PROXY STATEMENT

The accompanying proxy card, to be mailed to stockholders together with the Notice of Annual Meeting of Stockholders and this Proxy Statement on or about April 1, 2008, is solicited by the Board of Directors of American Campus Communities, Inc. in connection with the Annual Meeting of Stockholders ("Annual Meeting") to be held on May 8, 2008.

QUESTIONS AND ANSWERS

Q: What am I voting on?

A: Election of eight directors to hold office for a one-year term and ratification of Ernst & Young LLP as our independent auditors for 2008.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on March 21, 2008 are entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: Sign and date each proxy card you receive and return it in the prepaid envelope. If you do not mark any selections, the proxy holders named on your proxy card will vote your shares in favor of all of the director nominees and in favor of the ratification of Ernst & Young LLP as our independent auditors for 2008. You may change your vote or revoke your proxy at any time before the Annual Meeting by submitting written notice to our Secretary, submitting another proxy that is properly signed and later dated or voting in person at the Annual Meeting. In each case, the later submitted votes will be recorded and the earlier votes revoked. If you hold your shares in street name, please follow the procedures required by your bank, broker or other nominee to revoke a proxy. You should contact that firm directly for more information on these procedures.

In their discretion, the proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than the proposals described in this Proxy Statement. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Q: Is my vote confidential?

A: Yes. Proxy cards, ballots and voting tabulations that identify individual stockholders are confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the vote have access to your card. Additionally, all comments directed to management (whether written on the proxy card or elsewhere) will remain confidential, unless you ask that your name be disclosed.

Q: Who will count the vote?

A: All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and withheld votes and abstentions. In order to be elected as a director, a nominee must receive a plurality of the votes cast at the Annual Meeting at which a quorum is present. In order for Ernst & Young LLP to be ratified as our independent auditors for 2008, the proposal must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For purposes of calculating votes cast on a proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote on the proposal. "Broker non-votes" are proxies from brokers or other nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares that are the subject of the proxy on a particular matter with respect to which the broker or other nominee does not have discretionary voting power.

Q: What constitutes a quorum?

A: As of the record date for the Annual Meeting, 27,361,222 shares of common stock were issued and outstanding. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining the presence of a quorum.

Q: Who can attend the Annual Meeting?

A: All stockholders of record as of March 21, 2008 can attend.

Q: Who pays for this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this Proxy Statement, the proxy card and any additional information we furnish to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to forward to these beneficial owners. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or employees. We will not pay any additional compensation to directors, officers or employees for such services.

ELECTION OF DIRECTORS

There are currently eight directors on the Board: William C. Bayless, Jr., R.D. Burck, G. Steven Dawson, Cydney C. Donnell, Edward Lowenthal, Brian B. Nickel, Scott H. Rechler and Winston W. Walker. The employment agreements with each of Messrs. Bayless and Nickel provide that such executive will be nominated as a director. See “Executive Compensation – Employment Contracts.” Directors elected at the Annual Meeting will hold office for a one-year term.

All nominees have consented to serve as directors. The Board has no reason to believe that any of the nominees will be unable to act as director. However, if a director is unable to stand for re-election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute.

Directors are elected by a plurality of the votes cast at the Annual Meeting, which means the eight nominees who receive the largest number of properly cast votes will be elected as directors. Each share of our common stock is entitled to one vote for each of the eight director nominees. Cumulative voting is not permitted. It is the intention of the proxy holders named on the enclosed proxy card to vote the proxies received by them for the election of the nominees named below unless authorization to do so is withheld.

The Audit Committee operates under a written charter, which was adopted on August 17, 2004 and was subsequently amended in August 2005. In accordance with its charter, the Audit Committee has the sole authority to appoint and replace the independent auditors, who report directly to the Audit Committee, approve the engagement fee of the independent

auditors and pre-approve the audit services and any permitted non-audit services that the independent auditors may provide to us. The Audit Committee met nine times in 2007.

