Page 2 • Novo Nordisk Annual General Meeting 2019 To the shareholders of Novo Nordisk A/S February 2019 The Annual General Meeting will be held on Thursday 21 March 2019 at 2.00 pm (CET) at Bella Center, Center Boulevard 5, DK - 2300 Copenhagen S, Denmark. Agenda 1. The Board of Directors' oral report on the Company's activities in the past financial year. 2. Presentation and adoption of the statutory Annual Report 2018. 3. Approval of the remuneration of the Board of Directors for 2018 and the remuneration level for 2019. 1. Approval of actual remuneration for 2018. 2. Approval of remuneration level for 2019. 4. Resolution to distribute the profit according to the adopted statutory Annual Report 2018. 5. Election of members to the Board of Directors, including chairman and vice chairman. 1. Election of chairman. 2. Election of vice chairman. 3. Election of other members to the Board of Directors. 6. Appointment of auditor. 7. Proposals from the Board of Directors: 1. Reduction of the Company's B share capital by nominally DKK 10,000,000 by cancellation of B shares. 2. Authorisation to the Board of Directors to allow the Company to repurchase own shares. 3. Authorisation to the Board of Directors to increase the Company's share capital. 4. Approval of changes to the Remuneration Principles. 8. Proposal from the shareholders: 8.1. Reduction of price of insulin and other products if return on equity exceeds 7%. 9. Any other business. Elaboration of the items on the agenda Item 1: The Board of Directors proposes that the oral report on the Company's activities in the past financial year is noted by the Annual General Meeting. Item 2: The Board of Directors proposes that the statutory Annual Report 2018 is adopted by the Annual General Meeting. The statutory Annual Report is available on the Company's website at novonordisk.com/annualreport. Item 3.1: The Board of Directors proposes that the actual remuneration of the Board of Directors for 2018 of DKK 17,200,000 is approved by the Annual General Meeting. Reference is made to page 53 of the statutory Annual Report 2018. The actual remuneration for 2018 corresponds to the remuneration level approved by the Annual General Meeting in 2018 for the financial year 2018. Item 3.2: The Board proposes a remuneration level for 2019 identical to the remuneration level for 2018. Given that the Board has decided that the Research & Development Committee should be a permanent committee, the Board proposes that the following remuneration level for 2019 be approved by the Annual General Meeting: w The base fee for board members is DKK 700,000. w The chairman shall receive 3.00 times the base fee. w The vice chairman shall receive 2.00 times the base fee. w The Audit Committee chairman shall receive 1.00 times the base fee in addition to the base fee. w The Audit Committee members shall receive 0.50 times the base fee in addition to the base fee. w The Chairmen of the Nomination Committee, the Remuneration Committee and the Research and Development Committee shall receive 0.50 times the base fee in addition to the base fee.

