Corporate History:

Integrated Media Holdings, Inc.(IMHI) is a Delaware corporation, on February 5, 2008, entered into a Plan and Agreement of Merger (the "Merger") by and among , TeleChem International, Inc. ("TeleChem"), the majority shareholders of TeleChem ("Shareholders"), Endavo Media and Communications, Inc., a Delaware corporation ("Endavo") and TCI Acquisition Corp., a Nevada corporation, and wholly owned subsidiary of IMHI ("Merger Sub"). IMHI, TeleChem, Endavo, Merger Sub and Shareholders are referred to collectively herein as the "Parties".

Effective February 21, 2008, IMHI completed the Plan and Agreement of Merger by and among us, TeleChem International, Inc., the majority shareholders of TeleChem, Endavo Media and Communications, Inc., a Delaware corporation and TCI Acquisition Corp., a Nevada corporation, and wholly owned subsidiary of IMHI. Consummation of the merger did not require a vote of our shareholders. IMHI issued 103,143 shares of Series C Convertible Preferred Stock to the Shareholders of TeleChem in exchange for 100% of the equity interests of TeleChem resulting in TeleChem being a wholly owned subsidiary. The former shareholders of TeleChem now own approximately 73.5% of the outstanding interest and voting rights of IMHI. The Preferred Stock is convertible into 36,100,000 shares of common stock after, but not before, the effective date of the reverse split of the outstanding Integrated Media common stock. Finally, in connection with the merger, we changed the address of our principal executive offices to 524 East Weddell Drive, Sunnyvale, CA 94089. Simultaneously with the merger we transferred our wholly-owned subsidiary, Endavo to an individual. As a result, the transaction will be accounted for as a reverse merger, where Telechem is the accounting acquirer resulting in a recapitalization of our equity.

Effective Thursday, March 19, 2009, the final steps of the business combination with Integrated Media Holdings, Inc. were completed and the Company's common stock began trading on the OTC Bulletin Boards as "ARYC". In addition, the Company changed its name to "Arrayit Corporation", was reincorporated to Nevada from Delaware, and reverse-split its common stock and Series A Convertible Preferred stock in the ratio of one for thirty shares.

The reincorporation will be effected by the merger of IMHI, with and into its wholly owned subsidiary, Arrayit. Arrayit will be the surviving entity.

On the Effective Time, each of IMHI's common stockholders will be entitled to receive one fully paid and non-assessable share of common stock or preferred stock of Arrayit for each share of our common stock or preferred stock, respectively, outstanding as of the Effective Time and (ii) IMHI will cease its corporate existence in the State of Delaware. We anticipate that the shares of the Company will cease trading on the first trading date following the Effective Time and shares of Arrayit will begin trading in their place but under a new CUSIP number and trading symbol.

General Business Description, Operating History and Change in Control

THE COMPANY

Arrayit began as a division of TeleChem International in 1996 with the advent of Dr. Mark Schena's use of microarrays as genetic research tools. Arrayit was able to generate a large customer base in a relatively short time frame by capitalizing on increased Internet access and Arrayit's online business model. Genetic research was advancing at a dramatic pace in the 1990s as more advanced tools became commercially available. Microarray technology, including printing, detection and scanning instrumentation, was a timely addition to the geneticist's repertoire of advanced tools, including automated sequencing, PCR, and expanded computing capability. The sequencing of the genomes of various simple organisms and later, sequencing of the more complex genomes of humans, have led to yet another revolution in genetic discovery: gene function and variations with regard to disease states and diagnostics. Microarray tools, having undergone FDA-validation in the 2000s, remain an important component of the new genomic industry upon which Arrayit will capitalize.

Arrayit Products and Services

In the late 1990's, Arrayit focused on developing microarray slides, kits and reagents using an open platform strategy in order to establish a market niche. In other words, Arrayit decided to make products that integrate with components from other vendors, enabling research laboratories to utilize microarray products from multiple vendors, in contrast to the closed platform format of the earliest competitors. Research customers especially enjoy the flexibility and continue to buy Arrayit's products. Arrayit's patented printing technology has become an industry standard for microarray manufacturing. Arrayit's revenues from the printing patent and its own family of printing instrumentation illustrate the Company's success at meeting the unmet needs of the microarray industry. Arrayit now sells both small-scale microarray robots (SpotBot®) and high throughput versions (NanoPrint). The SpotBot® and NanoPrint product lines have been further advanced to accommodate more stringent requirements in manufacturing protein microarrays. As the industry grows, Arrayit is expanding its product line to include integrated platforms and pre-printed microarray slides with specific content.

Arrayit is now expanding its Microarray Services capabilities as well, in connection with increased demand for microarrays of all kinds, and a trend toward outsourcing high end technical manufacturing. With the investment proposed in this plan, Arrayit will create a variety of microarray based diagnostic tests using Arrayit's patented Healthcare technology, the Variation Identification Platform (VIP), technology. As microarrays move into clinical diagnostics and genetic screening applications, the Company also expects to earn license and royalty fees in these areas.

Arrayit has been a microarray technology market driver for more than a decade. A full microarray product list with descriptions, scientific publications, protocols and pricing is available at <http://Arrayit.com> ..

THE MICROARRAY INDUSTRY

The microarray industry is comprised of four areas: basic research into the function of genes in plants and animals, research on the human genome, development of diagnostics for personalized medicine, and diagnostic screening tools for drug development programs that identify toxicity patterns in patient populations.

The basic research segment constitutes a significant portion of the industry that has grown dramatically since first introduced in the mid-nineties by Arrayit's Dr. Mark Schena. Arrayit currently sells the majority of its products to this segment of the industry. The human genetic research segment constitutes the fastest growing segment, making up the current balance of Arrayit's sales. However, the impact of diagnostics in personalized medicine is expected to be far greater than the above, because of its impact on the very costly healthcare industry. Better patient outcome and lower healthcare cost to medical providers will provide opportunities in a vast number of disease states as the industry grows. Diagnostic tests will become a part of every individual patient's care plan across the costly spectrum of disease states, including cardiovascular, oncology, neurology, and other genetic diseases that affect large numbers of the population.

Competition within the Microarray Research and Development Industry

Arrayit competes with large and small, public and private companies. The industry has been historically dominated by Affymetrix which achieved strong market penetration by being the first public company to commercialize and promote microarray applications. A more recent entry to the market, Illumina, has taken significant market share from Affymetrix. However, both competitors face mid to long term scientific and technological challenges because they are limited by what they can deposit onto a microarray--DNA. Arrayit's patented printing technology can deposit any kind of molecule into a microarray, including DNA, proteins, antibodies,

diagnostic elements and other compounds. These next generation microarrays represent the largest growth opportunity in the industry. Arrayit has a long-term advantage in its unique line of personal and high throughput microarray printers, highest sensitivity microarray scanners, top quality consumables, patented diagnostic methods, collaborative corporate culture, and competitive pricing.

The following companies compete with Arrayit in the research and development portion of the microarray market:

All price per share and market cap values calculated as of March 5, 2009.

Affymetrix, Inc., Santa Clara, California (AFFX)

Price per share	\$1.93	Market Cap	\$135.49M
-----------------	--------	------------	-----------

Health Care Industry Segment

A 13 year combined effort of scientists around the world and the expenditure of over \$2.7 billion led to the completion of the mapping of the entire human genome in 2003. This project identified all 25,000 genes that are common to all humans. This was the beginning of the study of these genes and the variations in the genes that produce unique human characteristics and how some of these variations lead to or identify disease.

Because each gene has the potential for numerous variations, the possible combinations number in the billions. As daunting as the task was to map the human genome, the identification of all the variations of these genes and the implications to human health was even more overwhelming. Dr. Mark Schena, the company president, has worked to develop the tools and methods to take on this task using microarray technology. Now laboratories and research facilities around the globe use microarrays daily to isolate genetic variations that identify specific characteristics. With the isolation of these variations, a whole new world of opportunities has been opened.

With the tools and reagents that were developed to create microarrays and analyze the results as a foundation, very specific diagnostic opportunities are emerging. The pioneering diagnostic slides are processed for one patient at a time, and it is becoming obvious that it will be universally beneficial to test millions of people for a specific disease and determine if they have the disease undetected, or will develop that disease, or in order to identify what disease is associated with symptoms. However, testing millions of patient samples, one at a time, would overwhelm the testing facilities and be cost prohibitive.

To solve this problem, Dr. Schena developed and patented a method to place up to 100,000 individual patient samples on a single microscope slide and have that slide immersed in a solution that contains the known markers for a specific disease, such as childhood hearing loss, Parkinson's Disease, Alzheimer's Disease, etc. Should any one of those 100,000 patient samples contain the marker for the disease being tested it would produce a red spot, if no disease, a green spot. This procedure also identifies carriers as yellow spots. Because of the sophistication of this patent, one lab could test hundreds of thousands of patient samples a day after receiving a sample of DNA from each patient. It is the only method available to the industry that can accomplish this. Dr. Schena's procedure is protected by the following patents:

USPatent 6,913,879

Australia 2002218740

Europe 1343911

Korea 10-0756015

New Zealand 523560

Other worldwide patents pending.

THE ARRAYIT OPPORTUNITY FOR DIAGNOSTICS

With the completion of the human genome sequencing project, genetic research is increasing its focus on identifying the variations of the specific genes in the genome. These variations are what define individual characteristics, including disease states or a statistical propensity for disease. The implications are far-reaching and impact not only the research community, but also the individual patients and the medical providers. Diagnostic tests that detect diseases very early in their progression will provide options for earlier treatments that may improve the patient's quality of life and prognosis by delaying or preventing disease progression or even death. Medical providers will incur major cost savings by avoiding costly late stage disease treatments.

Product and Services Categories

The Foundational Tools

While the upcoming diagnostic opportunities will be the pay back for years of research and development, they are only possible because of the development of the microarray equipment and consumables by Arrayit.

Patented Printing Technology

Arrayit manufactures the world's most widely used microarray printing technology consisting of Professional, 946, Stealth and ChipMaker® pins and printheads. Arrayit's patented printing technology allows the high-speed manufacture of DNA, protein, antibody, lipid, carbohydrate and many other types of microarrays for research and diagnostic applications including gene expression, genotyping, protein profiling and many more.

Instrumentation

Instrumentation including NanoPrint™ and SpotBot® provide for automated microarray printing. NanoPrint™ allows high-end manufacturing, whereas SpotBot systems are the only personal microarrayers in the industry that enable affordable desktop use.

Other instruments include TrayMix Hybridization Stations, InnoScan laser scanners, SpotLight™ CCD fluorescence scanners, and SpotWare colorimetric scanners. High speed centrifuges, air jets, vacuum products, laboratory tools and bioinformatics computers complete the instrumentation line which are all designed to facilitate the quality and speed of microarray research.

Consumables

Arrayit provides the microarray industry with variety of consumables, including substrates, reagents, solutions, kits and clean room supplies.

Arrayit Super Microarray Substrates have been adopted by major Life Science companies and are used industry wide. They are polished atomically flat glass printing surfaces with proprietary coupling chemistry.

Arrayit buffers and solutions are optimized to increase the quality of microarray manufacturing, processing, and use. Purification kits provide both a high yield and superior purity. Applications include: DNA microarrays, fluorescent probe purification, sequencing and others. Arrayit kits utilize proprietary binding membranes and purification

chemistries for optimal performance.

Healthcare Platforms

Arrayit's patented Healthcare technology, the Variation Identification Platform (VIP), allows diagnostic tests to be performed by depositing as many as 100,000 biological samples into a single microarray. VIP manufacturing and clean room technology platforms are also sold to customers who license the technology from Arrayit. VIP platforms enable the manufacture of extremely high-quality microarrays with superior precision and accuracy. These microarrays containing 100,000 individual features allow the simultaneous genotyping of 100,000 different patients in a single test.

Advertising, Marketing and Sales

Paul K. Haje has led a successful advertising, sales and marketing program for Arrayit since 1999. Arrayit is the most highly recognized independent brand name in the microarray industry. This was accomplished through visibility in major broadcast television news media, full page advertisements in top scientific journals, trade shows and workshops, vendor fairs, direct mail campaigns, feature articles in major trade publications and e-mail newsletters. All advertising and marketing efforts drive traffic to the Arrayit.com website and web based store resulting in sales.

The Arrayit.com web site, which regularly receives more than 1,500 unique visitors per day and 40,000 visitors per month and over 1 million hits per month, is considered by many to be the portal of the microarray industry. As an additional enticement for researchers, Arrayit hosts an E-library providing a searchable reference database for all microarray publications.

The Company's sales strategy has been successful by providing personalized sales and support. The sales force is currently comprised of three persons. The Company plans to hire additional experienced sales professionals with microarray, diagnostics and pharmaceutical contacts who will capitalize on the company's powerful microarray technologies. The company anticipates a sales force of approximately ten within three years.

Strategic Distributorships

The Company utilizes 38 international distributors in South America, Europe, Japan, the Middle East, South Africa, China, Singapore, Korea, India, Taiwan, Israel and other locations world-wide. The Company has generally chosen one representative in each geographical area, and has worked closely with that organization to promote the Company's product line. These global distributors purchase directly from Arrayit for resale on net 30 day terms, and represent approximately 45% of the Company's 2008 revenues. These foreign receivables are insured through Euler Hermes ACI.

Facilities

Arrayit's corporate offices and research facilities are located at 524 East Weddell Drive, Sunnyvale, California 94089. The corporate headquarters covers 8,000 square feet which in addition to the executive offices, shipping and receiving, include a microarray manufacturing cleanroom demonstration facility, two (2) microarray manufacturing clean-rooms, a substrate manufacturing cleanroom, preparation and packing facilities, and quality control and quality assurance work stations.

ITEM 1A. RISK FACTORS

Our securities are highly speculative and should only be purchased by persons who can afford to lose their entire investment in our Company. If any of the following risks actually occur, our business and financial results could be negatively affected to a significant extent. The Company's business is subject to many risk factors, including the following:

We Will Need Additional Financing To Continue Our Business Plan

Current collaboration agreements present Arrayit with near term opportunities for substantial growth. Capital is required to take advantage of these opportunities.

An immediate opportunity exists with OZ Systems of Arlington, Texas. The government mandates hearing loss tests for all infants born in the USA. OZ Systems has relationships and long-term contracts with hospitals worldwide to test for hearing loss. They currently test over four million (4,000,000) infants per year for hearing loss.

Arrayit has fully developed, tested and validated a hearing loss screen using our patented VIP technology that can replace the existing OZ test, creating immediate revenue for Arrayit. The test is highly accurate and can be performed at a fraction of current cost, yet billable at current market prices, making this an equally attractive opportunity for OZ to transition its existing contracts to the new test.

An audiologist uses an auditory signal and behavioral monitoring of the child's response to the sound for the current OZ hearing loss test. The test is analyzed and results reported back to the attending physician, who informs the parents. This test has fair accuracy and requires \$1,500 of confirmatory testing if a determination of hearing loss is indicated. The Arrayit hearing loss test is based on Arrayit's patented VIP technology. It can screen 100,000 children in a single test for fourteen (14) different forms of hearing loss, including a form of hearing loss that does not occur until the child reaches six years of age. The Arrayit test will require FDA approval prior to release.

Arrayit's diagnostic test can be accomplished in a CLIA approved laboratory. The DNA samples will be collected from the patients by the hospital, and forwarded to Arrayit's CLIA approved laboratory. The tests will be conducted in volume on a single microarray using Arrayit's patented VIP method.

The information derived from the test is not urgent; nor is the hearing loss condition life threatening. This allows Arrayit time to conduct the tests in volume as the requirement to report to the attending physician is within three months of the sample collection. The test results will be reported electronically to OZ Systems which in-turn will advise the attending physician and counsel the parents as necessary.

The agreement proposes a 50/50 split of proceeds with Oz Systems. All patient identity would be protected in the patient tracking technology software provided by Oz Systems. Oz Systems would conduct all patient follow through and interface with the physicians. The test would retail for around \$80 and Arrayit's out of pocket costs would be in the range of \$2-3 per test.

Other mid to long term opportunities for Arrayit Diagnostic tests arise from collaborations with Stage One Diagnostics of Little Rock, Arkansas and BioSystems International of Paris, France.

Stage One is currently isolating antibodies related to ovarian cancer at their laboratory in Arkansas. When that phase of the research is completed, Arrayit will print microarrays with these known antibodies. That slide, when immersed in a solution of patient's blood, would conclusively indicate whether that patient has ovarian cancer, even before any symptoms occur. As the market moves toward preventative medicine, Arrayit believes a simple test conducted at the site of care would be a valuable and widely utilized screen for ovarian cancer. This project is in the late stages of development. Arrayit will have the marketing rights for the product and produce the kit for the healthcare providers. How the proceeds will be shared is yet to be determined.

BioSystems International (BSI) is producing antibodies of blood plasma, taken from human sources, for which Arrayit is developing a microarray that potentially has the capability to identify predictors and biomarkers for such difficult to diagnose diseases as Parkinson's disease and Alzheimer's disease, among others. Once these biomarkers are identified, a diagnostic slide could then be developed for broad use across the healthcare industry. Arrayit will also benefit from licensing of these antibodies for such downstream applications.

Arrayit has begun collaboration with the Parkinson's Institute to test known Parkinson's Disease patients' blood to identify biomarkers for Parkinson's Disease from the human plasma proteome microarray marketed as PlasmaScan. Arrayit is also working with Stanford University to test known Alzheimer's patients' blood to identify biomarkers for Alzheimer's Disease using PlasmaScan.

The chart below outlines the cash required to expand the laboratory facilities at Arrayit and capitalize on these opportunities.

We Have A Limited Operating History As A Public Company Upon Which You Can Assess Our Prospects And We Are Subject To The Risks Associated With Any New Public Company.

As a result of our short history of operations as a public company, there is little historical information regarding our operations upon which you can base your investment decision. In addition, we are subject to all of the business risks and uncertainties associated with any newly public business enterprise. Additionally, our management has limited experience operating a public company. As such, our Company may not be able to continue to meet its continued filing requirements and may be late in its periodic filings, which late filings may cause the Company to be delisted from the Over-The-Counter Bulletin Board. If this were to happen, any investment in the Company could become devalued or worthless.

Our Growth Will Place Significant Strains On Our Resources.

The Company's growth, if any, is expected to place a significant strain on the Company's managerial, operational and financial resources. Furthermore, assuming the Company receives additional contracts, and obtains additional partners, it will be required to manage multiple relationships with other third parties. These requirements will be exacerbated in the event of further growth of the Company or in the number of its contracts, partnerships and employees. There can be no assurance that the Company's systems, procedures or controls will be adequate to support the Company's operations or that the Company will be able to achieve the rapid execution necessary to successfully offer its services and continue its business plan. The Company's future operating results, if any, will also depend on its ability to add additional personnel commensurate with the growth of its business, if any. If the Company is unable to manage growth effectively, the Company's business, results of operations and financial condition will be adversely affected.

An Interruption In or Breach of Our Information Systems May Result In Lost Business and Increased Expenses.

We rely heavily upon communications and information systems to conduct our business. Any failure, interruption or breach in security of or damage to our information systems or the third-party information systems on which we rely could prevent us from conducting our business operations and/or if such failure resulted in the release of non-public and confidential information, could make us subject to litigation or actions for damages.

The Inability To Attract And Retain Qualified Employees Could Significantly Harm Our Business.

We continually need to attract, hire and successfully integrate additional qualified personnel in an intensely competitive hiring environment in order to manage and operate our business. The market for skilled management, professional and loan servicing personnel is highly competitive. Competition for qualified personnel may lead to increased hiring and retention costs. If we are unable to attract, successfully integrate and retain a sufficient number of skilled personnel at manageable costs, it will harm our business, results of operations and financial condition.

There Are Risks That We Will Not Be Able To Implement Our Business Strategy.

Our financial position, liquidity, and results of operations depend on our management's ability to execute our business strategy. Key factors such as technology advancement, government regulations, outcome of researches and access to capital market all play an important role in our execution of business strategy.

We Incur Significant Costs As A Result Of Operating As A Fully Reporting Company In Connection With Section 404 Of The Sarbanes Oxley Act, And Our Management Is Required To Devote Substantial Time To Compliance Initiatives.

We anticipate incurring significant legal, accounting and other expenses in connection with our status as a fully reporting public company. The Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") and new rules subsequently implemented by the SEC have imposed various new requirements on public companies, including requiring changes in corporate governance practices. As such, our management and other personnel will need to devote a substantial amount of time to these new compliance initiatives. Moreover, these rules and regulations will increase our legal and financial compliance costs and will make some activities more time-consuming and costly. In addition, the Sarbanes-Oxley Act requires, among other things, that we maintain effective internal controls for financial reporting and disclosure of controls and procedures. In particular, for fiscal year 2009, Section 404 will require us to obtain a report from our independent registered public accounting firm attesting to the assessment made by management. Our testing, or the subsequent testing by our independent registered public accounting firm, may reveal deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses. Our compliance with Section 404 will require that we incur substantial accounting expense and expend significant management efforts. We currently do not have an internal audit group, and we may need to hire additional accounting and financial staff with appropriate public company experience and technical accounting knowledge. Moreover, if we are not able to comply with the requirements of Section 404 in a timely manner, or if we or our independent registered public accounting firm identifies deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses, the market price of our stock could decline, and we could be subject to sanctions or investigations by the SEC or other regulatory authorities, which would require additional financial and management resources.

There Is Currently Only A Limited Market For Our Common Stock, And The Market For Our Common Stock May Continue To Be Illiquid, Sporadic And Volatile.

There is currently only a limited market for our common stock, and as such, we anticipate that such market will be illiquid, sporadic and subject to wide fluctuations in response to several factors moving forward, including, but not limited to:

- (1) actual or anticipated variations in our results of operations;
- (2) our ability or inability to generate new revenues;
- (3) the number of shares in our public float;
- (4) increased competition;
- (6) conditions and trends in the market for automobiles and vehicle leasing.

Furthermore, because our common stock is traded on the Over-The-Counter Bulletin Board, our stock price may be impacted by factors that are unrelated or disproportionate to our operating performance. These market fluctuations, as well as general economic, political and market conditions, such as recessions, interest rates or international currency fluctuations may adversely affect the market price of our common stock. Additionally, at present, we have a limited number of shares in our public float, and as a result, there could be extreme fluctuations in the price of our common stock. Further, due to the limited volume of our shares which trade and our limited public float, we believe that our stock prices (bid, ask and closing prices) are entirely arbitrary, are not related to the actual value of the Company, and do not reflect the actual value of our common stock (and in fact reflect a value that is much higher than the actual value of our common stock). Shareholders and potential investors in our common stock should exercise caution before making an investment in the Company, and should not rely on the publicly quoted or traded stock prices in determining our common stock value, but should instead determine the value of our common stock based on the information contained in the Company's public reports, industry information, and those business valuation methods commonly used to value private companies.

Investors May Face Significant Restrictions On The Resale Of Our Common Stock Due To Federal Regulations Of Penny Stocks.

Our common stock will be subject to the requirements of Rule 15(g)9, promulgated under the Securities Exchange Act as long as the price of our common stock is below \$5.00 per share. Under such rule, broker-dealers who recommend low-priced securities to persons other than established customers and accredited investors must satisfy special sales practice requirements, including a requirement that they make an individualized written suitability determination for the purchaser and receive the purchaser's consent prior to the transaction. The Securities Enforcement Remedies and Penny Stock Reform Act of 1990, also requires additional disclosure in connection with any trades involving a stock defined as a penny stock.

Generally, the Commission defines a penny stock as any equity security not traded on an exchange or quoted on NASDAQ that has a market price of less than \$5.00 per share. The required penny stock disclosures include the delivery, prior to any transaction, of a disclosure schedule explaining the penny stock market and the risks associated

with it. Such requirements could severely limit the market liquidity of the securities and the ability of purchasers to sell their securities in the secondary market.

In addition, various state securities laws impose restrictions on transferring "penny stocks" and as a result, investors in the common stock may have their ability to sell their shares of the common stock impaired.

ITEM 2. PROPERTIES

The Company has corporate headquarters and operates out of leased premises in Sunnyvale, California.

