MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING
OF COMMON SHAREHOLDERS

MAY 26, 2006

ALL AMOUNTS OF MONEY WHICH ARE REFERRED TO IN THIS MANAGEMENT INFORMATION CIRCULAR ARE EXPRESSED IN LAWFUL MONEY OF THE UNITED STATES UNLESS OTHERWISE SPECIFIED.

NOTE: Shareholders who do not hold their common shares in their own name, as registered shareholders, should read "Advice to Beneficial Shareholders" for an explanation of their rights.

The information in this Management Information Circular is as of March 28, 2006 unless otherwise indicated.

SOLICITATION OF PROXIES

THIS MANAGEMENT INFORMATION CIRCULAR IS PROVIDED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF GOLDEN STAR RESOURCES LTD. (the "Corporation") for the annual general and special meeting of the shareholders of

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

the Corporation (the "Meeting") to be held on Friday, May 26, 2006, at 1:30 p.m. (Toronto time) in the TSX Broadcast & Conference Centre - Gallery Facility, 130 King Street West, Toronto, Ontario, Canada M5X 1J2 or at any adjournment thereof for the purposes set forth in the accompanying Notice of Meeting. This Management Information Circular and the accompanying form of proxy ("Proxy") are expected to be sent to the shareholders on or about April 25, 2006.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone, telegraph or personal interview by regular employees of the Corporation, at a nominal cost to the Corporation. In accordance with applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Proxy, Peter J. Bradford, President and Chief Executive Officer of the Corporation, or failing him, Allan J. Marter, Senior Vice President, Chief Financial Officer and Secretary of the Corporation, have been designated by the directors of the Corporation and have indicated their willingness to represent as proxy each shareholder who appoints them. A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN PETER J. BRADFORD OR ALLAN J. MARTER, BEING THE MANAGEMENT DESIGNEES, TO REPRESENT HIM OR HER AT THE MEETING. Such right may be exercised by inserting in the space provided for that purpose on the Proxy the name of the person to be designated and deleting therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of the appointment, obtain a consent to act as proxy and provide instructions on how the shareholder's common shares ("Common Shares") of the Corporation are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney executed the proxy form. A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to Attention: Proxy Department, CIBC Mellon Trust Company, #6, 200 Queens Quay East, Toronto, Ontario, Canada M5A 4K9, no later than 5:00 p.m. (Toronto time) on Wednesday, May 24, 2006 or, if the Meeting is adjourned, no later than 5:00 p.m. (Toronto time) on the business day immediately prior to the day of the reconvening of the adjourned Meeting. Late proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular late proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it at any time before it is exercised, by instrument in writing executed by the shareholder or by his attorney authorized in writing and deposited either at the registered office of the Corporation, being Suite 3700, Toronto Dominion Bank Tower, 66 Wellington Street West, P.O. Box 20, Toronto Dominion Centre, Toronto, Ontario, Canada, M5K 1N6, Attention: Golden Star Resources Ltd. at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, before any votes in respect of which the proxy is to be used shall have been taken. In addition, a proxy may be revoked by the shareholder personally attending at the Meeting, registering with the

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

scrutineers and voting his Common Shares.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Corporation as a substantial number of shareholders do not hold their Common Shares in their own names. Shareholders of the Corporation who do not hold their Common Shares in their own names (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Corporation. Such

2

shares will more likely be registered under the name of the shareholder's broker or an agent or nominee of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Common Shares of the Corporation held by brokers or their agents or nominees may in certain instances be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent or nominee of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications ("ADP"). ADP typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the meeting. A Beneficial Shareholder receiving a proxy with an ADP sticker on it cannot use that proxy to vote Common Shares directly at the Meeting - the proxy must be returned to ADP well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or an agent or nominee of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent or nominee) in accordance with the instructions provided by such broker (or agent

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

or nominee), well in advance of the Meeting.

All references to shareholders in this Management Information Circular and the accompanying Notice of Meeting and Proxy are to shareholders of record unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity.

VOTING OF PROXIES

The persons named in the enclosed Proxy are directors and/or officers of the Corporation who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct his proxy how to vote his Common Shares by completing the blanks on the Proxy.

3

All Common Shares represented at the Meeting by properly executed proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the Proxy, the Common Shares represented by the Proxy will be voted or withheld from voting in accordance with such specification. IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE IN FAVOUR OF THE MATTERS SET OUT THEREIN.

The enclosed Proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Corporation.

VOTING SHARES AND SECURITY OWNERSHIP OF CERTAIN

BENEFICIAL OWNERS AND MANAGEMENT

The Corporation has authorized capital consisting of an unlimited number of Common Shares and an unlimited number of first preferred shares (the "First Preferred Shares"). As of March 28, 2006, a total of 207,265,758 Common Shares and no First Preferred Shares were issued and outstanding. The board of directors of the Corporation (the "Board") has fixed March 28, 2006 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment thereof. Each Common Share outstanding on the record date carries the right to one vote. The Corporation has caused to be prepared a list of the holders of its Common Shares on such record date. Each shareholder named in the list will be entitled to one vote at the Meeting for each Common Share shown opposite such shareholder's name except to the extent that (a) such shareholder has transferred the ownership of such Common Share after the date on which the list was prepared and (b) the transferee of such Common Share produces a properly endorsed share certificate or otherwise establishes that the transferee owns such Common Share and demands not later than ten days before the Meeting that the transferee's name be included in the list in which case the transferee will be entitled to vote such Common Share at the Meeting. A complete list of the shareholders entitled to vote at the Meeting will be open to examination by any shareholder for any purpose germane to the Meeting, during ordinary business hours for a period of

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

ten days prior to the Meeting, at the office of CIBC Mellon Trust Company at 320 Bay Street, Toronto, Ontario, Canada M5H 4A6.