Novo Nordisk Annual General Meeting 2019 • page 3 w Members of the Nomination Committee, the Remuneration Committee and the Research and Development Committee shall receive 0 . 25 times the base fee in addition to the base fee . In addition the Board of Directors proposes to grant the following travel allowance which is identical to the travel allowance level for 2018 , but which in 2019 and in the future will be denominated in DKK instead of EUR : w For board meetings and committee - related meetings held in the home country of the board member with five hours or more air travel each member shall receive DKK 37 , 500 . w For board meetings and committee - related meetings held outside the home country of the board member, but on home continent each member shall receive DKK 37 , 500 . w For board meetings and committee - related meetings held on another continent than the home country of the board member each member shall receive DKK 75 , 000 . In addition to the above - mentioned fees, the Company pays social security taxes within the EU imposed by foreign authorities in relation to the fees . The actual remuneration of the Board of Directors for 2019 shall be approved by the Annual General Meeting in 2020. Item 4: The Board of Directors proposes that the final dividend for 2018 is DKK 5 . 15 for each Novo Nordisk A or B share of DKK 0 . 20 . The total dividend for 2018 of DKK 8 . 15 includes both the interim dividend of DKK 3 . 00 for each Novo Nordisk A and B share of DKK 0 . 20 which was paid in August 2018 and the final dividend of DKK 5 . 15 for each Novo Nordisk A and B share of DKK 0 . 20 to be paid in March 2019 . The total dividend increased by 4 % compared to the 2017 total dividend of DKK 7 . 85 for each Novo Nordisk A and B share of DKK 0 . 20 . The total dividend for 2018 corresponds to a pay - out ratio of 50 . 6 % . Item 5: All board members are to be elected or re - elected each year and were most recently elected at the Annual General Meeting in 2018 . Thus, the term of each of the current board members expires at the Annual General Meeting in March 2019 . Item 5.1: The Board of Directors proposes re - election for a one - year term of Helge Lund as chairman of the Board of Directors. Item 5.2: The Board of Directors proposes re - election for a one - year term of Jeppe Christiansen as vice chairman of the Board of Directors . Item 5.3: The Board of Directors proposes re - election for a one - year term of the following board members elected by the Annual General Meeting : Brian Daniels, Andreas Fibig, Sylvie Grégoire, Liz Hewitt, Kasim Kutay and Martin Mackay . The Board of Directors proposes election for a one - year term of Laurence Debroux. The Board of Directors proposes election of Laurence Debroux as member of the Board of Directors primarily because of her significant financial and accounting experience, her extensive global experience within the pharmaceutical industry and her experience from executive positions in major international companies . Please see Appendix 1 for a description of the nominated candidates' qualifications, including information about other executive functions (memberships of executive boards, boards of directors, supervisory boards, and board committees) and demanding organisational tasks held by the proposed candidates in Danish and foreign companies . If the proposed candidates are elected as board members, the Board of Directors will consist of 13 members including employee representatives . Item 6: The Board of Directors proposes re - appointment of PricewaterhouseCoopers Statsautoriseret Revisions - partnerselskab ('PwC') as the Company's auditor . The Audit Committee has recommended the election of PwC because of their significant knowledge of the pharmaceutical industry and exhaustive knowledge of Novo Nordisk . Furthermore, PwC has a global organisation that provides valuable support to Novo Nordisk's global business . The recommendation from the Audit Committee is free from influence by third parties and no agreements with third parties which restrict the choice as regards the appointment of a particular statutory auditor or audit firm have been imposed on it . Item 7.1: The Board of Directors proposes that the Company's B share capital is reduced from DKK 382 , 512 , 800 to DKK 372 , 512 , 800 by cancellation of part of the Company's own holding of B shares at a nominal value of DKK 10 , 000 , 000 divided into 50 , 000 , 000 B shares of DKK 0 . 20 each .