The responsibilities of the Nominating and Corporate Governance Committee include assisting the Board in promoting our and our stockholders' best interests through the implementation of sound corporate governance principals and practices. The Nominating and Corporate Governance Committee is also responsible for (i) identifying individuals qualified to become Board members, consistent with criteria approved by the Board, and recommending to the Board the director nominees for the next Annual Meeting, (ii) developing and recommending to the Board a set of corporate governance principles applicable to us, and (iii) overseeing the evaluation of the Board and management. The Nominating and Corporate Governance Committee met five times in 2007.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider appropriate nominees for director whose names are submitted in writing by a holder of our common stock. Nominations must be addressed to Chairman of the Nominating and Corporate Governance Committee, c/o American Campus Communities, Inc., 805 Las Cimas Parkway, Suite 400, Austin, Texas 78746, indicating the nominee's qualification and other relevant biographical information and providing confirmation of the nominee's consent to serve as director. The Chairman of the Board or the Chief Executive Officer or Board of Directors may call a special meeting of the stockholders. The committee considers nominees for the Board from any reasonable source, including current Board members, stockholders or other persons. While the Nominating and Corporate Governance Committee has the ability to retain a third party to assist in the nomination process, we have not paid a fee to any third party to identify or assist in identifying or evaluating potential nominees.

Each nominee for director at the 2008 Annual Meeting currently serves as a member of our Board.

GOVERNANCE OF THE COMPANY

Board Independence and Meetings

Board Governance Documents. The Board maintains charters for all committees. In addition, the Board has adopted a written set of corporate governance guidelines and a code of business conduct and ethics. To view our committee charters, corporate governance guidelines and code of business conduct and ethics, please visit www.studenthousing.com. The Board has adopted and adheres to corporate governance practices that the Board and senior management believe promote the highest standards of integrity, are sound and represent best practices. The Board of Directors periodically reviews these governance practices, the rules and listing standards of the New York Stock Exchange and SEC regulations, as well as best practices suggested by recognized governance authorities.

Independence; Lead Independent Director. Currently, the Board has eight directors. The Board of Directors has determined, after considering all of the relevant facts and circumstances, that six directors (Messrs. Burck, Dawson, Lowenthal, Rechler and Walker and Ms. Donnell) are independent, as “independence” is defined by the New York Stock Exchange. This means that none of the independent directors has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. As a result, the Board has a majority of independent directors on the Board as required by the listing requirements of the New York Stock Exchange. Mr. R.D. Burck serves as our Lead Independent Director.

Executive Sessions. Non-employee directors have regularly scheduled executive sessions in which they meet without the presence of management. These executive sessions typically occur after each regularly scheduled meeting of the Board of Directors. Any independent director may request that an additional executive session be scheduled. The presiding director of these executive sessions is Mr. Burck.

Meetings. The Board of Directors met eleven times in 2007. All directors attended at least 75% of the total number of meetings of the Board and committees, collectively, on which they served during 2007. All directors are encouraged to attend our Annual Meeting. Seven members of the Board attended the 2007 Annual Meeting.

Director Qualifications; Limits on Board Service

The Nominating and Corporate Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. This assessment includes, in addition to qualities of intellect, integrity and judgment, business experience and knowledge, reputation and character, issues of diversity, relevant industry and trade association knowledge and participation, accounting and financial expertise, public company experience, willingness and ability to devote the time and effort required to effectively serve on the Board and relevant legal and regulatory qualifications. The committee makes this determination in the context of an assessment of the perceived needs of the Board at that point in time. The committee evaluates all nominees for director based on these criteria, including nominees that may be recommended by stockholders.

The Board recognizes that its members benefit from service on the boards of other companies. We encourage that service but also believe it is critical that directors have the opportunity to dedicate sufficient time to their service on the Board. To that end, individuals who serve on more than six other public company boards will not normally be asked to join the Board unless the Board determines that such simultaneous service would not impair the ability of such individual to effectively serve on the Board.

Term Limits; Retirement Age

The Guidelines on Governance provide that, as a general matter, non-employee directors will not stand for election to a new term of service at any Annual Meeting following their 75th birthday. However, the Board may approve exceptions to this practice when it believes it is in our interest to do so. The Board has approved such exception with respect to Mr. Burck. The Board does not believe it should establish term limits for director service, instead preferring to rely upon the mandatory retirement age and the evaluation procedures described below as the primary methods of ensuring that each director continues to act in a manner consistent with the best interests of us, our stockholders and the Board. The Board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into our operations and, therefore, provide an increasing contribution to the Board as a whole.