Under the Corporation's By-laws, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled.

4

The following table shows the number of Common Shares beneficially owned, as of March 28, 2006, by each person known to the Corporation or its directors or executive officers to be the beneficial owner of more than 5% of its outstanding Common Shares, by each director and the director nominees of the Corporation, by each executive officer named in the table titled "Summary Compensation Table" and by all directors, director nominees and executive officers of the Corporation as a group. All information is taken from or based upon ownership filings made by such persons with the U.S. Securities and Exchange Commission ("SEC") or upon information provided by such persons to the Corporation. 3. Stock Option Plan

The Stock Option Plan provides to certain key employees, consultants and directors (including non-employee directors) of the Corporation and its subsidiaries an incentive to maintain and to enhance the long-term performance of the Corporation through the acquisition of Common Shares pursuant to the exercise of stock options. The Stock Option Plan provides for discretionary option grants to employees, consultants and directors. Currently, there are approximately sixty key employees (including executive officers) and five non-employee directors of the Corporation and its subsidiaries who are eligible to receive options under the Stock Option Plan.

Subject to certain other limitations, the maximum number of Common Shares authorized for issuance under the Stock Option Plan is 15,000,000 Common Shares (or approximately 7.28% of the issued and outstanding Common Shares). As at March 28, 2006, 6,047,902 Common Shares (or approximately 2.92% of the issued and outstanding Common Shares) remain available for grant, and an aggregate of 5,408,451 Common Shares (or approximately 2.61% of the issued and outstanding Common Shares) are issuable under options that have been granted under the Stock Option Plan. The maximum number of Common Shares that may be issued to insiders under the Stock Option Plan is limited to that number which is equal to the difference between (i) 10% of the outstanding number of Common Shares from time to time, and (ii) the number of Common Shares that are reserved for issuance to insiders pursuant to stock options granted under other stock option plans or arrangements of the Corporation. The total number of Common Shares that may be issued to any one optionee pursuant to options granted under the Stock Option Plan or other stock option plans or arrangements of the Corporation can not exceed 5% of the outstanding number of Common Shares from time to time. The maximum number of shares that may be issued to any optionee in any one calendar year is 400,000 Common Shares (or approximately 0.19% of the issued and outstanding Common Shares).

The Compensation Committee makes recommendations to the Board regarding all option grants. The Board has the authority, subject to the terms of the Stock Option Plan, to determine when and to whom to make grants under the Stock Option Plan, the number of Common Shares to be covered by the grants, the terms of options granted and the exercise price of options, and to prescribe, amend and rescind rules and regulations relating to the Stock Option Plan. Options granted under the Stock Option Plan are exercisable over a period determined by the Board, but not to exceed ten years from the date of grant, and the exercise

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

price of an option may not be less than the closing price of the Common Shares on the stock exchange on which the Common Shares principally trade on the day immediately preceding the date of grant. In addition, the grant of an option may be subject to vesting conditions established by the Board as provided in the option agreement evidencing the grant of such option. All options granted to non-employee directors vest immediately and options granted to executive officers and other employees are subject to vesting as determined at the date of grant, which vesting is either as to one-third on grant, and one-third on each of the second and third anniversary dates, or as to one-fourth on grant and an additional one-fourth on each of the second, third and fourth anniversary dates.

In the event of an optionee's termination of employment or service prior to the time all or any portion of an option vests, such option, to the extent not vested, shall terminate. Except as otherwise provided by the Committee or the Board, as the case may be, if an optionee ceases to be employed by, or provide services to, the Corporation for any reason (other than by reason of death), the optionee's options generally will expire 30 days following such termination in the case of a non-director optionee and within 12 months in the case of a director optionee. If the optionee dies while employed (or within the 30-day period referred to in the preceding sentence), all outstanding options, to the extent then vested, may be exercised within one year after the optionee's date of death by the person or persons to whom the optionee's rights pass. In no case may options be exercised later than the expiration date specified in the grant. Options may be transferred by an optionee only by will or by the laws of descent and distribution, and during his or her lifetime may be exercised only by an optionee during his or her lifetime.

Although the Stock Option Plan provides for interest free loans (subject to the terms of the Stock Option Plan) to be made available to optionees who are employees of the Corporation or its subsidiaries for the purpose of exercising options under the Stock Option Plan, such loans and there are no such loans outstanding.

The exercise price and the number of Common Shares to be purchased by an optionee upon the exercise of an option will be adjusted by the Board in accordance with the terms of the Stock Option Plan on the occurrence of certain corporate events or changes to the Common Shares.

The Stock Option Plan provides that it will terminate, unless earlier terminated in accordance with its terms, on the tenth anniversary of its approval. The Stock Option Plan provides that it generally may be amended or terminated at any time by the Board. However, any such amendment or termination shall be subject to any necessary stock exchange, regulatory or shareholder approval. In addition, no amendment to an option may adversely affect the rights under such option without the consent of the optionee.

