WE ARE NOT ASKING YOU FOR A PROXY AND YOU
ARE REQUESTED NOT TO SEND US A PROXY.

The actions to be effective twenty days after the mailing of this Information Statement are as follows:

1.	Elect Mark L. Baum to our board of directors to serve for a period of one year or until his successor is duly elected and qualified.
2.	Amend our certificate of incorporation to provide for a stock combination (reverse split) of the Common Stock in an exchange ratio to be approved by the Board, ranging from one newly issued share for each two outstanding shares of Common Stock to one newly issued share for each three hundred outstanding shares of Common Stock.

Each of the actions is discussed in more detail below.

OUTSTANDING SHARES AND VOTING RIGHTS

Currently, our only class of securities entitled to vote on the matters to be acted upon is common stock, of which the total amount presently outstanding is 18,073,500 shares, each share being entitled to one vote. The record date for determination of the security holders entitled to vote or give consent is December 22, 2003. The consent of the holders of a majority of the shares entitled to vote upon the matter is required for approval of the actions. The board of directors and stockholder owning 15,000,000 which constitute a majority of 82.9% of the outstanding voting securities of Trading Solutions.com have unanimously adopted, ratified and approved resolutions to effect the actions listed above. No other votes are required or necessary. We anticipate effecting the reverse split within six months of the date this information statement is filed.

APPROXIMATE DATE OF MAILING: January 10, 2004.

Other than elections to office, none of the persons who have been directors or officers of the Company at any time since the beginning of the last fiscal year, nor any associate of any such persons, has any interest in the matters to be acted upon. None of our directors has informed us in writing that he intends to oppose any action to be taken by us. No proposals have been received from any of our stockholders.

Our quarterly and annual reports on Form 10-QSB and Form 10-KSB, respectively have been timely filed with the SEC and may be viewed on the SEC's Web site at www.sec.gov in the Edgar Archives. We are presently "current" in the filing of all reports required to be filed by us.

DISSENTER'S RIGHTS OF APPRAISAL

Nevada Revised Statutes do not provide for dissenter's rights of appraisal in connection with the actions being taken by us.

Election of Directors (Action No. 1)

Our articles of incorporation and bylaws authorize a board of directors comprised of a number of not less than one. Our stockholders have elected Mark L. Baum to the board of directors.

Set forth below for each person who has been elected director, based on information supplied by him, are his name, age as of the date of this information statement, any presently held positions with us, his principal occupation now and for the past five years, and his tenure of service with us as a director. Each shall hold office until their successors are elected and qualify. The information has been provided by the nominees without independent verification by our management.

Nominees For Election As Directors

Mark L. Baum , 31, has more than 10 years experience in creating, financing and growing development stage enterprises in a variety of industries. Mr. Baum has participated in numerous public spin-offs, venture fundings, private-to-public mergers, and various asset acquisitions and divestitures. Mr. Baum is a licensed attorney in the State of California and the principal attorney for The Baum Law Firm. Mr. Baum's law practice focuses on Securities Laws and related issues for SmallCap and MicroCap publicly reporting companies. Mr. Baum is a director of ABCI Holding, Inc.

Reverse Stock Split (Action No. 2)

Our board of directors adopted resolutions and a majority of our stockholders approved such resolutions providing for a recapitalization pursuant to which the issued and outstanding shares of our common stock are to be reverse split, or consolidated, on a basis ranging from 1-for-2 to 1-for-300, so that stockholders will own one share of common stock for each 2 to 300 shares of common stock now held by the stockholder. The reverse split shall be effected on a date not later than June 30, 2004. No fractional shares will be issued in connection with such recapitalization and fractional shares will be rounded down to the nearest whole number. Under the recapitalization, the 18,073,500 issued and outstanding shares of our common stock will be reverse split resulting in as few as 60,245 shares of common stock being issued and outstanding after the recapitalization.

Reasons for the Reverse Split

Our management believes that the reverse split is in the best interest of the Company because it will reduce or diminish the perceived depressive effect of the Company having a large number of shares issued and outstanding and available for purchase in the public market.

In addition, the reverse split will make available a substantial number of additional authorized, but unissued shares of common stock which will provide increased flexibility in structuring possible future financing, in taking advantage of future business opportunities such as acquisitions, and in meeting corporate needs as they arise, all without the delay and expense of calling a meeting of our stockholders to authorize an increase in authorized capital.

Furthermore, it is ultimately our goal to have our securities listed on the NASDAQ or on a national stock exchange. Our management believes that such listings can more readily be accomplished with a higher stock price and, since the reverse split will reduce the number of outstanding shares of our common stock, it should have the effect of increasing the price of our common stock in the over-the-counter-market.

The rights of existing stockholders will not be altered and no stockholder will be eliminated as a result of the reverse split. Fractional shares will not be issued and will be rounded down to the nearest whole share, not to be reduced below one share.

It is possible that stockholders holding less than 100 shares of our common stock may have larger commissions charged to sell such shares and may even result in a larger commission than the value of the shares being sold.

HISTORY AND ORGANIZATION

Trading Solutions.com, Inc. was incorporated on May 14, 1999 in the state of Nevada. We originally organized to develop a trading school designed to educate people interested in online investing. We offered courses for beginners as well as experienced traders, consisting of theory sessions linked closely with practical hands-on training. We offered individual training, small group sessions and seminars focusing on online trading and various computer-related subjects.

We were not successful with our online trading school and on August 18, 2001, we entered into an exchange agreement with Springland Beverages, Inc., an Ontario, Canada Corporation. Pursuant to the agreement, we exchanged 15,542,500 shares of common stock for all of the issued and outstanding shares of Springland Beverages, Inc., making Springland our wholly owned subsidiary. Concurrent with the agreement, there was a change in control and we changed our business plan to focus on developing and marketing soft drinks. Springland Beverages, Inc. was not able to implement its business plan and failed to achieve profitable operations and on March 28, 2003, we sold the subsidiary back to its president, leaving us with no immediate potential revenue sources.