ITEM 3. LEGAL PROCEEDINGS

Civil Action number 01-2226 between TeleChem International, Inc., Pediatrix Screening, Inc. and Pediatrix Screening LP went to jury trial in the United States District Court in the Western District of Pennsylvania in the summer of 2007. The jury awarded TeleChem \$5 million in damages for Pediatrix's breach of contract, fraudulent misrepresentation, and punitive damages. The jury awarded Pediatrix \$1,085,001 for TeleChem's breach of contract. Pediatrix appealed the jury's decision, and requested that the damages award

to TeleChem be reduced. This appeal was denied. Pediatrix put \$5 million in bond, and submitted an appeal to the Third Circuit Court of Appeals to request that the damages award to TeleChem be reduced. The parties await the Third Circuit Court's response.

There are no other legal proceedings, although we may, from time to time, be party to certain legal proceedings and other various claims and lawsuits in the normal course of our business, which, in the opinion of management, are not material to our business or financial condition.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The Company had no matters submitted to a vote of security holders during the fiscal quarter ended December 31, 2008.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information and Holders

Our common stock now trades publicly on the OTC Bulletin Board under the symbol "ARYC". Previous to March 19, 2009, our common stock traded under the symbol "IMHI". The OTCBB is a regulated quotation service that displays real-time quotes, last-sale prices and volume information in over-the-counter equity securities. The OTCBB securities are traded by a community of market makers that enter quotes and trade reports. This market is extremely limited and any prices quoted are not a reliable indication of the value of our common stock.

The following table sets forth the quarterly high and low bid prices per share of our common stock by the OTCBB during the last two fiscal years. The quotes represent inter-dealer quotations, without adjustment for retail mark-up, markdown or commission and may not represent actual transactions. The trading volume of our securities fluctuates and may be limited during certain periods. As a result of these volume fluctuations, the liquidity of an investment in our securities may be adversely affected.

As of March 9, 2009, we had 17,499,262 shares of common stock issued and outstanding held by approximately xx shareholders of record; 3,697,611 shares of Series A Convertible Preferred Stock issued and outstanding and 103,143 shares of Series B Convertible Preferred Stock issued and outstanding.

Dividends

We have never declared or paid any cash dividends on our common stock, and we do not anticipate paying any dividends in the foreseeable future. We intend to devote any earnings to fund the operations and the development of our business.

Common Stock

Holders of shares of common stock are entitled to one vote per share on each matter submitted to a vote of shareholders. In the event of liquidation, holders of common stock are entitled to share pro rata in the distribution of assets remaining after payment of liabilities, if any. Holders of common stock have no cumulative voting rights, and, accordingly, the holders of a majority of the outstanding shares have the ability to elect all of the directors. Holders of common stock have no preemptive or other rights to subscribe for shares. Holders of common stock are entitled to such dividends as may be declared by the Board out of funds legally available therefore. The outstanding shares of common stock are validly issued, fully paid and non-assessable.

RECENT SALES OF UNREGISTERED SECURITIES

All sales of unregistered common stock that occurred in 2008 has been previously reported in our public filings with the Securities and Exchange Commission and is described in detail in Management' Discussion and Analysis below.

ITEM 6. SELECTED FINANCIAL DATA

Not required.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

THIS REPORT CONTAINS FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1933 AND SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934. THESE FORWARD LOOKING STATEMENTS ARE SUBJECT TO CERTAIN RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM HISTORICAL RESULTS OR ANTICIPATED RESULTS, INCLUDING THOSE SET FORTH UNDER "RISK FACTORS" IN THIS MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS" AND ELSEWHERE IN THIS REPORT. THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ IN CONJUNCTION WITH "SELECTED FINANCIAL DATA" AND THE COMPANY'S FINANCIAL STATEMENTS AND NOTES THERETO INCLUDED ELSEWHERE IN THIS REPORT.

Restatement of Financial Statements

This Amendment No. 1 on Form 10-K/A reflects a restatement of our consolidated financial statements for the year ended December 31, 2008, as discussed in Note 17 to the consolidated financial statements included in Item 8 of this Form 10-K/A. The financial statements have been restated as a result of a comment letter received from the SEC and from management's determination along with outside legal counsel that the Company had inadvertently not recorded the disposal of discontinued operations as part of the reverse merger, as well as the subsequent fiscal quarter ended June 30, 2008, primarily in connection with the calculation and recognition of revenue, including reimbursable and outside production costs and expenses, and properly recording general and administrative expenses in the periods in which they were incurred.

The restatement for these errors had no effect upon the Company's net income, as originally reported for the fiscal year ended December 31, 2008. The restatement had no effect on our cash or net cash used in operations for the fiscal year ended December 31, 2008. After reviewing the circumstances leading up to the restatement, management believes that the errors were inadvertent and unintentional. In addition, following the discovery of these errors, we have begun implementing procedures intended to strengthen our internal control processes and prevent a recurrence of future errors.

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company to make estimates and assumptions that affect amounts reported in the accompanying consolidated financial statements and related footnotes. These estimates and assumptions are evaluated on an on-going basis based on historical developments, market conditions, industry trends and other information the Company believes to be reasonable under the circumstances. There can be no assurance that actual results will conform to the Company's estimates and assumptions, and that reported results of operations will not be materially adversely affected by the need to make accounting adjustments to reflect changes in these estimates and assumptions from time to time. The following policies are those the Company believes to be the most sensitive to estimates and judgments. The Company's significant accounting policies are more fully described in Note 2 to our consolidated financial statements.

PLAN OF OPERATIONS FOR THE NEXT TWELVE MONTHS

Throughout the remainder of fiscal 2009, we plan to continue investing to support our long-term growth initiatives. We plan to partner with other alliances, enter new markets and further expand our presence in existing markets.

DEBT OBLIGATIONS

The Company has \$3,368,830 (2007 - \$3,549,558) of debt. Amounts incurred directly by Arraying amount to \$1,320,856; of which \$323,283 is being liquidated by monthly installments of \$8,572 over a 60 month term; and \$845,396 is due from the former TeleChem shareholders and their families, who have deferred repayment of their loans until the \$323,283 has been paid in full. To date the Company has been able to meet the servicing of the TeleChem debt from cash flow generated by operations.

As part of the 'reverse merger' with Integrated Media Holdings, Inc., the ongoing Company took on the financial obligation for debt outstanding at the merger date. The predecessor debt amounts to \$2,047,974 at December 31, 2008, of which \$1,830,300 is convertible into common shares. The entire \$2,047,974 is in default and is currently due. The debt conversion terms are such that decrease in the market value of our shares will materially increase the number of shares issuable pursuant to the terms of the debt notes. As the debt notes terms do not contain a floor on the conversion price, it is not possible to determine how many shares may ultimately be issuable under the terms of the notes payable. It is possible that the note holders, upon conversion could own a majority of the shares of the Company and it is further possible that the issuance of this unquantifiable number of our Company's shares will have a negative impact on the market price of our shares. While the terms of the Notes Payable limit the holdings of any one shareholder to 9.99%, there is no prohibition on that note holder from converting part of the debt, selling the resulting shares and then converting additional amounts of debt held. This could place additional downward pressure on the market price of our shares.

On June 2, 2009 the market price of our shares was \$0.69, resulting in a potential issuance of 37,873,458 post split, common shares had all the eligible debt been converted on that date.

However as more fully described in the section below, the Company has entered into Oral Agreements to mitigate the effects of the default, and to fix the number of shares to be issued, notwithstanding the terms of the notes payable.

The conversion of the debt, even after the limitation on the number of shares under the Oral Agreement, will result in the issuance of an additional 12,478,357 shares, which will have a material, dilutive effect upon existing shareholders. Such a large issuance of additional shares may also have a negative effect upon the price of our shares traded on the OTC bulletin board. In addition the effect of the Oral Agreement described below, will result in a derivative, the recognition of which will materially impact the financial statements of the Company.

Oral Agreements

The predecessor debt is held by third parties who have lodged their holdings with Cloud Capital. In 2008, Cloud Capital entered into a formal custodial arrangement with 16 participants. Cloud has no discretionary power and acts solely as custodian taking direction from each participant. Each participant lodged a basket of securities with the custodian made up of common, convertible preferred and convertible debt at the time of the IMHI acquisition of TeleChem on February 21, 2008.

In January 2008, the Company entered into an oral agreement with each of the participants whereby the participant agreed to a fixed number of shares for their "basket" of securities. However, On February 20, 2009 the participants became discouraged with the efforts of the company to complete the regulatory filings and requested that the original oral agreement be abrogated. The Company then came to a new oral agreement with each of the participants that included the following:

- (a) All prior agreements are now null and void.
- (b) The quantum of shares being made available to the 16 participants will be fixed at 12,478,357.
- (c) The 18,695 common shares, held by the participants, are issued and outstanding and will be not be affected by the new oral agreement.
- (d) The 2,926,787 pre-split, (936,572 post-split) series A preferred shares will be surrendered for cancellation without compensation by each of the participants.
- (e) The debt of \$1,993,450 and estimated penalty and interest of \$1,555,750 for a total approximation of \$3,549,200 will be converted into 12,478,357 common shares being a fixed number of common shares regardless of the interest and penalties that continue to accrue.

COMPARISON OF OPERATING RESULTS

RESULTS OF OPERATIONS FOR THE YEAR ENDED DECEMBER 31, 2008, COMPARED TO THE YEAR ENDED DECEMBER 31, 2007

For the year ended December 31, 2008, revenues were \$4,063,149, compared to \$3,821,490 for the year ended December 31, 2007, an increase of \$241,659 or approximately 6% from the prior period.

The increase in revenues was principally due to the Company's expansion into new markets during fiscal 2008, versus 2007.

Cost of sales decreased \$19,795 or 1% to \$2,643,974 for the year ended December 31, 2008, compared to \$2,663,769 for the year ended December 31, 2007.

Gross profit increased \$261,454 or 23% to \$1,419,175 for the year ended December 31, 2008 compared to \$1,157,721 for the year ended December 31, 2007. Gross profit increased largely due to the increase in total revenue which was offset by the decrease in total cost of revenues.

General and administrative expenses were \$1,346,046 and \$1,240,709, for the years ended December 31, 2008 and December 31, 2007, respectively, constituting an increase of \$105,337 or approximately 9% from the prior period. The increase in general and administrative expenses was due to mainly to expenses associated with the Company being a public company and the Company's public company reporting obligations, including consulting and accounting fees.

Other income and expense was a net other expense of \$2,020,548 and net other income of \$202,818 for the years ended December 31, 2008 and December 31, 2007, respectively. Other expense for 2008 included interest expense of \$721,408 and loss on derivatives \$1,299,139. Other income and expense for the year ended December 31, 2007, included interest expense of \$521,502 and gain on derivatives of \$724,320. The main reason for the \$199,906 or 38% increase in interest expense for the year ended December 31, 2008, compared to the year ended December 31, 2007, was due to debts assumed with the merger during 2008.

The Company had net loss of \$2,029,693 for the year ended December 31, 2008, compared to net loss of \$1,775,438 for the year ended December 31, 2007, a increase in net loss of \$254,255 or 14% from the prior period. The main reason for the increase in net loss was the loss on derivative liability during the year ended December 31, 2008.

LIQUIDITY AND CAPITAL RESOURCES

We had total assets of \$907,133 and total liabilities of \$11,755,125 as of December 31, 2008. We had total negative working capital of \$10,760,689 as of December 31, 2008.

We had net cash provided by operating activities of \$75,979 that is mainly due to loss on derivatives and increase in account payable and accrued liabilities.

We had \$75,979 of net cash used by financing activities for the year ended December 31, 2008, which included \$185,329 of proceeds from note payable, offset by \$109,350 of payments on notes payables.

We relied on our officers and directors or any of our shareholders to supplement our operations or provide us with financing. If we are unable to increase revenues from operations, to raise additional capital from conventional sources and/or additional sales of stock in the future, we may be forced to curtail or cease our operations. In the future, we may be required to seek additional capital by selling debt or equity securities. The sale of additional equity or debt securities, if accomplished, may result in dilution to our then shareholders. We provide no assurance that financing will be available in amounts or on terms acceptable to us, or at all.

During the next twelve months the Company's cash needs should in the opinion of Management not exceed \$200,000. It is the intention of management to raise funds from a private placement to meet the need for \$200,000 of negative cash flow from operations and mandatory debt repayment. Should the Company not be able to raise such funds, it will need to reduce expenses by laying off staff and curtailing development.

In the long term, the Company will need significant amounts of net cash to fund its research and development, to provide working capital and to repay its debt. Failure to raise new capital will severely impact the Company's ability to complete its business plan as more fully described above.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Arrayit Corporation.
Sunnyvale, California

We have audited the accompanying consolidated balance sheets of Arrayit Corporation as of December 31, 2008 and 2007, and the related consolidated statements of operations, changes in stockholders' equity (deficit), and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Arrayit Corporation as of December 31, 2008 and 2007, and the consolidated results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the company will continue as a going concern. As discussed in Note 3 to the financial statements, the company has suffered recurring losses and has working capital and stockholder deficits. Those conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As disclosed in Note 17 to the financial statements, the Company restated its 2008 and 2007 financial statements to correcting accounting for debt obligations and discontinued operations.

ARRAYIT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
As at December 31, 2008 and 2007

NOTE 1 – ORGANIZATION

Effective Thursday, March 19, 2009, the final steps of the business combination with Integrated Media Holdings, Inc. were completed and the Company's common stock began trading on the OTC Bulletin Boards as "ARYC". In addition, the Company changed its name to "Arrayit Corporation", was reincorporated to Nevada from Delaware, and reverse-split its common stock and Series A Convertible Preferred stock in the ratio of one for thirty shares. Arrayit has a December 31 year end.

Effective February 21, 2008, TeleChem International, Inc. ("TeleChem") completed the Plan and Agreement of Merger between Integrated Media Holdings Inc. ("IMHI"), TeleChem, the majority shareholders of TeleChem, Endavo Media and Communications, Inc., a Delaware corporation and TCI Acquisition Corp., a Nevada corporation, and wholly-owned subsidiary of IMHI. Consummation of the merger did not require a vote of the IMHI shareholders. IMHI issued 103,143 shares of Series C Convertible Preferred Stock to the shareholders of TeleChem in exchange for 100% of the equity interests of TeleChem resulting in TeleChem being a wholly owned subsidiary of the Company. The former shareholders of TeleChem then owned approximately 99.51% of the outstanding interest and voting rights of the parent company. The Preferred Stock is convertible into 36,100,000 shares of common stock after, but not before, the effective date of the reverse split of the outstanding IMHI common stock.

NOTE 2- DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

Arrayit Corporation is a Nevada Corporation, formerly known as TeleChem International, Inc., that entered into the life sciences in 1996. Arrayit is a leading edge developer, manufacturer and marketer of next-generation life science tools and integrated systems for the large scale analysis of genetic variation, biological function and diagnostics. Using Arrayit's proprietary technologies, the Company provides a comprehensive line of products and services that currently serve the sequencing, genotyping, gene expression and protein analysis markets, and the Company expects to enter the market for molecular diagnostics.

Arrayit has earned respect as a leader in the health care and life sciences industries with its proven expertise in three key areas: the development and support of microarray tools and components, custom printing and analysis of microarrays for research, and the identification and development of diagnostic microarrays and tools for early detection of treatable disease states.

As a result, Arrayit has provided tools and services to thousands of the leading genomic research centers, pharmaceutical companies, academic institutions, clinical research organizations, government agencies and biotechnology companies worldwide.

The Company's patented tools and trade secrets provide researchers around the world with the performance, throughput, cost effectiveness and flexibility necessary to perform the billions of genetic tests needed to extract valuable medical information. The Company believes this information will enable researchers to correlate genetic variation and biological function, which will enhance drug discovery, drug

development and clinical research, allowing diseases to be detected earlier and permitting better choices of drugs for individual patients.

Arrayit's principal office is in Sunnyvale, California. Arrayit presently has ten employees.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash includes all cash and highly liquid investments with original maturities of three months or less. The Company maintains cash in bank deposit accounts which, at times, exceed federally insured limits. The Company has not experienced any losses on these accounts.

Investments in certificates of deposit with our bankers that contain prohibition on their redemption are treated as non-current assets and included in restricted cash.

Property and Equipment

Property and equipment are recorded at cost less accumulated depreciation. Depreciation and amortization on property and equipment are determined using the straight-line method over the three to five year estimated useful lives of the assets.

Impairment of Long-Lived Assets

Arrayit reviews its long-lived assets for impairment when events or changes in circumstances indicate that the book value of an asset may not be recoverable. Arrayit evaluates, at each balance sheet date, whether events and circumstances have occurred which indicate possible impairment. The Company uses an estimate of future undiscounted net cash flows of the related asset or group of assets over the estimated remaining life in measuring whether the assets are recoverable. If it is determined that an impairment loss has occurred based on expected cash flows, such loss is recognized in the statement of operations.

Inventory

Inventories are stated at the lower of cost or market, cost determined on the basis of FIFO.

Revenue Recognition

Revenue is recognized when title and risk of loss are transferred to customers upon delivery based on terms of sale and collectability is reasonably assured.

Shipping and Handling Costs

Shipping and handling costs billed to customers are recorded as revenue. Shipping and handling costs paid to vendors are recorded as cost of sales.

Fair Value of Financial Instruments

The carrying amounts reported in the accompanying balance sheets of all financial instruments approximates their fair values because of the immediate or short-term maturity of these financial instruments or comparable interest rates of similar instruments.

Allowance for Doubtful Accounts

The Company records an allowance for estimated losses on customer accounts. The allowance is increased by a provision for bad debts, which is charged to expense, and reduced by charge-offs, net of recoveries.

Patent Costs

Costs incurred with registering and defending patent technology are charged to expense as incurred.

Derivative Instruments

Statement of Financial Accounting Standard ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended, requires all derivatives to be recorded on the balance sheet at fair value. These derivatives, including embedded derivatives, are separately valued and accounted for on our balance sheet.

Emerging Issues Task Force Issue No. 00-19, "Accounting for Derivative Financial Instruments Indexed to and Potentially Settled in, a Company's Own Stock" ("EITF 00-19"), requires freestanding contracts that are settled in a company's own stock, including warrants to purchase common stock, to be designated as an equity instrument, asset or a liability. Under the provisions of EITF 00-19, a contract designated as an asset or a liability must be carried at fair value on a company's balance sheet, with any changes in fair value recorded in the company's results of operations. A contract designated as an equity instrument must be included within equity, and no fair value adjustments are required.

Following guidance by SFAS No. 133 and EITF 00-19, we determined the conversion feature of our "SOV Cap" notes, Senior Secured Convertible Notes ("SSCN") and the warrants associated with the SSCN notes should be treated as separate derivative liabilities on our balance sheet under current liabilities. Unrealized changes in the value of these derivatives are recorded in the consolidated statement of operations as a gain or loss on derivative liabilities. Fair values of the derivative liability associated with the conversion features and warrants are determined using a Black-Scholes Model.

Income Taxes

Prior to February 21, 2008, the financial statements of TeleChem did not include a provision for Income Taxes because the taxable income of Telechem was included in the Income Tax Returns of the Stockholders under the Internal Revenue Service "S" Corporation elections.

Upon completion of the February 21, 2008 transaction with IMHI as more fully described in Note 1, TeleChem ceased to be treated as an "S" Corporation for Income Tax purposes. Effective March 19, 2009, Arrayit Corporation became a Nevada C Corporation.

Deferred taxes are computed using the asset and liability method. Under the asset and liability method, deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred tax assets are not recognized unless it is more likely than not that the asset will be realized in future years.

The Company applies the provisions of FASB, Interpretation No. 48, or FIN 48, "Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement 109." FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that has a greater than 50% likelihood of being realized upon ultimate settlement.

When applicable, the Company will include interest and penalties related to uncertain tax positions in income tax expense.

Loss per Common and Common Equivalent Share

The computation of basic loss per common share is computed using the weighted average number of common shares outstanding during the year. The computation of diluted earnings per common share is based on the weighted average number of shares outstanding during the year plus common stock equivalents which would arise from their exercise using the treasury stock method and the average market price per share during the year. No common stock equivalents were outstanding during 2007.

Recent Accounting Pronouncements

In December, 2007, the FASB issued FAS No. 141(R), Business Combinations, and SFAS No. 160, Accounting and Reporting of Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51. FAS No. 141(R) is required to be adopted concurrently with SFAS No. 160. These standards are effective for fiscal years beginning after December 15, 2008 and will apply prospectively to business combinations completed on or after that date. Early adoption is prohibited. FAS 141(R) requires changes in accounting for acquisitions and FAS 160 will change the accounting for minority interests. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities" ("SFAS No. 161"). SFAS No. 161 amends and expands the disclosure requirements of FASB Statement 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133") to require qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of and gains and losses on derivative instruments, and disclosures about credit risk-related contingent features in derivative agreements. The Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. Early application is encouraged. The Company is currently assessing the financial impact of SFAS 161 on its financial statements.

In May 2008, the FASB issued FASB FSP APB 14-1, "Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)". FSP APB 14-1 requires the issuer of certain convertible debt instruments that may be settled in cash (or other assets) on conversion to separately account for the liability (debt) and equity (conversion option) components of the instrument in a manner that reflects the issuer's non-convertible debt borrowing rate. Such separate accounting also requires accretion of the resulting discount on the liability component of the debt to result in interest expense equal to an issuer's nonconvertible debt borrowing rate. In addition, the FSP provides for certain changes related to the measurement and accounting related to derecognition, modification or exchange. FSP APB 14-1 is effective for fiscal years beginning after December 15, 2008 on a retroactive basis. The impact of this standard cannot be determined until the transactions occur.

In May 2008, the FASB issued FAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles". FAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. It is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, "The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles". The adoption of this statement is not expected effect on the Company's financial statements.

NOTE 3- GOING CONCERN

At December 31, 2008 Arrayit has a working capital deficit of \$10,700,689, a stockholders' deficit of \$10,847,992, and recurring net losses. These factors create substantial doubt about Arrayit's ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if Arrayit is unable to continue as a going concern.

The ability of Arrayit to continue as a going concern is dependent on Arrayit generating cash from the sale of its common stock or obtaining debt financing and attaining future profitable operations. Management's plans include selling its equity securities and obtaining debt financing to fund its capital requirement and ongoing operations; however, there can be no assurance Arrayit will be successful in these efforts.

NOTE 4 – CASH AND RESTRICTED CASH

Cash on hand and bank overdrafts represent cash that may freely be used in the conduct of our business.

At December 31, 2008 and 2007, restricted cash was composed of a \$100,000 Certificate of Deposit and accrued interest of \$735 and \$3,836, respectively, lodged with our bankers as security for a \$100,000 letter of deposit we were mandated to lodge with the Pennsylvania court, as part of the Pediatrix legal action more fully described in Note 10. Upon finalization of the legal action, the letter of credit will be returned and the bankers will release the restrictions on the Certificate of Deposit.

NOTE 5 – ACCOUNTS RECEIVABLE

Accounts receivable are shown net of an Allowance for Doubtful Accounts. As more fully explained in Note 6 below, receivable has been reduced by Accounts Receivable loans sold with recourse.

	2008	2007
Gross Accounts Receivable	\$ 772,295	\$ 581,449
Less:		
Allowance for doubtful	(125,000)	(65,714)
Loan value of receivables sold with recourse (see note 6)	(385,639)	(221,549)
Total	\$ 261,656	\$ 294,186

NOTE 6 – ACCOUNTS RECEIVABLE SOLD WITH RECOURSE

Pursuant to an agreement dated July 5, 2007, the Company has sold some of its Accounts Receivable to a financial institution with full recourse. The financial institution retains a 15% portion of the proceeds from the receivable sales as reserves, which are released to the Company as the Receivables are collected. The maximum commitment under this facility is \$500,000, and is limited to receivables that are less than 31 days outstanding. The facility bears interest at prime plus 7% currently 11.50% at December 31, 2008, and is secured by an unconditional guarantee of the Company and a first charge against the Accounts Receivable. At December 31, 2008, the balance outstanding under the recourse contracts was \$385,639 net of a hold back reserve of \$79,742 (2007 net - \$ 230,498). Because of the Company's credit policies, repossession losses and refunds in the event of default have not been significant and losses under the present recourse obligations are not expected to be significant, it is at least reasonably possible that the Company's estimate will change within the near term.

