MARINE PRODUCTS CORPORATION

2801 Buford Highway, Suite 520, Atlanta, Georgia 30329

TO THE HOLDERS OF THE COMMON STOCK:

PLEASE TAKE NOTICE that the 2008 Annual Meeting of Stockholders of Marine Products Corporation, a Delaware corporation (“Marine Products” or the “Company”), will be held at 2170 Piedmont Road, NE, Atlanta, Georgia, on Tuesday, April 22, 2008, at 12:00 noon, or any adjournment thereof, for the following purposes:

1. To elect three Class I directors to the Board of Directors;
2. To consider a proposal to approve the Performance-Based Compensation Agreement for Mr. James A. Lane, Jr.; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

The Proxy Statement dated March 17, 2008 is attached.

The Board of Directors has fixed the close of business on February 29, 2008 as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting.

Stockholders who do not expect to be present at the meeting are urged to complete, date, sign and return the enclosed proxy. No postage is required if the enclosed envelope is mailed in the United States.

BY ORDER OF THE
BOARD OF DIRECTORS

Linda H. Graham, Secretary

Atlanta, Georgia
March 17, 2008

PROXY STATEMENT

This Proxy Statement and a form of proxy were first mailed to stockholders on or about March 17, 2008. The following information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of Stockholders to be held on April 22, 2008, is submitted by the Company to the stockholders in connection with the solicitation of proxies on behalf of the Company's Board of Directors.

SOLICITATION OF AND POWER TO REVOKE PROXY

A form of proxy is enclosed. Each proxy submitted will be voted as directed, but if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors and in favor of the approval of the performance based compensation agreement for Mr. James A. Lane, Jr.

A stockholder executing and delivering a proxy has power to revoke the same and the authority thereby given at any time prior to the exercise of such authority, if he so elects, by contacting either proxy holder or by attending the meeting and voting in person. However, a beneficial stockholder who holds his shares in street name must secure a proxy from his broker before he can attend the meeting and vote.

CAPITAL STOCK

The outstanding capital stock of the Company on February 29, 2008 consisted of 36,466,427 shares of Common Stock, par value \$0.10 per share. Holders of Common Stock are entitled to one vote (non-cumulative) for each share of such stock registered in their respective names at the close of business on February 29, 2008, the record date for determining stockholders entitled to notice of, and to vote at the meeting or any adjournment thereof.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. In accordance with the General Corporation Law of the state of Delaware, the election of the nominees named herein as Directors will require the affirmative vote of a plurality of the votes cast by the holders of shares of Company Common Stock entitled to vote in the election provided that a quorum is present at the Annual Meeting. In the case of a plurality vote requirement (as in the election of directors), where no particular percentage vote is required, the outcome is solely a matter of comparing the number of votes cast for each nominee, with those nominees receiving the most votes being elected, and hence only votes for director nominees (and not abstentions or broker non-votes) are relevant to the outcome. In this case, the three nominees receiving the most votes will be elected. The affirmative vote of a majority of the outstanding shares of Common Stock of the Company entitled to vote and present in person or by proxy at the Annual Meeting is required for approval of the proposal regarding the Performance-Based Compensation Agreement for Mr. Lane. Abstentions will have the effect of a vote against that proposal and broker non-votes will be disregarded and will have no effect on that proposal. There are no rights of appraisal or similar dissenter's rights with respect to any matter to be acted upon pursuant to this Proxy Statement. It is expected that shares held of record by officers and directors of the Company, which in the aggregate represent approximately 73 percent of the outstanding shares of Common Stock, will be voted for the nominees for directors and for the approval of the Performance-Based Compensation Agreement for Mr. Lane.

The executives named in the Summary Compensation Table, and the name and address of each stockholder (or "group" as that term is used in Section 13(d)(3) of the Exchange Act) who owned beneficially five percent (5%) or more of the shares of Common Stock of the Company on February 29, 2008, together with the number of shares owned by each such person and the percentage of outstanding shares that ownership represents, and information as to Common Stock

ownership of the directors and executive officers of the Company as a group (according to information received by the Company), are set out below:

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS, COMMITTEES AND MEETINGS

Board Meetings

The Board of Directors met five times during the fiscal year ended December 31, 2007. No director attended fewer than 75 percent of the aggregate of all Board meetings and meetings of committees on which he or she served during 2007. Board members are encouraged to attend the Company's Annual Stockholder Meetings and all Board members were in attendance at last year's meeting.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee

The Audit Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, James B. Williams and Bill J. Dismuke all of whom are independent, as discussed below. The Audit Committee held five meetings during the fiscal year ended December 31, 2007. The Board of Directors has determined that all of the Audit Committee members are independent as that term is defined by the rules of the Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE"). The Board of Directors has also determined that all of the Audit Committee members are "Audit Committee Financial Experts" as defined in the

SEC rules. Additionally, the Board of Directors has determined that the simultaneous service by Mr. James B. Williams on the Audit Committees of three other publicly traded companies does not impair his ability to effectively serve on the Audit Committee of Marine Products. The Audit Committee meets with the Company's independent registered public accountants, internal auditor, Chief Executive Officer and Chief Financial Officer to review the scope and results of audits and recommendations made with respect to controls over financial reporting and specific accounting and financial reporting issues. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company for outside legal, accounting or other advisors as it deems necessary to carry out its duties. The Audit Committee charter is available on the Company's website at www.marineproductscorp.com under the Governance section. A written copy of the charter can be obtained free of charge by writing to the Secretary, Marine Products Corporation, 2170 Piedmont Road NE, Atlanta, Georgia 30324.

