QUESTIONS AND ANSWERS

Q: Who is soliciting my proxy?

A: We, the Board of Directors of ENGlobal Corporation ("ENGlobal" or the "Company"), are sending you this Proxy Statement in connection with our solicitation of proxies for use at ENGlobal's 2007 Annual Meeting of Stockholders. Specified directors, officers, and employees of ENGlobal may also solicit proxies on our behalf by mail, phone, fax or in person.

Q: Who is paying for this solicitation?

A: ENGlobal will pay for the solicitation of proxies, including the cost of preparing, assembling, and mailing this Proxy Statement, the proxy card, the Annual Report and all other materials which may be sent to stockholders in connection with this solicitation. We have retained and pay a fee to Broadridge Financial Solutions, Inc. to assist in the tabulation of proxies, but we pay no separate compensation solely for the solicitation of proxies.

We encourage you to conserve natural resources, as well as significantly reduce the Company's printing and mailing costs, by signing up to receive your stockholder communications via e-mail. For detailed information, please refer to the section entitled "Questions and Answers - How can I receive future stockholder communications electronically?" on page 6 of this Proxy Statement and follow the instructions on the proxy or voting instruction card.

Q: On what am I voting?

A: The items of business scheduled to be voted at the Annual Meeting are:

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- o the election of William A. Coskey, P.E., David W. Gent, P.E., Randall B. Hale, and David C. Roussel to the Board of Directors;
- o a proposal to approve amendments to the Company's 1998 Incentive Plan to (1) increase the number of shares available for issuance thereunder from 2,650,000 to 3,250,000, and (2) comply with Sections 162(m) and 409A of the Internal Revenue Code; and
- o any other business that properly comes before the Annual Meeting.

Except with respect to the procedural matters incident to the conduct of the meeting, we are not aware of any other business to be brought before the Annual Meeting.

Q: Who can vote?

A: Record holders of ENGlobal Common Stock as of the close of business on April 16, 2007, the record date, are entitled to vote on all items being voted upon at the Annual Meeting. Each share is entitled to one vote on each matter presented at the Annual Meeting.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Stockholder of Record - If your shares are registered directly in your name with ENGlobal's transfer agent, Computershare Investor Services, LLC, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by ENGlobal. As the stockholder of record, you have the right to grant your voting proxy directly to ENGlobal or to vote in person at the meeting. You may vote by completing and mailing the enclosed proxy card as an alternative to voting in person at the meeting.

Beneficial Owner - If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote and are also invited to attend the Annual Meeting.

3

Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the bank or brokerage firm that holds your shares, giving you the right to vote the shares at the meeting. Your bank or brokerage firm has enclosed or provided voting instructions for you to use in directing the bank or brokerage firm how to vote your shares. Your bank or brokerage firm may also have a process for providing instructions over the phone or via the Internet.

If you hold your shares through a broker or other nominee, your broker or nominee may only exercise voting discretion with respect to matters deemed routine by the NASD, such as the election of directors. On non-routine matters, such as approval to amend the Company's 1998 Incentive Plan, a broker or other nominee cannot cast a vote (a so-called "broker non-vote"). Broker non-votes will not be treated as votes cast.

Q: How can I vote?

A: You may vote your shares either in person or by proxy. Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

only if you obtain a legal proxy from the bank or brokerage firm that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

To vote by proxy, you may vote either via the Internet, by telephone or by mailing a completed proxy card. For beneficial holders, instructions for voting via the Internet or by telephone are set forth on the enclosed proxy card. To vote by mailing a proxy card, mark, date, sign, and mail the enclosed proxy card in the postage-paid envelope. Granting a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person; by voting in person you will revoke your proxy. You may also revoke your proxy at any time before the vote at the meeting by providing ENGlobal's Corporate Secretary written notice of your revocation or by submitting a later-dated proxy. If you return your proxy but do not mark your voting preferences, William A. Coskey, P.E. and Robert W. Raiford, the proxy holders, will vote your shares:

- o FOR the election of each of the nominees for Director;
- o FOR the approval of amendments to the Company's 1998 Incentive Plan; and
- o As they determine with respect to any other matters that may properly come before the meeting.

If your shares are registered in the name of a bank or brokerage firm you will receive instructions from your holder of record that must be followed in order for the record holder to vote the shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions over the phone or via the Internet. If Internet or telephone voting is unavailable from your bank or brokerage firm, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to ENGlobal's Corporate Secretary prior to your shares being voted, or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your bank or brokerage firm, or, if you have obtained a legal proxy from your bank or brokerage firm giving you the right to vote your shares, by attending the meeting and voting in person.

4

Q: What constitutes a quorum?

A: On the record date, ENGlobal had 26,853,090 shares of Common Stock issued and outstanding. In order for the Annual Meeting to be properly held, a majority of the outstanding shares (a quorum) on the record date, or 13,426,546 shares, must be present at the meeting or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

A: In the election of directors, you may vote "FOR" all of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. If your vote is withheld with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee.

For the proposal to approve amendments to the Company's 1998 Incentive Plan, and any other proposals that properly come before the meeting, you may vote "FOR," "AGAINST" or "ABSTAIN." If you "ABSTAIN," your shares will be counted for purposes of establishing a quorum, and the abstention will have the same effect as a vote "AGAINST." If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board of Directors ("FOR" all of ENGlobal's nominees to the Board, "FOR" the approval of amendments to the Company's 1998 Incentive Plan, and in the discretion of the proxy holders on any other matters that properly come before the meeting).

Q: What vote is required to approve each proposal?

A: Proposal One: The four persons receiving the highest number of "FOR" votes at the Annual Meeting will be elected Directors. A properly executed proxy marked "WITHHELD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Abstentions and broker non-votes will have no legal effect on the election of directors.

Proposal Two: The affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting is required to approve amendments to the Company's 1998 Incentive Plan.

Q: Can I vote on other matters?

A: The matters presented at an Annual Meeting are limited to those properly presented by the Board of Directors and those properly presented by stockholders. We have not received notice from any stockholder as to any matter to come before the Annual Meeting other than as set forth herein. If any other matter is presented at the Annual Meeting, your signed proxy gives William A. Coskey, P.E. and Robert W. Raiford, the proxy holders, authority to vote your shares.

Q: How does the Board of Directors recommend I vote on the proposals?

