Enclosure: Partner Communications announces the Ministry of Communications' decision regarding the roaming services hearing

PARTNER COMMUNICATIONS ANNOUNCES

THE MINISTRY OF COMMUNICATIONS' DECISION
REGARDING THE ROAMING SERVICES HEARING

ROSH HA'AYIN, Israel, December 19, 2013 - Partner Communications Company Ltd. ("Partner" or "the Company") (NASDAQ and TASE: PTNR), a leading Israeli communications operator, announces that following the Company's previous reports with respect to the hearing process pertaining to roaming services abroad, the Company received yesterday the Ministry of Communications' ("MOC") final decision on this matter.

According to the MOC's decision, effective February 2014, the mobile radio telephone (MRT) licenses of all of the cellular operators in Israel will be amended so that as a default, the access to cellular internet services abroad will be blocked, unless the subscriber requested to have access to such services or has purchased a roaming services package or has extended his existing package.

Implementation of the MOC's decision may have a negative effect on the Company's financial results. The Company intends to exercise mitigating steps, in order to minimize the negative impact of the MOC's decision, however, at this stage the Company cannot estimate the end effect of the MOC's decision.

For further information see the Company's press release and immediate report on form 6-K dated February 27, 2013 and the 2012 annual report (20-F) filed with the SEC on March 19, 2013 (item 4B.14d - viii - Hearings and Examinations).