Compensation Committee

The Compensation Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, and James B. Williams. It held two meetings during the fiscal year ended December 31, 2007. The function of the Compensation Committee is to review the base salary and cash based incentive compensation for all of the executive officers, and to administer the compensation of James A. Lane, Jr. in accordance with the Performance-Based Compensation Agreement. The Compensation Committee also administers the 2001 and 2004 Marine Products Corporation Employee Stock Incentive Plans. The Compensation Committee does not have a formal charter, and is not required to have one under the “controlled company” exemption under the NYSE rules, as described in the section titled “Director Independence and NYSE requirements” below.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors of the Company consists of Henry B. Tippie (Chairman), Wilton Looney, and James B. Williams, all of whom are independent, as discussed more fully under “Director Independence and NYSE Requirements.” The Committee was formed in 2002 pursuant to a resolution passed by the Board of Directors for the following purposes:

- to recommend to the Board of Directors nominees for director and to consider any nominations properly made by a stockholder;
- upon request of the Board of Directors, to review and report to the Board with regard to matters of corporate governance; and
- to make recommendations to the Board of Directors regarding the agenda for Annual Stockholders Meetings and with respect to appropriate action to be taken in response to any stockholder proposals.

The Nominating and Governance Committee held one meeting during the fiscal year ended December 31, 2007.

Director Nominations

Under Delaware law, there are no statutory criteria or qualifications for directors. No criteria or qualifications have been prescribed by the Board at this time. The Nominating and Governance Committee does not have a charter or a formal policy with regard to the consideration of director candidates. However, it acts under the guidance of the Corporate Governance Guidelines approved by the Board of Directors and posted on the Company’s website at www.marineproductscorp.com under the Governance section. A written copy of the Corporate Governance Guidelines can be obtained free of charge by writing to the Secretary, Marine Products Corporation, 2170 Piedmont Road NE, Atlanta, Georgia 30324. The Board believes that it should preserve maximum flexibility in order to select directors with sound judgment and other desirable qualities. According to the Company’s Corporate Governance Guidelines, the Board of Directors will be responsible for selecting nominees for election to the Board of Directors. The Board delegates the screening process to the Nominating and Governance Committee. This Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of the then current make-up of the Board. This determination takes into account all factors which the Committee considers appropriate, such as independence, experience, strength of character, mature judgment, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. The Company’s Bylaws provide that nominations for the election of directors may be made by any stockholder entitled to vote for the election of directors. Nominations must comply with an advance notice procedure which generally requires, with respect to nominations for directors for election at an annual meeting, that written notice be addressed to: Secretary, Marine Products Corporation, 2170 Piedmont Road, NE, Atlanta, Georgia 30324, not less than ninety days prior to the anniversary of the prior year’s annual meeting and set forth the name, age, business address and, if known, residence address of the nominee proposed in the notice, the principal occupation or employment of the nominee for the past five years, the nominee’s qualifications, the class or series and number of shares of capital stock of the Company which

are owned beneficially or of record by the person and any other information relating to the person that would be required to be disclosed in a proxy statement or other filings. Other requirements related to the notice are contained in the Company's Bylaws. The Committee will consider nominations from stockholders that satisfy these requirements. The Committee is responsible for screening the nominees that are selected by the Board of Directors for nomination to the Board and for service on committees of the Board. To date, the Company has not received a recommendation for a director nominee from a stockholder. All of the nominees for directors being voted upon at the Annual Meeting to be held on April 22, 2008 are directors standing for re-election.

Director Independence and NYSE Requirements

Controlled Company Exemption

The Company is not required by law or NYSE listing requirements to have a Nominating or Compensation Committee composed of independent directors, nor to have a Board of Directors, the majority of which are independent. Because the Company is a “controlled corporation,” as defined by NYSE Rule 303A.00, the Company is exempt from NYSE Rules 303A.01, 303A.04 and 303A.05 and does not undertake compliance with those provisions. The Company is a “controlled corporation” because a group that includes the Company’s Chairman of the Board R. Randall Rollins, his brother Gary W. Rollins who is also a director and certain companies under their control, possesses in excess of fifty percent of the Company’s voting power.

The Company’s Audit Committee is composed of four “independent” directors as defined by the Company’s Corporate Governance Guidelines, the NYSE rules, the Securities Exchange Act of 1934, SEC regulations thereunder, and the Company’s Audit Committee Charter. All of the members of the Compensation and Nominating and Governance Committees are also independent directors. The independent directors of the Company are Henry B. Tippie, Wilton Looney, James B. Williams and Bill J. Dismuke.

Independence Guidelines

Under NYSE listing standards, to be considered independent, a director must be determined to have no material relationship with the Company other than as a director. The NYSE standards set forth a nonexclusive list of relationships which are conclusively deemed material.