NOTE 7 – FIXED ASSETS

Property and equipment consisted of the following at December 31, 2008 and 2007:

	2008	2007
Fixed Assets – Cost	\$ 303,870	\$ 303,870

Derivative Liabilities

Convertible Notes

From November 2003 to August 2004, the Company issued promissory notes in the aggregate principal amount of \$405,300. These Promissory Notes carry an interest rate of 18% and was payable within ten (10) days from the demand by the holder, which demand may be made at any time after 120 days from the issuance of the Promissory Notes. Interest is payable in cash or shares of common stock. The notes are convertible into our common shares at 75% of volume weighted average price for five (5) trading days prior to conversion date. As of December 31, 2008, the Company is in default of these Promissory Notes.

The Company evaluated the convertible debentures under SFAS No. 133 "Accounting for Derivatives" and EITF 00-19 "Accounting for Derivative Financial Instruments Indexed to and Potentially Settled in a Company's Own Stock". The Company determined that the convertible debentures contained an embedded derivative for the conversion option. The conversion option allows for an indeterminate number of shares to potentially be issued upon conversion.

This results in the Company being unable to determine with certainty they will have enough shares available to settle any and all outstanding common stock equivalent instruments. The Company would be required to obtain shareholder approval to increase the number of authorized shares needed to share settle those contracts. Because increasing the number of shares authorized is outside of the Company's control, this results in these instruments being classified as liabilities under EITF 00-19 and derivatives under SFAS No. 133. As a result, the Company has determined that all existing outstanding convertible notes are also subject to EITF 00-19 and SFAS No. 133. The terms of those Notes and Promissory Notes were disclosed under Note 9.

The fair value of the derivative instruments – convertible debentures is estimated using the intrinsic values of the conversion feature of the debentures. The Promissory Notes are carried at full face value as they are in default. In addition, the fair market value of the related derivative liabilities is recorded as of December 31, 2008 and 2007 to be \$1,525,684 and \$326,524, respectively. During the years ended December 31, 2008 and 2007, a \$38,424 and \$724,320 decrease in the fair value of the derivative instruments-convertible notes was recorded as unrealized loss on fair value of derivative instruments in the accompanying consolidated statement of operations.

Warrants

In January 2008, the Company issued warrants to purchase 1,250,000 shares of common stock. The Company evaluated the convertible debentures and the warrants under SFAS No. 133 "Accounting for Derivatives" and EITF 00-19 "Accounting for Derivative Financial Instruments Indexed to and Potentially Settled in a Company's Own Stock". The Company determined that the warrants qualified as free standing derivatives as the Company is unable to

determine with certainty they will have enough shares available to settle any and all outstanding common stock equivalent instruments. The Company would be required to obtain shareholder approval to increase the number of authorized shares needed to share settle those contracts. Because increasing the number of shares authorized is outside of the Company's control, this results in these instruments being classified as liabilities under EITF 00-19 and derivatives under SFAS No. 133.

During the year ended December 31, 2008, a \$1,337,564 increase in the fair value of the derivative instruments-warrants was recorded as unrealized loss on fair value of derivative instruments in the accompanying consolidated statement of operations.

The fair value of the derivative instruments – warrants is estimated using the Black-Scholes option pricing model with the following assumptions as of December 31, 2008:

Common stock issuable upon exercise of warrants	1,250,000
Estimated market value of common stock on measurement date(1)	\$.01
Exercise price	\$2.25
Risk free interest rate (2)	3.34%
Warrant lives in years	4.05
Expected volatility (3)	83.63%
Expected dividend yields (4)	None

- (1) The estimated market value of the stock is measured each period end and is based reported public market prices.
- (2) The risk-free interest rate was estimated by management using the U.S. Treasury zero-coupon yield over the contractual term of the warrant on date of grant.
- (3)The volatility factor was estimated by management using the Company's historical volatilities of its stock price.
- (4)Management estimated the dividend yield at 0% based upon its expectation that there will not be earnings available to pay dividends in the near term.

NOTE 12 - COMMITMENTS AND CONTINGENCIES

Pediatrix Screening, Inc., et al. V. TeleChem International, Inc.

The controversy at issue arose from a failed grant collaboration between Pediatrix and TeleChem, involving TeleChem's proprietary microarray technology and subsequent agreement by the parties to commercialize this microarray technology through the formation of a joint corporation. Pediatrix brought a lawsuit in the United States District Court for the Western District of Pennsylvania alleging multiple claims for breach of contract in connection with both the grant collaboration and Pre-Incorporation Agreement. TeleChem counterclaimed alleging breach of the Pre-Incorporation Agreement, as well as fraudulent misrepresentation and trade secret misappropriation, inter alia, stemming from the failed grant collaboration and subsequent Pre-Incorporation Agreement.

On August 11, 2007, the jury returned a verdict finding that, while both parties were in breach of contract, Pediatrix also engaged in fraudulent misrepresentation and awarded TeleChem \$500,000 in damages and \$3,500,000 in punitive damages for the fraudulent misrepresentation claim and \$1,000,000 in damages on the breach of contract claim. The jury also awarded Pediatrix \$1,085,000 in damages for Pediatrix's breach of contract claim against TeleChem.

Pediatric's Rule 59 motion to amend the judgement was denied by the District Court. Pediatric appealed the jury verdict on fraudulent misrepresentation and the \$4,000,000 in damages awarded thereunder to the U.S. Court of Appeals for the Third Circuit. Pediatric has indicated that it will not pursue on appeal the breach of contract verdict and damage award against it. TeleChem did not appeal any portion of the jury verdict.

The appeal is currently pending before the U.S. Court of Appeals for the Third Circuit.

Long Term Lease Commitments

The Company leases its office facility in Sunnyvale, California under operating leases that expire November 30, 2012.

Future minimum lease payments as of December 31, 2008 are as follows:

YEAR ENDING

The conversion ratio of the preferred into common is not subject to revision upon reverse stock dividends or splits that reduce the total shares outstanding.

As of December 31, 2008, there are 3,697,611 shares of Series A Convertible Preferred Stock issued and outstanding.

The Series C Preferred Stock has no stated dividend rate. The 103,143 Series C Preferred Stock was issued on February 21, 2008 as part of the merger with TeleChem. These Series C Preferred shares are convertible into 36,100,000 common shares at the rate of 350:1.

On August 15, 2008 the articles of designation for the Series C Preferred Stock were amended to limit the conversion to common to shares to 10% of the holders' original holdings in any quarter.

Note 15 – Reverse Merger Accounting

On February 6, 2008, Integrated Media Holdings, Inc., a Delaware corporation (“IMHI” or the “Company”), filed a Current Report on Form 8-K (the “Original Filing”) announcing, among other things, the merger of TeleChem International, Inc. (“TeleChem”) a privately held Delaware corporation (“TeleChem”) with and into a wholly-owned subsidiary of IMHI (the “Merger”), and that as a result TeleChem became a wholly owned subsidiary of IMHI.

It is the intention of the parties for IMHI to divest itself of those operations designated as Discontinued Operations in IMHI's December 31, 2007 Form 10-KSB, upon completion of the merger.

For accounting purposes, this transaction was treated as an acquisition of IMHI and a recapitalization of TeleChem. TeleChem is the accounting acquirer and the results of its operations carryover. Accordingly, the operations of IMHI are not carried over.

(a) Issue Preferred Shares for TeleChem's net assets and consultants fees Issue Warrants for Consultants

Effective February 21, 2008, we completed the Plan and Agreement of Merger by and among us, TeleChem International, Inc., the majority shareholders of TeleChem, Endavo Media and Communications, Inc., a Delaware corporation and TCI Acquisition Corp., a Nevada corporation, and wholly owned subsidiary of the Company. Consummation of the merger did not require a vote of our shareholders. We issued 103,143 shares of Series C Convertible Preferred Stock to the Shareholders of TeleChem in exchange for 100% of the equity interests of TeleChem resulting in TeleChem being a wholly owned subsidiary and also as compensation for services in connection with the acquisition..

The former shareholders of TeleChem and the consultants now own approximately 98.51% of the outstanding interest and voting rights of the parent company. The Preferred Stock is convertible into 36,100,000 shares of common stock after, but not before, the effective date of the reverse split of the outstanding Integrated Media common stock, with conversions in any quarter being limited to 25% of the original issued Series C preferred shares to the holder.

The value of the 3,143 Series C preferred shares issued to consultants, convertible at 350 to one common shares was determined by applying the close on the OTCBB of \$0.09 to yield \$99,000

On January 19, 2008 IMHI issued 1,250,000 warrants to some IMHI noteholders, expiring on January 19, 2013 exercisable at \$0.01, in connection with the Arrayit business combination. At February 21, 2008 the market value of the IMHI shares was \$0.09, yielding an expense of \$100,000.

(b) Elimination of IMHI's Stockholders' Equity.

In accordance with reverse acquisition accounting, the financial statements subsequent to the date of the transaction will be presented as a continuation of Arrayit and as a result the stockholders' equity of IMHI which is equal to the book value of net assets, has been eliminated as follows:

Total Elimination

IMHI additional paid in capital	32,878,201
IMHI accumulated deficit	(29,335,887)
Adjusted book value of IMHI net assets	3,542,314

(f) Restatement of Share Capital Under Reverse Merger Accounting

In accounting for this reverse merger, the legal share capital is that of IMHI (the legal parent) and the value of the share capital is calculated as described above.

Upon completion of this transaction, Arrayit will have 17,499,262 of its \$ 0.001 par value common share issued and outstanding and 3,697,611 of its \$ 0.001 par value Series A preferred shares issued and outstanding and nil of its \$ 0.001 par value Series C preferred shares issued and outstanding.

In addition, Arrayit will have 1,250,000 warrants and options to purchase common shares after reflecting the cancellation of 1,750,000 common stock purchase warrants surrendered as consideration for the disposition of the former Endavo subsidiary of IMHI.

NOTE 16 – INCOME TAXES

At December 31, 2008, the Company had net operating loss (NOL) carry-forwards available to offset future taxable income of approximately \$12 million including approximately \$11.5 million from IMHI at date of the merger. The utilization of the NOL carry-forwards is dependent upon the tax laws in effect at the time the NOL carry-forwards can be utilized. It is also likely that utilization of the NOL carry-forwards are limited based on changes in control from the merger. A valuation allowance has been recorded against the deferred tax asset due to the uncertainty surrounding its realization caused by the Company's recurring losses. The NOL carryforwards will expire in 2018.

Prior to merger, the financial statements of TeleChem did not include a provision for income taxes because the taxable income of Telechem was included in the income tax returns of the stockholders under Internal Revenue Service "S" Corporation elections. Upon completion of the merger, Telecom ceased to be treated as an "S" Corporation for income tax purposes income tax purposes.

Management's Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a-15(f) under the Securities Exchange Act, as amended. Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2008. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control-Integrated Framework. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely

basis.

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting. Management's review and evaluation of the company's internal controls over financial reporting did not involve a recognized framework for financial controls and was limited to the identification of risks associated with the limited number of personnel employed by the company and the direct involvement of the CEO and CFO in most business functions. In its assessment of the effectiveness of internal control over financial reporting as of December 31, 2008, our management determined that there were control deficiencies that constituted material weaknesses, as described below.

Lack of Effective Corporate Governance Policies and Procedures. We do not have effective policies regarding the independence of or directors and do not have independent directors. The lack of independent directors means that there is no effective review, authorization, or oversight of management or management's actions by persons that were not involved in approving or executing those actions. This has resulted in inconsistent practices. Further, the Board of Directors does not currently have any independent members and no director qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-B. Since these entity level programs have a pervasive effect across the organization, management has determined that these circumstances constitute a material weakness.

We have no conflicts of interest policies and there is no provision for the review and approval of transactions between the Company and interested members of management.

Lack of Effective Policies Regarding the General Accounting System. We do not have any documented processes for the input, accumulation, or testing of financial data that would provide assurance that all transactions are accurately and timely recorded or that the financial reports will be prepared on a periodic basis.

Lack of Effective Control over Financial Statement Disclosure. We do not maintain effective controls over financial statement disclosure. Specifically, controls were not designed and in place to ensure that all disclosures required were originally addressed in our financial statements. Accordingly, management has determined that this control deficiency constitutes a material weakness.

Because of these material weaknesses, management has concluded that the Company did not maintain effective internal control over financial reporting as of December 31, 2008, based on the criteria established in "Internal Control-Integrated Framework" issued by the COSO.

Management has determined that the Company does not have the financial resources or personnel to address any of the material weaknesses identified or to conduct a more robust evaluation of its controls. As resources become available, management will develop and implement remedial actions to address the material weaknesses it has identified.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

Changes in internal control over financial reporting

There were no changes in our internal control over financial reporting during our most recent fiscal quarter that materially affected, or were reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

Integrated Media Holdings, Inc.

CODE OF BUSINESS ETHICS

1.0 INTRODUCTION

Integrated Media Holdings, Inc. and its subsidiaries ("Integrated Media", "we", or "our") are committed to conducting our business with uncompromising integrity and ethics. This Code of Business Ethics (this "Code") outlines the standards of business conduct in furtherance of this commitment. All of our directors, officers, employees and representatives, including all agents, consultants, and contractors, are expected to read and understand this Code, uphold these standards in day-to-day activities, and comply with all other applicable Integrated Media policies and procedures.

The principles described in this Code are general in nature and are intended to provide guidance in recognizing and resolving legal and ethical issues that may arise in conducting our business. Integrated Media may modify this Code at any time. This Code does not include all of our policies. Please consult our policies and procedures for more specific instruction. If you still have questions or remain uncertain about how to handle a particular matter, please contact the human resources personnel or General Counsel for further direction.

2.0 IMPORTANCE OF COMPLIANCE

Ethical business conduct is crucial to our reputation and success. Our reputation for integrity and ethics cannot be taken for granted. To maintain our reputation, it is your responsibility to respect and comply with this Code and the law, and to exercise good judgment in your decisions and actions.

Part of your job and ethical responsibility is to help enforce this Code. Violations or possible violations of law, this Code, or other Integrated Media policies and procedures should be reported to the human resources personnel, Counsel, the Chief Executive Officer or other appropriate Integrated Media management. We will promptly respond to your report of unlawful or unethical conduct, and if necessary, assign an independent party to investigate and make recommendations. You are expected to cooperate in any internal or external investigations of possible violations. Violations of law, this Code or other Integrated Media policies and procedures by Integrated Media employees can lead to disciplinary action, up to and including termination of employment.

We strictly prohibit retaliation against any person who in good faith reports a violation or a suspected violation of law, this Code or our other policies, or against any person who is assisting in any investigation or process with respect to such a violation. Any retaliation against an employee because the employee, in good faith, sought help or filed a report will result in disciplinary action, up to and including termination of employment.

3.0 RESPONSIBILITIES AS AN Integrated Media EMPLOYEE

3.1 Positive Work Environment

We endeavor to maintain a positive work environment for our employees. We strictly prohibit discrimination and harassment of any kind based on race, color, national origin, religion, gender, pregnancy, sexual orientation, disability, age, veteran status, or other factors that are unrelated to our business interests. Integrated Media expects you to exercise good judgment to ensure the safety and welfare of others in the workplace, and to foster a work environment emphasizing respect and teamwork. These standards do not only apply while working on our premises, but also when you are at offsite locations where our business is being conducted, at Integrated Media-sponsored business and social events, or at any other place where you are a representative of Integrated Media.

3.2 Avoiding Conflicts of Interest

While we respect the privacy of our employees in the conduct of their personal affairs, you should avoid any activity in which your personal interests may come into conflict, or appear to conflict, with our interests. The following are some examples of conflicts of interest:

3.2.1 Employment/Outside Employment.

As an employee of Integrated Media, you are expected to devote your best efforts, time, ability and attention to the business interests of Integrated Media. You are not to engage in any activity that interferes with your performance or responsibilities to Integrated Media or is otherwise in conflict with or prejudicial to Integrated Media. You must disclose to Integrated Media any interest that you have that may conflict with our business. For example, if you are employed by or are otherwise providing services on behalf of another company, it is a conflict of interest to market products in competition with our current or future products. Further, such separate employment may not conflict with your invention-rights or confidentiality obligations to Integrated Media.

3.2.2 Service on Outside Boards and Committees.

You cannot serve on a board of directors or trustees, or on a committee of any entity whose interests reasonably could be expected to conflict with those of Integrated Media. You must obtain prior written approval from the Chief Executive Officer before accepting any outside board or committee position. If approved, and you hold such a position, you must do so on your own time and must not hold yourself out as a representative of Integrated Media in connection with providing such services. Any compensation you receive should be commensurate to your responsibilities. Such approval may be conditioned upon the completion of specified actions. In the event that Integrated Media requests that you serve on a board to represent our interests, you will be paid as an employee and are not to receive any remuneration as a result of serving on such board. Notwithstanding the above, you are not required to seek permission to sit on a board for non-profit or charitable organizations where the likelihood of any conflict of interest is remote.

3.2.3 Business Interests.

If you are considering an investment in a customer, supplier or competitor of Integrated Media, and you are in a position to influence a decision relating to such customer, supplier or competitor, we urge you to first ensure that these investments do not compromise your responsibilities to Integrated Media. Many factors should be taken into account when determining whether a conflict exists, including the size and nature of the investment; your ability to influence our decisions; your access to our confidential information or of the other company; and the nature of the relationship between Integrated Media and the other company.

3.2.4 Family Members.

The actions of family members may give rise to conflicts of interest because they may influence your objectivity in making decisions on behalf of Integrated Media. As a general rule, you should avoid conducting our business with a relative or significant other, or with a business in which a relative or significant other is associated in any significant role. Relatives include spouse, sister, brother, daughter, son, mother, father, grandparents, aunts, uncles, nieces, nephews, cousins, step relationships and in-laws. Significant others include persons living in a spousal or familial fashion with an employee.

Integrated Media prohibits the employment of close relatives and significant others in positions or assignments where there is a direct or indirect reporting relationship or where an actual or appearance of a conflict of interest exists. Please refer to our Employment of Relatives policy for further guidance.

3.2.5 Other Situations.

Other conflicts of interest may arise that have not been addressed above. If you have a doubt whether a proposed transaction or situation raises a conflict of interest, please contact the Human Resources Department or the Legal Department.

Integrated Media requires that you disclose any situation that could be expected to give rise to a conflict of interest. If you suspect that you have a conflict of interest, or something that others could reasonably perceive as a conflict of interest, you must report it immediately to the Human Resources Department or the Legal Department. While such situations are not automatically prohibited, they are not desirable and may only be waived by our Chief Financial Officer or Chief Executive Officer and with the concurrence of the General Counsel. Conflicts of interest of our Board of Directors, executive officers or other principal officers may only be waived by our Board of Directors and/or the appropriate committee of our Board of Directors and will be disclosed to the public as required by law.

3.3 Avoiding Exploitation of Corporate Opportunities for Personal Gain

Each of us has an obligation to put the interests of Integrated Media ahead of our personal interests and to advance our interests when the opportunity to do so arises. Accordingly, you may not exploit for your own personal gain business opportunities that are discovered through the use of corporate property, information or position if in conflict with our interests. For example, if you become aware of an opportunity to purchase equipment at below market rates through your employment with Integrated Media, you cannot seek to personally gain from such opportunity if such opportunity will conflict with our interests.

3.4 Gifts and Other Activities

Receiving and giving business gifts of nominal value is permissible where customary. Receiving cash or gifts of significant value is strictly prohibited. Customary business activities, including meals, transportation and celebratory events, are proper unless the value, cost, or frequency of the business activities are such that they could be interpreted as affecting an otherwise objective business decision. Gifts and other activities should never compromise, or appear to compromise, your ability to make objective and fair business decisions. Please refer to our Gift and Activity Policy for additional information.

Gifts given by Integrated Media to suppliers or customers should always be appropriate to the circumstances and should never be of a kind or nature that could create an appearance of impropriety. The nature and cost must always be accurately recorded in our books and records.

3.5 Protecting our Confidential Information and Intellectual Property

Our confidential information is a valuable asset and protecting it is the responsibility of all of us. Our confidential information includes but is not limited to: data, know-how, trade secrets, designs, mask works, plans, drawings, specifications, algorithms, developmental or experimental work, test results, reports, pricing and financial information, product plans, product roadmaps, customer and supplier lists, marketing techniques and materials, organizational charts, and personnel information. This obligation extends to confidential information of third parties, which we have rightfully received under Non-Disclosure Agreements. Please see Handling Confidential Information of Others set forth in Section 4.4 of this Code.

3.4.1 Employee Confidentiality and Invention Agreement.

This agreement remains in effect for as long as you work for Integrated Media and after you leave Integrated Media. Under this agreement, you may not disclose our confidential information to anyone or use it to benefit anyone other than Integrated Media unless compelled to do so by court order.

3.4.2 Disclosure of Company Confidential Information.

From time to time, we may disclose our confidential information to third parties to further our business. However, you should never make such disclosure without first carefully considering its potential benefits and risks. If you determine, in consultation with your manager and other appropriate Integrated Media management, that disclosure of confidential information is necessary, you must then contact the Legal Department to ensure that an appropriate written nondisclosure agreement is signed prior to any disclosure. We have standard nondisclosure agreements suitable for most disclosures.

3.4.3 Requests by Regulatory Authorities.

Integrated Media and its employees must cooperate with appropriate government inquiries and investigations. In this context, however, it is important to protect the legal rights of Integrated Media with respect to its confidential information. All government requests for information, documents or investigative interviews must be referred to our Chief Financial Officer or General Counsel. No information may be disclosed to regulatory authorities without the prior approval of the Chief Financial Officer or General Counsel.

3.4.4 Public Communications.

Integrated Media has established an External Communications Policy regarding who may communicate information to the press and the financial analyst community. All inquiries or calls from the press and financial analysts should be referred to the Chief Financial Officer. Integrated Media has designated certain individuals in the External Communications Policy who are authorized to act as a spokesperson on its behalf. These designees and other individuals designated by them from time to time are the only people who may communicate with the press or financial analysts on our behalf. Making statements, answering questions, or otherwise communicating with the press or financial analysts outside the narrow guidelines of our External Communications Policy is strictly prohibited.

3.6 Safeguarding our Assets

3.4.1 General. Safeguarding our assets is the responsibility of everyone. Each of us must use care to ensure that assets are not misappropriated, loaned to others, sold or donated, without appropriate authorization. You are also responsible for the proper use of our assets, and must safeguard such assets against loss, damage, misuse or theft. Our equipment and assets are to be used only for our business purposes. You may not use our assets for non-incidental personal use, nor allow other persons to use our assets.

3.4.2 Physical Access Control.

Integrated Media has and will continue to develop procedures covering physical access control to ensure privacy of communications, maintenance of the security of its communication equipment and to safeguard its assets from theft, misuse and destruction. You are personally responsible for complying with the level of access control that has been implemented in the facility where you work on a permanent or temporary basis. You must not defeat or cause to be defeated the purpose for which the access control was implemented.

3.4.3 Company Funds.

Every employee is personally responsible for all our funds over which he or she exercises control. Our agents, consultants and contractors should not be allowed to exercise control over our funds without the prior written approval of the Chief Executive Officer or the Chief Financial Officer. In all cases, our funds must be used only for our business purposes. Each of us must take reasonable steps to ensure that we receive good value for Company funds spent, and must maintain accurate and timely records of each and every expenditure.

3.4.4 Computers and Other Equipment.

Integrated Media provides you with the equipment necessary to efficiently and effectively perform your job. This equipment remains our property. It is your responsibility to take all reasonable actions to care and protect our equipment while it is in your possession. If you use our equipment at your home or off-site, you should take precautions to protect it from theft or damage. Please refer to our Teleworking Policy for additional information. Our equipment is for business purposes, and you may not use it for non-incidental personal use. Once you cease working for Integrated Media, you must immediately return all of our equipment.

3.4.5 Software.

Software is protected from unauthorized copying and use by federal and state law. All software used by employees on Integrated Media systems must be appropriately licensed. Unauthorized copying or use of software exposes Integrated

Media and you to potential civil and criminal liability. Our Information Technology Department may inspect our computers periodically to verify that only licensed software has been installed. Any non-licensed software will be removed.

3.4.6 Electronic Communications Systems Security.

Integrated Media requires employees to utilize electronic communication systems in a legal, ethical and appropriate manner. Electronic communications systems within the organization, include but are not limited to computers, software, e-mail, connections to the Internet, intranet and extranet and any other public or private networks, voicemail, video conferencing, facsimiles and telephones. They also include all communications and records, files, software, and electronic communications or messages sent, received, or contained in such systems. Posting or discussing information concerning our products or business on the Internet without the prior written consent of our Chief Financial Officer or other designated officer is prohibited. Any other form of electronic communication provided by Integrated Media, that is used by employees currently or in the future, is also intended to be encompassed under this policy. It is not possible to identify every standard and rule applicable to the use of electronic communications devices. You are therefore encouraged to use sound judgment whenever using any feature of our communications systems. Please refer to our Electronic Communications Systems Security Policy for additional information.