Board and Committee Evaluations

Our Corporate Governance Guidelines require the Board and each committee of the Board to conduct an annual self-evaluation to determine whether the Board or respective committee is functioning effectively. The reviews focus on the performance of the entire Board or the respective committee. In connection with each annual performance evaluation, the Board or committee surveys and receives comments from each director or committee member regarding an assessment of the Board's or the committee's performance. The Board also reviews the Nominating and Corporate Governance Committee's recommendations concerning the performance and effectiveness of the Board and each of its committees. The Nominating and Corporate Governance Committee will also review the individual performance of a director as circumstances warrant.

Number of Directors; Director Vacancies

Our bylaws provide that at any regular meeting or at any special meeting called for that purpose, a majority of the entire Board of Directors may increase or decrease the number of directors, provided that there cannot be less than three directors. The tenure of office of a director will not be affected by any decrease in the number of directors. Our bylaws also provide that if any or all the directors cease to be directors, any vacancy, other than vacancies that result from an increase in the number of directors or from the removal of a director, may in general be filled solely by a majority of the remaining directors, even if the remaining directors do not constitute a quorum. Any vacancy that results from an increase in the number of directors constituting the entire Board of Directors may be filled by a majority of the entire Board of Directors. Any vacancy that results from the removal of a director may be filled either by a majority of the remaining directors or our stockholders. Any director elected to fill a vacancy will hold office until the next annual election of directors and until a successor is elected and qualified.

Stockholder Approval of Amendment of Our Charter and Bylaws and Transactions Outside the Ordinary Course of Business

Our charter, including its provisions on removal of directors, may be amended by the affirmative vote of the holders of at least a majority of all of the votes entitled to be cast on the matter. Our bylaws may be amended only by a majority of our directors.

Our charter provides that we may not merge with or into another entity, sell all or substantially all of our assets, engage in a share exchange or engage in similar transactions outside the ordinary course of our business unless the transaction or transactions are approved by the affirmative vote of the majority of all of the votes entitled to be cast on the matter, except if:

- the merger will merge one of our 90% or more owned subsidiaries into us without amending our charter other than in limited respects and without altering the contract rights of the stock of the subsidiary (in which case only the approval of our Board of Directors and the board of directors of the subsidiary is necessary);
- we are the successor corporation in a share exchange (in which case only the approval of our Board of Directors is necessary); or
- we are the survivor in the merger and the merger does not change the terms of any class or series of our outstanding stock, or otherwise amend our charter, and the number of shares of stock of each class or series outstanding immediately before the merger does not increase by more than 20% of the number of shares of each such class or series of stock that was outstanding immediately prior to effectiveness of the merger (in which case only the approval of our Board of Directors is necessary).

Guidelines on Governance and Codes of Ethics

During 2004, the Board adopted Guidelines on Governance to address significant corporate governance issues. These guidelines provide a framework for our corporate governance initiatives and cover a variety of topics, including the role of our Board, Board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions and stock ownership guidelines. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

Also during 2004, the Board of Directors adopted a Code of Business Conduct and Ethics, which is designed to help officers, managers and employees resolve ethical issues in an increasingly complex business environment. It covers topics such as reporting unethical or illegal behavior, compliance with law, share trading, conflicts of interest, fair dealing, protection of our assets, disclosure of proprietary information, internal controls, personal community activities, business records, communication with external audiences and obtaining assistance to help resolve ethical issues. The Board also adopted a Code of Ethical Conduct for Senior Financial Officers, which is applicable to our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions.

You may obtain a copy of the committee charters, Guidelines on Governance, Code of Business Conduct and Ethics and Code of Ethical Conduct for Senior Financial Officers on our website at www.studenthousing.com. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and continually monitoring our executive compensation program.

Throughout this proxy statement, the individuals who served as our chief executive officer and chief financial officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table on page 21, are referred to as the “named executive officers.”

Compensation Philosophy and Objectives

An important part of our results-oriented culture is to recognize and reward executives based on their contributions to our success. Our executive compensation program links incentive compensation to individual and corporate results by rating achievement against financial and non-financial objectives. Our compensation objectives are designed to make our performance expectations clear to executives and other employees and to consistently measure and reward performance. The key objectives of our executive compensation program are to:

- support our business objectives to produce consistent earnings growth and increase stockholder value;
- attract, reward, motivate and retain talented executives;
- tie executive compensation to our financial performance and other critical factors; and
- link executives’ goals with stockholders’ interests.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all compensation decisions for our chief executive officer and recommends to the Board compensation for our other officers. The Compensation Committee also approves equity awards to all of our officers and other employees.