The Company's Independence Guidelines (Appendix A to the Company’s Corporate Governance Guidelines) are posted on the Company’s website at www.marineproductscorp.com under the Governance section. These independence guidelines provide that to be independent, a director must not have any relationship that would be considered material under NYSE Standards. In addition, the Company’s Guidelines provide that, except in special circumstances as determined by a majority of the Board, the following relationships are not material:

- (i) If the director, or a member of the director’s immediate family, has received less than one hundred thousand dollars (US \$100,000) in direct compensation from the Company (other than director and committee fees and compensation for prior service which are not contingent in any way on continued services) during every 12 month period within the past three (3) years;

- (ii) If the director is a director or officer, or any member of the director's immediate family is a director or officer of a bank to which the Company is indebted, and the total amount of the indebtedness does not exceed one percent (1%) of the total assets of the bank for any of the past three (3) years;
- (iii) If the director or any member of the director's immediate family serves as an officer, director, trustee or primary spokesperson of a charitable or educational organization, and donations by the Company do not exceed the greater of one million dollars (US \$1,000,000) or two percent (2%) of the organization's consolidated gross revenues within the preceding three (3) years;
- (iv) If the director has a relationship with the Company of a type covered by item 404(a) and/or item 407 of the Securities and Exchange Commission's Regulation S-K (or any successor regulation), and that relationship need not, according to the terms of those items and any then-current proxy regulations, be disclosed in the Company's annual Proxy Statement (except for relationships described elsewhere in the Company's guidelines in which case the other guidelines will govern);
- (v) If the director, or a member of the director's immediate family, has direct or beneficial ownership (as defined by Rule 13d-3 under the Securities Exchange Act of 1934) of any amount of any class of common stock of the Company.

Audit Committee Charter

Under the Company's Audit Committee Charter, in accordance with NYSE listing requirements and the Securities Exchange Act of 1934, all members of the Audit Committee must be independent of management and the Company. A member of the Audit Committee is considered independent as long as he or she (i) does not accept any consulting, advisory, or compensatory fee from the Company, other than as a director or committee member; (ii) is not an affiliated person of the Company or its subsidiaries; and (iii) otherwise meets the independence requirements of the NYSE and the Company's Corporate Governance Guidelines.

Nonmaterial Relationships

After reviewing all of the relationships between the members of the Audit Committee and the Company, the Board of Directors determined that none of the members of the Audit Committee had any relationships not included within the categorical standards set forth in the Independence Guidelines and disclosed above except as follows:

1. Mr. Tippie was employed by Rollins from 1953 to 1970, and held several offices with that company during that time, including as Executive Vice President – Finance, Secretary, Treasurer and Chief Financial Officer. Messrs. Randall and Gary Rollins are directors and executive officers of Rollins and are part of a group that has voting control of Rollins.
2. Mr. Tippie is Chairman of the Board of Directors of Dover Motorsports, Inc. and Dover Downs Gaming and Entertainment, Inc. Mr. Randall Rollins is also a director of these companies.
3. Mr. Tippie is the trustee of the O. Wayne Rollins Foundation and of the Rollins Children's Trust. O. Wayne Rollins is the father of Gary and Randall Rollins. The beneficiaries of the Rollins Children's Trust include the immediate family members of Gary and Randall Rollins.
4. Each of Messrs. Dismuke, Looney, Tippie and Williams also serve on the Boards of Rollins, Inc. and RPC, Inc., of which Messrs. Gary and Randall Rollins are directors, and voting control over which is held by a control group of which Messrs. Randall and Gary Rollins are a part; Mr. Randall Rollins is an executive officer of RPC, Inc.

As required by the Independence Guidelines, the Board of Directors unanimously concluded that the above-listed relationships would not affect the independent judgment of the independent directors, based on their experience, character and independent means, and therefore do not preclude an independence determination. All of the members of the Audit Committee are also independent under the heightened standards required for Audit Committee members.

In accordance with the NYSE corporate governance listing standards, Mr. Henry B. Tippie was elected as the Presiding Director. The Company's non-management directors meet at regularly scheduled executive sessions without management. Mr. Tippie presides during these executive sessions.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to promote better understanding of our policies and procedures. At least annually, the Board reviews these guidelines. As required by the rules of the New York Stock Exchange, our Corporate Governance Guidelines require that our non-management directors meet in at least two regularly scheduled executive sessions per year without management.

The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

During the fiscal year ended December 31, 2007, the members of our Compensation Committee held primary responsibility for determining executive compensation levels. The Committee is composed of three of our non-management directors who do not participate in the Company's compensation plans. The Committee determines the compensation and administers the performance-based cash compensation plan for our executive officers. In addition, the Committee also administers our Stock Incentive Plans for all the employees.

The members of our Compensation Committee have extensive and varied experience with various public and private corporations - as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. Henry B. Tippie, the Chairman of the Compensation Committee, has served on the board of directors of twelve different publicly traded companies and has been involved in setting executive compensation levels at all of these companies. Messrs. Wilton Looney and James B. Williams have served on the board of directors of several different publicly traded companies and have similarly been involved in setting executive compensation levels at many of these companies.