A: Unless you give other instructions on your proxy card, William A. Coskey, P.E. and Robert W. Raiford, the proxy holders, will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote FOR:

- o the election of the nominated slate of Directors; and
- o the approval of amendments to the Company's 1998 Incentive Plan to (1) increase the number of shares available for issuance thereunder from 2,650,000 to 3,250,000, and (2) comply with Sections 162(m) and 409A of the Internal Revenue Code.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our Board of Directors, or if

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

no recommendation is given, in their own discretion.

Q: What is the deadline for stockholder proposals for next year's Annual Meeting?

A: For a stockholder proposal to be considered for inclusion in ENGlobal's proxy statement for the 2008 Annual Meeting, the written proposal must be received by the Secretary of ENGlobal at our principal executive offices no later than January 1, 2008. The proposal will need to comply with Securities and Exchange Commission ("SEC") regulations under Rule 14a-8 of the Securities Exchange Act of 1934 (the "Exchange Act") regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

If you intend to present a proposal at our 2008 Annual Meeting, but you do not intend to have it included in our 2008 proxy statement, your proposal must be delivered to the Secretary of ENGlobal no later than March 17, 2008.

Q: Who can help answer my questions?

A: If you have any questions about the Annual Meeting, how to vote or revoke your proxy, or if you need additional copies of this Proxy Statement or voting materials, you should contact Natalie Hairston, Chief Governance Officer and Corporate Secretary, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914, (281) 878-1000.

Q: How can I receive future stockholder communications electronically?

A: If you are a stockholder, we encourage you to conserve natural resources, as well as significantly reduce the Company's printing and mailing costs, by signing up to receive your stockholder communications via e-mail. With electronic delivery, we will notify you via e-mail as soon as the annual report and the proxy statement are available on the Internet, and you can easily submit your stockholder votes online. Electronic delivery can also help reduce the number of bulky documents in your personal files and eliminate duplicate mailings. To sign up for electronic delivery, follow the instructions on your proxy card.

Q: How do I get copies of the exhibits filed with ENGlobal's Form 10-K?

A: A copy of ENGlobal's Annual Report for 2006, which contains ENGlobal's Form 10-K and consolidated financial statements, is being delivered to you with this Proxy Statement. ENGlobal will provide to any stockholder as of the record date, who so specifically requests in writing, copies of the exhibits filed with ENGlobal's Form 10-K for a reasonable fee. Requests for such copies should be directed to Corporate Secretary, ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914. In addition, copies of all exhibits filed electronically by ENGlobal may be reviewed and printed from the SEC's website at: www.sec.gov.

During 2006, ENGlobal held 10 Board of Directors' meetings. The Board has

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

several committees, including the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Each Director attended at least 75% of all Board and applicable Committee meetings. Directors are encouraged to attend Annual Meetings of ENGlobal stockholders. All of the Directors attended the Annual Meeting of Stockholders held on June 1, 2006, except Mr. Hale who was not present due to a previously scheduled international travel commitment.

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities for general oversight of the integrity of ENGlobal's financial statements, ENGlobal's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of ENGlobal's internal audit function and independent auditors, and risk assessment and risk management. Among other matters, the Audit Committee (1) prepares the Audit Committee report for inclusion in the annual proxy statement; (2) annually reviews the Audit Committee charter and the Audit Committee's performance; (3) appoints, evaluates and determines the compensation of ENGlobal's independent auditors; (4) reviews and approves the scope of the annual audit, the audit fee and the financial statements; (5) reviews ENGlobal's disclosure controls and procedures, internal controls, information security policies, internal audit function, and corporate policies with respect to financial information and earnings guidance; (6) oversees investigations into complaints concerning financial matters; and (7) reviews other risks that may have a significant impact on ENGlobal's financial statements. Our Board of Directors has adopted an Audit Committee Charter meeting applicable standards of the SEC and AMEX. During fiscal year 2006, members of the Audit Committee included Messrs. Hale (Chairman), Gent, and Roussel, all of whom qualify as "independent" Directors as defined by the AMEX listing standards and SEC rules currently in effect. The Board of Directors has determined that Mr. Hale is qualified as an Audit Committee "financial expert" under Item 407(d)(5) of Regulation S-K under the Exchange Act, and has the requisite accounting or related financial expertise required by applicable AMEX rules. The Audit Committee met on seven occasions in 2006. A copy of our Audit Committee Charter is available on the "Investor Relations" section of our website at www.englobal.com.

Compensation Committee

The Compensation Committee recommends cash and non-cash compensation for ENGlobal's Chief Executive Officer Chief Financial Officer to the full Board and reviews and approves stock options for award by ENGlobal to its Directors, officers, employees, and consultants. The Compensation Committee is also responsible for developing ENGlobal's executive compensation program. The Compensation Committee operates pursuant to a written charter, a copy of which is available on the "Investor Relations" section of our website. The Compensation Committee monitors and grants awards according to ENGlobal's executive compensation program and administers ENGlobal's 1998 Incentive Plan. During fiscal year 2006, members of the Compensation Committee, which met on five occasions, included Messrs. Roussel (Chairman), Gent, and Hale, all of whom qualify as "independent" Directors under applicable AMEX and SEC rules.

The Nominating and Corporate Governance Committee

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

The Board established the Nominating and Corporate Governance Committee in November 2002 to provide oversight on the broad range of issues surrounding the composition and operation of the Board, including identifying individuals qualified to become Board members, recommending to the Board Director nominees, and overseeing the implementation of corporate governance guidelines. The Nominating and Corporate Governance Committee also provides assistance to the Board in the areas of committee membership selection, evaluation of the effectiveness of the Board and management, and ongoing consideration of developments in corporate governance practices. The Nominating and Corporate Governance Committee operates pursuant to a written charter, a copy of which is available on the "Investor Relations" section of our website. The Nominating and Corporate Governance Committee's goal is to assure that the composition, practices, and operation of the Board contribute to value creation for and effective representation of ENGlobal's stockholders. During 2006, the Nominating and Corporate Governance Committee consisted of Messrs. Gent (Chairman), Hale, and Roussel and met on three occasions. The Board has determined that each of the members of the Nominating and Corporate Governance Committee is "independent" under applicable AMEX and SEC rules.

CORPORATE GOVERNANCE

We believe that good corporate governance helps to ensure that the Company is managed for the long-term benefit of our stockholders. During the past year, we continued to review our corporate governance policies and practices, the new and proposed corporate governance rules and regulations of the SEC and the listing standards of AMEX, the stock exchange on which our shares of Common Stock are traded.