Page 4 • Novo Nordisk Annual General Meeting 2019 After reduction of the share capital, the Company's share capital will amount to DKK 480 , 000 , 000 divided into A share capital of DKK 107 , 487 , 200 and B share capital of DKK 372 , 512 , 800 . The purpose of the reduction of the Company's share capital is to distribute funds to the shareholders by way of the Company repurchasing shares in accordance with the authorisations granted to the Board of Directors at previous Annual General Meetings . If the proposal is adopted, the Company's holding of own shares will be reduced by 50 , 000 , 000 B shares of DKK 0 . 20 each . These B shares were repurchased for the total sum of DKK 15 , 404 , 000 , 000 which means that, in addition to the nominal reduction amount, DKK 15 , 394 , 000 , 000 has been distributed to the shareholders . The Board of Directors' proposal to reduce the Company's B share capital is made in order to maintain capital structure flexibility . Adoption of the proposal implies the following amendment of Article 3 . 1 of the Articles of Association taking effect upon completion of the capital reduction : “ 3 . 1 The Company's share capital amounts to DKK 480 , 000 , 000 divided into A share capital of DKK 107 , 487 , 200 and B share capital of DKK 372 , 512 , 800 . ” Item 7.2: The Board of Directors proposes that an authorisation of the Board of Directors is granted to allow the Company to repurchase own shares until the Annual General Meeting in 2020 . The Company considers it good corporate governance and consistent with the Company's strategy for its share repurchase programmes that the mandate to repurchase existing shares is limited in amount and affirmed by the Annual General Meeting on a regular basis . Consequently, the Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to allow the Company to repurchase up to a total nominal amount of DKK 48 , 000 , 000 own shares, corresponding to 10 % of the share capital following the capital reduction, cf . item 7 . 1 , subject to a holding limit of 10 % of the share capital . The repurchase must take place at a price equal to the share price quoted at the time of the repurchase with a deviation of up to 10 % . The authorisation shall be in place until the Annual General Meeting in 2020 . Item 7.3: The Board of Directors' current authorisations in Articles 5.3 and 5.4 of the Articles of Association to increase the share capital expire on 18 March 2019. The Danish Companies Act allows the Annual General Meeting to grant the Board of Directors authorisation to increase the share capital for a duration of up to 5 years . At present the Board of Directors considers it good corporate governance to limit the authorisations both in terms of time and amount . Therefore, the Board of Directors proposes to extend the Board of Directors' authorisations in Articles 5 . 3 (for employees without pre - emptive rights for shareholders) and 5 . 4 (with or without pre - emptive rights for existing shareholders) for a period of two years until 21 March 2021 and limit the maximum share capital increase to be a total of nominally DKK 2 , 000 , 000 for the authorisation under Article 5 . 3 and a total of nominally DKK 48 , 000 , 000 for the authorisation under Article 5 . 4 , subject to a total cap of nominally DKK 48 , 000 , 000 for both proposals . As a result of the proposal Articles 5.3 and 5.4 of the Articles of Association will be amended. The amended Article 5.3 will be worded as follows: “Until 21 March 2021 , the Board of Directors shall be authorised, without granting any pre - emptive rights to the shareholders, to increase the share capital in one or more stages by issuing B shares of up to a total nominal value of DKK 2 , 000 , 000 and to offer those shares to the employees of the Company or its subsidiaries at a price which is lower than the market price of the B shares . ” The amended Article 5.4 will be worded as follows: “(a) Until 21 March 2021 , the Board of Directors shall be authorised to increase the share capital in one or more stages with pre - emptive rights for the existing shareholders by up to a total nominal amount of DKK 48 , 000 , 000 . The capital increase may take place by payment in cash . The capital increase may take place at a subscription price lower than the market price, provided that the capital increase takes place proportionately between A shares and B shares . The holders of A shares shall in such case have a pre - emptive right to subscribe for new A shares, and holders of B shares shall have a pre - emptive right to subscribe for new B shares . If the capital increase takes place at market price, the

Novo Nordisk Annual General Meeting 2019 • page 5 capital increase may take place by proportionate issuance of A shares and B shares or by issuance of B shares only . In case of issuance of A shares as well as B shares, the holders of A shares shall have a pre - emptive right to subscribe for new A shares, and holders of B shares shall have a pre - emptive right to subscribe for new B shares . In case of issuance of B shares only, the holders of both classes of shares shall have proportionate pre - emptive subscription rights for the new B shares . (b) Until 21 March 2021 , the Board of Directors is authorised to increase the share capital in one or more stages without pre - emptive rights for the existing shareholders by issuing B shares for up to a total nominal amount of DKK 48 , 000 , 000 . The capital increase shall take place at market price and may take place either by payment in cash or by contribution of assets other than cash . (c) The authority given to the Board of Directors under Articles 5 . 3 and 5 . 4 (a) - (b) above can in the aggregate only be exercised to increase the share capital by a maximum nominal amount of DKK 48 , 000 , 000 . ”

Item 7.4: The Board of Directors proposes that certain changes to the principles for remuneration of board members and executives in Novo Nordisk A/S including the general guidelines for incentive - based remuneration, (the ‘Remuneration Principles’) are approved by the Annual General Meeting . The proposed changes are the following: w To ensure that Novo Nordisk is able to reclaim incorrect pay - outs of incentives based on a misstatement of data regardless of whether this originates due to willful misconduct or gross negligence . w To reflect tha t the Research & Development Committee has become a permanent committee . Please see the full text of the revised Remuneration Principles in Appendix 2.