On March 28, 2006, the closing price of the Common Shares was Cdn\$3.85 on the TSX and the closing sale price of the common shares of EURO was Cdn\$1.10 on the TSX.
- (2) The Corporation has occasionally granted, as additional compensation, options to purchase common shares of EURO. The term of each such option is 10 years and each such option vested immediately. The Corporation did not grant any such options to directors and Named Executive Officers during the fiscal years ended December 31, 2005 and 2004.

4. Bonus Plans

The Corporation has an Employees' Stock Bonus Plan (the "Stock Bonus Plan") for any full-time or part-time employee (whether or not a director) of the Corporation or any of its subsidiaries who has rendered meritorious services that contributed to the success of the Corporation or any of its subsidiaries. Up to 900,000 Common Shares (or approximately 0.4% of the issued and outstanding Common Shares) are authorized for issuance under the Stock Bonus Plan. The Stock Bonus Plan is currently administered by the Compensation Committee and provides for grants of bonus Common Shares on terms that the Compensation Committee recommends to the Board, within the limitations of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities. The maximum number of Common Shares that may be issued under the Stock Bonus Plan in any calendar year will not exceed in the aggregate 2% of the total number of outstanding Common

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

Shares at the end of the immediately preceding calendar year, provided that (i) no more than 1% of the total number of outstanding Common Shares at the end of the immediately preceding calendar year can be issued to any one insider, (ii) the total number of Common Shares issuable within any one-year period to all insiders of the Corporation pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements can not exceed 10% of the then outstanding Common Shares, and (iii) the total number of Common Shares issuable within any one-year period to an employee under the Stock Bonus Plan and such employee's associates pursuant to the Stock Bonus Plan and pursuant to the exercise of vested options granted under other share compensation arrangements can not exceed 5% of the then outstanding Common Shares.

A total of 536,920 Common Shares (or approximately 0.3% of the issued and outstanding Common Shares) have been issued under the Stock Bonus Plan to March 28, 2006. In 2005, no Common Shares were issued under the Stock Bonus Plan; however the Named Executive Officers received as part of their bonus for 2005 certain Common Shares which were issued in 2006 pursuant to the Stock Bonus Plan (see the "Summary Compensation Table" and the notes thereto). As of March 28, 2006, 363,080 Common Shares (or approximately 0.2% of the issued and outstanding Common Shares) remain available for grant under the Stock Bonus Plan.

The Board has the right to amend or terminate the Stock Bonus Plan at any time in its discretion. In addition, certain amendments to the Stock Bonus Plan require shareholder and regulatory approval.

The Corporation also maintains an Executive Management Performance Bonus Plan (the "Executive Bonus Plan") under which the Corporation's executive officers and certain other management personnel are eligible for bonuses, including bonuses under the Stock Bonus Plan and cash bonus awards. Bonuses are awarded under the Executive Bonus Plan at the discretion of the Board, based on the Board's evaluation of the performance of both the Corporation and the participant measured against performance objectives established each year.

In addition, pursuant to the Arrangement, the Corporation issued an aggregate of 2,533,176 options to acquire Common Shares (representing 1.2% of the Corporation's outstanding Common Shares) to directors, officers and employees of St. Jude in exchange for the St. Jude options held by such persons. The exercise prices of such Corporation options range from Cdn\$0.29 to Cdn\$2.58 and have expiry dates ranging from February 12, 2007 to September 21, 2009, subject to earlier expiration in certain prescribed circumstances. These options are not transferable or assignable by the holders other than by a legal will or pursuant to the laws of succession and no such option may be exercised by anyone other than the holder or the holder's legal representative.

5. Employment, Change of Control Agreements and Other Agreements

All Named Executive Officers currently employed by the Corporation have agreements with the Corporation or a subsidiary in respect of their employment with the Corporation. The base salary amounts payable under these employment agreements are reviewed annually by the Compensation Committee.

The Corporation amended certain terms of Peter J. Bradford's employment agreement with effect from December 17, 2004, whereby the employment agreement was assigned to Caystar Management Holdings.

The Corporation or a subsidiary has entered into amended and restated employment agreements with Peter J. Bradford, Allan J. Marter, Richard Q. Gray, Bruce Higson-Smith and Dr. Douglas A. Jones. The material terms of the agreements include: (a) employment for terms of one year from May 1, 2004 with automatic renewal for successive one-year periods; (b) a base salary (see the 2004 salary of the Named Executive Officers as set forth under the "Summary Compensation Table" above); (c) severance payments upon a termination of employment without cause in an amount equal to the sum of the employee's base salary (two times such amount for Mr. Bradford), the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, plus amounts based on previous year benefits; (d) a lump sum payment in the event of a "termination upon a change in control" (as described below) in an amount equal to two times the sum of the employee's base salary (three times such amount for Mr. Bradford), the average of the target bonus for the employee for the current calendar year and the bonus paid to the employee for the previous year, plus amounts based on previous year benefits; and (e) participation in the Stock Option Plan, the Executive Bonus Plan, and in such of the Corporation's benefit and deferred compensation plans as are from time to time available to executive officers of the Corporation.