In 2006, we reviewed our Audit Committee, Compensation Committee, Nominating/Corporate Governance Committee Charters, Corporate Code of Conduct, and other policies and procedures required by applicable law or AMEX listing standards. You can access and print these documents from the "Investor Relations" section of our website at www.englobal.com or you can request copies at no cost by writing us at ENGlobal Corporation 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Investor Relations.

Corporate Code of Conduct

The Company has adopted a Corporate Code of Conduct that applies to all of the Company's Directors, officers and employees in accordance with the AMEX listing standards. The purpose and role of this code is to focus our officers, Directors, and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and help enhance and formalize our culture of integrity, honesty and accountability. For the purpose of satisfying the disclosure requirement under Item 5.05 of Form 8-K, we have posted on the "Investor Relations" section of our website at www.englobal.com, this code, any amendments to this code, as well as any waivers of any provision of this code made for the benefit of the Company's senior executive officers or Directors.

The Company also has a Code of Ethics applicable to the Chief Executive Officer and certain senior financial officers of the Company that complies with Item 406 of Regulation S-K of the Exchange Act and with applicable AMEX rules. As discussed above, we will disclose on our website waivers of or amendments to the Code of Ethics granted to the Chief Executive Officer or the senior financial officers subject to the Code.

Director Independence

The Board has determined that no Director has a relationship which, in the opinion of the Board, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a Director, and that all Directors, except Mr. Coskey (and Mr. Burrow, who resigned from the Board effective April 2, 2007), meet the criteria for independence under the AMEX listing standards. The Board has also determined that the members of each of its committees, including the Audit Committee, meet the criteria for membership applicable to each committee under the AMEX listing standards and applicable SEC rules and regulations.

Executive Sessions; Lead Director

In 2006, the Company held four executive sessions of its Non-employee Directors, Messrs. Gent, Hale and Roussel. Any non-management Director can request that an executive session be scheduled. Mr. Gent has served as the Company's Lead Independent Director since 2004, and was re-elected in 2007.

Consideration of Director Nominees

Stockholder Nominees

The Non-employee Directors will carefully consider all qualified Director candidates, whether such candidates are recommended by a stockholder or otherwise. Any stockholder wishing to recommend a Director candidate for the 2008 Annual Meeting of Stockholders should submit their nomination before January 1, 2008 to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Nominations should include the following information in order to facilitate the Non-employee Directors' review and consideration:

- o The name, telephone number and address of the recommending stockholder;
- o The name, age, business address and residence of the Director candidate;
- o The principal occupation or employment of the Director candidate for the past five years;

11

- o A description of the Director candidate's qualifications to serve as a Director, including financial expertise and why the candidate qualifies or does not qualify as "independent" under the AMEX listing standards;
- o The number of shares of the Company's Common Stock beneficially owned by the Director candidate, if any;
- o A description of any arrangements or understandings between the recommending stockholder and the Director candidate, if any, or any other person for whom the recommending stockholder is making the recommendation; and
- o Whether or not the recommending stockholder and the Director candidate consent to being named in the Company's proxy statement with respect to disclosures regarding the nomination process.

No candidate for election to our Board has been recommended within the preceding year by a beneficial owner of 5% or more of our Common Stock.

Director Qualifications

The Nominating and Corporate Governance Committee establishes criteria for selecting new members of the Board. The Board as a whole should reflect a range of skills, knowledge and experience in areas of importance to the Company. Directors must be committed to upholding the highest standards of personal and

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

professional integrity and to representing the interests of all stockholders, not particular stockholder constituencies. The Nominating and Corporate Governance Committee places no specific restrictions on the number of terms Directors may serve or other Boards on which a Director may sit, but Directors must possess sufficient time and energy to carry out their duties effectively. A majority of Directors must be "independent" under the AMEX listing standards. No Director will qualify as "independent" unless the Board affirmatively determines that the Director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In determining whether a Director is independent, the Board will broadly consider all relevant facts and circumstances.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for Director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for Director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee will consider properly submitted stockholder nominations for candidates for the Board.

Communications with the Board

Stockholders may communicate with the Board, Board committees, Non-employee Directors as a group and individual Directors by submitting their communications in writing to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Any communication must contain:

12

- o a representation that the stockholder is a holder of record of our capital stock;
- o the name and address, as they appear on our books, of the stockholder sending the communication; and
- o the number of shares of our capital stock that are beneficially owned by such stockholder.

ENGlobal's Corporate Secretary will distribute such communications to the intended recipient upon receipt, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding the communication.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The information contained in this Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" or incorporated by reference in future filings with the SEC, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Securities Act of 1933 or the Securities Exchange Act of 1934.

In accordance with its written charter, the Audit Committee assists the Board in, among other things, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over our accounting, auditing, and financial reporting practices.

Our Board of Directors has determined that all three members of the Committee are independent based upon the standards adopted by the Board, which incorporate the independence requirements under applicable laws, rules and regulations.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, our system of internal controls, and procedures designed to insure compliance with accounting standards and applicable laws and regulations. Our independent auditors are responsible for auditing the financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and we are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

During fiscal 2006, the Audit Committee held seven meetings. The Audit Committee's meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent auditors, Hein & Associates, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

13

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2006 with management and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to Hein & Associates for audit and non-audit services. The Audit Committee concluded that the provision of services by Hein & Associates is compatible with the maintenance of Hein & Associates' independence.

At four of its meetings during 2006, the Audit Committee met with members

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

of senior management and the independent auditors to review the certifications provided by the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis generally describes the development and current composition of our executive and Director compensation programs and policies, and discusses the philosophy and principles underlying those policies and programs. It also gives greater context to the data presented in the tables and narratives that follow. This discussion should be read in conjunction with such tables, which follow beginning on page 18 of this Proxy Statement.

Compensation Committee

Our Compensation Committee is comprised of David C. Roussel (Chairman), David W. Gent and Randall B. Hale. Our Board has determined that each member of the Compensation Committee meets the independence requirements of AMEX and is also a "disinterested person" (as defined in Rule 16b-3 under the Exchange Act) with respect to compensation and benefit plans subject to Rule 16b-3. The Compensation Committee reviews and approves the compensation, stock options and employment benefits of all officers of the Company, administers the Company's stock compensation plans, fixes the terms of other employee benefit arrangements and makes awards under such arrangements.

