**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and Directors and persons who own more than 10% of any class of our equity securities to file forms with the Securities and Exchange Commission ( SEC ) and NASDAQ reporting their ownership and any changes in their ownership of those securities. These persons also must provide us with copies of these forms when filed. Based on a review of copies of those forms, our records, and written representations from our Directors and executive officers that no other reports were required, we believe that all Section 16(a) filing requirements were complied with during and for 2008, except for a Form 3 for Martin Nielsen.

*Code of Conduct*

We have a Code of Conduct that is applicable to all employees, including executive officers, as well as to directors to the extent relevant to their service as directors. The committee charters and Code of Conduct are available on our website at [www.globalstar.com](http://www.globalstar.com) by clicking on Corporate Site, Investor Relations and Corporate Governance. You may request a copy of any of these documents to be mailed to you by sending a written request therefor to our Corporate Secretary or Director of Investor Relations at 461 South Milpitas Boulevard, Milpitas, CA 95035. We will post any amendments

to, or waivers from, the Code of Conduct that apply to our principal executive and financial officers on our website.

*Procedure to Recommend Nominees for Our Board of Directors*

We have made no material changes to the procedures by which stockholders may recommend nominees to our Board as described in our proxy statement for the 2008 Annual Meeting of Stockholders.

*Audit Committee*

We have a separately designated standing Audit Committee established in accordance with federal securities laws. The current members of the Audit Committee are Messrs. Dalton, Jones and McIntyre, all of whom have been determined by the Board to be independent under applicable SEC and NASDAQ standards. Mr. Dalton serves as Chairman, and the Board has determined that he is an audit committee financial expert as defined by SEC rules.

**Item 11. Executive Compensation**

*Compensation Discussion and Analysis*

*Overview*

Our compensation program for executive officers is intended to:

- provide each officer with a conservative base salary; and
- create an incentive for retention and achievement of our long-term business goals using a sizeable, multi-year stock bonus program.

The Compensation Committee and its delegate are responsible for evaluating the performance of, and reviewing and approving all compensation of, our executive officers, including those executive officers named on the Summary Compensation Table (the Named Executive Officers). The full Board also approves equity awards to all executive officers, including the Named Executive Officers and directors, to preserve the

## Edgar Filing: Globalstar, Inc. - Form 10-K/A

exemption from short swing liability under Section 16(b) of the Securities Exchange Act of 1934.

### *Compensation Philosophy*

We have designed our compensation structure for executive officers to attract and retain the most qualified individuals in the mobile satellite service industry. We compensate senior executive officers party to a Designated Executive Award Agreement with a conservative base salary and incentivize them to remain with us through a long-term stock bonus program. We implemented the stock bonus program in collaboration with the senior executive officers in an effort to focus cash payments to our planned capital expenditures for our second-generation satellite constellation. We reviewed market data with respect to the base salary component of this philosophy. The Compensation Committee has not independently reviewed

Table of Contents

peer group or other market data in setting base salaries or incentive compensation for senior executives.

*Elements of Compensation*

The principal elements of our compensation for the Named Executive Officers are base salary and the opportunity to receive annual bonus awards under the Designated Executive Award Agreements pursuant to the Amended and Restated 2006 Equity Incentive Plan. We also match a portion of all contributions by executives to our 401(k) Plan or applicable Canadian plan, as well as providing certain Named Executive Officers with limited perquisites.

Base Salaries. We have established base salaries according to each Named Executive Officer's position, responsibilities and performance. We do not pay Mr. Monroe a salary for his services as Chairman and Chief Executive Officer. We have not increased base salaries for the other Named Executive Officers in the last five years, except, in the case of Mr. Ahmad, on his promotion to Chief Financial Officer in June 2005 and to Senior Vice President in December 2007 and, in the case of Mr. Bell, for adjustments for changes in the value of the Canadian dollar in years prior to 2007. The salary for Mr. Navarra is consistent with his prior salary during his employment by our predecessor, Globalstar, L.P. The Committee does not anticipate that any new executive officer would be compensated with a higher base salary than that of the current Named Executive Officers.

