PROXY STATEMENT

GENERAL

Introduction

The board of directors of AmeriServ Financial, Inc. is soliciting proxies for use at our annual meeting of shareholders to be held on April 25, 2017, at 1:30 p.m., Eastern Time, at the Holiday Inn Downtown, Crown Ballroom, 250 Market Street, Johnstown, Pennsylvania 15901. This proxy statement and enclosed proxy card are being mailed to shareholders on or about March 16, 2017. Our annual report for the year ended December 31, 2016 accompanies this proxy statement. The annual report should not be regarded as proxy solicitation material. AmeriServ Financial, Inc. (which is sometimes referred to as ASRV, the company, we, us or our) is the holding company for AmeriServ Financial Bank doing business as AmeriServ Financial (the Bank) and AmeriServ Trust & Financial Services Company (the Trust Company).

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to the use of the mail, some of our directors and officers may solicit proxies, without additional compensation, in person, by telephone, or by electronic communication. We may make arrangements with banks, brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held by them of record, and we may reimburse them for reasonable expenses they incur.

Voting Securities

As of the close of business on the record date, February 17, 2017, there were 18,838,420 shares of common stock, par value \$0.01 per share, outstanding. Holders of record of our common stock as of the close of business on the record date are entitled to notice of and to vote at the annual meeting or any adjournment or postponement thereof. Except with respect to the election of directors, each shareholder is entitled to one vote for each share held. Holders of our common stock are entitled to cumulate their vote in the election of directors.

The four persons receiving the highest number of votes cast at the annual meeting will be elected as Class I directors (Matter No. 1). The affirmative vote of a majority of the votes cast at the annual meeting is required to approve (i) the advisory (non-binding) vote on the compensation of our named executive officers (Matter No. 2).

If any other matters are properly presented for consideration at the annual meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the persons named in the proxy card will

have discretion to vote on those matters according to their best judgment to the same extent as the person signing the proxy would be entitled to vote. At the date of this proxy statement, we do not anticipate that any other matters will be raised at the annual meeting.

Although the advisory votes on the compensation of our named executive officers is non-binding, as provided by law, our board of directors will review the results of the votes and take them into account in making a determination concerning executive compensation.

If you participate in our Dividend Reinvestment and Common Stock Purchase Plan, the proxy card included with this proxy statement indicates the number of shares registered in your name and the number of shares, including fractional shares, credited to your account in our Dividend Reinvestment and Common Stock Purchase Plan.

If your shares are held in an account at a bank, brokerage firm, broker-dealer or other similar organization, then you are a beneficial owner of shares held in street name. In that case, you will have received these proxy materials from that organization holding your account and, as a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote the shares held in your account. If no voting instructions are given, your broker or nominee has discretionary authority to vote your shares on

your behalf on routine matters. A broker non-vote results on a matter when your broker or nominee returns a proxy but does not vote on a particular proposal because it does not have discretionary authority to vote on that proposal and has not received voting instructions from you. We believe that your broker or nominee does not have discretionary voting power with respect to any of the matters considered at this meeting. You may not vote shares held in street name at the annual meeting unless you obtain a legal proxy from that organization holding your account.

If you appropriately mark, sign and return the enclosed proxy card or voting instruction card, as the case may be, in time to be voted at the annual meeting, or if you vote by telephone or Internet in accordance with the instructions on the proxy card or voting instruction card, as the case may be, the shares represented thereby will be voted in accordance with your instructions. Signed proxies not marked to the contrary will be voted FOR the election of the nominees for our board of directors, and FOR an advisory (non-binding) vote on the compensation of our named executive officers. Proxy holders shall have full discretion and authority to vote for any one or more of such nominees and will vote the shares represented by each proxy so as to maximize the number of nominees elected to our board of directors, except to the extent that a shareholder withholds such authority on such proxy. However, the shares represented by each proxy cannot be voted by the proxy holders for a greater number of nominees than those identified in this proxy statement.

Right of Revocation

You may revoke your proxy and change your vote at any time before the taking of the vote at the annual meeting. Prior to the applicable cutoff time, you may change your vote using the Internet or telephone methods described above, in which case only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted. You may also revoke your proxy and change your vote by signing and returning a new proxy card or voting instruction form dated as of a later date, or by attending the annual meeting and voting in person in accordance with the methods described above. However, your attendance at the annual meeting will not automatically revoke your proxy unless you properly vote at the annual meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation to our Corporate Secretary at P.O. Box 430, Johnstown, Pennsylvania 15907-0430 prior to the annual meeting.

Quorum

Under our bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast constitutes a quorum for the transaction of business at the annual meeting. Abstentions will not constitute or be counted as votes cast for purposes of the annual meeting, but will be counted for purposes of determining the presence of a quorum.

Principal Shareholders

Based on filings made under Section 13(d) and Section 13(g) of the Securities Exchange Act of 1934 (the Exchange Act), as of February 17, 2017, the only persons known by us to be beneficial owners of five percent or more of the outstanding shares of our common stock were as follows:

MATTER NO. 1 ELECTION OF ASRV DIRECTORS

General

Under our articles of incorporation, the total number of directors may be determined by either a resolution adopted by a majority vote of the directors then in office or by a resolution adopted by the shareholders at a meeting. The number of directors for 2017 has been set by the board at 11 who are not officers of the Corporation or a subsidiary or affiliate of the Corporation plus the President and Chief Executive Officer. Our current director, Mr. James M. Edwards, Sr., will retire as a member of our board of directors at our annual meeting. The board has determined that all current members of our board of directors are independent, pursuant to the listing standards of The NASDAQ Global Market (NASDAQ), except Jeffrey A. Stopko, the current President & Chief Executive Officer of the company who is not independent by reason of his current employment relationship with ASRV. Our board of directors, as provided in our articles of incorporation, is divided into three classes, each being as nearly equal in number as possible. The directors in each class serve a term of three years or until the earlier of their resignation or their respective successors have been elected and qualified. Under our articles of incorporation, a person who is elected to fill a vacancy on the board of directors will serve as a director for the remaining term of office of the class to which he or she was elected.

Nominees and Continuing Directors

The board of directors has fixed the number of directors in Class I at four and has nominated Allan R. Dennison, Sara A. Sargent, Jeffrey A. Stopko, and Robert L. Wise for election as Class I directors, each of whom will serve a three-year term that will expire at the 2020 annual meeting of shareholders, or until the earlier of their resignation or their respective successors have been duly elected and qualified. Directors Dennison, Sargent, and Wise were previously elected by the shareholders at the 2014 annual meeting. The remaining directors will continue to serve in accordance with their previous election, with the terms of the Class II and Class III directors expiring in 2018 and 2019, respectively.

