At the special meeting, you will be asked to vote upon a proposal to reclassify our Class A common stock and Class B common stock into a single class of common stock. At the effective time of this reclassification, each share of Class A common stock and each share of Class B common stock will be reclassified into one (1) share of new common stock. The new common stock will have the voting and other rights described in the accompanying proxy statement. You will also be asked to vote upon a proposal to issue shares of Pilgrim s Pride common stock to ConAgra Foods, Inc. in connection with the acquisition by Pilgrim s Pride of the ConAgra chicken division. As more fully described in the accompanying proxy statement, we have entered into an agreement to acquire the ConAgra chicken division in exchange for cash, shares of common stock and subordinated notes. We intend that the proposed reclassification of the common stock will be completed prior to the closing of our acquisition of the ConAgra chicken division and ConAgra Foods will receive shares of our new common stock in the acquisition. If for any reason the proposed reclassification is not completed, then ConAgra Foods will receive shares of our existing Class A common stock.

This booklet includes the Notice of Special Meeting of Stockholders and the proxy statement. The proxy statement contains detailed information about the special meeting, the reclassification of our Class A common stock and Class B common stock, the acquisition and issuance of shares to ConAgra Foods, and Pilgrim s Pride Corporation and the ConAgra chicken division. In addition, you may obtain information about Pilgrim s Pride from documents that we have filed with the Securities and Exchange Commission. We encourage you to read all of this information carefully.

Your board of directors believes that the proposed reclassification of the Pilgrim s Pride Class A common stock and Class B common stock into a single class of common stock and the issuance of shares of common stock to ConAgra Foods in connection with the acquisition are in the best interests of Pilgrim s Pride and its stockholders. The Board recommends that you vote FOR each of these proposals.

Your vote is important. Whether or not you plan to attend the special meeting in person, please sign, date and return the enclosed proxy card in the enclosed postage-paid envelope. Voting by proxy will ensure your representation at the special meeting if you do not attend in person.

PROXY STATEMENT

FOR THE SPECIAL MEETING OF STOCKHOLDERS

to be held November 20, 2003

Our board of directors is furnishing you this proxy statement to solicit proxies on its behalf to be voted at a Special Meeting of Stockholders to be held at the Company's headquarters building, 110 South Texas Street, Pittsburg, Texas, at 9:00 a.m., Central time, on Thursday, November 20, 2003. The proxies also may be voted at any adjournments or postponements of the special meeting. We are first sending this proxy statement to stockholders on or about November 3, 2003.

At the special meeting, stockholders will be asked to consider and vote upon proposals to (1) amend Article Fourth of our certificate of incorporation to reclassify our Class A common stock and Class B common stock into a single class of common stock and (2) approve the issuance to ConAgra Foods, Inc. of shares of our common stock in connection with our proposed acquisition of the ConAgra chicken division, as contemplated by the Stock Purchase Agreement, dated June 7, 2003, as amended, between us and ConAgra Foods.

Our board of directors has fixed the close of business on October 17, 2003 as the record date for the special meeting. Only holders of record of our Class A common stock or Class B common stock on that date are entitled to notice of and to vote at the special meeting, or at any adjournments or postponements of the special meeting. Each stockholder of record on the record date is entitled to one vote for each share of Class A common stock held and twenty votes for each share of Class B common stock held. On the record date, there were 13,523,429 shares of Class A common stock and 27,589,250 shares of Class B common stock issued and outstanding. Approval of the proposed reclassification of our Class A common stock and Class B common stock into a single class of common stock will require the vote of a majority of the outstanding shares of each of the Class A common stock and Class B common stock outstanding on the record date. Approval of the issuance of the shares to ConAgra Foods will require the vote of a majority of the combined voting power of the shares of Class A common stock and Class B common stock represented at and voting at the special meeting.

Our chairman, Lonnie Bo Pilgrim, and his son, Lonnie Ken Pilgrim, who is one of our directors and officers, collectively own or control 8,618,741 shares (63.7%) of the Class A common stock and 17,163,818 shares (62.2%) of the Class B common stock, and will vote for both proposals, and thus the approval of both proposals is assured.

When the accompanying proxy card is returned properly dated and signed and includes voting instructions, the shares represented by that proxy will be voted as directed by the stockholder submitting the proxy, unless the proxy is revoked before the special meeting. If a proxy is dated, signed and returned, but does not include voting instructions, the shares will be voted FOR each of the above proposals. On any other business that may come before the special meeting or any adjournments or postponements of the special meeting, the persons named on the accompanying form of proxy will vote in accordance with their best judgment.

ConAgra Foods, Inc. ConAgra Foods, Inc. ("ConAgra Foods") is a leading packaged food company, serving a wide variety of food customers. ConAgra Foods operates in four business segments: packaged foods, food ingredients, meat processing and agricultural products. Historically, in its meat processing segment, ConAgra Foods produced and marketed fresh chicken for retail and foodservice customers. ConAgra Foods is a Delaware corporation with principal executive offices located at One ConAgra Drive, Omaha, Nebraska 68102. The telephone number of its principal executive offices is (402) 595-4000.

The ConAgra Foods Chicken Business (referred to in this proxy statement as the ConAgra chicken division) is the fourth-largest chicken producer in the United States. It is a fully-integrated chicken processing business engaged in the production, processing, marketing and distribution of fresh and frozen chicken products. It employs more than 16,000 persons and operates processing and further processing plants, distribution centers, hatcheries and feed mills in Alabama, Arkansas, Georgia, Kentucky, Louisiana, West Virginia and Puerto Rico, with additional facilities in California, Iowa, Mississippi, North Carolina, Tennessee, Texas, Utah, and Wisconsin. The Proposals

You are being asked to consider and vote upon proposals to:

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

amend Article Fourth of our certificate of incorporation to reclassify our Class A common stock and Class B common stock into a single class of common stock; and

approve the issuance to ConAgra Foods of shares of our common stock in connection with our proposed acquisition of the ConAgra chicken division, as contemplated by the Stock Purchase Agreement, dated June 7, 2003, as amended, between us and ConAgra Foods.

Reclassification of Class A common stock and Class B common stock (Pages 16 through 29)

You are being asked to consider a proposed amendment to our certificate of incorporation that would reclassify the Class A common stock and Class B common stock into a single class of common stock. At the effective time of this reclassification, each share of Class A common stock and each share of Class B common stock will be reclassified into one (1) share of new common stock. The reclassification of the Class A common stock and the Class B common stock on a one-for-one basis is referred to as the exchange ratio.

We believe that this simplified capital structure will enhance stockholder value by eliminating potential investor confusion and perceived negative impact on the market price of our common stock that results from having a dual class structure. We also believe that the reclassification of our Class A common stock and Class B common stock will potentially increase the liquidity, trading volume and trading efficiencies of our common stock, and potentially increase our investor base.

In connection with the proposed reclassification of the Class A common stock and Class B common stock, Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch) has delivered its written opinion dated August 20, 2003 to a special committee of our board of directors as to the fairness, from a financial point of view, of the exchange ratio pursuant to the proposed reclassification to both the holders of the Class A common stock and the Class B common stock, in each case other than members of the Pilgrim family and their affiliated entities. A copy of Merrill Lynch's opinion is attached to this proxy statement as Annex A. Merrill Lynch's opinion sets forth the assumptions made, matters considered and limits on the scope of review undertaken by Merrill Lynch. Each holder of Class A common stock and Class B common stock is encouraged to read Merrill Lynch's opinion in its entirety. **Merrill Lynch's opinion was intended for the use and benefit of the special committee and the board of directors, does not address the merits of the underlying decision by Pilgrim's Pride to engage in the reclassification and does not constitute a recommendation to any stockholder as to how that stockholder should vote on the reclassification or any related matter.**

Except as to voting rights, the rights of the new common stock will be identical to the rights of the current Class A common stock and Class B common stock. Currently, the holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to twenty votes per share on all matters brought before the stockholders. Except as required by law, the Class A common stock and Class B common stock vote as a single class. Each share of existing Class A common stock or Class B common stock that is reclassified into our new common stock will be entitled to cast twenty votes on all matters submitted to a vote of the stockholders, until there is a change in the beneficial ownership of such share. After the reclassification, following a change in beneficial ownership of a share, the share will be entitled to only one vote. Shares of new common stock issued after the reclassification will also only be entitled to one vote per share, including the shares to be issued to ConAgra Foods in the ConAgra chicken division acquisition.

Because the Class A common stock currently carries one vote per share and the Class B common stock currently carries twenty votes per share, the reclassification will significantly increase the relative voting power of each Class A share and decrease the relative voting power of each Class B share. At present, the Class A shares and Class B shares possess 2.4% and 97.6%, respectively, of our total voting power. After giving effect to the reclassification, the Class A shares and Class B shares currently outstanding would possess 32.9% and 67.1%, respectively, of our total voting power.

Our chairman Lonnie Bo Pilgrim, and his son Lonnie Ken Pilgrim, who is one of our directors and officers, directly and through several family trusts and partnerships (collectively, the Majority Stockholders), collectively control 62.25% of our total voting power and will continue to control over 62% of our total voting power immediately after the reclassification and prior to the closing of the ConAgra chicken division acquisition. So that the reclassification does not increase the percentage of our total voting power controlled by the Majority

Table of Contents

Index to Financial Statements

Stockholders, they have agreed to enter into a voting agreement with us prior to the reclassification. The voting agreement will provide that, as long as the common stock is listed on the New York Stock Exchange, should the combined voting power of shares held by the Majority Stockholders exceed 62.25% of our total voting power, they will vote those shares in excess of that percentage proportionately with the votes of the other Pilgrim s Pride stockholders.

The board of directors recommends that stockholders vote FOR approval of the proposed amendment.

The Acquisition (Pages 29 through 58)

In accordance with the Stock Purchase Agreement, we have agreed to acquire the ConAgra chicken division through the purchase from ConAgra Foods of all of the issued and outstanding capital stock of four of its wholly-owned subsidiaries. The ConAgra chicken division can generally be viewed as consisting of all of ConAgra Foods' integrated chicken business (including grow-out, slaughter, processing, further processing, rendering, sales and distribution, both in retail and foodservice, and related assets and employees). The ConAgra chicken division does not include (and we are not acquiring) certain branded packaged foods operations, including the Butterball, Banquet, Marie Callender s and Country Skillet further chicken processing and marketing operations. Additionally, we will not be acquiring the ConAgra, Butterball, Banquet, Marie Callender s and Country Skillet trade names.

The purchase price will be calculated based on the final adjusted net book value of the assets and liabilities of the ConAgra chicken division on the closing date of the acquisition. Final adjusted net book value means the combined consolidated stockholders' equity of the ConAgra chicken division on the closing date minus approximately \$90 million. The consideration payable to ConAgra Foods will consist of a combination of cash, shares of our common stock and our 10.50% subordinated notes due March 4, 2011 (the Notes); provided that at our option we may pay the Note portion of the purchase price with cash, subject to certain limitations. The actual number and dollar amount of shares and the principal amount of Notes to be issued, subject to post-closing adjustment, will be determined at the closing of the acquisition by reference to the estimated final adjusted net book value of the ConAgra chicken division on the closing date and the adjusted volume weighted average stock price of the Class A common stock on the New York Stock Exchange from June 10, 2003 (the day after the parties announced the acquisition) through the date five trading days prior to the closing date. See The Stock Purchase Agreement Purchase Price Share Portion. In addition, the amount we will record on our financial statements for the stock portion of the purchase price will be based on the market price of our common stock on the closing date; however the adjusted volume weighted average stock price is used to compute the number of shares to be issued to ConAgra Foods.

If the estimated final adjusted net book value of the ConAgra chicken division was \$525,587,000 (which was the adjusted net book value at August 24, 2003) and the closing date was October 31, 2003, the stock portion of the purchase price would consist of 25,358,860 shares (based on an adjusted volume weighted average price of the Class A common stock of \$9.3267 from June 10 through October 24, 2003) and the balance of the consideration would be payable in \$100 million in cash and, assuming no post-closing adjustment, approximately \$189.1 million in a combination of cash and Notes. On August 13, 2003, we completed the public offering of \$100 million of 9⁵/₈% Senior Notes due 2011. We intend to pay cash to ConAgra Foods using the proceeds of that offering instead of issuing Notes; provided, however, that if we issue any Notes to ConAgra Foods, the initial principal amount of the Notes must be at least \$100 million or such lesser amount as may be acceptable to ConAgra Foods. The acquisition would be valued on our financial statements at approximately \$615.4 million plus transaction costs because the stock component of the purchase price would be valued based on our common stock price at closing of \$12.87 (which was the closing price of our Class A common stock on October 24, 2003), which currently exceeds the adjusted volume weighted average price of the common stock during the reference period. Accordingly, changes in the final adjusted net book value of the ConAgra chicken division, changes in the volume weighted average price of our common stock and changes in the price of our common stock prior to

Table of Contents

Index to Financial Statements

closing will change the amount of stock and Notes payable to ConAgra Foods and the purchase price of the ConAgra chicken division for purposes of our financial statements. We intend that the proposed reclassification of the Class A common stock and Class B common stock will be completed prior to the closing of our acquisition of the ConAgra chicken division and ConAgra Foods will receive shares of our new common stock in the acquisition. If for any reason the proposed reclassification is not completed, then ConAgra Foods will receive shares of our existing Class A common stock.

The Subordinated Notes (Pages 46 through 47 and Annex G)

Unless we exercise our option to pay all of the Note portion of the purchase price in cash, a portion of the purchase price will consist of the Notes. The Notes will be issued under an indenture between us and a trustee. The Notes will be general unsecured obligations of Pilgrim's Pride, and are expressly subordinated in right of payment to all of our existing and future senior indebtedness. The Notes will mature on March 4, 2011. Interest on the Notes will accrue at the rate of 10.50% per annum and will be payable semi-annually in arrears on December 15 and June 15.

The Notes may be redeemed by us at any time, in whole or in part, for 100% of the then-outstanding principal and accrued interest, as long as they are held by ConAgra Foods or a ConAgra Foods affiliate. We may not redeem less than all of the Notes from ConAgra Foods if ConAgra Foods holds less than, or the redemption would result in ConAgra Foods holding less than, \$100 million of the Notes. If ConAgra Foods should transfer the Notes to an unaffiliated third party,

up to 35% of the Notes may be redeemed by us at a 10.5% premium prior to the fourth anniversary of their original issuance from the proceeds, and within 45 days after the completion by us, of a public equity issuance; and

the Notes may be redeemed by us, in whole or in part, at a 5.25% premium from September 15, 2007 through September 14, 2008; at a 2.625% premium from September 15, 2008 through September 14, 2009; and for 100% of the then-outstanding principal and accrued interest at any time after September 14, 2009.

If a change of control (as defined in the indenture) occurs, each noteholder will have the right to require us to repurchase all or any part of that holder's Notes on the terms set forth in the indenture.

We are not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Recommendation of the Board of Directors (Page 42)

Our board of directors has determined that the proposed issuance of shares to ConAgra Foods and the proposed purchase of the ConAgra chicken division are in the best interests of Pilgrim's Pride and our stockholders. The board of directors recommends that stockholders vote FOR approval of the proposed issuance of shares to ConAgra Foods in connection with the ConAgra chicken division acquisition.

Reasons for the Acquisition and Issuance of Shares to ConAgra Foods; Certain Risks of the Acquisition (Pages 33 through 35)

In reaching its decision that the proposed issuance of the shares to ConAgra Foods and the proposed purchase of the ConAgra chicken division are in the best interests of Pilgrim's Pride and our stockholders, our board of directors considered, among other things:

the financial condition and operating results of the ConAgra chicken division;

Table of Contents

Index to Financial Statements

the markets served by the ConAgra chicken division in the United States and Puerto Rico;

the distributor relationships, Southeastern processing plants and other facilities of the ConAgra chicken division;

opportunities to achieve significant cost savings through the optimization of production and distribution facilities and the implementation of a best practices approach across all operations, including purchasing, production, logistics and shared services;

the brands of, and variety of products produced by, the ConAgra chicken division, including higher-margin specialty prepared chicken products; and

the financial and other terms and conditions of the Stock Purchase Agreement and other transaction agreements.

Our board of directors also considered, among other things, the following risks of the proposed acquisition:

the dilution to the ownership percentage of the holders of the currently outstanding Class A common stock and Class B common stock;

the potential adverse effect on prevailing market prices for the common stock that might occur due to the availability for resale of one-third of the shares 12 months after the closing;

the risk that certain aspects of the businesses of Pilgrim's Pride and the ConAgra chicken division may not be successfully coordinated in a timely manner; and

certain other factors described in this proxy statement.

In the board of directors' view, these considerations were not sufficient, either individually or collectively, to outweigh the advantages of the proposed acquisition.

Opinion of Pilgrim's Pride's Financial Advisor for the Acquisition (Pages 35 through 41 and Annex B)

In connection with the proposed acquisition, our financial advisor, Credit Suisse First Boston LLC, delivered a written opinion to our board of directors as to the fairness, from a financial point of view and as of the date of the opinion, to Pilgrim's Pride of the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment. The full text of Credit Suisse First Boston's written opinion, dated June 7, 2003, is attached to this proxy statement as Annex B. We encourage you to read this opinion carefully in its entirety for a description of the procedures followed, assumptions made, matters considered and limitations on the review undertaken. **Credit Suisse First Boston's opinion was provided to our board of directors in connection with its evaluation of such purchase price, does not address any other aspect of the proposed acquisition or related transactions, and does not constitute a recommendation to any stockholder as to any matters relating to the acquisition or related transactions. Credit Suisse First Boston was not requested to render an updated opinion in connection with**

the August 11, 2003 and August 20, 2003 amendments to the Stock Purchase Agreement.

Closing Conditions (Pages 47 through 48)

The obligations of Pilgrim's Pride and ConAgra Foods to consummate the acquisition are subject to the satisfaction or waiver of certain conditions, including but not limited to:

approval of the issuance to ConAgra Foods of shares of our common stock pursuant to the Stock Purchase Agreement by the requisite vote of the holders of our Class A common stock and Class B common stock, voting as a single class;

the approval for listing on the New York Stock Exchange of the shares to be issued to ConAgra Foods pursuant to the Stock Purchase Agreement;

the absence of any injunction prohibiting consummation of the acquisition; and

the accuracy of the representations and warranties contained in the Stock Purchase Agreement.

Non-Competition Covenant (Page 48)

The Stock Purchase Agreement provides that, for five years after the closing, ConAgra Foods will not compete with us in North America or Central America in the business of growing or slaughtering of chickens, an integrated chicken operation growing, slaughtering and processing chickens, the sale of fresh chicken or the sale of fresh frozen chicken that has not been further processed, and will not use, license or allow any third party to use the names Butterball or Country Skillet as a trademark, service mark, trade name or domain name in connection with any of those activities.

Amendment and Termination; Termination Fee (Pages 53 through 55)

The Stock Purchase Agreement provides that the parties may amend, modify or supplement the agreement by mutual agreement in writing. The Stock Purchase Agreement may be terminated at any time prior to the closing by the mutual consent of Pilgrim's Pride and ConAgra Foods. Either party also may terminate the Stock Purchase Agreement if the closing has not occurred by December 31, 2003 (unless the failure of the closing to occur was due to any breach of the Stock Purchase Agreement by the party seeking to terminate), or for certain other reasons. If the Stock Purchase Agreement is terminated for certain reasons, the terminating party will be obligated to pay the other party a termination fee of \$25 million.

Share Voting Agreement (Pages 55 through 56)

In connection with the Stock Purchase Agreement, the Majority Stockholders entered into a Share Voting Agreement with us and ConAgra Foods. In the Share Voting Agreement, the Majority Stockholders agreed, among other things, to vote their shares of Class A common stock and Class B common stock in favor of the issuance of shares of our common stock to ConAgra Foods in connection with the acquisition, and in favor of any proposal or action that would, or could reasonably be expected to, facilitate the acquisition. On the record date, the Majority Stockholders beneficially owned over 60% of the outstanding shares of each of the Class A common stock and Class B common stock, and all of such shares will be voted FOR the proposed issuance of shares to ConAgra Foods and the proposed reclassification of the Class A common stock and Class B common stock into a single class of common stock. Thus, approval of both proposals is assured.

Other Transaction Agreements (Pages 56 through 58)

In connection with the closing of the proposed acquisition, we will enter into various other agreements with ConAgra Foods, including the following:

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

two registration rights agreements, pursuant to which, among other things, we will register the shares and Notes to be issued to ConAgra Foods for resale within 12 months of the closing date, and ConAgra Foods and the Majority Stockholders each will agree to certain restrictions on transfer of their shares of our common stock; and

three supply agreements, pursuant to which we will be a preferred supplier of fresh chicken and certain chicken products to ConAgra Foods and they will be a preferred supplier of grain to us in Puerto Rico.

Vote Required to Approve the Proposals (Pages 29 and 43)

Approval of the proposed amendment to our certificate of incorporation to reclassify the Class A common stock and Class B common stock into a single class of common stock will require the vote of a majority of the outstanding shares of each of the Class A common stock and Class B common stock. Approval of the issuance of shares to ConAgra Foods in connection with the acquisition will require the vote of a majority of the combined voting power of the shares of Class A common stock and Class B common stock represented at and voting on the proposal at the special meeting. Each share of Class A common stock is entitled to one vote per share and each share of Class B common stock is entitled to twenty votes per share on these matters.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

This question-and-answer section highlights important information in this proxy statement but does not contain all of the information that is important to you. You should carefully read this entire proxy statement and the other documents we refer you to for a more complete understanding of the matters being considered at the special meeting. In addition, we incorporate by reference important business and financial information about Pilgrim s Pride into this proxy statement from our Annual Report on Form 10-K and Quarterly Report on Form 10-Q which are attached hereto as Annex H and Annex I.

Q: When and where is the special meeting?

A: The special meeting is scheduled to be held as follows:

Date: November 20, 2003

Time: 9:00 a.m. Central time

Place: Pilgrim s Pride Corporation
Headquarters Building
110 South Texas Street
Pittsburg, Texas 75686

Q: Who can vote at the special meeting?

A: You can vote at the special meeting or any postponements or adjournments thereof if you owned shares of Pilgrim s Pride Class A common stock or Class B common stock at the close of business on the record date, which is October 17, 2003. As of the close of business on that day, 13,523,429 shares of Pilgrim s Pride Class A common stock and 27,589,250 shares of Class B common stock were outstanding and entitled to vote.

Q: What am I being asked to vote on?

A: You are being asked to vote to:

Approve an amendment to Article Fourth of our certificate of incorporation, which will reclassify our Class A common stock and Class B common stock into a single class of common stock. See Proposed Reclassification of Class A common stock and Class B common stock into a Single Class.

Approve the issuance to ConAgra Foods of shares of our common stock in connection with our proposed acquisition of the ConAgra chicken division, as contemplated by the Stock Purchase Agreement, dated June 7, 2003, as amended, between us and ConAgra Foods. See Proposed Issuance of Shares to ConAgra Foods.

Q: How do I vote?

A: You may vote your shares either in person or by proxy. There are generally two ways to vote:

by completing, executing and returning your proxy card; and
by written ballot at the special meeting.

If your shares are held in a brokerage account in your broker's name (this is called street name), you should follow the voting directions provided by your broker or nominee. You may complete and mail a voting instruction card to your broker or nominee or, in most cases, submit voting instructions to your broker or nominee by telephone or the Internet. If you provide specific voting instructions to your broker or nominee

by mail, telephone or the Internet, your shares should be voted by your broker or nominee as you have directed.

We will pass out written ballots to anyone who wants to vote at the special meeting. If you hold your shares in street name, you must request a legal proxy from your broker to vote at the special meeting.

Your shares will be voted as you indicate on your proxy card. If you return your proxy card but do not mark your voting preference, the individuals named as proxies will vote your shares FOR both proposals described in this proxy statement.

Q: If my shares are held in my broker's name, will my broker vote my shares for me?

A: Your broker will vote your shares only if you provide your broker with instructions on how to vote. You should instruct your broker to vote your shares, following the directions provided by your broker. Without instructions, your shares will not be voted.

Q: What if I change my mind after submitting a proxy?

A: Your proxy may be revoked at any time before it is voted at the special meeting by (1) written notice to the Secretary of Pilgrim's Pride, at Pilgrim's Pride Corporation, 110 South Texas Street, Pittsburg, Texas 75686, Attn: Corporate Secretary, (2) submitting another valid proxy by mail that is later dated and properly signed or (3) voting in person at the special meeting.

Q: Why is stockholder approval necessary for the issuance of shares to ConAgra Foods?

A: Our listing agreement with the New York Stock Exchange requires stockholder approval for the issuance of shares in a single transaction or series of related transactions equal to 20% or more of Pilgrim's Pride's issued and outstanding common stock. If the ConAgra chicken division had a final adjusted net book value of \$525.6 million (which was the adjusted net book value at August 24, 2003) and the adjusted volume weighted average price of our Class A common stock used to compute the share portion of the consideration to be paid to ConAgra Foods was \$9.3267 (which was the adjusted volume weighted average price from June 10, 2003 through October 24, 2003, we would issue approximately 25.4 million shares of common stock to ConAgra Foods in the acquisition. This number of shares would represent approximately 38.15% of the total number of shares of common stock outstanding, and approximately 2.99% of our total voting power, after giving effect to the reclassification.

Q: What vote will be required to approve the proposals?

