fixed costs which do not change based on usage are excluded. All of the plane usage for 2005 was approved by the committee and is subject to annual review and the Company's personal airplane usage policy.

In addition, as a participant in the ADESA SERP, Mr. Gartzke received a 2005 company contribution of \$75,600 along with \$12,302 for above market interest credited on amount deferred and a Benefit Make-up payment of \$343,234 pursuant to the employee and director matters agreement between ALLETE and ADESA discussed above.

Deductibility Cap on Executive Compensation

ADESA's ability to deduct compensation it pays to covered officers is generally limited, under Section 162(m) of the Internal Revenue Code, to \$1,000,000 annually. However, performance-based compensation is not subject to this limitation, provided certain conditions are satisfied. The annual and long-term incentives the committee awarded to covered officers in 2005 were subject to, and generally made in accordance with, arrangements implemented by the committee to qualify for Section 162(m)'s performance-based compensation exemption, so that such payments would be fully tax-deductible.

Generally, ADESA's policy is to preserve the federal income tax deductibility of compensation it pays. Accordingly, the committee has taken appropriate actions, to the extent the committee believes practical, to preserve the deductibility of annual and long-term incentive awards. However, the committee will retain the authority to authorize payments that may not be deductible if the committee believes that they are in the stockholders' and ADESA's best interests. Income for ADESA's covered officers may exceed the \$1,000,000 deductibility limit because of certain elements of their annual compensation, such as perquisites, certain restricted stock awards and cash dividends thereon, payments related to reductions in retirement benefits, tax reimbursements and income resulting from payments made pursuant to plans that do not discriminate in favor of executive officers.

SEVERANCE ARRANGEMENTS

Severance Agreements

ADESA has entered into severance agreements with its chief financial officer, Cameron C. Hitchcock, and with its general counsel, George J. Lawrence. Their agreements will remain in effect through December 31, 2008 and September 6, 2009, respectfully. Pursuant to the terms of their agreements, Mr. Hitchcock and Mr. Lawrence are entitled to receive, among other things, upon termination of employment by ADESA without cause or by them for good reason (in each case as defined in their agreement), a payment equal to two times their base salary and bonus compensation in effect at the time of termination of employment (subject to certain exceptions) and continuation of health insurance for twelve months following the termination of employment. ADESA also has agreed to provide Cheryl Munce, a Canadian citizen currently residing in Canada, with a severance arrangement that is consistent with what she would receive if terminated in Canada. Ms. Munce is the president of ADESA Impact.

Severance

Effective as of June 21, 2005, ADESA and James P. Hallett, a former Executive Vice President of ADESA, entered into a Severance Agreement and General Release in connection with the termination of the employment relationship between ADESA and Mr. Hallett. Under the terms of such agreement and applicable employee benefit plans, Mr. Hallett is entitled to receive the compensation and benefits described below:

the equivalent of 16 months worth of Mr. Hallett's former base salary, or an aggregate of approximately \$598,290, through September 6, 2006;

the equivalent of ADESA's annual incentive bonus (at the target bonus level of 50% of Mr. Hallett's base salary for 2005 and for a portion of 2006) in 16 monthly installments of \$18,625, commencing in January 2006 and ending in April 2007, which equals an aggregate of \$298,000;

payments in the amount of \$77,713 per year for the next five years (equivalent to payments that Mr. Hallett would have received as payments under an employee and director matters agreement between ADESA and ALLETE); provided, however, that the final two payments will be combined as one final payment of \$155,426 and will be made to Mr. Hallett in 2008;

ADESA will permit Mr. Hallett to exercise all vested stock options issued by the Company and owned by Mr. Hallett on May 6, 2005, the date of Mr. Hallett's departure, by May 6, 2008;

ADESA will vest Mr. Hallett's Company restricted stock of 19,671 shares on May 6, 2008, with no further accrual of stock dividends after Mr. Hallett's termination date;

a payment in the amount of \$42,050 intended for his use in continuing his life insurance coverage and other executive services; and

ADESA also will convey to Mr. Hallett the title of a car he possessed as of the date of his departure.

The agreement with Mr. Hallett contains provisions relating to non-competition, non-solicitation and non-disclosure of confidential information.

CERTAIN RELATED-PARTY RELATIONSHIPS

Sean Hallett, the son of James P. Hallett, a former Executive Vice President of ADESA, and wholesale vehicle businesses which Sean Hallett owns or controls are in default on obligations owed to Automotive Finance Corporation ("AFC"), a wholly-owned subsidiary of ADESA, totaling \$1.7 million at December 31, 2005. The amounts owed relate to three separate lines of credit with AFC and an outstanding loan. The lines of credit, totaling \$0.4 million, which are secured with a perfected blanket security interest in the assets of the wholesale vehicle businesses have been closed. The loan is cross-collateralized with one of the credit lines and is secured by certain unencumbered personal property valued between \$0.3 million and \$0.5 million. Based on an assessment of recoverability, ADESA recorded provisions for credit losses totaling \$1.3 million in 2004 leaving AFC with a net receivable position of \$0.4 million at December 31, 2005 and December 31, 2004.