William C. Bayless, Jr., our President and Chief Executive Officer, annually reviews the performance of each executive officer (other than Mr. Bayless, whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews, including salary adjustments and annual award amounts, are presented to the Compensation Committee. The Compensation Committee exercises its discretion in modifying any recommended adjustments or awards. Mr. Bayless may attend meetings of the Compensation Committee, but does not attend executive sessions and does not participate in any discussions relating to his own compensation.

Setting Executive Compensation

Based on the objectives described above, the Compensation Committee has structured our annual and long-term executive compensation to motivate executive officers to achieve our business goals and reward the executive officers for achieving such goals.

A significant percentage of total compensation is allocated to incentives as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee reviewed a variety of information to

determine the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of company performance and individual performance, depending on the type of award, compared to established goals.

2007 Executive Compensation Components

The principal components of our executive compensation program are base salary, annual incentive compensation and long-term compensation, which may include grants of RSAs, profits interest units (“PIUs”) or outperformance awards based on past performance.

Base Salary

The named executive officers receive base salaries determined by the responsibilities, skills and experience related to their respective positions. Other factors considered in base salary determinations are individual performance, the success of each business unit in the individual’s area of responsibility in achieving business plans, the competitiveness of the executive’s total compensation and our ability to pay an appropriate and competitive salary. Members of executive management are eligible for periodic increases in their base salary as a result of individual and company performance, their salary relative to the competitive market median level and the time interval and any added responsibility since the last salary review. The Compensation Committee reviews and approves any such salary increases for the Chief Executive Officer and reviews and recommends to the Board for approval of any such salary increases for the named executive officers. In 2007, all of the named executive officers received a salary increase from 2006 due to these factors.

Annual Incentive Compensation

The Compensation Committee may award annual incentive compensation to executives, including the Chief Executive Officer, for the achievement of specified goals based on the individual’s position. Each year, the Compensation Committee sets the target and maximum cash award that may be granted to each executive officer if threshold goals are achieved. For 2007, the target award was 50% of base salary for achieving the stated objectives and the maximum award was up to 100% of base salary for significantly exceeding the stated objectives or to reward significant accomplishments.

For 2007, the company-wide goals and weightings used in determining an award for Mr. Bayless were:

- achievement of budgeted operating results related to net operating income (“NOI”), funds from operations (“FFO”) and FFO modified for the operational performance of on-campus participating properties (“FFOM”), taking into our account our debt service and dividend coverage ratios (30-35%);
- achievement of same store revenue growth by re-leasing of our owned off-campus assets (15-20%);
- achievement of asset growth through acquisitions and commencement of development and construction of owned assets (10-15%);
- achievement of growth of third party service revenues (10-15%); and
- effectiveness of overall performance (15-20%).

For the other four named executive officers, goals were tied to their respective business unit. For the chief financial officer (a position Mr. Nickel held from January 2007 to November 2007 and Mr. Graf held from November 2007 to present), the 2007 goals were as follows:

- achievement of budgeted operating results related to NOI, FFO and FFOM, taking into our account our debt service and dividend coverage ratios (30-35%);

- optimization of our capital structure and liquidity (10-15%);
- achievement of growth in investment in on-campus student housing (20-25%);
- achievement of growth of third party service revenues (10-15%); and
- effectiveness of overall performance (10-15%).

For the chief of operations/chief operating officer (a position Mr. Dowell held in 2007), the 2007 goals were as follows:

- achievement of growth of same store NOI (20-25%);
- achievement of budgeted operating results related to NOI, FFO and FFOM, taking into our account our debt service and dividend coverage ratios (15-20%);
- achievement of same store revenue growth by re-leasing of our owned off-campus assets (10-15%);
- achievement of pro forma yield contributions for newly acquired properties and developments (10-15%);
- achievement of growth of third party service revenues (10-15%); and
- effectiveness of overall performance (10-15%).