Our bylaws permit nominations for election to the board of directors to be made by the board of directors or by any shareholder entitled to vote for the election of directors. All nominations for directors to be made at the annual meeting by shareholders entitled to vote for the election of directors must be preceded by notice in writing, delivered or mailed by first class United States mail, postage prepaid, to our Non-Executive Chairman not less than 90 days nor more than 120 days prior to the first anniversary of the date of the previous year's annual meeting and in compliance with the procedures and with the information required by our bylaws. Such notice must contain, to the extent known, the following information:

the name and address of the shareholder who intends to make such nomination (the Nominating Shareholder);
the name and address of the beneficial owner, if different than the Nominating Shareholder, of any of the shares owned of record by the Nominating Shareholder (the Beneficial Holder);
the number of shares of each class and series of shares of the company which are owned of record and beneficially by the Nominating Shareholder and the number which are owned beneficially by any Beneficial Holder;
a representation that there are (and will be) no undisclosed arrangements and understandings between the Nominating Shareholder and any Beneficial Holder and any other person or persons pursuant to which the nomination is being made;

the name and address of the person or persons to be nominated;

a representation that the Nominating Shareholder is at the time of giving of the notice, was or will be on the record date for the meeting, and will be on the meeting date a holder of record of shares of the company entitled to vote at such meeting, and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

3

such other information regarding each nominee proposed by the Nominating Shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, by our board of directors;

a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the Nominating Shareholder's notice by, or on behalf of, the Nominating Shareholder or any of its affiliates or associates, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price exchanges for, or increase or decrease the voting power of the Nominating Shareholder or any of its affiliates or associates with respect to shares of our stock; and

the written consent of each nominee to serve as our director if so elected.

The presiding officer of any such shareholder meeting may, in such officer's sole discretion, refuse to acknowledge the nomination of any person which the presiding officer determines is not made in compliance with the foregoing procedure.

We received a notice of nomination for directors from an unaffiliated shareholder in connection with this year's annual meeting. After discussions among the Nominating Committee, the Nominating Committee determined that, at this time, it was seeking to reduce the size of our board of directors and would not be nominating such candidates at this year's annual meeting. No other duly qualified nomination was received from any shareholder in connection with this annual meeting.

With respect to the election of directors, each shareholder has the right to vote, for each share of our common stock held by the shareholder, such number of votes as shall be equal to the number of directors to be elected, and the shareholder may cast the whole number of votes for one nominee or distribute them among two or more nominees.

Each of the nominees listed is a current member of our board of directors and has expressed his willingness to serve. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by our board of directors. Our management, however, has no present reason to believe that any Class I nominee will be unable to serve as a director, if elected.

The following tables set forth as to each of the nominees for election as a Class I director and as to each of the continuing Class II and Class III directors, his or her age, principal occupation and business experience, the period during which he or she has served as a member of our board of directors, or an affiliate or predecessor, and their current and recent directorships in other public companies. In addition, we briefly describe the particular experience, qualifications, attributes or skills that led our board to conclude that the person should serve as a member of our board of directors. There are no family relationships between any of the listed persons.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU CAST YOUR VOTES FOR THE ELECTION OF THE BELOW-NAMED NOMINEES TO SERVE AS CLASS I DIRECTORS.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon our review of the Forms 3 and Forms 4 filed by the beneficial owners of our common stock, we believe all reports required by Section 16(a) of the Exchange Act were filed on time, except for an award of options to purchase shares of our common stock to each of Messrs. Lynch and Huerth. Each late report related to a single transaction, which was reported once the inadvertent omission was recognized.

Hedging and Pledging Prohibition

We generally do not permit our directors, officers and employees to hedge their economic exposures to our common stock that they own by engaging in transactions involving puts, calls, or other derivative securities, zero-cost collars, forward sales contracts, or buying on margin or pledging shares as collateral for a loan, except such limitation shall not apply to our securities pledged by directors and officers as collateral for a loan prior to September 1, 2015. After September 1, 2015, our board of directors may, in its discretion, approve in advance a pledge of our securities by directors and officers as collateral for a loan in a particular case and as permitted by bank regulations after taking into consideration the magnitude of the number and market value of shares proposed to be pledged in relation to the number of outstanding shares and the market value and trading volume of outstanding shares (generally, the aggregate shares pledged should not exceed 5% of shares outstanding on the date of the pledge), the percentage of shares proposed to be pledged to the total shares owned by the pledgor, the amount of shares proposed to be pledged in relation to the total shares then pledged by other directors and officers, and all other factors deemed relevant by our board of directors. We believe that permitting limited pledging of our securities to serve as collateral for a bona fide loan in appropriate circumstances will encourage our directors and officers to purchase and retain shares.

Board and Committees

The board of directors has various standing committees, including an audit committee, a board enterprise risk committee, a compensation committee, a corporate governance committee, an executive committee, an investment/ALCO committee, a nominating committee, and a technology committee, and each committee operates under a written charter. For information regarding availability of certain of these charters, see information under the heading [Corporate Governance Documents](#) below. Directors are expected to attend meetings of the board, meetings of the committees on which they serve and the ASRV annual meeting. During 2016, the board of directors held 13 meetings, the audit committee held 10 meetings, the executive committee held 1 meetings, the investment/ALCO committee held 4 meetings, the technology committee held 4 meetings, the corporate governance committee held 5 meetings, the compensation committee held 2 meetings, the nominating committee held 1 meeting, and the board enterprise risk committee held 2 meetings. There were 2 executive sessions of the board of directors excluding management. Each director attended at least 75% of the combined total of meetings of the board of directors and of each committee of which he or she was a member. Each director attended ASRV's 2016 annual meeting of shareholders with the exception of Kim W. Kunkle.

The executive committee serves as a resource for management to seek guidance on issues between regularly scheduled meetings or with respect to matters that generally do not warrant calling a special board meeting. In addition, from time to time, the executive committee is asked to study strategic issues in greater depth than may be practical for the board as a whole. The executive committee is comprised of Directors Pasquerilla (Chair), O Malley (Vice Chair), Adams, Dennison, Ford, Kunkle and Sargent.

The primary responsibility of the board enterprise risk committee is to oversee the company's enterprise risk management activities on behalf of the board and report the results of their activities to the board, including executive

management's assessment of key systemic risks facing the company and executive management's structure and processes established to identify, measure, monitor, and manage risks. The board enterprise risk committee is comprised of Directors Dennison (Chair), O'Malley (Vice Chair), Adams, DeVos, Duke, Ford, Kunkle, Pasquerilla, Sargent, and Slater.

The technology committee is comprised of Directors DeVos (Chair), Sargent (Vice Chair), Edwards, Pasquerilla, Slater, Stopko and Wise. The technology committee monitors the operation of information systems (IS), including new technology implementation, within the company and its subsidiaries and provides input into the company's strategic IS plan and IS disaster recovery plan.

The investment/ALCO committee is comprised of Directors Slater (Chair), Kunkle (Vice Chair), Dennison, Duke, Edwards, Ford, Pasquerilla and Stopko and Michael D. Lynch. This committee is responsible for overseeing our investment policy, our balance sheet and monitoring interest rate, liquidity and market risks.

The audit committee is comprised of Directors O Malley (Chair), Adams (Vice Chair), DeVos, Duke, Sargent and Wise, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing requirements. Mr. Wise is also designated as the audit committee financial expert, and meets the qualifications to serve as such under the NASDAQ listing standards. This designation does not impose any duties, obligations or liabilities on Mr. Wise that are greater than the duties, obligations or liabilities imposed on the other members of the Audit Committee.