14

The Compensation Committee met five times in 2006. At each of these meetings, Mr. Coskey and Michael L. Burrow, the Company's President and former Chief Executive Officer, attended at least a portion of the meeting. Messrs. Coskey and Burrow made recommendations to the Compensation Committee regarding the amount and form of compensation to be paid to Company officers other than themselves. Upon invitation, executive officers may attend portions of Compensation Committee meetings to discuss their recommendations. The Compensation Committee has not historically engaged or retained any outside advisors or consultants with respect to executive or Director compensation.

Compensation Philosophy, Principles and Policies

General Philosophy

The principal objectives of our executive compensation programs are to attract and retain motivated executives who will substantially contribute to our Company's long-term success and the creation of stockholder value. We believe that compensation decisions are complex and best made after a deliberate review of Company performance and industry compensation levels. In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Committee takes into consideration a number of factors related to our performance, such as our earnings per share, profitability, revenue growth, and business-unit-specific operational and financial performance, as well as competitive practices among a group of comparable companies. This group consists of six actively traded engineering companies that, in the aggregate, both we and the Compensation Committee believe best represent who we compete with for executive talent. We believe using a comparable company group is an appropriate method to understand the executive talent market in which we must compete to obtain and retain top-quality talent. The Compensation Committee reviews the comparable companies annually to determine if any changes in the composition of the comparable group are necessary. In 2006, our comparable company group consisted of the following companies: Xanser Corporation, Michael Baker Corporation, Matrix Service Company, Tetra Tech, Inc., Willbros Group, and VSE Corporation.

Our Compensation Committee designs and recommends compensation packages to reward both individual performance and to achieve strategic business objectives that are aimed at growing our business and aligning the long-term interests of our executives' and stockholders. Specifically, as our production and profits increase, so does executive compensation. Conversely, if production and profits decrease, executive compensation may be less generous.

The Compensation Committee also believes that the success of a company depends to a large extent on honest and ethical leadership and teamwork. Consequently, compensation among executives is roughly equivalent.

The Compensation Committee has not historically engaged or retained any outside advisors or consultants with respect to executive or Director compensation; however, the Compensation Committee does take into consideration recommendations made to it by our executive officers with respect to the amount and form of compensation for all Company officers. The Compensation Committee then makes its recommendations to the Board, which in turn makes executive compensation decisions based upon the above-described philosophy, principles and policies and the Board's collective experience in the industry.

15

Elements of Compensation

Base Salary and Employment Agreements

The base salaries of the Named Executive Officers are established at levels that the Compensation Committee believes are appropriate to attract and retain qualified executives who are instrumental in helping the Company achieve its business objectives. In establishing salaries, the Board considers the recommendations of management, the amount and degree of responsibilities of the executive officers, the salaries of others similarly situated within the Company, the recent performance in the executive's areas of responsibility, and any changes in the cost of living. The Board also considers the competitiveness of the entire compensation package in determining the level of salaries.

Each of Messrs. Coskey, Raiford and Patton is a party to a written

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

employment agreement (the "Employment Agreements") with the Company. Mr. Kelley was appointed as an Named Executive Officer to the Company in November 2006. He does not currently have an employment agreement, but has agreed to continue his employment with the Company without an employment agreement, subject to Texas "at-will" employment law. Mr. Burrow was also a party to an employment agreement with the Company prior to his resignation on April 2, 2007. The Employment Agreements provide for an annual base salary, subject to discretionary increases by the Board of Directors, and other compensation in the form of cash bonuses, incentive compensation, stock options, stock appreciation rights, and restricted stock awards. Additionally, the executives receive health, life, and other insurance benefits in accordance with the terms of the Company's benefit plans, and the Company provides management level support services and reimbursement for specified business expenses. Copies of the Employment Agreements are on file with the SEC as Exhibits 10.39, 10.40, 10.41, and 10.42, respectively, to the Company's Form 10-K/A for the fiscal year ended December 31, 2006.

With the exception of Mr. Patton's Employment Agreement, the term for each of the Employment Agreements commenced on January 1, 2006, and expires on December 31, 2007, unless earlier terminated or extended as provided in the Employment Agreements. The term of Mr. Patton's Agreement commenced on February 7, 2006 and expires on February 7, 2009, unless earlier terminated or extended as provided in the Employment Agreement.

The Employment Agreements provide for severance payments and benefits in the case of termination of employment. If employment ends because of death, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to that date, or, under Mr. Patton's agreement, for three months after that date. In the case of disability, salary and benefits would generally be maintained by the Company on behalf of the disabled executive for up to six months of disability and for a period of six months following the date of termination, and the executive would receive health and life insurance benefits in accordance with the terms of the Company's benefit plans during that period. At the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial period of severance for disability.

If the Company terminates an executive's employment for "cause," as defined in the Employment Agreements, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to the effective date of termination. If the Company terminates an executive's employment without "cause," as defined in the employment agreement, the Company will continue to pay him for a period of six months following the date of termination and, at the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial severance period.

16

The Employment Agreements include a covenant not to compete following termination of employment for a period of up to one year, or, under Mr. Patton's agreement up to three years, as well as confidentiality provisions as are customary in nature and scope, for such agreements.

Annual Bonuses

In 2006, under the Company's Executive Level Incentive Plan, the Chairman of the Board and Chief Executive Officer, Chief Financial Officer, and Executive Vice President of Business Development were eligible to receive an annual bonus based on the financial performance of the Company. If the Company's adjusted earnings per share for the year, after subtracting any and all incentive compensation, exceeded adjusted earnings per share in the immediately preceding calendar year, then the Company contributed to a bonus pool an amount equal to

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

\$88,000 for each penny per share of earnings the Company makes which was above the prior year's earnings per share. The bonus pool was then distributed to eligible participants, subject to certain restrictions, in proportion to their salaries for the year in which the bonus was being paid.

The Company's Board of Directors terminated the Executive Level Incentive Plan effective December 31, 2006. Effective January 1, 2007, the Company combined the Executive Level Incentive Plan with the Key Manager Incentive Plan, and participants in the Executive Level Incentive Plan are now covered under the Key Manager Incentive Plan. In addition, the Company's Chief Executive Officer, William A. Coskey, has elected not to be a participant in the Key Manager Incentive Plan in 2007.

The Key Manager Incentive Plan is designed to motivate the Company's executives and certain key managers to promote the Company's core values. Under the Key Manager Incentive Plan, if the Company's adjusted earnings per share for a year, after subtracting all incentive compensation, exceeds adjusted earnings per share in the immediately preceding calendar year, the Company designates a bonus pool equal to \$80,000 for each penny per share of earnings the Company makes which is above the prior year's earnings per share. However, for 2007, earnings per share will be measured against 2005 earnings per share. The amount of the bonus pool under the Key Manager Incentive Plan is not permitted to exceed 10.0% of adjusted pre-tax, pre-bonus earnings for the year for which the bonus is paid.