Item 8: Shareholder Frank Aaen has submitted the following proposal for adoption by the Annual General Meeting: Item 8.1: The shareholder proposes that Novo Nordisk reduce the price of insulin and other products, if Novo Nordisk's return on equity exceeds 7 % . Comment by the Board of Directors : The Board of Directors does not support the proposal . Pricing of Novo Nordisk’s pharmaceutical products is agreed with health care authorities and buyers around the world . The agreed prices reflect the innovation and risk that has been undertaken by Novo Nordisk in developing the pharmaceutical products . Additional information Majority requirements To adopt the proposal under items 7 . 1 and 7 . 3 of the agenda, at least two thirds of the total number of votes in the Company shall be present at the Annual General Meeting, and not less than two thirds of the votes cast and share capital represented shall vote for the proposals, cf . Articles 9 . 2 and 9 . 3 of the Articles of Association . All other proposals on the agenda may be adopted by a simple majority of votes, cf . Article 9 . 1 of the Articles of Association . Record date The record date is Thursday 14 March 2019. Share capital The current share capital of the Company amounts to DKK 490 , 000 , 000 divided into A share capital of DKK 107 , 487 , 200 and B share capital of DKK 382 , 512 , 800 . Each A share capital amount of DKK 0.01 carries 10 votes and each B share capital amount of DKK 0.01 carries 1 vote.

Participation and voting rights A shareholder’s right to attend and vote at the Annual Gen - eral Meeting shall be determined by the number of shares held by such shareholder at the end of the record date . The number of shares held by each shareholder at the re - cord date shall be calculated based on the number of shares registered in the Register of Owners as well as any notification received by the Company for registration but not yet entered in the Register of Owners . Participation is conditional upon the shareholder having obtained an admission card in due time. Page 8 • Novo Nordisk Annual General Meeting 2019 Candidates for the Board of Directors Appendix 1 General considerations All shareholder - elected board members are to be elected or re - elected each year for a one - year term and the Board members were most recently elected at the Annual Gen - eral Meeting in March 2018 . Thus, the term for each board member expires at the Annual General Meeting in March 2019 . Novo Nordisk A/S aims to propose a Board of Directors consisting of persons who have such knowledge and ex - perience that the collective Board of Directors in the best possible way can attend to the interests of the Company and the shareholders, with due respect to other stake - holders of the Company . The process of identifying and selecting suitable candi - dates for the Board of Directors, takes into account the required competences, the result of the Board of Direc - tors' self - assessment process and the need for integration of new expertise and diversity . The Board of Directors has established a Nomination Com - mittee in order to enhance the process for nominating members to the Board . The Nomination Committee has four members elected by the Board from among its mem - bers . The Nomination Committee assists the Board with oversight of a) the competence profile and composition of the Board, b) nomination of members of the Board, c) nomination of members of Board committees and d) oth - er tasks . In nominating candidates, the Nomination Committee seeks to achieve a balance between renewal and continuity . The Board of Directors actively contributes to developing the Company as a global pharmaceutical company, and su - pervises the management's decisions and operations . It is the assessment of the Board of Directors that the pro - posed composition of the Board of Directors satisfies the criteria defined by the Board of Directors as regards the competences and composition of the Board of Directors . The Board of Directors considers the size of the Board to be appropriate in relation to the requirements of the Com - pany . Please see the Company's website : [novonordisk . com](http://novonordisk.com) under 'About Novo Nordisk' a 'Corporate governance' a 'Board of Directors' for a more detailed description of the competence criteria of the Board of Directors .