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

A "termination upon a change in control" will occur when a Named Executive Officer is terminated within 24 months following a "change in control" (as described below) or if the Named Executive Officer terminates his employment contract within 24 months of a "change in control" for reasons which may include a substantial alteration in the nature or status of employment responsibilities, a reduction in compensation or benefits, a relocation of the Corporation's principal offices or a relocation of the Named Executive Officer outside of Denver, Colorado, certain material breaches of the employment contract, or a failure by the successor company to assume the obligations under the employment contract. A "change in control" is deemed to have occurred if: (i) certain prescribed persons become the beneficial owner, directly or indirectly, of more than 30% of the then outstanding voting stock of the Corporation; (ii) persons who are incumbent directors cease to constitute a majority of the Board; (iii) the shareholders of the Corporation approve a merger, consolidation or amalgamation of the Corporation with any other corporation (other than one where the voting securities of the Corporation outstanding immediately prior thereto continue to represent at least 50% of the combined voting power of the voting securities of the Corporation or the surviving entity outstanding immediately after such transaction); or (iv) the shareholders approve a plan of complete liquidation of the Corporation or the sale or disposition by the Corporation of all or substantially all of the Corporation's assets.

St. Jude is a party to an executive employment agreement (the "Executive Employment Agreement") with Bluestar Management Inc. ("Bluestar"), of which Michael A. Terrell is principal. Pursuant to the Executive Employment Agreement Michael A. Terrell will be paid \$20,833.00 per month until July 2007, for management services provided to St. Jude. If the Executive Employment Agreement is terminated within 24 months of a change in control of the Corporation, Bluestar will be entitled to a termination payment equal to 12 times \$20,833.00 multiplied by a fraction, the numerator of which will be six plus one for each year since 1987 (being the year in which Michael A. Terrell was first employed by St. Jude) and the denominator of which will be 12.

C. Compensation Committee Report on Executive Compensation

Composition of the Compensation Committee

The members of the Compensation Committee are Messrs. James E. Askew (Chairman), David L. Bumstead and Ian MacGregor. Mr. Askew was president of the Corporation from March 1999 through October 1999. Members of the Compensation Committee are appointed on an annual basis after the election of directors. See "Certain Relationships and Related Transactions"

15

Mandate of the Compensation Committee

The mandate of the Compensation Committee includes recommending for the approval of the Board of Directors compensation arrangements for all executive officers of the Corporation and its controlled subsidiaries (subject to the approval of the board of directors of the subsidiaries, if required). Cash and benefits compensation is provided for in agreements that have been negotiated and entered into with the Chief Executive Officer and the Named Executive Officers of the Corporation as described above. At the time such agreements were entered into, the Compensation Committee considered the compensation levels for such positions to be comparable to those of other public junior to mid-size gold producing companies. Subsequent adjustments have reflected, among other things, merit, cost of living, industry trends and special living conditions. Executive salaries are reviewed on a yearly basis and are set for individual executive officers based on the level of responsibility, scope and complexity of the

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

executive's position and an evaluation of each individual's role and performance in advancing the successful development of the Corporation, the officer's performance in general, the Corporation's performance and a comparison of salary ranges for executives of other companies in similar businesses. In February 2000, the Board, upon recommendation of the Compensation Committee, adopted a remuneration matrix based essentially on these criteria, which remained substantially unchanged in 2005.

Mr. Bradford's salary for 2005 was \$315,000. When establishing Mr. Bradford's salary the Compensation Committee considered the factors listed above, as well as the Corporation's performance over the last five years.

The Compensation Committee determines any annual bonus to be awarded to the Chief Executive Officer and the other Named Executive Officers based on a combination of the Corporation's performance for the year and the achievement by each person of both corporate and individual key performance indicators established by the Compensation Committee as of the commencement of the applicable fiscal year.

The Board considers options to purchase Common Shares and the granting of stock bonuses to be an essential element of the compensation arrangements for executive officers. In determining the amount of stock options and stock bonuses to be granted, the Compensation Committee considers, among other things, the officer's position, salary, and performance both overall and against specific objectives, which relates to the officer's accomplishments and the Corporation's performance. The Compensation Committee adopted a guide in February 2000 for determining option awards based on multiples that are a function of the Corporation's and the executive's performance. The Corporation granted stock options to the Named Executive Officers in 2005 based on this guide.

D. Performance Graph and Table

The following graph and table illustrates the cumulative total shareholder return on the Common Shares for the fiscal years ended December 31, 2000 through 2005, together with the total shareholder return of the S&P/TSX Composite Index and the Canadian Gold Index for the same period. The graph and table assumes an initial investment of Cdn\$100 at December 31, 2000 and is based on the trading prices of the Common Shares on the TSX during the periods indicated. Because the Corporation did not pay dividends on its Common Shares during the measurement period, the calculation of the cumulative total shareholder return on the Common Shares does not include dividends.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed with management of the Corporation the audited financial statements of the Corporation for the fiscal year ended December 31, 2005 (the "Audited Financial Statements").

The Audit Committee has discussed with PricewaterhouseCoopers LLP, independent accountants for the Corporation since 1994, the matters required to be discussed by Statement on Auditing Standards No. 61.

The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1, and has discussed with PricewaterhouseCoopers LLP its independence and has considered the compatibility of the non-audit services which it provides with maintenance of that independence.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the SEC.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The following information is provided in response to National Instrument 58-101 and its companion Form 58-101F1:

Board of Directors

The current Board, all of whose members (except Mr. David Bumstead) are being nominated in this Circular for re-election at the meeting, comprises five directors who are independent by virtue of their not having a direct or indirect material relationship (as defined under applicable law and regulations) with the Corporation. The directors who are not independent are Mr. Peter Bradford, the Corporation's President and Chief Executive Officer and Mr. Michael Terrell. Mr. Terrell is the principal of Bluestar, which has an executive employment agreement with St. Jude.