The audit committee is responsible for the appointment, compensation, oversight, and termination of our independent auditors. The audit committee is also responsible for oversight of Internal Audit. The committee is required to pre-approve audit and certain non-audit services performed by the independent auditors. The committee also assists the board in providing oversight over the integrity of our financial statements, compliance with applicable legal and regulatory requirements and the performance of our internal audit function. The committee also is responsible for, among other things, reporting to our board on the results of the annual audit and reviewing the financial statements and related financial and non-financial disclosures included in our Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Importantly, from a corporate governance perspective, the audit committee regularly evaluates the independent auditors' independence from ASRV and its management, including approving consulting and other legally permitted, non-audit services provided by our auditors and the potential impact of the services on the auditors' independence. The committee meets periodically with our independent auditors and our internal auditors outside of the presence of management, and possesses the authority to retain professionals to assist it in meeting its responsibilities without consulting with management. The committee reviews and discusses with management earnings releases, including the use of pro forma information (if applicable). The committee also discusses with management and the independent auditors the effect of accounting initiatives. The committee also is responsible for receiving and evaluating complaints and concerns relating to accounting and auditing matters.

The nominating committee is comprised of Directors Sargent (Chair), O Malley (Vice Chair), Adams, DeVos, Kunkle, Pasquerilla and Slater, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The nominating committee is responsible for nominating individuals to stand for election as directors at the annual meeting of shareholders, assisting the board in the event of any vacancy on the board by identifying individuals qualified to become board members, recommending to the board qualified individuals to fill such vacancy, and recommending to the board, on an annual basis, nominees for each board committee. The committee has the responsibility to develop and recommend criteria for the selection of director nominees to the board, including, but not limited to, diversity, age, skills, experience, and time availability (including consideration of the number of other boards on which the proposed director sits) in the context of the needs of the board and ASRV and such other criteria as the committee determines to be relevant at the time. The committee has the power to apply these criteria in connection with the identification of individuals to be board members, as well as to apply the standards for independence imposed by our listing agreement with NASDAQ and all applicable federal laws in connection with this identification process.

The nominating committee does not maintain a formal diversity policy with respect to the identification or selection of directors for nomination to the board of directors. Diversity is just one of many factors the nominating committee considers in the identification and selection of director nominees. ASRV defines diversity broadly to include differences in race, gender, ethnicity, age, viewpoint, professional experience, educational background, skills and other personal attributes that can foster board heterogeneity in order to encourage and maintain board effectiveness.

The nominating committee considers potential candidates recommended by its members, management and others, including shareholders. In considering candidates recommended by shareholders, the committee will apply the same criteria it applies in connection with candidates recommended by the nominating committee.

Shareholders may propose candidates to the nominating committee by delivering a notice to the nominating committee that contains the information required by Section 1.3 of our bylaws. In addition, shareholders may nominate persons directly for election as directors in accordance with the procedures set forth in Section 1.3 of our bylaws. A notice of any such nomination must contain all required information and must be mailed or delivered to our Non-Executive Chairman not less than 90 days or more than 120 days prior to the annual meeting. The nominating committee did not pay any fee to any third party to search for, identify and/or evaluate the 2017 nominees for directors.

The corporate governance committee is comprised of Directors Adams (Chair), O Malley (Vice Chair), Duke, Ford, and Sargent, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The committee is responsible for making recommendations to the board of directors regarding, and monitoring compliance with: corporate governance principles applicable to the company; matters involving the company's articles of incorporation, bylaws, shareholder proposals, committee responsibilities and other corporate governance issues; and the company's policies, including, but not limited to, its Code of Ethics and Legal Code of Conduct, Code of Conduct for Directors, and Code of Ethics for the Chief Executive Officer and Senior Financial Officers.

The compensation committee is comprised of Directors O Malley (Chair), Pasquerilla (Vice Chair), Adams, DeVos, Sargent and Slater, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The compensation committee is responsible for reviewing and making recommendations regarding executive compensation and board compensation. The committee's processes and procedures for determining executive compensation are described below under Compensation Discussion and Analysis. The committee has the authority to establish the compensation of the principal executive officer and evaluate and review the compensation of other key executives. The committee's procedure for determining director compensation is to benchmark director compensation against compensation paid by similar asset size peer financial institutions. The committee also encourages stock ownership by directors by directing that the annual retainer be paid in our common stock and by facilitating the use of monthly board fees for the purchase of additional shares of our common stock. The committee's charter does not permit the committee to delegate its authority. During 2016, the committee retained Strategic Compensation Planning, Inc. as its independent compensation consultant with respect to advising the committee on best practices in the community banking industry, including best practices for executive compensation and director fees.

Board Leadership Structure and Risk Oversight

The board of directors currently separates the role of Non-Executive Chairman of the Board of Directors from the role of President and Chief Executive Officer. We believe that the separation of these roles, while not always necessary, is appropriate in the current economic and regulatory environment in which ASRV operates. We believe that the President and Chief Executive Officer should primarily focus on managing ASRV's operations in a manner that executes its corporate strategy. Conversely, we believe that our Non-Executive Chairman of the Board of Directors should primarily focus on leading the board's oversight of corporate governance matters, monitoring the progress and effectiveness of the President and Chief Executive Officer and management in implementing the company's corporate strategy, and ensuring that the board is receiving, with sufficient frequency, the information it requires to act effectively, including providing proper risk oversight.

Although our Non-Executive Vice Chairman leads our board's risk oversight processes, we believe that each member of our board of directors in his or her fiduciary capacity has a responsibility to monitor and manage risks faced by ASRV. At a minimum this requires the members of our board of directors to be actively engaged in board discussions, review materials provided to them, and know when it is appropriate to request further information from management

and/or engage the assistance of outside advisors. Furthermore, because the banking industry is highly regulated, certain risks to ASRV are monitored by the board of directors through its review of ASRV's compliance with regulations set forth by its regulatory authorities, including the Pennsylvania Department of Banking and Securities, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation, and recommendations contained in regulatory examinations.

We believe risk oversight is a responsibility for each member of the board of directors. Each of our committees concentrates on specific risks for which they have an expertise, and each committee is required to regularly report to the board of directors on its findings. For example, the investment/ALCO committee regularly monitors ASRV's exposure to certain investment risks, such as the effect of interest rate or liquidity changes, while our audit committee monitors ASRV's exposure to certain reputational risks by establishing and evaluating the effectiveness of the company programs to report and monitor fraud and by monitoring ASRV's internal controls over financial reporting. Our compensation committee's role in monitoring the risks related to our compensation structure is discussed in further detail in the section titled "Our Compensation Policies and Risk" below.

Additionally, our board enterprise risk committee, which coordinates the board's oversight of enterprise risks by working with the other committees of the board to avoid the duplication of efforts, met two times during 2016. The primary responsibility of the board enterprise risk committee is to oversee the company's enterprise risk management activities on behalf of the board and report the results of their activities to the board, including executive management's assessment of key systemic risks facing the company and executive management's structure and processes established to identify, measure, monitor, and manage risks. This committee is made up of the chairs of the board committees responsible for risk oversight.

Compensation Committee Interlocks and Insider Participation

Directors O Malley (Chair), Pasquerilla (Vice Chair), Adams, DeVos, Sargent and Slater are excluded from participation in any plan administered by the compensation committee while serving as a member of such committee, except for participation in the Independent Directors' Annual Retainer Plan (the committee's administration of which is limited to coordinating the payment of a predetermined retainer), a non-employee director deferred compensation plan, and the ASRV 2011 Stock Incentive Plan, which was previously approved by shareholders on April 26, 2011.