Independence In the Danish Corporate Governance Recommendations, it is recommended that at least half of the board members elected by the General Meeting shall be independent of the Company as defined in the Danish Corporate Govern - ance Recommendations . Two of the proposed candidates, Mr Christiansen and Mr Kutay, are not considered to be independent of the Com - pany as Mr Christiansen holds a board position at Novo Holdings A/S and Mr Kutay is chief executive officer of Novo Holdings A/S, the majority shareholder of the Com - pany . If all proposed candidates are elected to the Board of Directors, the Board of Directors will satisfy the require - ment of the Danish Corporate Governance Recommenda - tions that at least half of the board members elected by the shareholders shall be independent . In addition, the proposed composition of the Board of Di - rectors will enable the Board of Directors to elect members to the Audit Committee who qualify as independent and as financial experts as required and defined by the US Se - curities and Exchange Commission (SEC) as well as the Danish Act on Approved Auditors and Audit Firms .

Appendix 2 Principles for remuneration of board members and executives in Novo Nordisk A/S ('Remuneration Principles') 1,2 1 In Section 4 of the Recommendations on Corporate Governance designated by Nasdaq Copenhagen referred to as "remuneration policy". 2 These Principles include general guidelines for incentive - based remuneration pursuant to Section 139 of the Danish Companies Act. Novo Nordisk Annual General Meeting 2019 • page 15 The Remuneration Principles are designed to attract, retain and motivate the members of the Board of Directors and of Executive Management . Remuneration has been designed to align the interests of the executives with those of the share - holders . 1. The Board of Directors 1. Process The Board of Directors reviews board fees annually based on recommendations from the Remuneration Committee . When preparing its recommendation, the Remuneration Committee will evaluate board fees against relevant bench - marks of Danish and other Nordic companies as well as European pharmaceutical companies similar to Novo Nordisk in size, complexity and market capitalisation . The remuneration of the board members for the past year and the level for the current year are approved by the Annual General Meeting as a separate agenda item . 2. Size Each board member shall receive a fixed fee per year . Board members receive a fixed amount (the base fee) while the Chairmanship receives a multiple thereof : the chairman receives 3 times the base fee and the vice chairman receives 2 times the base fee . Service on the Audit Committee entitles board members to an additional fee : the Audit Committee chairman re - ceives 1 . 00 times the base fee and the other Audit Committee members receive 0 . 5 times the base fee . Service on the Nomination Committee , Remuneration Committee and Research and Development Committee entitles board members to an additional fee : the Nomination Committee chairman receives 0 . 5 times the base fee and the other Nomination Committee members receive 0 . 25 times the base fee . Service on the Remuneration Committee entitles board members to an additional fee : the Remuneration Commit - tee chairman receives 0 . 5 times the base fee and the other Remuneration Committee members receive 0 . 25 times the base fee . Individual board members may take on specific ad hoc tasks outside their normal duties assigned by the Board . In each such case the Board shall determine a fixed fee (eg per diem) for the work carried out related to those tasks . The fixed fee will be disclosed in the Annual Report . 3. Social security taxes Novo Nordisk pays in addition to the fixed fee such contribution to social security taxes within the EU imposed by foreign authorities in relation to the fixed fee . 4. Travel allowance All board members are paid a fixed travel allowance when travelling to board meetings or committee related meet - ings . No travel allowance is paid to board members when no travel is required to attend board meetings or com - mittee related meetings . The travel allowance will be disclosed in the Annual Report . 5. Expenses Expenses such as travel and accommodation in relation to board meetings as well as relevant education are reim - bursed . 6. Incentive programmes Board members are not offered stock options, warrants or participation in other incentive schemes .

Page 16 • Novo Nordisk Annual General Meeting 2019

2. Executive Management Executive Management includes all the executives registered as executives with the Danish Business Authority .

