("Partner" or "the Company") (NASDAQ and TASE: PTNR), a leading Israeli mobile communications operator, announces that on August 18, 2014 the Ministry of Communications published hearings regarding proposed amendments to telecommunications licenses granted to various operators, including the Company and its subsidiaries (the "Licenses", the "Licensees", and the "Hearings", respectively).

As part of the Hearings, it is proposed to amend the Licenses to add requirements and to intensify the requirements set in the Licenses with respect to the quality of service of the Licensees' call centers. The Licensees may submit their position to the Hearings by September 18, 2014.

In parallel to the Hearings, the Ministry of Communications published a draft memorandum with respect to the Israeli Telecommunications Law (the "Draft Memorandum"), according to which a subscriber will be able to sue for fixed compensation in case a Licensee fails to meet the proposed response times and for compensation in case of erroneous billing, both without proving damages.

The Company is studying the content of the Hearings and the Draft Memorandum and is preparing for the submission of its position regarding the Hearings and the Draft Memorandum. At this stage, the Company is unable to evaluate the scope of investments and expenses required in order to comply with the terms of the draft amendments to the Licenses that were attached to the Hearings and the provisions of the Draft Memorandum, insofar as these drafts will be adopted "as is" at the end of the hearing process.