The Compensation Committee has authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate and permitted under applicable law. The Committee has not used the services of any compensation consultants in determining or recommending the amount or form of executive compensation.

The Compensation Committee believes that determinations relative to executive compensation levels are best left to the discretion of the Committee. In addition to the extensive experience and expertise of the Committee's members and their familiarity with the Company's performance and the performance of our executive officers, the Committee is able to draw on the experience of other Directors and on various legal and accounting executives employed by the Company, and the Committee has access to the wealth of readily available public information relative to structuring executive compensation programs and setting appropriate compensation levels. The Committee also believes that the structure of our executive compensation programs should not become overly complicated or difficult to understand. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels.

General Compensation Objectives and Guidelines

The Company is engaged in a highly competitive industry. The success of the Company depends on its ability to attract and retain highly qualified and motivated executives. In order to accomplish this objective, the Company structures the executive compensation in a fashion that takes into account the Company's overall performance and the individual performance of the executive.

The Compensation Committee endorses the philosophy that executive compensation should reflect Company performance and the contribution of executive officers to that performance. The Company's compensation policy is designed to reward growth in revenues, net income and increase in shareholder value. The Committee recognizes that there are many intangibles involved in evaluating performance and in motivating performance, and that determining an appropriate compensation level is a highly subjective endeavor. The analysis of the Committee is not based upon a structured formula and the objectives referred to above are not weighted in any formal manner.

The Company's executive officers are also executive officers of RPC and receive compensation directly from RPC. The members of the Company's Compensation Committee also constitute the Compensation Committee of RPC. In determining the compensation for the executive officers at the Company, the Committee considers the dual responsibilities and sources of compensation. The Company sets compensation of its executives at such levels so that the aggregate compensation received from both RPC and the Company is reasonable in light of their respective responsibilities and the performance of both companies and the compensation from the Company for services solely to the Company is reasonable. A discussion of the Company's executive officers' compensation at RPC is contained in its annual Proxy Statement filed with the SEC.

Pursuant to the Company's compensation philosophy, the total annual compensation of its executive officers is primarily made up of base salary, cash based incentives and stock-based incentive compensation. In addition, the Company provides retirement compensation plans, group welfare benefits and certain perquisites.

We believe a competitive base salary is important to attract, retain and motivate top executives. We believe a performance-based incentive cash compensation plan is valuable in recognizing and rewarding individual achievement. Finally, we believe stock-based incentives make executives "think like owners" and, therefore, align their interests with those of our stockholders.

The Company does not have any formal stock ownership requirements for its executive officers but notes that its directors and executive officers are stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Company is mindful of the stock ownership of our directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. The Company provides in its insider trading policies that directors and executive officers may not sell Company securities short and may not sell puts, calls or other derivative securities tied to our Common Stock.

The Company does not have a formal policy relative to the adjustment or recovery of incentives or awards in the event that the performance measures upon which incentives or awards were based are later restated or otherwise adjusted in a manner that would have reduced the size of an incentive or award. However, as all incentives and awards remain within the discretion of the Compensation Committee, the Committee retains the ability to take any such restatements or adjustments into account in subsequent years. In addition, the Sarbanes-Oxley Act requires in the case of accounting restatements that result from material non-compliance with SEC financial reporting requirements, that Chief Executive Officers and Chief Financial Officers must disgorge bonuses and other incentive-based compensation and profits on stock sales, if the non-compliance results from misconduct.

Base Salary

The salary of each executive officer is determined by the Compensation Committee. In making its determinations, the Committee gives consideration to the recent financial performance of the Company, the magnitude of responsibilities, the scope of the position, individual performance and compensation paid by Marine Products. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels. No increases in base salaries were granted to the executive officers by the Committee in 2007. No increases in base salaries were granted to the executive officers by the Committee in its meeting on January 22, 2008.

Cash Based Incentives

The annual cash based incentive compensation for the executive officers with the exception of Mr. James A. Lane, Jr., is based upon broad performance objectives. The executive officers participate in a variety of individualized performance bonus programs designed by the Committee. These plans all have payouts subjectively based on net sales, net income, budget objectives, and other individual performance objectives. The individual performance objectives relate to each executive officer improving the contribution of his functional area of responsibility to further enhance the earnings of the Company. Bonuses are not made subject to any plan or program, written or unwritten, that is communicated in advance to the executive officers. No specific performance criteria are established in advance, and no specific ranges for bonuses are established in advance. Bonuses for a particular fiscal year are generally determined during the first quarter of the following fiscal year and paid at the discretion of the Compensation Committee. Discretionary bonuses were paid in early 2008 to our executive officers for performance during fiscal year ended 2007 in the following amounts: Mr. Richard A. Hubbell: \$110,000; Mr. Ben M. Palmer: \$70,000; Mr. R. Randall Rollins: \$139,000; and Ms. Linda H. Graham: \$25,000. Performance based incentive paid to Mr. James A. Lane, Jr. is discussed below.