A: Approval of the amendment to our certificate of incorporation to reclassify our Class A common stock and Class B common stock into a single class of common stock will require the vote of a majority of the outstanding shares of each of our Class A common stock and Class B common stock. Approval of the issuance of shares to ConAgra Foods will require the vote of a majority of the combined voting power of the shares of Class A common stock and Class B common stock represented at and voting on the proposal at the special meeting. Each share of Class A common stock is entitled to one vote per share and each share of Class B common stock is entitled to twenty votes per share on these matters.

Our chairman, Lonnie Bo Pilgrim, and his son, Lonnie Ken Pilgrim, who is one of our directors and officers, collectively own or control 8,618,741 shares (63.7%) of the Class A common stock and 17,163,818 shares (62.2%) of the Class B common stock, and will vote for both proposals, and thus the approval of both proposals is assured.

Q: Do I have any appraisal rights if I oppose the proposals?

A: No. Under Delaware law, stockholders do not have the right to an appraisal of the value of their shares in connection with either proposal.

Recommendation of the Board of Directors

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Our board of directors believes that the proposed reclassification of our Class A common stock and Class B common stock into a single class of common stock, and the proposed issuance of the Shares to ConAgra Foods in connection with the purchase of the ConAgra chicken division, are advisable and fair to, and in the best interests of, Pilgrim's Pride and its stockholders, and recommends that stockholders vote FOR the proposals.

Outstanding Voting Securities

Each stockholder of record at the close of business on October 17, 2003 (the Record Date), will be entitled to one vote for each share of Class A common stock, \$.01 par value per share, and twenty votes for each share of Class B common stock, \$.01 par value per share, held on the Record Date. stock represented at and voting at the special meeting, voting as a single class. Our chairman, Lonnie Bo Pilgrim, and his son, Lonnie Ken Pilgrim, who is one of our directors and officers, collectively own or control 8,618,741 shares (63.7%) of the Class A common stock and 17,163,818 shares (62.2%) of the Class B common stock, and will vote for both proposals, and thus the approval of both proposals is assured.

A list of stockholders as of the Record Date for the special meeting will be available for examination by any stockholder, for purposes germane to the special meeting, at the special meeting and, during ordinary business hours, for 10 days prior to the date of the special meeting, at 110 South Texas Street, Pittsburg, Texas 75686.

Quorum

The holders of at least a majority of the combined voting power of Class A common stock and Class B common stock outstanding on the Record Date must be present in person or by proxy at the special meeting for the special meeting to be held. Abstentions and broker non-votes are counted in determining whether at least a majority of the voting power of our Class A common stock and Class B common stock outstanding on the Record Date are present at the special meeting. Our chairman, Lonnie Bo Pilgrim, and his son, Lonnie Ken Pilgrim, who is one of our directors and officers, collectively own or control a majority of the combined voting power of the Class A common stock and Class B common stock. Because they will vote for both proposals, the presence of a quorum at the special meeting is assured.

Proxies

Because many of our stockholders are unable to attend the special meeting, the board of directors solicits proxies by mail to give each stockholder an opportunity to vote on all items of business scheduled to come before the special meeting. Each stockholder is urged to:

read carefully the material in this proxy statement;

specify his or her voting instructions on each item by marking the appropriate boxes on the accompanying proxy card; and

sign, date and return the proxy card in the enclosed, postage prepaid envelope.

When the accompanying proxy card is properly executed and returned with voting instructions with respect to any of the items to be voted upon, the shares represented by the proxy will be voted in accordance with the stockholder's directions by the persons named on the proxy card as proxies of the stockholder. If a proxy card is signed and returned, but no specific voting instructions are given, the shares represented by the proxy card will be voted for both proposals.

Unless otherwise indicated by the stockholder, returned proxy cards also confer upon the persons named on the card, as proxies for the stockholder, discretionary authority to vote all shares of stock represented by the proxy card on any item of business that is properly presented for action at the special meeting, even if not described in this proxy statement. The board of directors, however, has no reason to believe that any item of business not set forth in this proxy statement will come before the special meeting.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The proxy does not affect a stockholder's right to vote in person at the special meeting. A stockholder may revoke a proxy at any time before it is voted by submitting a later-dated proxy, or by communicating his or her revocation in writing to the Secretary of Pilgrim's Pride at Pilgrim's Pride Corporation, 110 South Texas Street, Pittsburg, Texas 75686, Attn: Corporate Secretary, or by voting by ballot at the special meeting.

If you hold your shares in street name, which means your shares are held of record by a broker, bank or nominee, you must provide the record holder of your shares with instructions on how to vote your shares. Your broker, bank, or nominee will not be able to vote your shares unless the broker, bank or nominee receives

specific instructions from you. If your shares are held in a street name account, you must contact your broker, bank or other nominee to change your vote.

After carefully reading and considering the information contained in this proxy statement, you should complete, sign, date and return the enclosed proxy card in the enclosed postage-prepaid envelope. You can also vote in person at the special meeting, but we encourage you to submit your proxy even if you plan to attend the special meeting.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes will be counted as votes **AGAINST** the proposal to amend our certificate of incorporation to reclassify our Class A common stock and Class B common stock, and will have no effect on the vote to approve the issuance of the Shares to ConAgra Foods. Abstentions and broker non-votes will count towards the determination of a quorum at the special meeting.

Solicitation

We will bear the cost of the special meeting and the cost of soliciting proxies in the accompanying form, including the cost of mailing the proxy material. In addition to solicitation by mail, our directors, officers and other employees may solicit proxies by telephone or otherwise. They will not be specifically compensated for such services. We will request brokers and other custodians, nominees and fiduciaries to forward proxies and proxy soliciting material to the beneficial owners of Class A common stock and Class B common stock and to secure their voting instructions, if necessary. We will reimburse them for their reasonable expenses in forwarding proxy soliciting material.

Other Proposals

Except as indicated in this proxy statement, we do not expect any other matters to be raised at the special meeting. If any other matters should properly come before the meeting, the persons named in the enclosed proxy will vote the proxies in accordance with their best judgment.

Independent Auditors

Representatives of Ernst & Young LLP, our independent auditors, are expected to be present at the special meeting, will be given the opportunity to make a statement if they wish to do so, and will be available to respond to appropriate questions.

**PROPOSED RECLASSIFICATION OF CLASS A COMMON STOCK AND
CLASS B COMMON STOCK INTO A SINGLE CLASS**

Item 1 on Proxy Card

General

The board of directors has approved, and recommends that the stockholders adopt, a proposal to amend our certificate of incorporation to reclassify our Class A common stock and Class B common stock into a single class of common stock. A copy of the proposed certificate of amendment to our certificate of incorporation is attached to this proxy statement as Annex C. The following discussion is qualified in its entirety by reference to the amendment, which you should read carefully for more details regarding the provisions we describe and for other provisions that may be important to you.

At the effective time of the reclassification, each share of Class A common stock and each share of Class B common stock will be reclassified into one (1) share of new common stock. The new common stock will be our only class of authorized common stock. Following the reclassification, the Class A common stock and Class B common stock will no longer be listed on the New York Stock Exchange or registered under the Securities Exchange Act of 1934. The new common stock will be listed on the New York Stock Exchange under the symbol PPC and registered under the Securities Exchange Act of 1934. As of the Record Date, there were 13,523,429 shares of Class A common stock outstanding and 27,589,250 shares of Class B common stock outstanding. After giving effect to the reclassification, there will be 41,112,679 shares of our new common stock outstanding, all of which will be held by our current stockholders.

Upon approval by the stockholders, our certificate of incorporation will be amended as described in this proxy statement when the Certificate of Amendment of Certificate of Incorporation in the form attached to this proxy statement as Annex C is filed with the Secretary of State of the State of Delaware. Prior to its filing with the Secretary of State of the State of Delaware, the proposed amendment may be abandoned by the board of directors, without further action by the stockholders, at any time before or after the special meeting if for any reason the board of directors deems it advisable.

You should NOT send in your Class A common stock or Class B common stock certificates for exchange. If the reclassification is approved and consummated, your shares of Class A common stock or Class B common stock will automatically be reclassified as our new common stock when the Certificate of Amendment is filed, without any further action. You should retain the certificates for your Class A common stock or Class B common stock, which will be deemed for all purposes to represent the shares of new common stock into which your existing shares were reclassified. While you do not need to exchange your Class A common stock or Class B common stock certificates following this reclassification, you may do so if you wish. Background of the Proposed Reclassification

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Our current dual class capital structure was approved by our stockholders in June 1998. The dual class capital structure was intended to provide additional flexibility to Pilgrim's Pride, while permitting us to avoid certain adverse income tax consequences that would result if we ceased to qualify as a family corporation under section 447 of the Internal Revenue Code of 1986.

A corporation is a family corporation if at least 50% of the total combined voting power of all classes of stock entitled to vote and at least 50% of all other classes of stock of the corporation are owned by members of the same family and certain other conditions are met. We are controlled by Lonnie Bo Pilgrim, our founder and Chairman, and his son Lonnie Ken Pilgrim, who is one of our directors and officers. Collectively, they own approximately 62.25% of our total voting power and over 60% of each class of our common stock. We also meet the other requirements of a family corporation.

Index to Financial Statements

Before July 2, 1988, we used the cash method of accounting for federal income tax purposes. Pursuant to changes in the laws enacted by the Revenue Act of 1987, we were required to change our method of accounting from the cash method for federal income tax purposes to the accrual method. As a consequence of this change in our accounting method, we were permitted to create a suspense account in the amount of approximately \$89.7 million. This account represents deferred income arising from our prior use of the cash method of accounting. Beginning in fiscal 1998, we are generally required to include 1/20th of this amount, or approximately \$4.5 million, in taxable income each year for 20 years. As of September 28, 2002, approximately \$64.0 million remained to be included in our taxable income in future years. However, the full amount must be included in taxable income in any year that we cease to be a family corporation. Accordingly, if the Pilgrim family ceases to own at least 50% of the total combined voting power of all classes of our stock entitled to vote, we would cease to be a family corporation and would be required to recognize the balance of the suspense account in taxable income.

Our dual class structure was intended to allow us to issue equity securities in connection with acquisitions and to raise equity capital or to issue convertible debt or convertible preferred stock as a means to finance future growth, without diluting the voting power of the Pilgrim family in a way that would cause us to incur additional income tax expense.

At the time the dual class capital structure was implemented, our board of directors considered potential disadvantages of the structure, but determined that the potential benefits that it believed would result from the structure would outweigh any potential disadvantages.

At various times since adoption of our dual class capital structure, our board of directors has discussed the possibility that, in practice, certain disadvantages of the dual class capital structure have outweighed potential advantages related to the structure. The board of directors has noted that, with the exception of the pending acquisition of the ConAgra chicken division, we have not used the Class A common stock in connection with any acquisitions, nor have we sold Class A common stock or debt or shares convertible into Class A common stock in any public or private offering in order to raise capital. Given that we have not enjoyed the intended benefits of the Class A common stock, we have felt the disadvantages of the dual class capital structure more strongly, especially in light of the prevalence of single class capital structures among publicly held corporations. The disadvantages of the dual class capital structure that have been noted by the board of directors include, among others, the following:

potential confusion due to the complicated nature of our capital structure, which may diminish investor interest, analyst coverage, and the size of our investor base; and

impaired liquidity, trading volume, and trading efficiencies.

The board of directors has also noted that the Class A common stock historically traded at a discount to the Class B common stock that it believes to be excessive. Since the adoption of the dual-class structure and prior to the announcement of the proposed reclassification, the Class A common stock generally traded on the New York Stock Exchange at a discount to the Class B common stock. This discount averaged 27.1% from the adoption of the dual-class structure in 1999 through August 5, 2003, and 26.6% over the three months ending August 5, 2003. The trading volume of the Class A common stock averaged approximately 38% that of the Class B common stock from the adoption of the dual-class structure in 1999 through August 5, 2003, and 16.6% over the three months ending August 5, 2003.

From time to time over the last few years, our management has discussed with the New York Stock Exchange and our legal and financial advisors the possibility of combining our two classes of common stock into one class as a means of increasing the trading price of our common stock and enhancing shareholder value. In 2002, we presented a formal proposal to the New York Stock Exchange that the Class A common stock and Class B common stock be reclassified as a new class of common stock, with each reclassified share initially entitled to 20 votes and

newly issued shares or transferred shares entitled to one vote per share.

In July 2003, the New York Stock Exchange preliminarily indicated that, subject to certain conditions described below, it would not object to our proposal under its voting rights rules, and our board of directors appointed a special committee comprised of our five outside directors (Messrs. Charles L. Black, S. Key Coker, Vance C. Miller, James G. Vetter and Donald L. Wass) to evaluate the proposal. The special committee, which does not consist of any member of the Pilgrim family or any of our officers or employees, was charged by the board of directors with determining whether this reclassification of the Class A common stock and Class B common stock was in the best interests of Pilgrim s Pride, the Class A stockholders and the Class B stockholders, and the terms of any such reclassification, including the rights of the new common stock and the number of new common shares that would be issued for each outstanding share of Class A common stock and Class B common stock, and to make a recommendation to the full board of directors.

In August 2003, the New York Stock Exchange advised us that it would not object to our proposal under its voting rights rules provided that (i) our Majority Stockholders entered into a voting agreement with us so that the reclassification does not increase the percentage of our total voting power controlled by them, (ii) the voting agreement is found satisfactory for its purposes by the New York Stock Exchange, (iii) the voting agreement between us and the Majority Stockholders is legally enforceable and that such enforceability is evidenced by an opinion from counsel to us and the Majority Stockholders, (iv) we agree to notify the New York Stock Exchange of any breach, amendment or termination of the voting agreement and (v) in the event of any breach, amendment or termination of the voting agreement, the New York Stock Exchange reserves the right to take action consistent with its voting rights rules, which could include suspension of trading or delisting of our common stock. We must enter into these agreements with the Majority Stockholders and the New York Stock Exchange prior to effecting the reclassification.

The special committee engaged Merrill Lynch as its financial advisor to assist it in evaluating the exchange ratio. At meetings of the special committee on August 6, August 8, August 11 and August 20, 2003, our management, together with our legal counsel and Merrill Lynch, reviewed the proposed reclassification of our Class A common stock and Class B common stock in the manner described in this proxy statement. At the August 6 meeting, Merrill Lynch presented to the special committee its financial analysis of the proposed exchange ratio and indicated that it was prepared to render a written opinion to the special committee as to the fairness of the proposed exchange ratio to both the holders of Class A common stock and Class B common stock, in each case other than members of the Pilgrim family and their affiliated entities. Merrill Lynch s presentations at the August 6, August 8 and August 11, 2003 meetings of the special committee were identical to Merrill Lynch s presentation at the August 20, 2003 meeting that is summarized below under the caption Opinion of Special Committee s Financial Advisor for the Reclassification, except that the presentation at the August 6 meeting of the special committee did not reflect the recommendation by the special committee of a 1:1 exchange ratio, which was arrived at after the August 6, 2003 presentation by Merrill Lynch to the special committee. At the August 20 meeting, Merrill Lynch reaffirmed its financial analysis and delivered its opinion to the special committee to the effect that, as of August 20, 2003 and based upon the assumptions made, matters considered and limits of review set forth in its written opinion, the exchange ratio pursuant to the proposed reclassification was fair from a financial point of view to both the holders of Class A common stock and Class B common stock, in each case other than members of the Pilgrim family and their affiliated entities. The special committee then unanimously decided that the proposed reclassification was in the best interests of Pilgrim s Pride, the Class A common stock stockholders and the Class B common stock stockholders, and voted to recommend the proposal to the full board of directors.

Based on the recommendation of the special committee and for the reasons described below, our board of directors subsequently determined that the proposed reclassification was in the best interests of Pilgrim s Pride and was in the best interests of and fair to the holders of both the Class A common stock and Class B common stock. The board formally approved the reclassification, including by the unanimous vote of the directors that are neither members of the Pilgrim family nor Pilgrim s Pride officers or employees, voting separately. The directors also recommended that the reclassification be submitted to a vote of our stockholders.

Reasons for the Proposed Reclassification

At a board meeting held on August 20, 2003, our board of directors determined that it was in the best interests of Pilgrim's Pride and its stockholders to reclassify the Class A common stock and Class B common stock into new common stock on the terms described in this proxy statement.

In determining whether to approve the reclassification, and in the process of determining that the reclassification is in the best interests of Pilgrim's Pride and its stockholders, our directors considered a number of factors, and came to believe the reclassification will:

eliminate potential investor confusion caused by our dual class capital structure;

simplify our capital structure, which may generate increased investor interest, expanded analyst coverage, and a larger investor base;

potentially increase the liquidity, trading volume, and trading efficiencies of our common shares;

increase efficiency and flexibility in raising capital and issuing additional shares if, when, and to the extent desired; and

eliminate a perceived negative impact on the market price of our common stock that results from having a dual class capital structure.

Your board of directors also considered the following factors relating to the reclassification, and believes that each supports its determination that the exchange ratio is fair to all of our stockholders:

the analysis and opinion of Merrill Lynch dated August 20, 2003 to the special committee, to the effect that, as of that date and based upon the assumptions made, matters considered and limits of review set forth in its written opinion, the exchange ratio pursuant to the proposed reclassification was fair from a financial point of view to both the holders of Class A common stock and Class B common stock, in each case other than members of the Pilgrim family and their affiliated entities;

the holders of the Class A common stock and the holders of the Class B common stock currently have the same economic rights, with the different voting rights representing the only material difference between the Class A common stock and the Class B common stock;

in a merger or reorganization transaction, or in a liquidation of the company, each holder of a share of Class A common stock and each holder of a share of Class B common stock is currently entitled to receive the same kind and amount of shares, securities or other property, except that the holders of Class A common stock and Class B common stock could be offered different kinds of shares in a merger or reorganization transaction if the only difference would be their respective voting rights;

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

each holder of a share of Class A common stock and each holder of a share of Class B common stock is currently entitled to receive the same cash dividends per share, if any, declared by the Company;

the current and historical trading prices and volumes of the Class A common stock compared to the current and historical trading prices and volumes of the Class B common stock;

the trading price differentials between two classes of stock of other similarly situated companies; and

the exchange ratios utilized by other companies that reclassified two classes of stock into a single class.

The board of directors also considered that the reclassification would increase the relative voting power of current holders of Class A common stock and decrease the relative voting power of current holders of Class B common stock, and provide greater voting rights to our existing stockholders than it would to persons who

Table of Contents

acquired our common stock in the future, either from us or from our existing stockholders in private or market transactions. Because over 60% of the voting power of both classes of common stock is controlled by the Majority Stockholders, and will continue to be controlled by them after giving effect to the reclassification, the board of directors did not believe that the change in the relative voting power of the Class A stockholders and Class B stockholders resulting from the reclassification prevented a conclusion that the reclassification was fair to and in the best interests of the Class B stockholders, as well as the Class A stockholders. The board noted that the increased voting rights of shares that are subject to the reclassification may encourage our stockholders to retain their shares. The board also considered that our Majority Stockholders have agreed to enter into a voting agreement with us so that the reclassification does not result in an increase in their voting control of Pilgrim s Pride.

This discussion of information and factors considered by our board of directors is not intended to be exhaustive, but includes all material factors considered by our board of directors in approving the proposed reclassification. Our board of directors did not assign relative weights to the specific factors it considered in reaching its decision to approve the reclassification. In considering the factors described above, individual directors may have given different weight to different factors. Our board of directors relied on the experience and expertise of its financial advisor for quantitative analysis of the exchange ratio for the reclassification. See Opinion of Special Committee s Financial Advisor for the Reclassification below.

Opinion of Special Committee s Financial Advisor for the Reclassification

On August 20, 2003, Merrill Lynch delivered its written opinion to the special committee to the effect that, as of that date and based upon the assumptions made, matters considered and limits of review set forth in its written opinion, the exchange ratio pursuant to the proposed reclassification was fair from a financial point of view to both the holders of the Class A common stock and the Class B common stock, in each case other than members of the Pilgrim family and their affiliated entities. A copy of Merrill Lynch s opinion is attached to this proxy statement as Annex A.

Merrill Lynch s opinion sets forth the assumptions made, matters considered and limits on the scope of review undertaken by Merrill Lynch. Each holder of Class A common stock and Class B common stock is encouraged to read Merrill Lynch s opinion in its entirety. Merrill Lynch s opinion was intended for the use and benefit of the special committee and the board of directors, does not address the merits of the underlying decision by Pilgrim s Pride to engage in the reclassification and does not constitute a recommendation to any stockholder as to how that stockholder should vote on the reclassification or any related matter. The exchange ratio was determined by the special committee and approved by the board of directors. This summary of Merrill Lynch s opinion is qualified by reference to the full text of the opinion attached as Annex A.

In arriving at its opinion, Merrill Lynch, among other things:

Reviewed Pilgrim s Pride s certificate of incorporation as it relates to the rights and privileges of the Class A common stock and the Class B common stock, and held discussions with Pilgrim s Pride s outside counsel regarding such rights and privileges;

Reviewed a draft of the form of proposed certificate of amendment of the certificate of incorporation of Pilgrim s Pride providing for the reclassification, which is referred to as the amendment;

Conducted discussions with members of senior management of Pilgrim s Pride concerning the original creation of a dual class structure, the strategic and other reasons behind the decision of Pilgrim s Pride to engage in the reclassification, and certain other

aspects of the reclassification;

Reviewed the market prices, trading volumes and trading liquidity for the Class A common stock and the Class B common stock and compared them with the securities of certain publicly traded dual class companies that Merrill Lynch deemed to be relevant;

Table of Contents

Index to Financial Statements

Compared the proposed financial terms of the reclassification and the exchange ratio with the financial terms of certain other reclassification transactions that Merrill Lynch deemed to be relevant and the exchange ratios used in such transactions;

Reviewed a draft of the form of voting agreement to be entered into by the Majority Stockholders;

Reviewed a draft of the preliminary proxy statement of Pilgrim s Pride with respect to the reclassification; and

Reviewed such other financial studies and analyses and took into account such other matters as Merrill Lynch deemed necessary, including Merrill Lynch s assessment of general economic, market and monetary conditions.

In preparing its opinion, Merrill Lynch assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to Merrill Lynch, discussed with or reviewed by or for Merrill Lynch, or publicly available, and Merrill Lynch did not assume any responsibility for independently verifying such information or undertake an independent evaluation or appraisal of any of the assets or liabilities of Pilgrim s Pride, and was not furnished with any such evaluation or appraisal, nor did Merrill Lynch evaluate the solvency or fair value of Pilgrim s Pride under any state or federal laws relating to bankruptcy, insolvency or similar matters. In addition, Merrill Lynch did not assume any obligation to conduct any physical inspection of the properties or facilities of Pilgrim s Pride. Merrill Lynch further assumed that the reclassification will qualify as a tax-free exchange and recapitalization for U.S. federal income tax purposes, and that the final forms of the amendment and the voting agreement to be entered into by the Majority Stockholders will be substantially similar to the last drafts reviewed by Merrill Lynch. Merrill Lynch also assumed that the reclassification will be consummated in accordance with the terms of the amendment and as described in the proxy statement.

Merrill Lynch s opinion was necessarily based upon market, economic and other conditions as they existed and could be evaluated on, and on the information made available to Merrill Lynch as of, the date of its opinion.

Merrill Lynch was not requested to and did not provide advice concerning the structure, the exchange ratio or any other aspects of the reclassification. In addition, Merrill Lynch was not asked to address, and Merrill Lynch s opinion did not address, the fairness to, or any other consideration of, the holders of any class of securities, creditors or other constituencies of Pilgrim s Pride other than the holders of the Class A common stock and the Class B common stock (in each case other than members of the Pilgrim family and their affiliated entities). Merrill Lynch did not express any opinion as to the prices at which the Class A common stock or the Class B common stock will trade following the announcement of the reclassification or as to the prices at which the common stock will trade following consummation of the reclassification. Although Merrill Lynch s opinion addressed the fairness of the exchange ratio from a financial point of view to the holders of the Class A common stock and the Class B common stock (in each case other than members of the Pilgrim family and their affiliated entities), Merrill Lynch s opinion did not address the relative fairness of the exchange ratio to the holders of the Class A common stock and the Class B common stock.

The following is a summary of the material financial and comparative analyses performed by Merrill Lynch that were presented to the special committee in connection with its opinion. The financial analyses summarized below include information presented in tabular format. In order to understand fully Merrill Lynch s financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data described below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Merrill Lynch s financial analyses.

Merrill Lynch reviewed the historical trading performance and the trading liquidity of the Class A common stock and Class B common stock for the period from June 1, 1999 through August 5, 2003. This analysis included an examination of the percentage by which the daily closing price per share of Class A common stock traded at a premium or a discount to the daily closing price per share of Class B common stock, as well as the percentage by which the daily closing price per share of Class B common stock traded at a premium or a discount to the daily closing price per share of Class A common stock. The trading premium or discount was calculated for all trading days between July 21, 1999, when Class A common stock first began trading, through August 5, 2003. Merrill Lynch also analyzed the ratio of the average daily trading volume of Class B common stock traded relative to the average daily trading volume of Class A common stock, which is referred to as the relative trading liquidity.

This analysis showed the following:

(2) Class A common stock began trading on the New York Stock Exchange on July 21, 1999.

Merrill Lynch noted that for the various time periods analyzed, the Class B common stock had traded at a premium to the Class A common stock ranging from 29.7% to 38.2%, and the Class B common stock trading volume exceeded the trading volume of the Class A common stock by multiples ranging from 2.63x to 6.03x. Merrill Lynch observed that the Class A common stock traded at a discount to the Class B common stock with significantly less trading volume than the Class B common stock. Merrill Lynch further noted that the premia at which the Class B common stock traded relative to the Class A common stock could be the result of, among other things, the relatively large ratio of the Class B common stock trading volume to the Class A common stock trading volume.

