**NOTICE TO SHAREHOLDERS
 CAPITAL INCREASE**

BRASIL TELECOM S.A. (BT) informs that its Board of Directors, on a meeting held on March 17, 2003, approved an increase in capital, as described below.

According to the corporate restructuring approved on the Shareholders' Meeting held on December 28, 2000, TBS Participações S.A. (TBS) and Companhia Riograndense de Telecomunicações (CRT) were incorporated by BT. The objective of this restructuring was the rationalization of the process and the possibility of the use of the tax benefit of R\$321,856,253.89 (three hundred twenty-one million, eight hundred fifty-six thousand, two hundred fifty-three reais and eighty-nine centavos), generated by the goodwill of R\$946,636,040.84 (nine hundred forty-six million, six hundred thirty-six thousand, forty reais and eighty-four centavos), paid on the acquisition of the control of CRT, that will be amortized in 5 years, in compliance with the Comissão de Valores Mobiliários – CVM (Brazilian Securities and Exchange Commission) Instruction 319/99.

In 2002, BT amortized 12/60 of the goodwill, corresponding R\$189,327,208.20 (one hundred eighty-nine million, three hundred twenty-seven thousand, two hundred and eight reais and twenty centavos), resulting in tax savings of R\$64,371,250.79 (sixty-four million, three hundred and seventy-one thousand, two hundred and fifty reais and seventy nine centavos), that will be used to increase the capital and the goodwill reserve in the share subscription, in compliance with the CVM rules.

The beneficiary of this credit is Brasil Telecom Participações S.A. (BTP), in a proportion of 74.85% and the remaining shareholders of BT as of December 28, 2000, whose names are listed on the Depositary Institution for shares issued by the Company – Banco Bradesco S.A., in a proportion of 25.15%, which will receive shares issued under this capital increase and/or cash, in the case of exercise of preemptive rights for the current BT shareholders, in conformity with the protocol of merger (Protocolo de Incorporação) and reasons for merger (Justificação da Incorporação) of CRT by BT.

The following table shows the capital increase realized until this moment:

FISCAL YEAR	DATE OF CAPITAL INCREASE	TOTAL AMOUNT OF SHARE SUBSCRIPTION	NUMBER OF SHARES ISSUED	CLASS	SUBSCRIPTION PRICE	AMORTIZATION

Brasil Telecom S.A. believes that its common shares have considerable liquidity in BOVESPA (São Paulo Stock's Exchange) and for that reason the Company based the issue price on average prices between December 13, 2002 and March 14, 2003.

The choice of using average prices of the shares in the stock exchange is based on article 170 of Law 6,404/76, which allows the use of that price in determining the economic value of shares. In addition, CVM Guideline (*Parecer de Orientação*) 01/78 indicates average prices as the preferred criteria for determining the economic value of shares, given that the shares have a sufficient standard of negotiability and that the market is well informed regarding the company.
