REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Plan Administrative Committee of
the Harsco Retirement Savings and Investment Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Harsco Retirement Savings and Investment Plan (the "Plan") at December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of assets held is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. General Description of Plan:

General

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan designed to comply with the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and with the requirements for qualification under Sections 401(a) and 401(k) of the Internal Revenue Code (the "Code").

All U.S. salaried non-union employees (including officers), with the exception of Air-X-Changers salaried employees, who are employed by Harsco Corporation (the "Company") or any subsidiary of either the Company or a subsidiary which adopts this Plan with the approval of the Company shall be covered by, or remain covered by this Plan, are deemed "Eligible Employees." Also eligible are employees covered by a collective bargaining agreement where the agreement provides for the employees' eligibility to participate in the Plan. New employees deemed Eligible Employees under this Plan are eligible to participate in the Plan as of the first payroll of January, April, July or October after the date of hire.

Throughout the year, employees are transferred to various positions within the Company, which may result in a transfer between various retirement plans. This is shown as, "Net transfers in from Harsco Corporation Savings Plan due to employee classification change" on the Statement of Changes in Net Assets Available for Benefits.

Contributions

To participate in the Plan, an Eligible Employee must elect to contribute to the Plan through payroll deductions each pay period. Contributions are in whole percentages from 1% to 75% of compensation received for services as an employee of the Company or any subsidiary of the Company. The participant shall designate what percentage of such contributions will be "Pre-Tax Contributions" and what percentage will be "After-Tax Contributions." A participant who makes Matched Pre-Tax and/or Matched After-Tax Contributions in an aggregate amount of 6% of his or her compensation may also elect to contribute from 1% to 69% of his or her compensation as an Unmatched Pre-Tax Contribution and from 1% to 16% of his or her compensation as an Unmatched After-Tax Contribution, subject to Internal Revenue Service ("IRS") and Plan limitations. In no event during the year may (a) Matched Pre-Tax and Matched After-Tax Contributions exceed 6% of compensation, (b) Unmatched Pre-Tax and Unmatched After-Tax Contribution exceed 69% of compensation or (c) Pre-Tax Contributions exceed the amount specified

NOTES TO FINANCIAL STATEMENTS, continued

1. General Description of Plan: (continued)

by the IRS code which were \$15,500 and \$15,000 for the years ended December 31, 2007 and 2006, respectively, for participants under 50 years of age. For participants who turned 50 on or before the end of the calendar year, the pretax limit was \$20,500 and \$20,000 in 2007 and 2006, respectively, as a result of an additional \$5,000 "catch-up contributions" allowed by law in 2006. Pre-Tax Contributions shall constitute a reduction in the participant's taxable income for purposes of Section 401(k) of the Code. After-Tax Contributions will be considered to be the participant's contributions to the Plan and shall not constitute a reduction in the participant's taxable income for the purposes of Section 401(k) of the Code.

Pursuant to the Plan, the Company will make contributions in cash to the trustee for the account of each participant in an amount equal to 100% of the first 3% of such participant's compensation designated as Matched Pre-Tax Contributions and/or Matched After-Tax Contributions, and 50% of the sum of the next 2% of each eligible Participant's Matched Pre-Tax Contributions and/or Matched After-Tax contributions for the period. These contributions are referred to as "Company Matching Contributions".

As of December 31 of each plan year, the employer may make a Company discretionary contribution to the Plan in an amount determined by the Company's board of directors. Employer discretionary contributions are allocated to the accounts of eligible participants in the proportion that each eligible participant's compensation bears to the aggregate compensation of all eligible participants who are entitled to an allocation of the Company discretionary contribution for that Plan year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and Company Matching Contributions to the Plan. Vesting in the Company's Harsco Savings Matching Accounts and discretionary contributions are based on years of vesting service. A participant is 100% vested in the Company's Matching Accounts transferred from the Harsco Savings Plan after three years of credited service. A participant is 100% vested in the Company's discretionary contributions after five years of credited service for any discretionary contributions made to the Plan for Plan years ending on or before December 31, 2006. For years commencing on and after January 1, 2007, the participant is 100% vested in the Company's discretionary contributions after three years of credited service.

Administration

The company pays administration fees related to maintaining the Plan as a whole. Fees for investment management, which include recordkeeper fees, are subtracted from fund performance reported by each fund. Loan setup fees, quarterly loan fees and withdrawal fees are paid by the participant. Transfers in and out of the Harsco Corporation Common Stock Fund are assessed a \$0.03 commission per share transferred.

