Explanatory Note

This Current Report on Form 8-K/A amends and supplements the Current Report on Form 8-K filed by STAG Industrial, Inc. (the Company) with the Securities and Exchange Commission on October 11, 2012, as amended (the Original Report), reporting the Company's acquisition of a portfolio of 33 industrial properties from the Company's affiliate, STAG Investments Holdings II, LLC and its subsidiaries, to include the historical financial statements and unaudited pro forma financial information required by Item 9.01(a) and (b) of Form 8-K for 32 of the 33 industrial properties. There remains one property included in the portfolio of industrial properties to be acquired from STAG Investments Holdings II, LLC for which the acquisition has not closed. Because the purchase and sale agreement for the property includes various contingencies, there can be no assurance that the property will be acquired or, if it is, what the timing of the purchase will be. This property is not reflected in the financial information required by Item 9.01(a) and (b) below. This Current Report on Form 8-K/A should be read in conjunction with the Original Report.

Report of Independent Auditors

To STAG Industrial, Inc.:

We have audited the accompanying combined statements of revenue and certain expenses (the Statements) of the STAG Investments II Portfolio for the years ended December 31, 2011, 2010 and 2009. These Statements are the responsibility of the management of STAG Investments II, LLC. Our responsibility is to express an opinion on these Statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the Statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Statements. We believe that our audits provide a reasonable basis for our opinion.

The accompanying Statements were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of STAG Industrial, Inc.), as described in note 2 and are not intended to be a complete presentation of STAG Investments II Portfolio s combined revenue and expenses.

In our opinion, the Statements referred to above present fairly, in all material respects, the combined revenue and certain expenses, as described in note 2, of the STAG Investments II Portfolio for the years ended December 31, 2011, 2010 and 2009 in conformity with accounting principles generally accepted in the United States of America.

STAG Investments II Portfolio

Notes to Combined Statements of Revenue and Certain Expenses

(dollars in thousands)

1. Organization

On October 9, 2012, STAG Industrial Inc. ("STAG") acquired 31 industrial properties from STAG Investments Holdings II, LLC, a wholly owned subsidiary of STAG Investments II, LLC (the "Fund"), which are related parties of STAG through common management. Subsequently, on October 31, 2012, STAG acquired one additional industrial property from the Fund. STAG and its predecessor served as the asset manager of the Fund for all periods presented.

STAG Investments II Portfolio (the "Properties"), which is not a legal entity as presented in these combined statements of revenue and certain expenses ("Statements"), represents the combination of 32 industrial properties acquired by STAG which are located in 10 states throughout the United States. The accompanying Statements relate to the operations of the Properties.

The Properties were acquired by STAG Investments Holdings II, LLC prior to January 1, 2009.

2. Significant Accounting Policies

(a) Basis of Presentation

The accompanying Statements relate to the Properties and have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended, and accordingly, are not representative of the actual results of operations of the Properties for the nine months ended September 30, 2012 and for the years ended December 31, 2011, 2010 and 2009, due to the exclusion of the following revenue and expenses which may not be comparable to the proposed future operations of the Properties:

- Depreciation and amortization
- Interest income and expense

- Amortization of above and below market leases
- Other miscellaneous revenue and expenses not directly related to the proposed future operations of the Properties

Because these Properties were acquired from a related party, these Statements have been prepared for the nine months ended September 30, 2012 and years ended December 31, 2011, 2010 and 2009 of ownership. The Statements are presented on a combined basis as the Properties were under common management for all periods being presented.

(b) Revenue Recognition

Rental revenue is recognized on a straight-line basis over the term of the related leases when collectability is reasonably assured. Differences between rental revenue earned and amounts due under the leases are charged or credited, as applicable, to accrued rental revenue. The impact of the straight-line rent adjustment increased revenue by approximately \$117, \$183, \$698 and \$121 for the nine months ended September 30, 2012 (unaudited) and for the years ended December 31, 2011, 2010 and 2009, respectively. Tenant recoveries represent additional rents from expense reimbursements for insurance, real estate taxes, and certain other expenses and are recognized in the period in which the related expenses are incurred.

STAG Investments II Portfolio

Notes to Combined Statements of Revenue and Certain Expenses

(dollars in thousands)

Certain tenants make payments for insurance, real estate taxes and certain other expenses and these costs, which have been assumed by the tenants under the terms of their respective leases, are not reflected in the Properties' financial statements. Management estimates that real estate taxes, which are the responsibility of these certain tenants, were approximately \$900, \$1,600, \$1,600, and \$1,800 for the nine months ended September 30, 2012 (unaudited), the years ended December 31, 2011, 2010, and 2009, respectively. In instances whereby the tenant has assumed the cost for insurance, real estate taxes, and certain other expenses, no recovery revenue has been reflected in the Statements.