None of our executive officers serves as a member of the board of directors, or on the compensation committee, of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Executive Compensation

Introduction

The compensation committee administers our executive compensation program. The committee, which is composed entirely of independent directors, operates under a written charter and is responsible for determining the compensation of the President and Chief Executive Officer (the CEO) and, with the recommendations of the CEO, evaluating and reviewing the compensation of the other executive officers identified in the Summary Compensation Table that appears following this Executive Compensation (we refer to the CEO and the other executive officers identified in that table collectively as the Named Executive Officers), for administering our incentive compensation programs (including our stock incentive plan), for approving and overseeing the administration of our employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the board with respect to director compensation. The committee also received input and guidance from its independent compensation consultant, Strategic Compensation Planning, Inc., which does not provide services to management and had no relationships with management prior to its engagement by the committee.

The compensation committee annually reviews the adequacy of its charter and recommends changes to the board for approval. The compensation committee meets at scheduled times during the year and also acts upon occasion by written consent. The chair of the committee reports on committee activities and makes committee recommendations at meetings of the board of directors.

Compensation Philosophy.

Our executive compensation programs seek to achieve and maintain equity with respect to balancing the interests of shareholders and executive officers, while supporting our need to attract and retain competent executive management.

Toward this end, the compensation committee has developed an executive compensation policy, along with supporting executive compensation plans and programs, which are intended to attain the following objectives:

- emphasize the enhancement of shareholder value;
- support the acquisition and retention of competent executives;
- deliver the total executive compensation package in a cost-effective manner;
- reinforce key business objectives;
- provide competitive compensation opportunities for competitive results;
- encourage management ownership of our common stock; and
- comply with applicable regulations.

The committee collects and analyzes comparative executive compensation information from relevant peer groups, approves executive salary adjustments, recommends executive discretionary incentive/bonus plans, and administers our 2011 Stock Incentive Plan. Additionally, from time to time, the committee reviews other human resource issues, including qualified and non-qualified benefits, management performance appraisals, and succession planning.

The committee uses comparisons of competitive executive pay practices taken from banking industry compensation surveys and, from time-to-time, consultation with independent executive compensation advisors. Peer groups and competitive compensation practices are determined using executive compensation packages at bank holding companies and subsidiaries of comparable size to us and our subsidiaries. However, the committee does not maintain a specific target percentile with respect to this peer group in determining executive compensation levels. A selection of national information is used for comparative compensation survey data, including data from a peer group of small-cap bank holding companies in our geographic area. The peer group is periodically revised, and for 2016

compensation decisions the group consisted of the following companies: ACNB Corporation, Franklin Financial Services Corporation., Peoples Financial Services Corp., Chemung Financial Corporation, Codorus Valley Corporation, First United Corporation,

Farmers National Banc Corp., Citizens & Northern Corporation, Bryn Mawr Bank Corp., Orrstown Financial Services, Inc., ESSA Bancorp, CNB Financial Corp., BCB Bancorp and Civista Bancshares.

Our executive compensation policy is designed to encourage decisions and actions that have a positive impact on overall corporate performance. For that reason, participation is focused on executive officers who have the greatest opportunity to influence the achievement of strategic corporate objectives.

We use two components of the executive compensation program to establish and maintain the desired relationship between executive pay and performance.

The first component, the formal performance appraisal system, relates to annual salary adjustments. We establish quantitative and qualitative performance factors for each executive position, and annually evaluate the performance of the executive against these standards. We then integrate this appraisal with market-based adjustments to salary ranges to determine if a base salary increase is merited.

The second component of ensuring the desired relationship between executive pay and performance relates to the committee's role in administering the 2011 Stock Incentive Plan and recommending executive discretionary cash incentive/bonus awards. The committee recommends to the board of directors cash and equity at-risk compensation awards when, in the judgment of committee members, such awards are justified by the performance of executive officers in relation to our performance with due regard for the level of risk assumed by the company.

The accounting and tax treatment of particular forms of compensation do not materially affect the committee's compensation decisions. However, the committee evaluates the effect of such accounting and tax treatment on an ongoing basis and will make appropriate modifications to its compensation policies where appropriate.

Components of Compensation.

For 2016, the elements of total compensation for the Named Executive Officers are comprised of the following:

base salary;
incentive opportunities under our cash and stock-based incentive compensation program;
awards under our 2011 Stock Incentive Plan;
benefits under our pension plan;
benefits under our health and welfare benefits plans; and
certain limited perquisites.

1. **Base Salary.** The compensation committee reviews the base salaries of the Named Executive Officers on an annual basis as well as in the event of any promotion or significant change in job responsibilities. The committee reviews peer group data to establish a market-competitive executive base salary program, combined with a formal performance appraisal system that focuses on awards that are integrated with strategic corporate objectives. Salary income for each Named Executive Officer is reported in Column (b) of the Summary Compensation Table, which appears following this Compensation Discussion and Analysis.

2. **Incentive Cash and Stock Compensation.** We have an established, written executive incentive compensation plan, our Executive At-Risk Incentive Compensation Plan, which generally provides for cash and stock awards for the achievement of corporate performance goals, weighted 75%, and individual performance goals, weighted 25%. In order to receive a payment under the plan, a participant has to be employed on the date of payout. With respect to the corporate performance goals for 2016, we based incentive award opportunities on both an annual company-wide budgeted return on assets (ROA) target of 0.50% and 60% of the average ROA for the previously named peer group, after excluding the highest and lowest performer. The maximum bonus targets for 2016 were 30%, 21% and 28% of

base salary for Messrs. Stopko, Lynch and Huerth, respectively. The committee believes it set the performance measures for 2016 such that the performance goals were appropriate. All awards are subject to recovery by us in the event the payment

was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria. Based upon publicly reported results for the year ended December 31, 2016 we achieved an ROA of .20% which was below our budget target so there was no payout for any of the named executive officers under the Executive At-Risk Incentive Compensation Plan.

3. **Incentive Stock Option Awards.** We use the grant of stock options under our 2011 Stock Incentive Plan as the primary vehicle for providing long-term incentive compensation opportunities to our senior officers, including the Named Executive Officers. The 2011 Stock Incentive Plan provides for the grant of restricted stock awards and qualified and non-qualified stock options. We grant all stock options with a per share exercise price that is not less than 100% of the fair market value of such shares on the date that the option is granted. Accordingly, grantees will not obtain any value from the option grant under the 2011 Stock Incentive Plan unless the market price of our common stock increases after the date of grant. The 2011 Stock Incentive Plan is designed to provide at-risk (incentive) compensation that aligns management's financial interests with those of our shareholders, encourages management ownership of our common stock, supports the achievement of corporate short and long-term financial objectives, and provides competitive equity reward opportunities. We have not adopted any specific policy regarding the amount or timing of any stock-based compensation under the 2011 Stock Incentive Plan. Information concerning the number of options held by each Named Executive Officer as of December 31, 2016, is set forth in the Outstanding Equity Awards at Fiscal Year-End Table, which appears below.

4. **Pension Plan and Deferred Compensation Plan.** We maintain a defined benefit pension plan for the benefit of our employees, including the Named Executive Officers. Benefits under the plan are based upon an employee's years of service and highest average compensation for a five-year period. The 2015 increase in the actuarial present values of each Named Executive Officer's accumulated benefit under the plan is set forth in Column (g) of the Summary Compensation Table which appears below and the actuarial present value of each Named Executive Officer's accumulated benefit under the plan and the aggregate number of years of service credited to each Named Executive Officer is set forth in the Pension Benefits Table which appears below. The compensation committee believes that this plan promotes employee and executive officer retention and permits us to maintain a competitive position and attract talented officers and employees. Effective January 1, 2013, we amended the defined benefit pension plan to provide that employees hired on or after that date are not eligible to participate. Instead, such employees are eligible to participate in a qualified 401(k) retirement plan. All of the Named Executive Officers continue to participate in the defined benefit pension plan under the old plan provisions.