Mr. James A. Lane, Jr. has a performance based compensation agreement that was approved by the shareholders under which he receives an incentive bonus equal to 10 percent of pre-tax profits of Chaparral Boats, Inc. as defined, monthly, determined in accordance with generally accepted accounting principles. The plan was approved by the stockholders in 2002 to qualify for the performance related compensation exemption from the prohibition on Company income tax deduction for compensation exceeding \$1,000,000. Pursuant to this plan, Mr. Lane was paid \$3,438,422 for his performance during fiscal year 2007. This incentive payment was approximately 98 percent of the total cash compensation paid to this executive in 2007. The Company is seeking stockholder approval of this agreement at the April 22, 2008 Stockholders' Meeting. See "Item 2 - Proposal To Approve the Performance-Based Compensation Agreement for Mr. James A. Lane, Jr." for a description of this plan.

Stock-Based Incentive Plans

Our Stock Incentive Plan allows for a wide variety of stock based awards such as stock options and restricted stock awards. We last issued stock options to the executive officers in fiscal year ended 2003 and have no current plans to issue additional stock options. We have never issued any stock appreciation rights. Partially in response to changes relative to the manner in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity based component of our executive compensation. In recent years, we have awarded time-based restricted stock in lieu of granting stock options. The terms and conditions of these awards are described in more detail below.

Awards under the Company's Stock Incentive Plans are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. For the past three years, we have granted time-based restricted stock to various employees, including our executive officers, in early January during our regularly scheduled meetings of the Compensation Committee during which the Committee reviews executive compensation. Consistent with this practice, we granted restricted stock awards to our executive officers in January 2007 and January 2008 in amounts which are reasonably comparable to grants made in prior years. The number of shares awarded was as follows: Mr. Richard A. Hubbell: 15,000 shares in 2007 (30,000 shares in 2008); Mr. Ben M. Palmer: 6,000 shares in 2007 (15,000 shares in 2008); Mr. R. Randall Rollins: 15,000 shares in 2007 (30,000 shares in 2008); Mr. James A. Lane, Jr.: 10,000 shares in 2007 (20,000 shares in 2008); and Ms. Linda H. Graham: 4,000 shares in 2007 (10,000 shares in 2008). When considering the grant of stock based awards, the Committee gives consideration to our overall performance and the performance of individual employees. It is our expectation to continue yearly grants of restricted stock awards although we reserve the right to modify or discontinue this or any of our other compensation practices at any time.

All of our restricted stock awards granted since 2004 have had the same features. The shares vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death, disability, or retirement on or after age 65), the unvested shares will be forfeited. In the event of a “change in control” of the Company, the Compensation and Stock Incentive Committee has the discretion to accelerate vesting of the shares.

Employment Agreements

There are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of compensation, including incentive or bonus payments, to the executive officer.

Retirement Plans

The Company maintains a defined benefit pension plan (called the Retirement Income Plan) for all our eligible employees, a non-qualified supplemental retirement plan for our executives and certain other highly compensated employees and a 401(k) Plan for the benefit of all regular full time employees. Messrs. Richard A. Hubbell, Ben M. Palmer, R. Randall Rollins and Ms. Linda H. Graham are not eligible to participate in the Company’s Retirement Income Plan and 401(k) Plan because they participate in the corresponding plans at RPC. In 2002, the Company's Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. In lieu thereof, beginning in 2002, the Company began providing enhanced benefits in the form of cash contributions on behalf of certain long-service employees who were 40 to 65 years of age on or before December 31, 2002. These enhanced benefit contributions are discretionary and may be made annually, subject to a participant’s continued employment, for a maximum of seven years. The contributions are made either to the non-qualified Supplemental Retirement Plan (“SRP”) or to the 401(k) Plan for each employee who is entitled to the enhanced benefits. The Company contributed \$21,350 towards enhanced benefits for Mr. James A. Lane, Jr., in 2007. Beginning late in 2002, the Company began permitting selected highly compensated employees to defer a portion of their compensation into the SRP.

Other Compensation

Mr. Lane participates in regular employee benefit programs, including the 401(k) Plan with Company match, group life insurance, group medical and dental coverage and other group benefit plans at Chaparral Boats, Inc. Messrs. Rollins, Hubbell, Palmer and Ms. Graham participate in similar employee benefit programs at RPC.

Mr. Lane is entitled to the use of a Company owned automobile. The Company pays to insure and maintain the automobile. The Company also pays all fuel expenses.

6. Options granted 01/28/2003 with vesting as follows: The options vest one-fifth per year beginning on the grant date.
7. Options granted 01/22/2002 vest ratably over six years from the date of grant.
8. The Company has granted employees two forms of restricted stock: time lapse restricted and performance restricted. Time lapse restricted shares vest after a stipulated number of years from the grant date, depending on the terms of the issue. Time lapse restricted shares issued in years 2003 and prior vest after ten years. Time lapse restricted shares issued starting in 2004 vest one-fifth per year beginning on the second anniversary of the grant date. The performance restricted shares are granted, but not earned and issued until certain five-year

tiered performance criteria are met. The performance criteria are predetermined market prices of Marine Products common stock. On the date the common stock appreciates to each level (determination date), 20 percent of performance shares are earned. Once earned, the performance shares vest five years from the determination date. The Company has not granted performance restricted shares since 2003. Restricted shares granted to the executive officers vest as shown in the table below:

BENEFIT PLANS

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer, under the Retirement Income Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Information regarding the Retirement Income Plan can be found under Note 10 to our Financial Statements contained in our Form 10-K for the period ending December 31, 2007.