You are not entitled to an expectation of privacy with respect to information transmitted over, received by or stored in any electronic communications system owned, leased or operated in whole or in part by or on behalf of Integrated Media. To the extent permitted by applicable law, Integrated Media retains the right to gain access to any information received by, transmitted by or stored in any such electronic communications system, by and through its employees, agents, contractors or representatives, at any time, either with or without an employee's or third party's knowledge, consent or approval.

3.7 Recording and Reporting Information

3.7.1 Accounting and Financial Reporting.

As a public company, we are required to report financial information accurately and completely, and have appropriate internal controls to ensure that accounting and financial reporting complies with the law. Accurate accounting records and compliance with Generally Accepted Accounting Principles are critical in providing full, fair, accurate and understandable information in filings with the Securities and Exchange Commission and disclosures we provide to the public. If you have responsibilities for, or are involved in these areas, you must comply with applicable laws and our policies. Violations of the laws associated with accounting and financing reporting can result in fines, penalties, and imprisonment, as well as damaging our reputation.

3.7.2 Accurate Books and Records.

Integrated Media fully and accurately records all transactions in its books and records in compliance with all applicable laws. Regardless of whether the reporting is required by law, false or misleading entries, unrecorded funds or assets, or payments without appropriate supporting documentation and approval are strictly prohibited. All documentation supporting a transaction should fully and accurately describe the nature of the transaction and be processed in a timely fashion. Employees are required to fill out and submit expense reports accurately and representing expenses actually incurred. Please refer to our Travel and Entertainment Policy for additional information.

3.8 Document Retention and Preservation

You are encouraged to maintain a clean and efficient workspace, and to discard unnecessary documents. Nonetheless, Integrated Media is required by various laws, rules and regulations to retain certain records and to follow specific

guidelines in managing its records. Records include paper documents, CDs, computer hard disks, e-mail, floppy disks, microfiche, microfilm or all other media. Civil and criminal penalties for failure to comply can be severe for you and Integrated Media. Please consult with Document Control or the Legal Department if you are uncertain about your document retention obligations

Document destruction procedures will be suspended when necessary to preserve appropriate records under special circumstances, such as litigation or government investigations. Our Legal Department determines and identifies what types of Company records or documents are required to be placed under a legal hold. You must comply with this policy. Failure to comply with this policy may subject you to disciplinary action, and potentially to criminal prosecution.

Our Legal Department will notify you if a legal hold is placed on records for which you are responsible. Records that have been placed under a legal hold must not be destroyed, altered or otherwise modified. Our Legal Department will notify you when the legal hold has been removed. If you are unsure whether a document has been placed under a legal hold, you should preserve and protect that document while you check with our Legal Department.

3.9 No Improper Political Contributions

We encourage our employees to participate in the political process as individual citizens on their own time. However, business contributions to political campaigns are strictly regulated by federal, state, local and other laws, including laws that may exist in non-US countries. Our funds must not be used for, or be contributed to, political campaigns or political practices under any circumstances without the prior written approval of our Chief Financial Officer and, if required, the Board of Directors.

4.0 OUR RESPONSIBILITIES TO OTHERS

4.1 Relationships with Customers

It is critical for all employees to remember that you represent Integrated Media to the people with whom you are dealing and that you act in a manner that creates value for our customers and helps to build a relationship based upon trust. Integrated Media and its employees have provided products and services for many years, and have built up significant goodwill and trust with our customers over that time. This goodwill and trust are among our most important assets, and our employees, agents, consultants and contractors must act to preserve and enhance our reputation.

4.2 Relationships with Suppliers

Our suppliers make significant contributions to our success. We strive to create an environment where our suppliers seek to work with Integrated Media. To this end, they must be confident that we will treat them lawfully and in an ethical manner. Our policy is to purchase supplies based on need, quality, service, price and terms and conditions. Our policy is to select significant suppliers or enter into significant supplier agreements through a competitive bid process where possible. Payments made for goods or services must be commensurate with the goods or services received. Under no circumstances should any Integrated Media employee, agent or contractor attempt to coerce suppliers in any way. The confidential information of a supplier is entitled to the same protection as that of any other third party and must not be received before an appropriate nondisclosure agreement has been signed.

4.3 Relationships with Competitors

In the normal course of business, it is not unusual to obtain information about other companies, including competitors. Indeed, we gather information about competitors from a variety of legitimate sources in an effort to analyze the relative strength of our products, services, marketing methods, and financial performance. There are, however, limits on how you should acquire and use information about competitors. You should not use any type of improper means to

acquire a competitor's confidential information. Illegal methods such as stealing, wiretapping, and trespassing are clearly forbidden. Similarly, improper practices such as hiring a competitor's employees to acquire confidential information or improperly soliciting confidential information from a competitor's employees are prohibited. Please remember to exercise good judgment and discretion when utilizing information about other companies, including competitors.

4.4 Confidential Information of Others

We have many kinds of business relationships with many companies and individuals. During the course of these relationships, these companies and individuals may want to share confidential information with Integrated Media for a particular purpose. To avoid claims of misappropriation or misuse of the confidential information, it is important that a written agreement between the parties governing the use of the confidential information be signed before Integrated Media receives such information. We will then use and safeguard the confidential information in accordance with the terms of the written agreement. If you have any questions regarding the confidential information of others, you should immediately consult the Legal Department.

5.0 OUR RESPONSIBILITIES UNDER THE LAW

5.1 Compliance With All Applicable Laws and Regulations

Each of us must obey all applicable laws and regulations. Employees located outside of the United States must comply with laws, regulations, rules and regulatory orders of the United States, including the Foreign Corrupt Practices Act and the U.S. Export Control Act, in addition to applicable local laws. In conducting our business, you may encounter legal issues in the areas described below. You must be aware of potential violations and know when to seek advice from the Human Resources Department or the Legal Department on specific Company policies and procedures. Failure to comply with applicable laws may subject Integrated Media and the individuals involved to criminal or civil liability, as well as to discipline by Integrated Media.

5.2 Free and Fair Competition

Most countries have well-developed laws designed to protect consumers and competitors against unfair business practices and to promote and preserve competition. These laws are known as antitrust, competition, consumer protection or unfair competition laws. We are committed to obeying both the letter and spirit of these laws.

These laws often regulate our relationship with our distributors, resellers, dealers, competitors, and customers. Competition laws generally address the following areas: pricing practices (including price discrimination), discounting, terms of sale, credit terms, promotional allowances, secret rebates, exclusive dealerships or distributorships, product bundling, restrictions on carrying competing products, termination and many other practices. The following is a summary of actions that are clear violations of U.S. antitrust laws:

- * **Price Fixing.** We may not agree with our competitors to raise, lower or stabilize price or any element of price, including discounts and credit terms. In addition, we may not set the prices at which customers resell our products.
- * **Limitation of Supply.** We may not agree with our competitors to limit our production or restrict the supply of our services.
- * **Allocation of Business.** We may not agree with our competitors to divide or allocate markets, territories or customers.
- * **Boycott.** We may not agree with our competitors to refuse to sell or purchase products from third parties. In addition, we may not prevent a customer from purchasing or using non-Company products or services.

- * Tying. We may not require a customer to purchase a product that it does not want as a condition to the sale of a different product that the customer does wish to purchase.

Antitrust laws also govern, usually quite strictly, relationships between Integrated Media and our competitors. As a general rule, contacts with competitors should be limited and should always avoid subjects such as prices or other terms and conditions of sale, customers and suppliers. Employees, agents or contractors of Integrated Media may not knowingly make false or misleading statements regarding our competitors or the products of our competitors, customers or suppliers.

No employee, agent or contractor shall enter into an agreement or understanding, written or oral, express or implied, with any competitor concerning prices, discounts, other terms or conditions of sale, profits or profit margins, costs, allocation of product or geographic markets, allocation of customers, limitations on production, supplier's terms and conditions, boycotts of customers or suppliers, bids or the intent to bid or even discuss or exchange information on these subjects. In some cases, legitimate joint ventures with competitors may permit exceptions to these rules, as may, bona fide purchases from or sales to competitors, but our Chief Executive Officer or Chief Financial Officer must review all such proposed ventures, purchases or sales in advance. These prohibitions are absolute and strict observance is required. Collusion among competitors is illegal, and the consequences of a violation are severe, including possible criminal prosecution.

Participating with competitors in a trade association or in a standards creation body is acceptable when the association has been properly established, has a legitimate purpose and has limited its activities to that purpose. However, you should not discuss pricing policy or other competitive terms, or other proprietary and confidential information.

Although the spirit of these laws may be straightforward, their application to particular situations can be quite complex. To ensure that we comply fully with these laws, each of us should have a basic knowledge of them and whenever doubt exists as to the legality of a particular action or arrangement, it is your responsibility to contact the Legal Department promptly for assistance, approval, and review.

5.3 Export Control Laws

A number of countries maintain controls on the destinations to which products or software may be exported. The United States maintains some of the strictest export controls against countries that the U.S. government considers unfriendly or as supporting international terrorism. The U.S. regulations are complex and apply both to exports from the United States and to exports of products from other countries, when those products contain U.S.-origin components or technology. In some circumstances, an oral presentation containing technical data made to foreign nationals in the United States may constitute a controlled export. To ensure compliance, all shipments of product, software and technology must be cleared through our Traffic and Customs Department. Additionally, we can provide guidance on which countries are prohibited destinations for our products or whether a proposed technical presentation to foreign nationals may require a U.S. government license.

5.4 Insider Trading Laws

In the normal course of business, officers, directors and employees, as well as agents, consultants and contractors of Integrated Media may come into possession of significant, sensitive information. You may not profit from it by buying or selling Integrated Media securities yourself, or by passing on the information to others, to enable them to profit or for them to profit on your behalf. You need to be aware of your legal responsibilities and understand that the misuse of such significant and sensitive information is contrary to our policy and securities laws.

"Insider trading" refers to the purchase or sale of a company stock or other securities while in possession of material, non-public information relating to that company. Information is "material" if a reasonable investor would consider it important in a decision to buy, hold or sell stock or other securities. Information is "non-public" if it has not been made generally available to the public by means of a press release or other means of widespread distribution. It is generally understood that insider trading includes the following: (i) trading by insiders while in possession of material, non-public information; (ii) trading by persons other than insiders while in the possession of material, non-public information where the information either was in breach of an insider's fiduciary duty to keep it confidential or was misappropriated; or (iii) communicating or tipping material, non-public information to others, including recommending the purchase or sale of a security while in possession of such information. Penalties for insider trading are quite substantial. For more details, you should review our Non-Public Information and the Prevention of Insider Trading Policy.

Integrated Media has adopted Pre-Clearance and Blackout policies for its officers and Board of Directors that further restricts when such officers and Directors may trade in Integrated Media securities. If you are unsure as to whether you can trade in our securities or have questions regarding our Non-Public Information and the Prevention of Insider Trading Policy, please contact our Chief Financial Officer or General Counsel.

5.5 Prohibition on Short Selling of Company Stock

No Integrated Media Board of Director, officer or other designated employee may, directly or indirectly, sell any equity security, including derivatives, of Integrated Media if he or she (1) does not own the security sold, or (2) if he or she owns the security, does not deliver it against such sale (a "short sale against the box") within twenty days thereafter, or does not within five days after such sale deposit it in the mail or other usual channel of transportation. No Integrated Media director, officer or other designated employee may engage in short sales. A short sale, as defined in this policy, means any transaction whereby one may benefit from a decline in our stock price. Transactions in put and call options for our securities constitute a short sale for the purposes of this paragraph and are therefore prohibited.

5.6 Foreign Corrupt Practices Act

Integrated Media requires full compliance with the Foreign Corrupt Practices Act of 1977 (FCPA) by all of its employees, agents, consultants and contractors. The FCPA prohibits Integrated Media, its directors, officers and employees, and agents, consultants and contractors from offering or giving money or any other item of value to win or retain business or to influence any act or decision of any governmental official, political party, candidate for political office or official of a public international organization. Violation of the FCPA can result in civil and criminal liability for Integrated Media, its directors, officers, employees, agents, consultants and contractors.

The use of our funds or assets for any unlawful or improper purpose is strictly prohibited. No payment shall be made to, or for the benefit of, government employees for the purpose of, or otherwise in connection with, the securing of sales to or obtaining favorable action by a government agency. Gifts of substantial value to, or lavish entertainment of, government employees are prohibited since they can be construed as attempts to influence government decisions in matters affecting our operation. Any entertaining of public officials or the furnishing of assistance in the form of transportation or other services should be of such nature that the official's integrity or reputation will not be compromised.

The offer, payment or promise to transfer company funds or the delivery of anything of value to foreign officials, foreign political parties or officials or candidates of foreign political parties is strictly prohibited for the purpose of

influencing any act or decision of any such person in his or her official capacity. Influence includes the decision to fail to perform his or her official functions or to use such persons or party's influence with a foreign government or instrumentality in order to affect or to influence any act or decision of such government or instrumentality in order to assist Integrated Media in obtaining or retaining business for or with, or directing business to any person or entity.

All of our employees, agents and contractors, whether located in the United States or abroad, are responsible for FCPA compliance and the procedures to ensure FCPA compliance. All managers and supervisory personnel are expected to monitor continued compliance with the FCPA to ensure compliance with the highest moral, ethical and professional standards of Integrated Media. Any employee who learns of or suspects a violation of this policy should promptly report the matter to General Counsel, the Chief Financial Officer or the Chief Executive Officer.

5.7 Environmental, Safety and Health Laws

We are firmly committed to the environment, safety, and health of our employees and the community. We will comply with all applicable health, safety and environmental laws and regulations. We emphasize individual involvement by each of us to ensure that Integrated Media is a safe and healthy workplace, and that we operate our business in an environmentally sound manner. If you become aware of any violation of environmental, safety, or health laws, you should immediately report it to the Human Resources Department or the Legal Department.

5.8 Governmental Laws and Regulations

It is our policy to comply fully with all applicable laws and regulations governing contact and dealings with government employees and public officials, and to adhere to high ethical, moral and legal standards of business conduct. It is also our policy to fully comply with all applicable laws and regulations that apply to government contracting.

6.0 WAIVERS OF OUR CODE

Waivers of this Code will be granted on a case-by-case basis and only in extraordinary circumstances. Any waiver of any provision of this Code for a member of our Board of Directors or an executive officer must be approved in writing by our Board of Directors and promptly disclosed to the public. Any waiver of any provision of this Code with respect to any other employee, agent or contractor must be approved in writing by our Chief Financial Officer or Chief Executive Officer.

7.0 ENFORCEMENT OF OUR CODE

The subjects covered in this Code are of the utmost importance to Integrated Media, its stockholders and its business partners, and are essential to our ability to conduct business consistent with the highest standards of business ethics. Each of us must abide by these rules when conducting our business.

We are committed to ensuring that each of our directors, officers and employees, and agents, contractors and consultants adhere to this Code. We will take appropriate action against any person whose actions are found to violate these policies or any of our other policies. Disciplinary actions may include termination of employment or business relationship at our sole discretion. Where we have suffered a loss, and to the extent legally allowed, we may pursue our remedies against the individuals or entities responsible. Where laws have been violated, we will cooperate fully with the appropriate authorities.

SECTION 2. **Number, Term and Election.** The number of directors of the Corporation shall be such number, not less than one nor more than 15 (exclusive of directors, if any, to be elected by holders of preferred stock of the Corporation), as shall be provided from time to time in a resolution adopted by the board of directors, provided that no decrease in the number of directors shall have the effect of shortening the term of any incumbent

director, and provided further that no action shall be taken to decrease or increase the number of directors from time to time unless at least two-thirds of the directors then in office shall concur in said action. Exclusive of directors, if any, elected by holders of preferred stock, vacancies in the board of directors of the Corporation, however caused, and newly created directorships shall be filled by a vote of two-thirds of the directors then in office, whether or not a quorum, and any director so chosen shall hold office for a term expiring at the annual meeting of stockholders at which the term of the class to which the director has been chosen expires and when the director's successor is elected and qualified. The board of directors shall be classified in accordance with the provisions of Section 3 of this Article III.

By Laws-Nevada(Classified Board)

SECTION 3. **Classified Board.** The board of directors of the Corporation (other than directors which may be elected by the holders of preferred stock), shall be divided into three classes of directors which shall be designated Class I, Class II and Class III. The members of each class shall be elected for a term of three years and until their successors are elected and qualified. Such classes shall be as nearly equal in number as the then total number of directors constituting the entire board of directors shall permit, exclusive of directors, if any, elected by holders of preferred stock, with the terms of office of all members of one class expiring each year. Should the number of directors not be equally divisible by three, the excess director or directors shall be assigned to Classes I or II as follows: (1) if there shall be an excess of one directorship over the number equally divisible by three, such extra directorship shall be classified in Class I; and (2) if there be an excess of two directorships over a number equally divisible by three, one shall be classified in Class I and the other in Class II. At the organizational meeting of the Corporation, directors of Class I shall be elected to hold office for a term expiring at the first annual meeting of stockholders, directors of Class II shall be elected to hold office for a term expiring at the second succeeding annual meeting of stockholders and directors of Class III shall be elected to hold office for a term expiring at the third succeeding annual meeting thereafter. Thereafter, at each succeeding annual meeting, directors of each class shall be elected for three year terms. Notwithstanding the foregoing, the director whose term shall expire at any annual meeting shall continue to serve until such time as his successor shall have been duly elected and shall have qualified unless his position on the board of directors shall have been abolished by action taken to reduce the size of the board of directors prior to said meeting.

Should the number of directors of the Corporation be reduced, the directorship(s) eliminated shall be allocated among classes as appropriate so that the number of directors in each class is as specified in the position(s) to be abolished. Notwithstanding the foregoing, no decrease in the number of directors shall have the effect of shortening the term of any incumbent director. Should the number of directors of the Corporation be increased, other than directors which may be elected by the holders of preferred stock, the additional directorships shall be allocated among classes as appropriate so that the number of directors in each class is as specified in the immediately preceding paragraph.

Whenever the holders of any one or more series of preferred stock of the Corporation shall have the right, voting separately as a class, to elect one or more directors of the Corporation, the board of directors shall include said directors so elected and not be in addition to the number of directors fixed as provided in this Article III. Notwithstanding the foregoing, and except as otherwise may be required By Law, whenever the holders of any one or more series of preferred stock of the Corporation elect one or more directors of the Corporation, the terms of the director or directors elected by such holders shall expire at the next succeeding annual meeting of stockholders.

SECTION 4. **Regular Meetings.** A regular meeting of the board of directors shall be held at such time and place as shall be determined by resolution of the board of directors without other notice than such resolution.

SECTION 5. **Special Meetings.** Special meetings of the board of directors may be called by or at the request of the chairman, the chief executive officer or one-third of the directors. The person calling the special meetings of the board of directors may fix any place as the place for holding any special meeting of the board of directors called by such persons.

Members of the board of the directors may participate in special meetings by means of telephone conference or similar communications equipment by which all persons participating in the meeting can hear each other. Such participation shall constitute presence in person.

SECTION 6. Notice. Written notice of any special meeting shall be given to each director at least two days previous thereto delivered personally or by telegram or at least seven days previous thereto delivered by mail at the address at which the director is most likely to be reached. Such notice shall be deemed to be delivered when deposited in the United States mail so addressed, with postage thereon prepaid if mailed or when delivered to the telegraph company if sent by telegram. Any director may waive notice of any meeting by a writing filed with the secretary. The attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the

By Laws-Nevada(Classified Board)

meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any meeting of the board of directors need be specified in the notice or waiver of notice of such meeting.

SECTION 7. **Quorum.** A majority of the number of directors fixed by Section 2 shall constitute a quorum for the transaction of business at any meeting of the board of directors, but if less than such majority is present at a meeting, a majority of the directors present may adjourn the meeting from time to time. Notice of any adjourned meeting shall be given in the same manner as prescribed by Section 5 of this Article III.

SECTION 15. **Manner of Acting.** The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless a greater number is prescribed by these By Laws, the Articles of Incorporation, or the Nevada Revised Statutes.

SECTION 9. **Action Without a Meeting.** Any action required or permitted to be taken by the board of directors at a meeting may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the directors.

SECTION 10. **Resignation.** Any director may resign at any time by sending a written notice of such resignation to the home office of the Corporation addressed to the chairman. Unless otherwise specified therein such resignation shall take effect upon receipt thereof by the chairman.

SECTION 11. **Vacancies.** Any vacancy occurring on the board of directors shall be filled in accordance with the provisions of the Corporation's Articles of Incorporation. Any directorship to be filled by reason of an increase in the number of directors may be filled by the affirmative vote of two-thirds of the directors then in office or by election at an annual meeting or at a special meeting of the stockholders held for that purpose. The term of such director shall be in accordance with the provisions of the Corporation's Articles of Incorporation.

SECTION 12. **Removal of Directors.** Any director or the entire board of directors may be removed only in accordance with the provisions of the Corporation's Articles of Incorporation.

SECTION 13. **Compensation.** Directors, as such, may receive compensation for service on the board of directors. Members of either standing or special committees may be allowed such compensation as the board of directors may determine.

SECTION 14. **Age Limitation.** No person 150 years or more of age shall be eligible for election, reelection, appointment or reappointment to the board of the Corporation. No director shall serve as such beyond the annual meeting of the Corporation immediately following the director becoming 150 years of age. This age limitation does not apply to an advisory director.

ARTICLE IV Committees of the Board of Directors

The board of directors may, by resolution passed by a majority of the whole board, designate one or more committees, as they may determine to be necessary or appropriate for the conduct of the business of the Corporation, and may prescribe the duties, constitution and procedures thereof. Each committee shall consist of one or more directors of the Corporation appointed by the chairman. The chairman may designate one or more directors as alternate members of

any committee, who may replace any absent or disqualified member at any meeting of the committee.

The chairman shall have power at any time to change the members of, to fill vacancies in, and to discharge any committee of the board. Any member of any such committee may resign at any time by giving notice to the Corporation; provided, however, that notice to the board, the chairman of the board, the chief executive officer, the chairman of such committee, or the secretary shall be deemed to constitute notice to the Corporation. Such resignation shall take effect upon receipt of such notice or at any later time specified therein; and, unless otherwise specified therein, acceptance of such resignation shall not be necessary to make it effective. Any member of any

By Laws-Nevada(Classified Board)

such committee may be removed at any time, either with or without cause, by the affirmative vote of a majority of the authorized number of directors at any meeting of the board called for that purpose.

ARTICLE V

Officers

SECTION 1. **Positions.** The officers of the Corporation shall be a chairman, a president, one or more vice presidents, a secretary and a treasurer, each of whom shall be elected by the board of directors. The board of directors may designate one or more vice presidents as executive vice president or senior vice president. The board of directors may also elect or authorize the appointment of such other officers as the business of the Corporation may require. The officers shall have such authority and perform such duties as the board of directors may from time to time authorize or determine. In the absence of action by the board of directors, the officers shall have such powers and duties as generally pertain to their respective offices.

SECTION 2. **Election and Term of Office.** The officers of the Corporation shall be elected annually by the board of directors at the first meeting of the board of directors held after each annual meeting of the stockholders. If the election of officers is not held at such meeting, such election shall be held as soon thereafter as possible. Each officer shall hold office until his successor shall have been duly elected and qualified or until his death or until he shall resign or shall have been removed in the manner hereinafter provided. Election or appointment of an officer, employee or agent shall not of itself create contract rights. The board of directors may authorize the Corporation to enter into an employment contract with any officer in accordance with state law; but no such contract shall impair the right of the board of directors to remove any officer at any time in accordance with Section 3 of this Article V.

SECTION 3. **Removal.** Any officer may be removed by vote of two-thirds of the board of directors whenever, in its judgment, the best interests of the Corporation will be served thereby, but such removal, other than for cause, shall be without prejudice to the contract rights, if any, of the person so removed.

SECTION 4. **Vacancies.** A vacancy in any office because of death, resignation, removal, disqualification or otherwise, may be filled by the board of directors for the unexpired portion of the term.