We also maintain the AmeriServ Financial Executive Deferred Compensation Plan (the Deferred Compensation Plan), under which participants who are among a select group of management or highly compensated employees (including our Named Executive Officers) may elect to defer receipt of all or a portion of any annual incentive bonus and/or salary payable to such participants with respect to a fiscal year. Under the Deferred Compensation Plan, which was effective January 1, 2015, each participant may make an irrevocable deferral election before the beginning of the fiscal year to which such compensation relates. Participants can elect to receive distributions of their accounts in the Deferred Compensation Plan, either in a lump sum or in installments, commencing within thirty days following either (i) their separation of service or disability, or (ii) a specified date. Participants may elect to allocate the deferred amounts into an investment account and select among various investment options upon which the rate of return of the deferred amounts will be based. Participants' investment accounts are adjusted periodically to reflect the deemed gains and losses attributable to the deferred amounts. Each participant is always 100% vested in their investment accounts. The Deferred Compensation Plan is a non-qualified deferred compensation plan. As such, the rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of the Company's creditors. Information about our Named Executive Officers participation in the Deferred Compensation Plan for 2016 can be found below under the caption Nonqualified Deferred Compensation Plan.

5. **Health and Welfare Benefits.** We provide health, life, and disability insurance, and other employee benefits programs to our employees, including the Named Executive Officers. The compensation committee is responsible for overseeing the administration of these programs and believes that our employee benefits programs should be comparable to those maintained by other members of our peer group so as to assure that

we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. We provide these employee benefits plans on a non-discriminatory basis to all full-time employees.

6. **Perquisites.** ASRV provides some of its Named Executive Officers with additional benefits not available to our other employees. For example, as set forth in the footnotes to our Summary Compensation Table, which appears below, certain of our Named Executive Officers receive reimbursements for the purchase or lease of, and the operation expenses for, a motor vehicle and for country club membership fees and dues. The compensation committee believes that these perquisites are offered by its competitors for talented executive officers and allow us to remain competitive in attracting and retaining talented executive officers.

2016 Executive Officer Compensation.

For 2016, we increased the Named Executive Officers' base salaries in order to, among other things, maintain their compensation at a competitive level. The independent compensation consultant provided an updated study to the committee which included the compensation levels of each of the Named Executive Officers and those from the previously identified peer group. The independent compensation consultant also examined with the committee the pay practices from other Pennsylvania, New York, New Jersey, and Ohio based financial institutions with assets generally between \$1 billion and \$2 billion, with data from the Economic Research Institute used to normalize the information for Johnstown, Pennsylvania. The compensation committee also considered a number of factors in setting these new levels, including an annual review of peer compensation and the overall performance of the company.

As part of our compensation program, we entered into agreements with Messrs. Stopko, Lynch, and Huerth pursuant to which they will be entitled to receive severance benefits upon the occurrence of certain enumerated events following a change in control. The events that trigger payment are generally those related to termination of employment without cause or detrimental changes in the executive's terms and conditions of employment. The change in control agreement with Mr. Lynch was entered into on February 17, 2016. See *Employment Contracts and Payments Upon Termination or Change in Control* below for a more detailed description of these events. We believe that this structure will help: (i) assure the executives' full attention and dedication to the company, free from distractions caused by personal uncertainties and risks related to a pending or threatened change in control, (ii) assure the executives' objectivity for shareholders' interests, (iii) assure the executives of fair treatment in case of involuntary termination following a change in control, and (iv) attract and retain key talent during uncertain times.

Our Compensation Policies and Risk.

The compensation committee discussed, evaluated, and reviewed with our chief risk officer all of the company's employee compensation programs in light of the risks posed to us by such programs. The compensation committee also discussed, evaluated, and reviewed with our chief risk officer all of the compensation programs in which the Named Executive Officers participate to assess whether any aspect of these programs create risks that are reasonably likely to have a material adverse effect on us. The compensation committee met with our chief risk officer in February and November 2016 with respect to the foregoing.

At the conclusion of this review, the compensation committee determined that our compensation programs for our Named Executive Officers do not create risks that are reasonably likely to have a material adverse effect on us.

Restatement of Financial Statements.

The compensation committee is of the view that, to the extent permitted by law, it has authority to retroactively adjust any cash or equity-based incentive award paid to any senior officer (including any Named Executive Officer) where the award was based upon our achievement of specified financial goals and it is subsequently determined following a

restatement of our financial statements that the specified goals were not in fact achieved. There has been no restatement of our financial statements, and, therefore, there have been no retroactive adjustments of any cash or equity-based incentive award on such a basis.

Pension Benefits

The following table sets forth information concerning plans that provide for payments or other benefits at, following, or in connection with, retirement for each Named Executive Officer.

PENSION BENEFITS FOR THE YEAR ENDED DECEMBER 31, 2016

Name	Plan Name	Number of years of Credited Service (#)	Present Value of Accumulated Benefit (\$) ⁽¹⁾	Payments During Last Fiscal Year (\$)
Jeffrey A. Stopko	Defined Benefit Plan	30	489,347	0
Michael D. Lynch	Defined Benefit Plan	34	302,179	0
James T. Huerth	Defined Benefit Plan	7	272,458	0

(1) The present value of accumulated benefits was calculated with the following assumptions. Retirement occurs at age 65. At that time, the participants take a lump sum based on the accrued benefit as of December 31, 2016. The lump sum is calculated using an interest rate of 6.00% and the IRS 2016 applicable mortality table for IRC Section 417(e). The lump sum is discounted to December 31, 2016, at a rate of 4.13% per year.

Benefits described in the foregoing table relate to the qualified defined benefit retirement plan that we provide to all our employees. Remuneration for pension benefit purposes is total cash remuneration paid to an employee for a calendar year, including base salary, wages, commissions, overtime, bonuses and any other form of extra cash compensation and any pre-tax contributions under a qualified retirement or cafeteria plan. A participant's benefit is determined based on the participant's final average compensation, which means the average annual compensation received by the participant in five consecutive years out of the last 10 years before the participant's termination of employment for which the average annual compensation is highest.

Mr. Lynch is eligible for early retirement as of December 1, 2016, because he is at least 55 years old and has 10 years of credited service. The early retirement benefit is equal to the accrued normal retirement benefit reduced five-ninths of one percent (5/9%) per month for each of the first five years and five--eighteenhs of one percent (5/18%) per month for each of the next five years by which the commencement date of the pension precedes the normal retirement date.

Retirement benefits under the pension plan are paid for the life of the employee with a right of survivorship with respect to ten years of post-retirement benefits. Other optional forms of benefits are available in actuarially equivalent amounts.

Nonqualified Deferred Compensation Plan

Set forth below is information regarding our named executive officers' participation in the AmeriServ Financial Executive Deferred Compensation Plan.