Analysis of Publicly Traded Companies with Dual-Class Capital Structures

Merrill Lynch analyzed a group of seventeen companies, which are referred to as the dual-class companies, that had two classes of common stock publicly traded on the New York Stock Exchange with market capitalizations greater than \$100 million, where the high-vote shares traded at a premium to low-vote shares. Merrill Lynch derived average trading premia of the high-vote shares over the low-vote shares of the dual-class companies for various periods as set forth below, and compared those premia to the corresponding premia for the Class B common stock over the same periods.

(2) Class A common stock began trading on the New York Stock Exchange on July 21, 1999.

Merrill Lynch noted that for the various time periods analyzed, the premia at which the Class B common stock traded relative to the Class A common stock were significantly larger than the premia at which the high vote stock traded relative to the low vote stock for the dual class companies reviewed. Merrill Lynch further noted that the higher premia at which the Class B common stock traded relative to the Class A common stock could be the result of, among other things, the relatively small combined equity value of Pilgrim s Pride compared to the combined equity values of other dual class companies and the relatively large ratio of the Class B common stock trading volume to the Class A common stock trading volume compared to the corresponding ratios of other dual class companies, as indicated in Merrill Lynch s Analysis of Historical Reclassification Transactions summarized below.

Impact of Potential Exchange Ratios on Pro Forma Economic Ownership

Merrill Lynch analyzed the impact of a range of potential exchange ratios on the pro forma economic ownership of the Class A common stock and the Class B common stock. Assuming the Class B common stock were reclassified into new common stock at an exchange ratio equal to 1.0, this analysis showed that if the Class A common stock were reclassified into new common stock at an exchange ratio greater than 1.0, this would imply economic dilution to the holders of the Class B common stock, and if the Class A common stock were reclassified into new common stock at an exchange ratio less than 1.0x, this would imply economic accretion to the holders of the Class B common stock. Similarly, assuming the Class A common stock were reclassified into new common stock at an exchange ratio equal to 1.0, this analysis showed that if the Class B common stock were reclassified into new common stock at an exchange ratio greater than 1.0, this would imply economic dilution to the holders of the Class A common stock, and if the Class B common stock were reclassified into new common stock at an exchange ratio less than 1.0x, this would imply economic accretion to the holders of the Class A common stock.

Pro Forma Economic and Voting Impact of the Reclassification

Merrill Lynch reviewed the economic and voting ownership of the Class A common stock and the Class B common stock and compared it to the pro forma economic and voting ownership resulting from the reclassification, as well as that resulting from the combined effect of the reclassification and the ConAgra chicken division acquisition.

The summary set forth above summarizes the material analyses performed by Merrill Lynch but does not purport to be a complete description of the analyses performed by Merrill Lynch in arriving at its opinion. The preparation of a fairness opinion is a complex process and is not

necessarily susceptible to partial or summary description. Accordingly, Merrill Lynch believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered by Merrill Lynch, without considering all analyses and factors, could create an incomplete view of the processes underlying the Merrill Lynch opinion. Merrill Lynch did not assign relative weights to any of its analyses in preparing its opinion. The matters considered by Merrill Lynch in its analyses were based on numerous macroeconomic, operating and financial assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond Pilgrim's Pride's and Merrill Lynch's control and involve the application of complex methodologies and educated judgments. In addition, no company utilized as a comparison in the analyses described above is identical to Pilgrim's Pride, and none of the transactions utilized as a comparison is identical to the reclassification.

The special committee selected Merrill Lynch to deliver its opinion because of Merrill Lynch's reputation as an internationally recognized investment banking firm with substantial experience in transactions similar to the reclassification and because Merrill Lynch is familiar with Pilgrim's Pride and its business. As part of Merrill Lynch's investment banking business, Merrill Lynch is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, secondary distributions of listed and unlisted securities and private placements.

Merrill Lynch has, in the past, provided financing services to Pilgrim's Pride and may continue to do so and has received, and may receive, fees for the rendering of those services. During the past two years, Merrill Lynch has received total fees for these services of approximately \$900,000. In addition, in the ordinary course of Merrill Lynch's business, Merrill Lynch and its affiliates may actively trade the Class A common stock and the Class B common stock and other securities of Pilgrim's Pride for their own account and for the accounts of customers. Accordingly, Merrill Lynch and its affiliates may at any time hold a long or short position in such securities.

Pilgrim's Pride paid Merrill Lynch a fee in the amount of \$500,000 upon delivery of its opinion. In addition, Pilgrim's Pride has agreed to reimburse Merrill Lynch for its reasonable out-of-pocket expenses incurred in connection with its engagement (including the reasonable fees and disbursements of legal counsel), and to indemnify Merrill Lynch and related parties from and against liabilities arising out of its engagement, whether arising under the federal securities laws or otherwise.

Description of the New Common Stock

Following the reclassification, our certificate of incorporation will not contain any provision for Class A common stock or Class B common stock. In connection with the elimination of the dual class capital structure, our certificate of incorporation will authorize 160 million shares of common stock instead of 100 million shares of Class A common stock and 60 million shares of Class B common stock.

Except as to voting rights, the rights of the new common stock will be substantially identical to the rights of the current Class A common stock and Class B common stock. Currently, the holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to twenty votes per share on all matters brought before the stockholders. Except as required by law, the Class A common stock and Class B common stock vote as a single class. Each share of existing Class A common stock or Class B common stock that is reclassified into our new common stock will be entitled to cast twenty votes on all matters submitted to a vote of the stockholders, until there is a change in the beneficial ownership of such share, as determined by us or our transfer agent based upon criteria specified in the certificate of amendment to our certificate of incorporation and written procedures we may adopt from time to time.

Generally, a change in beneficial ownership of an outstanding share of common stock will be deemed to have occurred whenever a change occurs in any person or group of persons who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares:

voting power, which includes the power to vote or to direct the voting of such share of common stock;

investment power, which includes the power to direct the sale or other disposition of such share of common stock;

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

the right to receive or retain the proceeds of any sale or other disposition of such share of common stock; or

the right to receive any distributions, including cash dividends, in respect of such share of common stock.

Absent proof to the contrary, a change in beneficial ownership will be deemed to have occurred whenever a share of common stock is transferred of record into the name of any other person.

Table of Contents

Index to Financial Statements

The following events, however, will not be deemed to result in a change of beneficial ownership:

any event that occurred prior to the filing of the certificate of amendment under the terms of any contract (other than a contract for the purchase and sale of shares of common stock contemplating prompt settlement), including contracts providing for options, rights of first refusal and similar arrangements in existence at the time of such filing to which any holder of shares of common stock is a party;

any transfer of any interest in a share of common stock pursuant to a bequest or inheritance by operation of law upon the death of any individual, or by any other transfer to or primarily for the benefit of a family member(s) of the transferor or any trust, partnership or other entity primarily for the benefit of such family member(s), or pursuant to an appointment of a successor trustee, general partner or similar fiduciary or the grant of a proxy or other voting rights to one or more persons with respect to any such trust, partnership or other entity, including a gift;

any change in the beneficiary of any trust or any distribution of a share of common stock from trust, by reason of birth, death, marriage or divorce, the adoption of a person prior to age 18 or the passage of a given period of time or the attainment by a person of a specific age, or the creation or termination of any guardianship or custodial arrangement;

any transfer of any interest in a share of common stock from one spouse to another by reason of separation or divorce or under or pursuant to community property laws or other similar laws of any jurisdiction;

any appointment of a successor trustee, agent, guardian, custodian or similar fiduciary with respect to a share of common stock if neither such successor has nor its predecessor had the power to vote or to dispose of such share of common stock without further instructions from others;

any change in the person to whom dividends or other distributions in respect of a share of common stock are to be paid pursuant to the issuance or modification of a revocable dividend payment order;

any transfer of the beneficial ownership of a share of common stock from one of our employee benefit plans to another;

the grant by any person of the right to vote any shares of which such person is the beneficial owner, provided the agreement, arrangement or understanding to vote such shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to 10 or more persons; or

any event occurring under the Share Voting Agreement among the Majority Stockholders and ConAgra Foods or the voting agreement among the Majority Stockholders and us described below.

Following a change in beneficial ownership of a share that is reclassified, the share will be entitled to only one vote. Shares of new common stock issued after the reclassification will also only be entitled to one vote per share, including the shares to be issued to ConAgra Foods in the ConAgra chicken division acquisition. Shares held in street name or by a broker or nominee will be presumed to have been acquired after the reclassification and to therefore have one vote per share. This presumption is rebuttable by the holder s showing that such share was subject to the reclassification and that no change in beneficial ownership of such share has occurred since the reclassification.

Effects of the Proposed Reclassification

Voting Interest. Because the Class A common stock currently carries one vote per share, and the Class B common stock currently carries twenty votes per share, the reclassification will significantly increase the relative voting power of each share of Class A common stock and decrease the relative voting power of each share of Class B common stock. The following table shows the percentage of our total voting power held as of the Record

Table of Contents**Index to Financial Statements**

Date by the Majority Stockholders, our other existing stockholders and ConAgra Foods, and the percentage of our total voting power that would be held by each of those groups after giving effect to the proposed reclassification of the Class A common stock and Class B common stock and our proposed acquisition of the ConAgra chicken division as though they had occurred on October 7, 2003:

	Voting Power Prior to the Reclassification and Acquisition	Voting Power After the Reclassification and Acquisition
Majority Stockholders	62.25%	60.84%
Other Existing Stockholders	37.75	36.17
ConAgra Foods		2.99
Total	100.00%	100.00%

Our chairman Lonnie Bo Pilgrim, and his son Lonnie Ken Pilgrim, who is one of our directors and officers, directly and through several family trusts and partnerships (collectively, the Majority Stockholders), collectively control 62.25% of our total voting power and will continue to control over 62% of our total voting power immediately after the reclassification. So that the reclassification does not increase the percentage of our total voting power controlled by the Majority Stockholders they have agreed to enter into a voting agreement with us prior to the reclassification. The voting agreement will provide that, as long as the common stock is listed on the New York Stock Exchange, should the combined voting power of shares held by the Majority Stockholders exceed 62.25% of our total voting power, they will vote those shares in excess of that percentage proportionately with the votes of the other Pilgrim's Pride stockholders.

Economic Interest. The reclassification will have no impact on the economic equity interest of holders of Class A common stock and Class B common stock. The shares held by the holders of our Class A common stock and Class B common stock currently represent 32.9% and 67.1%, respectively, of the total outstanding shares of common stock. After the adoption of the proposed amendment to effect the reclassification, the shares of new common stock held by current holders of Class A common stock and Class B common stock would be 32.9% and 67.1%, respectively.

Capitalization. The reclassification will have no impact on the total issued and outstanding shares of common stock. As of the Record Date, there were 41,112,679 shares of common stock issued and outstanding, consisting of 13,523,429 shares of Class A common stock and 27,589,250 shares of Class B common stock. After the reclassification, there will be 41,112,679 shares of the new common stock outstanding. In addition, the amendment will not increase our total number of authorized shares of common stock. The amendment to effect the reclassification authorizes the issuance of 160,000,000 shares of new common stock, which is the combined total number of shares of Class A common stock and Class B common stock currently authorized by our certificate of incorporation.

Market Price of Common Stock. After the reclassification, the market price of shares of our new common stock will depend, as before the reclassification, on many factors including our future performance, general market conditions and conditions in the industry in which we operate. Accordingly, we cannot predict the price at which our new common stock will trade following the reclassification, just as we could not predict the prices at which Class A common stock and Class B common stock would trade following the creation of the dual-class structure. On August 21, 2003, the trading day immediately prior to our announcement of the proposed reclassification, the per-share closing prices of our Class A common stock and Class B common stock on the New York Stock Exchange were \$10.10 and \$13.15, respectively. On October 29, 2003, the per-share closing prices of our Class A common stock and Class B common stock on the New York Stock Exchange were \$12.90 and \$13.06, respectively.

Certain Federal Income Tax Consequences

We have summarized below certain federal income tax consequences of the proposed amendment based on the Internal Revenue Code of 1986, as amended and currently in effect. This summary does not discuss all aspects of federal income taxation that may be relevant to you in light of your individual circumstances. In addition, this summary is included for general information purposes only and is not intended to constitute advice regarding the federal income tax consequences of the proposed amendment. You are urged to consult your own tax advisor with respect to the tax consequences of the proposed amendment, including tax reporting requirements and tax consequences under state, local or foreign law.

We believe that as a result of the proposed amendment:

no gain or loss will be recognized for federal income tax purposes by any of the holders of our Class A common stock or any of the holders of our Class B common stock upon the reclassification of shares of our Class A common stock and Class B common stock into shares of new common stock;

the basis of new common stock will be the same as the stockholder's aggregate basis in the Class A common stock and Class B common stock;

the holding period of the new common stock will include such stockholder's holding period for the Class A common stock and Class B common stock, provided that each share of Class A common stock and Class B common stock was held by such stockholder as a capital asset as defined in Section 1221 of the Internal Revenue Code on the effective date of the amendment; and

no gain or loss will be recognized for federal income tax purposes by us upon the reclassification and conversion of shares of our Class A common stock and Class B common stock into shares of new common stock.

Required Vote and Board of Directors Recommendation

Approval of the proposed amendment to our certificate of incorporation to reclassify our Class A common stock and Class B common stock into a single class of common stock will require the separate class votes of a majority of the shares of the Class A common stock and a majority of the shares of Class B common stock outstanding on the Record Date. Abstentions and broker non-votes will have the same effect as votes against the proposal.

The board of directors recommends a vote FOR approval of the proposed amendment. Properly dated and signed proxies will be so voted unless stockholders specify otherwise.

PROPOSED ISSUANCE OF SHARES TO CONAGRA FOODS

General

Our board of directors has approved the Stock Purchase Agreement and the acquisition of the ConAgra chicken division, including the proposed issuance of the Shares to ConAgra Foods as a part of the purchase price. You are being asked to vote at the special meeting on a proposal to approve the issuance of the Shares to ConAgra Foods as contemplated by the Stock Purchase Agreement.

Under the Stock Purchase Agreement, we would acquire all of the issued and outstanding capital stock of the four wholly-owned subsidiaries of ConAgra Foods that comprise its chicken division: ConAgra Poultry Company, To-Ricos, Inc., Lovette Company, Inc. and Hester Industries, Inc. (collectively, the Acquired Companies). The ConAgra chicken division can generally be viewed as consisting of all of ConAgra Foods integrated chicken business (including grow-out, slaughter, processing, further processing, rendering, sales and

Table of Contents

Index to Financial Statements

distribution, both in retail and foodservice, and related assets and employees). Notwithstanding the foregoing, the ConAgra chicken division does not include the further chicken processing and marketing operations included in ConAgra Foods' packaged foods segment, including, without limitation, the Butterball, Banquet, Marie Callender's and Country Skillet further processing and marketing operations. Additionally, Pilgrim's Pride will not be acquiring the ConAgra, Butterball, Banquet, Marie Callender's and Country Skillet trade names, although after the closing of the acquisition, we will be a preferred supplier of chicken to ConAgra Foods and its operating companies. See "Transaction Agreements - Supply Agreements".

The purchase price will be calculated based on the final adjusted net book value of the assets and liabilities of the ConAgra chicken division on the closing date of the acquisition. If the estimated final adjusted net book value was \$525.6 million (which was the ConAgra chicken division's adjusted net book value at August 24, 2003), the consideration payable to ConAgra Foods would consist of \$100 million in cash, approximately 25.4 million Shares and, assuming no post-closing adjustment, Notes having a principal amount of approximately \$189.1 million. On August 13, 2003, we completed the public offering of \$100 million of 9⁵/₈% Senior Notes due 2011. In addition to the \$100 million cash payment required to be made at closing, we intend to pay cash to ConAgra Foods using the proceeds of that offering instead of issuing Notes; provided, however, that if we issue any Notes to ConAgra Foods, the initial principal amount of the Notes must be at least \$100 million or such lesser amount as may be acceptable to ConAgra Foods. See "The Stock Purchase Agreement - Purchase Price". Under this scenario, the amount we would record as the purchase price on our financial statements would be approximately \$615.4 million plus transaction costs, assuming our common stock price at closing were \$12.87 (which was the closing price of our Class A common stock on October 24, 2003).

Background

Since as early as 1999, we have pursued a strategy of continuing to add value to all of our products and services. In addition to growing our existing business operations, one of the ways that we have executed this strategy has been to take advantage of strategic acquisition opportunities that have enabled us to expand our product mix and distribution capabilities across the United States, particularly for higher-margin prepared foods products. Consistent with that strategy, in January 1999, we acquired a prepared foods processing plant from Plantation Foods, Inc., and in January 2001, we acquired WLR Foods, Inc., which was then the twelfth largest chicken company and fourth largest turkey company in the United States. The WLR Foods merger enabled us to significantly expand our operations in the mid-Atlantic region of the United States, improving our ability to serve our existing customers and our ability to serve additional markets.

Over the last several years, ConAgra Foods has been pursuing an acquisition and divestiture strategy to shift its focus toward its core branded and value-added products. In 2002, for example, ConAgra Foods sold its fresh beef and fresh pork operations. Between September 2002 and February 2003, our senior management began to consider whether we should pursue the acquisition of some of ConAgra Foods' chicken operations as a means of enhancing our existing capabilities.

In February 2003, we initiated discussions with executives of ConAgra Foods concerning the possible acquisition of some of ConAgra Foods' facilities, either through purchase or in exchange for one of our processing facilities. On March 7, 2003, Richard A. Cogdill, our executive vice president and chief financial officer, and Patrick Koley, vice president, corporate planning, of ConAgra Foods, signed mutual confidentiality agreements so that we could begin to exchange confidential business information with ConAgra Foods in connection with a possible transaction.

Over the next several weeks, Messrs. Cogdill and Koley continued general discussions about each party's possible interest in a transaction. On March 20, 2003, representatives of our senior management, including our chairman, Lonnie Bo Pilgrim, our vice chairman, Clifford E. Butler, our president and chief operating officer, O.B. Goolsby, Jr., our executive vice president of sales and marketing, Michael J. Murray, and Mr. Cogdill, met in Dallas, Texas with Mr. Koley and Messrs. Jerry Dowd and Tom Southworth, the president and chief operating officer and

senior vice president and senior financial officer, respectively, of ConAgra Poultry Company. At this

meeting, the ConAgra Foods representatives expressed an interest in selling to us several of their facilities in exchange for cash and/or one of our processing facilities. We expressed our interest in a larger acquisition that would include ConAgra Foods' cooking-related assets, and advised that we would consider the purchase of their fresh chicken operations (i.e., those operations involving the grow-out, slaughter, processing, rendering, sale and distribution of fresh chicken that has not been further processed) in connection with such a larger acquisition.

During April 2003, the parties continued to exchange business information and discuss a possible acquisition by us of several ConAgra Foods facilities. On April 18, 2003, Mr. Cogdill advised Mr. Koley that we were interested in pursuing the acquisition of selected fresh chicken facilities and ConAgra Foods' cooking-related assets for a combination of common stock and debt, based on the book value of the assets and liabilities to be acquired. Additionally, Mr. Cogdill stated that we would be willing to consider the acquisition of other selected ConAgra chicken division facilities in the United States and Puerto Rico. While no proposal for an acquisition was then made, the parties agreed to continue their dialogue.

On April 24, 2003, Mr. Koley advised Mr. Cogdill that ConAgra Foods was interested in discussing the sale to us of selected facilities, and at that time was not interested in a transaction involving any of its cooking operations. Mr. Cogdill advised that we were willing to acquire one of the facilities under discussion, but were not interested in acquiring other fresh operations unless they were part of a larger acquisition including some cooking-related assets. Over the next two weeks, the parties continued to discuss our possible acquisition of one of the ConAgra chicken division's facilities on a book value basis for the fixed assets plus some working capital components, and arrangements were made for our representatives to visit the facility under discussion.

In early May 2003, Lonnie Bo Pilgrim and Dwight Goslee, executive vice president in operation, control and development of ConAgra Foods, had several telephone conversations in which Mr. Pilgrim expressed our interest in meeting with him and Bruce Rohde, president and chief executive officer of ConAgra Foods, to discuss a larger acquisition of ConAgra Foods' chicken operations. On May 9, 2003, Messrs. Pilgrim, Butler and Cogdill met with Messrs. Rohde and Goslee in Omaha, Nebraska. We expressed our interest in acquiring all of ConAgra Foods' chicken operations on a book value basis for \$100 million in cash, common stock representing approximately 40-45% of the consideration, and a subordinated note for the balance of the consideration. The parties reached a general understanding as to the framework of an acquisition, discussed a schedule for preparation of the requisite documentation and presentation of the matter to each company's board of directors, and agreed to direct their counsel to prepare a term sheet for our acquisition of the entire ConAgra chicken division in accordance with the parties' discussions.

Between May 12 and May 16, the parties and their legal advisors prepared and discussed a term sheet for the proposed acquisition. The parties decided that, in lieu of executing a term sheet, they would proceed promptly with due diligence and commence negotiations directed towards reaching agreement on a definitive stock purchase agreement.

On May 19, 2003, at a special meeting of our board of directors, Messrs. Pilgrim and Cogdill briefed our directors concerning the status and substance of our discussions with ConAgra Foods. The directors discussed the proposed structure and sources of funds for the acquisition. At this meeting, Messrs. Pilgrim and Cogdill received support for continued negotiation of an acquisition. The board also authorized Mr. Cogdill to engage a nationally recognized investment banking firm to advise us in connection with the proposed acquisition and evaluate whether the purchase price to be paid in a proposed acquisition was fair, from a financial point of view, to us. Also, on May 19, 2003, our audit committee authorized Mr. Cogdill to engage our independent auditors to provide certain due diligence services in connection with the proposed acquisition.

Between May 19 and May 22, 2003, our representatives visited all of the major facilities of the ConAgra chicken division to conduct on-site due diligence, and between May 19 and June 6, 2003, our representatives and legal and financial advisors conducted due diligence on the ConAgra

chicken division. We also, together with our legal advisors, prepared and negotiated the terms of the Stock Purchase Agreement.

On May 28, 2003, at a regular meeting of our board of directors, Mr. Cogdill provided the directors with an update regarding the proposed acquisition of the ConAgra chicken division and the status of negotiations with

Table of Contents

ConAgra Foods regarding the Stock Purchase Agreement. Mr. Cogdill also reviewed with the directors certain unaudited financial information regarding the ConAgra chicken division.

On May 30, 2003, at a special meeting of our board of directors, the board reviewed the terms of a draft Stock Purchase Agreement for the proposed acquisition. Mr. Cogdill and Baker & McKenzie, our legal counsel in connection with the proposed acquisition, reported to the board concerning the status of negotiations relating to the Stock Purchase Agreement and other transaction agreements. Also participating in the meeting were representatives of Credit Suisse First Boston, our financial advisor in connection with the acquisition. Credit Suisse First Boston discussed with the board the financial terms of the proposed acquisition, the types of financial analyses that it would perform in its evaluation of the purchase price and the status of its financial due diligence. The directors discussed the acquisition, the draft stock purchase agreement and other documentation in detail, and authorized Mr. Cogdill to continue to negotiate the terms of the Stock Purchase Agreement and other transaction agreements.

On Saturday, June 7, 2003, a special meeting of our board of directors was held to consider the proposed transaction. During this meeting, Mr. Cogdill reviewed the proposed acquisition with the board. The review included the strategic reasons for the proposed acquisition, a financial review, a review of the ConAgra chicken division's business operations and financial condition, and a report describing the results of our due diligence review. During the board meeting, our counsel, Baker & McKenzie, delivered a presentation concerning the proposed transaction, including a review of the principal terms of the Stock Purchase Agreement and other transaction agreements. In addition, Credit Suisse First Boston reviewed with the board its financial analysis of the purchase price provided for in the Stock Purchase Agreement as of that date and rendered to the board its opinion described below under the caption "Opinion of Pilgrim's Pride's Financial Advisor for the Acquisition" beginning on page 35. After full discussion and consideration, the board unanimously approved the Stock Purchase Agreement and the acquisition and adopted resolutions authorizing and directing our officers to execute and deliver the Stock Purchase Agreement and related transaction agreements, with such changes as may be deemed advisable by such officers, subject to approval by regulatory authorities and the approval by our stockholders of the issuance of Shares to ConAgra Foods in connection with the acquisition. The board also resolved to recommend that our stockholders approve the issuance of shares to ConAgra Foods in connection with the acquisition. For a description of the reasons for the decision and recommendation, see "Reasons for the Acquisition and the Issuance of Shares to ConAgra Foods" below.

On June 7, 2003, the parties executed the Stock Purchase Agreement. Simultaneously, Lonnie Bo Pilgrim, Lonnie Ken Pilgrim and Pilgrim Interests, Ltd., our majority stockholders, signed the Share Voting Agreement with ConAgra Foods. The signing of the Stock Purchase Agreement was publicly announced by the parties on Monday, June 9, 2003.