SECTION 5. **Remuneration.** The remuneration of the officers shall be fixed from time to time by the board of directors, and no officer shall be prevented from receiving such salary by reason of the fact that he is also a director of the Corporation.

SECTION 6. **Age Limitation.** No person 150 or more years of age shall be eligible for election, reelection, appointment or reappointment as an officer of the Corporation. No officer shall serve beyond the annual meeting of the Corporation immediately following the officer becoming 150 or more years of age.

ARTICLE VI

Contracts, Loans, Checks and Deposits

SECTION 1. **Contracts.** To the extent permitted by applicable law, and except as otherwise prescribed by the Corporation's Articles of Incorporation or these By Laws with respect to certificates for shares, the

board of directors or the executive committee may authorize any officer, employee, or agent of the Corporation to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation. Such authority may be general or confined to specific instances.

SECTION 2. Loans. No loans shall be contracted on behalf of the Corporation and no evidence of indebtedness shall be issued in its name unless authorized by the board of directors. Such authority may be general or confined to specific instances.

SECTION 3. Checks, Drafts, Etc. All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by one or more officers,

By Laws-Nevada(Classified Board)

employees or agents of the Corporation in such manner, including in facsimile form, as shall from time to time be determined by resolution of the board of directors.

SECTION 4. Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in any of its duly authorized depositories as the board of directors may select.

ARTICLE VII

Certificates for Shares and Their Transfer

SECTION 1. Certificates for Shares. The shares of the Corporation shall be represented by certificates signed by the chairman of the board of directors or the president or a vice president and by the treasurer or an assistant treasurer or the secretary or an assistant secretary of the Corporation, and may be sealed with the seal of the Corporation or a facsimile thereof. Any or all of the signatures upon a certificate may be facsimiles if the certificate is countersigned by a transfer agent, or registered by a registrar, other than the Corporation itself or an employee of the Corporation. If any officer who has signed or whose facsimile signature has been placed upon such certificate shall have ceased to be such officer before the certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer at the date of its issue.

SECTION 2. Form of Share Certificates. All certificates representing shares issued by the Corporation shall set forth upon the face or back that the Corporation will furnish to any stockholder upon request and without charge a full statement of the designations, preferences, limitations, and relative rights of the shares of each class authorized to be issued, the variations in the relative rights and preferences between the shares of each such series so far as the same have been fixed and determined, and the authority of the board of directors to fix and determine the relative rights and preferences of subsequent series.

Each certificate representing shares shall state upon the face thereof: that the Corporation is organized under the laws of the State of Nevada; the name of the person to whom issued; the number and class of shares, the designation of the series, if any, which such certificate represents; the par value of each share represented by such certificate, or a statement that the shares are without par value. Other matters in regard to the form of the certificates shall be determined by the board of directors.

SECTION 3. Payment for Shares. No certificate shall be issued for any share until such share is fully paid.

SECTION 4. Form of Payment for Shares. The consideration for the issuance of shares shall be paid in accordance with the provisions of the Corporation's Articles of Incorporation.

SECTION 5. Transfer of Shares. Transfer of shares of capital stock of the Corporation shall be made only on its stock transfer books. Authority for such transfer shall be given only to the holder of record thereof or by his legal representative, who shall furnish proper evidence of such authority, or by his attorney thereunto authorized by power of attorney duly executed and filed with the Corporation. Such transfer shall be made only on surrender for cancellation of the certificate for such shares. The person in whose name shares of capital stock stand on the books of the Corporation shall be deemed by the Corporation to be the owner thereof for all purposes.

SECTION 6.

Lost Certificates. The board of directors may direct a new certificate to be issued in place of any certificate theretofore issued by the Corporation alleged to have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen, or destroyed. When authorizing such issue of a new certificate, the board of directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen, or destroyed certificate, or his legal representative, to give the Corporation a bond in such sum as it may direct as indemnity against any claim that may be made against the Corporation with respect to the certificate alleged to have been lost, stolen, or destroyed.

In addition, the board of directors may repeal, alter, amend or rescind these By Laws by vote of two-thirds of the board of directors at a legal meeting held in accordance with the provisions of these By Laws.

CAPITAL STOCK

A. Number and Designation. The total number of shares of all classes that this Corporation shall have authority to issue shall be 105,000,000, of which 100,000,000 shall be shares of common stock, par value \$0.001 per share (“Common Stock”), and 5,000,000 shall be shares of preferred stock, par value \$0.001 per share (“Preferred Stock”). The shares may be issued by the Corporation from time to time as approved by the board of directors of the Corporation without the approval of the stockholders except as otherwise provided in this Article V or the rules of a national securities exchange if applicable. The consideration for subscriptions to, or the purchase of, the capital stock to be issued by a corporation shall be paid in such form and in such manner as the board of directors shall determine. The board of directors may authorize capital stock to be issued for consideration consisting of cash, any tangible or

intangible property or any benefit to the corporation, or any combination thereof. In the absence of actual fraud in the transaction, the judgment of the directors as to the value of such consideration shall be conclusive. The capital stock so issued shall be deemed to be fully paid and nonassessable stock upon receipt by the corporation of such consideration. In the case of a stock dividend, the part of the surplus of the Corporation which is transferred to stated capital upon the issuance of shares as a stock dividend shall be deemed to be the consideration for their issuance.

A description of the different classes and series (if any) of the Corporation's capital stock, and a statement of the relative powers, designations, preferences and rights of the shares of each class and series (if any) of capital stock, and the qualifications, limitations or restrictions thereof, are as follows:

B. Undesignated Common Stock. Shares of Common Stock not at the time designated as shares of a particular series pursuant to this Article (V)(B) or any other provision of these Articles of Incorporation may be issued from time to time in one or more additional series or without any distinctive designation. The board of directors may determine, in whole or in part, the preferences, voting powers, qualifications and special or relative rights or privileges of any such series before the issuance of any shares of that series. The board of directors shall determine the number of shares constituting each series of Common Stock and each series shall have a distinguishing designation.

C. Common Stock. Except as provided in these Articles or the designation of any series or class of capital stock, the holders of the Common Stock shall exclusively possess all voting power. Subject to the provisions of these Articles, each holder of shares of Common Stock shall be entitled to one vote for each share held by such holders.

Whenever there shall have been paid, or declared and set aside for payment, to the holders of the outstanding shares of any class or series of stock having preference over the Common Stock as to the payment of dividends, the full amount of dividends and sinking fund or retirement fund or other retirement payments, if any, to which such holders are respectively entitled in preference to the Common Stock, then dividends may be paid on the Common Stock, and on any class or series of stock entitled to participate therewith as to dividends, out of any assets legally available for the payment of dividends, but only when and as declared by the board of directors of the Corporation.

In the event of any liquidation, dissolution or winding up of the Corporation, after there shall have been paid, or declared and set aside for payment, to the holders of the outstanding shares of any class having preference over the Common Stock in any such event, the full preferential amounts to which they are respectively entitled, the holders of the Common Stock and of any class or series of stock entitled to participate therewith, in whole or in part, as to distribution of assets shall be entitled, after payment or provision for payment of all debts and liabilities of the Corporation, to receive the remaining assets of the Corporation available for distribution, in cash or in kind.

Each share of Common Stock shall have the same relative powers, preferences and rights as, and shall be identical in all respects with, all the other shares of Common Stock of the Corporation.

D. Serial Preferred Stock. Shares of Preferred Stock not at the time designated as shares of a particular series pursuant to this Article (V)(D) or any other provision of these Articles of Incorporation may be issued from time to time in one or more additional series. The board of directors may determine, in whole or in part, the preferences, voting powers, qualifications and special or relative rights or privileges of any such series before the issuance of any shares of that series. The board of directors shall determine the number of shares constituting each series of Preferred Stock and each series shall have a distinguishing designation. Each share of each series of serial preferred stock shall have the same relative powers, preferences and rights as, and shall be identical in all respects with, all the other shares of the Corporation of the same series, except the times from which dividends on shares which may be issued from time to time of any such series may begin to accrue.

E. Series A Convertible Preferred Stock. There shall be a series of Convertible Preferred Stock designated as "Series A Convertible Preferred Stock." Such series is referred to herein as the "Series A Preferred Stock."

1. Amount. The number of shares constituting Series A Preferred Stock shall be 4,500,000.

2. Stated Capital. The amount to be represented in stated capital at all times for each share of Series A Convertible Preferred Stock shall be \$.001.
3. Rank. All shares of Series A Convertible Preferred Stock shall rank prior to all of the Corporation's Common Stock, par value \$.001 per share (the "Common Stock"), now or hereafter issued, both as to payment of dividends and as to distributions of assets upon liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary.
4. Dividends. No dividends shall be payable to the holder of shares of Series A Convertible Preferred Stock.

5. Liquidation Preference.

(a) The liquidation value of shares of this Series, in case of the voluntary or involuntary liquidation, dissolution or winding-up of the Company, shall be \$.001 per share.

(b) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Company, the holders of shares of this Series shall be entitled to receive the liquidation value of such shares held by them until the liquidation value of all shares of Series A Convertible Preferred Stock shall have been paid in full. Upon payment in full of the liquidation value to which the holders of shares of the shares of Series A Convertible Preferred Stock are entitled, the holders of shares of this Series will not be entitled to any further participation in any distribution of assets by the Company.

(c) Neither a consolidation or merger of the Company with or into any other corporation, nor a merger of any other corporation with or into the Company, nor a sale or transfer of all or any part of the Company's assets for cash or securities or other property shall be considered a liquidation, dissolution or winding-up of the Company within the meaning of this Paragraph 5.

6. Voting Rights. Except as otherwise required by law, each share of outstanding Series A Convertible Preferred Stock shall entitle the holder thereof to vote on each matter submitted to a vote of the stockholders of the Corporation and to have the number of votes equal to the number (including any fraction) of shares of Common Stock into which such share of Series A Convertible Preferred Stock is then convertible pursuant to the provisions hereof at the record date for the determination of shareholders entitled to vote on such matters or, if no such record date is established, at the date such vote is taken or any written consent of stockholders becomes effective. Except as otherwise required by law or by these Articles, the holders of shares of Common Stock and Series A Convertible Preferred Stock shall vote together and not as separate classes.

7. No Redemption. The shares of Series A Convertible Preferred Stock are not redeemable.

8. Conversion Provisions.

(a) Conversion at Option of the Holders. Provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion, each share of Series A Convertible Preferred Stock shall be convertible, at the option of the holder thereof, at any time on or after the date of issue, into fully paid and nonassessable shares of Common Stock and such other securities and property as hereinafter provided, initially at the rate of 9.6 shares of Common Stock for each full share of Series A Convertible Preferred Stock ("Conversion Ratio").

(b) Mechanics of Conversion. Any holder of shares of Series A Convertible Preferred Stock desiring to convert such shares into Common Stock shall surrender the certificate or certificates for such shares of Series A Convertible Preferred Stock at the office of the transfer agent for the Series A Convertible Preferred Stock, which certificate or certificates, if the Corporation shall so require, shall be duly endorsed to the Corporation or in blank, or accompanied by proper instruments of transfer to the Corporation or in blank, accompanied by irrevocable written notice to the Corporation that the holder elects so to convert such shares of Series A Convertible Preferred Stock and specifying the name or names (with address) in which a certificate or certificates for Common Stock are to be issued.

(c) Adjustments to Conversion Ratio. The Conversion Ratio shall be subject to adjustment as follows:

(i) In case the Company shall (A) pay a dividend or make a distribution in Common Stock, (B) subdivide or reclassify its outstanding shares of Common Stock into a greater number of shares, or (C) reclassification or combination into a smaller number of shares, the Conversion Ratio in effect immediately prior thereto shall be adjusted retroactively as provided below so that the Conversion Ratio thereafter shall be by multiplying the Conversion Ratio at which such shares of this Series were theretofore convertible by a fraction of which the numerator shall be the number of shares of Common Stock outstanding immediately following such action and of which the denominator shall be the number of shares of Common Stock outstanding immediately prior thereto. Such adjustment shall be made whenever any event listed above shall occur and shall become effective retroactively immediately after the record date in the case of a dividend and shall become effective immediately after the effective date in the case of a subdivision or reclassification. (ii) In case the Company shall issue rights or warrants to all holders of its Common Stock entitling them (for a period expiring within 45 days after the record date therefor) to subscribe for or purchase shares of Common Stock at a price per share less than the current market price per share of Common Stock (as determined in accordance with the provisions of subclause (iv) of this clause (d)) at the record date therefor (the "Current Market Price"), or in case the Company

shall issue other securities convertible into or exchangeable for Common Stock for a consideration per share of Common Stock deliverable upon conversion or exchange thereof less than the Current Market Price; then the Conversion Ratio in effect immediately prior thereto shall be adjusted retroactively as provided below so that the Conversion Ratio therefor shall be equal to the price determined by multiplying the Conversion Ratio at which shares of this Series were theretofore convertible by a fraction of which the denominator shall be the number of shares of Common Stock outstanding on the date of issuance of such convertible or exchangeable securities, rights or warrants plus the number of additional shares of Common Stock offered for subscription or purchase and of which the numerator shall be the number of shares of Common Stock outstanding on the date of issuance of such shares, convertible or exchangeable securities, rights or warrants plus the number of additional shares of Common Stock which the aggregate offering price of the number of shares of Common Stock so offered would purchase at the Current Market Price per share of Common Stock (as determined in accordance with the provisions of subclause (iv) of this clause (d)). Such adjustment shall be made whenever such convertible or exchangeable securities rights or warrants are issued, and shall become effective retroactively immediately after the record date for the determination of stockholders entitled to receive such securities. However upon the expiration of any right or warrant to purchase Common Stock the issuance of which resulted in an adjustment in the Conversion Ratio pursuant to this subclause (ii), if any such right or warrant shall expire and shall not have been exercised, the Conversion Ratio shall be recomputed immediately upon such expiration and effective immediately upon such expiration shall be increased to the price it would have been (but reflecting any other adjustments to the Conversion Ratio made pursuant to the provisions of this clause (d) after the issuance of such rights or warrants) had the adjustment of the Conversion Ratio made upon the issuance of such rights or warrants been made on the basis of offering for subscription or purchase only that number of shares of Common Stock actually purchased upon the exercise of such rights or warrants actually exercised.

(iii) In case the Company shall distribute to all holders of its Common Stock (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing corporation) shares of capital stock (other than Common Stock), evidences of its indebtedness or assets (excluding cash dividends) or rights to subscribe (excluding those referred to in subclause (ii) of this clause (d)), then in each such case the number of shares of Common Stock into which each share of this Series shall thereafter be convertible shall be determined by multiplying the number of shares of Common Stock into which such share of this Series was theretofore convertible by a fraction of which the numerator shall be the number of outstanding shares of Common Stock multiplied by the Current Market Price per share of Common Stock (as determined in accordance with the provisions of subclause (iv) of this clause (d)) on the date of such distribution and of which the denominator shall be the product of the number of outstanding shares of Common Stock and the Current Market Price per share of Common Stock, less the aggregate fair market value (as determined by the Board of Directors of the Company, whose determination shall be conclusive, and described in a statement filed with the transfer agent for the shares of this Series) of the capital stock, assets or evidences of indebtedness so distributed or of such subscription rights. Such adjustment shall be made whenever any such distribution is made, and shall become effective retroactively immediately after the record date for the determination of stockholders entitled to receive such distribution.

(iv) For the purpose of any computation under subclause (ii) and (iii) of this clause (d), the Current Market Price per share of Common Stock at any date shall be deemed to be the average Sale Price for the thirty consecutive trading days commencing forty-five trading days before the day in question. As used herein, "Sale Price" means the closing sales price of the Common Stock (or if no sale price is reported, the average of the high and low bid prices) as reported by the principal national or regional stock exchange on which the Common Stock is listed or, if the Common Stock is not listed on a national or regional stock exchange, as reported by national Association of Securities Dealers Automated Quotation System and if not so reported then as reported by the Electronic Bulletin Board or the National Quotation Bureau Incorporated.

(v) No adjustment in the Conversion Ratio shall be required unless such adjustment would require an increase of at least 1% in the price then in effect; provided, however, that any adjustments which by reason of this subclause (v) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this paragraph 8 shall be made to the nearest cent.

(vi) In the event that, at any time as a result of an adjustment made pursuant to subclause (i) or subclause (iii) of this clause (d), the holder of any share of this Series thereafter surrendered for conversion shall become entitled to receive any shares of the Company other than shares of the Common Stock, thereafter the number of such other shares so receivable upon conversion of any share of this Series shall be subject to adjustment from time to time in a manner and on the terms as nearly equivalent as practicable to the provisions with respect to the Common Stock contained in subclauses (i) through (v) of this clause (d), and the other provisions of this clause (d) with respect to the Common Stock shall apply on like terms to any such other shares.

(vii) Whenever the conversion rate is adjusted, as herein provided, the Company shall promptly file with the transfer agent for this Series, a certificate of an officer of the Company setting forth the conversion rate after such adjustment and setting forth a brief statement of the facts requiring such adjustment and a computation thereof. Such certificate shall be conclusive evidence of the correctness of such adjustment. The Company shall promptly cause a notice of the adjusted conversion rate to be mailed to each registered holder of shares of this Series.

(d) If any of the following events occur, namely (i) any reclassification or change (other than a combination of reclassification into a smaller number of shares) of outstanding shares of Common Stock issuable upon conversion of shares of this Series (other than a change in par value, or from par value to no par value, or from no par value to par value, or as a result of a subdivision) or (ii) any consolidation or merger to which the Company is a party (other than a consolidation or merger to which the Company is the continuing corporation and which does not result in any classification of, or change (other than a change in par value, or from par value to no par value, or from no par value to par value, or as a result of a subdivision) in, outstanding shares of Common Stock); then the Company or such successor, as the case may be, shall provide in its Certificate of Incorporation that each share of this Series shall be convertible into the kind and amount of shares of stock and other securities or property receivable upon such reclassification, change, consolidation or merger by a holder of the number of shares of Common Stock issuable upon conversion of each such share of this Series immediately prior to such reclassification, change, consolidation or merger. Such Certificate of Incorporation shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in clause (d). The Company shall cause notice of the execution of any such event contemplated by this paragraph to be mailed to each holder of shares of this Series As soon as practicable.

The above provisions of this clause (d) shall similarly apply to successive reclassifications, consolidations and mergers.

(e) By duly adopted resolution of its board of directors, the Company at any time may increase the Conversion Ratio, temporarily or otherwise, by any amount, but in no event shall such Conversion Ratio require the issuance of Common Stock for less than the par value of the Common Stock at the time such reduction is made.

Whenever the Conversion Ratio is increased pursuant to this subclause (e), the Company shall mail to the holders a notice of the increased Conversion Ratio. The notice shall state the increased Conversion Ratio and the period it will be in effect.

An increase in the Conversion Ratio does not change or adjust the Conversion Ratio otherwise in effect for purposes of subclauses (b) and (c) of this paragraph 8.

9. Protective Provisions.

(a) Reservation of Shares; Transfer Taxes; Etc. Provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion, the Corporation shall at all times serve and keep available, out of its authorized and unissued stock, solely for the purpose of effecting the conversion of the Series A Convertible Preferred Stock, such number of shares of its Common Stock free of preemptive rights as shall from time to time be sufficient to effect the conversion of all shares of Series A Convertible Preferred Stock from time to time outstanding. The Corporation shall from time to time, in accordance with the laws of the State of Nevada, increase the authorized number of shares of Common Stock if at any time the number of shares of Common Stock not outstanding shall not be sufficient to permit the conversion of all the then outstanding shares of Series A Convertible Preferred Stock.

If any shares of Common Stock required to be reserved for purposes of conversion of the Series A Convertible Preferred Stock hereunder require registration with or approval of any governmental authority under any Federal or State law before such shares may be issued upon conversion, the Corporation will in good faith and as expeditiously as possible endeavor to cause such shares to be duly registered or approved, as the case may be. If the Common Stock is listed on the New York Stock Exchange or any other national securities exchange, the Corporation will, if permitted by the rules of such exchange, list and keep listed on such exchange, upon official notice of issuance, all shares of Common Stock issuable upon conversion of the Series A Convertible Preferred Stock.

The Corporation will pay any and all issue or other taxes that may be payable in respect of any issue or delivery of shares of Common Stock on conversion of the Series A Convertible Preferred Stock. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issue or delivery of Common Stock (or other securities or assets) in a name other than that which the shares of Series A Convertible Preferred Stock so converted were registered, and no such issue or delivery shall be made unless and until the person requesting such issue has paid to the Corporation the amount of such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

(b) Class Voting Rights. So long as the Series A Convertible Preferred Stock is outstanding, the Corporation shall not, without the affirmative vote or consent of the holders of at least a majority of all outstanding Series A Convertible Preferred Stock voting separately as a class, (i) Amend, alter or repeal (by merger or otherwise) any provision of the Articles of Incorporation or the By-Laws of the Corporation, as amended, so as adversely to affect the relative rights, preferences, qualifications, limitations or restrictions of the Series A Convertible Preferred Stock, (ii) authorize or issue, or increase the authorized amount of, any additional class or series of stock, or any security convertible into stock of such class or series, ranking prior to the Series A Convertible Preferred Stock in respect of the payment of dividends or upon liquidation, dissolution or winding up of the Corporation or (iii) effect any reclassification of the Series A Convertible Preferred Stock. A class vote on the part of the Series A Convertible Preferred Stock shall, without limitation, specifically not be deemed to be required (except as otherwise required by law or resolution of the Corporation's Board of Directors) in connection with: (a) the authorization, issuance or increase in the authorized amount of any shares of any other class or series of stock which ranks junior to, or on a parity with, the Series A Convertible Preferred Stock in respect of the payment of dividends and distributions upon liquidation, dissolution or winding up of the Corporation; or (b) the authorization, issuance or increase in the amount of any bonds, mortgages, debentures or other obligations of the Corporation.

The affirmative vote or consent of the holders of a majority of the outstanding Series A Convertible Preferred Stock, voting or consenting separately as a class, shall be required to (a) authorize any sale, lease or conveyance of all or substantially all of the assets of the Corporation, or (b) approve any merger, consolidation or compulsory share exchange of the Corporation with or into any other person unless (i) the terms of such merger, consolidation or compulsory share exchange do not provide for a change in the terms of the Series A Convertible Preferred Stock and (ii) the Series A Convertible Preferred Stock is, after such merger, consolidation or compulsory share exchange on a parity with or prior to any other class or series of capital stock authorized by the surviving corporation as to dividends and upon liquidation, dissolution or winding up other than any class or series of stock of the Corporation prior to the Series A Convertible Preferred Stock as may have been created with the affirmative vote or consent of the holders of at least 66-2/3% of the Series A Convertible Preferred Stock (or other than a class or series into which such prior stock is converted as a result of such merger, consolidation or share exchange).

10. Outstanding Shares. For purposes of these Articles, all shares of Series A Convertible Preferred Stock shall be deemed outstanding except (i) from the date of surrender of certificates representing shares of Series A Convertible Preferred Stock, all shares of Series A Convertible Preferred Stock converted into Common Stock; (ii) the effective date of a recapitalization referred to in clause 8(c), and (iii) from the date of registration of transfer, all shares of Series A Convertible Preferred Stock held of record by the Corporation or any subsidiary of the Corporation.

F. Series B Convertible Preferred Stock. There shall be a series of Preferred Stock designated as "Series B Convertible Preferred Stock." Such series is referred to herein as the "Series B Convertible Preferred Stock."

1. Amount. The number of shares constituting such series shall be 100,000.

2. Stated Capital. The amount to be represented in stated capital at all times for each share of Series B Convertible Preferred Stock shall be \$.001.

3. Rank. All shares of Series B Convertible Preferred Stock shall rank prior to all of the Corporation's Common Stock, par value \$.001 per share (the "Common Stock"), now or hereafter issued, both as to payment of dividends and as to distributions of assets upon liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary.

4. Dividends. No dividends shall be payable to the holders of shares of Series B Convertible Preferred Stock.

5. Liquidation Preference.

(a) The liquidation value of shares of this Series, in case of the voluntary or involuntary liquidation, dissolution or winding-up of the Company, shall be \$.001 per share.

(b) In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Company, the holders of shares of this Series shall be entitled to receive the liquidation value of such shares held by them until the liquidation value of all shares of Series B Convertible Preferred Stock shall have been paid in full. Upon payment in full of the liquidation value to which the holders of shares of the shares of Series B Convertible Preferred Stock are entitled, the holders of shares of this Series will not be entitled to any further participation in any distribution of assets by the Company.