Employment Contracts and Payments Upon Termination or Change in Control

We enter into employment contracts and change in control agreements with certain of our employees, including the Named Executive Officers, when we determine that an employment or change in control agreement is warranted in order to ensure the executive's continued employment in light of prevailing market competition for the particular position held by the executive officer, or where it is determined it is necessary in light of the prior experience of the executive or our practices with respect to other similarly situated employees.

Mr. Stopko's Employment Agreement

In connection with Mr. Stopko's appointment effective March 19, 2015, as our President and Chief Executive Officer, on April 27, 2015, we entered into an employment agreement with Mr. Stopko, which is for a period of two years from the effective date and shall automatically renew for one year thereafter unless one party provides the other party a written non-renewal notice at least ninety days in advance of the end of such period. The employment agreement provides that Mr. Stopko must maintain a primary residence during his employment term in our primary market area and generally provides that Mr. Stopko may not compete with our business for at least two years following termination of his employment or solicit any of its employees, consultants, customers, clients, or vendors for at least one year following termination of his employment. Under his employment agreement, Mr. Stopko is entitled to, among other things: (i) an annual base salary of \$285,000, which is not eligible for consideration of a merit increase until calendar year 2016, (ii) participate in our health insurance and life insurance benefit plans, defined benefit program, 401(k) plan and long-term disability benefit plan, (iii) be eligible to receive annual bonuses, in such amounts and at such times, if any, as may be approved by our Board of Directors in accordance with the Executive At-Risk Compensation Plan as a level one participant, with such annual payment not to exceed thirty percent of Mr. Stopko's base salary, and (iv) certain other perquisites related to personal time, use of a vehicle owned or leased by us, and country club membership expenses.

The employment agreement and Mr. Stopko's employment may be terminated for cause (as defined in the employment agreement) by written notice from us. If the employment agreement is terminated for cause, Mr. Stopko's rights under the employment agreement terminate as of the effective date of termination. The employment agreement also terminates without further payments to Mr. Stopko as of the termination date, in the event of his voluntary termination of employment (other than as specified following a change in control as defined in the employment agreement), retirement at his election, death or disability (as defined in the employment agreement). Mr. Stopko agrees that, in the event his employment under the employment agreement is terminated for any reason, he shall concurrently resign as our director and a director of any of our respective affiliates if he is then serving as a director of any such entities.

In the event that Mr. Stopko's employment is either involuntarily terminated other than for cause or disability in the absence of a change in control (as defined in the employment agreement), he will continue to receive his monthly base salary in effect on the date of termination for a period of twenty-four months and health insurance benefits substantially similar to those which Mr. Stopko was receiving immediately prior to the date of termination for the two year period immediately following the date of termination; provided that Mr. Stopko shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

In the event that, following a change in control, either Mr. Stopko's employment is terminated involuntarily other than for cause or disability or Mr. Stopko resigns after the occurrence of certain specified occurrences described below, Mr. Stopko will generally receive a cash lump-sum payment within thirty days following his termination in an amount equal to 2.99 times his annual base salary then in effect. In addition, for a period of three years following termination, we will arrange to provide Mr. Stopko with health insurance benefits substantially similar to those which Mr. Stopko was receiving immediately prior to the date of termination effect; provided that Mr. Stopko shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

The additional specified circumstances include:

a reduction in his title, responsibilities, including reporting responsibilities, or authority, including such title, responsibilities, or authority as such may have been increased from time to time during the term of the employment agreement, which results in a material negative change to Mr. Stopko in the employment relationship;

the assignment of Mr. Stopko to duties inconsistent with his office as existed on the day immediately prior to the date of a change in control, which results in a material negative change to Mr. Stopko in the employment relationship;

21

a reduction in Mr. Stopko's annual base salary in effect on the day immediately prior to the date of the change in control;

a termination of Mr. Stopko's participation, on substantially similar terms, in any of our incentive compensation or bonus plans in which Mr. Stopko participated immediately prior to the change in control, or any change or amendment to any of the substantive provisions of any of such plans which would materially decrease the potential benefits to Mr. Stopko under any of such plans;

a failure by us to provide Mr. Stopko with benefits at least as favorable as those enjoyed by Mr. Stopko under any of our pension, life insurance, medical, health and accident, disability or other employee plans in which Mr. Stopko participated immediately prior to the change in control, or the taking of any action by us that would materially reduce any of such benefits in effect at the time of the change in control, unless such reduction relates to a reduction in benefits applicable to all employees generally; or

our material breach of the employment agreement.

The employment agreement provides that, in the event that any amounts or benefits payable to Mr. Stopko under the employment agreement as a result of his termination of employment, when added to other amounts or benefits which may become payable to him by us, would be subject to an excise tax, the amounts and benefits payable under the employment agreement shall be reduced to such extent as may be necessary to avoid such imposition.

The employment agreement generally defines the term "change in control" as the occurrence of any of the following during the term of the employment agreement:

any person or group which is not an affiliate of AmeriServ (as those terms are defined or used in Section 13(d) of the Exchange Act), as enacted and in force on the date of the employment agreement) is or becomes the beneficial owner (as that term is defined in Rule 13d-3 under the Exchange Act, as enacted and in force on the date of the employment agreement) of our securities representing fifty percent (50%) or more of the combined voting power of our securities then outstanding; or

there occurs a merger, consolidation, share exchange, division or other reorganization involving us and another entity which is not our affiliate in which our shareholders do not continue to hold a majority of the capital stock of the resulting entity, or a sale, exchange, transfer, or other disposition of substantially all of our assets to another entity or other person which is not our affiliate.

The employment agreement generally defines the term "cause" as:

a material breach of the employment agreement by Mr. Stopko that is not cured by Mr. Stopko within thirty days following the date he received written notice from us of our intent to terminate his employment for cause as a result of such material breach;

Mr. Stopko's commission of any act involving dishonesty or fraud or conduct, whether or not said act brings us into public disgrace or disrepute in any respect, including but not limited to acts of dishonesty or fraud, commission of a felony or a crime of moral turpitude;

gross negligence or willful misconduct by Mr. Stopko with respect to us or Mr. Stopko's continuing and unreasonable refusal to substantially perform his duties with us as specifically directed by the Board; or

Mr. Stopko's abuse of drugs, alcohol, or other controlled substances if Mr. Stopko has refused treatment for such substance abuse or has failed to successfully complete treatment for such substance abuse within the past twelve months.

In connection with the employment agreement, a termination for "good reason" will be considered to have occurred if such termination occurs absent a change in control and is on account of a reduction in the Executive's annual base salary except for (i) across-the-board salary reductions similarly affecting all our salaried employees; or (ii) across-the-board salary reductions similarly affecting all our senior executive

officers. Mr. Stopko's right to terminate employment for good reason is subject to the following conditions: (a) any amounts payable upon a good reason termination shall be paid only if Mr. Stopko actually terminates employment within two years following the initial existence of the good reason event and (b) Mr. Stopko must provide written notice to us of the good reason event within ninety days of the initial existence of the event and we must be given at least thirty days to remedy such situation.

Mr. Huerth's Employment Agreement

Effective May 17, 2010, the Bank entered into an employment agreement with Mr. Huerth. Mr. Huerth's agreement is materially identical to Mr. Stopko's except that the initial term of Mr. Huerth's agreement is for two years, his initial annual salary is \$175,000, and he is entitled to four weeks of annual vacation.