In August 2003, the parties and their legal advisors prepared and negotiated two amendments to the Stock Purchase Agreement. On August 7, we entered into Amendment No. 1 to the Stock Purchase Agreement with ConAgra Foods. Amendment No. 1 provides that we may pay cash to ConAgra Foods in lieu of all or part of the portion of the purchase price that was to be represented by the Notes, provided that if we issue the Notes in payment of a portion of the purchase price, the initial amount of the Notes must be at least \$100 million, or a lesser amount acceptable in writing to ConAgra Foods. On August 20, we entered into Amendment No. 2 to the Stock Purchase Agreement. In Amendment No. 2, ConAgra Foods consented to the reclassification of our Class A common stock and Class B common stock prior to the closing of the ConAgra chicken division acquisition, and agreed that it would receive our new common stock at closing rather than Class A common stock. In addition, the parties amended the manner in which the number of shares to be issued to ConAgra under the Stock Purchase Agreement will be determined. See "The Stock Purchase Agreement - Purchase Price - Share Portion." Our board of directors considered whether to request another opinion from our financial advisor in view of the amendments to the Stock Purchase Agreement. It was noted that, because the price of our Class A common stock increased significantly since June 6, 2003, which was the last trading day before the acquisition was announced, from \$6.00 per share to \$12.90 per share on October 29, the number of Shares issuable to ConAgra Foods in the acquisition would likely be less than the number of Shares estimated to be issued at the time Credit Suisse First

Boston rendered its opinion. Because of the likelihood that fewer shares would need to be issued, the fact that we became contractually obligated to purchase the ConAgra chicken division on June 7, 2003 at the signing of the original Stock Purchase Agreement (subject to the conditions of such agreement) and the fact that the amendments to the Stock Purchase Agreement did not affect the fact that the purchase price to be paid to ConAgra Foods would equal the final adjusted net book value of the ConAgra chicken division on the closing date, the board of directors did not believe that the August 2003 amendments to the Stock Purchase Agreement warranted the additional expense of obtaining an updated opinion.

Reasons for the Acquisition and the Issuance of Shares to ConAgra Foods

Our board of directors believes that the acquisition and the proposed issuance of the Shares to ConAgra Foods are in the best interests of Pilgrim's Pride. We believe that with ConAgra Foods' specialty prepared chicken products, brands, well-established distributor relationships and Southeastern United States processing facilities, we will be able to provide customers at every point on the distribution chain with the broadest range of quality value-added chicken products and services available in the market today. We believe that ConAgra Foods' facilities will allow us to expand our reach across the Southeastern United States, which will complement our existing Central and Mid-Atlantic regional operations in the United States. In addition, our purchase of the ConAgra chicken division will enable us to provide fresh chicken products to supermarkets and other retail customers throughout the Southeastern and Midwestern portions of the United States. Furthermore, as the largest distributor of chicken products in Puerto Rico, our purchase of the ConAgra chicken division will also provide us with a solid foothold in a profitable market. We also believe that the acquisition will present us opportunities to achieve cost savings of at least \$50 million over the next three years through the optimization of production and distribution facilities and the implementation of a best practices approach across all operations, including purchasing, production, logistics and shared services.

Following the completion of the ConAgra chicken division acquisition, we will be the second largest producer of chicken products in the United States. We estimate that our market share based on total annual chicken production in the United States following the acquisition will be 16.3%, which is nearly twice the estimated market share of the third largest competitor in the chicken industry. The complementary fit of markets, distributor relationships and geographic locations are a few of the many benefits we anticipate realizing from this acquisition. We believe that ConAgra Foods' established relationship with broad-line national distributors will enable us to expand our customer base and provide nationwide distribution capabilities for all of our product lines. As a result, we believe we will be one of only two U.S. chicken producers that can supply the growing demand for a broad range of price competitive standard and specialized products with well-known brand names on a nationwide basis from a single-source supplier.

We expect that the ConAgra chicken division acquisition will result in significant cost saving opportunities and enhanced growth. We intend to integrate the ConAgra chicken division into Pilgrim's Pride as rapidly as possible while minimizing disruption to our respective operations. We expect to realize significant annualized cost savings after the ConAgra chicken division acquisition by:

taking advantage of our geographic presence by optimizing our supply chain management and logistics;

optimizing the uses of all production and distribution facilities; and

determining and implementing a best practices approach across all operations, including purchasing, production and shared services.

To reach its conclusion to approve, and recommend that the stockholders of Pilgrim's Pride approve, the issuance of the Shares, the Board considered a number of factors in addition to those listed above, including the following:

the financial condition and operating results of the ConAgra chicken division, both of which we believe would benefit from the deployment of Pilgrim's Pride's business strategies and methodologies;

the markets served by the ConAgra chicken division in the United States and Puerto Rico, which, as described above, complement our operations both geographically and operationally;

the financial and other terms and conditions of the Stock Purchase Agreement and other transaction agreements, including that a large component of the purchase price to ConAgra Foods is payable in shares of our common stock and our subordinated debt;

the complementary nature of Pilgrim s Pride s and ConAgra Foods chicken businesses, products, assets, managements, strategic objectives and opportunities; and

the financial presentation of Credit Suisse First Boston, including its opinion, dated June 7, 2003, to the Board as to the fairness, from a financial point of view and as of that date, of the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment, as more fully described in Opinion of Pilgrim s Pride s Financial Advisor for the Acquisition.

In reaching its decision to approve the acquisition, the Stock Purchase Agreement and the issuance of the Shares to ConAgra Foods, and to recommend approval of the issuance of Shares to the Pilgrim s Pride stockholders, the board of directors did not assign any relative or specific weights to the various factors considered. Instead, the board of directors conducted an overall analysis of the factors described above and the risks described below, including by participating in discussions with and asking questions of our management and our legal and financial advisors. In considering these factors and risks, individual directors may have given different weight to different factors.

Certain Risks of the Acquisition

In deciding whether to approve the issuance of the Shares to ConAgra Foods, our stockholders should consider the following factors, in addition to the other matters set forth in this proxy statement:

Resale of our common stock by ConAgra Foods may cause the market price to fall. Sales of substantial amounts of common stock in the public market after the issuance of the Shares could adversely affect prevailing market prices. Twelve months following the closing of the acquisition, up to one-third of the Shares to be issued to ConAgra Foods may be sold pursuant to an effective registration statement (approximately 8.5 million Shares based upon an assumed estimated final adjusted book value of \$525.6 million and an assumed adjusted volume weighted average price of \$9.3267). Pursuant to the Registration Rights and Transfer Restriction Agreement, we will register for resale all of the Shares issued to ConAgra Foods within twelve months following the closing. See Transaction Agreements Registration Rights Agreements Registration Rights and Transfer Restrictions Agreement.

If the businesses cannot be combined successfully, our financial condition and operating results may decline. In evaluating the terms of the acquisition and the issuance of the Shares to ConAgra Foods, we analyzed the respective businesses of Pilgrim s Pride and the ConAgra chicken division and made certain assumptions concerning their respective future operations. A principal assumption was that the acquisition will produce operating results better than those historically experienced or presently expected to be experienced in the future by us in the absence of the acquisition. See Reasons for the Acquisition and the Issuance of Shares to ConAgra Foods. There can be no assurance, however, that this assumption is correct or that the businesses of Pilgrim s Pride and the ConAgra chicken division will be successfully integrated in a timely manner. If we are unable to successfully combine our businesses, our financial condition and operating results may decline.

We may not achieve cost savings and enhanced growth from the acquisition if we do not successfully integrate the ConAgra chicken division operations. We entered into the Stock Purchase Agreement with the expectation that the acquisition will result in beneficial synergies, such as cost savings and enhanced growth. See Reasons for the Acquisition and the Issuance of Shares to ConAgra Foods. Any success in realizing these benefits and the timing of this realization, if any, depend upon the successful integration of the operations of the ConAgra chicken division into Pilgrim s Pride, and upon general and industry-specific economic factors. The integration of two independent companies is a complex, costly and time-consuming process. The difficulties of combining the operations of the companies include, among others:

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

transitioning and preserving the ConAgra chicken division's customer, contractor, supplier and other important third party relationships;

integrating corporate and administrative infrastructures;

coordinating sales and marketing functions;

minimizing the diversion of management's attention from ongoing business concerns;

coordinating geographically separate organizations; and

retaining key employees.

Even if Pilgrim's Pride and the ConAgra chicken division are able to integrate their operations and economic conditions remain stable, there can be no assurance that the anticipated synergies will be achieved.

Liabilities of the Acquired Companies may harm our financial condition and operating results. Because the acquisition is structured as a stock purchase, we will assume all of the liabilities of the Acquired Companies, including liabilities that may be unknown. We negotiated and obtained from ConAgra Foods certain representations and warranties concerning contingent liabilities and other obligations of the Acquired Companies to reduce the risk that we will bear such subsidiaries' liability for unknown liabilities. ConAgra Foods also agreed to indemnify us for breaches of representations and warranties concerning the pre-closing operations of the ConAgra chicken division and for certain liabilities of the Acquired Companies. Certain of ConAgra Foods' indemnification obligations are subject to a cap in the aggregate amount of \$200 million. Nevertheless, ConAgra Foods' indemnification obligations are generally subject to a \$30 million deductible, and there may be circumstances in which ConAgra Foods' indemnification obligations do not provide us protection from contingent or other obligations of the Acquired Companies, or other pre-closing liabilities of the ConAgra chicken division. Such obligations and liabilities could harm our financial condition and operating results. See "The Stock Purchase Agreement - Indemnification."

The issuance of shares to ConAgra Foods will dilute the equity interest and voting power of our current stockholders. The ownership percentage and voting power of the holders of the currently outstanding shares of Class A common stock and Class B common stock will be diluted by the issuance of the Shares. Prior to the acquisition, the Class A stockholders collectively owned approximately 32.9% of our total outstanding shares and 2.4% of our total voting power, and the Class B stockholders collectively owned approximately 67.1% of our total outstanding shares and 97.6% of our total voting power. After giving effect to the proposed reclassification of the Class A common stock and Class B common stock into a single class, the current Class A stockholders will own approximately 32.9% of our total outstanding shares and our total voting power, and the Class B stockholders will own approximately 67.1% of our total outstanding shares and our total voting power. After giving effect to the subsequent issuance of approximately 25.4 million Shares to ConAgra Foods, the current Class A stockholders would own approximately 20.34% of our total outstanding shares and approximately 31.91% of our total voting power, and the current Class B stockholders would own approximately 41.51% of our total outstanding shares and 65.10% of our total voting power.

In the board of directors' view, these considerations were not sufficient, either individually or collectively, to outweigh the advantages of the proposed acquisition.

Opinion of Pilgrim's Pride's Financial Advisor for the Acquisition

Credit Suisse First Boston has acted as Pilgrim's Pride's financial advisor in connection with the acquisition. Pilgrim's Pride selected Credit Suisse First Boston based on Credit Suisse First Boston's experience, reputation and familiarity with Pilgrim's Pride and its business. Credit Suisse First Boston is an internationally recognized investment banking firm and is regularly engaged in the valuation of businesses and securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes.

In connection with Credit Suisse First Boston's engagement, Pilgrim's Pride requested that Credit Suisse First Boston evaluate the fairness, from a financial point of view, to Pilgrim's Pride of the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment. On June 7, 2003, at a meeting of the Pilgrim's Pride board of directors held to evaluate the acquisition, Credit Suisse First Boston rendered to the Pilgrim's Pride board an oral opinion, which opinion was confirmed by delivery of a written

opinion dated June 7, 2003, to the effect that, as of that date and based on and subject to the matters described in its opinion, the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment, was fair, from a financial point of view, to Pilgrim s Pride. Credit Suisse First Boston was not requested to render an updated opinion in connection with the August 11, 2003 and August 20, 2003 amendments to the Stock Purchase Agreement.

The full text of Credit Suisse First Boston s written opinion, dated June 7, 2003, to the Pilgrim s Pride board of directors, which sets forth the procedures followed, assumptions made, matters considered and limitations on the review undertaken, is attached as Annex B and is incorporated into this proxy statement by reference. Holders of Pilgrim s Pride common stock are encouraged to read this opinion carefully and in its entirety. Credit Suisse First Boston s opinion was provided to the Pilgrim s Pride board of directors in connection with its evaluation of the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment, and relates only to the fairness, from a financial point of view, to Pilgrim s Pride of such purchase price. Credit Suisse First Boston s opinion does not address any other aspect of the proposed acquisition or any related transaction and does not constitute a recommendation to any stockholder as to any matters relating to the proposed acquisition or any related transaction. The summary of Credit Suisse First Boston s opinion in this proxy statement is qualified in its entirety by reference to the full text of the opinion.

In arriving at its opinion, Credit Suisse First Boston reviewed the Stock Purchase Agreement dated June 7, 2003 and related documents, and also reviewed publicly available business and financial information relating to Pilgrim s Pride. Credit Suisse First Boston reviewed other information relating to Pilgrim s Pride and business and financial information relating to the ConAgra chicken division, including financial forecasts and other information and data for Pilgrim s Pride and the ConAgra chicken division, provided to or discussed with Credit Suisse First Boston by the management of Pilgrim s Pride as well as other business and financial data provided to or discussed with Credit Suisse First Boston by the managements of ConAgra Foods and the Acquired Companies. Credit Suisse First Boston met with the managements of Pilgrim s Pride, ConAgra Foods and the Acquired Companies to discuss the business and prospects of Pilgrim s Pride and the ConAgra chicken division. Credit Suisse First Boston considered financial and stock market data of Pilgrim s Pride and financial data of the ConAgra chicken division and compared those data with similar data for publicly held companies in businesses similar to those of Pilgrim s Pride and the ConAgra chicken division and considered, to the extent publicly available, the financial terms of business combinations and other transactions that have been effected. Credit Suisse First Boston also considered other information, financial studies, analyses and investigations and financial, economic and market criteria that it deemed relevant.

In connection with its review, Credit Suisse First Boston did not assume any responsibility for independent verification of any of the information that it reviewed or considered and relied on that information being complete and accurate in all material respects. With respect to financial forecasts and other information and data for Pilgrim s Pride and the ConAgra chicken division provided to or discussed with Credit Suisse First Boston by the management of Pilgrim s Pride, Credit Suisse First Boston was advised, and assumed, that the forecasts and other information and data, including the potential cost savings and other synergies anticipated by the management of Pilgrim s Pride to result from the acquisition, were reasonably prepared on bases reflecting the best currently available estimates and judgments of Pilgrim s Pride s management as to the future financial performance of Pilgrim s Pride and the ConAgra chicken division and the other matters covered by such forecasts and other information and data, and further assumed, with Pilgrim s Pride s consent, that the financial results reflected in those forecasts and other information and data would be realized in the amounts and at the times projected. With respect to the estimates as to the adjusted net book value of the ConAgra chicken division and other financial data provided to or discussed with Credit Suisse First Boston by the managements of ConAgra Foods and the Acquired Companies, Credit Suisse First Boston was advised, and assumed, that those estimates were reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of ConAgra Foods and the Acquired Companies and further assumed, with Pilgrim s Pride s consent, that the actual adjusted net book value and other financial data would not vary from such estimates in any respect material to Credit Suisse First Boston s analyses. Credit Suisse First Boston assumed, with Pilgrim s

Pride's consent, that in the course of obtaining the necessary regulatory and third party approvals and consents for the proposed acquisition, no modification, delay, limitation, restriction or condition would be imposed that would have an adverse effect on Pilgrim's Pride, the ConAgra chicken division or the contemplated benefits to Pilgrim's Pride of the acquisition and that the acquisition would be consummated as described to Credit Suisse First Boston in accordance with the terms of the Stock Purchase Agreement, without waiver, amendment or modification of any material term, condition or agreement. Representatives of Pilgrim's Pride advised Credit Suisse First Boston, and Credit Suisse First Boston therefore also assumed, with Pilgrim's Pride's consent, that the acquisition would be treated as an asset purchase for U.S. federal income tax purposes under Section 338(h)(10) of the Internal Revenue Code of 1986, as amended.

Credit Suisse First Boston was not requested to, and it did not, make an independent evaluation or appraisal of the assets or liabilities, contingent or otherwise, of Pilgrim's Pride or the ConAgra chicken division, and Credit Suisse First Boston was not furnished with any evaluations or appraisals. Credit Suisse First Boston did not express any opinion as to what the value of Pilgrim's Pride Class A common stock (or, if the reclassification is approved, Pilgrim's Pride common stock) or the Notes actually will be when issued in the acquisition or the prices or values at which Pilgrim's Pride Class A common stock (or, if the reclassification is approved, Pilgrim's Pride common stock) or the Notes will trade or otherwise be transferable at any time. Credit Suisse First Boston's opinion did not address the relative merits of the acquisition as compared to other business strategies that might have been available to Pilgrim's Pride or Pilgrim's Pride's underlying business decision to proceed with the acquisition. Except as described above, Pilgrim's Pride imposed no other limitations on Credit Suisse First Boston with respect to the investigations made or procedures followed in rendering its opinion.

Although Credit Suisse First Boston evaluated the purchase price provided for in the Stock Purchase Agreement, dated June 7, 2003, prior to its amendment, Credit Suisse First Boston was not requested to, and it did not, recommend the specific consideration payable in the acquisition, which consideration was determined between Pilgrim's Pride and ConAgra Foods. Credit Suisse First Boston's opinion was necessarily based on information available to it, and financial, economic, market and other conditions as they existed and could be evaluated on the date of Credit Suisse First Boston's opinion. Although subsequent developments may affect its opinion, Credit Suisse First Boston does not have any obligation to update, revise or reaffirm its opinion.

In preparing its opinion to the Pilgrim's Pride board of directors, Credit Suisse First Boston performed a variety of financial and comparative analyses, including those described below. The summary of Credit Suisse First Boston's analyses described below is not a complete description of the analyses underlying its opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Credit Suisse First Boston made qualitative judgments as to the significance and relevance of each analysis and factor that it considered. Accordingly, Credit Suisse First Boston believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Credit Suisse First Boston considered industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Pilgrim's Pride. No company, transaction or business used in Credit Suisse First Boston's analyses as a comparison is identical to Pilgrim's Pride, the ConAgra chicken division or the proposed acquisition, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions analyzed. The estimates contained in Credit Suisse First Boston's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, analyses relating to the value of businesses or

securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, the estimates used in, and the results derived from, Credit Suisse First Boston's analyses are inherently subject to substantial uncertainty.

Credit Suisse First Boston's opinion and financial analyses were only one of many factors considered by the Pilgrim's Pride board of directors in its evaluation of the proposed acquisition and should not be viewed as determinative of the views of the Pilgrim's Pride board of directors or management with respect to the acquisition or the purchase price.

The following is a summary of the material financial analyses underlying Credit Suisse First Boston's opinion dated June 7, 2003 delivered to the Pilgrim's Pride board of directors. **The financial analyses summarized below include information presented in tabular format. In order to fully understand Credit Suisse First Boston's financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Credit Suisse First Boston's financial analyses.**

Analyses of the ConAgra Chicken Division

Using a Selected Companies Analysis, a Precedent Transactions Analysis and a Discounted Cash Flow Analysis, Credit Suisse First Boston derived implied reference ranges for the ConAgra chicken division from these analyses as described below. These implied reference ranges were then compared with the June 7, 2003 estimated purchase price. Pro Forma Accretion/Dilution Analysis. Credit Suisse First Boston analyzed the potential pro forma financial effect of the acquisition on Pilgrim's Pride's fiscal years 2004, 2005 and 2006 estimated earnings per share, commonly referred to as EPS, under two cases, a management case, which was based on Pilgrim's Pride's internal management estimates for fiscal years 2004, 2005 and 2006 excluding a one-time loss in fiscal year 2004 attributable to Pilgrim's Pride's business operations, and a street case, which was based on publicly available research analysts estimates for Pilgrim's Pride for fiscal years 2004 and 2005. Each case was analyzed assuming 0%, 50% and 100% of potential cost savings and other synergies anticipated by the management of Pilgrim's Pride to result from the acquisition were realized. Estimated financial data for the ConAgra chicken division were based on internal estimates of Pilgrim's Pride's management. Based on the estimated purchase price for the ConAgra chicken division, this analysis indicated the following:

under the management case, the proposed acquisition could be dilutive to Pilgrim's Pride's estimated EPS in each of the periods reviewed regardless of the synergy level achieved; and

under the street case, the proposed acquisition could be dilutive to Pilgrim's Pride's estimated EPS in fiscal year 2004 regardless of the synergy level achieved, dilutive to Pilgrim's Pride's estimated EPS in fiscal year 2005 assuming no cost savings or other synergies were realized, and accretive to Pilgrim's Pride's estimated EPS in fiscal year 2005 assuming either 50% or 100% of such potential cost savings and other synergies were realized.

The actual results achieved by the combined company may vary from projected results and the variations may be material.

Other Factors

In the course of preparing its opinion, Credit Suisse First Boston also reviewed and considered other information and data, including:

the historical price performance and trading volume of Pilgrim's Pride Class A common stock and Class B common stock and the relationship between movements in Pilgrim's Pride common stock and selected companies in related industries; and

publicly available research analysts' reports for Pilgrim's Pride.

Miscellaneous

Pilgrim's Pride has agreed to pay Credit Suisse First Boston for its financial advisory services in connection with the acquisition an aggregate fee of \$3.5 million. Pilgrim's Pride also has agreed to reimburse Credit Suisse First Boston for its reasonable expenses, including the fees and expenses of legal counsel and any other advisor retained by Credit Suisse First Boston, and to indemnify Credit Suisse First Boston and related parties against liabilities arising out of its engagement, whether arising under the federal securities laws or otherwise.

Credit Suisse First Boston and its affiliates in the past have provided services to Pilgrim's Pride and ConAgra Foods unrelated to the proposed acquisition, for which services Credit Suisse First Boston and its affiliates have received compensation. acquisition. During the past two years, Credit Suisse First Boston has received total fees for its services of approximately \$3.1 million. In the ordinary course of business, Credit Suisse First Boston and its affiliates may actively trade the securities of Pilgrim's Pride and ConAgra Foods for their own accounts and for the accounts of customers and, accordingly, may at any time hold long or short positions in those securities.

Recommendation of the Board of Directors

Our board of directors has determined that the proposed issuance of the Shares to ConAgra Foods and the purchase of the ConAgra chicken division are in the best interests of Pilgrim's Pride and our stockholders. The board of directors unanimously recommends a vote FOR approval of the proposed issuance of the Shares to ConAgra Foods.

Regulatory Filings and Approvals

The acquisition is subject to review by the Antitrust Division of the U.S. Department of Justice and the U.S. Federal Trade Commission under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (the HSR Act). Under the HSR Act, Pilgrim's Pride and ConAgra Foods are required to make pre-acquisition notification filings and to await the expiration or early termination of the statutory waiting period prior to completing the acquisition. On June 10, 2003, the parties filed the required information with the Antitrust Division of the U.S. Department of Justice and the U.S. Federal Trade Commission. The statutory waiting period under the HSR Act expired on July 11, 2003.

Despite expiration of the statutory waiting period, and even after completion of the acquisition, either the Antitrust Division of the U.S. Department of Justice or the U.S. Federal Trade Commission could challenge, seek to block or block the acquisition under the antitrust laws, as it deems necessary or desirable in the public interest. In addition, in some jurisdictions, a competitor, customer or other third party could initiate a private action under the antitrust laws challenging or seeking to enjoin the acquisition, before or after it is completed. We cannot be sure that a challenge to the acquisition will not be made or that, if a challenge is made, that Pilgrim's Pride and ConAgra Foods will prevail.

Other than applicable antitrust laws, neither we nor ConAgra Foods are aware of any other regulatory requirements or governmental approvals or actions that may be required to consummate the acquisition, except as described above. Should any such approval or action be required, it is presently contemplated that such approval or action would be sought. There can be no assurance, however, that any such approval or action, if needed, could be obtained and would not be conditioned in a manner that would cause the parties to abandon the acquisition.

Accounting Treatment

The acquisition will be accounted for as a purchase business combination in accordance with accounting principles generally accepted in the United States, with Pilgrim's Pride treated as the acquirer. Accordingly, the assets and liabilities of Pilgrim's Pride are recorded at historical amounts, without restatement to fair values. The assets and liabilities of the ConAgra chicken division will be revalued to estimated fair value at the date of the acquisition, with any excess of the purchase price over the sum of such fair values recorded as goodwill. The estimated fair values are preliminary and subject to change.

Requirement for Stockholder Approval

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Our listing agreement with the New York Stock Exchange requires stockholder approval for the issuance of Pilgrim's Pride common stock that represents in the aggregate more than 20% of the issued and outstanding shares of Pilgrim's Pride common stock. As of the Record Date, 13,523,429 shares of Pilgrim's Pride Class A common stock and 27,589,250 shares of Class B common stock were issued and outstanding. If the ConAgra chicken division had a final adjusted net book value of \$525.6 million (which was the adjusted net book value at August 24, 2003) and the adjusted volume weighted average price of our Class A common stock used to compute the share portion of the consideration to be paid to ConAgra Foods was \$9.3267 (which was the adjusted volume weighted average price from June 10, 2003 through October 24, 2003, we would issue approximately 25.4 million shares of common stock to ConAgra Foods in the acquisition. This number of shares would represent approximately 38.15% of the total number of shares of common stock outstanding, and approximately

Table of Contents

Index to Financial Statements

2.99% of our total voting power, after giving effect to the reclassification. Accordingly, stockholder approval of the issuance of the Shares is required.

Although we need to issue the Shares to ConAgra Foods in order to complete the purchase of the ConAgra chicken division, we are not seeking stockholder approval for the purchase of the ConAgra chicken division because stockholder approval of this purchase is not required under Delaware law, our certificate of incorporation or our listing agreement with the New York Stock Exchange. At any time before or after the special meeting and prior to the closing of the ConAgra chicken division acquisition, the board of directors, subject to the terms and conditions of the Stock Purchase Agreement, may abandon the acquisition or amend the terms of the Stock Purchase Agreement and other transaction agreements, if for any reason the board deems it advisable to do so.