Rental revenue from month-to-month leases or leases with no scheduled rent increases or other adjustments is recognized on a monthly basis when earned.

(c) Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting period to prepare the Statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(d) Unaudited Interim Statement

The statement of revenue and certain expenses for the nine months ended September 30, 2012 is unaudited. In the opinion of management, the Statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal recurring nature.

3. Description of Leasing Arrangements

The Properties are leased to tenants primarily under non-cancelable operating leases which vary in length.

Edgar Filing: STAG Industrial, Inc. - Form 8-K/A

Future minimum base rentals on non-cancelable operating leases as of December 31, 2011, are as follows:

2012	\$	13,295
2013		11,016
2014		7,234
2015		3,990
2016		2,954

The above future minimum lease payments exclude tenant reimbursements, amortization of accrued rental revenue and above/below-market lease intangibles. Some leases are subject to termination options. In general, these leases provide for termination payments should the termination options be exercised. The above table is prepared assuming such options are not exercised.

Certain leases provide for payments that represent reimbursements for related expenses incurred under existing ground leases.

4. Ground Lease Commitments

Two adjacent buildings are subject to one non-cancelable operating ground lease agreement which commenced on May 1, 1994 and has a forty year term expiring April 30, 2034. The ground lease provides for monthly minimum rent and future rent increases. For the nine months ended September 30, 2012 (unaudited) and for the years ended December 31, 2011, 2010 and 2009, the Properties expensed ground lease payments under these operating leases in the amount of \$109, \$146, \$146, and \$138, respectively. Rent adjustments are every five years on the basis of increases in the Consumer Price Index (CPI) or fair market value pursuant to certain clauses in the lease agreement.

STAG Investments II Portfolio

Notes to Combined Statements of Revenue and Certain Expenses

(dollars in thousands)

Future minimum ground lease commitments on non-cancelable operating ground leases as of December 31, 2011, are as follows:

2012	\$	146
2013		146
2014		146
2015		146
2016		146

One building is subject to a non-cancelable operating ground lease agreement which commenced on October 28, 1996 and is set to expire on December 31, 2038. The ground lease provides for monthly ground rent and future rent increases. Rent adjustments are every five years on the basis of increases in the Consumer Price Index (CPI) pursuant to certain clauses in the lease agreement. The tenant in the building is obligated to pay directly to the land owner their obligations under their lease related to the ground lease payments assumed by the tenant. These ground lease payments are not reflected in the Properties' Statements of Revenue and Certain Expenses. To the extent the tenant fails to make the ground lease payments, the Properties would recognize the expense for the obligation. The Properties estimate that the ground lease payments, which are the responsibility of the tenant, were approximately \$110, \$142, \$164, and \$143 for the nine months ended September 30, 2012 (unaudited) and the years ended December 31, 2011, 2010, and 2009, respectively.

5. Commitments and Contingencies

The Properties are subject to legal claims and disputes in the ordinary course of business. Management believes that the ultimate settlement of any existing potential claims and disputes would not have a material impact on the Properties' revenue and certain operating expenses.

6. Subsequent Events

Management has evaluated the events and transactions that have occurred through December 13, 2012, the date which the Statements were available to be issued, and noted no items requiring adjustment to the Statements or additional disclosure.

The Company's predecessor for accounting purposes is STAG Predecessor Group (or Predecessor), which is not a legal entity, but a collection of the real estate entities that were owned by STAG Investments III, LLC prior to the Company's initial public offering in April 2011 (the IPO). Prior to the IPO, STAG Predecessor Group also was engaged in the business of owning, leasing and operating real estate consisting primarily of industrial properties located throughout the United States. The financial information contained in this report that relates to the time periods on or prior to April 19, 2011 is the Predecessor's financial information; the financial information contained in this report for any time period on or after April 20, 2011 is the Company's financial information. **The Company did not have any operating activity before April 20, 2011 and, as a result of the Company's IPO and related formation transactions, is substantially different from STAG Predecessor Group.**

The negotiated rates changed on September 10, 2012 when the Company paid off the remaining balance under, and terminated, the credit facility and contemporaneously closed on the Unsecured Credit Facility.