(c) Neither a consolidation or merger of the Company with or into any other corporation, nor a merger of any other corporation with or into the Company, nor a sale or transfer of all or any part of the Company's assets for cash or securities or other property shall be considered a liquidation, dissolution or winding-up of the Company within the meaning of this Paragraph 5.

6. Voting Rights. Except as otherwise required by law, each share of outstanding Series B Convertible Preferred Stock shall entitle the holder thereof to vote on each matter submitted to a vote of the stockholders of the Corporation and to have the number of votes equal to the number (including any fraction) of shares of Common Stock into which such share of Series B Convertible Preferred Stock is then convertible pursuant to the provisions hereof at the record date for the determination of shareholders entitled to vote on such matters or, if no such record date is established, at the date such vote is taken or any written consent of stockholders becomes effective. Except as otherwise required by law or by this Certificate, the holders of shares of Common Stock and Series B Convertible Preferred Stock shall vote together and not as separate classes.

7. No Redemption. The shares of Series B Convertible Preferred Stock are not redeemable.

8. Conversion Provisions.

(a) Conversion at Option of Holders. Provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion, each share of Series B Convertible Preferred Stock shall be convertible, at the option of the holder thereof, at any time on or after issuance, into the number of fully paid and non-assessable shares of Common Stock as specified by the Conversion Ratio that is in effect at the time of conversion; provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion of all outstanding shares of Series C Preferred Stock. The initial "Conversion Ratio" for the Series B Preferred Stock is 150:1. The Conversion Ratio shall be subject to adjustment from time to time as provided in this Section 7.

For the purpose of these Certificate of Designation, the term "Common Stock" shall initially mean the class designated as Common Stock, par value \$.001 per share, of the Corporation as of August 8, 2004 subject to adjustment as hereinafter provided.

(b) Mechanics of Conversion. Any holder of shares of Series B Convertible Preferred Stock desiring to convert such shares into Common Stock shall surrender the certificate or certificates for such shares of Series B Convertible Preferred Stock at the office of the transfer agent for the Series B Convertible Preferred Stock, which certificate or certificates, if the Corporation shall so require, shall be duly endorsed to the Corporation or in blank, or accompanied by proper instruments of transfer to the Corporation or in blank, accompanied by irrevocable written notice to the Corporation that the holder elects so to convert such shares of Series B Convertible Preferred Stock and specifying the name or names (with address) in which a certificate or certificates for Common Stock are to be issued.

(c) Adjustment of Conversion Ratio. The Conversion Ratio for each share of Series B Preferred Stock and the kind of securities issuable upon the conversion of any share of Series B Preferred Stock shall be adjusted from time to time as follows:

(i) Subdivision or Combination of Shares. If the Corporation at any time effects an increase in the number of outstanding shares of Common Stock by subdivision, the Conversion Ratio shall be increased in the same proportions as the Common Stock is subdivided, in each case effective automatically upon, and simultaneously with, the effectiveness of the subdivision which gives rise to the adjustment. If the Corporation at any time effects a decrease in the number of outstanding shares of Common Stock by combination or any other means, the Conversion Ratio shall remain the same and unchanged.

(ii) **Reclassification, Consolidation or Merger.** If at any time, as a result of (A) a capital reorganization or reclassification (other than a subdivision or combination which gives rise to an adjustment of the Conversion Ratio pursuant to Section 7(d)(i)); or (B) a merger or consolidation of the Corporation with another corporation (whether or not the Corporation is the surviving corporation), the Common Stock issuable upon the conversion of the Series B Preferred Stock shall be changed into or exchanged for the same or a different number of shares of any class or classes of stock of the Corporation or any other corporation, or other securities convertible into such shares, then, as a part of such reorganization, reclassification, merger or consolidation, appropriate adjustments shall be made in the terms of the Series B Preferred Stock (or of any securities into which the Series B Preferred Stock is changed or for which the Series B Preferred Stock is exchanged), so that: (x) the holders of Series B Preferred Stock or of such substitute securities shall thereafter be entitled to receive, upon conversion of the Series B Preferred Stock or of such substitute securities, the kind and amount of shares of stock, other securities, money and property which such holders would have received at the time of such capital reorganization, reclassification, merger, or consolidation, if such holders had converted their Series B Preferred Stock immediately prior to such capital reorganization, reclassification, merger, or consolidation, and (y) the Series B Preferred Stock or such substitute securities shall thereafter be adjusted on terms as nearly equivalent as may be practicable to the adjustments theretofore provided in this Section 7(d). No consolidation or merger in which the Corporation is not the surviving corporation shall be consummated unless the surviving corporation shall agree, in writing, to the provisions of this Section 7(d)(ii). The provisions of this Section 7(d)(ii) shall similarly apply to successive capital reorganizations, reclassifications, mergers, and consolidations.

(iii) **Other Action Affecting Common Stock.** If at any time the Corporation takes any action affecting its Common Stock which, in the opinion of the Board of Directors of the Corporation, would have an adverse effect upon the Conversion Rights of the Series B Preferred Stock and the foregoing conversion ratio adjustment provisions are not strictly applicable but the failure to make any adjustment would adversely affect the Conversion Rights, then the Conversion Ratio and the kind of securities issuable upon the conversion of Series B Preferred Stock shall be adjusted to preserve, without dilution, the Conversion Rights in such manner and at such time as the Board of Directors of the Corporation may in good faith determine to be equitable in the circumstances.

(iv) **Notice of Adjustments.** Whenever the Conversion Ratio or the kind of securities issuable upon the conversion of any one of or all of the Series B Preferred Stock shall be adjusted pursuant to Sections 8(c)(i) - (iii) above, the Corporation shall make a certificate signed by its Chief Financial Officer, Secretary or Assistant Secretary, setting forth, in reasonable detail, the event requiring the adjustment, the amount of the adjustment, the method by which such adjustment was calculated (including a description of the basis on which the Board of Directors of the Corporation made any determination hereunder), and the Conversion Ratio and the kind of securities issuable upon the conversion of the Series B Preferred Stock after giving effect to such adjustment, and shall cause copies of such certificate to be mailed (by first class mail postage prepaid) to each holder of Series B Preferred Stock promptly after each adjustment.

(d) **Increase of Conversion Ratio.** By duly adopted resolution of its board of directors, the Company at any time may increase the Conversion Ratio, temporarily or otherwise, by any amount, but in no event shall such Conversion Ratio require the issuance of Common Stock for less than the par value of the Common Stock at the time such reduction is made.

Whenever the Conversion Ratio is increased pursuant to this subclause (d), the Company shall mail to the holders a notice of the increased Conversion Ratio. The notice shall state the increased Conversion Ratio and the period it will be in effect.

9. Protective Provisions.

(a) Reservation of Shares; Transfer Taxes; Etc. Provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion, the Corporation shall at all times serve and keep available, out of its authorized and unissued stock, solely for the purpose of effecting the conversion of the Series B Convertible Preferred Stock, such number of shares of its Common Stock free of preemptive rights as shall from time to time be sufficient to effect the conversion of all shares of Series B Convertible Preferred Stock from time to time outstanding. The Corporation shall from time to time, in accordance with the laws of the State of Delaware, increase the authorized number of shares of Common Stock if at any time the number of shares of Common Stock not outstanding shall not be sufficient to permit the conversion of all the then outstanding shares of Series B Convertible Preferred Stock.

If any shares of Common Stock required to be reserved for purposes of conversion of the Series B Convertible Preferred Stock hereunder require registration with or approval of any governmental authority under any Federal or State law before such shares may be issued upon conversion, the Corporation will in good faith and as expeditiously as possible endeavor to cause such shares to be duly registered or approved, as the case may be. If the Common Stock is listed on the New York Stock Exchange or any other national securities exchange, the Corporation will, if permitted by the rules of such exchange, list and keep listed on such exchange, upon official notice of issuance, all shares of Common Stock issuable upon conversion of the Series B Convertible Preferred Stock.

The Corporation will pay any and all issue or other taxes that may be payable in respect of any issue or delivery of shares of Common Stock on conversion of the Series B Convertible Preferred Stock. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issue or delivery of Common Stock (or other securities or assets) in a name other than that which the shares of Series B Convertible Preferred Stock so converted were registered, and no such issue or delivery shall be made unless and until the person requesting such issue has paid to the Corporation the amount of such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

(b) Class Voting Rights. So long as the Series B Convertible Preferred Stock is outstanding, the Corporation shall not, without the affirmative vote or consent of the holders of at least a majority of all outstanding Series B Convertible Preferred Stock voting separately as a class, (i) Amend, alter or repeal (by merger or otherwise) any provision of the Certificate of Incorporation or the By-Laws of the Corporation, as amended, so as adversely to affect the relative rights, preferences, qualifications, limitations or restrictions of the Series B Convertible Preferred Stock, (ii) authorize or issue, or increase the authorized amount of, any additional class or series of stock, or any security convertible into stock of such class or series, ranking prior to the Series B Convertible Preferred Stock in respect of the payment of dividends or upon liquidation, dissolution or winding up of the Corporation or (iii) effect any reclassification of the Series B Convertible Preferred Stock. A class vote on the part of the Series B Convertible Preferred Stock shall, without limitation, specifically not be deemed to be required (except as otherwise required by law or resolution of the Corporation's Board of Directors) in connection with: (a) the authorization, issuance or increase in the authorized amount of any shares of any other class or series of stock which ranks junior to, or on a parity with, the Series B Convertible Preferred Stock in respect of the payment of dividends and distributions upon liquidation, dissolution or winding up of the Corporation; or (b) the authorization, issuance or increase in the amount of any bonds, mortgages, debentures or other obligations of the Corporation.

The affirmative vote or consent of the holders of a majority of the outstanding Series B Convertible Preferred Stock, voting or consenting separately as a class, shall be required to (a) authorize any sale, lease or conveyance of all or substantially all of the assets of the Corporation, or (b) approve any merger, consolidation or compulsory share exchange of the Corporation with or into any other person unless (i) the terms of such merger, consolidation or compulsory share exchange do not provide for a change in the terms of the Series B Convertible Preferred Stock and (ii) the Series B Convertible Preferred Stock is, after such merger, consolidation or compulsory share exchange on a parity with or prior to any other class or series of capital stock authorized by the surviving corporation as to dividends and upon liquidation, dissolution or winding up other than any class or series of stock of the Corporation prior to the Series B Convertible Preferred Stock as may have been created with the affirmative vote or consent of the holders of at least 66-2/3% of the Series B Convertible Preferred Stock (or other than a class or series into which such prior stock is converted as a result of such merger, consolidation or share exchange).

10. Outstanding Shares. For purposes of this Certificate of Designation, all shares of Series B Convertible Preferred Stock shall be deemed outstanding except (i) from the date of surrender of certificates representing shares of Series B Convertible Preferred Stock, all shares of Series B Convertible Preferred Stock converted into Common Stock; (ii) the effective date of a Recapitalization Event defined in clause 8(b), and (iii) from the date of registration of transfer, all

shares of Series B Convertible Preferred Stock held of record by the Corporation or any subsidiary of the Corporation.

11. Preemptive Rights. The Convertible Preferred is not entitled to any preemptive or subscription rights in respect of any securities of the Corporation.

G. Series C Convertible Preferred Stock

1. DESIGNATION. This series of Preferred Stock shall be designated "Series C Convertible Preferred Stock." Such series is referred to herein as the "Series C Preferred Stock."

2. **NUMBER OF SHARES AND PAR VALUE.** The number of shares constituting the Series C Preferred Stock shall be equal to 103,143. Each share of the Series C Preferred Stock shall have \$.001 par value.

3. **RELATIVE SENIORITY.** The Series C Preferred Stock shall, in respect of the right to participate in distributions or payments in the event of any liquidation, dissolution or winding up of the Corporation, rank (a) *pari passu* with the Common Stock (as defined below) of the Corporation and with any other class or series of stock of the Corporation, the terms of which specifically provide that such class or series shall rank *pari passu* with the Series C Preferred Stock in respect of the right to participate in distributions or payments in the event of any liquidation, dissolution or winding up of the Corporation; and (b) junior to any other class or series of stock of the Corporation, the terms of which specifically provide that such class or series shall rank senior to the Series C Preferred Stock in respect of the right to participate in distributions or payments in the event of any liquidation, dissolution or winding up of the Corporation. The term “COMMON STOCK” shall mean all shares now or hereafter authorized of any class of common stock of the Corporation.

4. **NO LIQUIDATION PREFERENCE.** In the event of any voluntary or involuntary liquidation, dissolution, or winding-up of the Corporation, after distribution in full of the preferential amounts, if any, to be distributed to the holders of shares of any series of Preferred Stock, having a priority on liquidation superior to that of the Series C Preferred Stock, the holders of shares of Series C Preferred Stock shall be entitled to participate with the Common Stock in all of the remaining assets of the Corporation available for distribution to its stockholders, ratably with the holders of Common Stock in proportion to the number of shares of Common Stock held by them, assuming for each holder of Series C Preferred Stock on the record date for such distribution that each holder was the holder of record of the number (including any fraction) of shares of Common Stock into which the shares of Series C Preferred Stock then held by such holder are then convertible. A liquidation, dissolution, or winding-up of the Corporation, as such terms are used in this Section 4, shall not be deemed to be occasioned by or to include any merger of the Corporation with or into one or more corporations or other entities, any acquisition or exchange of the outstanding shares of one or more classes or series of the Corporation, or any sale, lease, exchange, or other disposition of all or a part of the assets of the Corporation.

5. **VOTING RIGHTS.** Except as otherwise required by law, each share of outstanding Series C Preferred Stock shall entitle the holder thereof to vote on each matter submitted to a vote of the stockholders of the Corporation and to have the number of votes equal to the number (including any fraction) of shares of Common Stock into which such share of Series C Preferred Stock is then convertible pursuant to the provisions hereof at the record date for the determination of shareholders entitled to vote on such matters or, if no such record date is established, at the date such vote is taken or any written consent of stockholders becomes effective. Except as otherwise required by law or by this Certificate, the holders of shares of Common Stock and Series C Preferred Stock shall vote together and not as separate classes.

6. **DIVIDENDS AND DISTRIBUTIONS.** If any dividend or other distribution payable in cash, securities or other property, including a dividend payable in shares of Common Stock, is declared on the Common Stock, each holder of shares of Series C Preferred Stock on the record date for such dividend or distribution shall be entitled to receive on the date of payment or distribution of such dividend or other distribution the same cash, securities or other property which such holder would have received on such record date if such holder was the holder of record of the number (including any fraction) of shares of Common Stock into which the shares of Series C Preferred Stock then held by such holder are then convertible. No dividend or other distribution shall be declared or paid on the Common Stock unless an equivalent dividend or other distribution that satisfies this Section 6 is declared or paid on the Series C Preferred Stock.

7. **CONVERSION.** The holders of the Series C Preferred Stock shall have conversion rights as follows:

(a) Conversion Ratio. The holder of each share of Series C Preferred Stock shall have the right (the “Conversion Right”), at such holder’s option, to convert such share, without cost, on the terms and at the times specified in this Section 7, into the number of fully paid and non-assessable shares of Common Stock as specified by the Conversion Ratio that is in effect at the time of conversion; provided that, and only to the extent that, the Corporation has a sufficient number of shares of authorized but unissued and unreserved Common Stock available to issue upon conversion of all outstanding shares of Series C Preferred Stock. The initial “Conversion Ratio” for the Series C Preferred Stock is 350:1. The Conversion Ratio shall be subject to adjustment from time to time as provided in this Section 7.

(b) Shares Eligible for Conversion. The below specified number of shares of Series C Preferred Stock shall be eligible for conversion during each successive 90 days, commencing 90 days after the effective date of an increase in the number of authorized but unissued shares of Common Stock sufficient to issue upon conversion of all outstanding shares of Series C Preferred Stock.

The number of Series C Preferred Shares eligible for conversion during each 90 day period is 10% (ten percent) of the original number of shares of Series C Preferred Stock issued to each original holder ("Eligible Shares"). Any Eligible Shares not converted during any 90 day period may not be cumulated and carried forward to the next 90 day period. Any subsequent owner or holder of all or any part of Series C Preferred Stock shall be subject to the same eligibility provisions applicable to the original holder of such shares.

(c) Mechanics of Conversion. A holder of any share of Series C Preferred Stock may exercise the Conversion Right of such share by surrendering the certificate therefor, duly endorsed, at the office of the Corporation or of any transfer agent for the Series C Preferred Stock, together with a written notice to the Corporation which shall state: (A) that such holder elects to convert the same, (B) the number of shares issued to the original holder of such shares; and (C) the number of Eligible Shares and the number of shares of Series C Preferred Stock being converted. Thereupon the Corporation shall promptly issue and deliver to the holder of such shares a certificate or certificates for the number of whole shares of Common Stock to which such holder shall be entitled. In lieu of any fractional shares to which the holder would otherwise be entitled, the Corporation shall pay cash equal to such fraction multiplied by the then fair market value (as determined in good faith by the Board of Directors of the Corporation) of the Common Stock. If the certificate evidencing the Series C Preferred Stock being converted shall also evidence shares of Series C Preferred Stock not being converted, then the Corporation shall also deliver to the holder of such certificate a new stock certificate evidencing the Series C Preferred Stock not converted. The conversion of any shares of Series C Preferred Stock shall be deemed to have been made immediately prior to the close of business on the date that the shares of Series C Preferred Stock to be converted are surrendered to the Corporation, and the person or persons entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder or holders of such shares of Common Stock on such date. Any dividends or distributions declared but unpaid at the time of conversion with respect to the Series C Preferred Stock so converted, including any dividends declared on the Common Stock to which the Series C Preferred Stock is entitled pursuant to Section 6 above, shall be paid to the holder of Common Stock issued upon conversion of the Series C Preferred Stock upon the payment date therefore.

The Corporation shall give written notice to each holder of a share of Series C Preferred Stock promptly upon the liquidation, dissolution or winding up of the Corporation, and not more than fifty (50) nor less than twenty (20) days before the anticipated date of consummation of any acquisition of the Corporation or any sale of all or substantially all of the assets of the Corporation and no such acquisition of the Corporation or sale of assets shall be effective until such notice shall have been given.

(d) Adjustment of Conversion Ratio. The Conversion Ratio for each share of Series C Preferred Stock and the kind of securities issuable upon the conversion of any share of Series C Preferred Stock shall be adjusted from time to time as follows:

(i) Subdivision or Combination of Shares. If the Corporation at any time effects an increase in the number of outstanding shares of Common Stock by subdivision, the Conversion Ratio shall be increased in the same proportions as the Common Stock is subdivided, in each case effective automatically upon, and simultaneously with, the effectiveness of the subdivision which gives rise to the adjustment. If the Corporation at any time effects a decrease in the number of outstanding shares of Common Stock by combination or any other means, the Conversion Ratio shall remain the same and unchanged.

(ii) Reclassification, Consolidation or Merger. If at any time, as a result of (A) a capital reorganization or reclassification (other than a subdivision or combination which gives rise to an adjustment of the Conversion Ratio pursuant to Section 7(d)(i)); or (B) a merger or consolidation of the Corporation with another corporation (whether or not the Corporation is the surviving corporation), the Common Stock issuable upon the conversion of the Series C Preferred Stock shall be changed into or exchanged for the same or a different number of shares of any class or classes

of stock of the Corporation or any other corporation, or other securities convertible into such shares, then, as a part of such reorganization, reclassification, merger or consolidation, appropriate adjustments shall be made in the terms of the Series C Preferred Stock (or of any securities into which the Series C Preferred Stock is changed or for which the Series C Preferred Stock is exchanged), so that: (x) the holders of Series C Preferred Stock or of such substitute securities shall thereafter be entitled to receive, upon conversion of the Series C Preferred Stock or of such substitute securities, the kind and amount of shares of stock, other securities, money and property which such holders would have received at the time of such capital reorganization, reclassification, merger, or consolidation, if such holders had converted their Series C Preferred Stock immediately prior to such capital reorganization, reclassification, merger, or consolidation, and (y) the Series C Preferred Stock or such substitute securities shall thereafter be adjusted on terms as nearly equivalent as may be practicable to the adjustments theretofore provided in this Section 7(d). No consolidation or merger in which the Corporation is not the surviving corporation shall be consummated unless the surviving corporation shall agree, in writing, to the provisions of this Section 7(d)(ii). The provisions of this Section 7(d)(ii) shall similarly apply to successive capital reorganizations, reclassifications, mergers, and consolidations.

(iii) Other Action Affecting Common Stock. If at any time the Corporation takes any action affecting its Common Stock which, in the opinion of the Board of Directors of the Corporation, would have an adverse effect upon the Conversion Rights of the Series C Preferred Stock and the foregoing conversion ratio adjustment provisions are not strictly applicable but the failure to make any adjustment would adversely affect the Conversion Rights, then the Conversion Ratio and the kind of securities issuable upon the conversion of Series C Preferred Stock shall be adjusted to preserve, without dilution, the Conversion Rights in such manner and at such time as the Board of Directors of the Corporation may in good faith determine to be equitable in the circumstances.

(iv) Notice of Adjustments. Whenever the Conversion Ratio or the kind of securities issuable upon the conversion of any one of or all of the Series C Preferred Stock shall be adjusted pursuant to Sections 7(d)(i) - (iii) above, the Corporation shall make a certificate signed by its Chief Financial Officer, Secretary or Assistant Secretary, setting forth, in reasonable detail, the event requiring the adjustment, the amount of the adjustment, the method by which such adjustment was calculated (including a description of the basis on which the Board of Directors of the Corporation made any determination hereunder), and the Conversion Ratio and the kind of securities issuable upon the conversion of the Series C Preferred Stock after giving effect to such adjustment, and shall cause copies of such certificate to be mailed (by first class mail postage prepaid) to each holder of Series C Preferred Stock promptly after each adjustment.

(e) Full Consideration. All shares of Common Stock which shall be issued upon the conversion of any Series C Preferred Stock (which is itself fully paid and non-assessable) will, upon issuance, be fully paid and non-assessable. The Corporation will pay such amounts and will take such other action as may be necessary from time to time so that all shares of Common Stock which shall be issued upon the conversion of any Series C Preferred Stock will, upon issuance and without cost to the recipient, be free from all pre-emptive rights, taxes, liens and charges with respect to the issue thereof.

(f) No Impairment. The Corporation will not, by amendment of its Articles of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Corporation but will at all times in good faith assist in the carrying out of all the provisions of this Section 7 and in the taking of all such action as may be necessary or appropriate in order to protect the Conversion Rights of the holders of the Series C Preferred Stock against impairment.

(g) Cancellation of Series C Preferred Stock. No share of Series C Preferred Stock acquired by the Corporation upon conversion, redemption or purchase shall be reissued and all such shares shall be canceled, retired and returned to the status of authorized and unissued shares of undesignated preferred stock. The Corporation may take such appropriate corporate action to reduce the authorized number of Series C Preferred Stock accordingly.

8. PROTECTIVE PROVISIONS. In addition to any other rights provided by law, so long as at least one share of Series C Preferred Stock is outstanding, the Corporation shall not, without first obtaining the affirmative vote or written consent of the holders of not less than a majority of the outstanding shares of the Series C Preferred Stock voting together as a single class:

(a) amend or repeal any provision of the Corporation's Articles of Incorporation, Bylaws or this Certificate of Designation if such action would materially and adversely alter or change the preferences, rights, privileges or powers of, or the restrictions provided for the benefit of, the Series C Preferred Stock;

(b) increase or decrease (other than by conversion) the total number of authorized shares of Series C Preferred Stock;

ARTICLE VI

ARTICLE VIII

B. Special meeting of the stockholders of the Corporation for any purpose or purposes may be called at any time by the board of directors of the Corporation, or by a committee of the board of directors which has been duly designated by the board of directors and whose powers and authorities, as provided in a resolution of the board of directors or in the bylaws of the Corporation, include the power and authority to call such meetings but such special meetings may not be called by another person or persons.

C. There shall be no cumulative voting by stockholders of any class or series in the election of directors of the Corporation.