1. Process Executive remuneration is proposed by the Remuneration Committee and subsequently approved by the Board .

2. Size and composition Executive remuneration is evaluated annually against relevant benchmarks of Danish and other Nordic companies as well as European pharmaceutical companies similar to Novo Nordisk in terms of size, complexity and market capitalisation . To ensure comparability, executive positions are evaluated in accordance with an international position evaluation system which among other parameters includes and reflects the development of the company size measured in terms of company revenue and number of employees . The remuneration package consists of a fixed base salary, a cash - based incentive, a long - term share - based incentive, a pension contribution and other benefits . For executives on an international assignment at the request of the company, the remuneration package is generally based on an equalized host country net salary during the length of the assignment . The fixed base salary is chosen to attract and retain executives with professional and personal competences required to drive the company's performance . The Short - term incentive programme (STIP) is designed to incentivise the individual executive for individual performance within his/her functional area and to ensure short - term achievements in line with company needs . The Long - term incentive programme (LTIP) is designed to promote the collective performance of Executive Management and to align the interests of executives and shareholders . It further ensures a balance between short - term achievements and long - term thinking . Pension contributions are made to provide an opportunity for executives to build up an income for retirement . Other benefits are added to ensure that overall remuneration is competitive and aligned with local practice .

3. Size of the components The fixed base salary accounts for approximately 15 % to 35 % of the total value of the remuneration package . The interval states the span between “maximum performance” and “on - target - performance” . In addition to the fixed base salary, the executives may be eligible for variable incentive - based remuneration consisting of 1) a STIP, and 2) a LTIP . The STIP may result in a maximum payout per year equal to 12 months' fixed base salary plus pension contribution . The LTIP may result in a maximum share allocation per year equal to 24 months' fixed base salary plus pension contribution . Consequently, the aggregate maximum amount that may be granted as incentive for a given year is equal to 36 months' fixed base salary plus pension contribution . This split between fixed and variable remuneration is intended to result in a reasonable part of the salary being linked to performance, while at the same time promoting sound business decisions to achieve the company's vision. Further, the balance between the components is assessed broadly to be in line with market practice for benchmarked companies.

4. Incentive programmes

1. Short - term incentive programme (STIP) The STIP consists of a cash - based incentive which is linked to the achievement of a number of predefined func -

Novo Nordisk Annual General Meeting 2019 • page 17

tional and individual business targets for each member of Executive Management . The STIP for each executive cannot exceed an amount equal to 12 months' fixed base salary plus pension contribution per year . The Board of Directors determines at the beginning of each year the maximum STIP for each executive for the given year . The calculation of the STIP – if any – for a year is typically based on the salary in December . The targets for the chief executive officer are fixed by the chairman of the Board of Directors while the targets for the executive vice presi - dents are fixed by the chief executive officer . The chairman of the Board evaluates the degree of target achieve - ment for each member of Executive Management, and cash - based incentives – if any – for a particular financial year are paid at the beginning of the subsequent financial year . STIP is subject to recovery or 'claw - back' by Novo Nordisk, provided the remuneration was paid on the basis of data which proved to be manifestly misstated due to wilful misconduct or gross negligence by the executive . Claw - back in relation to the STIP is possible up to 12 months after the actual payment of the cash - based incentive .

2. Long - term incentive programme (LTIP)

Each year in January the Board of Directors decides whether or not to establish an LTIP for that calendar year . The LTIP is based on an annual calculation of economic value creation as compared to the budgeted performance for the year and on sales compared to the budgeted target for the year . Aligned with Novo Nordisk's long - term financial targets, the calculation of economic value creation is based on reported operating profit after tax reduced by a weighted average cost of capital (WACC) - based return require - ment on average invested capital . For members of Executive Management the LTIP operates with a yearly maximum share allocation per executive equal to 18 months' fixed base salary plus pension contribution for the chief executive officer and 13 . 5 months' fixed base salary plus pension contribution for the executive vice presidents . The Board of Directors determines at the beginning of each year the maximum allocation per executive for the given year . Further, the Board of Directors identifies a number of significant research and development projects and key sustainability projects and the alloca - tion per executive may, subject to the Board of Directors' assessment, be reduced in case of lower - than - planned performance on these research and development projects and key sustainability projects . Targets for non - financial performance related to sustainability and research and development projects may include achievement of certain milestones within set dates . Finally, the Board of Directors determines the expected average annual sales growth which shall be used as basis when finally calculating the size of the allocation at the end of the three - year vesting period given that the allocation can be reduced or increased by up to 30 % depending on the average sales growth in the three - year vesting period . Once the allocation per executive has been approved by the Board of Directors, the total cash amount is converted into Novo Nordisk A/S B shares at market price . The market price is calculated as the average trading price for Novo Nordisk A/S B shares on Nasdaq Copenhagen in the open trading window following the release of financial results for the year prior to the relevant performance year ; ie in the open trading window immediately following the Board of Directors' approval of the programme . The shares are allocated to the executives according to their base salary as per 1 April in the performance year . The shares allocated per executive for a given year will be locked up for three years before they are transferred to the individual executive . If an executive resigns during the vesting period, his or her allocated shares will be re - moved . At the end of the vesting period the allocation of shares will be reduced or increased by up to 30 % depending on whether the actual average annual sales growth in the three - year vesting period is lower or higher compared to the expected average annual sales growth . The allocation cannot exceed 24 months' fixed base salary plus pension