For the chief investment officer (a position Mr. Hopke held from January 2007 to November 2007 and Mr. Nickel held from November 2007 to present), the 2007 goals were as follows:

- achievement of asset growth through acquisitions and commencement of development and construction of owned assets (25-30%);
- achievement of pro forma yield contributions for newly acquired properties and developments (25-30%);
- achievement of budgeted operating results related to NOI, FFO and FFOM, taking into our account our debt service and dividend coverage ratios (10-15%);
- achievement of off campus development pipeline growth while bringing existing pipeline transactions to fruition (10-15%); and
- effectiveness of overall performance (10-15%).

In 2007, we

- reported FFOM of \$1.42 per fully diluted share compared to \$1.37 per fully diluted share in 2006, excluding a 2007 charge of \$0.42 per fully diluted share for our 2004 Outperformance Bonus Plan;
- increased NOI for same store owned off-campus properties by 4.8% over 2006;
- increased same store occupancy for owned off-campus properties to 97.9% as of December 31, 2007;
- increased total assets by 21.7% from \$884.4 million as of December 31, 2006 to \$1.1 billion as of December 31, 2007 through acquisitions and developments consistent with our investment criteria;
- increased third party service revenue pipeline with the award of eight third-party development projects during 2007;
- increased total revenue by 23.7% from 2006;
-

exhibited strong core performance in large part due to the successful integration of the Royal acquisition, which was reflected in our quarterly same store NOI growth numbers;

- successfully launched our American Campus Equity (ACE) program at Arizona State University, paving the way for the future ownership of on-campus assets;
- commenced construction on the \$336 million Hampton Roads Unaccompanied Housing Privatization Project, in partnership with the U.S Department of the Navy and Hunt Development Group, where ACC is providing development consulting and property management services and company expects to earn \$3.5 million in potential development fees; and
- raised \$98.6 million of net proceeds through an equity offering.

Based on 2007 goal achievement, the Compensation Committee awarded annual incentive compensation to each named executive officer. A portion of the awards were in the form of cash as follows: Mr. Bayless-\$150,000, Mr. Nickel-\$100,000, Mr. Dowell-\$100,000, Mr. Graf-\$75,000 and Mr. Hopke-\$50,000. To more fully achieve the objective of linking executives' goals with stockholders' interests, a portion of the awards were in the form of RSAs. The awards are included in the table below under "Long-Term Compensation—RSAs."

Long-Term Compensation

Because today's business decisions affect us over a number of years, long-term incentive awards are tied to our performance and the long-term value of our stock. The Compensation Committee's policy is to make all awards of RSAs, PIUs or outperformance awards based on an officer's actual current and past performance rather than projected future performance. Grants of RSAs, PIUs and outperformance awards are an important part of our long-term compensation plan.

RSAs. The Compensation Committee granted the following RSAs in January 2008 for 2007 performance based achievement of the goals described above under "Annual Incentive Compensation."

Name	Grant Date	Number of RSAs	Market Value on

The RSAs vest in five equal installments beginning on February 28 of the year following the date of grant.

Outperformance Bonus Plan. Upon the consummation of our initial public offering, or IPO, we granted a special award of a bonus pool equal to the value on the date of vesting of 367,682 shares of common stock to executive officers and certain key employees, subject to continued service and attainment of certain performance measures. No dividends or dividend equivalent payments accrued with respect to the shares underlying this bonus pool.

Vesting of the awards occurred on August 17, 2007, the third anniversary of the IPO, with respect to the employees that maintained continued service and was subject to the occurrence of our achievement of specified performance measures.

Payments of vested awards were made on August 20, 2007. The Compensation Committee, in its sole discretion, elected to pay such awards through cash and the issuance of 132,400 PIUs, which were vested as of the time of award and valued based on the closing price of our common stock on the date of issuance. As a result of the October 2007 equity offering, a book-up event occurred for tax purposes, resulting in the 132,400 PIUs being converted to Common Units. The awards to our named executive officers were as follows:

Name	Market Value of PIUs		
	Cash Portion of Award	on Date of Issuance (1)	Total
William C. Bayless, Jr.	\$ 1,484,140	\$ 1,470,000	\$ 2,954,140
Brian B. Nickel	867,524	896,000	1,763,524
Greg A. Dowell	403,620	420,000	823,620
Jonathan A. Graf	210,000	210,000	420,000
James C. Hopke, Jr.	560,000	-	560,000

- (1) Messrs. Bayless, Nickel, Dowell, Graf and Hopke received 52,500, 32,000, 15,000, 7,500 and 0 PIUs, respectively, valued (solely for the purpose of calculating the settlement of the Outperformance Awards) at \$28.00 per PIU, which was the closing price of our common stock on August 20, 2007, the date of issuance of the PIUs.

