Subj: Littelfuse Acquisition Announcement

Dear [Customer First Name Last Name],

We are excited to announce that Littelfuse has reached an agreement to acquire IXYS Corporation, a leader in power semiconductors and integrated circuits. We believe this is an extremely important and strategic acquisition for Littelfuse that strengthens our position in power control, which we've identified as a strategic area for growth.

As the largest acquisition in our company's 90-year history, this is an exciting milestone for Littelfuse. We believe the IXYS acquisition will be an important building block in our strategy, and a combination that will unite complementary capabilities, cultures and relationships.

The IXYS business is headquartered in Milpitas, California, with primary manufacturing facilities in the U.S. and Europe. We know the company very well as we operate in adjacent segments of the power semiconductor market and we believe the addition of talent and technology from IXYS will provide customers with a broader range of solutions. We look forward to welcoming the IXYS team to Littelfuse.

Throughout its history, IXYS has had a strong culture of innovation, having developed more than 400 patents worldwide. Furthermore, the company serves a global base of more than 3,500 customers with strength across the spectrum of industrial end-markets. With its strategically
