RAANANA, Israel (October 23, 2017) XTL Biopharmaceuticals Ltd. (NASDAQ: XTLB, TASE: XTLB.TA) (“XTL” or the “Company”), a clinical-stage biopharmaceutical company developing treatments for autoimmune diseases, today announced that on October 17, 2017, it received a letter from the Listing Qualifications Department of the Nasdaq Stock Market (the “Staff”) indicating that the Company has failed to comply with the continued listing requirement that it maintain either a minimum of \$2,500,000 in stockholders’ equity or \$35,000,000 market value of listed securities or \$500,000 of net income from continuing operations for the most recently completed fiscal year or two of the three most recently completed fiscal years, and that the Staff is therefore reviewing the Company’s eligibility for continued listing on The Nasdaq Capital Market. In accordance with Nasdaq’s rules, the Company has 45 calendar days, or until December 1, 2017, to submit a plan to regain compliance. If the plan is accepted, Nasdaq can grant an extension of up to 180 calendar days from the date of the letter to evidence compliance. Based on the Company’s internal review, it believes that it currently complies with such requirement due to the fact that as of September 30, 2017, the Company’s stockholders’ equity was approximately \$3.6 million. The increase of stockholders equity from June 30, 2017 is mainly due to the financial income from the revaluation of the derivative (warrants to purchase ADS's).

The Company intends to respond to the Staff and provide the explanations for such compliance.
