PROXY STATEMENT

INTRODUCTION

This Proxy Statement is being furnished by Atlas Minerals Inc., a Colorado corporation ("the Company"), to its shareholders in connection with the solicitation of proxies to be voted at the annual meeting of shareholders to be held on April 29, 2003 and at any adjournments thereof (the "Meeting").

This Proxy Statement is being mailed or given by the Company to all shareholders entitled to vote at the Meeting on or about April 4, 2003, together with the Proxy and the Annual Report of the Company, including the audited financial statements for the fiscal year ended December 31, 2002, as contained in the Form 10-KSB as filed with the Securities and Exchange Commission.

The principal executive offices of the Company are located at 10920 West Alameda Avenue, Suite 205, Lakewood, Colorado 80226 (telephone: 303-292-1299).

VOTING SECURITIES

The only class of voting securities of the Company is its Common Stock. On March 26, 2003, the record date for the determination of shareholders entitled to notice of and to vote at the Meeting, 5,915,103 shares of Common Stock (par value \$0.01) of the Company were outstanding. Only shareholders of record at the close of business on the record date are entitled to notice of and to vote at the Meeting.

Shareholders have one vote for each share of the Company's Common Stock registered in their names. The presence, in person or by proxy, of the holders of at least a majority of the total number of outstanding shares of the Company's Common Stock entitled to vote at the Meeting is necessary to constitute a quorum for the conduct of business. The Company is incorporated in Colorado, and is not required by Colorado corporation law or its Articles of Incorporation to permit cumulative voting in the election of directors. Accordingly abstentions or broker non-votes will have no impact on the election. In all other matters, action is approved if the votes cast in favor exceed the votes cast in opposition, and therefore abstentions and broker non-votes will not be the equivalent of negative votes.

REVOCABILITY OF PROXIES

When the enclosed Proxy is properly executed and returned, the shares it represents will be voted at the Meeting in accordance with any directions noted thereon, and if no directions are indicated, the shares it represents will be voted in favor of the proposals set forth in the notice attached hereto. Any

person giving a Proxy in the form accompanying this Proxy Statement has the

Edgar Filing: ATLAS MINERALS INC - Form DEF 14A

power to revoke it any time before its exercise. You have the right to cancel or change your proxy once you have returned it to the Company by doing the following at any time prior to the Meeting: (i) you can deliver a written notice of cancellation of your proxy to the principal executive office of the Company; or (ii) you can fill out and mail another proxy card with a later date to the Company; or (iii) you can attend the Meeting and vote in person.

SOLICITATION OF PROXIES

All expenses in connection with solicitation of proxies will be borne by the Company. The Company will pay brokers, nominees, fiduciaries, or other custodians their reasonable expenses for sending proxy material to, and obtaining instructions from, persons for whom they hold stock of the Company. The Company expects to solicit proxies by mail, but directors, officers, and other employees of the Company may also solicit in person, by telephone, by telegraph or by mail. They will not, however, receive additional compensation for soliciting shareholder proxies. Except as described above, the Company does not intend to solicit proxies other than by mail. The Company has engaged the services of Allen Nelson & Co. ("Nelson & Co.") of P.O. Box 16157, Seattle, Washington, U.S.A. 98116, as agents to solicit proxies on behalf of management of the Company. Nelson & Co. will be paid a fee by the Corporation of approximately US\$900 for its services.

BOARD COMMITTEES AND MEETINGS

The Company has a standing Audit Committee and a standing Compensation Committee, for which the Board of Directors appoints all members. The Board members on each of the Audit Committee and the Compensation Committee are Messrs. Cook, Groshoff and Miller. During the fiscal year ended December 31, 2002, an committee of independent directors, being Messrs. Cook, Groshoff and Miller, was set up to provide oversight regarding a proposed merger between Western Gold Resources, Inc. (WGR) and the Company as well as to coordinate the due diligence review of WGR's primary asset, the Estrades mining property located in Quebec.

8

COMPENSATION COMMITTEE

The principal functions of the Compensation Committee are to establish and review the Company's compensation policies and to recommend compensation for senior officers. It is the policy of the Committee to monitor the goals of the Company's executive officers as they continue to strive to improve corporate performance and increase shareholder value. It is the Committee's goal that executive compensation be linked to competitive conditions and to expected contributions to improvements in the Company's performance and share price. The Committee believes that this policy will contribute to the maximization of the possibilities for enhanced shareholder value by assisting the Company in attracting, retaining and motivating executive officers and employees who will contribute to the growth and success of the Company.

The principal components of the compensation program are basic salary and, in appropriate cases, cash bonus based on achievement of specified performance goals. The Committee reviews each executive officer's salary periodically. In considering salary, the Committee has considered the executive officer's level of responsibility and accountability, prior experience and comparisons with comparable businesses.

AUDIT COMMITTEE

The role of the Audit Committee, which is composed of Robert Miller (Chair), Douglas R. Cook and David A. Groshoff, is to assist the Board of Directors in fulfilling its oversight responsibilities for Management's conduct of the Company's financial reporting processes, recommend the selection of the Company's independent auditors, review with the independent auditors the scope and anticipated cost of their audit, and receive and consider a report from the independent auditors concerning their conduct of the audit.

The Board has determined that all members of the Audit Committee are "independent," as required by Rule 4200(a)(15) of the listing standards of the

Edgar Filing: ATLAS MINERALS INC - Form DEF 14A

National Association of Securities Dealers.

AUDIT COMMITTEE REPORT

The Audit Committee recommends to the Board of Directors, subject to shareholder ratification, the selection of the Company's independent auditors.

In March 2002, the Audit Committee adopted a written charter, defining its role, membership, meetings and responsibilities.

Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Committee's responsibility is to monitor and oversee these processes.

In performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also met with and discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect.

9

Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Discussions with Audit Committees, as currently in effect, and has discussed with the independent auditors their independence from the Company and its management, and has considered whether the provision of non-audit services to the Company by the independent auditors is compatible with maintaining the auditors' independence, and concluded that it is compatible.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, are not employed by the Company for accounting, financial management or internal control purposes, and are not experts in the fields of accounting or auditing, including with respect to auditor independence. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that Management has maintained appropriate accounting and financial reporting principles and policies, or internal controls and procedures, designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent".

Based upon the reports and discussions described above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002 filed with the Securities and Exchange Commission.