Beginning in 2007, the amount of the bonus pool under the Company's Key Manager Incentive Plan, is not permitted to exceed 12.50% of adjusted pre-tax, pre-bonus earnings (after adjusting for non-operating and non-recurring events) for the year for which the bonus is paid. Since the incentive plans are based on growth in earnings per share, participants did not receive bonus payments under the Executive Level Incentive Plan or Key Manager Incentive Plan in 2006. For 2007, the increase in earnings per share is being measured against 2005 earnings per share.

Amounts in the bonus pool are distributed in the discretion of the Chief Executive Officer, after consultation with the Company's management, based on evaluations of each eligible participant, assessing factors such as financial performance, client satisfaction, and leadership. In addition, in the discretion of the Chief Executive Officer, an amount equal to 10% to 15% of the total bonus pool may be allocated for any employees exhibiting performance over and above requirements of their position, when their performance has resulted in the addition of new clients, an improvement in the Company's financial performance, the award of new projects, or other significant activities that reflect the Company's core values. A copy of the Key Manager Incentive Plan approved by the Board of Directors was previously filed with the SEC as Exhibit 10.43 to the Company's Form 8-K dated April 10, 2007.

Long-Term Incentive Compensation

The 1998 Incentive Plan is designed to align the long-term interests of key employees with stockholders and form the basis of our long-term incentive plan for executives. We believe that a significant portion of an executive's

17

compensation should be dependent on value created for our stockholders. Stock options are occasionally granted to executives. In selecting recipients for equity grants and in determining the size of such grants, we consider various factors, including:

- o our achievements, financial performance and financial ratios, including

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- o revenues, operating income, and earnings per share;
- o Company and individual performance, both on an absolute basis in terms of growth over prior year performance, and against pre-established performance goals;
- o compensation paid by companies of comparable size in businesses similar to our businesses;
- o the executive's level of responsibility; and
- o the executive's contributions in support of our strategies.

Other Compensation

From time to time, the Company makes available to employees and executives certain other fringe benefits. The Company may provide club memberships, tickets to sporting or cultural events, tickets to community events, etc. To the extent that such items are taxable to the individual they are considered to be part of the individual's compensation package. Other benefits provided to the Named Executive Officers are generally available to all employees, such as health insurance.

Review of and Conclusion Regarding All Components of Executive Compensation

Based on our performance during the past several years, and in light of our executives' efforts in directing the Company, the Compensation Committee and the Board have determined that the compensation paid to Mr. Coskey, as well as compensation paid to our other Named Executive Officers, serves the best interests of our stockholders and continues to emphasize programs that the Compensation Committee and the Board believe positively affect stockholder value.

Director Compensation

As of December 31, 2006, the following table discloses cash and equity awards and other compensation earned, paid or awarded, as the case may be, to each of the Company's Non-employee Directors during the last fiscal year.

Name	Fees Earned or		Total
	Paid in Cash	Option Awards	
	(\$)	(\$)(1)	
Randall B. Hale	\$36,000	\$302,030	\$338,030
David W. Gent, P.E.	\$32,000	\$302,030	\$334,030
David C. Roussel	\$32,000	\$302,030	\$334,030

- (1) Options granted on June 1, 2006 pursuant to the ENGlobal Corporation 1998 Incentive Plan, as director compensation. Options vest 25% quarterly on each of September 1, 2006, December 1, 2006, March 1, 2007, and June 1, 2007. The market closing price (exercise price) on June 1, 2006 was \$9.15.

The principal objectives of our director compensation programs are to compensate the directors for time spent on the Company's behalf, to ensure long-term retention of the directors and to align the directors' compensation programs with long-term value to the Company's stockholders. We attempt to accomplish these objectives in an economical manner through a combination of reasonable director retainer fees and option grants to the directors.

Our Non-employee Directors, Messrs. Gent, Hale and Roussel, receive a retainer of \$32,000 per year. Non-employee Directors are also eligible for reimbursement of travel and other miscellaneous expenses associated with attendance at Board of Directors and Committee meetings. The chairman of the Audit Committee, Mr. Hale, receives an additional \$4,000 per year.

21

In addition, under the Company's 1998 Incentive Plan, Non-employee Directors are eligible to receive non-statutory stock options. In 2006, in recognition of the services provided by its Board of Directors, each Non-employee Director received options to acquire 50,000 shares of the Company's Common Stock at an exercise price equal to fair market value of the underlying Common Stock on the date of the grant. In 2007, Non-employee Directors will each receive options to acquire 50,000 shares of the Company's Common Stock, with a quarterly vesting schedule, for their service to the Company during 2007-2008. The options will be granted on June 14, 2007, will fully vest on June 14, 2008, and will expire on June 14, 2017.

The Board considers the director compensation programs to be in conformity with industry standards and reasonable by comparison to what directors receive at the group of comparable companies.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors has adopted a policy requiring that all transactions between the Company and its officers, directors, principal stockholders and their affiliates be on terms no less favorable to the Company than could be obtained from unrelated third parties and that any such transactions be approved by a majority of the disinterested members of the Company's Board. The Company's Audit Committee is responsible for the review and assessment of all related party transactions.

On May 25, 2006, the Company, through its wholly-owned subsidiary ENGlobal Corporate Services, Inc., purchased a one-third partnership interest in PEI Investments, a Texas joint venture ("PEI"), from Michael L. Burrow, the Company's President and former Chief Executive Officer, and another one-third interest from a stockholder who owns less than 1% of the Company's common stock. The partnership interests were purchased for a total of \$69,000. The remaining one-third interest was already held by the Company through its wholly-owned subsidiary, ENGlobal Engineering, Inc. PEI owns the land on which our Beaumont, Texas office building, destroyed by Hurricane Rita in September 2005, was located. The remains of the building were razed in July 2006. In September 2006, the Company acquired approximately 1.2 acres immediately adjacent to the former

facility and is developing plans to construct a new facility utilizing both parcels of land.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, Directors, executive officers and persons holding more than 10% of Common Stock must report their initial ownership of Common Stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for such reports and ENGlobal must identify in

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

this Proxy Statement those persons who did not file such reports when due.