Designated Executive Award Agreements. Effective August 10, 2007 (the Effective Date), the Board, upon recommendation of the Compensation Committee, approved the concurrent termination of the former cash-based Executive Incentive Compensation Plan and awards of restricted stock or restricted stock units under the 2006 Equity Incentive Plan to the Named Executive Officers who participated at that time in the Executive Incentive Compensation Plan (the Participants). Each award agreement provides that the Participant will receive awards of restricted Common Stock or restricted stock units, which, upon vesting, each entitle the Participant to one share of Common Stock. Total benefits per Participant (valued at the grant date) are approximately \$6.0 million, which represents an increase of approximately \$1.5 million in potential compensation compared to the maximum potential benefits under the Executive Incentive Compensation Plan. However, the new award agreements extended the vesting period by up to two years and provided for payment in shares of Common Stock instead of cash, thereby enabling us to conserve our cash for capital expenditures for the procurement and launch of our second-generation satellite constellation and related ground station upgrades.

Pursuant and subject to the award agreements, one-third of the 71,499 shares awarded to each Participant in 2007 vest in each of 2008, 2009 and 2010 not earlier than the third business day after we announce our financial results for the preceding year (each on Annual Vesting Date), the 190,658 shares awarded to each Participant in 2007 vest on the Annual Vesting Date in 2011, the 95,329 shares awarded to each Participant on the Annual Vesting Date in 2008 vest on the Annual Vesting Date in 2011 and the shares awarded or to be awarded on each of the Annual Vesting Dates in 2008, 2009 and 2010 (the number of shares awarded on each Annual Vesting Date will be equal to 750,000 divided by the then market price of the Common Stock) vest immediately upon their award. All of the vesting dates are subject to postponement to the first date on which the shares may be sold as permitted by our Insider Trading Policy and applicable law.

Table of Contents

If we or stockholders owning more than 50% of our outstanding voting stock enter into one or more final and binding agreements that would result in a change of control before all awards have been granted and all shares subject thereto have vested, all non-granted awards or unvested shares under the awards will be granted or vest seven trading days before the effective date of the change of control, except in the following circumstances. If the agreement governing the change of control transaction provides for assumption or substitution of the Awards by the successor and requires that a Participant remain employed by us or our successor for up to 12 months after the effective date of the change of control at a compensation level not less than the compensation received (except pursuant to the award agreement) prior to the change of control, the Participant agrees, under certain circumstances, to accept employment and any unvested awards at the effectiveness of the change of control will vest on the earlier of 12 months following the change of control or termination of the Participant's employment by us or our successor. If the agreement governing the change of control transaction provides for assumption or substitution of the awards by the successor and requires that a Participant remain employed by us or our successor for more than 12 months after the effective date of the change of control, the Participant agrees, under certain circumstances, to accept employment for up to 24 months and any Awards will vest as to 50% on each of the first and second anniversaries of the change of control unless the Participant is terminated prior to those times or the vesting date in 2011 occurs.

All Awards not previously granted or vested under the award agreements will be granted and vested immediately (subject to our Insider Trading Policy and applicable law) upon the Compensation Committee's determination that at least 24 second-generation satellites have entered commercial service and are performing satisfactorily in carrying two-way voice and data, revenue capable, communications service.

Except in the circumstances described below, termination of a Participant's employment for any reason or a Participant's resignation for any reason will result in forfeiture of previously awarded but unvested awards or restricted stock and forfeiture of any right to receive additional awards. If we terminate a Participant other than for cause before any annual vesting date, a pro rata portion of the shares that would have vested on the next annual vesting date will vest. If we terminate a Participant other than for cause and the effective date of a change of control occurs within six months after such termination, the unvested portion of the 2007 awards will vest, and the ungranted and unvested portions of the Participant's 2008, 2009 and 2010 awards will be granted and vested on the effective date of the change of control. In addition, if these exceptions do not apply and a Participant's employment terminates prior to the annual vesting date in 2011 due to the Participant's death or disability, the Participant's legal beneficiary will receive any shares that would have vested on the next annual vesting date.