1. General Description of Plan: (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 to a maximum of 50% of their vested account balance, not to exceed \$50,000. Loan transactions are treated as a transfer to (from) the respective investment fund(s) from (to) the Participant Loans fund. The participant may choose the loan repayment period, not to exceed five years. However, the term may be for any period not to exceed 15 years if the purpose of the loan is to acquire the participant's principal residence. The loans are collateralized only by the portion of the participant's account from which the loan is made and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan administrator. Interest rates on outstanding loans, based on the prime rate plus one percent, ranged from 4.75% to 10.50% at December 31, 2007. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant or beneficiary may elect one of three options. The participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account; a portion paid in a lump-sum, and the remainder paid later; or annual installments over not more than fifteen years.

Forfeitures

Forfeitures, which are a result of participant withdrawals prior to their full vesting in the Plan, are used to restore accounts, to pay Plan fees and expenses, and to reduce the amount of future Company matching contributions or Company discretionary contributions as directed by the Plan Administrator.

Investment Options

The Plan, comprised of participant directed contributions, contains the following investment options:

- (1) Harsco Corporation Common Stock Fund – a fund consisting of Common Stock of Harsco Corporation purchased in the open market or through privately negotiated transactions to the extent permitted by rules of the New York Stock Exchange and the Securities and Exchange Commission.
- (2) American Funds EuroPacific Growth Fund – a long-term growth oriented fund consisting primarily of stocks of issuers located in Europe and the Pacific Basin.
- (3) American Funds Growth Fund of America – a long-term growth oriented fund consisting primarily of stocks that American Funds management believes offer superior opportunities for growth of capital.

NOTES TO FINANCIAL STATEMENTS, continued

1. General Description of Plan: (continued)

- (4) Thornburg Core Growth Fund – a fund consisting primarily of investments in domestic equity securities selected for their growth potential. However, the fund may own a variety of securities including foreign equity securities and debt securities.
- (5) CRM Mid Cap Value Fund – a fund seeking long-term capital appreciation. The fund normally invests at least 80% of its total assets in a diversified portfolio of equity or equity-related securities including common and preferred stocks of companies that have a market capitalization equal to those of companies in the Russell Midcap Value Index and those publicly traded on a U.S. securities market.
- (6) Dodge & Cox Stock Fund – a fund consisting principally of common stock with a primary objective of long-term growth and income. The fund’s secondary objective is to achieve a reasonable current income.
- (7) Morgan Stanley Institutional Fund, Inc. U.S. Real Estate Fund – a fund consisting primarily of equity securities of companies in the U.S. real estate industry, including real estate investment trusts. The fund seeks to provide above average current income and long-term capital appreciation.
- (8) Neuberger Berman Genesis Trust Fund – a fund consisting mainly of common stock of small capitalization companies that offer potential for capital growth.
- (9) PIMCO Total Return Fund – a fund consisting, under normal circumstances, of at least 65% of its assets in a diversified portfolio of fixed income instruments of varying maturities. The fund seeks maximum total returns, consistent with preservation of capital and prudent investment management.
- (10) Putnam Bond Index Fund – a fund consisting of a sample of securities included in the Lehman Brothers Aggregate Bond Index. The fund’s goal is to achieve a return, before the assessment of any fees that closely approximates the index.
- (11) Putnam Income Fund – a fund seeking high current income consistent with what Putnam management believes to be prudent risk. The fund includes principally investments in bonds and other debt securities. Bonds include both corporate and government bonds.
- (12) Putnam Money Market Fund – a fund seeking as high a rate of current income as Putnam’s management believes is consistent with preservation of capital and maintenance of liquidity. The fund consists of short-term high-quality money market securities. Investments in this fund are neither insured nor guaranteed by the U.S. government.
- (13) Putnam New Opportunities Fund – a fund consisting primarily of investments in common stock of U.S. companies within certain industry groups that Putnam management believes have high growth potential.

NOTES TO FINANCIAL STATEMENTS, continued

1. General Description of Plan: (continued)

(14) Vanguard Institutional Index Fund – a fund consisting of investments in the same stocks and in substantially the same percentages as the S&P 500 Index.

(15) T. Rowe Price Retirement Funds (2005-2055) – a series of funds employing an asset allocation strategy based on investors' projected retirement year. The fund invests in a combination of T. Rowe Price mutual funds representing different types of stocks and bonds.