Pension Benefits

Name	Plan Name	Number of Years Credited Service (#) (1)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Mr. Richard A. Hubbell	Retirement Income Plan	—	—	—
Mr. Ben M. Palmer	Retirement Income Plan	—	—	—
Mr. R. Randall Rollins	Retirement Income Plan	—	—	—
Mr. James A. Lane, Jr.	Retirement Income Plan	14	490,548	—
Ms. Linda H. Graham	Retirement Income Plan	—	—	—

(1) All of the executive officers with the exception of Mr. James A. Lane, Jr., receive benefits under the RPC Retirement Income Plan and do not participate in the Company's Retirement Income Plan. The difference in years of credited and actual service for Mr. Lane is due to the freezing of benefit accruals in 2002. See discussion below for further details.

The Company's Retirement Income Plan, a trusteed defined benefit pension plan, provides monthly benefits upon retirement at age 65 to eligible employees. In 2002, the Company's Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. Retirement Income Plan benefits are based on the average of the employee's compensation from the Company for the five consecutive

complete calendar years of highest compensation during the last ten consecutive complete calendar years (“final average compensation”) immediately preceding March 31, 2002. The benefits are computed as the product of 1.5 percent of final average compensation multiplied by years of credited service (up to 30 years) reduced by an adjustment for benefits drawn from social security. Adjustments have been made for age and IRS mandated compensation limitation. The final average compensation for Mr. James A. Lane, Jr. is \$209,612.

The annual benefit payable at the later of retirement age or 65 for Mr. Lane is \$48,400. In accordance with the Internal Revenue Code, the maximum annual benefit payable to a Retirement Income Plan beneficiary in 2007 was \$180,000. Retirement benefits accrued at the end of any calendar year or as of March 31, 2002 will not be reduced or increased by any subsequent changes in the maximum compensation limit.

The Plan also provides reduced early retirement benefits at age 55 or older with 15 or more years of service. Mr. Lane is eligible for early retirement benefits and the amounts payable to him in such an event are calculated using the computation described above reduced by a certain percentage for each incremental month of early retirement.

In 2002, the Company began providing additional benefits on behalf of certain long-service employees in the form of discretionary cash contributions made either to the Company's 401(k) Plan (which is described below) or SRP as described in the section below titled "Nonqualified Deferred Compensation." Amounts contributed to the accounts of the Executive Officers are reported in the "All Other Compensation" column of the Summary Compensation Table on page 18.

401(k) Plan

Effective July 1, 1984, the Company adopted a qualified retirement plan designed to meet the requirements of Section 401(k) of the Code. The Company makes matching contributions of fifty cents (\$0.50) for each dollar (\$1.00) of a participant's contribution to the 401(k) Plan that does not exceed six percent of his or her annual compensation. The only form of benefit payment under the 401(k) Plan is a single lump-sum payment equal to the vested balance in the participant's account on the date the distribution is processed. Under the 401(k) Plan, the full amount of a participant's vested accrued benefit is payable upon his termination of employment, retirement, total and permanent disability, or death. Also under the 401(k) Plan, a participant may withdraw his or her pre-tax contributions to the extent of certain specified instances of financial hardship and may withdraw any amount from his or her pre-tax contribution account for any reason after attaining age 59 ½. In addition, a participant may withdraw any amount from his or her rollover account for any reason. Amounts contributed by the Company to the accounts of the named executive officers under this plan are reported in the "All Other Compensation" column of the Summary Compensation Table on page 18.

NONQUALIFIED DEFERRED COMPENSATION

The SRP has been established as a non-qualified plan that is designed to comply with the provisions of the American Jobs Creation Act of 2004 (including Section 409A of the Internal Revenue Code) for the cash contributions made to certain longer serviced employees in lieu of freezing of benefit accruals effective in 2002; this plan also has a compensation deferral option for eligible employees. The contributions and deferrals to the SRP are invested in funds held in a rabbi trust.

Linda H. Graham	44,750	—	8,800	—	152,350

- (1) Includes the following amounts related to the base salary for 2007 which have been deferred by the executive officer pursuant to the SRP and which are included in the Summary Compensation Table: Ms. Linda H. Graham: \$28,750. The remainder represents deferrals of bonus related to 2006 that were paid in 2007.
- (2) Reflects the amounts for each of the named executive officers which are reported as compensation to such named executive officer in the "All Other Compensation" column of the Summary Compensation Table on page 18.

The deferral option provides that participants may defer up to 50 percent of their base salary and up to 100 percent of their annual bonus with respect to any given plan year, subject to a \$2,000 per plan year minimum. The deferred amounts are voluntarily funded on a monthly basis; salary and bonus deferrals are generally 100 percent vested. Accounts are credited with hypothetical earnings, and/or debited with hypothetical losses, based on the performance of certain "Measurement Funds." Account values are calculated as if the funds from deferrals and contributions had been converted into shares or other ownership units of selected Measurement Funds by purchasing (or selling, where relevant) such shares or units at the current purchase price of the relevant Measurement Fund at the time of the participant's selection. The benefits are unsecured general obligations of the Company to the participants, and these obligations rank in parity with the Company's other unsecured and unsubordinated indebtedness. To the extent that the Company's obligations under the SRP exceed assets available under the trust, the Company would be required to seek additional funding sources to fund its liability under the Deferred Compensation Plan.

