Independent Accountants' Review Report

Board of Directors
800America.com, Inc.
New York, New York

We have reviewed the accompanying condensed balance sheets of 800America.com, Inc. as of June 30, 2002, June 30, 2001 and December 31, 2001, and the related condensed statements of income, shareholders' equity, and cash flows for the three months and six months ended June 30, 2002 and June 30, 2001. These financial statements are the responsibility of the company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles for interim financial statements.

As discussed in Note number 9 of Selected Notes to Financial Statements, certain errors resulting in understatement of previously reported net income as of June 30, 2002 and December 31, 2001 and an overstatement of June 30, 2001 were discovered by management of the Company during the current year. Accordingly, an adjustment has been made to the financial statements to correct the error.

Item 2. Management's Discussion and Results or Plan of Operation.

General

We operate various Internet web sites in three areas: Business to Business; Business to Consumers, which includes our publishing operations, and Technology. Our goal is to bring buyers and sellers together in an efficient and easy format and generate income based on the transactions. Our technologies coupled with our customer approach continue to strengthen relationships with our customers. These technologies are providing the foundation needed to scale and grow the e-commerce businesses profitably across geographic regions and multiple product lines.

Sites operated under the 800America Network are OneTwoClick.com, RothmanCloseouts.com, InternetWEbGuide.com, FileShooter.com, InShop.com, eBiz4biz.com, cs-live.com, iGain.com, IPS payment.com, WizardWorld.com and Yutopia.com.

Results of Operations

Certain revisions have been made to our financial statements. Please see Note 9 of Selected Notes to Financial Statements for a summary of the revisions.

Quarter Ended June 30, 2002 Compared to Quarter Ended June 30, 2001.

Edgar Filing: 800AMERICA COM INC - Form 10QSB/A

We had revenues of \$7,279,188 for the quarter ended June 30, 2002 compared to revenues of \$4,740,389 for the quarter ended June 30, 2001. Approximately, \$800,000 of our revenues during the period were derived from an off-line venture whereby we joint ventured with a company to sell closeout merchandise into the South American market. Each of the parties invested \$4,000,000. All costs and expenses, profits and losses were shared equally by the parties. We did not participate in the management and operation of this venture. Our total investment was \$4,000,000. As of July 2002, we had received our total investment back. We do not regularly engage in these types of ventures but, as the opportunity arises we may engage in them in the future.

Approximately 23% of our total revenues were derived from foreign sources for the period. Approximately 65% of our foreign revenue came from our Business-to-Business operations, approximately 16% from our Technology operations and the balance from our Business-to-Consumer operations. Approximately 65% of the foreign revenue came from South America and the balance from the Far East and Europe.

Net income for the quarter ended June 30, 2002 was \$1,995,647 compared to net income of \$2,157,436, for the quarter ended June 30, 2001. Total operating expenses for the quarter ended June 30, 2002 were \$4,337,405 resulting in net operating income for the quarter of \$2,941,783. This compares to total operating expenses of \$1,996,244 for the quarter ended June 30, 2001, resulting in net operating income of \$2,744,145. This increase in operating expenses is a result

11

of our continuing to grow our business in order to increase revenues. Because of our limited operating history with our various web sites, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial degree of volatility. Management continues to expect that advertising costs will be a significant part of our operating structure. Advertising expenses for the period ending June 30, 2002 were \$2,300,000 compared with \$719,759 for the three months ended June 30, 2001.

Liquidity And Capital Resources

Cash and cash equivalents as of June 30, 2002 were \$19,447,574. At June 30, 2002, we had current assets of \$21,076,993 and current liabilities of \$3,201,441 resulting in working capital at June 30, 2002 (current assets less current liabilities) of \$17,875,552.

During the period we announced a buy-back program whereby we intend to purchase ten percent of our outstanding Common Stock.

We are obligated to stand ready to repurchase 1,958,972 shares of our Common Stock from certain stockholders who acquired our shares in exchange for shares in two acquisitions we concluded last year and from purchasers in a private placement. The repurchase price is \$2.60 per share. In October 948,972 shares will be subject to repurchase unless certain events occur sooner, with one of the events being that our current CEO no longer remains at that position, and the balance will be subject to repurchase in December of 2002. This obligation is not part of our buy-back program.

We believe that our current capital resources and liquidity are adequate for at least the next twelve months. Other than costs in connection with the further development of our web sites, we do not have any plans for significant capital

Edgar Filing: 800AMERICA COM INC - Form 10QSB/A

or operating expenditures above our current level unless we determines to develop additional web sites that could result in additional development costs. We may also make additional acquisitions which might be financed, at least in part, with our own funds.

Six Months Ended June 30, 2002 Compared With June 30, 2001

Results of Operations

We had revenues of \$15,770,407 for the six months ended June 30, 2002 compared with revenues of \$8,781,609 for the six months ended June 30, 2001. The increase was primarily the result of increased commissions. Net income was \$4,831,590 for the six months ended June 30, 2002, compared with net income of \$3,917,653 for the six months ended June 30, 2001. Total operating expenses were \$8,620,766 for the six months ended June 30, 2002 compared with \$3,389,278 for the six months ended June 30, 2001. Foreign sales accounted for approximately 22% of our total revenues for the six month period ending June 30, 2002. Approximately 60% of our foreign revenue came from our Business-to-Business operations, 17% from our Technology operations and the balance from our Business-to-Consumer operations.

12

Liquidity and Capital Resources

Net cash provided for operating activities was \$6,818,572 for the six months ended June 30, 2002 compared with net cash of \$5,220,916 for the six months ended June 30, 2001. The increase in net cash was primarily attributable to an increase in revenues and a decrease in operating costs. During the six months ended June 30, 2001, we sold assets for approximately \$500,000.

Events Subsequent to June 30, 2002