Page 18 • Novo Nordisk Annual General Meeting 2019 contribution for the chief executive officer and 18 months' fixed base salary plus pension contribution for the executive vice presidents . In the vesting period the market value of the allocated shares per executive will change dependent upon the development in the Novo Nordisk B share price, aligning the interests of the executives with those of shareholders . No dividends are paid on allocated shares in the vesting period and the allocated shares are administered as part of Novo Nordisk's holding of treasury shares . Novo Nordisk continuously covers its obligations under the LTIP through its holding of treasury shares . LTIP is subject to recovery or 'claw - back' by Novo Nordisk, provided the remuneration was paid on the basis of data which proved to be manifestly misstated due to wilful misconduct or gross negligence by an executive . Claw back in relation to the LTIP is possible up to 12 months after the release of the shares to the executives (ie four years after allocation) .

5. Pension The pension contribution is up to 25 % of the fixed base salary including bonus .

6. Other benefits Executives receive non-monetary benefits such as company cars, phones etc . Executives on international assignments may receive relocation benefits . Such benefits are approved by the Board by delegation of powers to the Remuneration Committee . The Remuneration Committee informs the Board of the process and outcome . In addition, executives may participate in customary employee benefit programmes, eg employee share purchase programmes .

7. Termination of employment Novo Nordisk may terminate the employment of an executive by giving 12 months' notice . Executives may terminate their employment by giving Novo Nordisk six months' notice .

8. Severance payment In the event of termination – whether by Novo Nordisk or by the individual – due to a merger, acquisition or takeover of Novo Nordisk, executives are, in addition to the notice period, entitled to a severance payment of 24 months' fixed base salary plus pension contribution . In case of termination by Novo Nordisk for other reasons, the severance payment is three months' fixed base salary plus pension contribution per year of employment as an executive and taking into account previous employment history ; in no event, however, less than 12 or more than 24 months' fixed base salary plus pension contribution . With regard to severance payment, the employment contracts entered into before 2008 exceed the 24-month limit described above . The severance payment to individual executives under the contracts entered into before 2008 will, however, not exceed 36 months' fixed base salary plus pension contributions . The severance payment may be reduced if the executive has or takes up new employment after the expiry of the notice period . A reduction has among other things to take into consideration the size of severance payment and the remuneration related to the new employment . Severance payment under contracts entered into before 2017 with members of the Management Board may, however, not be reduced . The Management Board consists of all members of Executive Management and senior vice presidents .

9. Sign-on arrangement The Board of Directors may when recruiting new executives who are not employed by Novo Nordisk at the time of employment grant a sign-on arrangement in the form of cash payment or share incentive programme .

Novo Nordisk Annual General Meeting 2019 • page 19 2.10 Shareholding requirements for Executive Management To further align the interests of the shareholders and Executive Management the chief executive officer should hold Novo Nordisk A/S B shares corresponding to 2 times the annual gross salary and the executive vice presidents should hold shares corresponding to 1 time the annual gross salary . The Board of Directors may grant exemption to this requirement, eg in connection with a promotion to chief executive officer or executive vice president . 3.