Management Incentive Bonus Plan. In 2007 and 2008, the Compensation Committee approved a follow-on Management Incentive Bonus Plan covering the period from March 1, 2007 to February 29, 2008 and March 1, 2008 to February 28, 2009, respectively. Under the Management Incentive Bonus Plan, vice presidents and manager level employees are eligible to receive annual bonuses payable in stock. The Named Executive Officers do not participate in this plan. Mr. Monroe established one overall company goal applicable to all participants. The president and individual vice presidents then established three objective individual performance goals for each participant in his or her department, with final review and approval of these goals by

Table of Contents

Mr. Monroe. The performance goals were intended to be objective, measurable, and consistent and coherent across departments. Bonus opportunities were set at a percentage of average base salary by managerial level. In March 2008, after the achievement of these performance-based goals had been evaluated by the supervisors of the participants, the Compensation Committee authorized the payment to 91 employees of an aggregate of 249,165 shares of Common Stock from shares available under the 2006 Equity Incentive Plan.

All Other Compensation.

We match a portion of the 401(k) contributions of all U.S. employees, including Named Executive Officers. In 2008, we contributed \$0.50 for each \$1.00 contributed by an employee, up to 4% of the employee's base salary. In addition, Messrs. Navarra and Ahmad are eligible for a benefit under our Retirement Plan. This Plan is frozen, and there was no change in value for these Named Executive Officers in 2008. In Canada, we contribute to a Retirement Savings Program for Mr. Bell. We valued the 2008 contribution at US \$8,969 (exchange rate of \$1.00 = CAD \$1.0592 on the date of contribution).

We provide limited perquisites to certain Named Executive Officers consisting primarily of premiums for term life insurance policies, funding of flexible spending accounts and, in one case, a car allowance.

We reimburse Thermo for transportation, lodging and meal expenses incurred by Messrs. Monroe, Lynch and Roberts in connection with performing their services for us. These reimbursements are reviewed and approved for payment by our Chief Financial Officer during the course of a year. The Compensation Committee reviews the total reimbursement amount annually. During 2008, we reimbursed Thermo approximately \$219,000 for these expenses.

*Tax and Accounting Implications*

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code prohibits us from taking an income tax deduction for any compensation in excess of \$1 million per year paid to its chief executive officer or any of its other three most-highly compensated executive officers, unless the compensation qualifies as performance-based pay under a plan approved by stockholders. We may or may not design future compensation programs so that all compensation above \$1 million will be performance-based to permit deductibility.

*Summary Information*

The table below summarizes, for 2008, 2007 and 2006, the compensation of our principal executive officer, our principal financial officer, and our three most highly paid other executive officers (collectively referred to as the Named Executive Officers).

*Pension Plan*

Mr. Navarra and Mr. Ahmad are entitled to benefits under a defined benefit pension plan originally maintained by Space Systems/Loral for employees of our predecessor, among others. The accrual of benefits in our predecessor's segment of this plan was curtailed, or frozen, as of October 23, 2003. On June 1, 2004, the assets and frozen pension obligations of our predecessor's segment of the plan were transferred to a new Globalstar Retirement Plan, which remains frozen. We continue to fund the plan in accordance with Internal Revenue Code requirements, but participants are not currently accruing benefits beyond those accrued at October 23, 2003. The estimated annual benefits payable upon retirement at normal retirement age to Mr. Navarra and Mr. Ahmad are \$35,349 and \$2,000 respectively. The actual amount of the estimated annual benefit depends upon a number of factors such as time of retirement, years of contributions to the Plan, final average salary, social security wage base and the election for receipt of benefit payments. The estimated annual benefits upon retirement include either a contributory benefit (for those who have enrolled in the Plan) or a non-contributory benefit or a combination of both. The non-contributory benefit equals \$21 per month times the years of non-contributory service. The contributory benefit is the larger of the primary benefit formula, which factors in Social Security and a minimum benefit formula, which does not. The assumptions for valuation of the Pension Plan are described in Note 7 to our Consolidated Financial Statements contained in our Annual Report on Form 10-K filed on March 31, 2009.