Mr. Lynch's Change in Control Agreement

On February 19, 2016, we entered into a change in control agreement with Mr. Lynch. The initial term of the agreement is for three years and the agreement annually renews for a term ending three years from each annual anniversary date, unless a party has given the other party written notice at least 60 days prior to such anniversary date that such party does not agree to renew the employment agreement. Under the agreement, if we or a successor terminate Mr. Lynch's employment, without cause, or if Mr. Lynch terminates employment upon the occurrence of certain events (following his written notice to us within 90 days of the occurrence of any event of good reason and our failure to cure the same within 30 days of receipt of such notice) following a change in control, he will be entitled to certain severance benefits; provided that he executes a release agreement. The severance benefits under the agreement consist of the following:

A lump-sum payment, within 30 days following termination, equal to one times his base salary then in effect, or immediately prior to any reduction which would entitle to Mr. Lynch to terminate his employment under certain circumstances under the agreement;

A lump-sum payment, within 30 days following termination, equal to the present value (determined based upon 120% of the then prevailing monthly short-term applicable federal rate) of the excess of (i) the aggregate retirement benefits Mr. Lynch would have received under the terms of each and every retirement plan (as defined in the agreement) had he (A) continued to be employed for one more year, and (B) received (on a pro rata basis, as appropriate) the greater of (1) the highest compensation taken into account under each such retirement plan with respect to one of the two years immediately preceding the year in which the date of termination occurs, or (2) his annualized base compensation in effect prior to the date of termination (or prior to any reduction which would entitle to Mr. Lynch to terminate his employment under certain circumstances under the agreement), over (ii) the retirement benefits he actually receives under the retirement plans;

For a period of one year from the date of termination of employment, provided with life, disability, and medical insurance benefits at levels equivalent to the highest levels in effect for Mr. Lynch during any one of the three calendar years preceding the year in which notice of termination is delivered, or, to the extent such benefits cannot be provided under a plan because Mr. Lynch is no longer an employee, a lump sum cash payment equal to the after tax cost (estimated in good faith by us) of obtaining such benefits, or substantially similar benefits, within 30 days following termination; and

All unvested stock options will become immediately vested, and such options will be exercisable at any time prior to the earlier of the expiration date of such options or the date which is 90 days after termination of employment.

If Mr. Lynch becomes entitled to receive the severance benefits under the agreement, he will be subject to a covenant not to compete and an agreement not to solicit our customers or employees for 12 months following termination of employment.

The agreement generally defines the term **change in control** as the occurrence of any of the following during the term of the agreement:

any person or group (as those terms are defined or used in Section 13(d) of the Exchange Act), as enacted and in force on the date of the agreement) is or becomes the **beneficial owner** (as that term is defined in Rule 13d-3 under the Exchange Act, as enacted and in force on the date of the agreement) of our securities representing 24.99% or more of the combined voting power of our securities then outstanding; or
there occurs a merger, consolidation, share exchange, division or other reorganization involving us and another entity which is not our affiliate in which our shareholders do not continue to hold a majority of the capital stock of the resulting entity, or a sale, exchange, transfer, or other disposition of substantially all of our assets to another entity or other person; or
there occurs a contested proxy solicitation or solicitations of our shareholders which results in the contesting party or parties obtaining the ability to elect a majority of the members of our board of directors standing for election at one or more meetings of our shareholders.

The agreement generally defines the term **cause** as:

a material breach of any provision of the agreement, which breach Mr. Lynch shall have failed to cure within thirty days following his receipt of written notice from us specifying the nature of his breach;
willful misconduct of Mr. Lynch that is materially adverse to the best interests, monetary or otherwise of AmeriServ;
or
conviction, or the entering of a plea of guilty or nolo contendere, of a felony or of any crime involving moral turpitude, fraud or deceit.

The additional specified triggering circumstances following a change in control include:

any material reduction in his title, responsibilities, including reporting responsibilities, or authority, including such title, responsibilities, or authority as such may have been increased from time to time during the term of the agreement;
the assignment of Mr. Lynch to duties inconsistent with his office as existed on the day immediately prior to the date of a change in control, which has a material negative impact to Mr. Lynch on the employment relationship;
any material reduction in Mr. Lynch's annual base salary in effect on the day immediately prior to the date of the change in control;
any failure to continue Mr. Lynch's participation, on substantially similar terms, in any of our incentive compensation or bonus plans in which Mr. Lynch participated immediately prior to the change in control, or any change or amendment to any of the substantive provisions of any of such plans which would materially decrease the potential benefits to Mr. Lynch under any of such plans;
any failure by us to provide Mr. Lynch with benefits at least as favorable as those enjoyed by Mr. Lynch under any of our pension, life insurance, medical, health and accident, disability or other employee plans in which Mr. Lynch participated immediately prior to the change in control, or the taking of any action by us that would materially reduce any of such benefits in effect at the time of the change in control, unless such reduction relates to a reduction in benefits applicable to all employees generally; or
our breach of any provision of the agreement.

The table below summarizes the payments the Named Executive Officers whose actual payments are reflected above, would receive if they were terminated as of, or a change in control occurred on, December 31, 2016.

(1) For severance and welfare continuation payment calculation, and time and form of such payments, see Employment Contracts and Payments Upon Termination or Change in Control.

(2) Assumes no increase in the cost of welfare benefits.

See the discussion in our Annual Report on Form 10-K for the year ended December 31, 2016, for a discussion of the assumptions and methodologies used to calculate the amounts in this

(1) column. All non-employee independent directors received an annual retainer of \$9,000 payable in shares of our common stock. All directors received 2,945 shares of our common stock pursuant to this arrangement on May 10, 2016. Board meeting and committee meeting attendance fees are paid in cash. Mr. Wise has directed us to apply a portion of his board fees that would otherwise be received in cash to the purchase of shares of our common stock.

(2) Other than Mr. Ford, no director has any outstanding options to purchase our common stock. Mr. Ford currently has options to purchase 40,000 shares of our common stock, which are fully exercisable.

In 2016, all ASRV and Bank board meetings were held jointly, but with separate agendas and minutes. During 2016, non-employee directors received \$750 for each joint ASRV and Bank board meeting attended and received \$600 for their attendance at certain committee meetings of the ASRV and Bank board of directors. In 2016, each committee Chair received an annual retainer of \$2,000 in addition to the committee meeting fee. However, directors frequently were not compensated for specially called committee meetings, telephonic meetings, or committee meetings convened for a limited purpose. Mr. Ford, in connection with his service as non-executive Chairman of the Board of Directors of ASRV and all subsidiaries, received monthly retainers of \$7,000. Additionally, Mr. Dennison, in connection with his service as non-executive Vice Chairman of the Board of Directors of ASRV and all subsidiaries, received monthly retainers of \$4,000.

Messrs. Adams, Dennison, Edwards, Ford, Kunkle, and Wise, and Meses. O Malley and Sargent are also directors of the Trust Company. Directors serving on the board of directors of the Trust Company received \$750 for each board of

directors meeting attended, except for Messrs. Ford and Dennison.

Messrs. Adams, Dennison, Ford, and Wise also serve on the board of directors of West Chester Capital Advisors, a wholly-owned subsidiary of the Bank, for which each receives \$750 for each board of directors meeting attended, except for Messrs. Ford and Dennison.