18

Of the current Board members, Mr. James Askew is a director of Asian Mineral Resources Ltd., Climax Mining Ltd., Sino Gold Ltd. and Yamana Gold Inc.; Mr. Bradford is a director of Anvil Mining Limited; Mr. Fagin is a director of Canyon Resources Corporation, Pacific Rim Mining Company and T. Rowe Price Mutual Funds; Mr. MacGregor is a director of Asian Mineral Resources Ltd.; Michael Martineau is a director of Axmin Inc. Each of these companies is a reporting issuer or equivalent in Canada or another jurisdiction.

The Board follows the practice of including in each regularly scheduled Board meeting a discussion involving the independent directors in the absence of management at which the independent directors have the opportunity to raise any matter they believe merits or requires discussion. Accordingly, for corporate governance disclosure purposes, the independent directors held 12 meetings in 2005 at which non-independent directors and members of management were not present.

Mr. Ian MacGregor serves as Chairman of the Board. As disclosed above, he is an independent director. The Chairman's duties are described below in "Position Descriptions".

Except for Mr. Askew, Mr. Martineau and Mr. MacGregor, who did not attend one board meeting each, each director attended all Board meetings held in 2005. Mr. Bumstead was unable to attend one meeting of the Audit Committee.

Board Mandate

While the Board has no written mandate as such, its duties and activities are performed in a manner that is considered responsive to statutory and other legal requirements and in accordance with best corporate governance practices.

The Board establishes overall policies and standards for the Corporation. The Board expects management to conduct the business of the Corporation in accordance with the Corporation's ongoing strategic plan as adopted by the Board. The Board regularly reviews management's progress in meeting these expectations. The directors are kept informed of the Corporation's operations at meetings of the Board and its committees and through reports and analyses and discussions with management. The Board normally meets seven times a year in person, with additional meetings being held as needed. In 2005, there were a total of 12 meetings of the Board.

The following is a summary of how the Board deals with matters pertaining to

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

strategic planning, risk management, communication and internal control systems, and management and succession:

- o Each year the Board reviews and approves planning assumptions and detailed monthly budgets for the following year and annual projections for the following five years. The Board monitors performance against budget through reporting by management in the form of monthly reports and Board papers.
- o The Board seeks to identify the principal risks of the Corporation's business which are wide-ranging because of the nature of the Corporation's business, including risks associated with operating in developing countries, maintaining control of the Corporation's assets and funds, political risks, exchange controls, environmental and safety risks, government regulation problems, title matters, civil unrest, the availability of skilled management and labour.

19

- o The Board annually considers the overall performance of management to identify areas where additional skills may be required and to consider the measures required to ensure sufficient management depth for the management of the Corporation in the event of the loss of any of the Corporation's executive management team.
- o The Chief Executive Officer and the Chief Financial Officer provide shareholder communications on behalf of the Corporation.
- o The Board has the responsibility to periodically review the environmental and safety policies adopted by the Corporation and its affiliates and has established policies on Safety, Community Relations and Environment.
- o The Board has the responsibility to periodically review the integrity of the Corporation's internal control and management information systems.

The Board has adopted Policies on Corporate Control with respect to annual budgets, financial and budget reporting, activities reporting, acquisitions and dispositions of assets, joint ventures, spending authorities, contracts and investment banking services. Therefore, in addition to those matters that must by law be approved by the Board, the Board approves, among other things, the terms of acquisitions and dispositions of the mineral properties of the Corporation and its subsidiaries as well as joint venture agreements on such properties. Operating and capital budgets also require the Board's approval. The Board receives monthly reports on operational, financial and business development matters. Finally, because of its relatively small size, the Board is very flexible and management is able to liaise regularly with the Board to discuss and seek approval for various activities.

Position Descriptions

The Board has adopted a position description for the Chairman of the Board whereby the Chairman presides over meetings of the Board, interfaces between the Board and senior management, including regular consultations with the President and CEO on a variety of matters of importance to the Corporation's business, its relationships with shareholders and other stakeholders and the relationship between the Board and management, including all matters which properly come within the scope of the duties and responsibilities of a non-executive chairman to ensure that the Corporation fulfils its commitment of adherence to corporate

governance best practices.

20

While no specific position description has been adopted for the chairs of each of the Corporation's four standing committees -namely the Audit, Compensation, Nominating and Corporate Governance and Sustainability committees, each chair is responsible for ensuring that the committee over which he presides properly discharges the obligations imposed by its charter (available for inspection on the Corporation's website at www.gsr.com), interfacing with management and making required recommendations to the Board. In particular, the Chair of the Audit Committee is responsible for a number of matters, such as communication with the Corporation's auditors in accordance with the SEC and the United States Sarbanes-Oxley Act of 2002 ("SOX") requirements to which the Corporation is subject.

The Board has adopted a position description for the Corporation's President and CEO which, among other things, is compliant with SOX requirements.

Orientation and Continuing Education

New directors are provided with the Corporation's committee charters and Board and Corporation policies and with non-public information on the Corporation's business and assets. They have access to Board members and senior management personnel before accepting a position as director to enable them to perform due diligence and to acquire the information required to begin performing their duties at an acceptable level. In the course of these due diligence activities, new directors are made aware of the role of the Board and its committees and the nature and operation of the Corporation's assets and business.