Required Vote

Approval of the issuance of the Shares to ConAgra Foods will require the vote of a majority of the combined voting power of the shares of Pilgrim's Pride Class A common stock and Class B common stock represented in person or by proxy and voting at the special meeting. Abstentions and broker non-votes will not affect the outcome of this proposal. Each share of Class A common stock is entitled to one vote per share and each share of Class B common stock is entitled to twenty votes per share.

THE STOCK PURCHASE AGREEMENT

The following is a summary of certain provisions of the Stock Purchase Agreement and the other transaction agreements not summarized elsewhere in this proxy statement. A copy of the Stock Purchase Agreement is attached to this proxy statement as Annex D and copies of Amendment No. 1 to the Stock Purchase Agreement and Amendment No. 2 to the Stock Purchase Agreement are attached to this proxy statement as Annex E and Annex F, respectively. This summary is qualified in its entirety by reference to the Stock Purchase Agreement, as amended. We urge you to read the Stock Purchase Agreement carefully for more details regarding the provisions we describe below and for other provisions that may be important to you.

Overview

On June 7, 2003, we entered into the Stock Purchase Agreement with ConAgra Foods for our acquisition of the ConAgra chicken division. The Stock Purchase Agreement provides that we will purchase all of the issued and outstanding capital stock of the Acquired Companies for an aggregate purchase price payable in cash, Shares of our common stock, and subordinated Notes. In connection with the acquisition, we also will enter into certain other agreements with ConAgra Foods and its subsidiaries, including two registration rights agreements, three supply agreements, a transition trademark license agreement, a transition services agreement and an environmental license agreement.

Purchase Price

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

General. The purchase price will be calculated based on the Final Adjusted Net Book Value of the assets and liabilities of the ConAgra chicken division on the closing date of the acquisition. Final adjusted net book value means the combined, consolidated stockholders' equity of the Acquired Companies on the closing date reduced by a discount amount. The discount amount is \$100 million less the sum of approximately \$10.6 million of reimbursable transaction costs expected to be incurred by ConAgra Foods (consisting of retention bonuses to be paid to certain key employees of the Acquired Companies, up to \$600,000 in audit fees relating to the audit of the closing balance sheet and certain out-of-pocket expenses).

Index to Financial Statements

At closing, the consideration payable to ConAgra Foods will be estimated based on ConAgra Foods' good faith estimate of the adjusted net book value, as of the closing date, of the ConAgra chicken division. Based upon this estimate, we will pay ConAgra Foods at closing \$100 million in cash and pay the remainder of the consideration through a combination of Shares and Notes; provided that at our option we may pay the Note portion with cash, subject to certain limitations.

Share Portion. The actual number and dollar amount of Shares to be issued will be determined at the closing of the acquisition by reference to the adjusted volume weighted average stock price (Adjusted VWAP) of the Class A common stock on the New York Stock Exchange from June 10, 2003 (the day after the parties announced the acquisition) through the fifth trading day prior to the closing date.

Adjusted VWAP means the volume weighted average price (VWAP) of the Class A common stock computed over the period from June 10, 2003 through the date five trading days prior to the closing date, except that:

if the VWAP Adjustment Amount (as defined below) is greater than zero, then in lieu of the actual trading price of the Class A common stock over the period from August 22, 2003 through the date five trading days prior to the closing date (the Subsequent Period), such Adjusted VWAP shall be computed as if all trades in Class A common stock during that period occurred at a VWAP of \$9.8292, plus the VWAP Adjustment Amount; and

if (a) the VWAP of the Class A common stock over the Subsequent Period is greater than \$9.8292, and (b) the average daily volume of the Class A common stock during the period from June 10, 2003 to August 21, 2003 (the Initial Period) is less than the average daily trading volume of such stock during the Subsequent Period, then in lieu of the actual trading volume of the Class A common stock over the Subsequent Period, such Adjusted VWAP shall be computed as if the volume of trades during each day in the Subsequent Period was equal to the average daily trading volume of the Class A common stock during the Initial Period.

VWAP Adjustment Amount means 50% of the difference between the VWAP of the Class A common stock over the Subsequent Period minus \$9.8292, but shall not be less than zero.

From June 10, 2003 through October 24, the Adjusted VWAP was \$9.3267. The number of Shares to be issued to ConAgra Foods at closing will equal the lesser of 39,400,000 or the number of Shares determined by dividing (i) forty-five percent (45%) of the estimated adjusted net book value by (ii) the greater of (1) the Adjusted VWAP and (2) \$5.35. For example, if the adjusted net book value of the ConAgra chicken division was \$525,587,000 (which was the adjusted net book value at August 24, 2003) and the fifth trading day prior to the closing date was October 24, 2003, the share portion of the consideration would consist of 25,358,860 Shares (45% of \$525,587,000, divided by \$9.3267, the Adjusted VWAP of the Class A common stock from June 10 through October 24, 2003).

Notwithstanding the foregoing, the number of Shares to be issued to ConAgra Foods will be based on the Average Price (as defined below) rather than the Adjusted VWAP if the spread between the VWAP of our Class A common stock and the VWAP of our Class B common stock over the Subsequent Period is greater than or equal to 35% of the VWAP of the Class A common stock over that period. Average Price means the VWAP of the Class A common stock over the period from June 10, 2003 through the date five trading days prior to the closing date. From August 22, 2003 through October 24, 2003, the spread between the VWAP of the Class A common stock and the VWAP of the Class B common stock was 3.0% of the VWAP of the Class A common stock over that period.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The proposed reclassification of the common stock will be completed prior to the closing of our acquisition of the ConAgra chicken division and ConAgra Foods will receive shares of our new common stock in the acquisition. If for any reason the proposed reclassification is not completed, then ConAgra Foods will receive shares of our existing Class A common stock.

Note Portion. The Stock Purchase Agreement provides that the balance of the estimated consideration to be paid to ConAgra Foods will be paid by our execution and delivery to ConAgra Foods of Notes in the principal

Table of Contents

Index to Financial Statements

amount of such balance. For example, if the estimated adjusted net book value was \$525.6 million and the share portion consisted of \$236.5 million of Shares (45% of the estimated adjusted net book value), we would issue \$189.1 million principal amount of Notes. Notwithstanding the foregoing, we may, at our option, pay the Note portion of the consideration with cash, provided that, if we issue any Notes in payment of a portion of the consideration, the initial principal amount of such Notes must be at least \$100 million or a lesser amount acceptable to ConAgra Foods. On August 13, 2003, we completed the public offering of \$100 million of 9⁵/₈% senior notes due 2011. We intend to pay cash to ConAgra Foods using the proceeds of that offering and reduce the dollar amount of Notes to be issued to ConAgra Foods.

Share Price Adjustment. If the Average Price is less than \$5.35, we may elect to:

issue to ConAgra Foods a number of additional Shares equal to (x) the amount by which \$5.35 exceeds the Average Price, multiplied by the number of Shares determined above under the caption *Share Portion* (the *Share Price Adjustment*) divided by (y) the Average Price;

issue to ConAgra Foods additional subordinated debt on the same terms as the Notes, the principal amount of which will equal the *Share Price Adjustment*;

deliver to ConAgra Foods an additional amount in cash equal to the *Share Price Adjustment*; or

deliver to ConAgra Foods a combination of the forms of additional consideration referred to above having an aggregate value equal to the *Share Price Adjustment*.

Alternatively, Pilgrim's Pride and ConAgra Foods may mutually agree that we can deliver to ConAgra Foods some other consideration having a value equal to the *Share Price Adjustment*; or we can elect to terminate the Stock Purchase Agreement, unless ConAgra Foods agrees in writing, within 48 hours after receipt of written notice from us of our intent to terminate the agreement, that the purchase price will be reduced by an amount equal to the *Share Price Adjustment*, in which case ConAgra Foods will not be entitled to the *Share Price Adjustment* and the Stock Purchase Agreement will not be terminated.

Asset Retention. If the estimated adjusted net book value exceeds \$600 million, the adjusted net book value will be capped at \$600 million unless ConAgra Foods selects one of the following options:

to retain the Acquired Companies' Moorefield, West Virginia facility, and all assets located at such facility and rights relating thereto, and recalculate the estimated purchase price on the basis that such facility, assets and rights are excluded from the acquisition and retained by ConAgra Foods; or

to terminate the Stock Purchase Agreement.

If ConAgra Foods selects either of the above options, we may agree in writing, within 48 hours after receipt of written notice from ConAgra Foods of its intent to exclude such assets or terminate the agreement, that we will pay the consideration in full even if the adjusted net book value exceeds \$600 million, in which case such assets will not be excluded and the Stock Purchase Agreement will not be terminated.

Post-closing Purchase Price Adjustment. Within 60 days after the closing, we will prepare a preliminary closing balance sheet for the Acquired Companies, and a preliminary calculation of Adjusted Net Book Value (as defined in the Stock Purchase Agreement) that will be audited by an independent accountant. If the parties do not object to the preliminary audit report and audited Adjusted Net Book Value within 60 days, they will be issued in final form and the consideration to be paid to ConAgra Foods will be adjusted based upon the Final Adjusted Net Book Value. If a party timely objects to the independent accountant's report, and the parties are unable to resolve the objection within 30 days, the dispute will be referred to a mutually acceptable independent accountant for resolution. The parties will split the fees and expenses of such independent accountant, and the decision of the independent accountant on the dispute will be binding on the parties.

After the Final Adjusted Net Book Value is agreed upon, the final purchase price will be determined. If the final purchase price is different than the estimated purchase price, we will adjust the aggregate principal amount

Index to Financial Statements

of the Notes originally issued at closing to ConAgra Foods. If such adjustment results in a decrease in the aggregate principal amount of the Notes, then ConAgra Foods will refund to us any interest previously paid on the excess amount of the original Notes and relinquish its right to any accrued but unpaid interest on the excess amount of the original Notes. Additionally, if such adjustment results in a decrease greater than the principal amount of the Notes originally issued to ConAgra Foods, then the Notes will be cancelled in their entirety and ConAgra Foods will pay us any remaining difference in cash.

10.50% Subordinated Notes Due March 4, 2011

As part of the purchase price for the acquisition of the ConAgra chicken division, we will issue to ConAgra Foods our 10.50% subordinated notes; provided that at our option we may pay the Note portion of the purchase price with cash, subject to certain limitations. The principal amount of Notes to be issued will be determined at the closing of the acquisition. The Notes will mature on March 4, 2011 with interest accruing at a rate of 10.50% per annum. The Notes will be payable semi-annually in arrears on December 15 and June 15.

The Notes will be general unsecured obligations of Pilgrim's Pride. They will rank subordinate in right of payment to all of our existing and future Senior Indebtedness. Senior Indebtedness generally means all of our obligations, whether outstanding on the date of the Notes or thereafter incurred, but does not include: (i) any obligation of Pilgrim's Pride to any subsidiary; (ii) any obligation in respect of the Notes or other indebtedness of Pilgrim's Pride that by its terms is expressly subordinate, junior or pari passu in right of payment to the Notes; or (iii) any obligations with respect to any capital stock. Because they are unsecured, the Notes will effectively rank behind all of our secured obligations to the extent of the value of the assets securing those obligations. The Notes will rank ahead of any of our future obligations that expressly provide that they are subordinated to the Notes.

The Notes may be redeemed by us at any time, in whole or in part, for 100% of the then-outstanding principal and accrued interest, as long as they are held by ConAgra Foods or a ConAgra Foods affiliate. However, we may redeem all, but not part, of the Notes from ConAgra Foods if ConAgra Foods holds less than, or the redemption would result in ConAgra Foods holding less than, \$100 million of the Notes. If ConAgra Foods should transfer the Notes to a third party,

up to 35% of the Notes may be redeemed by us at a 10.5% premium prior to the fourth anniversary of their original issuance from the proceeds, and within 45 days after the completion by us, of a public equity issuance; and

the Notes may be redeemed by us, in whole or in part, at a 5.25% premium from September 15, 2007 through September 14, 2008; at a 2.625% premium from September 15, 2008 through September 14, 2009; and for 100% of the then-outstanding principal and accrued interest at any time after September 14, 2009.

Upon a change in control of Pilgrim's Pride, each holder of the Notes will have the right to require us to repurchase all or any part of the holder's Notes. If ConAgra Foods or a ConAgra Foods affiliate is the holder of the Notes, we will offer a change of control payment in cash equal to 100% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest. Any other holder of the Notes will be offered a change of control payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest.

We will issue the Notes under an indenture with a trustee. The indenture will contain various covenants that will limit our ability and the ability of our subsidiaries to, among other things:

borrow money;

pay dividends;

make investments;

sell our assets;

enter into transactions with affiliates;

merge or consolidate with other companies;

issue or sell equity interests in subsidiaries; or

make payments to us.

The above summary of the terms and provisions of the Notes is qualified in its entirety by reference to the Description of the Notes attached as Annex G to this proxy statement. You should read Annex G carefully for more details regarding the provisions we describe above and for other provisions that may be important to you.

Products and Markets

Overview. The ConAgra chicken division's products consist primarily of:

Prepared chicken products, which are products such as fully cooked breaded wings, portion controlled breast fillets, tenderloins and strips, delicatessen products, salads, formed nuggets and patties and bone-in chicken parts. These products are sold either refrigerated or frozen and may be fully cooked, partially cooked or raw. In addition, these products are breaded or non-breaded and either pre-marinated or non-marinated, and packed for either the foodservice or retail sales channel.

Fresh chicken, which is refrigerated (non-frozen) whole or cut-up chicken sold to the retail and foodservice industry either pre-marinated or non-marinated. Fresh chicken also includes prepackaged chicken, which includes various combinations of freshly refrigerated, whole chickens and chicken parts in trays, bags or other consumer packs labeled and priced ready for the retail grocer's fresh meat counter.

Export and other chicken products, which are primarily parts and whole chicken, either refrigerated or frozen for U.S. export or domestic use, and chicken prepared foods products for U.S. exports.

The ConAgra chicken division's products are sold primarily to:

Foodservice customers, which are customers such as foodservice distributors, chain restaurants, food processors and certain other institutions. The ConAgra chicken division sells to its foodservice customers products ranging from portion-controlled refrigerated chicken parts to fully-cooked and frozen, breaded or non-breaded chicken parts or formed products. The foodservice distributor business has experienced very high year over year sales growth since 1999.

The ConAgra chicken division sells to its retail customers branded, pre-packaged, cut-up and whole poultry, and fresh refrigerated or frozen whole chicken and chicken parts in trays, bags or other consumer packs. Market.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Foodservice. The majority of the ConAgra chicken division sales are derived from products sold to the foodservice market. This market principally consists of broad-line distributors, chain restaurants, food processors and certain other institutions located throughout the continental United States. The ConAgra chicken division supplies chicken products ranging from portion-controlled refrigerated chicken parts to fully cooked and frozen, breaded or non-breaded chicken parts or formed products.

Foodservice Prepared Foods. The majority of the ConAgra chicken division sales to the foodservice market consist of prepared foods products. These sales are sold predominately to broad-line distributors, followed by chain restaurants and delicatessens.

Foodservice Fresh Chicken. The ConAgra chicken division produces and markets fresh, refrigerated chicken for sale to U.S. quick-service restaurant chains, delicatessens, broad-line distributors and other

customers. These chickens are usually of specific weight ranges, and are typically pre-cut to customer specifications. They are often marinated to enhance value and product differentiation. By growing and processing to customers' specifications, the ConAgra chicken division is able to assist quick-service restaurant chains in controlling costs and maintaining quality and size consistency of chicken pieces sold to the consumer.

Retail. The retail market consists primarily of grocery store chains, wholesale clubs and other retail distributors. The ConAgra chicken division concentrates its efforts in this market on sales of branded, prepackaged cut-up and whole chicken to grocery store chains and retail distributors in the Southeast, Midwest, and South Central regions of the United States.

Retail Prepared Foods. The ConAgra chicken division sells retail packaged prepared chicken products primarily to grocery store chains and club stores located in the Southeast, Midwest, and South Central regions of the United States.

Retail Fresh Chicken. The ConAgra chicken division's prepackaged retail products include various combinations of freshly refrigerated, whole chickens and chicken parts in trays, bags or other consumer packs, either labeled and priced ready for the retail grocer's fresh meat counter or in unit weight scanable packaging. The retail, prepackaged fresh chicken business should continue to be a large and relatively stable market, providing opportunities for product differentiation and brand loyalty.

Export and Other Chicken Products. The ConAgra chicken division's export and other products consist of whole chickens and chicken parts sold primarily in bulk, non-branded form either refrigerated to distributors in the United States or frozen for distribution to export markets. In the United States, prices of these products are negotiated daily or weekly and are generally related to market prices quoted by the USDA or other public price

reporting services. Historically, the ConAgra chicken division has targeted international markets to generate additional demand for its dark meat, which is a natural byproduct of its U.S. operations given its concentration on prepared foods products and the U.S. customers' general preference for white meat. Also included in these categories are chicken byproducts, which are converted into protein products sold primarily to manufacturers of pet foods.

Competition

The chicken industry is highly competitive and the ConAgra chicken division competes principally with other vertically integrated chicken companies.

In general, the competitive factors in the U.S. chicken industry include price, product quality, product development, brand identification, breadth of product line and customer service. Competitive factors vary by major market. In the foodservice market, competition is based on consistent quality, product development, service and price. In the U.S. retail market, competition is based on product quality, brand awareness and customer service. There is some competition with non-vertically integrated further processors in the U.S. prepared food business.

Properties and Operations

Breeding and Hatching. The ConAgra chicken division supplies all of its chicks in the United States by producing its own hatching eggs from domestic breeder flocks in the United States. The ConAgra chicken division currently contracts for approximately 11.7 million square feet of breeder housing on approximately 341 breeder farms in which the breeder stock is housed and fed.

The ConAgra chicken division owns sixteen chicken hatcheries in the United States. These hatcheries are located in Fort Payne, Moulton, and Enterprise, Alabama, Batesville, Atkins and El Dorado, Arkansas, Athens, Canton, Cohutta and Gainesville (2), Georgia, Mayfield (2), Kentucky and Athens, Choudrant, and Natchitoches,

Louisiana, where eggs are incubated and hatched in a process requiring 21 days. Once hatched, the day old chicks are inspected and vaccinated against common poultry diseases and transported by ConAgra chicken division vehicles to grow-out farms. The ConAgra chicken division has sixteen hatcheries in the United States have an aggregate production capacity of approximately 16 million chicks per week. In Aibonito, Puerto Rico, the ConAgra chicken division owns one hatchery, which has an aggregate production capacity of approximately 425,000 chicks per week.

Grow-out. The ConAgra chicken division places its U.S. grown chicks on approximately 1,667 contract grow-out farms located in six states. These contract grow-out farms contain approximately 5,572 chicken houses with approximately 89 million square feet of growing facilities. Additionally, the ConAgra chicken division owns and operates a grow-out farm containing six chicken houses with approximately 150,000 square feet of growing facilities in the United States, which account for an insignificant amount of the ConAgra chicken division's total annual U.S. chicken capacity. On contracted grow-out farms, the farmers provide the facilities, utilities and labor; the ConAgra chicken division supplies the chicks, the feed and all veterinary and technical services. Contract grow-out farmers are paid based on live weight produced under an incentive arrangement. The average grow-out cycle of ConAgra Foods' chickens is six to seven weeks.

Feed Mills. An important factor in the production of chicken is the rate at which feed is converted into body weight. The quality and composition of the feed is critical to the conversion rate. Accordingly, the ConAgra chicken division formulates and produces its own feed. The primary feed ingredients include corn, milo and soybean meal, which historically have been the largest component of the ConAgra chicken division's total chicken production costs. In the United States, the ConAgra chicken division operates feed mills located in Faulkville and Enterprise, Alabama, Batesville, Atkins and El Dorado, Arkansas, Athens, Canton, and Gainesville, Georgia, Mayfield, Kentucky, Arcadia and Many, Louisiana and Chattanooga, Tennessee. In the United States, the ConAgra chicken division currently has annual feed requirements of approximately 3.6 million tons and the capacity to produce approximately 4.7 million tons. The ConAgra chicken division owns one feed mill in Las Piedras, Puerto Rico, which produces all of the requirements of its Puerto Rican operations. Puerto Rico's annual feed requirements are approximately 80,000 tons with a capacity to produce approximately 80,000 tons.

Processing. Once the chickens reach processing weight, they are transported by truck to the ConAgra chicken division's processing plants. These plants utilize modern, highly automated equipment to process and package the chickens. The ConAgra chicken division has 13 U.S. processing plants which are located in Athens and Enterprise, Alabama, Batesville, Clinton and El Dorado, Arkansas, Athens, Canton, Dalton and Gainesville, Georgia, Mayfield, Kentucky, Farmerville and Natchitoches, Louisiana and Chattanooga, Tennessee. These processing plants have the capacity, under present USDA inspection procedures, to slaughter approximately 15.2 million head of chickens per week, assuming a five-day work week. The ConAgra chicken division's other processing plant located in Aibonito, Puerto Rico has the capacity to slaughter approximately 329,000 head of chickens per week, assuming a five-day work week.

Prepared Foods Operations.

The ConAgra chicken division operates four prepared food plants. These plants primarily process chicken prepared foods products and are located in Elberton, Georgia, Chattanooga, Tennessee, Farmerville, Louisiana and Moorefield, West Virginia. Further processed prepared foods products include items such as fully cooked breaded wings, portion-controlled breast fillets, tenderloins and strips, formed nuggets and patties and bone-in chicken parts. Prepared foods are sold frozen and may be fully cooked, partially cooked or raw, breaded or non-breaded or pre-marinated or non-marinated.

Legal Proceedings

The ConAgra chicken division is a party to a number of lawsuits and claims arising out of the operation of its business. After taking into account liabilities recorded, ConAgra Foods' management believes the ultimate resolution of such matters should not have a material adverse effect on the ConAgra chicken division's financial condition, results of operations or liquidity.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF
OPERATIONS - CONAGRA CHICKEN DIVISION**

The following discussion and analysis is intended to provide a summary of significant factors relevant to the ConAgra chicken division's financial performance and condition. The discussion should be read together with the ConAgra Foods Chicken Business' financial statements and related notes included elsewhere herein. Years cited in this discussion refer to ConAgra Foods Chicken Business' fiscal years.

Thirteen Weeks ended August 24, 2003 Compared to Thirteen Weeks ended August 25, 2002

Sales. Net sales of \$607.0 million for the first quarter of fiscal 2004 were essentially flat as compared to the first quarter of fiscal 2003, reflecting lower volumes offset by increased sales prices.

Cost of Goods Sold. Cost of goods sold was \$582.7 million for first quarter of fiscal 2004, a \$17.8 million increase from the same period of the prior year. Gross profit (net sales less cost of goods sold) for the first quarter of fiscal 2004 declined to \$24.3 million from \$41.6 million in the same period of the prior year.

Gross margin (gross profit as a percent of net sales) declined to 4.0% in the first quarter of fiscal 2004 from 6.9% in the same period in the prior year. This decline primarily reflects higher input costs and \$3.2 million of costs associated with a product recall. The recall was triggered when the company's quality control process detected a small quantity of foreign objects in the production process.

Selling, General and Administrative Expenses. Selling, general and administrative (SG&A) expenses decreased \$1.5 million, or 7.6%, to \$18.1 million for first quarter of fiscal 2004. This decrease was primarily a result of lower employee compensation expense. SG&A expenses were 3.0% of net sales during the first quarter of fiscal 2004, as compared to 3.2% of net sales during the same period in the prior year.

Corporate Allocations-Selling, General and Administrative. Corporate allocations include charges that have been allocated by ConAgra Foods and recorded as an expense for corporate services, including executive, finance, legal and tax. Expenses incurred by ConAgra Foods and allocated to the ConAgra chicken division are determined based on the specific services being provided or are allocated based on ConAgra Foods' investment in the ConAgra chicken division in proportion to ConAgra Foods' total investment in its subsidiaries. Such expenses included in allocated selling, general and administrative expenses are \$5.3 million and \$4.8 million for the first quarter of fiscal 2004 and 2003, respectively.

Corporate Allocations-Finance Charges. Corporate allocations also include charges that have been allocated by ConAgra Foods and recorded as finance charges. ConAgra Foods allocated finance costs of \$8.8 million and \$6.4 million in the first quarter of fiscal 2004 and 2003, respectively.

Income Taxes. The effective income tax rate was 38.0% for the first quarter of fiscal 2004 compared with 37.2% for the same period of the prior year.

Fiscal 2003 Compared to Fiscal 2002

Sales. Net sales were \$2,341.7 million for 2003, a \$93.1 million or 3.8% decrease from 2002. This decrease, in part, reflects lower broiler markets, largely in dark meat and wings, primarily impacting the retail channel. The 2003 decrease also reflects the closure of one of the ConAgra chicken division's distribution centers.

Cost of Goods Sold. Cost of goods sold was \$2,258.0 million for 2003, a \$9.3 million decrease from 2002. Gross profit (net sales less cost of goods sold) for 2003 declined to \$83.6 million from \$167.4 million in 2002. Gross margin (gross profit as a percent of net sales) declined to 3.6% in 2003 from 6.9% in 2002. These declines reflect increased grain and deboning costs, offset, in part, by improved processing yields and growth in the foodservice broad-line distributor business.

Selling, General and Administrative Expenses. Selling, general and administrative (SG&A) expenses decreased \$6.3 million, or 8.0%, to \$73.0 million for 2003. This decrease was primarily a result of lower compensation costs in 2003 as compared to 2002. SG&A expenses were also favorably impacted by \$1.0 million, due to the ConAgra chicken division no longer amortizing goodwill beginning in the first quarter of 2003 as a result of the adoption of Statement of Financial Accounting Standards (SFAS) No. 142, *Goodwill and Other Intangible Assets*. SG&A expenses were 3.1% of net sales during 2003, as compared to 3.3% of net sales during 2002.