The Plan provides for various investment options as described above. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Plan Termination

While the Company has not expressed any intent to discontinue the Plan, it reserves the right to terminate the Plan at any time or discontinue contributions thereunder. In the event such discontinuance resulted in the termination of the Plan, the accounts of each affected employee who has not yet incurred a break in service shall be fully vested. Complete distributions or withdrawals would be distributed to Plan participants and beneficiaries in proportion to their respective account balances.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation:

The Harsco Corporation Common Stock Fund is stated at market value, which represents the closing price of the stock on the Composite Reporting Tape of the stock exchanges on the last day of trading of the calendar year. Shares in mutual funds are valued at net asset value, which represents fair value. Putnam Bond Index Fund is a collective trust which is stated at unit value. Cash, which represents funds held until purchases of common stock are completed, is stated at fair value. Participant loans are valued at their outstanding balance which approximates fair value.

Payment of Benefits:

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS, continued

2. Summary of Significant Accounting Policies: (continued)

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Income Recognition:

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the market value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

The purchase and sale of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. Both participant contributions and Company matching contributions are accrued in the period of the related payroll deductions.

Forfeitures:

Participant withdrawals prior to their full vesting in the Plan result in forfeitures, which are used to reduce the amount of future Company matching contributions. In 2007 and 2006, forfeited amounts of \$112,129 and \$67,470, respectively, were used to offset Company matching contributions, while \$4,720 and \$8,957 remained in a money market fund at December 31, 2007 and 2006, respectively, to be used to offset future Company matching contributions.

NOTES TO FINANCIAL STATEMENTS, continued

3. Investments:

The following table separately identifies those investments which represent five percent or more of the Plan's net assets at December 31, 2007 with comparable information for 2006:

(in thousands)	December 31 2007	December 31 2006
Harsco Corporation Common Stock Fund	\$ 114,266	\$ 69,192
Vanguard Institutional Index Fund	17,256	16,309
Putnam Money Market Fund	23,832	13,676
American Funds EuroPacific Growth Fund	14,450	11,196
Dodge & Cox Stock Fund	13,657	10,252
Neuberger Berman Genesis Trust Fund	10,436	9,436
Other	59,621	55,877
	\$ 253,518	\$ 185,938

During 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$49,709 as follows:

(in thousands)

Common stock	\$ 45,074
Mutual funds	4,635
	\$ 49,709

4. Related-Party Transactions:

Certain Plan investments are shares of mutual funds managed by Putnam Investments. Putnam Investments is a sister company of Mercer Human Resource Services which is the trustee and record keeper for the plan. Transactions in these funds qualify as party-in-interest transactions.

Transactions in the Harsco Corporation Common Stock Fund also qualify as party-in-interest transactions. The Plan purchased \$35,769,338 and sold \$43,225,991 of Company stock during the year ended December 31, 2007.

5. Plan Amendments:

January 1, 2006, the Plan was amended to permit participation by certain groups of hourly employees, to permit expanded safe harbor hardship withdrawals for funeral and casualty expenses and expedited hardship withdrawals for certain participants impacted by the effects of Hurricane Katrina, to suspend contributions for six months following hardship withdrawals, to comply with the requirement that Non-Discrimination Testing

NOTES TO FINANCIAL STATEMENTS, continued

5. Plan Amendments: (continued)

procedures must be included in the Plan document, and to grant authority to the Benefits Committee to adopt Plan amendments which are needed due to regulatory changes and which have no substantial adverse financial impact upon the Employer of the Plan.

January 1, 2007, the Plan was amended to change the vesting of Company discretionary contributions. For years ending prior to January 1, 2007, vesting of Company discretionary contributions continues to be after five years of credited service. For years ending after January 1, 2007, a participant's Company discretionary contributions will vest upon three years of credited service.

August 1, 2007, the Plan was amended to provide that an employee's service with Zeta Tech (a Company acquisition during 2007) be counted for purposes of determining his vesting service under the Plan.

6. Tax Status:

The Company received a determination letter from the IRS on May 19, 2005 that the Plan is a qualified plan under Sections 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from Federal income taxes under the provisions of Section 501(a). During January 2007, the Plan and all amendments to date were submitted to the IRS for a new determination letter. At the time of this report, the new determination letter has not been received, however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

7. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the statements of net assets available for benefits.

8. Accounting Pronouncements:

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard No. 157 "Fair Value Measurements" (SFAS 157). The standard defines fair value, outlines a framework for measuring fair value and details the required disclosures about fair value measurements. The standard is effective for fiscal years beginning after November 15, 2007. The Company is currently in the process of evaluating the adoption of SFAS 157 and does not believe there will be a material impact on the financial statements of the Plan.

9. Subsequent Events:

Plan assets at December 31, 2007, included the assets of Plan participants which were employees of a divested operating segment of the Company. The operating segment was divested in December 2007. In January 2008, the fair value of these assets of \$5,970,522, were transferred out of the Plan to a qualified trust of the acquiring company.