*Payments Upon Termination or Change In Control*

Except as described below, we have not entered into employment agreements with our executive officers, including the Named Executive Officers. Voluntary termination of employment or retirement would not result in any payments to the Named Executive Officers beyond the amounts each would be entitled to receive under our pension and retirement plans. We pay life insurance premiums for all U.S.-based employees that would be paid (based on a multiple of salary) to the employee's beneficiary upon death, in addition to an immediate payment of two-weeks base salary.

We also have a severance allowance applicable to all U.S.-based employees if an employee is terminated due to a reduction in force plan of ten or more positions and upon the employee's execution of a release of claims. Under this plan, Mr. Ahmad, Mr. Navarra, Mr. Miller and Mr. Allen would receive a lump sum payment equal to four, six, three and three week's base salary, respectively. As a Canadian employee without a written employment agreement, Mr. Bell will be entitled to compensation in the event of his dismissal without cause in accordance with the Canada Labour Code and Canadian common law. Such compensation is determined at the time of dismissal and is subject to negotiation.

Vesting of shares of Common Stock awarded under the executive award agreements will accelerate upon a change of control as described above in Compensation Discussion and Analysis Designated Executive Award Agreements.

on the closing price of Common Stock on the date of grant. We paid the Chairman of the Audit Committee (Mr. Dalton) additional compensation of \$10,000, paid in shares of Common Stock on the same basis. On November 14, 2008, the Board approved a change in our director compensation structure. In lieu of the last two quarterly grants of restricted stock in payment of 2008 board fees (with a total value of \$15,000), and in consideration of future service on the Board through November 1, 2010, the Board granted options to each director to purchase 200,000 shares of Common Stock at an exercise price of \$0.38 per share, which was the closing price of Common Stock on the date of grant. The options were granted under the 2006 Equity Incentive Plan to all directors, including our Chairman of the Board and Chief Executive Officer. All of the options are vested, but options with respect to 100,000 shares of Common Stock are subject to decreasing incremental risk of forfeiture until November 1, 2010 on a monthly schedule based on continued service as a director and other conditions.

**Item 13. Certain Relationships and Related Transactions, and Director Independence.**

***Related Person Transactions***

*Review of Transactions*

Prior to the adoption of the Related Person Transactions Policy described below, the Board reviewed and monitored any arrangements with related persons. The related person transactions described below, except for the assumption of the credit agreement, began prior to our registration with the SEC.

On April 16, 2007, the Board adopted a written policy with respect to transactions in which we participate and related persons have a material interest. Related persons include our executive officers, directors, director nominees, 5% or more beneficial owners of the our Common Stock and immediate family members of these persons. Under the policy, the Audit Committee is responsible for reviewing and approving or ratifying related person transactions that exceed \$120,000 per year. Certain related person transactions have been deemed pre-approved by the Audit Committee and do not require any other approval under the policy. If an Audit Committee member or his or her family member is involved in a

Edgar Filing: Globalstar, Inc. - Form 10-K/A

related person transaction, the member will not participate in the approval or ratification of the transaction. In instances where it is not practicable or desirable to wait until the next meeting of the Audit

Table of Contents

Committee for review of a related person transaction, the policy grants to the Chair of the Audit Committee (or, if the Chair or his or her family member is involved in the related person transaction, any other member of the Audit Committee) delegated authority to act between Audit Committee meetings for these purposes. A report of any action taken pursuant to delegated authority must be made at the next Audit Committee meeting.