Corporate Allocations Selling, General and Administrative. Corporate allocations include charges that have been allocated by ConAgra Foods and recorded as an expense for corporate services, including executive, finance, legal and tax. Expenses incurred by ConAgra Foods and allocated to the ConAgra chicken division are determined based on the specific services being provided or are allocated based on ConAgra Foods' investment in the ConAgra chicken division in proportion to ConAgra Foods' total investment in its subsidiaries. Such expenses included in allocated selling, general and administrative expenses are \$19.3 million and \$19.0 million for fiscal 2003 and 2002, respectively.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Corporate Allocations Finance Charges. Corporate allocations also include charges that have been allocated by ConAgra Foods and recorded as finance charges. ConAgra Foods allocated finance costs of \$26.0 million and \$22.7 million in fiscal 2003 and 2002, respectively.

Income Taxes. The effective income tax rate was 37.2% for 2003 compared with 38.0% for 2002.

On June 9, 2003, ConAgra Foods announced an agreement to sell its chicken division to Pilgrim's Pride Corporation. In connection with the expected sale, ConAgra Foods classified the company's long-lived assets as

held for sale and recognized an impairment charge of \$69.4 million (net of an income tax benefit of \$42.6 million) in its financial statements to reduce the carrying amount of goodwill to zero and reflect a reduction in the carrying values of long-lived assets of the ConAgra chicken division to their fair market value, less cost to sell. The ConAgra chicken division has not recognized this impairment charge as it considers its long-lived assets to be fully recoverable on a held for use basis.

Fiscal 2002 Compared to Fiscal 2001

Sales. Net sales were \$2,434.7 million for 2002, a \$93.7 million or 4.0% increase from 2001. This increase reflects improved broiler markets, especially in dark meat and wings, product mix improvements resulting from a higher proportion of prepared food sales, and improved prices and customer mix within the retail channel.

Cost of Goods Sold. Cost of goods sold was \$2,267.4 million for 2002, a \$3.6 million increase from 2001. Gross profit (net sales less cost of goods sold) for 2002 increased to \$167.4 million from \$77.3 million in 2001. Gross margin (gross profit as a percent of net sales) increased to 6.9% in 2002 from 3.3% in 2001. These increases reflect the improved sales pricing and mix discussed above, offset in part by increased grain costs.

Selling, General and Administrative Expenses. SG&A expenses increased \$6.8 million, or 9.3%, to \$79.4 million for 2002. This increase can be attributed to increased compensation costs in 2002 as compared to 2001. SG&A expenses were 3.3% of net sales during 2002, compared to 3.1% of net sales during 2001.

Corporate Allocations Selling, General and Administrative. Corporate allocations include allocated SG&A expenses of \$19.0 million and \$20.6 million for fiscal 2002 and 2001, respectively.

Corporate Allocations Finance Charges. Corporate allocations also include allocated finance charges of \$22.7 million and \$31.8 million in fiscal 2002 and 2001, respectively.

Income Taxes. The effective income tax rate was 38.0% for 2002 compared with 36.7% for 2001.

Liquidity and Capital Resources

Sources of Liquidity and Capital. Historically, the ConAgra chicken division's sources of cash have been from cash flow from operations and advances received from ConAgra Foods.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

At August 24, 2003, working capital (current assets less current liabilities) was \$173.9 million. At May 25, 2003, working capital was \$181.8 million compared with \$201.7 million at May 26, 2002. The reduced working capital is primarily a result of management's continued focus on minimizing trade working capital (accounts receivable plus inventory less accounts payable and accrued expenses).

Cash Flows. Cash flows from operating activities totaled \$13.1 million for the first quarter of fiscal 2004 as compared to \$8.6 million for the same period of the prior year. The changes in cash flow were primarily due to the ConAgra chicken division's higher use of trade working capital during the first quarter of the prior fiscal year as compared to the current year, offset in part by lower net income in the first quarter of the current year as compared to the same period in the prior year.

Cash flows from operating activities totaled \$81.0 million for 2003 as compared to \$144.5 million for 2002 and \$8.7 million in 2001. The changes in cash flow were primarily due to changes in net income and significant reductions in trade working capital in 2002.

Cash used in investing activities totaled \$8.4 million for the first quarter of fiscal 2004, as compared to \$5.1 million in the same period of the prior year. Cash used in investing activities totaled \$36.8 million for 2003, as compared to \$52.3 million in 2002 and \$45.2 million in 2001. Cash flows used in investing activities are primarily capital expenditures incurred for property, plant and equipment.

Table of Contents**Index to Financial Statements**

Cash used in financing activities totaled \$9.3 million for the first quarter of fiscal 2004 as compared to \$2.7 million generated in the same period of the prior year. Cash used in financing activities totaled \$37.9 million for 2003 and \$96.3 million in 2002, as compared to cash provided from financing activities of \$32.9 million in 2001. Net cash flow from financing activities primarily reflects changes in net investments and advances/distributions from ConAgra Foods.

Obligations and Commitments. As part of its ongoing operations, the ConAgra chicken division enters into arrangements that obligate it to make future payments under contracts such as debt and lease agreements. Debt obligations, which total \$17.0 million, are currently recognized as liabilities in the ConAgra chicken division's consolidated balance sheet. Operating lease obligations, which total \$13.4 million, are not recognized as liabilities in the ConAgra chicken division's consolidated balance sheet in accordance with generally accepted accounting principles. At May 25, 2003, the ConAgra chicken division had no outstanding unconditional purchase obligations.

A summary of the ConAgra chicken division's contractual obligations at the end of 2003 is as follows:

<u>Contractual Obligations</u>	<u>Payments Due by Period</u>				
	<u>Total</u>	<u>Less than 1 Year</u>	<u>2-3 Years</u>	<u>4-5 Years</u>	<u>After 5 Years</u>
			(in millions)		
Long-Term Debt	\$ 17.0	\$.4	\$.1	\$.4	\$ 16.1
Lease Obligations	13.4	2.1	4.3	1.8	5.2
Total	\$ 30.4	\$ 2.5	\$ 4.4	\$ 2.2	\$ 21.3

At August 24, 2003 and May 25, 2003, the ConAgra chicken division had no outstanding commercial commitment arrangements (e.g., guarantees).

Trading Activities. The Company has no trading activities as all derivative contracts are considered either normal purchase and sale contracts or hedging contracts which qualify for hedge accounting under SFAS No. 133.

Critical Accounting Policies

The process of preparing financial statements requires the use of estimates on the part of management. The estimates used by management are based on the ConAgra chicken division's historical experiences combined with management's understanding of current facts and circumstances. Certain of the ConAgra chicken division's accounting policies are considered critical as they are both important to the portrayal of the ConAgra chicken division's financial condition and results and require significant or complex judgment on the part of management. The following is a summary of certain accounting policies considered critical by management of the ConAgra chicken division.

Allowance for Doubtful Accounts The ConAgra chicken division's allowance for doubtful accounts reflects reserves for customer receivables to reduce receivables to amounts expected to be collected. Management uses significant judgment in estimating uncollectible amounts. In estimating uncollectible amounts, management considers factors such as current overall economic conditions, industry-specific economic conditions, historical customer performance, and anticipated customer performance. While management believes the ConAgra chicken division's processes effectively address its exposure for doubtful accounts, changes in the economy, industry, or specific customer conditions may require adjustment to the allowance for doubtful accounts recorded by the ConAgra chicken division.

Inventory Valuation Management reviews its inventory balances to determine if inventories can be sold at amounts equal to or greater than their carrying amounts. The review includes identification of slow moving

Table of Contents**Index to Financial Statements**

inventories, obsolete inventories, and discontinued products or lines of products. The identification process includes historical performance of the inventory, current operational plans for the inventory, as well as industry and customer specific trends. If the ConAgra chicken division's actual results differ from management expectations with respect to the selling of its inventories at amounts equal to or greater than their carrying amounts, the ConAgra chicken division would be required to adjust its inventory balances accordingly.

Employment-Related Benefits The ConAgra chicken division incurs certain employment-related expenses associated with pensions, postretirement health care benefits, and workers' compensation. In order to measure the expense associated with these employment-related benefits, management must make a variety of estimates including discount rates used to present value certain liabilities, assumed rates of return on assets set aside to fund these expenses, compensation increases, employee turnover rates, anticipated mortality rates, anticipated healthcare costs, and employee accidents incurred but not yet reported to the ConAgra chicken division. The estimates used by management are based on the ConAgra chicken division's historical experience as well as current facts and circumstances. The ConAgra chicken division uses third-party specialists to assist management in appropriately measuring the expense associated with these employment-related benefits. Different estimates used by management could result in the ConAgra chicken division recognizing different amounts of expense over different periods of time.

Impairment of Long-Lived Assets (including property, plant and equipment), Goodwill and Identifiable Intangible Assets In accordance with applicable accounting literature, the ConAgra chicken division reduces the carrying amount of long-lived assets, goodwill and identifiable intangible assets to their fair value when the fair value of such assets is determined to be less than their carrying amounts (i.e., assets are deemed to be impaired). Fair value is typically estimated using a discounted cash flow analysis, which requires the ConAgra chicken division to estimate the future cash flows anticipated to be generated by the particular asset(s) being tested for impairment as well as select a discount rate to present value the anticipated cash flows. When determining future cash flow estimates, the ConAgra chicken division considers historical results adjusted to reflect current and anticipated operating conditions. Estimating future cash flows requires significant judgment by the ConAgra chicken division in such areas as future economic conditions, industry-specific conditions, product pricing and necessary capital expenditures. The use of different assumptions or estimates for future cash flows could produce different impairment amounts (or none at all) for long-lived assets, goodwill and identifiable intangible assets.

Recently Issued Accounting Standards

In November 2002, the FASB's Emerging Issues Task Force (EITF) reached a consensus on EITF Issue No. 00-21, Revenue Arrangements with Multiple Deliverables. EITF Issue No. 00-21 provides guidance for revenue arrangements that involve the delivery or performance of multiple products or services where performance may occur at different points or over different periods of time. EITF Issue No. 00-21 is effective for revenue arrangements entered into in fiscal periods beginning after June 15, 2003 (i.e., the company's second quarter of fiscal 2004). The company does not expect the adoption of EITF Issue No. 00-21 to have a material impact on the company's financial statements.

In May 2003, the EITF reached a consensus on EITF Issue No. 01-8, Determining Whether an Arrangement Contains a Lease. EITF Issue No. 01-8 requires a party to a service contract or similar arrangement to determine whether the arrangement is or includes a lease within the scope of SFAS No. 13, Accounting for Leases. EITF Issue No. 01-8 is effective for arrangements entered into or modified after August 24, 2003 and is not expected to have a material impact on the company's financial statements.

Off Balance Sheet Arrangements

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

In January 2003, the FASB issued FIN No. 46, *Consolidation of Variable Interest Entities*. A variable interest entity (VIE) is an entity whose equity investors do not have a controlling financial interest or do not

have sufficient equity at risk such that the entity cannot finance its own activities. FIN No. 46 provides that VIEs shall be consolidated by the entity deemed to be the primary beneficiary of the VIE. FIN No. 46 is immediately effective for VIEs created after January 31, 2003. For VIEs created prior to February 1, 2003, FIN No. 46 is effective for the ConAgra chicken division in the second quarter of fiscal 2004. The ConAgra chicken division is currently evaluating its relationship with unconsolidated entities which may meet the definition of a VIE. Based on its analysis to date, the ConAgra chicken division has not determined the impact, if any, from the adoption of FIN No. 46.

Related Party Transactions

ConAgra Foods' executive, finance, legal, tax and other corporate departments perform certain administrative and other services for the ConAgra chicken division. Expenses incurred by ConAgra Foods and allocated to the ConAgra chicken division are determined based on specific services being provided or are allocated based on ConAgra Foods' investment in the ConAgra chicken division in proportion to ConAgra Foods' total investment in its subsidiaries. In addition, ConAgra Foods allocates finance costs to the ConAgra chicken division based on ConAgra Foods' investment in the ConAgra chicken division and net intercompany advances. Management believes that such expense allocations are reasonable. It is not practical to estimate the expenses that would have been incurred by the ConAgra chicken division if it had been operated on a stand-alone basis. Corporate allocations include allocated selling, general and administrative expenses of \$5.3 million and \$4.8 million for the thirteen week periods ended August 24, 2003 and August 25, 2002, respectively. Allocated finance charges were \$8.8 million and \$6.4 million for the thirteen week periods ended August 24, 2003 and August 25, 2002, respectively. Corporate allocations include allocated selling, general and administrative expenses of \$19.3 million, \$19.0 million and \$20.6 million for fiscal 2003, 2002 and 2001, respectively, and allocated finance charges of \$26.0 million, \$22.7 million and \$31.8 million in fiscal 2003, 2002 and 2001, respectively.

The ConAgra chicken division also has transactions in the normal course of business with parties under common ownership. Net sales to related parties were \$43.4 million and \$39.6 million for the thirteen week periods ended August 24, 2003 and August 25, 2002, respectively. With respect to gross margins associated with related party net sales, certain products are sold at cost while others are sold at prices resulting in gross margins similar to third-party net sales. Net sales to related parties were \$134.7 million, \$139.2 million and \$160.0 million in fiscal years 2003, 2002 and 2001, respectively. With respect to gross margins associated with related party net sales, certain products are sold at cost while others are sold at prices resulting in gross margins similar to third-party net sales.

Market Risk

The principal market risks affecting the ConAgra chicken division are exposures to price fluctuations of commodity and energy inputs.

Commodities The ConAgra chicken division purchases commodity inputs such as chicken, wheat, corn, soybean meal, soybean oil, energy and packaging materials to be used in its operations. These commodities are subject to price fluctuations that may create price risk. The ConAgra chicken division enters into commodity hedges to manage this price risk using physical forward contracts or derivative instruments. ConAgra Foods has policies governing the hedging instrument its businesses may use. These policies include limiting the dollar risk exposure for each of its businesses. The ConAgra chicken division also monitors the amount of associated counter-party credit risk for all non-exchange-traded transactions. The ConAgra chicken division's trading activities are limited in terms of maximum dollar exposure and monitored to ensure compliance.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The following table presents one measure of market risk exposure using sensitivity analysis. Sensitivity analysis is the measurement of potential loss of fair value resulting from a hypothetical change of 10% in market prices. Actual changes in market prices may differ from hypothetical changes. In reality, as markets move, the

Table of Contents**Index to Financial Statements**

ConAgra chicken division actively manages its risk and adjusts hedging strategies as appropriate. Fair value was determined using quoted market prices and was based on the ConAgra chicken division's net derivative position by commodity at each quarter end during the fiscal year. The market risk exposure analysis excludes the underlying commodity positions that are being hedged. The commodities hedged have a high inverse correlation to price changes of the derivative commodity instrument.

Effect of 10% Change in Market Prices

	<u>2003</u>	<u>2002</u>
	(in millions)	
Grains		
High	\$ 10.8	\$ 15.0
Low	4.2	6.0
Average	7.9	9.8

The above mentioned commodities are subject to price volatility caused by commodity market fluctuations, supply and demand, and changes in governmental agricultural programs. Commodity price increases will result in increases in raw material costs and operating costs. The ConAgra chicken division has many years' experience in hedging against commodity price increases; however, hedging practices reduce but do not eliminate the risk of increased operating costs from commodity price increases.

For the first quarter of fiscal 2004, the maximum potential loss of fair value resulting from a hypothetical change of 10% in market prices was \$2.4 million based on the company's net grain derivative positions at quarter end.

Reform Act of 1995. These statements are based on management's current expectations and are subject to uncertainty and changes in circumstances. Actual results may vary materially from the expectations contained in the forward-looking statements. ConAgra Foods cautions that any forward-looking statements included in this proxy statement are made as of the date of this proxy statement.

UNAUDITED PRO FORMA FINANCIAL DATA

The unaudited pro forma financial data is based on our historical consolidated financial statements and the historical combined financial statements of the ConAgra chicken division. The unaudited pro forma financial data reflects the \$100 million 9⁵/₈% senior notes offering sold pursuant to Pilgrim's Pride's prospectus supplement dated August 13, 2003. The proceeds of the ~~8~~9% senior notes offering will be used to reduce the principal amount of 10.5% subordinated notes to be issued in connection with the purchase of the ConAgra chicken division by increasing the amount of cash to be paid to ConAgra Foods in connection with such purchase. The assumptions and adjustments are described in the notes to the unaudited pro forma financial data, including assumptions relating to the allocation of the consideration paid for the assets and liabilities of the ConAgra chicken division based on preliminary estimates of their respective fair values. Although we do not currently expect the final acquisition value to differ significantly, the terms of the Stock Purchase Agreement are likely to result in a purchase price of the ConAgra chicken division that is different from that presented in the unaudited pro forma combined financial statements primarily resulting from the following:

- (1) the purchase price is determined by reference to the adjusted net book value of the assets and liabilities of the ConAgra chicken division as of the closing date of the acquisition. Such amount will vary from the August 24, 2003 information used in the preparation of the unaudited pro forma financial statements; and
- (2) the variability of the common stock portion of the consideration payable to ConAgra Foods, which is based on changes in the market price and trading volume of our common stock for the period from June 10, 2003 through the date five trading days prior to the closing date of the acquisition.

Based on the August 24, 2003 unaudited financial statements of the ConAgra Foods Chicken Business, and our common stock data through October 24, 2003, we have computed the acquisition value at approximately \$615.4 million plus transaction costs, consisting of \$103.5 million in senior notes, \$100 million in subordinated debt, the issuance of 25,358,860 shares of our common stock valued at \$12.87 per share and the remainder in secured borrowings. The reclassification of the Class A common stock and Class B common stock has not been included as it has no effect on the unaudited pro forma condensed balance sheet. Our unaudited pro forma statements of operations have been presented as if the acquisition of the ConAgra chicken division had occurred at the beginning of the fiscal year ended September 28, 2002, while the unaudited pro forma balance sheet has been presented as if the acquisition occurred on June 28, 2003. The most recent fiscal year of ConAgra Foods and the ConAgra chicken division ended May 25, 2003, and Pilgrim's Pride's most recent fiscal year ended September 27, 2003. As a result, the combined pro forma financial statements have been prepared by adjusting the ConAgra chicken division quarterly results to more closely match the applicable Pilgrim's Pride reporting periods. However, the ConAgra chicken division information has been included with a one-month lag to the Pilgrim's Pride reporting periods in order to maintain their existing quarterly periods.

Table of Contents**Index to Financial Statements****NOTES TO THE UNAUDITED PRO FORMA FINANCIAL DATA**

- (A) The fiscal year of ConAgra Foods and the ConAgra chicken division ended May 25, 2003, and the fiscal year of Pilgrim's Pride ended September 27, 2003. As a result, the combined pro forma financial statements have been prepared by adjusting the ConAgra chicken division quarterly results to more closely match the Pilgrim's Pride reporting period. However, the ConAgra chicken division information has been included with a one-month lag to the Pilgrim's Pride reporting periods in order to maintain their existing quarterly periods. In addition, certain reclassifications have been made to the ConAgra chicken division's historical financial statements to conform to the presentation used by Pilgrim's Pride.
- (B) Elimination of ConAgra chicken division cash assumed to be distributed prior to closing.
- (C) Represents the elimination of the balance sheet amounts related to derivatives and hedging and goodwill which are not being acquired. In addition, deferred income taxes are eliminated because, upon the consummation of the acquisition, Pilgrim's Pride will step-up the tax basis of assets to the value of the acquisition.
- (D) The ConAgra chicken division acquisition will be accounted for as a purchase business combination. The Unaudited Pro Forma Financial Statements do not include any adjustments related to restructuring costs or recurring benefits expected from synergies. The purchase price allocation is preliminary and further adjustments may be made based on the completion of final valuation and other studies. Specifically, upon the closing of the acquisition we will complete a valuation of fixed assets, supply agreements and other agreements and adjust purchase price accordingly. The final valuation of fixed assets, supply agreements and other agreements is not expected to result in a material change to the unaudited pro forma financial data. As previously discussed, the purchase price is dependent on a number of factors, including the trading price and trading volume of our common stock and the adjusted net book value of the ConAgra chicken division assets and liabilities at closing. The following table summarizes the net assets acquired based on the May 25, 2003 balance sheet of the ConAgra chicken division. Purchase consideration is based on the August 24, 2003 balance sheet of the ConAgra chicken division, the closing price of Pilgrim's Pride Class A common stock on October 24, 2003, and the price and volume changes in our common stock that have occurred since June 10, 2003 (in thousands, except per share amounts).

Purchase price adjustment	\$ 34,293
	<u> </u>

The Company expects that substantially all of this adjustment will be included to adjust the basis of property, plant and equipment.

As discussed above, the purchase price will vary based on the adjusted net book value of the ConAgra chicken division and the price and trading volumes of our common stock up to the closing date of the acquisition.

- (E) Represents adjustments to long term debt and interest expense to consider the following attributes of the acquisition of the ConAgra chicken division;
- i. Elimination of the corporate allocation: finance charge previously allocated by ConAgra Foods.
 - ii. Increase in long-term debt resulting from the issuance of 9 ⁵/₈% Senior Notes due 2011.
 - iii. Increase in long-term debt resulting from the anticipated issuance of 10.5% subordinated notes to ConAgra Foods as payment for a portion of the purchase price.
 - iv. Increase in long-term debt resulting from the issuance of \$80.0 million in senior notes from an insurance company having an interest rate equal to United States treasury rates plus 2.6% due in 2014.
 - v. Increase in long-term debt resulting from the issuance of \$20.0 million in senior notes having an interest rate equal to United States treasury rates plus 2.6%; due in 2010.
 - vi. Reduction in outstanding borrowings under our revolving term borrowing facility by \$6.2 million from the proceeds of the issuance of our 9 ⁵/₈% Senior Notes due 2011 in excess of amounts applied to the purchase price of the ConAgra chicken division.
 - vii. Consideration of the 1% guarantee fee paid to the company's major stockholder, for his guarantees on the secured debt described in iii. and iv. above.
- (F) Represents the adjustment to estimated income tax expense as a result of the ConAgra chicken division acquisition and the pro forma adjustments.
- (G) Represents the adjustment to depreciation expense based on the fair value preliminarily assigned to property, plant and equipment. On average, the useful life assigned to the property, plant and equipment is assumed to be 10 years.
- (H) In connection with the stock purchase agreement, Pilgrim's Pride will execute supply agreements under which Pilgrim's Pride will continue to provide poultry to the other divisions of ConAgra Foods. Historically, the intercompany transfer of certain products was done at values that approximated cost. The supply agreements with ConAgra Foods have two primary sales provisions, summarized as follows:

A pricing structure that covers a specific plant, which is substantially dedicated to producing chicken for a ConAgra Foods facility (Specific Plant Pricing Structure), will sell products to ConAgra Foods on a cost plus a specified cent per pound mark-up. During the year ended May 25, 2003, approximately 53% of the pounds sold to other ConAgra Foods operations would have been produced under the Specific Plant Pricing Structure.

A pricing structure that generally covers all other sales to ConAgra Foods facilities (All Other Pricing Structure) specifies sales price based on a negotiated periodic adjustment to the representative thirteen-week average of a market-based index. During the year ended May 25, 2003, approximately 47% of the pounds sold to other ConAgra Foods operations would have been produced under the All Other Pricing Structure.

A pro forma adjustment has been included to reflect the increase in net revenues that would result by applying the Specific Plant Pricing Structure to the historical pounds sold applicable to this structure. Although, no specific mark-up is specified in the All Other Pricing Structure the Company believes that the pricing that will result from the operation of these agreements will be at least as favorable as the Specific Plant Pricing Structure. As a result we estimate that the operation of the All Other Pricing Structure if applied on a pro forma basis to historical pounds sold would have increased net revenues and profits by at least an additional \$4 million. This amount has not been included, as a pro forma adjustment because the provisions of the All Other Pricing Structure in the supply agreements do not indicate a contractual profit percentage.

The unaudited financial information reflects all adjustments (consisting of normal and recurring adjustments), which are, in the opinion of management, necessary for a fair presentation of the results of operations, financial position, and cash flows for the periods presented. These combined financial statements should be read in conjunction with the combined financial statements and related notes of the ConAgra Foods Chicken Business (the company) included elsewhere in this Proxy Statement.

The results of operations for any quarter or a partial fiscal year period are not necessarily indicative of the results to be expected for other periods or the full fiscal year.

Stock-Based Compensation The company has stock option plans approved by stockholders, which provide for granting of options to employees for purchase of common stock at prices equal to the fair market value at the time of grant. The company accounts for its employee stock option plans in accordance with Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*. Accordingly, no stock-based compensation expense is reflected in net income, as options granted under these plans have an exercise price equal to the market value of the underlying common stock on the date of grant.

The following table provides required pro forma information regarding net income assuming the company recognized expense for its employee stock options using the fair value method. The fair value of options was estimated at the date of the grant using the Black-Scholes option pricing model. Pro forma net income (loss) is as follows:

	Thirteen weeks ended	
	August 24, 2003	August 25, 2002
Net income (loss), as reported	\$ (5,002)	\$ 6,813

Pro forma net income (loss)	\$ (5,171)	\$ 6,644

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Comprehensive Income Comprehensive income includes net income and certain derivative-related activity.

