## REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Board of Directors  
Brookmount Explorations, Inc.

We have reviewed the balance sheet of the above Company as of August 31, 2001 and the related statements of operations and the statements of cash flows for the three and nine months ended August 31, 2001 and 2000. These financial statements are the responsibility of the company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with generally accepted accounting principles.

The Company was incorporated under the laws of the State of Nevada on December 9, 1999 with the authorized common shares of 200,000,000 shares at \$0.001 par value.

The Company was organized for the purpose of acquiring and developing mineral properties. At the report date mineral claims, with unknown reserves, had been acquired. The Company has not established the existence of a commercially minable ore deposit and therefore has not reached the development stage and is considered to be in the exploration stage.

Since its inception the Company has completed Regulation D offerings of 9,282,400 shares of its common capital stock for cash.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Accounting Methods

-----

The Company recognizes income and expenses based on the accrual method of accounting.

#### Dividend Policy

-----

The Company has not yet adopted a policy regarding payment of dividends.

#### Income Taxes

-----

On August 31, 2001 the Company had a net operating loss carry forward of \$43,635. The tax benefit of \$13,091 from the loss carry forward has been fully offset by a valuation reserve because the use of the future tax benefit is undeterminable since the Company has no operations. #### Earnings (Loss) Per Share

# Edgar Filing: BROOKMOUNT EXPLORATIONS INC - Form 10-Q

(Unaudited - Prepared by Management)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

##### Amortization of Capitalized Mineral Claims Costs -----

Costs of acquisition, exploration, carrying, and retaining unproven properties are expensed as incurred. Costs incurred in proving and developing a commercially minable ore reserve ready for production are capitalized and amortized over the life of the mineral deposit or over a shorter period if the property is shown to have an impairment in value. Expenditures for mine equipment will be capitalized and depreciated over their useful lives.

##### Environmental Requirements -----

At the report date environmental requirements related to the mineral claims acquired (Note 3) are unknown and therefore an estimate of any future cost cannot be made.

##### Comprehensive Income -----

The Company adopted Statement of Financial Accounting Standard No. 130. The adoption of this standard had no impact on the total stockholder's equity on August 31, 2001.

##### Recent Accounting Pronouncements -----

The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

##### Financial Instruments -----

The carrying amounts of financial instruments, including cash, and accounts payable are considered by management to be their estimated fair values.

## Edgar Filing: BROOKMOUNT EXPLORATIONS INC - Form 10-Q

### Estimates and Assumptions

-----

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

#### 3. MINERAL CLAIM

The Company acquired five mineral claims located in Chazel Township, Abitibi West County in the province of Quebec, with an expiration date of January 31, 2002.

The claims have not been proven to have a commercially minable ore reserve and therefore all costs of explorations and retaining the properties have been expensed.

The claims may be retained by the Company by the completion of yearly assessment work of \$ 6,000 Cn or by a payment of \$ 6,000 Cn. The next assessment work is due December 2, 2001.

#### 4. RELATED PARTY TRANSACTIONS

Related parties acquired 38% of the common stock issued.

#### 5. GOING CONCERN

The Company will need additional working capital to be successful in its planned activities and continuation of the Company as a going concern is dependent upon obtaining additional working capital and the management of the Company has developed a strategy, which it believes will accomplish this objective through additional equity funding, and long term financing, which will enable the Company to operate for the coming year.

ITEM 2. PLAN OF OPERATION

Liquidity and Capital Resources

Results of Operations  
-----

To date the Company has had no operations.