D. Meetings of stockholders may be held at such place as the bylaws may provide.

ARTICLE IX

NOTICE FOR NOMINATIONS AND PROPOSALS

A. Nominations for the election of directors and proposals for any new business to be taken up at any annual or special meeting of stockholders may be made by the board of directors of the Corporation or by any stockholder of the Corporation entitled to vote generally in the election of directors. In order for a stockholder of the Corporation to make any such nominations and/or proposals at an annual meeting or such proposals at a special meeting, he or she shall give notice thereof in writing, delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Corporation of not less than thirty days or more than sixty days prior to any such meeting; provided, however, that if less than forty days' notice of the meeting is given to stockholders, such written notice shall be delivered or mailed, as prescribed, to the Secretary of the Corporation not later than the close of the tenth day following the day on which notice of the meeting was mailed to stockholders. Each such notice given by a stockholder with respect to nominations for the election of directors shall set forth (1) the name, age, business address and, if known, residence address of each nominee proposed in such notice, (2) the principal occupation or employment of each such nominee, and (3) the number of shares of stock of the Corporation which are beneficially owned by each such nominee. In addition, the stockholder making such nomination shall promptly provide any other information reasonably requested by the Corporation.

B. Each such notice given by a stockholder to the Secretary with respect to business proposals to bring before a meeting shall set forth in writing as to each matter: (1) a brief description of the business desired to be brought before the meeting and the reasons for conducting such business at the meeting; (2) the name and address, as they appear on the Corporation's books, of the stockholder proposing such business; (3) the class and number of shares of the Corporation which are beneficially owned by the stockholder; and (4) any material interest of the stockholder in such business. Notwithstanding anything in these Articles to the contrary, no business shall be conducted at the meeting except in accordance with the procedures set forth in this Article.

C. The Chairman of the annual or special meeting of stockholders may, if the facts warrant, determine and declare to such meeting that a nomination or proposal was not made in accordance with the foregoing procedure, and, if he should so determine, he shall so declare to the meeting and the defective nomination or proposal shall be disregarded and laid over for action at the next succeeding adjourned, special or annual meeting of the stockholders taking place thirty days or more thereafter. This provision shall not require the holding of any adjourned or special meeting of stockholders for the purpose of considering such defective nomination or proposal.

ARTICLE X

DIRECTORS

A. Number; Vacancies. The number of directors of the Corporation shall be such number, not less than one nor more than 15 (exclusive of directors, if any, to be elected by holders of preferred stock of the Corporation), as shall be provided from time to time in a resolution adopted by the board of directors, provided that no decrease in the number of directors shall have the effect of shortening the term of any incumbent director, and provided further that no action shall be taken to decrease or increase the number of directors from time to time unless at least two-thirds of the directors then in office shall concur in said action. Exclusive of directors, if any, elected by holders of preferred stock, vacancies in the board of directors of the Corporation, however caused, and newly created directorships shall be filled by a vote of two-thirds of the directors then in office, whether or not a quorum, and any director so chosen shall hold office for a term expiring at the annual meeting of stockholders at which the term of the class to which the director has

been chosen expires and when the director's successor is elected and qualified. The board of directors shall be classified in accordance with the provisions of Section B of this Article X.

B. Classified Board. The board of directors of the Corporation (other than directors which may be elected by the holders of preferred stock) shall be divided into three classes of directors which shall be designated Class I, Class II and Class III. The members of each class shall be elected for a term of three years and until their successors are elected and qualified. Such classes shall be as nearly equal in number as the then total number of directors constituting the entire board of directors shall permit, exclusive of directors, if any, elected by holders of preferred stock, with the terms of office of all members of one class expiring each year. Should the number of directors not be equally divisible by three, the excess director or directors shall be assigned to Classes I or II as follows: (1) if there shall be an excess of one directorship over the number equally divisible by three, such extra directorship shall be classified in Class I; and (2) if there be an excess of two directorships over a number equally divisible by three, one shall be classified in Class I and the other in Class II. At the first meeting of the board of directors of the Corporation, directors of Class I shall be elected to hold office for a term expiring at the first annual meeting of stockholders, directors of Class II shall be elected to hold office for a term expiring at the second succeeding annual meeting of stockholders and directors of Class III shall be elected to hold office for a term expiring at the third succeeding annual meeting thereafter. Thereafter, at each succeeding annual meeting, directors of each class shall be elected for three-year terms. Notwithstanding the foregoing, the director whose term shall expire at any annual meeting shall continue to serve until such time as his successor shall have been duly elected and shall have qualified unless his position on the board of directors shall have been abolished by action taken to reduce the size of the board of directors prior to said meeting.

C. Increase and Reduction in Directors. Should the number of directors of the Corporation be reduced, the directorship(s) eliminated shall be allocated among classes as appropriate so that the number of directors in each class is as specified in the position(s) to be abolished. Notwithstanding the foregoing, no decrease in the number of directors shall have the effect of shortening the term of any incumbent director. Should the number of directors of the Corporation be increased, other than directors which may be elected by the holders of preferred stock, the additional directorships shall be allocated among classes as appropriate so that the number of directors in each class is as specified in the immediately preceding paragraph.

D. Directors Elected by Preferred Stockholders. Whenever the holders of any one or more series of preferred stock of the Corporation shall have the right, voting separately as a class, to elect one or more directors of the Corporation, the board of directors shall include said directors so elected in addition to the number of directors fixed as provided in this Article X. Notwithstanding the foregoing, and except as otherwise may be required by law, whenever the holders of any one or more series of preferred stock of the Corporation elect one or more directors of the Corporation, the terms of the director or directors elected by such holders shall expire at the next succeeding annual meeting of stockholders.

E. In furtherance, but not in limitation of the powers conferred by statute, the board of directors is expressly authorized to do the following:

(a) Designate one (1) or more committees, each committee to consist of one or more of the directors of the Corporation and such number of natural persons who are not directors as the board of directors shall designate, which to the extent provided in the Resolution, or in the by-laws of the Corporation, shall have and may exercise the powers of the board of directors in the management of the business and affairs of the Corporation.

(b) As provided by Nevada Revised Statutes 78.140, without repeating the section in full here, the same is adopted and no contract or other transaction between this Corporation and any of its officers, agents or directors shall be deemed void or voidable solely for that reason. The balance of the provisions of the code section cited, as it now exists, allowing such transactions, is hereby incorporated into this Article as though more fully set forth, and such Article shall be read and interpreted to provide the greatest latitude in its application.

(c) As provided by Nevada Revised Statutes 78.207, without repeating the section in full here, the board of directors shall have the authority to change the number of shares of any class or series, if any, of authorized stock by increasing or decreasing the number of authorized shares of the class or series and correspondingly increasing or decreasing the number of issued and outstanding shares of the same class or series held by each stockholder of record at the effective date and time of the change by a resolution adopted by the board of directors, without obtaining the approval of the stockholders.

(d) If a proposed increase or decrease in the number of issued and outstanding shares of any class or series would adversely alter or change any preference or any relative or other right given to any other class or series of outstanding shares, then the decrease must be approved by the vote, in addition to any vote required, of the holders of shares representing a majority of the voting power of each class or series whose preference or rights are adversely affected by the increase or decrease, regardless of limitations or restrictions on the voting power thereof. The increase or decrease does not have to be approved by the vote of the holders of shares representing a majority of the voting power in each class or series whose preference or rights are not adversely affected by the increase or decrease.

(e) Special meetings of the stockholders may be called only by the board of directors or a committee of the board of directors that is delegated the power to call special meetings by the board of directors.

(f) Change the name of the Corporation at any time and from time to time to any name authorized by Nevada Revised Statutes 78.039.

ARTICLE XI

REMOVAL OF DIRECTORS

Notwithstanding any other provision of these Articles or the bylaws of the Corporation, any director or all the directors of a single class (but not the entire board of directors) of the Corporation may be removed, at any time, but only for cause and only by the affirmative vote of the holders of at least 75% of the voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors (considered for this purpose as one class) cast at a meeting of the stockholders called for that purpose. Notwithstanding the foregoing, whenever the holders of any one or more series of preferred stock of the Corporation shall have the right, voting separately as a class, to elect one or more directors of the Corporation, the preceding provisions of this Article XI shall not apply with respect to the director or directors elected by such holders of preferred stock.

ARTICLE XII

INDEMNIFICATION

Any person who was or is a party or is or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (whether or not by or in the right of the Corporation) by reason of the fact that he is or was a director, officer, incorporator, employee, or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, incorporator, employee, partner, trustee, or agent of another corporation, partnership, joint venture, trust, or other enterprise (including an employee benefit plan), shall be entitled to be indemnified by the Corporation to the full extent then permitted by law against expenses (including counsel fees and disbursements), judgments, fines (including excise taxes assessed on a person with respect to an employee benefit plan), and amounts paid in settlement incurred by him in connection with such action, suit, or proceeding and, if so requested, the Corporation shall advance (within two business days of such request) any and all such expenses to the person indemnified; provided, however, that (i) the foregoing obligation of the Company shall not apply to a claim that was commenced by the person indemnified without the prior approval of the Board of Directors. Such right of indemnification shall inure whether or not the claim asserted is based on matters which antedate the adoption of this Article XV. Such right of indemnification shall continue as to a person who has ceased to be a director, officer, incorporator, employee, partner, trustee, or agent and shall inure to the benefit of the heirs and personal representatives of such a person. The indemnification provided by this Article XV shall not be deemed exclusive of any other rights which may be provided now or in the future under any provision currently in effect or hereafter adopted of the bylaws, by any agreement, by vote of stockholders, by resolution of disinterested directors, by provisions of law, or otherwise.

ARTICLE XIII

LIMITATIONS ON DIRECTORS' LIABILITY

No director or officer of the Corporation shall be personally liable to the Corporation or its stockholders for damages for breach of fiduciary duty as a director or officer, except: (A) for acts or omissions that involve intentional misconduct, fraud or a knowing violation of law; or (B) the payment of distributions in violation of Nevada Revised Statutes Sec.78.300. If the General Corporation law of the State of Nevada is amended after the date of filing of these Articles to further eliminate or limit the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Nevada, as so amended. Any repeal or modification of the foregoing paragraph by the stockholders of the Corporation shall not

adversely affect any right or protection of a director of the Corporation existing at the time of such repeal or modification.

ARTICLE XIV

AMENDMENT OF BYLAWS

In furtherance and not in limitation of the powers conferred by statute, the board of directors of the Corporation is expressly authorized to adopt, repeal, alter, amend and rescind the bylaws of the Corporation by a vote of two-thirds of the board of directors.

ARTICLE XV

AMENDMENT OF ARTICLES OF INCORPORATION

Subject to the provisions hereof, the Corporation reserves the right to repeal, alter, amend or rescind any provision contained in these Articles in the manner now or hereafter prescribed by law, and all rights conferred on stockholders herein are granted subject to this reservation.

(b) If the Holder elects to convert less than the full principal amount of this Note, the Maker shall issue a Note in substantially the same form as this Note, except that the principal amount shall be reduced by the principal amount so converted (exclusive of the redemption premium).

(c) The number of shares of Common Stock issuable upon conversion of this Note is equal to the quotient of the Conversion Amount of that portion of the Note being converted divided by the Conversion Price. (j) The Conversion Price shall be subject to adjustment from time to time as follows:

(i) If the Maker at any time subdivides (by any stock split, stock dividend, recapitalization, or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in effect immediately prior to such subdivision will be proportionately reduced. If the Maker at any time combines (by combination, reverse stock split, or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased.

(ii) Prior to the consummation of any Organic Change (as defined below), the Maker will make appropriate provision (in form and substance satisfactory to the Holder to insure that Holder will thereafter have the right to acquire and receive in lieu of, or in addition to, (as the case may be) the shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Holder's Note, such shares of stock, securities, or assets as may be issued or payable with respect to, or in exchange for, the number of shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Note had such Organic Change not taken place. In any such case, the Maker will make appropriate provision (in form and substance satisfactory to Holder with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and substance satisfactory to Holder), the obligation to deliver to Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire. For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock; and "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, and a government or any department or agency thereof.

(k) The Holder shall be entitled to piggyback registration rights with respect to the shares of Common Stock issuable upon conversion of this Note by the Holder. The Company agrees to include such shares on the first available registration, including forms S-1, SB-2 or S-3, filed by the Company with Securities and Exchange Commission.

(1) Unless the Note is under Default (as defined in Section 5 of the Note) or unless prior to an Organic Change (as defined in Section 4(j)(n) of the Note), in no event shall the Holder be entitled to convert the Notes in excess of that number, which upon giving effect to such conversion, would cause the aggregate number of shares of Common Stock beneficially owned by the holder and its affiliates to exceed 9.99% of the outstanding shares of the Common Stock following the conversion. For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. 6. NEGATIVE COVENANTS. The provisions of this Section 6 shall remain in effect so long as any of the Bridge Notes shall remain outstanding

Original Issue Date: May 28, 2004

FOR VALUE RECEIVED, the undersigned, CERISTAR, INC., a Delaware corporation with offices at 50 West Broadway, Suite 1100, Salt Lake City, UT, 84101 (the "Maker"), unconditionally promises to pay to the order of SOVCAP EQUITY PARTNERS, LTD., a Bahamas corporation, or its registered assigns (the "Holder"), at its office at c/o Lion Corporate Securities Ltd., Cumberland House #27, Cumberland Street, P.O. Box N-10818, Nassau, New Providence, The Bahamas or at such other place as may be designated by the holder hereof in writing, the principal sum of THIRTY-FIVE THOUSAND DOLLARS (\$35,000.00), without interest, except as specified herein.

1. Payments. The Maker agrees to pay the principal of this Note within ten (10) days following demand from the Holder requesting payment, which demand may be made at any time after the 120th day following the issue date of this Note. The Maker shall have the right to prepay this Note in whole at any time or in part from time to time. Any payments, including prepayments, of principal of this Note, whether upon demand, at the option of the Company, upon default or otherwise shall include a repayment premium equal to the product of (a) the Repayment Percentage (as defined below) and (b) the number of thirty (30) day periods (rounded up to the next whole number) (each 30-day period referred to as a "Monthly Period") that this Note has been outstanding (computed from the date of issuance of this Note to the date of payment) but in no event higher than the maximum amount permitted by law. For purposes of this Note, the Repayment Percentage shall mean one and one-half percent (1.5%) of the outstanding principal amount of this Note. All payments by the Maker on account of principal, premium, interest or fees hereunder shall be made in money of the United States of America that at the time of payment is legal tender, by wire transfer of immediately available funds.

2. Interest. Without limiting any of the rights of the holder of this Note under Section 4 of this Note, if any payment of principal or premium thereon is not made when the same shall become due and payable hereunder, interest shall accrue thereon at a rate per annum equal to twelve percent (12%) per annum. Notwithstanding anything to the contrary contained herein, no payments that are considered interest shall accrue or be payable at a rate in excess of the maximum amount permitted by law.

3. Use of Proceeds. The Company agrees use the proceeds from the sale and issuance of the Bridge Notes only for payment of following expenses:

a. May 2004 budget, as provided by the Company in attached Exhibit B

b. Consulting fees, as agreed

4. Conversion.

(a) At any time after the date that is 120 days following the issue date of this Note and from time to time, the Holder may convert all or any portion of this Note, together with the Repayment Percentage, and accrued and unpaid interest and fees due on this Note (the "Conversion Amount") into shares of common stock of the Maker (the "Common Stock").

(b) If the Holder elects to convert less than the full principal amount of this Note, the Maker shall issue a Note in substantially the same form as this Note, except that the principal amount shall be reduced by the principal amount so converted (exclusive of the redemption premium).

(c) The number of shares of Common Stock issuable upon conversion of this Note is equal to the quotient of the Conversion Amount of that portion of the Note being converted divided by the Conversion Price. Fractional shares will not be issued. In lieu of any fraction of a share, the Maker shall deliver its check for the dollar amount of the less than full share remainder. For purposes of this Note, the "Conversion Price" shall mean the product of (a) .75 and (b) the average closing bid price of the Common Stock for the five trading days ending on the trading day immediately preceding the Conversion Date.

(d) To convert this Note into Common Stock, (the "Conversion Date"), the Holder hereof shall (A) deliver or transmit by facsimile, for receipt on or prior to 11:59 P.M., Eastern Time, on such date, a copy of a fully executed notice of conversion in the form attached hereto as Exhibit A (the "Conversion Notice") to the Maker or its designated transfer agent for its Common Stock (the "Transfer Agent"), and (B) surrender to a common carrier for delivery to the Maker or the Transfer Agent as soon as practicable following such date, this Note (or an indemnification undertaking with respect to such shares in the case of the loss, theft, or destruction of this Note) and the originally executed Conversion Notice. The date the Maker receives the Conversion Note and this Note is hereinafter the "Conversion Date."

(e) Upon receipt by the Maker of a facsimile copy of a Conversion Notice, the Maker shall immediately send, via facsimile, a confirmation of receipt of such Conversion Notice to Holder. Upon receipt by the Maker or the Transfer Agent of the Note to be converted pursuant to a Conversion Notice, together with the originally executed Conversion Notice, the Maker or the Transfer Agent (as applicable) shall, within five (5) business days following the date of receipt, (A) issue and surrender to a common carrier for overnight delivery to the address as specified in the Conversion Notice, a certificate, registered in the name of Holder or its designee, for the number of shares of Common Stock to which Holder shall be entitled or (B) credit the aggregate number of shares of Common Stock to which such Holder shall be entitled to the Holder's or its designee's balance account at The Depository Trust Company.

(f) The Person or persons entitled to receive the shares of Common Stock issuable upon a conversion of this Note shall be treated for all purposes as the "Record Holder" or Holder of such shares of Common Stock on the Conversion Date.

(g) If the Maker shall fail to issue to Holder within five (5) business days following the date of receipt by the Maker or the Transfer Agent of this Note to be converted pursuant to a Conversion Notice, a certificate for the number of shares of Common Stock to which each Holder is entitled upon Holder's conversion of this Note, in addition to all other available remedies which such Holder may pursue hereunder, the Maker shall pay additional damages to Holder on each day after the fifth (5th) business day following the date of receipt by the Maker or the Transfer Agent an amount equal to 1.0% of the product of (A) the number of shares of Common Stock not issued to Holder and to which Holder is entitled multiplied by (B) the Closing Bid Price of the Common Stock on the business day following the date of receipt by the Maker or the Transfer Agent of the Conversion Notice. The foregoing notwithstanding, Holder at its option may withdraw a Conversion Notice, and remain a Holder of this Note, if Holder has otherwise complied with this Section 4.

(h) If any adjustment to the Conversion Price to be made pursuant to clause (j) of this Section 4 becomes effective immediately after a record date for an event as therein described, and conversion occurs prior to such event but after the record date, the Maker may defer issuing, delivering, or paying to Holder any additional shares of Common Stock or check for any cash remainder required by reason of such adjustment until the occurrence of such event, provided that the Maker delivers to Holder a due bill or other appropriate instrument evidencing the Holders' right to receive such additional shares or check upon the occurrence of the event giving rise to the adjustment.

(i) Until such time as this Note has been fully redeemed, the Maker shall reserve out of its authorized but unissued Common Stock enough shares of Common Stock to permit the conversion of the entire Redemption Price and all accrued and unpaid interest due on this Note at any time. All shares of Common Stock issued upon conversion of this Note shall be fully paid and nonassessable. The Maker covenants that if any shares of Common Stock, required to be reserved for purposes of conversion of this Note hereunder, require registration with or approval of any governmental authority under any federal or state law or listing upon any national securities exchange before such shares may be issued upon conversion, the Maker shall in good faith, as expeditiously as possible, endeavor to cause such shares to be duly registered,

approved or listed, as the case may be.

(j) The Conversion Price shall be subject to adjustment from time to time as follows:

88

(i) If the Maker at any time subdivides (by any stock split, stock dividend, recapitalization, or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in effect immediately prior to such subdivision will be proportionately reduced. If the Maker at any time combines (by combination, reverse stock split, or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased.

(ii) Prior to the consummation of any Organic Change (as defined below), the Maker will make appropriate provision (in form and substance satisfactory to the Holder to insure that Holder will thereafter have the right to acquire and receive in lieu of, or in addition to, (as the case may be) the shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Holder's Note, such shares of stock, securities, or assets as may be issued or payable with respect to, or in exchange for, the number of shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Note had such Organic Change not taken place. In any such case, the Maker will make appropriate provision (in form and substance satisfactory to Holder with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and

substance satisfactory to Holder), the obligation to deliver to Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire. For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock; and "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, and a government or any department or agency thereof.

(k) The Holder shall be entitled to piggyback registration rights with respect to the shares of Common Stock issuable upon conversion of this Note by the Holder. The Company agrees to include such shares on the first available registration, including forms S-1, SB-2 or S-3, filed by the Company with Securities and Exchange Commission.

(1) Unless the Note is under Default (as defined in Section 5 of the Note) or unless prior to an Organic Change (as defined in Section 4(j)(ii) of the Note), in no event shall the Holder be entitled to convert the Notes in excess of that number, which upon giving effect to such conversion, would cause the aggregate number of shares of Common Stock beneficially owned by the holder and its affiliates to exceed 9.99% of the outstanding shares of the Common Stock following the conversion. For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 4(1), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act.

5. Events of Default. If any of the following conditions or events shall occur and be continuing: (a) the Maker shall default in the payment of principal of this Note when the same becomes due and payable; (b) the Maker shall admit in writing its inability to pay its debts as such debts become due; (c) the Maker shall make a general assignment for the benefit of creditors; (d) the Maker shall commence a voluntary case under the Federal Bankruptcy Code (as now or

hereafter in effect); (e) the Maker shall file a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, or adjustment of debts; (f) there shall have been instituted against the Maker any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings for relief under the Federal Bankruptcy Code or any other law relating to bankruptcy, insolvency or adjustment of debts, which are not dismissed within sixty (60) days after such institution; or (g) the Maker shall take any action for the purposes of effecting any of the foregoing; then, and in any such event, the Holder may at any time (unless all defaults shall theretofore have been remedied) at its option, declare this Note to be due and payable, whereupon this Note shall forthwith mature and become due and payable, together with interest accrued thereon, without presentment, demand, protest or notice, all of which are hereby waived.

6. **NEGATIVE COVENANTS.** The provisions of this Section 6 shall remain in effect so long as any of the Bridge Notes shall remain outstanding.

(a) **Restrictions on Debt.** Hereafter, the Company will not create, assume, or incur or become or at any time be liable in respect of, any Debt, except: Bridge Notes issued pursuant to this Agreement; Debt outstanding on the date hereof to the extent reflected on the most recent balance sheet of the Company or incurred in the ordinary course of business thereafter and debt incurred to accomplish duties and obligations of the Company under contracts to provide customer premises equipment, services, or other related obligations to existing or new customers of the Company as a result of business contracts; Purchase money security interests not to exceed \$250,000 per year; and Secured debt in an aggregate principal amount up to \$20 million.

(i) **Definition of Debt.** For purposes of this Agreement, the capitalized term "Debt" of any Person shall mean: all indebtedness of such Person for borrowed money, including without limitation obligations evidenced by bonds, debentures, Bridge Notes, or other similar instrument; all indebtedness guaranteed in any manner by such Person, or in effect guaranteed by such Person through an agreement to purchase, contingent or otherwise; all accounts payable which, to the knowledge of such Person, have remained unpaid for a period of 90 days after the same become due and payable in accordance with their respective terms taking into account any grace period relating to the due date expressly set forth in the applicable invoice with respect to the payment of such accounts payable; all indebtedness secured by any mortgage, lien, pledge, charge, security interest or other encumbrance upon or in property owned by such Person, even though such Person has not assumed or become liable for the payment of such indebtedness; all indebtedness created or arising under any conditional sale agreement or lease in the nature thereof (including obligations as lessee under leases which shall have been or should be, in accordance with generally accepted accounting principles, recorded as capitalized leases) (but excluding operating leases) or other title

retention agreement with respect to property acquired by such Person, even though the rights and remedies of the seller or lender under such agreement in the event of default are limited to repossession of such property all bankers' acceptances and letters of credit; and liabilities in respect of unfunded vested benefits under Plans covered by Title IV of ERISA.

(b) **Restrictions on Equity Sales.** The Company will not offer or enter into an agreement to sell equity securities of the Company, under private placement memorandum or other private offering document or letter, whether of equity securities, convertible debt securities, or securities or instruments convertible into or exchangeable for debt or equity securities of the Company, except through an underwritten public offering or after receiving approval by the purchaser as described in 6(f) below.