For the Audit Committee to approve a related person transaction, it must be satisfied that it has been fully informed of the interests, relationships and actual or potential conflicts present in the transaction and must believe that the transaction is fair to us. The Audit Committee also must believe, if necessary, that we have developed a plan to manage any actual or potential conflicts of interest. The Audit Committee may ratify a related person transaction that did not receive pre-approval if it determines that there is a compelling business or legal reason for the company to continue with the transaction, the transaction is fair to the company and the failure to comply with the policy's pre-approval requirements was not due to fraud or deceit.

*Reportable Transactions*

*Services Provided by Thermo.* We and Thermo have an informal understanding that we will reimburse Thermo for expenses incurred by Messrs. Monroe, Lynch and Roberts in connection with their services to us including temporary living expenses while at our offices or traveling on its business, but for Mr. Monroe, generally excluding air travel expenses. For the year ended December 31, 2008, such reimbursements aggregated approximately \$219,000, including approximately \$84,000 related to expenses for Mr. Monroe. For the year ended December 31, 2008, we recorded approximately \$449,000 for general and administrative expenses incurred by Thermo on our behalf and for services provided to us by officers of Thermo. These were accounted for as a contribution to capital. Neither Thermo nor Messrs. Monroe, Lynch or Roberts receive any fees or reimbursements other than as described above or under Director Compensation.

*Assumption of Credit Agreement.* On November 7, 2007, we, Wachovia Investment Holdings, the lenders under the credit agreement and Thermo Funding Company agreed that Thermo Funding Company would receive an assignment of all of the rights (except indemnification rights) and assume all of the obligations of Wachovia Investment Holdings and the lenders under the credit agreement. The assignment and assumption was completed on December 17, 2007.

The credit agreement was amended and restated in connection with such assignment and assumption and further amended in December 2008. As currently in effect, the credit agreement provides for a \$100.0 million revolving credit facility and a \$100.0 million delayed draw term loan facility. At March 31, 2009, we had drawn \$73.8 million and \$100.0 million of the revolving credit facility and the delayed draw term loan facility, respectively.

In addition to the \$200.0 million revolving and delayed draw term loan facilities, the amended and restated credit agreement permits us to incur additional term loans on an equally and ratably secured *pari passu* basis in an aggregate amount of up to \$250.0 million (plus the amount of any reduction in the delayed draw term loan facility or prepayment of loans) from the lenders under the credit agreement or other banks, financial institutions or investment funds

Table of Contents

approved by us and the administrative agent. We have not sought commitments for these additional term loans. We may incur these additional term loans only if in the event of default then exists and it is in pro-forma compliance with all of the financial covenants of the credit agreement.

All obligations under the credit agreement are secured by a first lien on substantially all of our assets and our domestic subsidiaries, other than FCC licenses.

The credit agreement limits the amount of our capital expenditures, requires us to maintain minimum liquidity of \$5.0 million and provides that as of the end of the second full fiscal quarter after we place 24 of our second-generation satellites into service and at the end of each fiscal quarter thereafter, we must maintain a consolidated senior secured leverage ratio of not greater than 5.0 to 1.0.

All loans will mature on December 31, 2012. Revolving credit loans bear interest at LIBOR plus 4.25% to 4.75% or the greater of the prime rate or the Federal Funds rate plus 3.25% to 3.75%. The delayed draw term loan bears interest at LIBOR plus 6.0% or the greater of the prime rate or the Federal Funds rate plus 5.0%, and the delayed draw term loan facility bears an annual commitment fee of 2.0% until drawn or terminated. Additional term loans will bear interest at rates to be negotiated. The loans may be prepaid without penalty at any time.

For the year ended December 31, 2008, we incurred an aggregate of \$11.9 million in interest and fees to Thermo Funding Company under the credit agreement. Thermo Funding Company has agreed to defer payments of interest until further notice. The Company capitalized \$11.9 in interest incurred during 2008 related to the loans from Thermo Funding Company.