In November 2004, AFC and Automotive Finance Canada, Inc. ("AFCI") initiated legal action and filed a statement of claim in the Ontario Superior Court of Justice in November 2004 alleging that Sean Hallett and his related companies (the "Hallett Entities") had defaulted on their outstanding obligations to AFC and AFCI (Ontario Superior Court of Justice; Case File No. 04-CV-278564CM2). In December 2004, the Hallett Entities filed their statement of defense and counterclaim against AFC, AFCI, ADESA, Inc., ADESA Canada and ADESA Auctions Canada (collectively the "AFC Entities") stating that the Hallett Entities had satisfied their debts to the AFC Entities and alleging that the AFC Entities owed approximately \$6 million to Hallett in compensatory and punitive damages.

In February 2005, the AFC Entities filed their reply and defense to counterclaim denying the claims made by the Hallett Entities and reaffirming the allegations made in the Statement of Claim, and the Hallett Entities filed a reply to defense to counterclaim denying the allegations in the AFC Entities' reply and defense to counterclaim and reaffirming the claims and allegations in their statement of defense and counterclaim. The litigation is currently in discovery.

**PROPOSED AMENDMENTS TO
ARTICLE FIFTH OF
RESTATED CERTIFICATE OF INCORPORATION
OF ADESA, INC.**

FIFTH: The following provisions are inserted for the management of the business and the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

- (a) The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors.
- (b) The Board of Directors shall consist of not less than one person, the exact number of which shall be fixed from time to time by resolution adopted by the affirmative vote of a majority of the Board of Directors.
- (c) At the 2006 annual meeting of stockholders, the successors of the directors whose terms expire at that meeting shall be elected for a term expiring at the 2009 annual meeting of stockholders; at the 2007 annual meeting of stockholders, the successors of the directors whose terms expire at that meeting shall be elected for a term expiring at the 2009 annual meeting of stockholders; at the 2008 annual meeting of stockholders, the successors of the directors whose terms expire at that meeting shall be elected for a term expiring at the 2009 annual meeting of stockholders; and at each annual meeting of stockholders after the 2008 annual meeting, the directors shall be elected for terms expiring at the next annual meeting of stockholders. ~~The directors shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one third of the total number of directors constituting the entire Board of Directors. The initial division of the Board of Directors into classes shall be made by the decision of the affirmative vote of a majority of the entire Board of Directors. The term of the initial Class I directors shall terminate on the date of the 2005 annual meeting; the term of the initial Class II directors shall terminate on the date of the 2006 annual meeting; and the term of the initial Class III directors shall terminate on the date of the 2007 annual meeting. At each succeeding annual meeting of stockholders beginning in 2005, successors to the class of directors whose term expires at the annual meeting shall be elected for a three year term. If the number of directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director.~~
- (d) A director shall hold office until the annual meeting for the year in which his or her term expires and until his or her successor shall be elected and shall qualify, subject, however, to prior death, resignation, retirement, disqualification or removal from office.

be filled by a majority of the Board of Directors then in office, provided that a quorum is present, and any other vacancy occurring on the Board of Directors may be filled by a majority of the Board of Directors then in office, even if less than a quorum, or by a sole remaining director. Any director ~~of any class~~ elected to fill a vacancy resulting from an increase in the number of directors ~~of such class~~ shall hold office until the next annual meeting for the year in which his or her term expires and until his or her successor that shall be elected and shall qualify, subject, however, to prior death, resignation, retirement, disqualification or removal from office coincide with the remaining term of that class. Any director elected to fill a vacancy not resulting from an increase in the number of directors shall have the same remaining term as that of his predecessor. Subject to the rights, if any, of the holders of shares of Preferred Stock then outstanding, any or all of the directors of the Corporation may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least a majority of the voting power of the Corporation's then outstanding capital stock entitled to vote generally in the election of directors. Notwithstanding the foregoing, whenever the holders of any one or more classes or series of Preferred Stock issued by the Corporation shall have the right, voting separately by class or series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of this Restated Certificate of Incorporation applicable thereto, ~~and such directors so elected shall not be divided into classes pursuant to this Article FIFTH unless expressly provided by such terms.~~

(f)

In addition to the powers and authority hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the DGCL, this Restated Certificate of Incorporation, and any By-Laws adopted by the stockholders; *provided, however,* that no By-Laws hereafter adopted by the stockholders shall invalidate any prior act of the directors which would have been valid if such By-Laws had not been adopted.