Generally, the SRP provides for distributions of any deferred amounts upon the earliest to occur of a participant's death, disability, retirement or other termination of employment (a "Termination Event"). However, for any deferrals of salary and bonus (but not Company contributions), participants would be entitled to designate a distribution date which is prior to a Termination Event. The SRP allows a participant to elect to receive distributions in installments or lump-sum payments.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The following table describes the potential payments and benefits under the Company's compensation and benefit plans and arrangements to which the named executive officers would be entitled upon termination of employment. There are no other agreements, arrangements or plans that entitle executive officers to severance, perquisites, or other enhanced benefits upon termination of their employment except as described below. Additional payments or benefits to a terminating executive officer would be at the discretion of the Compensation Committee. The executive officers are not entitled to additional benefits at death or disability per the terms of the defined benefit plan. The amounts payable at retirement are disclosed in the "Benefit Plans" section on page 22. The executive officers can choose to receive the amounts accumulated in the SRP either as a lump-sum or in installments at retirement, death or disability. These amounts have been disclosed under the "Nonqualified Deferred Compensation" section on page 23. The table below shows the incremental restricted shares that would become vested as of December 31, 2007 at the closing market price of \$7.01 per share for our Common Stock, as of that date in the case of retirement, death or disability.

Accrued Pay and Regular Retirement Benefits. The amounts shown in the table above do not include the following since they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

- Accrued salary and vacation pay.
 - Distributions of plan balances under the 401(k) Plan.
 - The value of option continuation upon termination, as described below. When an employee terminates prior to retirement, his or her stock options are terminated immediately, except that the options may be exercised for a period after termination (not to exceed the original option termination date) in the following circumstances:
 - Ø Permanent Disability – one year after termination
 - Ø Death – six months after the date of death
 - Ø Normal or Early Retirement – one day less than three months after retirement
- The termination of employment for any reason shall not accelerate the vesting of options.

Pension Benefit and Deferred Compensation. The Retirement Income Plan does not provide for lump sum payments for a participant including executive officers for instances other than retirement. The Retirement Income Plan is described at “Pension Benefits” above. Upon termination, the executive officers will receive a distribution of the balance in their SRP account. These amounts are disclosed under the “Nonqualified Deferred Compensation” section on page 23.

Change in Control or Severance. The Company does not have any change in control or severance arrangements for its executives.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Effective February 28, 2001, RPC began providing certain administrative services to the Company. The service agreements between RPC and the Company provide for the provision of services on a cost reimbursement basis and are terminable on six month's notice. The services covered by these agreements include administration of certain employee benefit programs and other administrative services. Charges from RPC (or from corporations that are subsidiaries of RPC) for such services aggregated approximately \$957,000 in 2007.

A group that includes the Company's Chairman of the Board, R. Randall Rollins, his brother Gary W. Rollins who is also a director and certain companies under their control, possesses in excess of fifty percent of the Company's voting power. Please refer to the discussion above under the heading, “Corporate Governance and Board of Directors Committees and Meetings, Director Independence and NYSE Requirements, Controlled Company Exemption.” The group discussed above also controls in excess of fifty percent of RPC's voting power.

Our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy provides that related party transactions, as defined in Regulation S-K, Item 404(a) must be reviewed, approved and/or ratified by our Nominating and Corporate Governance Committee. As set forth in our Code, our Nominating and Corporate Governance Committee has the responsibility to ensure that it only approve or ratify related party transactions that are in compliance with applicable law, consistent with the Company's corporate governance policies (including those relative to conflicts of interest and usurpation of corporate opportunities) and on terms that are deemed to be fair to the Company. The Committee has the authority to hire legal, accounting, financial or other advisors as it may deem necessary or desirable and/or to delegate responsibilities to executive officers of the Company in connection with discharging its duties. A copy of the Code is available on our website at www.marineproductscorp.com under the Governance section. All related party transactions for fiscal year ended December 31, 2007 were reviewed, approved and/or ratified by the Nominating and Corporate Governance Committee in accordance with the Code.

ITEM 2 - - PROPOSAL TO APPROVE THE PERFORMANCE-BASED COMPENSATION AGREEMENT FOR MR. JAMES A. LANE, JR.

The Internal Revenue Code prohibits an employer from taking an income tax deduction for remuneration paid to its chief executive officer, chief financial officer and its three other most highly-compensated executive officers for any fiscal year to the extent that the remuneration of such person exceeds \$1 million during such fiscal year, excluding remuneration that qualifies as “performance-based compensation.” Section 162(m) of the Internal Revenue Code provides that in order for remuneration to be treated as qualified performance-based compensation, the material terms of the performance goals must be disclosed to and approved by the stockholders of the employer. Material terms of a performance-based compensation plan include: (1) the employees eligible to participate in the plan, (2) the business criteria upon which the performance goals will be based, and (3) either the maximum dollar amount of compensation that is payable to an employee or the formula used to calculate the amount of compensation that is payable to an employee if the performance goals are met. With regard to stockholder approval, the 162(m) regulations further require that a company obtain stockholder approval of its performance-based compensation plan every five years following the last such approval or if the material terms of the plan, including performance goals, are changed in the interim.