The terms of the amended and restated credit agreement were approved by a special committee consisting of Messrs. Jones and Dalton, constituting a majority of our independent Directors.

*Payments to Affiliates*

In 2008, the Company purchased approximately \$7.7 million of services and equipment from a company whose chairman, Ken Jones, serves as a member of the Board.

*Employment of Certain Family Members*

During each of the years ended December 31, 2008, 2007 and 2006, we employed, in non-executive positions, certain immediate family members of one of our executive officers, Dennis Allen. The aggregate compensation amounts recognized for these immediate family members during the years ended December 31, 2008, 2007 and 2006 were \$0.3 million for each of the years. Mr. Allen left the employ of the Company in January 2009.

*Director Independence*

The Board has determined that Messrs. Dalton, Jones and McIntyre are independent directors as defined in Rule 10A-3 under the Securities Exchange Act of 1934 and in the NASDAQ Marketplace Rules. This determination was based on the absence of any relationship

Table of Contents

known to the Board between Messrs. Dalton or McIntyre and us (other than as a director and stockholder) and the Board's conclusion that Mr. Jones' minority interest in Thermo United LP (described below), whose principal assets were sold before he became a director, does not affect his independence as a Director.

Mr. Jones owns a 14% limited partnership interest in Thermo United LP. The general partner of Thermo United LP and its remaining equity are controlled by Mr. Monroe and his affiliates. The sole asset of Thermo United LP was an approximately 78% interest in United Holdings LLC, an Oklahoma City based distributor of diesel engines, which was sold to an unaffiliated entity in January 2007, prior to Mr. Jones joining the Board. Thermo United LP was dissolved in March 2009.

In 2008, we sold \$7.7 million of our products and services to a value added reseller of which Mr. Jones is chairman. All such sales were made on our customary terms and conditions.

**Item 14. Principal Accounting Fees and Services.**

The accounting firm of Crowe Horwath LLP has served as our independent auditors since 2006. We have been informed that neither Crowe Horwath LLP nor any of its partners has any direct financial interest or any material indirect financial interest in Globalstar and during the past three years has no connection therewith in the capacity of promoter, underwriter, director, officer or employee.

The Audit Committee pre-approves all audit and permissible non-audit services to be provided by the independent auditors. Non-audit services may include audit-related services, tax services and other services not prohibited by SEC rules on auditor independence. Pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. The independent auditors report periodically to the Audit Committee regarding the extent of services they provided in accordance with the Committee's pre-approvals and the fees for services performed to date. In 2008, the Audit Committee's pre-approval requirement was not waived for any fees or services. The Audit Committee determined that the non-audit services provided to us by Crowe Horwath in 2008 were compatible with maintaining their independence.

*Audit Fees*

The aggregate fees billed by Crowe Horwath LLP for professional services rendered for the audits of our annual financial statements were \$1,327,313 in 2008 and \$1,455,198 in 2007. The fees also covered services for the related reviews of financial statements included our Registration Statement on Form S-3 for the public offering in 2008 of our 5.75% Convertible Senior Notes and other filings under the Securities Act of 1933 and the Securities Exchange Act of 1934, and services that are normally provided by the auditors in connection with statutory and regulatory filings or engagements.

*Audit-Related Fees*

## Edgar Filing: Globalstar, Inc. - Form 10-K/A

The aggregate fees billed by Crowe Horwath LLP for professional services rendered in 2007 or 2008 for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements did not include any amounts not reported under "Audit Fees" above.

Table of Contents

*Tax Fees*

In 2007 and 2008, we did not pay Crowe Horwath LLP any fees for professional services rendered for tax compliance, tax advice and tax planning.

*All Other Fees*

Crowe Horwath LLP did not provide any products or services other than those reported in the preceding paragraphs.