(c) **Restrictions on Transactions with Affiliates.** The Company will not make any loans or advances to any of its officers, shareholders, or Affiliates, other than expense advances made by the Company to its officers and employees in the ordinary course of business. The Company will not increase the salary of any executive officer, or the remuneration of any director.

(d) **Restrictions on Investments.** Other than as permitted by this Agreement, the Company will not purchase or acquire or invest in, or agree to purchase or acquire or invest in the business, property, or assets of, or any securities of, any other company or business, provided however, that the Company may enter into contracts relating to the expansion of its business and may invest its Excess Cash as defined below in: securities issued or directly and fully guaranteed or insured by the United States government or any agency thereof having maturities of not more than one year from the date of acquisition; certificates of deposit or eurodollar certificates of deposit, having maturities of not more than one hundred eighty days from the date of acquisition, or one year from the date of acquisition in the case of certificates of deposit or eurodollar certificates of deposit being used to secure the Company's reimbursement obligations under letters of credit (provided that nothing contained herein shall be construed to permit letters of credit not otherwise permitted under this Agreement); commercial paper of any Person that is not a subsidiary or an Affiliate of the Company, maturing within one hundred eighty days after the date of acquisition; bank loan participations; and money market instruments having maturities of not more than one hundred eighty days from the date of acquisition, or one year from the date of acquisition in the case of money market instruments being used to secure the Company's reimbursement obligations under letters of credit (provided that nothing contained herein shall be construed to permit letters of credit not otherwise permitted under this Agreement); in all cases of such credit quality as a prudent business person would invest in. As used in this Section, "Excess Cash" shall mean that portion of the proceeds of the Bridge Notes that has not been invested as described in Section 3 hereof.

(e) **Change in Business; Operations.** The Company will not cause or effect any change in or addition to the primary business of the Company that has not been approved by Purchaser, such that more than 20% of the consolidated net earnings of the Company are derived from a business other than the business in which the Company was engaged on the date hereof as reflected in the applicable last SEC Document filed prior to the First Closing ("Change in

The rights and remedies herein provided are cumulative and not exclusive of any remedies or rights provided by law or by any other agreement between the Maker and the Holder.

8. Costs and Expenses. The Maker shall reimburse the holder of this Note for all costs and expenses incurred by it, and shall pay the reasonable fees and disbursements of counsel to the holder of this Note, in connection with the enforcement of the holder's rights hereunder, whether or not legal proceedings are initiated.

Original Issue Date:

June 16, 2004

FOR VALUE RECEIVED, the undersigned, CERISTAR, INC., a Delaware corporation with offices at 50 West Broadway, Suite 1100, Salt Lake City, UT, 84101 (the "Maker"), unconditionally promises to pay to the order of SOVCAP EQUITY PARTNERS, LTD., a Bahamas corporation, or its registered assigns (the "Holder"), at its office at c/o Lion Corporate Securities Ltd., Cumberland House #27, Cumberland Street, P.O. Box N-10818, Nassau, New Providence, The Bahamas or at such other place as may be designated by the holder hereof in writing, the principal sum of SIXTY-NINE THOUSAND DOLLARS (\$69,000.00), without interest, except as specified herein.

1. Payments. The Maker agrees to pay the principal of this Note within ten (10) days following demand from the Holder requesting payment, which demand may be made at any time after the 120th day following the issue date of this Note. The Maker shall have the right to prepay this Note in whole at any time or in part from time to time. Any payments, including prepayments, of principal of this Note, whether upon demand, at the option of the Company, upon default or otherwise shall include a repayment premium equal to the product of (a) the Repayment Percentage (as defined below) and (b) the number of thirty (30) day periods (rounded up to the next whole number) (each 30-day period referred to as a "Monthly Period") that this Note has been outstanding (computed from the date of issuance of this Note to the date of payment) but in no event higher than the maximum amount permitted by law. For purposes of this Note, the Repayment Percentage shall mean one and one-half percent (1.5%) of the outstanding principal amount of this Note. All payments by the Maker on account of principal, premium, interest or fees hereunder shall be made in money of the United States of America that at the time of payment is legal tender, by wire transfer of immediately available funds.

2. Interest. Without limiting any of the rights of the holder of this Note under Section 4 of this Note, if any payment of principal or premium thereon is not made when the same shall become due and payable hereunder, interest shall accrue thereon at a rate per annum equal to twelve percent (12%) per annum. Notwithstanding anything to the contrary contained herein, no payments that are considered interest shall accrue or be payable at a rate in excess of the maximum amount permitted by law.

3. Use of Proceeds. The Company agrees use the proceeds from the sale and issuance of the Bridge Notes only for payment of following expenses:

a. June 2004 operating budget, as provided by the Company in attached Exhibit B

b. Consulting fees, as agreed

4. Conversion.

(a) At any time after the date that is 120 days following the issue date of this Note and from time to time, the Holder may convert all or any portion of this Note, together with the Repayment Percentage, and accrued and unpaid interest

and fees due on this Note (the "Conversion Amount") into shares of common stock of the Maker (the "Common Stock").

(b) If the Holder elects to convert less than the full principal amount of this Note, the Maker shall issue a Note in substantially the same form as this Note, except that the principal amount shall be reduced by the principal amount so converted (exclusive of the redemption premium).

(c) The number of shares of Common Stock issuable upon conversion of this Note is equal to the quotient of the Conversion Amount of that portion of the Note being converted divided by the Conversion Price. Fractional shares will not be issued. In lieu of any fraction of a share, the Maker shall deliver its check for the dollar amount of the less than full share remainder. For purposes of this Note, the "Conversion Price" shall mean the product of (a) .75 and (b) the average closing bid price of the Common Stock for the five trading days ending on the trading day immediately preceding the Conversion Date.

(d) To convert this Note into Common Stock, (the "Conversion Date"), the Holder hereof shall (A) deliver or transmit by facsimile, for receipt on or prior to 11:59 P.M., Eastern Time, on such date, a copy of a fully executed notice of conversion in the form attached hereto as Exhibit A (the "Conversion Notice") to the Maker or its designated transfer agent for its Common Stock (the "Transfer Agent"), and (B) surrender to a common carrier for delivery to the Maker or the Transfer Agent as soon as practicable following such date, this Note (or an indemnification undertaking with respect to such shares in the case of the loss, theft, or destruction of this Note) and the originally executed Conversion Notice. The date the Maker receives the Conversion Notice and this Note is hereinafter the "Conversion Date."

(e) Upon receipt by the Maker of a facsimile copy of a Conversion Notice, the Maker shall immediately send, via facsimile, a confirmation of receipt of such Conversion Notice to Holder. Upon receipt by the Maker or the Transfer Agent of the Note to be converted pursuant to a Conversion Notice, together with the originally executed Conversion Notice, the Maker or the Transfer Agent (as applicable) shall, within five (5) business days following the date of receipt, (A) issue and surrender to a common carrier for overnight delivery to the address as specified in the Conversion Notice, a certificate, registered in the name of Holder or its designee, for the number of shares of Common Stock to which Holder shall be entitled or (B) credit the aggregate number of shares of Common Stock to which such Holder shall be entitled to the Holder's or its designee's balance account at The Depository Trust Company.

(f) The Person or persons entitled to receive the shares of Common Stock issuable upon a conversion of this Note shall be treated for all purposes as the "Record Holder" or Holder of such shares of Common Stock on the Conversion Date.

(g) If the Maker shall fail to issue to Holder within five (5) business days following the date of receipt by the Maker or the Transfer Agent of this Note to be converted pursuant to a Conversion Notice, a certificate for the number of shares of Common Stock to which each Holder is entitled upon Holder's conversion of this Note, in addition to all other available remedies which such Holder may pursue hereunder, the Maker shall pay additional damages to Holder on each day after the fifth (5th) business day following the date of receipt by the Maker or the Transfer Agent an amount equal to 1.0% of the product of (A) the number of shares of Common Stock not issued to Holder and to which Holder is entitled multiplied by (B) the Closing Bid Price of the Common Stock on the business day following the date of receipt by the Maker or the Transfer Agent of the Conversion Notice. The foregoing notwithstanding, Holder at its option may withdraw a Conversion Notice, and remain a Holder of this Note, if Holder has otherwise complied with this Section 4.

(h) If any adjustment to the Conversion Price to be made pursuant to clause (j) of this Section 4 becomes effective immediately after a record date for an event as therein described, and conversion occurs prior to such event but after the record date, the Maker may defer issuing, delivering, or paying to Holder any additional shares of Common Stock or check for any cash remainder required by reason of such adjustment until the occurrence of such event, provided that the Maker delivers to Holder a due bill or other appropriate instrument evidencing the Holders' right to receive such additional shares or check upon the occurrence of the event giving rise to the adjustment.

(i) Until such time as this Note has been fully redeemed, the Maker shall reserve out of its authorized but unissued Common Stock enough shares of Common Stock to permit the conversion of the entire Redemption Price and all accrued and unpaid interest due on this Note at any time. All shares of Common Stock issued upon conversion of this Note shall be fully paid and nonassessable. The Maker covenants that if any shares of Common Stock, required to be reserved for purposes of conversion of this Note hereunder, require registration with or approval of any governmental authority under any federal or state law or listing upon any national securities exchange before such shares may be issued upon conversion, the Maker shall in good faith, as expeditiously as possible, endeavor to cause such shares to be duly registered, approved or listed, as the case may be.

(j) The Conversion Price shall be subject to adjustment from time to time as follows:

(i) If the Maker at any time subdivides (by any stock split, stock dividend, recapitalization, or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in

effect immediately prior to such subdivision will be proportionately reduced. If the Maker at any time combines (by combination, reverse stock split, or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased.

(ii) Prior to the consummation of any Organic Change (as defined below), the Maker will make appropriate provision (in form and substance satisfactory to the Holder to insure that Holder will thereafter have the right to acquire and receive in lieu of, or in addition to, (as the case may be) the shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Holder's Note, such shares of stock, securities, or assets as may be issued or payable with respect to, or in exchange for, the number of shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Note had such Organic Change not taken place. In any such case, the Maker will make appropriate provision (in form and substance satisfactory to Holder with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and substance satisfactory to Holder), the obligation to deliver to Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire. For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock; and "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, and a government or any department or agency thereof.

(k) The Holder shall be entitled to piggyback registration rights with respect to the shares of Common Stock issuable upon conversion of this Note by the Holder. The Company agrees to include such shares on the first available registration, including forms S-1, SB-2 or S-3, filed by the Company with Securities and Exchange Commission.

(1) Unless the Note is under Default (as defined in Section 5 of the Note) or unless prior to an Organic Change (as defined in Section 4(j)(ii) of the Note), in no event shall the Holder be entitled to convert the Notes in excess of that number, which upon giving effect to such conversion, would cause the aggregate number of shares of Common Stock beneficially owned by the holder and its affiliates to exceed 9.99% of the outstanding shares of the Common Stock following the conversion. For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 4(1), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act.

5. Events of Default. If any of the following conditions or events shall occur and be continuing: (a) the Maker shall default in the payment of principal of this Note when the same becomes due and payable; (b) the Maker shall admit in writing its inability to pay its debts as such debts become due; (c) the Maker shall make a general assignment for the benefit of creditors; (d) the Maker shall commence a voluntary case under the Federal Bankruptcy Code (as now or hereafter in effect); (e) the Maker shall file a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, or adjustment of debts; (f) there shall have been instituted against the Maker any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings for relief under the Federal Bankruptcy Code or any other law relating to bankruptcy, insolvency or adjustment of debts, which are not dismissed within sixty (60) days after such institution; or (g) the Maker shall take any action for the purposes of effecting any of the foregoing; then, and in any such event, the Holder may at any time (unless all defaults shall theretofore have been remedied) at its option, declare this Note to be due and payable, whereupon this Note shall forthwith mature and become due and payable, together with interest accrued thereon, without presentment, demand, protest or notice, all of

which are hereby waived.

6. **NEGATIVE COVENANTS.** The provisions of this Section 6 shall remain in effect so long as any of the Bridge Notes shall remain outstanding.

- (b) If the Holder elects to convert less than the full principal amount of this Note, the Maker shall issue a Note in substantially the same form as this Note, except that the principal amount shall be reduced by the principal amount so converted (exclusive of the redemption premium)
- (c) The number of shares of Common Stock issuable upon conversion of this Note is equal to the quotient of the Conversion Amount of that portion of the Note being converted divided by the Conversion Price. Fractional shares will not be issued. In lieu of any fraction of a share, the Maker shall deliver its check for the dollar amount of the less than full share remainder. For purposes of this Note, the "Conversion Price" shall mean the product of (a) 75 and (b) the average closing bid price of the Common Stock for the five trading days ending on the trading day immediately preceding the Conversion Date
- (d) To convert this Note into Common Stock, (the "Conversion Date"), the Holder hereof shall (A) deliver or transmit by facsimile, for receipt on or prior to 11 59 P.M., Eastern Time, on such date, a copy of a fully executed notice of conversion in the form attached hereto as Exhibit A (the "Conversion Notice") to the Maker or its designated transfer agent for its Common Stock (the "Transfer Agent"), and (B) surrender to a common carrier for delivery to the Maker or the Transfer Agent as soon as practicable following such date, this Note (or an indemnification undertaking with respect to such shares in the case of the loss, theft, or destruction of this Note) and the originally executed Conversion Notice. The date the Maker receives the Conversion Notice and this Note is hereinafter the "Conversion Date "
- (e) Upon receipt by the Maker of a facsimile copy of a Conversion Notice, the Maker shall immediately send, via facsimile, a confirmation of receipt of such Conversion Notice to Holder. Upon receipt by the Maker or the Transfer Agent of the Note to be converted pursuant to a Conversion Notice, together with the originally executed Conversion Notice, the Maker or the Transfer Agent (as applicable) shall, within five (5) business days following the date of receipt, (A) issue and surrender to a common carrier for overnight delivery to the address as specified in the Conversion Notice, a certificate, registered in the name of Holder or its designee, for the number of shares of Common Stock to which Holder shall be entitled or (B) credit the aggregate number of shares of Common Stock to which such Holder shall be entitled to the Holder's or its designee's balance account at The Depository Trust Company
- (f) The Person or persons entitled to receive the shares of Common Stock issuable upon a conversion of this Note shall be treated for all purposes as the "Record Holder" or Holder of such shares of Common Stock on the Conversion Date
- (g) If the Maker shall fail to issue to Holder within five (5) business days following the date of receipt by the Maker or the Transfer Agent of this Note to be converted pursuant to a Conversion Notice, a certificate for the number of shares of Common Stock to which each Holder is entitled upon Holder's conversion of this Note, in addition to all other available remedies which such Holder may pursue hereunder, the Maker shall pay additional damages to Holder on each day after the fifth (5th) business day following the date of receipt by the Maker or the Transfer Agent an amount equal to 1.0% of the product of (A) the number of shares of Common Stock not issued to Holder and to which Holder is entitled multiplied by (B) the Closing Bid Price of the Common Stock on the business day following the date of receipt by the Maker or the Transfer Agent of the Conversion Notice. The foregoing notwithstanding, Holder at its

option may withdraw a Conversion Notice, and remain a Holder of this Note, if Holder has otherwise complied with this Section 4

(h) If any adjustment to the Conversion Price to be made pursuant to clause f of this Section 4 becomes effective immediately after a record date for an event as therein described, and conversion occurs prior to such event but after the record date, the Maker may defer issuing, delivering, or paying to Holder any additional shares of Common Stock or check for any cash remainder required by reason of such adjustment until the occurrence of such event, provided that the Maker delivers to Holder a due bill or other appropriate instrument evidencing the Holders' right to receive such additional shares or check upon the occurrence of the event giving rise to the adjustment

(i) Until such time as this Note has been fully redeemed, the Maker shall reserve out of its authorized but unissued Common Stock enough shares of Common Stock to permit the conversion of the entire Redemption Price and all accrued and unpaid interest due on this Note at any time. All shares of Common Stock issued upon conversion of this Note shall be fully paid and nonassessable. The Maker covenants that if any shares of Common Stock, required to be reserved for purposes of conversion of this Note hereunder, require registration with or approval of any governmental authority under any federal or state law or listing upon any national securities exchange before such shares may be issued upon conversion, the Maker shall in good faith, as expeditiously as possible, endeavor to cause such shares to be duly registered, approved or listed, as the case may be.

(j) The Conversion Price shall be subject to adjustment from time to time as follows:

(i) If the Maker at any time subdivides (by any stock split, stock dividend, recapitalization, or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in effect immediately prior to such subdivision will be proportionately reduced. If the Maker at any time combines (by combination, reverse stock split, or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased.

(ii) Prior to the consummation of any Organic Change (as defined below), the Maker will make appropriate provision (in form and substance satisfactory to the Holder) to insure that the Holder will thereafter have the right to acquire and receive in lieu of, or in addition to, (as the case may be) the shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Holder's Note, such shares of stock, securities, or assets as may be issued or payable with respect to, or in exchange for, the number of shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Note had such Organic Change not taken place. In any such case, the Maker will make appropriate provision (in form and substance satisfactory to the Holder) with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and substance satisfactory to the Holder), the obligation to deliver to the Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire. For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock, and "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, and a government or any department or agency thereof.

(k) The Holder shall be entitled to piggyback registration rights with respect to the shares of Common Stock issuable upon conversion of this Note by the Holder. The Company agrees to include such shares on the first available registration, including forms S-1, SB-2 or S-3, filed by the Company with Securities and Exchange Commission

(1) Unless the Note is under Default (as defined in Section .5 of the Note) or unless prior to an Organic Change (as defined in Section 4(j)(ii) of the Note), in no event shall the Holder be entitled to convert the Notes in excess of that number, which upon giving effect to such conversion, would cause the aggregate number of shares of Common Stock beneficially owned by the holder and its affiliates to exceed 99.9% of the outstanding shares of the Common Stock following the conversion. For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 4(1), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act

5 Events of Default If any of the following conditions or events shall occur and be continuing: (a) the Maker shall default in the payment of principal of this Note when the same becomes due and payable, (b) the Maker shall admit in writing its inability to pay its debts as such debts become due, (c) the Maker shall make a general assignment for the benefit of creditors, (d) the Maker shall commence a voluntary case under the Federal Bankruptcy Code (as now or hereafter in effect), (e) the Maker shall file a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, or adjustment of debts, (f) there shall have been instituted against the Maker any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings for relief under the Federal Bankruptcy Code or any other law relating to bankruptcy, insolvency or adjustment of debts, which are not dismissed within sixty (60) days after such institution, or (g) the Maker shall take any action for the purposes of effecting any of the foregoing, then, and in any such event, the Holder may at any time (unless all defaults shall theretofore have been remedied) at its option, declare this Note to be due and payable, whereupon this Note shall forthwith mature and become due and payable, together with interest accrued thereon, without presentment, demand, protest or notice, all of which are hereby waived

(ii) Prior to the consummation of any Organic Change (as defined below), the Maker will make appropriate provision (in form and substance satisfactory to the Holder to insure that Holder will thereafter have the right to acquire and receive in lieu of, or in addition to, (as the case may be) the shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Holder's Note, such shares of stock, securities, or assets as may be issued or payable with respect to, or in exchange for, the number of shares of Common Stock immediately theretofore acquirable and receivable upon the conversion of this Note had such Organic Change not taken place In any such case, the Maker will make appropriate provision (in form and substance satisfactory to Holder with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and substance satisfactory to Holder), the obligation to deliver to Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock, and "Person" means an individual, a limited liability company, a partnership, a joint venture, a

For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. (b) If the Holder elects to convert less than the full principal amount of this Note, the Maker shall issue a Note in substantially the same form as this Note, except that the principal amount shall be reduced by the principal amount so converted (exclusive of the redemption premium).

(c) The number of shares of Common Stock issuable upon conversion of this Note is equal to the quotient of the Conversion Amount of that portion of the Note being converted divided by the Conversion Price. Fractional shares will not be issued. In lieu of any fraction of a share, the Maker shall deliver its check for the dollar amount of the less than full share remainder. For purposes of this Note, the "Conversion Price" shall mean the product of (a) .75 and (b) the average closing bid price of the Common Stock for the five trading days ending on the trading day immediately preceding the Conversion Date.

CTRIPromissory Note_082304

(g) If the Maker shall fail to issue to Holder within five (5) business days following the date of receipt by the Maker or the Transfer Agent of this Note to be converted pursuant to a Conversion Notice, a certificate for the number of shares of Common Stock to which each Holder is entitled upon Holder's conversion of this Note, in addition to all other available remedies which such Holder may pursue hereunder, the Maker shall pay additional damages to Holder' on each day after the fifth (5th) business day following the date of receipt by the Maker or the Transfer Agent an amount equal to 1.0% of the product of (A) the number of shares of Common Stock not issued to Holder and to which Holder is entitled multiplied by (B) the Closing Bid Price of the Common Stock on the business day following the date of receipt by the Maker or the Transfer Agent of the Conversion Notice. The foregoing notwithstanding, Holder at its option may withdraw a Conversion Notice, and remain a Holder of this Note, if Holder has otherwise complied with this Section 4.

(h) If any adjustment to the Conversion Price to be made pursuant to clause (j) of this Section 4 becomes effective immediately after a record date for an event as therein described, and conversion occurs prior to such event but after the record date, the Maker may defer issuing, delivering, or paying to Holder any additional shares of Common Stock or check for any cash remainder required by reason of such adjustment until the occurrence of such event, provided that the Maker delivers to Holder a due bill or other appropriate instrument evidencing the Holders' right to receive such additional shares or check upon the occurrence of the event giving rise to the adjustment.

(i) Until such time as this Note has been fully redeemed, the Maker shall reserve out of its authorized but unissued Common Stock enough shares of Common Stock to permit the conversion of the entire Redemption Price and all accrued and unpaid interest due on this Note at any time. All shares of Common Stock issued upon conversion of this Note shall be fully paid and nonassessable. The Maker covenants that if any shares of Common Stock, required to be reserved for purposes of conversion of this Note hereunder, require registration with or approval of any governmental authority under any federal or state law or listing upon any national securities exchange before such shares may be issued upon conversion, the Maker shall in good faith, as expeditiously as possible, endeavor to cause such shares to be duly registered, approved or listed, as the case may be.

(j) The Conversion Price shall be subject to adjustment from time to time as follows:

(i) If the Maker at any time subdivides (by any stock split, stock dividend, recapitalization, or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in

effect immediately prior to such subdivision will be proportionately reduced. If the Maker at any time combines (by combination, reverse stock split, or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased.

In any such case, the Maker will make appropriate provision (in form and substance satisfactory to Holder with respect to such Holder's rights and interests to insure that the provisions of this clause (j) will thereafter be applicable. The Maker will not effect any such consolidation, merger, or sale, unless prior to the consummation thereof the successor entity (if other than the Maker) resulting from consolidation or merger or the entity purchasing such assets assumes, by written instrument (in form and substance satisfactory to Holder), the obligation to deliver to Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, that Holder may be entitled to acquire. For purposes of this Agreement, "Organic Change" means any recapitalization, reorganization, reclassification, consolidation, merger, or sale of all or substantially all of the Maker's assets to another Person (as defined below), or other similar transaction which is effected in such a way that holders of Common Stock are entitled to receive (either directly or upon subsequent liquidation) stock, securities, or assets with respect to or in exchange for Common Stock; and "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, and a government or any department or agency thereof.

The Company agrees to include such shares on the first available registration, including forms S-1, SB-2 or S-3, filed by the Company with Securities and Exchange Commission.

(1) Unless the Note is under Default (as defined in Section 5 of the Note) or unless prior to an Organic Change (as defined in Section 4(j)(ii) of the Note), in no event shall the Holder be entitled to convert the Notes in excess of that number, which upon giving effect to such conversion, would cause the aggregate number of shares of Common Stock beneficially owned by the holder and its affiliates to exceed 9.99% of the outstanding shares of the Common Stock following the conversion. For purposes of the foregoing proviso, the aggregate number of shares of common stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion or exercise of the Notes with respect to which the determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) conversion of the remaining unconverted Notes owned by the Holder or its affiliates, and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the holder and its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 4(1), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act.

(b) **Restrictions on Equity Sales.** The Company will not offer or enter into an agreement to sell equity securities of the Company, under private placement memorandum or other private offering document or letter, whether of equity securities, convertible debt securities, or securities or instruments convertible into or exchangeable for debt or equity securities of the Company, except through an underwritten public offering or after receiving approval by the purchaser as described in 6(f) below.