On January 23, 2008, Chaparral Boats, Inc. (“Chaparral”), a wholly-owned subsidiary of the Company, entered into a compensation agreement with James A. Lane, Jr. that was a continuation of an agreement first entered into between RPC, Inc. and Mr. Lane as part of RPC, Inc.’s acquisition of Chaparral on November 4, 1986. This agreement provides that Mr. Lane shall serve as Chaparral’s President and Chief Executive Officer until November 2012, unless earlier terminated. Under this agreement, Mr. Lane receives a base salary of \$67,841 per year paid in approximately equal weekly installments in arrears and an annual incentive cash bonus of ten percent (10%) of pre-tax profit of Chaparral. The agreement defines “pre-tax profits” generally as the profits of Chaparral determined in accordance with generally accepted accounting principles consistently applied prior to any deductions for (1) any management fee or charges assessed by the Company against Chaparral (other than charges, which are no greater than would be charged by an unrelated third party, for goods and services furnished to Chaparral by the Company of the type which Chaparral customarily obtains or requests) and any charges for intercompany overhead allocation or general accounting fees, (2) any recognition of extraordinary gain or loss, (3) any provision for federal or state income taxes, and (4) any provision being made for the performance-based incentive bonus payment to Mr. Lane and any similar bonus provided to another non-executive employee of Chaparral, and after deducting (5) interest on the amount of working capital employed for expansions through acquisitions or capital improvements. The pre-tax profits for each fiscal year, or part thereof, during the term of this agreement shall be estimated at the end of each calendar month and an advance payment of the amount of the estimated incentive cash bonus which has been earned during such fiscal year (less previous advances) will be paid to Mr. Lane following such determination and prior to the end of the next following month. The definitive amount of the incentive cash bonus will be determined by certified public accountants in connection with their examination of the financial statements of Marine Products for each fiscal year during the term of this agreement, which determination shall be final and binding on Mr. Lane and Marine Products. Following such determination, Marine Products will pay Mr. Lane any additional incentive cash bonus due him, or Mr. Lane shall reimburse Marine Products for any over-payments, of the incentive cash bonus, as the case may be.

A substantially identical performance-based compensation agreement was approved by the stockholders in 2002. The Company is seeking approval of the current Performance-Based Compensation Agreement in accordance with Section 162(m) in order to qualify the incentive bonus accruing under that agreement as “performance-based compensation” and therefore be able to deduct the full amount of incentive bonus payments for tax purposes. If the Performance-Based Compensation Agreement is not approved by stockholders at the Annual Meeting, Mr. Lane has agreed that no incentive bonus shall be earned under that agreement.

Because the amount of the incentive bonus payable under the Performance-Based Compensation Agreement is dependent upon the operating results of Chaparral for future periods, the amount of such incentive bonus is not determinable at this time. Information regarding amounts payable under the previous, substantially identical performance-based compensation agreement to Mr. Lane is set forth in the Summary Compensation Table on page 18 under the caption “Non-Equity Incentive Plan Compensation.”

The Board of Directors recommends a vote for approval of the Performance-Based Compensation Agreement.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Principal Auditor

Grant Thornton served as the Company's independent registered public accountants for the fiscal years ended December 31, 2007 and 2006. In addition to performing the audit of the Company's consolidated financial statements, Grant Thornton provided various other services during 2007 and 2006.

The Audit Committee has appointed Grant Thornton as the Company's independent registered public accountants for the fiscal year ending December 31, 2007. Representatives of Grant Thornton are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The aggregate fees billed by independent registered public accountants are set forth below:

	2007	2006
Audit fees and quarterly reviews (1)	\$ 713,360	\$ 762,640
Audit related fees (2)	—	4,310
Tax fees	—	—
All other fees	—	—

- (1) Audit fees include fees for audit or review services in accordance with generally accepted auditing standards, such as statutory audits and services rendered for compliance with Section 404 of the Sarbanes-Oxley Act.
- (2) Audit related fees represent fees for the audit of the 401(k) Plan.

Pre-approval of Services

All of the services described above were pre-approved by the Company's Audit Committee. The Audit Committee has determined that the payments made to its independent registered public accountants for these services are compatible with maintaining such auditors' independence. All of the hours expended on the principal accountant's engagement to audit the financial statements of the Company for the year 2007 were attributable to work performed by full-time, permanent employees of the principal accountant.

The Audit Committee is directly responsible for the appointment and termination (subject, if applicable, to shareholder ratification), compensation, and oversight of the work of the independent registered public accountants, including resolution of disagreements between management and the independent registered public accountants regarding financial reporting. The Audit Committee is responsible for pre-approving all audit and non-audit services provided by the independent registered public accountants and ensuring that they are not engaged to perform the specific non-audit services proscribed by law or regulation. The Audit Committee has delegated pre-approval authority to its Chairman with the stipulation that his decision is to be presented to the full Committee at its next

scheduled meeting. The Audit Committee has no other pre-approval policies.