Management believes that each member of the current Board has the basic skills and knowledge required to function effectively as a director of the Corporation and that the individual skills and experience possessed by individual Board members are complementary to achieving a Board that can supervise the Corporation's business in a manner responsive to the interests of all stakeholders and in a responsible and ethical manner. Board candidates are selected based on the possession of such basic and complementary skills.

The chair of the Nominating and Corporate Governance Committee has a specific responsibility to ensure that Board members are kept up to date on corporate governance matters, and the directors' other business interests are such as to keep them abreast of corporate developments generally and those in the gold mining industry in particular. For the past few years, the Board has made annual (in 2005, two) visits to the Corporation's production facilities in Ghana in the course of which Board members have had full opportunity to inspect the Corporation's assets and to interface with all levels of management and with local stakeholders.

Ethical Business Conduct

The relevant policies and codes, all of which are available on the Corporation's website, consist of:

- o a recently updated Business Conduct and Ethics Policy which applies to the Corporation, its subsidiaries, divisions and affiliates and which reaffirms that the observance of applicable law and ethical business

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

conduct wherever the Corporation does business must be the guiding principle. The Corporation's Senior Vice President and Chief Financial Officer has been designated as compliance officer to ensure proper implementation of the Policy;

- o a recently updated Code of Ethics for Directors, Senior Executive and Financial Officers and Other Executive Officers adopted pursuant to Section 406 of SOX and the rules of AMEX to provide written standards of guidance to the affected individuals for honest and ethical conduct and compliance with applicable law. This Code requires that individuals covered by its provisions report suspected violations to either of the Chairman of the Board or the Senior Vice President and Chief Financial Officer, in his capacity as compliance officer, and that the Board take appropriate action on any such reports;
- o a recently updated Policy on Insider Trading and Reporting which mandates the trading restrictions on the Corporation's shares to which directors, officers, employees and others are subject under applicable law and as a matter of corporate policy;
- o a recently updated Whistleblower Policy whereby employees are required to report concerns regarding possible violations by employees or other persons of legal or regulatory requirements or internal policies relating to accounting standards and disclosures, internal accounting controls or matters related to the internal or external audit of the Corporation's financial statements either to the Corporation's Compliance Officer, any other member of management or the Audit Committee, anonymously if the individual so chooses. The Audit Committee is responsible for dealing appropriately with all such reports.

In 2005, no alleged or suspected violations had been reported under any of the foregoing.

As a matter of policy, the Board is required to approve the holding by any director or officer of a Board or executive position creating a potential business or legal conflict affecting that individual's ability to properly carry out his duties and serve the Corporation's best interests. As a matter of law, Board members are required to disclose material interests in proposed transactions, after which the Board determines the propriety of the affected individual participating in either or both of discussion and voting, whether or not otherwise entitled to do either or both.

22

Nomination of Directors

As disclosed above, the Corporation's objective is to have a Board of Directors, each of whose members has the required experience, skills, judgment and character to perform effectively and ethically as a Board member and which, as a group, have skills complementary to the nature of the Corporation's business and the environment in which the Board operates. Potential Board candidates are identified and selected with reference to these criteria. The process is supervised by the Nominating and Corporate Governance Committee which is responsible for recommending candidates for nomination or re-election, as the case may be, as set out in its charter.

Compensation

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

The Compensation Committee, a majority of whose members are independent directors, is responsible for making recommendations to the Board regarding the compensation to be paid to directors and officers. In fulfilling its mandate, the Corporation has regard to executive performance based on achievement of corporate and individual goals, published information in industry surveys, the need to attract and retain qualified management personnel and board members and other considerations.

Board Committees

As disclosed above, there are four standing committees of the Board, namely the Audit, Compensation, Nominating and Corporate Governance and Sustainability committees.

i) Audit Committee

The Audit Committee is currently comprised of Messrs. David K. Fagin (Chairman), David L. Bumstead and Ian MacGregor each of whom has been determined by the Board to be unrelated, an outside member with no other affiliation with the Corporation and independent as defined by the American Stock Exchange. The Board has determined that each of the members of the Audit Committee is financially literate, unrelated, an outside member with no other affiliation with the Corporation and is independent as defined by the American Stock Exchange. The Board has determined that Mr. Fagin is an "audit committee financial expert" as defined by the SEC. The primary duties and responsibilities of the Audit Committee, as set out in its charter, are to review the financial reporting process, the system of internal control, the audit process, related party transactions, compliance with the Corporation's codes of ethics or conduct and the Corporation's process for monitoring compliance with laws and regulations. The Audit Committee is responsible for the appointment, compensation, retention, termination and oversight, subject to the requirements of Canadian law, of the work of the independent auditor. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors. To effectively perform his role, each committee member must obtain and maintain an understanding of the detailed responsibilities of committee membership as well as the Corporation's business, operations and risks. In addition, the Audit Committee recommends to the Board for approval the annual and quarterly financial statements, the annual and quarterly reports and certain other documents required by regulatory authorities. In connection with risk assessment, the Audit Committee reviews, among other things, the nature and adequacy of insurance coverage. The Audit Committee met five times during 2005.