Common Units / PIUs. PIUs are a special class of partnership interests in our operating partnership. Each PIU is deemed equivalent to an award of one share of our common stock under the Plan, reducing availability for other equity awards on a one-for-one basis. PIUs will receive the same quarterly per unit distributions as Common Units, which equals the per share distributions on our common stock.

Initially, PIUs do not have full parity with Common Units with respect to liquidating distributions. Under the terms of the PIUs, our operating partnership will revalue its assets upon the occurrence of certain “book-up events,” and any increase in valuation from the time of the award of the PIUs until such book-up event will be allocated first to the holders of PIUs to equalize the capital accounts of such holders with the capital accounts of common unit holders. These book-up events will occur upon a contribution of cash or property to our operating partnership, including contributions by us of the proceeds from future issuances of our securities, or upon certain distributions of cash or property by our operating partnership to one or more partners of our operating partnership. Upon equalization of the capital accounts of the holders of PIUs with the other holders of Common Units, the PIUs will achieve full parity with Common Units for all purposes, including with respect to liquidating distributions. If such parity is reached, vested PIUs will thereafter be automatically converted into an equal number of Common Units, which units are exchangeable for cash or, at our option, for shares of our common stock on a one-for-one basis. No equalization will occur unless a revaluation of our assets following a book-up event results in an increase in the value of its assets from the date of the PIU award.

Holders of the PIUs are entitled to customary registration rights with respect to the shares of common stock that may be received by the PIU holders upon an exchange of the PIUs. In general, we will bear all fees, costs and expenses of such registrations, other than underwriting discounts and commissions.

Perquisites and Other Personal Benefits

We provide the named executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to the named executive officers.

We maintain executive benefits that we consider necessary in order to offer fully competitive opportunities to our executive officers. These include 401(k) retirement savings plans and business expense reimbursements. Executive officers are also eligible to participate in all of our employee benefit plans, such as medical, dental, group life, disability and accidental death and dismemberment insurance, in each case on the same basis as other employees.

We have entered into employment agreements with certain of our key employees, including the named executive officers. The employment agreements provide that, if we terminate a named executive officer's employment without cause or the executive terminates his employment for "good reason" (each as defined in the applicable employment agreement), the executive will be entitled to the following payments and benefits:

19

- a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Nickel and Dowell and 100% for Messrs. Graf and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement;
- his prorated annual bonus for the year in which the termination occurs;
- health benefits for two years following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer; and
- excise tax equalization payments.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits the deductibility on our tax return of compensation over \$1 million to any of our named executive officers. However, there is an exception for "performance-based compensation" under Section 162(m)(4)(C) of the Internal Revenue Code. Any compensation to our named executive officers in excess of \$1 million was payable in 2007 only under the Outperformance Bonus Plan. We believe payments under the Outperformance Bonus Plan meet the criteria for "performance-based compensation" and are therefore exempt from the \$1 million deduction limit under Section 162(m) of the Internal Revenue Code. Section 162(m) does not affect us directly as it does Subchapter C corporations, because we do not ordinarily pay taxes. Instead, if an employee were to receive compensation that is not deductible under Section 162(m), we might not be able to deduct from taxable income all employee compensation it paid. That loss of deduction could increase the amount we must distribute to our stockholders, which might mean we would need to borrow to make distributions, or be subject to taxation on undistributed income.

Accounting for Stock-Based Compensation

Beginning on January 1, 2005, we began accounting for stock-based payments to employees in accordance with the requirements of FASB Statement 123(R).

Compensation Committee Report

The Compensation Committee of American Campus Communities, Inc. has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board the Compensation Discussion and Analysis be included in this Proxy Statement.

Potential Payments Upon Termination or Change in Control

The following summarizes the compensation payable to each named executive officer under his employment agreement in the event of a termination of such executive's employment.

Each employment agreement provides that the respective executive may terminate the agreement at any time by delivering written notice of termination to us at least 30 days prior to the effective date of such termination, in which case he will be entitled to payment of his base salary through the effective date of termination, plus all other benefits to which he has a vested right at that time. Additionally, each employment agreement provides that he may terminate the agreement for "good reason," which is defined in the employment agreement, in general, as any substantial change by us in the nature of his employment without his express written consent; the requirement that he be based at a location at least 50 miles further than from his current principal location of employment; our failure to obtain a satisfactory agreement from any successor to assume the terms of the employment agreement; and our breach of any material provision of the employment agreement.