Director Deferred Compensation Plan

Under the Deferred Compensation Plan for Directors of AmeriServ Financial, Inc., which we refer to as the Director Plan, each director may defer receipt of all or a portion of any cash fees that are payable to the director for service on our board of directors or that of our affiliate. Deferred fees either (i) accrue simple interest daily from the date of the deferral election until the date of distribution at an annual rate of return determined by the administrator of the Director Plan, in its sole discretion, or (ii) in the discretion of the administrator of the Director Plan, achieve a pre-tax rate of return based upon the participant's selection among various investment options from the date of the deferral election until the date of distribution. Each participant is 100% vested with respect to the amounts deferred and any earnings with respect to such deferral. The Director Plan is a nonqualified deferred compensation plan. As such, the rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of our creditors.

MATTER NO. 2 ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As described above in the Executive Compensation section and the compensation tables of this proxy statement, ASRV's compensation programs are designed to:

align the interests of our executive officers with the long-term interests of our shareholders; create a culture that rewards the superior performance of our executive officers through the attainment of specified performance objectives and targets; and attract, motivate, and retain the highest level of executive talent and experience for the benefit of our shareholders.

We are submitting a non-binding proposal allowing our shareholders to cast an advisory vote on our compensation program at the annual meeting of shareholders. This proposal, commonly known as a say-on-pay vote, gives you as a shareholder of ASRV an opportunity to endorse or not endorse our executive compensation programs and policies through the following resolution:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the narrative disclosure regarding executive compensation, the compensation tables and any related material disclosed in this proxy statement, is hereby **APPROVED**.

Because your vote is advisory, it will not be binding upon the board. However, the compensation committee will take into account the outcome of the vote when considering future executive compensation programs and arrangements.

Opponents of say-on-pay votes have suggested that the impact on shareholder value of these proposals remains unproven because shareholders currently, for example, have the right to approve certain compensation plans, such as stock option plans.

Therefore, we cannot assess what measurable impact, if any, this proposal will have in the creation of shareholder value or improving our corporate governance, in light of the corporate governance standards we currently have in place.

We believe that both ASRV and its shareholders benefit from maintaining a constructive dialogue with its shareholders. This proposal is only one part of our corporate governance program and practices that maintain this dialogue with our shareholders and our commitment to the creation of long-term shareholder value.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOR OF THE ABOVE ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

The pre-approval fee levels for all services to be provided by S.R. Snodgrass PC are established annually by the audit committee. Any proposed services exceeding these levels will require specific pre-approval by the audit committee.

The approved pre-approval fee level for audit services for fiscal year 2016 was \$10,000.

The audit committee may delegate pre-approval authority to one or more of its members. Such member must report any decisions to the audit committee at the next scheduled meeting. All services performed by S.R. Snodgrass PC in 2016 were pre-approved in accordance with the pre-approval policy.

The audit committee of ASRV's board of directors operates under a written charter that specifies the audit committee's duties and responsibilities. This charter is available on our website at www.ameriserv.com/investor-relations/corporate-governance.

The audit committee oversees ASRV's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements in the Annual Report with management including a discussion about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements.

The audit committee reviewed with S.R. Snodgrass PC, our independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of ASRV's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards or as are required by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The audit committee has received the written disclosures and the letter from S.R. Snodgrass PC required by the Independence Standards Board Standard No. 1, and has discussed with S.R. Snodgrass PC its independence. When necessary, the audit committee has considered the compatibility of non-audit services with the auditor's independence.

The audit committee discussed with ASRV's internal auditor and S.R. Snodgrass PC the overall scope and plans for their respective audits. The audit committee met with the internal auditor and S.R. Snodgrass PC to discuss the results of their audits and examinations, their evaluations of ASRV's internal controls and the overall quality of ASRV's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the Securities and Exchange Commission.

DIRECTOR INDEPENDENCE AND TRANSACTIONS WITH RELATED PARTIES

Director Independence

The board of directors of ASRV undertakes a formal review of director independence semi-annually with input from outside corporate counsel. This process consists of an oral question and answer session at a board meeting at which all directors hear the responses of each director and have an opportunity to evaluate the facts presented. As part of this question and answer session, each director is asked to confirm that there are no facts or circumstances with respect to the director that would be in conflict with the NASDAQ listing standards regarding independence or that would otherwise compromise the director's independence. This independence review is further supplemented by an annual questionnaire that directors are required to complete that contains a number of questions designed to ascertain the facts necessary to determine independence, as well as facts regarding any related party transactions. Based upon these reviews, the board of directors has determined that all of our current directors, other than Mr. Stopko, our President and Chief Executive Officer, are independent. In making this determination, the board considered a number of specific relationships between directors and ASRV as follows:

Director Pasquerilla owns the Holiday Inn Downtown, in Johnstown, Pennsylvania. ASRV periodically holds off-site meetings at the Holiday Inn, including, in some years, its annual meeting of shareholders. In addition, the Holiday Inn provides catering services to ASRV from time to time. The board determined that the amount paid by the company to the Holiday Inn is not material to the company or the Holiday Inn.

Director Kunkle is the majority owner of Laurel Holdings, Inc. Among other things, Laurel Holdings operates a company that provides janitorial services to ASRV. In 2016, ASRV paid Laurel Holdings the sum of approximately \$230,000 for these services. The amount paid represents less than five percent of Laurel Holdings' consolidated revenues. Accordingly, the board concluded that the existence of this relationship did not impair Mr. Kunkle's independence.

Transactions With Related Parties

Certain directors, nominees, and executive officers or their associates were customers of and had transactions with ASRV or its subsidiaries during 2016. Transactions that involved loans or commitments by the Bank were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons and did not involve more than the normal risk of collectability or present other unfavorable features. All transactions, products or services provided to the directors, nominees, executive officers, or their associates by ASRV or its subsidiaries are on substantially the same terms and conditions that those directors, nominees, executive officer, or their associates could receive elsewhere.

Review, Approval or Ratification of Transactions with Related Persons

Our audit committee charter requires that the audit committee approve all related party transactions other than routine deposit relationships and loans that otherwise comply with federal regulations. ASRV also reviews the independence of directors semi-annually. During this process, related party transactions are disclosed to all board members.

OTHER MATTERS

The board of directors knows of no other matters to be presented at the annual meeting. If, however, any other business should properly come before the annual meeting, or any adjournment thereof, it is intended that the proxies will be voted with respect thereto in accordance with the best judgment of the persons named in the proxies.

SHAREHOLDER COMMUNICATIONS

Shareholders and other interested parties who desire to communicate directly with our independent, non-management directors should submit communications in writing addressed to the Non-Executive Chairman of the Board, AmeriServ Financial, Inc., P.O. Box 430, Johnstown, Pennsylvania 15907-0430.

Assuming the annual meeting of shareholders in 2018 is held within thirty days before or after April 25, 2018, this period will begin on December 26, 2017 and will end on January 25, 2018. In accordance with our bylaws, a shareholder who desires to nominate candidates for election to ASRV's board of directors must comply with the proceeding specified in the bylaws, including providing proper notice of the nomination in writing, delivered or mailed by first-class United States mail, postage prepaid, to the Non-Executive Chairman of the Board of Directors at the address above, not less than 90 days nor more than 120 days prior to the anniversary date of the previous year's annual meeting. Assuming the annual meeting of shareholders in 2016 is held within thirty days before or after this period will begin on December 26, 2017 and will end on January 25, 2018.