23

ii) Compensation Committee

The Compensation Committee is composed of Messrs. James E. Askew (Chairman), David L. Bumstead and Ian MacGregor, each of whom has been determined by the Board to be unrelated, an outside member with no other affiliation with the Corporation and independent as defined by the American Stock Exchange. The Compensation Committee, subject to Board approval, supervises the selection, evaluation and determination of compensation of executive officers, sets corporate-wide policy with respect to compensation and benefits, and administers the Plan (except with respect to grants to non-employee directors) and the Stock Bonus Plan. The Compensation Committee also recommends to the Board the descriptions, definitions and limits to management's authorities and approval of objectives and goals for top management in general terms. See "Compensation Committee Report on Executive Compensation", above. The Compensation Committee met three times in 2005.

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

iii) Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is currently composed of Messrs. Ian MacGregor (Chairman), David K. Fagin and Michael Martineau, each of whom has been determined by the Board to be unrelated, an outside member with no other affiliation with the Corporation and independent as defined by the American Stock Exchange. The Nominating and Corporate Governance Committee advises and makes recommendations to the Board concerning all corporate governance issues, including: Board and committee jurisdiction, composition, size and remuneration, adoption and implementation of policies designed to ensure that the Corporation follows best practices in corporate governance; and oversight of compliance with legislation, rules, regulations and guidelines enacted and adopted by governments, securities regulators and stock exchanges to whose jurisdiction the Corporation is subject.

The Nominating and Corporate Governance Committee is responsible for the assessment of the effectiveness and contribution of the Board, its committees and individual directors. The Nominating and Corporate Governance Committee annually reviews the overall performance of the Board and its committees based on a number of factors including the Board's performance in meeting the challenges that faced the Corporation over the previous twelve month period, the Board's relationship with management, and the responses to a questionnaire circulated to help assess the overall effectiveness of the Board and its members.

The Board periodically reviews the adequacy and form of compensation of directors in relation to the responsibilities and risks involved in being an effective director. See "Compensation of Directors" above. In addition to cash compensation, the directors receive options under the Stock Option Plan. The Board believes the emphasis on compensation through options is particularly appropriate in a resource business where increasing shareholder value is a significant relevant measure of progress.

24

The Nominating and Corporate Governance Committee is also responsible for recommending nominees to the Board for eventual proposal as candidates for election as directors at the annual meeting of shareholders. The Nominating and Corporate Governance Committee considers candidates for Board membership who are suggested by members of the Nominating and Corporate Governance Committee, other Board members, members of management and shareholders of the Corporation. Once the Nominating and Corporate Governance Committee has identified prospective nominees for directorship, the Board is responsible for selecting such candidates. The Nominating and Corporate Governance Committee seeks to identify director candidates with business and other appropriate experience and expertise, having regard for the nature of the Corporation's business and the current composition of the Board, and commitment to devoting the time and attention necessary to fulfill their duties to the Corporation. The Nominating and Corporate Governance Committee also considers the independence of directors or potential directors. The Nominating and Corporate Governance Committee met once in 2005.

Shareholders wishing to recommend a director candidate to serve on the Board may do so by providing written notice to the Chairman of the Nominating and Corporate Governance Committee, Golden Star Resources Ltd., 10901 West Toller Drive, Suite 300, Littleton, Colorado, USA 80127, that identifies the candidate, provides appropriate biographical and background materials, evidences the nominating shareholder's Common Share ownership, and includes a written signed statement of the candidate. Assuming that the appropriate information and materials are received in a timely manner, candidates recommended by

Edgar Filing: GOLDEN STAR RESOURCES LTD - Form DEF 14A

shareholders will be evaluated against the criteria outlined above. A complete copy of the procedures to be followed by shareholders who wish to recommend director candidates is available on the Corporation's website (www.gsr.com).

iv) Sustainability Committee

The Sustainability Committee is currently composed of Messrs. Michael Martineau (Chairman), James Askew and Ian MacGregor. The primary purposes of the Sustainability Committee are to assist the Board in its oversight of exploration, development and operating risk, including issues related to geological, mining, metallurgical, community relationships, health, safety and environmental matters. The responsibilities of the Sustainability Committee include, among others: reviewing with management the Corporation's goals, policies and programs relative to exploration, development and operational matters; making enquiries of management concerning the establishment of appropriate policies, systems, standards and procedures for all technical, development and operating activities, and compliance with applicable laws and standards of corporate conduct; reviewing with management the assessment, reduction and mitigation of technical risk; reviewing with management the risk analysis of any proposed new major exploration, development or operating activity; and reviewing with management the Corporation's record of performance on community relationships, health, safety and environmental matters, along with any proposed actions based on the record of performance. The Sustainability Committee met five times in 2005.

25

Assessments

The Nominating and Corporate Governance Committee performs, as part of its duties, an annual appraisal of the performance of the Board and its standing committees as a whole and of the individual performance of each director and the Board and committee chairs. The results are used in making any required changes to functions and individuals and in determining nominations for re-election and appointment.

Shareholder Communications

The Corporation believes that it is important to maintain good shareholder relations. The Board will give appropriate attention to all written communications that are submitted by shareholders. Any shareholder wishing to send communications to the Board, or a specific committee of the Board, should send such communication to the Chief Financial Officer and Secretary of the Corporation by email to amarter@gsr.com or by mail to Board of Directors, c/o Chief Financial Officer, Golden Star Resources Ltd., 10901 West Toller Drive, Suite 300, Littleton, Colorado, USA 80127. All communications shall state the type and amount of the Corporation's securities held by the shareholder and shall clearly state that the communication is intended to be shared with the Board, or if applicable, with a specific committee of the Board. The Chief Financial Officer and Secretary shall forward all such communications to the Board or the specific committee, as appropriate.