The employment agreements provide that, if we terminate an executive's employment without "cause" or the executive terminates his employment for "good reason" (each as defined in the applicable employment agreement), the executive will be entitled to the following payments and benefits, subject to his execution and non-revocation of a general

release of claims:

24

- a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Nickel and Dowell and 100% for Messrs. Graf and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement;
- his prorated annual bonus for the year in which the termination occurs;
- health benefits for two years following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer; and
- excise tax equalization payments.

The amounts set forth in the table below represent the compensation payable to each named executive officer under his respective employment agreement in the event of a termination of such executive's employment. The amounts shown assume such termination was effective as of December 31, 2007 and therefore include amounts earned through such time and are estimates of the amounts that would be paid the executives upon their termination. The actual amounts to be paid can only be determined at the time of such executive's termination.

Compensation Committee Interlocks and Insider Participation

No director who served on our Compensation Committee during 2007 was either an officer or employee during 2007, a former officer or was party to any material transaction described below in the “Certain Relationships and Related Transactions” section.

No executive officer served as a member of the compensation or similar committee or board of directors of any entity whose members served on our Compensation Committee.

COMPENSATION OF DIRECTORS

From January 1, 2007 to September 30, 2007, each non-employee director (other than the Chairman of the Board) received an annual fee of \$25,000 for services as a director, payable quarterly. Effective October 1, 2007, this annual fee was increased to \$27,500. The Chairman of the Board receives an additional annual fee of \$32,500 but is not entitled to receive any committee meeting fees.

From January 1, 2007 to September 30, 2007, each non-employee member of the Audit Committee, Executive Committee, Nominating and Corporate Governance Committee and/or Compensation Committee (other than the Chairman of the Board) received a fee of \$2,000 for each committee meeting attended in person or \$1,000 for each committee meeting attended by conference, telephone or similar communications equipment, except that in lieu of such meeting fee for Audit Committee meetings, the chairman of the Audit Committee received a monthly fee of \$2,000.

Effective October 1, 2007, compensation to the members of the Board, other than the Chairman of the Board, was as follows:

- each chairman of the Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee received an annual fee of \$24,000, \$12,000 and \$12,000, respectively, payable quarterly in advance;
- each member of the Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee, other than the chairman of such committee, received an annual fee of \$12,000, \$6,000 and \$6,000, respectively, payable quarterly in advance to cover attendance at eleven, five and six committee meetings, respectively, held during a calendar year and \$1,000 per meeting attended in person by conference, telephone or similar communications equipment by such member in excess of such applicable number;
- each non-employee member of the Executive Committee received \$1,000 for each committee meeting attended in person by conference, telephone or similar communications equipment; and
- each non-employee director received \$500 for each Board of Director meeting attended in person by conference, telephone or similar communications equipment.

Our 2004 Incentive Award Plan (the “Plan”) provides for formula grants of restricted stock units, or RSUs, to non-employee directors on the date of each Annual Meeting at which a non-employee director is re-elected to the Board of Directors of \$25,000 of RSUs valued at 100% of the Fair Market Value (as defined in the Plan) of our common stock on the date of grant. Accordingly, on May 3, 2007, the date of our 2007 Annual Meeting, each non-employee member of the Board re-elected on such date received 840 RSUs, valued at \$29.77 per RSU, the Fair Market Value of our common stock on such date. Similarly, each non-employee director who is initially elected to the Board of Directors receives \$25,000 of RSUs on the date of such initial election and \$25,000 of RSUs on the date of each Annual Meeting at which the non-employee director is re-elected to the Board of Directors, in each case valued at 100% of the Fair Market Value of our common stock on the date of grant. Effective with the 2007 Annual Meeting, the Chairman of the Board received \$35,000 of RSUs. Shares underlying these RSUs settled on the third anniversary of the date of the grant. Dividends accrue on the RSUs (without interest) equal to the cash dividends we pay on our common stock. A total of 25,931 RSUs have been issued, of which 18,786 are currently outstanding.