Based solely upon a review of Forms 3 and 4 and any amendments furnished to ENGlobal during our fiscal year ended December 31, 2006, and Forms 5 and any amendments furnished to ENGlobal with respect to the same fiscal year, we believe that our Directors, officers, and greater than 10% beneficial owners complied with all applicable Section 16 filing requirements, except for the following: (1) on August 29, 2006, Mr. Lee filed a Form 4 reporting the receipt of 175,000 shares as a condition to closing the acquisition of WRC Corporation on May 25, 2006; (2) on June 5, 2006, Mr. Hale filed a Form 4 reporting an option exercise on May 31, 2006 and an option grant on June 1, 2006; (3) on February 14, 2007, Mr. Burrow, President and former Chief Executive Officer, filed a Form 5/A reporting (i) an option grant on March 25, 2004, and (ii) distributions made from April 2003 to December 2004 from the Option Escrow Agreement among Industrial Data Systems Corporation, Johnny Williams, Escrow Agent, et al. dated December 21, 2001; and (4) on February 14, 2007, Mr. Raiford filed a Form 5/A reporting an option grant on December 4, 2006.

PRINCIPAL AUDITOR FEES AND SERVICES

The Audit Committee has appointed Hein & Associates, LLP as ENGlobal's independent auditors for the fiscal year ending December 31, 2007. Representatives of Hein & Associates are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The following table shows the fees paid or accrued by ENGlobal for the audit and other services provided by Hein & Associates for fiscal 2006 and 2005.

	2006	2005
	-----	-----
Audit Fees	\$184,000	\$165,000
Audit-Related Fees	8,220	19,971
Tax Fees	--	81,346
All Other Fees	4,205	13,757
	-----	-----
Total	\$196,425	\$280,074
	=====	=====

As defined by the SEC, (i) "audit fees" are fees for professional services rendered by the company's principal accountant for the audit of the company's annual financial statements and review of financial statements included in the company's Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) "audit-related fees" are fees for assurance and related services by the company's principal accountant that are reasonably related to the performance of the audit or review of the company's financial statements and are not reported under "audit fees;" (iii) "tax fees" are fees for professional services rendered by the company's principal accountant for tax compliance, tax advice, and tax planning; and (iv) "all other fees" are fees for products and services provided by the company's principal accountant, other than the services reported under "audit fees," "audit-related fees," and "tax fees."

Under applicable SEC rules, except for the ability to designate a portion of this responsibility as described below, the full Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors in order to ensure that they do not impair the auditors' independence from ENGlobal. The Audit Committee may delegate pre-approval authority to a

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. The SEC's rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee's responsibility for administration of the engagement of the independent auditors.

Consistent with the SEC's rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent auditors to ENGlobal or any of its subsidiaries, except that the Audit Committee Chairman has the right to approve up to \$25,000 of services in any year.

PROPOSAL TWO: APPROVAL TO AMEND THE COMPANY'S 1998 INCENTIVE PLAN

Background

On March 30, 2007, the Board of Directors approved, subject to stockholder approval, an amendment to the Company's Amended and Restated 1998 Incentive Plan (the "1998 Incentive Plan" or the "Plan") to increase the number of shares available for issuance under the Plan from 2,650,000 to 3,250,000 in order to enhance the ability of ENGlobal to compensate its Non-employee Directors and to attract employees of outstanding ability. In addition, on April 3, 2007, the Board of Directors approved, subject to stockholder approval, amendments to the Plan to (1) qualify certain awards as performance-based compensation not subject to the deduction limitations set forth in Section 162(m) of the Internal Revenue Code, and (2) ensure compliance with Section 409A of the Internal Revenue Code.

1,200,000 shares were available for issuance under the Plan as originally approved by the stockholders of the Company on June 8, 1998. Our stockholders have previously authorized amendments to the Plan to increase the number of shares available for issuance thereunder from 1,200,000 to 1,400,000 in December 2001; from 1,400,000 to 2,200,000 in June 2003; and from 2,200,000 to 2,650,000 in June 2005. As of December 31, 2006, there were 1,473,431 options outstanding under the 1998 Incentive Plan, leaving 150,806 available to issue. Options to purchase an additional 150,000 shares will be issued on June 14, 2007 as recompense to our Non-employee Directors for service on the Company's Board of Directors for the 2007-2008 term. As a result, unless the amount available for issuance under the Plan is increased, the Plan will soon run out of options to use as incentive to attract, motivate, and retain employees and directors who are critical to the success of the Company.

Therefore, the Company is asking you to approve an increase in the number of shares available for issuance under the Plan from 2,650,000 to 3,250,000 in order to allow the future issuance of options to its directors and current and potential employees. The Company believes stock option awards encourage achievement of superior results by providing participants with an opportunity to acquire a proprietary interest in ENGlobal and additional incentive to work for its continued success.

The Company is also asking you to approve amendments to the Plan designed to (1) qualify certain awards issued thereunder as performance-based compensation not subject to the deduction limitations set forth in Section 162(m) of the Internal Revenue Code, and (2) ensure compliance with Section 409A of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits to \$1 million the amount that a publicly traded corporation, such as the Company, may deduct for compensation paid in any year to its chief executive

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

officer or any other of its four most highly compensated executive officers. However, compensation which qualifies as "performance-based" is excluded from the \$1 million per executive officer limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the Company's stockholders.

In addition, new Section 409A of the Internal Revenue Code generally establishes rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) on the recipient of such deferred compensation. Specifically, in order to avoid the imposition of the additional tax, stock options and stock appreciation rights (SARs) must have an exercise price equal to or greater than the fair market value of the underlying common stock on the grant date. Thus, in order to maximize deductibility of compensation under Section 162(m) to the extent practicable, and to ensure compliance with new Section 409A, the Board is asking you to approve the following amendments to the Plan:

26

- (1) fixing the maximum number of shares that may be issued to any one employee under the Plan;
- (2) setting pre-established performance goals for restricted stock awards;
- (3) limiting stock options and SARs to grants with an exercise price equal to or greater than the fair market value of the stock on the grant date; and
- (4) requiring that the Company's Compensation Committee be comprised of at least two outside directors.

Summary of the 1998 Incentive Plan

The following is a brief summary of the material features of the Plan, as amended, but it not intended to be complete and is qualified in its entirety by reference to the Plan, as amended. The proposed amendments to the Plan are set forth in Appendix A to this Proxy Statement.