	2003	2002
Net income (loss)	\$ (5,002)	\$ 6,813

Accounting Changes Effective May 26, 2003, the company adopted Statement of Financial Accounting Standards (SFAS) No. 143, *Accounting for Asset Retirement Obligations*, which requires the company to recognize the fair value of a liability associated with the cost the company is legally obligated to incur in order to retire an asset at some point in the future. The associated asset retirement costs are capitalized as part of the carrying amount of the associated long-lived asset. Over time, the liability will increase, reflecting the accretion of the obligation from its present value to the amount the company will pay to

NOTES TO COMBINED FINANCIAL STATEMENTS

extinguish the liability, and the capitalized asset retirement costs will be depreciated over the useful life of the related assets. Application of this new accounting standard resulted in a cumulative effect of an accounting change that decreased net income by \$.1 million in the first quarter of fiscal 2004. This also resulted in the company recognizing an asset retirement obligation of \$.2 million in other noncurrent liabilities and increasing property, plant and equipment, net by \$.1 million. The majority of the company's asset retirement obligations relate to various contractual obligations for restoration of leased assets at the end of lease terms. There have been no significant changes in the company's asset retirement obligations for the thirteen week period ended August 24, 2003.

If SFAS No. 143 would have been in effect in the first quarter of fiscal 2003, net income for that quarter would not have been materially different from that which was previously reported.

During the first quarter of the current fiscal year, the company adopted SFAS No. 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*. SFAS No. 149 amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133, *Accounting for Derivative Financial Instruments and Hedging Activities*, and its related amendment, SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities* (collectively SFAS No. 133). This Statement is generally effective for contracts entered into or modified after June 30, 2003 and did not have a material impact on the company's financial statements.

The company adopted SFAS No. 142, *Goodwill and Other Intangible Assets*, at the beginning of fiscal 2003. In accordance with SFAS No. 142, the company completed its initial impairment testing of goodwill and identifiable intangible assets with indefinite lives. The initial adoption of SFAS No. 142 did not have a material impact on the company's financial statements.

Recently Issued Accounting Pronouncements In November 2002, the FASB's Emerging Issues Task Force (EITF) reached a consensus on EITF Issue No. 00-21, *Revenue Arrangements with Multiple Deliverables*. EITF Issue No. 00-21 provides guidance for revenue arrangements that involve the delivery or performance of multiple products or services where performance may occur at different points or over different periods of time. EITF Issue No. 00-21 is effective for revenue arrangements entered into in fiscal periods beginning after June 15, 2003 (i.e., the company's second quarter of fiscal 2004). The company does not expect the adoption of EITF Issue No. 00-21 to have a material impact on the company's financial statements.

In May 2003, the EITF reached a consensus on EITF Issue No. 01-8, *Determining Whether an Arrangement Contains a Lease*. EITF Issue No. 01-8 requires a party to a service contract or similar arrangement to determine whether the arrangement is or includes a lease within the scope of SFAS No. 13, *Accounting for Leases*. EITF Issue No. 01-8 is effective for arrangements entered into or modified after August 24, 2003 and is not expected to have a material impact on the company's financial statements.

3. Derivative Financial Instruments

The company is exposed to market risk, such as changes in commodity prices. To attempt to minimize exposure associated with market volatility, the company may enter into various derivative transactions (e.g., futures and options) pursuant to established company policies.

The fair value of derivative assets is recognized within prepaid expenses and other current assets, while the fair value of derivative liabilities is recognized within other accrued liabilities. As of August 24, 2003 and May 25, 2003, the fair value of derivatives recognized within prepaid expenses and other current assets was \$2.1 million and \$2.3 million, respectively, while the amount recognized within other accrued liabilities was not significant.

For the thirteen week period ended August 24, 2003, the ineffectiveness associated with derivatives designated as cash flow and fair value hedges was not significant, as compared to a gain of \$.8 million for the 13 week period ended August 25, 2002. Hedge ineffectiveness is recognized within cost of goods sold. The company does not exclude any component of the hedging instrument's gain or loss when assessing effectiveness.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Generally, the company hedges a portion of its anticipated consumption of commodity inputs for periods of up to 12 months. The company may enter into longer-term hedges on particular commodities if deemed appropriate. As of August 24, 2003, the company had hedged certain portions of its anticipated consumption of commodity inputs through May 2004.

As of August 24, 2003 and May 25, 2003, the net deferred gain recognized in accumulated other comprehensive income was \$.8 million and \$1.6 million, net of tax, respectively. The company anticipates the net of tax gain of \$.8 million as of August 24, 2003, will be transferred out of accumulated other comprehensive income and recognized within earnings over the next 12 months. For the thirteen weeks ended August 24, 2003 and August 25, 2002, a net of tax \$.2 million gain and \$.3 million loss was transferred from accumulated other comprehensive income into income, respectively.

For the thirteen week period ended August 24, 2003 and August 25, 2002, the company did not discontinue any cash flow hedges or firm commitments.

4. Related Party Transactions

ConAgra Food's executive, finance, legal, tax and other corporate departments perform certain administrative and other services for the company. Expenses incurred by ConAgra Foods and allocated to the company are determined based on specific services being provided or are allocated based on ConAgra Food's investment in the company in proportion to ConAgra Food's total investment in its subsidiaries. In addition, ConAgra Foods charges the company finance charges on ConAgra Food's investment in the company and net intercompany advances. Management believes that such expense allocations are reasonable. It is not practical to estimate the expenses that would have been incurred by the company if it had been operated on a stand-alone basis. Corporate allocations include allocated selling, administrative and general expenses of approximately \$5.3 million and \$4.8 million for the thirteen weeks ended August 24, 2003 and August 25, 2002, respectively, and allocated finance charges of \$8.8 million and \$6.4 million for the thirteen weeks ended August 24, 2003 and August 25, 2002, respectively.

The company also has transactions in the normal course of business with parties under common ownership. Net sales to related parties were \$43.4 million and \$39.6 million for the thirteen weeks ended August 24, 2003 and August 25, 2002, respectively. With respect to the gross margins associated with related party net sales, certain products are sold at cost while others are sold at prices resulting in gross margins similar to third-party net sales.

NOTES TO COMBINED FINANCIAL STATEMENTS

(Columnar Dollar Amounts in Thousands)

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business ConAgra Foods Chicken Business (the company) (a division of ConAgra Foods, Inc.) (ConAgra Foods) is involved in the processing, packaging and delivery of chicken products to grocery, foodservice, institutional, and special market customers. The company operates in one reportable business segment.

Fiscal Year The company's fiscal year ends on the last Sunday in May. The fiscal years for the financial statements presented consist of 52-week periods for fiscal years 2003, 2002 and 2001.

Basis of Presentation The combined financial statements of ConAgra Foods Chicken Business include the following chicken companies which have historically been operated as an integrated business: ConAgra Poultry Company, ConAgra Poultry Company of Kentucky, Inc., To-Ricos Inc., Lovette Company, Inc. and Hester Industries, Inc. The above businesses and assets are each directly or indirectly wholly-owned by ConAgra Foods. All significant intercompany investments, accounts and transactions have been eliminated.

Inventories Inventory consists principally of livestock (breeders, broilers, pullets, and hatching eggs), feed ingredients and finished chicken products. Live chicken inventories are stated at the lower of cost or market and breeder hens at the lower of cost, less accumulated amortization, or market. The costs associated with breeder hens are accumulated up to the production stage and amortized over the productive lives using the unit-of-production method. Fresh finished chicken products are valued at net realizable value, which approximates lower of cost or market, and frozen chicken finished products are valued at lower of cost or market. All other inventory is valued on the basis of the lower of cost, determined using the first-in, first-out method, or market. Lower of cost or market analysis is determined based on the aggregate cost versus market of the product. Inventories are presented net of allowance for obsolescence.

Long Lived Assets and Intangible Assets Property, plant and equipment are carried at cost. Depreciation has been calculated using primarily the straight-line method over the estimated useful lives of the respective classes of assets as follows:

Land improvements	1 - 40 years
Buildings	15 - 40 years
Machinery and equipment	3 - 20 years
Furniture, fixtures, office equipment and other	5 - 15 years

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The company reviews long-lived assets for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. Recoverability of an asset held-for-use is determined by comparing the carrying amount of the asset to the undiscounted net cash flows expected to be generated from the use of the asset. If the carrying amount is greater than the undiscounted net cash flows expected to be generated by the asset, the asset's carrying amount is reduced to its fair market value. An asset held-for-sale is reported at the lower of the carrying amount or fair market value, less cost to sell.

Income Taxes The company is included in the consolidated tax returns of ConAgra Foods. The company's provision for income taxes is computed on a separate legal entity basis. The company recognizes deferred tax assets and liabilities based on the differences between the financial statement and tax bases of assets and liabilities at each balance sheet date using enacted tax rates expected to be in effect in the year the differences are expected to reverse.

NOTES TO COMBINED FINANCIAL STATEMENTS

(Columnar Dollar Amounts in Thousands)

Derivative Instruments The company uses derivatives (e.g., futures and options) for the purpose of hedging exposure to changes in commodity prices. The fair value of each derivative is recognized in the balance sheet within current assets or current liabilities. Changes in the fair value of derivatives are recognized immediately in the income statement for derivatives that do not qualify for hedging accounting.

For derivatives designated as a hedge and used to hedge an existing asset or liability (e.g., inventory), both the derivative and hedged item are recognized at fair value within the balance sheet with the changes in both of these fair values being recognized immediately in the income statement. For derivatives designated as a hedge and used to hedge an anticipated transaction (e.g., future purchase of inventory), changes in the fair value of the derivatives are deferred in the balance sheet within accumulated other comprehensive income to the extent the hedge is effective in mitigating the exposure to the related anticipated transaction. Any ineffectiveness associated with the hedge is recognized immediately in the income statement. Amounts deferred within accumulated other comprehensive income are recognized in the income statement in the same period during which the hedged transaction affects earnings (e.g., when hedged inventory is sold).

Fair Values of Financial Instruments Unless otherwise specified, the company believes the carrying amount of financial instruments approximates their fair value.

Revenue Recognition Revenue is recognized when title and risk of loss are transferred to customers upon delivery based on terms of sale. Revenue is recognized as the net amount to be received after deducting estimated amounts for discounts, trade allowances and product returns. No single customer accounted for more than 10% of net sales in 2003, 2002 and 2001.

Export Sales In 2003, 2002 and 2001, net export sales were \$97.9 million, \$111.8 million and \$78.1 million, respectively.

Stock-Based Compensation The company accounts for its employee stock option plans in accordance with Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*. Accordingly, no stock-based compensation expense is reflected in net income, as options granted under these plans have an exercise price equal to the market value of the underlying common stock on the date of grant.

In December 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure* which became effective for fiscal years ending after December 15, 2002. SFAS No. 148 requires certain pro forma information regarding net income and earnings per share assuming the company recognized expense for its employee stock options using the fair value method. The fair value of options was estimated at the date of the grant using the

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Black-Scholes option pricing model with the following weighted average assumptions for 2003, 2002 and 2001, respectively: risk-free interest rate of 4.30%, 4.52% and 5.17%; a dividend yield of 3.9%, 3.9% and 2.4%; expected volatility of 30.0%, 29.0% and 29.0%; and an expected option life of six years. The weighted average fair value of options granted in fiscal 2003, 2002 and 2001 was \$5.88, \$5.08 and \$5.75, respectively. Pro forma net income (loss) is as follows:

	2003	2002	2001
Net income (loss), as reported	\$ (21,846)	\$ 28,736	\$ (30,197)
Deduct: Total stock-based employee Compensation expense determined under Fair value based method for all awards, net of related tax effects	(677)	(646)	(592)

Comprehensive Income Comprehensive income consists of net income and derivative adjustments. The following details the income tax expense (benefit) on components of other comprehensive income (loss):

	<u>2003</u>	<u>2002</u>	<u>2001</u>
Cumulative effect of change in accounting	\$	\$ (4,126)	\$
Net derivative adjustments	1,175	3,933	

Accounting Changes In June 2001, the FASB approved the issuance of SFAS No. 141, *Business Combinations*, and SFAS No. 142, *Goodwill and Other Intangible Assets*. These standards, issued in July 2001, establish accounting and reporting requirements for business combinations. SFAS No. 141 requires all business combinations entered into subsequent to June 30, 2001, to be accounted for using the purchase method of accounting. SFAS No. 142 provides that goodwill and other intangible assets with indefinite lives will not be amortized, but will be tested for impairment on an annual basis. SFAS No. 142 is effective for fiscal years beginning after December 15, 2001. The company adopted SFAS No. 142 at the beginning of fiscal 2003.

As of the beginning of fiscal year 2002, the company adopted SFAS No. 133, *Accounting for Derivative Financial Instruments and Hedging Activities*, and its related amendment, SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities* (SFAS No. 133). The adoption of SFAS No. 133 resulted in a cumulative effect of an accounting change that decreased accumulated other comprehensive income by \$6.7 million, net of tax of \$4.1 million.

Recently Issued Accounting Pronouncements In August 2001, the FASB issued SFAS No. 143, *Accounting for Asset Retirement Obligations*. This statement requires the company to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred and is effective for fiscal years beginning after June 15, 2002. The company has not yet completed its assessment of the anticipated adoption impact of this statement.

Use of Estimates Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates or assumptions affect reported amounts of assets, liabilities, revenue and expenses as reflected in the financial statements. Actual results could differ from estimates.

4. RELATED PARTY TRANSACTIONS

ConAgra Food's executive, finance, legal, tax and other corporate departments perform certain administrative and other services for the company. Expenses incurred by ConAgra Foods and allocated to the company are determined based on specific services being provided or are allocated based on ConAgra Food's investment in the company in proportion to ConAgra Food's total investment in its subsidiaries. In addition, ConAgra Foods charges the company finance charges on ConAgra Food's investment in the company and net intercompany advances. Management believes that such expense allocations are reasonable. It is not practical to estimate the expenses that would have been incurred by the company if it had been operated on a stand-alone basis. Corporate allocations include allocated selling, administrative and general expenses of approximately \$19.3 million, \$19.0 million and \$20.6 million for fiscal 2003, 2002 and 2001, respectively, and allocated finance charges of \$26.0 million, \$22.7 million and \$31.8 million in fiscal 2003, 2002 and 2001, respectively.

The company also has transactions in the normal course of business with parties under common ownership. Net sales to related parties were \$134.7 million, \$139.2 million and \$160.0 million in fiscal years 2003, 2002 and 2001, respectively. With respect to the gross margins associated with related party net sales, certain products are sold at cost while others are sold at prices resulting in gross margins similar to third-party net sales.

12. SUBSEQUENT EVENT

On June 9, 2003, ConAgra Foods announced an agreement to sell the company to Pilgrim s Pride Corporation. In connection with the expected sale, ConAgra Foods classified the company s long-lived assets as held for sale and recognized an impairment charge of \$69.4 million (net of an income tax benefit of \$42.6 million) in its financial statements to reduce the carrying amount of goodwill to zero and reflect a reduction in the carrying values of long-lived assets of the company to their fair market value, less cost to sell. The company has not recognized this impairment charge as the company considers its long-lived assets to be fully recoverable on a held for use basis.

Special Committee of the Board of Directors

Pilgrim s Pride Corporation

Members of the Special Committee:

Pilgrim s Pride Corporation (the Company) proposes to engage in a reclassification transaction (the Reclassification) in which the Company would reclassify each outstanding share of Class A Common Stock, par value \$.01 per share (the Class A Common Stock), and each outstanding share of Class B Common Stock, par value \$.01 per share (the Class B Common Stock), into one share (the Exchange Ratio) of a single class of common stock, par value \$.01, of the Company (the New Common Stock).

You have asked us whether, in our opinion, the Exchange Ratio pursuant to the Reclassification is fair from a financial point of view to both the holders of the Class A Common Stock and the Class B Common Stock, in each case other than members of the Pilgrim family and their affiliated entities.

In arriving at the opinion set forth below, we have, among other things:

- (1) Reviewed the Company s certificate of incorporation as it relates to the rights and privileges of the Class A Common Stock and the Class B Common Stock, and held discussions with the Company s outside counsel regarding such rights and privileges;
- (2) Reviewed a draft of the form of proposed certificate of amendment of the certificate of incorporation of the Company providing for the Reclassification (the Amendment);
- (3) Conducted discussions with members of senior management of the Company concerning the original creation of a dual class structure, the strategic and other reasons behind the decision of the Company to engage in the Reclassification, and certain other aspects of the Reclassification;

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

- (4) Reviewed the market prices, trading volumes and trading liquidity for the Class A Common Stock and the Class B Common Stock and compared them with the securities of certain publicly traded dual class companies that we deemed to be relevant;
- (5) Compared the proposed financial terms of the Reclassification and the Exchange Ratio with the financial terms of certain other reclassification transactions that we deemed to be relevant and the exchange ratios used in such transactions;
- (6) Reviewed a draft of the form of Voting Agreement (the Voting Agreement) to be entered into by certain members of the Pilgrim family and their affiliated entities that provides, among other things, that the combined voting power of shares of New Common Stock that would be held by such holders

immediately after the Reclassification will not exceed the total power held by such holders prior to the Reclassification;

- (7) Reviewed a draft of the preliminary proxy statement of the Company with respect to the Reclassification (the Proxy Statement); and
- (8) Reviewed such other financial studies and analyses and took into account such other matters as we deemed necessary, including our assessment of general economic, market and monetary conditions.

In preparing our opinion, we have assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to us, discussed with or reviewed by or for us, or publicly available, and we have not assumed any responsibility for independently verifying such information or undertaken an independent evaluation or appraisal of any of the assets or liabilities of the Company or been furnished with any such evaluation or appraisal, nor have we evaluated the solvency or fair value of the Company under any state or federal laws relating to bankruptcy, insolvency or similar matters. In addition, we have not assumed any obligation to conduct any physical inspection of the properties or facilities of the Company. We have further assumed that the Reclassification will qualify as a tax-free exchange and recapitalization for U.S. federal income tax purposes, and that the final forms of the Amendment and the Voting Agreement will be substantially similar to the last drafts reviewed by us. We have also assumed that the Reclassification will be consummated in accordance with the terms of the Amendment and as described in the Proxy Statement.

Our opinion is necessarily based upon market, economic and other conditions as they exist and can be evaluated on, and on the information made available to us as of, the date hereof.

We are acting as financial advisor to the Special Committee of the Board of Directors (the Special Committee) in connection with the delivery of this opinion and will receive a fee from the Company for our services upon the delivery of this opinion. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. As you are aware, we were not requested to and did not provide advice concerning the structure, the Exchange Ratio or any other aspects of the Reclassification. We have, in the past, provided financing services to the Company and may continue to do so and have received, and may receive, fees for the rendering of such services. In addition, in the ordinary course of our business, we may actively trade the Class A Common Stock and the Class B Common Stock and other securities of the Company for our own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities.

This opinion is for the use and benefit of the Special Committee and the Board of Directors of the Company. Our opinion does not address the merits of the underlying decision by the Company to engage in the Reclassification and does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote on the proposed Reclassification or any matter related thereto. In addition, you have not asked us to address, and this opinion does not address, the fairness to, or any other consideration of, the holders of any class of securities, creditors or other constituencies of the Company other than the holders of the Class A Common Stock and the Class B Common Stock (in each case other than members of the Pilgrim family and their affiliated entities). We are not expressing any opinion herein as to the prices at which the Class A Common Stock or the Class B Common Stock will trade following the announcement of the Reclassification or as to the prices at which the New Common Stock will trade following consummation of the Reclassification, and our opinion does not address the relative fairness of the Exchange Ratio to the holders of the Class A Common Stock and the Class B Common Stock.

On the basis of and subject to the foregoing, we are of the opinion that, as of the date hereof, the Exchange Ratio pursuant to the Reclassification is fair from a financial point of view to both the holders of the Class A Common Stock and the Class B Common Stock, in each case other than members of the Pilgrim family and their affiliated entities.

Very truly yours,

assumed, that such forecasts and other information and data (including the potential cost savings and other synergies anticipated by the management of Pilgrim s Pride to result from the Acquisition) have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of Pilgrim s Pride as to the future financial performance of Pilgrim s Pride and the Business and the other matters covered thereby, and further have assumed, with your consent, that the financial results reflected in such forecasts and other information and data will be realized in the amounts and at the times projected. With respect to the estimates as to the Adjusted Net Book Value and other financial data provided to or discussed with us by the managements of ConAgra and the Acquired Companies, we have been advised, and have assumed, that such estimates have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of ConAgra and the Acquired Companies and further have assumed, with your consent, that the actual Adjusted Net Book Value and other financial data will not vary from such estimates in any respect material to our analyses. We have assumed, with your consent, that in the course of obtaining the necessary regulatory and third party approvals and consents for the Acquisition, no modification, delay, limitation, restriction or condition will be imposed that will have an adverse effect on Pilgrim s Pride, the Business or the contemplated benefits to Pilgrim s Pride of the Acquisition and that the Acquisition will be consummated as described to us in accordance with the terms of the Agreement, without waiver, amendment or modification of any material term, condition or agreement. Representatives of Pilgrim s Pride have advised us, and we therefore have assumed, with your consent, that the Acquisition will be treated as an asset purchase for U.S. federal income tax purposes under Section 338(h)(10) of the Internal Revenue Code of 1986, as amended. We have not been requested to make, and have not made, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Pilgrim s Pride or the Business, nor have we been furnished with any such evaluations or appraisals. Our opinion is necessarily based upon information available to us, and financial, economic, market and other conditions as they exist and can be evaluated, on the date hereof. We are not expressing any opinion as to what the value of Pilgrim s Pride Class A Common Stock or the Subordinated Promissory Note actually will be when issued pursuant to the Acquisition or the prices or values at which Pilgrim s Pride Class A Common Stock or the Subordinated Promissory Note will trade or otherwise be transferable at any time. Our opinion does not address the relative merits of the Acquisition as compared to other business strategies that might be available to Pilgrim s Pride, nor does it address the underlying business decision of Pilgrim s Pride to proceed with the Acquisition.

We have acted as financial advisor to Pilgrim s Pride in connection with the Acquisition and will receive a fee for our services, a significant portion of which is contingent upon the consummation of the Acquisition. We also will receive a fee in connection with this opinion. We and our affiliates in the past have provided services to Pilgrim s Pride and ConAgra unrelated to the Acquisition, for which services we and our affiliates have received compensation. In the ordinary course of business, we and our affiliates may actively trade the securities of Pilgrim s Pride and ConAgra for our own and such affiliates accounts and for the accounts of customers and, accordingly, may at any time hold long or short positions in such securities.

It is understood that this letter is for the information of the Board of Directors of Pilgrim s Pride in connection with its evaluation of the Acquisition and does not constitute a recommendation to any stockholder as to how such stockholder should vote or act on any matters relating to the Acquisition.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Purchase Price to be paid by Pilgrim s Pride in the Acquisition is fair, from a financial point of view, to Pilgrim s Pride.

Very truly yours,

accompanying draft audited balance sheet of the Acquired Companies (the Preliminary Audited Closing Balance Sheet), and a revised calculation of Adjusted Net Book Value. Seller shall instruct Deloitte to complete the Audit and issue its Report and revised calculation of Adjusted Net Book Value within sixty (60) days after its receipt of the Preliminary Audited Closing Balance Sheet. Buyer and Seller acknowledge and agree that Deloitte shall not issue its final audit report until all objections have been resolved in accordance with Section 5.1(d) and such resolution is incorporated into the Preliminary Audited Closing Balance Sheet. Seller shall pay or cause to be paid all of the fees and expenses of Deloitte in connection with the Audit and the Report.