Director Attendance at Shareholder Meetings

All members of the Board are expected to attend annual meetings of shareholders. All of the then directors of the Corporation attended the 2005 annual meeting of shareholders.

In 2005 and 2004, 100% of our auditor's fees were approved pursuant to the provisions of 17 CFR 210.201(c)(7)(i)(C). There were no hours expended on the principal account's engagement to audit our financial statements for the years ended December 31, 2005 and December 31, 2004 that were attributable to work performed by persons other than the principal accountant's full-time, permanent employees.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has established a policy requiring pre-approval of all audit engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and all permissible non-audit services performed by the independent auditors. Such services may be approved at a meeting of the Audit Committee, or the Audit Committee may delegate to one or more of its members the pre-approval of audit services and permissible non-audit services provided that any pre-approval by such member or members shall be presented to the Audit Committee at each of its scheduled meetings.

LIABILITY INSURANCE

The Corporation has purchased insurance and has, in addition, agreed to indemnify directors and officers of the Corporation against all costs, charges and expenses reasonably incurred by them in respect of certain proceedings to which they may be made party by reason of their status as a director or officer of the Corporation. The indemnification is extended to directors and officers provided that they have acted honestly and in good faith with a view to the best interests of the Corporation and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, on the condition that the director or officer had reasonable grounds for believing his conduct was lawful. The amount of the premium paid in 2005 in respect of directors and officers as a group was \$271,150; the policy coverage is \$20,000,000 per claim

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationships

Certain directors and officers of the Corporation are and may continue to be involved in the mining and mineral exploration industry through their direct and indirect participation as a director or otherwise in corporations, partnerships or joint ventures, which are potential competitors. Situations may arise in connection with potential acquisitions and investments where the other interests of these directors and officers may conflict with the interests of the Corporation. As required by law, each of the directors of the Corporation is required to disclose any potential conflict of interest and to act honestly, in good faith and in the best interests of the Corporation.

27

During 2005, the Corporation obtained legal services from a legal firm to which Mr. MacGregor, a director and Chairman of the Board, is counsel. The total value of all legal services provided was \$1.2 million. Mr. MacGregor did not personally perform any legal services for the Corporation during 2005 nor did he benefit directly or indirectly from payments made by the Corporation for the services performed by the firm.

Pursuant to the Executive Employment Agreement, Bluestar, whose principal is Michael A. Terrell will be paid \$20,833.00 per month until July 2007, for management services provided to St. Jude. If the Executive Employment Agreement is terminated within 24 months of a change in control of the Corporation, Bluestar will be entitled to a termination payment equal to 12 times \$20,833.00 multiplied by a fraction, the numerator of which will be six plus one for each year since 1987 (being the year in which Michael A. Terrell was first employed by St. Jude) and the denominator of which will be 12.

Compensation Committee and Insider Participation

Messrs. James E. Askew and Ian MacGregor were members of the Compensation Committee in 2005. Mr. MacGregor has never been an officer or employee of the Corporation. Mr. Askew was President of the Corporation from March 1999 through October 1999. All relationships between these directors and the Corporation and its subsidiaries required to be disclosed have been disclosed elsewhere in this Management Information Circular.

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Board of the Corporation, the only matters to be brought before the Meeting are those matters set forth in the accompanying Notice of Meeting relating to the receipt of financial statements and the Auditors' Report thereon, the election of directors, the appointment of auditors and the approval of an amendment to the Corporation's By-laws.

28

The Corporation's By-laws require that at least 25% of the directors of the Corporation be resident Canadians.

It is proposed to nominate the six persons listed below for election as directors of the Corporation to hold office until the next annual meeting of shareholders or until their successor is elected or appointed pursuant to relevant provisions of the By-laws of the Corporation or the Corporation's governing statute. All such proposed nominees are currently directors of the Corporation.

It is the intention of the management designees, if named as proxy, to vote for the election of the following persons to the Board. Management does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, proxies in favour of management designees will be voted for another nominee in their discretion unless the shareholder has specified in his proxy that his Common Shares are to be withheld from voting in the election of directors. Each director elected will hold office until the next annual general meeting of Shareholders or until his successor is duly elected, unless his office is earlier vacated in accordance with the By-laws of the Corporation.

In order to be effective, this ordinary resolution requires the approval of a majority of the votes cast by shareholders who vote in respect of the resolution. The following table sets forth the name of each of the persons proposed to be nominated for election as a director; his municipality, province or state and country of residence; all positions and offices in the Corporation presently held by him; his present and past principal occupation or employment for the past five years; the date of his first appointment as a director; and his age. If any other matter properly comes before the Meeting, it is the intention of the persons named in the enclosed Proxy to vote the Common Shares represented thereby in accordance with their best judgment on such matter.

GENERAL

All matters to be brought before the Meeting require, for the passing of same, a simple majority of the votes cast in person or by proxy at the Meeting by the holders of Common Shares. If a majority of the Common Shares represented at the Meeting should be withheld from voting for the appointment of PricewaterhouseCoopers LLP as auditors of the Corporation, the Board will appoint another firm of chartered accountants based upon the recommendation of the audit committee, which appointment for any period subsequent to the next annual general meeting of shareholders will be subject to approval by the shareholders at that meeting.
