1. Pursuant to an Agreement and Plan of Merger dated as of September 28, 2005 (the **Merger Agreement**), by and among General Electric Company, a New York corporation (**GE**), Igloo Acquisition Corporation, a Delaware corporation and a wholly owned subsidiary of GE (**Transitory Sub**), and IDX Systems Corporation, a Vermont corporation (**IDX**), and subject to the conditions set forth therein (including approval by shareholders of IDX) and an Assignment Agreement dated as of October 4, 2005 (the **Assignment Agreement**), between Igloo Acquisition Corporation, a Vermont corporation and a wholly owned subsidiary of GE (**Merger Sub**) and Transitory Sub assigning all of Transitory Sub's rights, interests and obligations under the Merger Agreement to Merger Sub, Merger Sub will merge with and into IDX, and IDX will become a wholly owned subsidiary of GE (such events constituting the **Merger**). 6,229,182 shares of IDX common stock (and up to an additional 1,355,877 shares of IDX common stock that may be acquired by the Shareholders (as defined below) pursuant to stock options to acquire shares of IDX common stock) (the **Shares**) are subject to Shareholder Agreements (the **Shareholder Agreements**) entered into by GE and certain shareholders of IDX (see Schedule A attached hereto) (the **Shareholders**). Agreement, the Shareholder party thereto has agreed, among other things, to vote (or cause to be voted) its or his Shares (a) in favor of the Merger, the approval of the Merger Agreement and each of the other transactions contemplated by the Merger Agreement and (b) against any alternative transaction. Each Shareholder may vote the Shares held by it or him on all other matters. As part of its Shareholder Agreement, each Shareholder has granted an irrevocable proxy to GE with respect to the voting of the Shares owned by such Shareholder for the matters covered by such Shareholder Agreement.

2. GE expressly disclaims beneficial ownership of any of the shares of IDX common stock covered by the Shareholder Agreements.
3. Based on 31,437,138 shares of IDX common stock being outstanding as of November 11, 2005 and the 1,355,877 shares of IDX common stock that may be acquired by the Shareholders pursuant to stock options, the number of shares of IDX common stock indicated represents 23.1% of the outstanding shares of IDX common stock.

Edgar Filing: IDX SYSTEMS CORP - Form SC 13D/A

This statement on Schedule 13D (this **Statement**) relates to the Schedule 13D filed with the Securities and Exchange Commission on October 11, 2005 (the **Original Schedule 13D**), with respect to the common stock, par value \$0.01 per share, of IDX Systems Corporation, a Vermont corporation (**IDX**), filed on behalf of General Electric Company, a New York corporation (**GE**).

As an inducement for GE to enter into an Agreement and Plan of Merger dated as of September 28, 2005 (the **Merger Agreement**), by and among GE, Igloo Acquisition Corporation, a Delaware corporation and a wholly owned subsidiary of GE (**Transitory Sub**), and IDX, and in consideration thereof, certain shareholders of IDX listed on Schedule B of the Original Schedule 13D (the **Original Shareholders**) entered into Shareholder Agreements with GE dated as of September 28, 2005, forms of which are attached as Exhibit 2 to the Original Schedule 13D (the **Original Shareholder Agreements**). By executing the Original Shareholder Agreements, the Original Shareholders agreed to vote 6,331,450 shares of IDX common stock (and up to an additional 1,355,877 shares of IDX common stock that may be acquired by the Original Shareholders pursuant to stock options to acquire shares of IDX common stock) (the **Original Subject Shares**). As of October 26, 2005, the record date for the special meeting of shareholders of IDX at which the Merger Agreement will be considered, the number of shares set forth in the preceding sentence were subject to the Original Shareholder Agreements.

Subsequent to the execution of the Original Shareholder Agreements and the filing of the Original Schedule 13D, certain of the Original Shareholders (Messrs. Hoehl, Crook and Tarrant) approached GE to request a waiver to permit the sale or transfer of certain of their Original Subject Shares. In connection with these requests, the Original Shareholders arranged for certain of the transferees and one other entity to enter into substantially similar shareholder agreements (described further below). Following the sales and transfers referred to above, and the execution of the new shareholder agreements on December 6, 2005, the number of shares now subject to shareholder agreements with GE has been reduced to 6,229,182 shares of IDX common stock (and up to an additional 1,355,877 shares of IDX common stock that may be acquired by the Shareholders pursuant to stock options to acquire shares of IDX common stock). Such shares and options constitute 23.1% of the issued and outstanding shares of IDX common stock based on the number of shares of IDX common stock outstanding as of November 11, 2005 and the outstanding 1,355,877 shares of IDX common stock that may be acquired by the Shareholders pursuant to stock options.

As described above, certain of the Original Shareholders (each a **Transferring Shareholder**) wished to transfer (the **Transfers**) certain of their Original Subject Shares to transferee(s) (each a **Transferee**). To induce GE to permit the Transfers, certain of the Transferees offered to enter into shareholder agreements (the **New Transferee Shareholder Agreements**), the form of which is attached as Exhibit 1.1 to this Statement, and which are substantially similar to the Original Shareholder Agreements.

In addition, certain of the Original Shareholders (each a **Selling Shareholder**) wished to sell certain of their Original Subject Shares (the **Gift Shares**), and donate the proceeds to certain charitable entities (the **Gifts**). To induce GE to permit the sale of the Gift Shares, a limited liability company holding certain shares of IDX common stock primarily for the benefit of Mr. Hoehl's children (the **New Shareholder**, the New Shareholder together with the Transferees, the **New Shareholders**) offered to enter into a Shareholder Agreement (the **New Shareholder Agreement**), the form of which is attached as Exhibit 1.2 to this Statement, and which is substantially similar to the Original Shareholder Agreements (the New Shareholder Agreement together with the New Transferee Shareholder Agreements, the **New Shareholder Agreements**).

The release of the Original Subject Shares to permit the Transfers and the Gifts was effected pursuant to an amendment and waiver to the Original Shareholder Agreement (the **Shareholder Agreement Amendments**), the form of which is attached as Exhibit 2.1 to this Statement.

Item 3 is hereby amended by adding the following:

Item 3. Source and Amount of Funds or Other Consideration

GE did not pay additional consideration to the Shareholders in connection with the execution and delivery of the New Shareholder Agreements or the Shareholder Agreement Amendments.

Item 4 is hereby amended by adding the following to the end thereof:

Item 4. Purpose of Transaction

After giving effect to the Transfers and Gifts and execution of the New Shareholder Agreements and the Shareholder Agreement Amendments, the number of shares now subject to shareholder agreements with GE has been reduced to 6,229,182 shares of IDX common stock (and up to an additional 1,355,877 shares of IDX common stock that may be acquired by the Original Shareholders pursuant to stock options to acquire shares of IDX common stock).

Item 5 is hereby amended as follows:

Item 5. Interest in Securities of the Issuer

(a) - (b) After giving effect to the Transfers and Gifts and execution of the New Shareholder Agreements and the Shareholder Agreement Amendments, the number of shares now subject to shareholder agreements with GE has been reduced to 6,229,182 shares of IDX common stock (and up to an additional 1,355,877 shares of IDX common stock that may be acquired by the Shareholders pursuant to stock options to acquire shares of IDX common stock). Such IDX shares and options constitute 23.1% of the issued and outstanding shares of IDX common stock based on the number of shares of IDX common stock outstanding as of November 11, 2005 and the outstanding 1,355,877 shares of IDX common stock that may be acquired by the Shareholders pursuant to stock options.