Shares Subject to the Plan

The Company is authorized to issue a total of 2,650,000 shares of Common Stock under the Plan. If the proposed amendment is adopted by our stockholders, the number of shares authorized for issuance under the Plan will increase to 3,250,000. As of December 31, 2006, options to purchase 150,806 shares remained available for issuance under the Plan.

Administration of the Plan

The Board of Directors has delegated Plan administration to the Compensation Committee, which must be comprised solely of Non-employee Directors. The Compensation Committee selects persons to whom awards may be granted and the type of award to be granted and determines, as applicable, the number of shares to be subject to each award, the exercise price and terms of vesting. In making such determination, the Compensation Committee takes into account the grantee's present and potential contributions to the success of ENGlobal and other relevant factors.

Eligibility and Limitations

The Plan provides that awards may be granted to employees, consultants and directors of ENGlobal and its majority-owned subsidiaries. The Plan provides for the grant of incentive stock options, non-statutory stock options, stock appreciation rights and restricted stock. To the extent that the aggregate fair market value of the shares with respect to which options designated as incentive

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

stock options are exercisable for the first time by any optionee during any calendar year exceeds \$100,000, such options will be reclassified as non-statutory stock options in accordance with the Code. The Plan is not a qualified deferred compensation plan under Section 401(a) of the Code and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Pursuant to the proposed amendments to the Plan, the maximum number of shares of stock that may be issued to any one person under the Plan during one calendar year is 3,000,000.

27

Exercise Price of Options

All incentive stock options granted under the Plan are at an exercise price at least equal to the fair market value of the shares of Common Stock on the date of grant. With respect to any participant who owns stock representing more than 10% of the voting rights of ENGlobal's outstanding capital stock, the exercise price of any incentive stock option granted under the Incentive Plan must be at least equal to 110% of the fair market value of the shares of Common Stock subject to such option on the date of grant.

Term and Vesting of Options

Options granted under the Plan vest pursuant to terms determined by the Compensation Committee. The terms of all incentive stock options and non-statutory stock options granted under the Plan may not exceed 10 years. However, the terms of all incentive stock options granted to an optionee who, at the time of grant, owns stock representing more than 10% of the voting rights of ENGlobal's outstanding capital stock, may not exceed five years.

Restricted Stock

Restricted stock may be granted to employees pursuant to terms determined by the Compensation Committee. The Compensation Committee may impose such conditions or restrictions on any shares of restricted stock granted under the Plan as it may deem advisable including, without limitation, (i) a requirement that participants pay a stipulated purchase price for each share of restricted stock or each restricted stock unit, (ii) restrictions based upon the achievement of specific performance goals, (iii) time-based restrictions on vesting following the attainment of the performance goals, (iv) time-based restrictions or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such shares are listed or traded, or (v) holding requirements or sale restrictions placed on the shares by the Company upon vesting of such restricted stock.

Grants of restricted stock awards may be made subject to the achievement of performance goals. Grants of restricted stock to any officer intended to qualify for deduction under Section 162(m) of the Internal Revenue Code will only be made by the Compensation Committee, and will be based on one or more of the following measures (the "Performance Measures"): (i) net earnings or net income (before or after taxes); (ii) earnings per share; (iii) net sales or revenue growth; (iv) net operating profit; (v) return measures (including, but not limited to, return on assets, capital, equity, sales, or revenue); (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment); (vii) earnings before or after taxes, interest, depreciation, or amortization; (viii) gross or operating margins; (ix) productivity ratios; (x) share price (including, but not limited to, growth measures and total stockholder return); (xi) expense targets; (xii) market share; (xiii) customer satisfaction; (xiv) working capital targets; (xv) cash value added (operating income minus cash taxes plus depreciation minus (cost of capital multiplied by gross investment)); and (xvi) economic value added

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

(net operating profit after tax minus the sum of capital multiplied by the cost of capital).

Any of the Performance Measures may be used to measure the performance of the Company, or its subsidiaries, or affiliates as a whole or any business unit of the Company, subsidiary, or affiliate or any combination thereof, as the Compensation Committee may deem appropriate, or any of the Performance Measures as compared to the performance of a group of comparable companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or the Company may select the share price Performance Measure as compared to various stock market indices. The Committee also has the authority to provide for accelerated vesting of an award based on the achievement of performance goals pursuant to the Performance Measures.

Stock Appreciation Rights

Stock appreciation rights may be granted to employees, either independent of, or in connection with options. Stock appreciation rights are exercisable in the manner, and pursuant to terms, determined by the Compensation Committee. Terms to be determined by the Compensation Committee include the number of shares to which the stock appreciation right applies, the vesting schedule for the exercise of such right and the expiration date of the right. Upon exercise of a stock appreciation right, the holder shall receive payment in cash, stock or a combination of both at the discretion of the Compensation Committee in an amount equal to the product of (1) the fair market value of a share of ENGlobal Common Stock as of the date of exercise, minus the fair market value of a share of ENGlobal Common Stock as of the date the stock appreciation right was granted, multiplied by (2) the number of shares as to which the stock appreciation right is being exercised. The exercise of stock appreciation rights granted in connection with options requires the holder to surrender the related options (or any portion thereof, to the extent unexercised). No stock appreciation right granted under the Plan is transferable by the employee other than by will or the laws of descent and distribution and each stock appreciation right is exercisable during the lifetime of the employee only by such employee. The Company has never awarded stock appreciation rights under the Plan.

Certain Corporate Transactions

In the event of certain changes in ENGlobal's capitalization, including a stock split or stock dividend, which result in a greater or lesser number of shares of outstanding Common Stock, appropriate adjustment would be made in the number of shares available under the Plan, the exercise price of outstanding options, and the number of shares subject to options, outstanding shares of restricted Common Stock and stock appreciation rights.

Award agreements may, as determined by the Compensation Committee, provide that, in the event of a change in control of ENGlobal, the following will occur: the holder of a stock option will be granted a corresponding stock appreciation right; all outstanding stock appreciation rights and stock options will become immediately and fully vested and exercisable in full; and the restriction period on any restricted Common Stock will be accelerated and the restrictions will expire. In general, a change in control of ENGlobal occurs in any of five situations:

- (1) a person (other than (a) ENGlobal, (b) certain named affiliates or affiliated companies or benefit plans, or (c) a company, a majority of which is owned directly or indirectly by the stockholders of ENGlobal) becomes the beneficial owner of 50% or more of the voting power of ENGlobal's outstanding voting securities;

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- (2) if at any point a majority of the Board of Directors is not comprised of individuals who were directors at the effective date of the Incentive Plan (the "Original Directors"), except to the extent that the Original Directors have approved their replacements;
- (3) a person described in clause (1) above announces a tender offer for 50% or more of ENGlobal's outstanding voting securities and the Board of Directors approves or does not oppose the tender offer;
- (4) ENGlobal merges or consolidates with another corporation or partnership, or ENGlobal's stockholders approve such a merger or consolidation, other than mergers or consolidations in which ENGlobal's voting securities are converted into securities having the majority of voting power in the surviving company; or
- (5) ENGlobal liquidates or sells all or substantially all of its assets, or ENGlobal's stockholders approve such a liquidation or sale, except sales to corporations having substantially the same ownership as ENGlobal.

