EnCana extends small shareholder selling program

CALGARY, Alberta (December 17, 2004) EnCana Corporation (TSX, NYSE: ECA) announced today it is extending its small shareholder selling program to March 4, 2005. The voluntary program, originally scheduled to expire on December 17, 2004, enables registered and beneficial shareholders who own 99 or fewer common shares of EnCana as of September 24, 2004, to sell their shares without incurring any brokerage commission. The sale of shares will be executed through the facilities of Toronto Stock Exchange.

EnCana is pleased to make this voluntary program available to its shareholders. However, EnCana makes no recommendation as to whether or not an eligible shareholder should participate in the program. The decision to participate should be based upon a shareholder's particular financial circumstances. Eligible shareholders may wish to obtain advice from their broker or financial advisor as to the advisability of participating.

EnCana has retained Georgeson Shareholder Communications Canada Inc. of Toronto, Ontario to manage the program and to handle share transactions and payment. Questions regarding the program should be directed to them toll free at 1-888-288-3298 or collect at 416-862-8088.

EnCana Corporation

With an enterprise value of more than US\$30 billion, EnCana is one of North America's leading independent oil and gas companies. EnCana pursues predictable, reliable, profitable growth from its portfolio of long-life resource plays situated in Canada and the United States. EnCana defines resource plays as large contiguous accumulations of hydrocarbons, located in thick or areally extensive deposits, that typically have low geological and commercial development risk and low average decline rates. The application of technology to unlock the huge resource potential of these plays typically results in continuous increases in production and reserves and decreases in costs over multiple decades of resource play life. EnCana's disciplined pursuit of these unconventional assets has enabled it to become North America's largest natural gas producer and a leading developer of oilsands through in-situ recovery. EnCana common shares trade on the Toronto and New York stock exchanges under the symbol ECA.