Effective with our 2008 Annual Meeting, RSU grants to non-employee directors will increase from \$25,000 to \$32,500 when a non-employee director is re-elected to the Board of Directors and when each non-employee director is initially elected to the Board of Directors. In addition, the Chairman of the Boards RSU grant will increase from \$35,000 to \$42,500. These grants will immediately vest and be settled in shares of our common stock.

Members of the Board of Directors are also reimbursed for travel expenses incurred in connection with our business, including attendance at meetings of the Board and its committees.

The table below summarizes the compensation we paid to each non-employee director for 2007:

Name (1)	Fees Earned or Paid in Cash	Stock Awards (2)	All Other Compensation (3)	Total

AUDIT COMMITTEE INFORMATION

Report of the Audit Committee

The Audit Committee, on behalf of the Board of Directors, serves as an independent and objective party to monitor our financial reporting process and internal control system, and to review and appraise the audit efforts of our independent auditors. The Audit Committee performs these oversight responsibilities in accordance with its Audit Committee Charter (as amended and restated in August 2005), a copy of which was included as Appendix A to the proxy statement relating to our 2006 Annual Meeting.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements in our Annual Report, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed and discussed our earnings releases with management.

During 2007, the Audit Committee met with management and our independent auditors and internal auditor periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit Committee also discussed with management and our independent auditors and internal auditor the process used for certifications by our chief executive officer and chief financial officer that are required for certain of our filings with the Securities and Exchange Commission.

Ernst & Young LLP, our independent auditors, is responsible for auditing our financial statements and for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent auditors their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, discussed with the independent auditors the auditors' independence from management and us and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audit. The Audit Committee meets at least quarterly with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee also meets with management and the independent auditors prior to the filing of the quarterly reports on Form 10-Q with the SEC and release to the public of its quarterly and year-end financial results to, among other things, review and discuss such filings, review any related financial statements and related variances, review significant accounting policies and discuss any significant accounting treatments applied during the period.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the SEC.

This section of the proxy statement is not deemed "filed" with the SEC and is not incorporated by reference into our Annual Report on Form 10-K.

Independent Auditor Fees

The following summarizes the approximate aggregate fees billed to American Campus Communities for the fiscal years ended December 31, 2007 and 2006 by our principal accounting firm, Ernst & Young LLP:

Types of Services (1)	Total Approximate Fees	
	2007	2006
Audit Fees (2)	\$ 549,000	\$ 553,000
Audit-Related Fees (3)	64,000	110,000
Tax Fees	—	—
Total (4)	\$ 613,000	\$ 663,000

- (1) All such services were preapproved by the Audit Committee.
- (2) Fees for audit services billed in 2007 and 2006 included the following: (i) audit of our annual financial statements; (ii) reviews of quarterly financial statements; (iii) audit of internal control over financial reporting; and (iv) services related to SEC matters, including review of registration statements filed and related issuances of comfort letters, consents and other services.
- (3) Fees for audit-related services billed in 2007 and 2006 included financial accounting and reporting consultations and audits of certain subsidiaries.
- (4) Excludes amounts that we reimbursed Ernst & Young LLP for out-of-pocket expenses, which totaled approximately \$0 in 2007 and \$9,000 in 2006.

In considering the nature of the services provided by Ernst & Young LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with representatives of Ernst & Young LLP and management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as by the American Institute of Certified Public Accountants.

The Audit Committee has developed policies and procedures concerning its pre-approval of audit and non-audit services provided to us by the independent auditors. These provide that the Audit Committee must pre-approve all audit and permitted non-audit services (including the fees and terms thereof) to be rendered to us by the independent auditors.

The independent auditors provide the Audit Committee with a list describing the services expected to be performed by the independent auditor. Any request for services not contemplated by this list must be submitted to the Audit Committee for specific pre-approval and the provision of such services cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the Audit Committee has authorized the committee's Chairman to approve the provision by our independent auditors of up to \$50,000 per occurrence of non-audit services not prohibited by law. Each decision made by the Audit Committee Chairman will be reported to the full Audit Committee at its next meeting.

In addition, although not required by the rules and regulations of the SEC, the Audit Committee generally requests a range of fees associated with each proposed service. The Audit Committee believes that providing a range of fees for a service incorporates appropriate oversight and control of the independent auditor relationship, while permitting us to

receive immediate assistance from the independent auditor when time is of the essence.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, and to be given an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.