29

If a restructuring of ENGlobal occurs that does not constitute a change in control of ENGlobal, the Compensation Committee may, but need not, cause ENGlobal to take any one or more of the following actions: (1) accelerate in whole or in part the time of vesting and exercisability of any outstanding stock options and stock appreciation rights to permit those stock options and stock appreciation rights to be exercisable before, upon, or after the completion of the restructure; (2) grant each of the restrictions on any restricted Common Stock; (3) if the restructuring involves a transaction in which ENGlobal is not the surviving entity, cause the surviving entity to assume in whole or in part anyone or more of the outstanding incentive awards upon such terms and provisions as the Board of Directors or its designated committee deems desirable; or (4) redeem in whole or in part anyone or more of the outstanding incentive awards, whether or not then exercisable, in consideration of a cash payment as adjusted for withholding obligations. A restructuring generally is any merger of ENGlobal or the direct or indirect transfer of all or substantially all of ENGlobal's assets in one transaction or a series of transactions.

U.S. Federal Tax Consequences

The federal tax rules applicable to the Plan under the Internal Revenue Code of 1986, as amended ("tax code") are summarized below. This summary omits all tax consequences other than United States federal income taxes including, without limiting the generality of the foregoing, the tax laws of any municipality, state, or foreign country in which a participant resides. Participants under the Plan may receive grants of restricted stock, stock options and stock appreciation rights. Stock option grants under the Plan may be intended to qualify as incentive stock options under Section 422 of the tax code or may be non-qualified stock options governed by Section 83 of the tax code. Generally, no federal income tax is payable by a participant upon the grant of a stock option and a deduction is not taken by the Company. If a participant exercises a non-qualified stock option, he or she will have taxable income equal to the difference between the market price of the common stock on the exercise date and the stock option grant price. We will be entitled to a corresponding deduction on our income tax return. A participant will not have any taxable income upon exercising an incentive stock option after the applicable holding periods have been satisfied (except that the alternative minimum tax may apply) and we will not receive a deduction when an incentive stock option is exercised. The treatment for a participant of a disposition of shares acquired through the exercise of an option depends on how long the shares were held and on whether the shares were acquired by exercising an incentive stock option or a non-qualified stock option. We may be entitled to a deduction in the case of a disposition of shares acquired under an incentive stock option before the

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

applicable holding periods have been satisfied.

Restricted stock is also governed by Section 83 of the tax code. Generally, no taxes are due when the award is initially made but the award becomes taxable when it is no longer subject to a "substantial risk of forfeiture" (it becomes vested or transferable). The participant will have taxable income on the value of the stock at ordinary rates when the restrictions lapse and then at capital gain rates when the shares are sold. We are not entitled to a deduction on our income tax return.

Upon the grant of a stock appreciation right, the participant will not have taxable income and we will not be entitled to a deduction. Upon the exercise of the stock appreciation right, the participant will have taxable income equal to the difference between the market price of our common stock on the exercise date and the stock appreciation right grant price. We will be entitled to a corresponding deduction on our income tax return.

30

The American Jobs Creation Act of 2004 added Section 409A to the tax code, generally effective January 1, 2005. Section 409A covers most arrangements that defer the receipt of nonqualified compensation to a succeeding year. Employers are currently required to comply with 409A and certain guidance issued by the IRS with respect to 409A. Employers are also required to amend the plan documentation for nonqualified deferred compensation by December 31, 2007. The participant can be subject to a punitive tax of 20% plus interest if the nonqualified compensation arrangement fails to comply with Section 409A. It can also accelerate the date on which taxes are due for the participant. It does not affect our ability to deduct deferred compensation. Section 409A does impose withholding and reporting obligations on us which could subject us to liability for taxes, penalties and interest if we fail to meet those obligations.

Section 409A does not apply to incentive stock options and restricted stock, provided that there is no deferral of income beyond the vesting date. Section 409A also does not apply to non-qualified stock options and stock appreciation rights if the exercise price of the non-qualified stock option or stock appreciation right may never be below the fair market value of our stock on the date of grant.

Compensation under the Plan is also subject to Section 280G of the tax code. Under Section 280G, if a grant under the Plan is accelerated as a result of a change of control, all or a portion of the award at that time may be a nondeductible "parachute payment." Section 280G applies to "parachute payments" which generally are payments in the nature of compensation made upon a change of control and the present value of which equal or exceeds three times the participant's average compensation for the five preceding tax years. If 280G applies, we will not be permitted to deduct the compensation and the participant will be subject to a 20% excise tax under Section 4999 of the tax code with respect to the "excess parachute payment." The "excess parachute payment" generally is the portion of the parachute payment that exceeds the participant's average compensation for the preceding five tax years, reduced by the portion that is shown to be reasonable compensation. Section 280G applies to participants who perform services for us if within the twelve month period preceding the change of control, the participant was an officer, a shareholder owning more than 1% of our stock or a member of a group consisting of the lesser of the highest paid 1% of our employees or the 250 highest paid employees.

Benefits to be Received by Directors and Executive Officers

It is not possible to determine the aggregate number of options to purchase shares of our common stock that will be awarded under the Plan to any particular

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

individuals in the future. During the 2006 fiscal year, options to purchase 255,000 shares in the aggregate were issued to our Named Executive Officers, and options to acquire 150,000 shares in the aggregate were issued to our Non-employee Directors. In June 2007, Non-employee Directors will each receive options to purchase 50,000 shares, vesting quarterly, for their Board service through June 2008.

Recommendation of the Board

The board recommends that stockholders vote FOR the approval of the amendments to the Company's 1998 Incentive Plan to (1) increase the number of shares available for issuance thereunder from 2,650,000 to 3,250,000, and (2) comply with Sections 162(m) and 409A of the Internal Revenue Code.