- (c) Buyer shall provide, and shall cause the Acquired Companies to provide, to Deloitte such assistance and access to employees, books, records and other supporting documents as is necessary for Deloitte to timely conduct the Audit and prepare, issue and deliver the Report and the Preliminary Audited Closing Balance Sheet. Buyer and Seller and their respective representatives (including without limitation Buyer's independent auditors) shall have the right to be present to observe the taking of any physical inventory, or perform any other audit activity in connection with or separate and apart from Deloitte's audit activity necessary to issue an independent audit opinion on the Closing Balance Sheet on behalf of Buyer, in connection with Deloitte's preparation of the Preliminary Audited Closing Balance Sheet and may review and examine the procedures, books, records and work papers used in their preparation, or conduct such independent review, or any other audit activity as they deem necessary.
- (d) Unless Seller or Buyer notifies the other party in writing within sixty (60) calendar days after delivery of the Preliminary Audited Closing Balance Sheet and revised calculation of Adjusted Net Book Value that such party objects to the calculation contained therein, specifying in detail each objection and the basis for each objection, the Preliminary Audited Closing Balance Sheet shall be issued in final form by Deloitte and such Preliminary Audited Balance Sheet and revised calculation of Adjusted Net Book Value shall be final and binding upon the parties. Neither Seller nor Buyer shall have the right to dispute the principles and procedures used in the preparation of the Preliminary Audited Closing Balance Sheet so long as the principles and procedures used are consistent with the Applicable Accounting Principles; provided that the foregoing shall in no event effect the right of Seller or Buyer to object to any estimates or judgments made in connection with the preparation of the Preliminary Audited Closing Balance Sheet. If Buyer and Seller are unable to resolve the disputed items within thirty (30) calendar days after any such notification has been given (or within such extended time period as is mutually agreed to by the parties), the unresolved disputed items shall be referred for a final determination to a mutually acceptable independent accountant. Such determination shall be final and binding upon the parties, absent manifest error. Such accountant shall be jointly retained by the parties hereto on a mutually acceptable basis and Buyer and Seller shall each pay one-half of the fees and expenses of such accountant. Promptly following the date that Seller and Buyer reach agreement upon the disputed items pursuant to Section 5.1(d), or, if applicable, the date of the final determination of such accountant of the disputed items pursuant to Section 5.1(d), the parties shall cause such resolution to be incorporated into the Preliminary Audited Closing Balance Sheet and shall cause Deloitte to issue its final audit report and final revised calculation of Adjusted Net Book Value. The Preliminary Audited Closing Balance Sheet, as may be adjusted pursuant to the terms hereof (the Final Closing Balance Sheet), and Deloitte's final revised calculation of Adjusted Net Book Value, as appropriately modified to reflect any changes (the Final Adjusted Net Book Value Calculation), shall be final, binding and conclusive for all purposes hereunder.
- 5.2 **Settlement of Purchase Price.** On the second business day following (i) the expiration of sixty (60) calendar days following delivery of the Preliminary Audited Closing Balance Sheet to Buyer and Seller if neither Seller nor Buyer has objected to the Preliminary Audited Closing Balance Sheet, or (ii) if either Seller or Buyer shall have objected to the Preliminary Audited Closing

Balance Sheet, final determination of the disputed items pursuant to Section 5.1(d), Buyer shall deliver to Seller a revised Subordinated Promissory Note in exchange for the Subordinated Promissory Note delivered to Seller at Closing, which Seller shall deliver to Buyer for cancellation. Such revised Subordinated Promissory Note will reflect the principal outstanding equal to the Final Adjusted Net Book Value, less the sum of (i) the Share Amount, (ii) the Cash Payment and (iii) the Share Price Adjustment, if applicable pursuant to Section 3.3.4 (such difference being referred to as the Adjustment Amount). This revised Subordinated Promissory Note shall otherwise be on the same terms and conditions as the Subordinated Promissory Note delivered by Buyer to Seller and substituted for the Subordinated Promissory Note delivered by Buyer at Closing. As used herein, Final Adjusted Net Book Value shall mean Net Book Value, as of the Closing Date, as reflected in the Final Adjusted Net Book Value Calculation. If the Adjustment Amount is a negative number, then Seller shall promptly pay to Buyer an amount of cash equal to the Adjustment Amount and return to Buyer for cancellation the Subordinated Promissory Note delivered by Buyer to Seller at Closing. To the extent the revised Subordinated Promissory Note shall have a principal amount that is less than the principal amount of the Subordinated Promissory Note delivered by Buyer at Closing, Seller shall refund to Buyer any interest previously paid by Buyer on such excess amount, and shall cancel any accrued but unpaid interest payable by Buyer on such excess amount (or, if not permitted by the Subordinated Promissory Note, repay to Buyer such interest after payment of such interest by Buyer) with respect to periods ending prior to the date of substitution. To the extent the revised Subordinated Promissory Note shall have a principal amount that exceeds the principal amount of the Subordinated Promissory Note delivered by Buyer at Closing, Buyer shall pay to Seller, on the next succeeding interest payment date under the terms of the Subordinated Promissory Note, interest at the rate specified in the Subordinated Promissory Note on the amount of such difference with respect to the period beginning on the Closing Date and ending prior to the date of substitution. Seller agrees that it shall not sell or otherwise transfer the Subordinated Promissory Note until the Final Adjusted Net Book Value is determined in accordance with this Section 5.2 and the exchange of notes contemplated by this Section 5.2 has occurred.

6. Employee Matters.**6.1 General.**

- (a) **Continued Employment.** As of the Effective Time, Buyer will cause the Acquired Companies to provide continuation of employment to each individual employed by any of the Acquired Companies (or otherwise in connection with the Business) on the Closing Date (including employees absent from work due to short-term or long term disability, sick leave, military leave or other employer approved absences of a short duration) other than those employees employed in connection with the Retained Businesses (the Company Employees). Notwithstanding the foregoing, nothing contained in this Agreement shall prohibit Buyer from terminating or changing the terms of employment of any Company Employee after the Effective Time. Notwithstanding the preceding, Company Employees on long term disability on the Closing Date (Disabled Company Employees) will continue to be provided long term disability benefits under the Seller's long term disability plan, subject to the terms and conditions of such plan, as long as the Disabled Company Employee meets the conditions for benefits.
- (b) **Retention Bonuses.** Buyer shall be responsible for and pay the Buyer Retention Obligations, provided that Buyer's maximum aggregate liability for Buyer Retention Obligations shall be \$2,925,798. Seller shall be responsible for and pay the Seller Retention Obligations and any Buyer Retention Obligations that exceed \$2,925,798. Seller agrees that, from and after the Closing, it will

not consent to the termination of any Company Employee's employment and that in the event prior to the first anniversary of the Closing any Company Employee voluntarily terminates his employment with an Acquired Company, then upon the written request of Buyer, Seller will assign to Buyer any rights Seller may have to recover any Transaction Bonuses paid to such Company Employee.

- (c) **COBRA.** Seller agrees to maintain the group health plan continuation coverage pursuant to Section 4980B of the Code and Sections 601-609 of ERISA for the qualifying beneficiaries (within the meaning of Section 4980B of the Code) and Company Employees who are covered employees (within the meaning of Section 4980B(f)(7) of the Code) who experience a qualifying event (within the meaning of Section 4980B(f)(3) of the Code) prior to the Closing Date (COBRA Participants). Subject to the terms of the Transition Services Agreement, the parties agree that any Company Employee or qualifying beneficiaries who becomes eligible for COBRA for the period between the Closing Date and the later of (i) December 31, 2003 and (ii) 120 days after the Closing Date shall receive COBRA benefits from certain benefit plans which will continue to be maintained by the Seller. Buyer shall reimburse Seller for all costs and expenses incurred by Seller to maintain continuation coverage for the COBRA Participants as reasonably determined by Seller. Buyer shall indemnify and hold Seller and Seller's Affiliates harmless from and against any Liability Seller or Seller's Affiliates incur at any time after Closing under the provisions of Section 4980B of the Code or Sections 601-609 of ERISA with respect to any covered employee who is a Company Employee, or the qualified beneficiary of any such employee, who has a qualifying event on or after the Closing Date.

6.2 Seller Pension Plans.

- (a) **Non-Union Employees.** As of the Closing Date, the Company Employees whose benefits are not governed by a collective bargaining agreement shall cease to actively participate in any pension plan offered by Seller, any Acquired Company or any subsidiary thereof, including but not limited to, (a) the ConAgra Pension Plan for Salaried Employees and (b) the ConAgra Pension Plan for Hourly Rate Production Employees, in each case pursuant to the provisions in the plan documents and not because of any amendment to either of the aforementioned pension plans. The non-union Company Employees described in the preceding sentence shall receive no further benefit accrual under said pension plans.
- (b) **Union Employees.** As of the Closing Date, the Company Employees whose pension benefits are governed by a collective bargaining agreement shall cease to actively participate in any pension plan offered by Seller, any Acquired Company or any Subsidiary thereof and shall receive no further benefit accrual thereunder. As of the Closing Date, Buyer shall become the plan sponsor of the Retirement Income Plan of Production Employees of Seaboard Farms of Chattanooga, Inc. (the Chattanooga Plan) with respect to the Company Employees participating in that plan and no further benefits shall accrue thereunder with respect to any other employees of Seller and its Affiliates. To the extent any Company Employee whose benefits are governed by a collective bargaining agreement is entitled to receive pension benefits under a defined benefit plan after the Closing Date in accordance with the terms of the applicable collective bargaining agreement, Buyer will provide such Company Employee his or her accrued benefit (under the Chattanooga Plan) less any benefit accrued under a defined benefit pension plan of Seller as of the Closing Date. Notwithstanding the foregoing, if a Company Employee, whose pension benefits are governed by a collective bargaining agreement, is not vested in his or her accrued benefit under a defined benefit pension plan of Seller and if the vesting requirements are subsequently met under a defined benefit pension plan of Buyer, then Seller shall cause the benefit accrued under Seller's pension plan to be paid to such Company Employee as if that benefit was fully vested as of the Closing. As of the Closing, Seller will provide Buyer with a list of Company Employees, whose benefits are governed by a collective bargaining agreement, that are entitled to an accrued benefit under a pension plan of Seller and the dollar amount of such benefit as of the Closing Date. As of

Seller and Buyer shall cooperate in preparing communications to Company Employees regarding the distribution and their rollover options, including Buyer's 401(k) plan.

- 6.3 **401(k) Plans.** As of the Closing Date, the Company Employees shall cease to actively participate in the ConAgra Retirement Income Savings Plan and the ConAgra Retirement Income Savings Plan for Hourly Rate Production Employees (the Seller 401(k) Plans) and no further contributions shall be made to the Seller 401(k) Plans for the benefit of the Company Employees. As of the Closing Date, the interests of the Company Employees in the Seller 401(k) Plans shall be one hundred percent (100%) vested and shall be fully nonforfeitable. Except as expressly set forth herein, no assets of the Seller 401(k) Plans shall be transferred to Buyer or any of its Affiliates or to any plan of Buyer or any of its Affiliates. - (i) by Seller if, since the date of this Agreement, there shall have occurred any Buyer Closing Material Adverse Effect, or any event or circumstance that, in combination with any other events or circumstances, could reasonably be expected to have a Buyer Closing Material Adverse Effect, which effect, or the underlying event or circumstance, is not curable, or, if curable, is not cured within thirty (30) days after written notice thereof is given by Seller to Buyer; and
- (j) by Seller if the Estimated Purchase Price exceeds \$600,000,000 and Buyer shall not have taken the actions described in Section 3.3.5 to prevent such termination.

11.2 **Effect of Termination.** In the event of termination of this Agreement pursuant to this Section 11, the transactions contemplated hereby shall be deemed abandoned and this Agreement shall forthwith become void, except that the provisions of this Section 11.2, Section 9.3, Section 11.3, Section 14.3 and the terms of the Confidentiality Agreement shall survive any termination of this Agreement; provided, however, that nothing in this Agreement shall relieve any party from liability for any breach of this Agreement.

11.3 **Termination Payment.** If Seller terminates the transactions contemplated hereunder for any reason, other than pursuant to Sections 11.1(a), (b), (c), (e), (f), (i) or (j), then Seller shall immediately pay Buyer \$25,000,000. If Buyer terminates the transactions contemplated under this Agreement for any reason other than pursuant to Sections 11.1(a) (b), (c), (d) or (h) then Buyer shall immediately pay Seller \$25,000,000. Such payments shall be in addition to any other remedies or damages available to the non-breaching party resulting from or arising in connection with the other party's breach of this Agreement.

12. **General Indemnity.**

12.1 **Indemnification of Buyer by Seller.** In addition to the other indemnification obligations of Seller set forth in this Agreement (the Seller Indemnities), from and after the Closing, Seller shall indemnify and hold Buyer, and the directors, officers, employees and Affiliates of Buyer, harmless against and in respect of:

12.1.1 Any liability, loss, claim, damage or deficiency resulting from any breach of representation or warranty (without regard to any materiality or Company Material Adverse Effect qualifier(s) contained in any such representations and warranties) or nonfulfillment of any covenant or agreement on the part of Seller under this Agreement, or from any misrepresentation in or omission from any certificate or other instrument furnished or to be furnished to Buyer hereunder (provided that, for purposes of this Section 12.1.1 and Section 12.5.1, all such representations and warranties shall be deemed to be made as of the Closing Date as though made on and as of the Closing Date and all references to "as of the date hereof" or similar phrase in such representations and warranties shall be deemed to be references to "as of the Closing Date" notwithstanding any provision of this Agreement that any such representation or warranty speaks as of an earlier date);

- 12.1.3 Any Liabilities of the Acquired Companies existing at or arising out of a state of facts or circumstances existing or business conducted before the Effective Time, to the extent such Liabilities are not (i) accrued or reserved in the Final Closing Balance Sheet, (ii) disclosed in Section 7.12, Section 7.16.2, Section 7.16.3 or Section 7.26 of the Seller Disclosure Schedule, (iii) disclosed in Exhibit 12.1.3 hereto or (iv) obligations under any contract or agreement either (x) to furnish goods, services and other non-cash benefits to another Person after the Closing or (y) to pay for goods, services and other non-cash benefits that another Person will furnish to it after the Closing;
- 12.1.4 Any claim by any Person for brokerage or finder's fees or commissions or similar payments based upon any agreement or understanding alleged to have been made by any such Person with Seller or any of its Affiliates in connection with the transactions contemplated by this Agreement; and
- 12.1.5 All other actions, suits, proceedings, demands, assessments, adjustments, costs and expenses incident to the foregoing or the Seller Indemnities and including, without limitation, reasonable attorneys' fees and other out-of-pocket expenses.
- 12.2 **Indemnification of Seller by Buyer.** In addition to the other indemnification obligations of Buyer set forth in this Agreement (the Buyer Indemnities), from and after the Closing, Buyer shall indemnify and hold Seller, and the directors, officers, employees and Affiliates of Seller, harmless against and in respect of:
- 12.2.1 Any liability, loss, claim, damage or deficiency resulting from any breach of representation or warranty (without regard to any materiality or Buyer Material Adverse Effect qualifier(s) contained in such representations and warranties) or nonfulfillment of any covenant or agreement on the part of Buyer under this Agreement, or from any misrepresentation in or omission from any certificate or other instrument furnished or to be furnished to Seller hereunder;
- 12.2.2 Any liability, loss, claim, damage or deficiency incurred or suffered by Seller or its Affiliates that relate to the failure of Buyer or the Acquired Companies to pay, perform or discharge any of the Liabilities of the Acquired Companies, except as to matters subject to Seller's indemnification obligations under Section 12.1 or under any of Seller's other indemnity obligation under this Agreement or the Ancillary Agreements;
- 12.2.3 All other actions, suits, proceedings, demands, assessments, adjustments, costs and expenses incident to the foregoing or the Buyer Indemnities and including, without limitation, reasonable attorneys' fees and other out-of-pocket expenses.
- 12.3 **Third Party Claims.** All claims for indemnification relating to third party claims shall be asserted and resolved as set forth in this section 12.3 subject, however, to the terms, conditions and limitations otherwise set forth in this Agreement. In the event that any written claim or demand for which an Indemnifying Party would be liable is asserted against or sought to be collected from any Indemnified Party by a third party, such Indemnified Party shall promptly, but in no event more than 30 days following such Indemnified Party's receipt of such claim or demand, notify the Indemnifying Party in writing of such claim or demand and the amount or the estimated amount thereof to the extent then feasible (which estimate shall not be conclusive of the final amount of such claim and demand) (the Claim Notice). The Indemnified Party shall not be foreclosed by any failure to provide timely notice of the existence of a third party claim or demand to the Indemnifying Party except to the extent that the Indemnifying Party incurs any out-of-pocket expense as a result of such delay or otherwise has been prejudiced as a result of such delay. The Indemnifying Party shall have fifteen days from the receipt of the Claim Notice (the Notice Period) to notify the Indemnified Party (a) whether or not the Indemnifying Party disputes the liability of the Indemnifying Party to the Indemnified Party hereunder with respect to such claim or demand, and (b) whether or not it desires to defend the Indemnified Party against such claim or demand. All costs and expenses incurred by the Indemnifying Party in defending

such claim or demand shall be a liability of, and shall be paid by, the Indemnifying Party. In the event that the Indemnifying Party notifies the Indemnified Party within the Notice Period that it desires to defend the Indemnified Party against such claim or demand and except as hereinafter provided, the Indemnifying Party shall have the right to select legal counsel, reasonably acceptable to the Indemnified Party, to represent and defend the Indemnified Party and to otherwise control the proceedings relating to such claim or demand. The Indemnified Party shall cooperate in all reasonable respects with the Indemnifying Party and its counsel in defending any claims or demands, including, without limitation, making available to the Indemnifying Party all information reasonably available to the Indemnified Party relating to such claim or demand, and shall not take any action which is reasonably likely to be detrimental to such defense. In addition, the Indemnified Party and the Indemnifying Party shall render to each other such assistance as may reasonably be requested in order to ensure the proper and adequate defense of any such claim or demand. The party in charge of the defense shall keep the other party fully apprised at all times as to the status of the defense or any settlement negotiations with respect thereto. If any Indemnified Party desires to participate in, but not control, any such defense or settlement it may do so at its sole cost and expense provided, the Indemnifying Party shall pay the attorneys' fees of the Indemnified Party if (i) the employment of separate counsel shall have been authorized in writing by any such Indemnifying Party in connection with the defense of such third party claim, (ii) the Indemnifying Party shall not have employed counsel reasonably satisfactory to the Indemnified Party to have charge of such third party claim, or (iii) the Indemnified Party's counsel shall have advised the Indemnified Party in writing with a copy to the Indemnifying Party that there is conflict of interest that could make it inappropriate under applicable standards of professional conduct to have common counsel. In the event that the Indemnifying Party does not elect to defend the claim, the Indemnified Party shall not settle a claim or demand without the consent of the Indemnifying Party (which consent shall not unreasonably be withheld). The Indemnifying Party shall not, without the prior written consent of the Indemnified Party, consent to the entry of a judgment, settle, compromise or offer to settle or compromise any such claim or demand or admit or acknowledge any liability (i) on a basis which would result in the imposition of a consent order, injunction, decree or equitable remedy which would restrict the future activity or conduct of the Indemnified Party or any Subsidiary or Affiliate thereof without the written consent of the Indemnified Party and (ii) without obtaining (a) a release of the Indemnified Party with respect to such claim or demand and (b) the dismissal with prejudice of any litigation or other proceeding with respect to such claim or demand, in each case for the benefit of and in form and substance reasonably satisfactory to the Indemnified Party. If the Indemnifying Party elects not to defend the Indemnified Party against a claim or demand for which the Indemnifying Party would be liable, whether by not giving the Indemnified Party timely notice as provided above or otherwise, then the amount of any such claim or demand, or, if the same is to be contested by the Indemnified Party, then that portion thereof as to which such defense is unsuccessful (and the reasonable costs and expenses pertaining to such defense) shall be the liability of the Indemnifying Party hereunder. To the extent the Indemnifying Party shall control or participate in the defense or settlement of any third party claim or demand, the Indemnified Party will give to the Indemnifying Party and its counsel access to, during normal business hours, the relevant business records and other documents, and shall permit them to consult with the employees and counsel of the Indemnified Party. The Indemnified Party shall use commercially reasonable efforts in the defense of all such claims and demands.

- 12.4 **Direct Claims.** In any case in which an Indemnified Party seeks indemnification hereunder which is not subject to Section 12.3 because no third party action is involved, the Indemnified Party shall promptly notify the Indemnifying Party in writing of any liability, loss, claim, damage or deficiency which such Indemnified Party claims are subject to indemnification under the terms of this Agreement. Subject to the terms, conditions and limitations set forth in this Agreement, the Indemnified Party shall not be foreclosed by any failure to provide timely notice of existence of a claim to the Indemnifying Party except to the extent that the Indemnifying Party incurs any out-of-pocket expense or otherwise has been prejudiced as a result of such delay.

Table of Contents**Index to Financial Statements**12.5 **Limitations.**

- 12.5.1 **Basket.** Neither Seller nor Buyer shall have any Liability for indemnification obligations under Section 12.1.3, or resulting from a breach of a representation or warranty under Sections 7 or 8 of this Agreement (including a deemed breach of a representation or warranty as provided in the proviso in Section 12.1.1 of this Agreement), except to the extent such party's aggregate Liability for all such indemnification obligations (without regard to any materiality, Company Material Adverse Effect qualifier(s) or Buyer Material Adverse Effect qualifier(s) contained in any representations and warranties set forth in this Agreement) exceeds Thirty Million Dollars (\$30,000,000); provided, however, Seller's indemnity obligations set forth in Section 7.6 and any matter constituting fraud or intentional misrepresentation by Buyer or Seller in connection with the transactions contemplated herein shall not be subject to the foregoing limitation.
- 12.5.2 **Cap.** Each party's aggregate Liability for indemnification under this Agreement shall in no event exceed Two Hundred Million Dollars (\$200,000,000); provided however, that each party's indemnity obligations set forth in Section 13 and any matter constituting fraud, intentional misrepresentation or criminal activity under applicable Law shall not be subject to the foregoing limitation.
- 12.5.3 **Remedies.** Other than equitable remedies available at law to either party (including specific performance), after Closing the provisions of this Section 12 and Section 13 shall be the exclusive basis for the assertion of claims against, or the imposition of Liability on, Seller or its Affiliates, or Buyer or its Affiliates, in respect to the transactions contemplated herein, including, without limitation, any breach or alleged breach of this Agreement; provided that this paragraph shall not limit any remedies available for breaches of the Voting Agreement or any agreement executed at Closing pursuant to this Agreement.
- 12.5.4 **Mitigation.** Buyer and Seller shall, and shall cause their Affiliates to, use commercially reasonable efforts to mitigate the losses, costs, expenses and damages for which such party or their Affiliates may become entitled to indemnification hereunder.
- 12.5.5 **Net Recovery.** The amount to which an Indemnified Party may become entitled pursuant to the indemnification provisions of this Agreement shall be net of any recovery (whether by way of payment, discount, credit, set off, tax benefit, counterclaim or otherwise) received by such party or its Affiliates from a third party (including any insurer or taxation authority) in respect of such claim. Any such recovery shall be promptly repaid by Buyer to Seller, or Seller to Buyer, as applicable, less any taxes payable on the recovery and all reasonable costs, charges and expenses incurred in obtaining such recovery from the third party. For the avoidance of doubt, a Tax benefit shall only be taken into account under this paragraph to the extent that the Tax benefit results in a lower Tax liability for the Indemnified Party than would have occurred absent the indemnity payment and the Tax benefit is actually recognized on a Tax Return.
- 12.5.6 **Limitation of Damages.** Each party shall be responsible only for direct damages, and shall in no event be liable for special, consequential or similar damages or losses.
- 12.5.7 **Satisfaction of Indemnity Claims.** Notwithstanding any of the terms and conditions of this Agreement to the contrary, except for each party's indemnity obligations under Section 13, all amounts payable by Seller to Buyer with respect to any indemnity claim brought by Buyer under this Agreement, shall be satisfied, at the Seller's option, either by Seller delivering to Buyer for cancellation that portion of the Subordinated Promissory Note that has a principal amount equal to the amount of the indemnity claim owed by Seller, or by payment of cash. Notwithstanding any of the terms and conditions of this Agreement to the contrary, all amounts payable by Buyer to Seller with respect to any indemnity claim brought by Seller under this Agreement, shall be satisfied, at Buyer's option, either by increasing the amounts

due and owing under the Subordinated Promissory Note in an amount equal to the amount of the indemnity claim owed by Buyer, or by the payment of cash. All payments with respect to indemnity claims shall be made promptly.

13. **Special Tax Indemnity.**13.1 **Tax Returns.**

- 13.1.1 Buyer shall cause the Acquired Companies to consent to join, for all taxable periods of the Acquired Companies ending on or before the Closing Date for which the Acquired Companies are eligible to do so, in any consolidated or combined federal, state or local Tax Returns of Seller or Seller's Affiliates. Seller will prepare and file, or cause to be prepared and filed, all of the Acquired Company Tax Returns for all taxable years or periods ending on or before the Closing Date (to the extent they have not already done so). Seller will pay to the applicable Governmental Authority, or cause the payment to the applicable Governmental Authority of, any Taxes shown as due thereon. Seller will prepare, or cause to be prepared, such Tax Returns using material accounting methods and other practices that are consistent with those used by the Acquired Companies in their prior Tax Returns except as otherwise required by Law. Notwithstanding the foregoing, Seller may revoke the election of To-Ricos under Code Section 936, in which event, Buyer will reasonably cooperate with Seller, and cause To-Ricos to consent to join in the filing of any federal, state or local consolidated or combined Tax Return with Seller and its affiliated group for the taxable year or period ending on the Closing Date. Items to be taken into account in any Tax Return for the short taxable period ending on the Closing Date will be determined under the closing-the-books method as described in Treasury Regulation Section 1.1502-76(b)(2)(i) (or any similar provision of state, local or foreign Law). Seller will deliver, or cause to be delivered, a draft of each of the Tax Returns for any of the Acquired Companies that require the signature of an officer or employee of Buyer (or one of Buyer's Affiliates) to Buyer not less than 30 days prior to the due date (as may be extended) for filing such Tax Returns, and Buyer will provide Seller with its comments on, and proposed changes to, such Tax Returns not later than 15 days prior to such due date. If any aspect of such Tax Returns remains in dispute within 10 days prior to the due date for filing such Tax Returns, the matter in dispute will be submitted to a mutually acceptable, nationally-recognized firm of certified public accountants for resolution. The decision of such accountant will be final and binding on the parties, and the fees and expenses of the accountant will be paid one-half by Buyer and one-half by Seller. Notwithstanding the foregoing, Buyer shall not be entitled to object to any Tax Return prepared by Seller unless the accountant concludes that a position claimed in the Tax Return does not possess the level of support required to avoid the substantial understatement penalty provided for in Section 6662(d) of the Code.
- 13.1.2 Buyer will prepare and file, or cause to be prepared and filed, all of the Acquired Companies' Tax Returns for all taxable years or periods ending after the Closing Date, and Buyer will pay, or cause to be paid, all Taxes shown as due thereon; provided, that with respect to any Straddle Period, Buyer will be entitled to indemnification as set forth in Section 13.3.
- 13.1.3 The parties agree to reasonably cooperate with each other and each other's Affiliates in the preparation and filing of Tax Returns of the Acquired Companies for taxable periods ending on or before the Closing Date and Straddle Periods. The parties shall be entitled to utilize the services of the personnel who would have been responsible for preparing such returns as they relate to the Acquired Companies, without charge, to the extent reasonably necessary in preparing said returns on a timely basis. The parties shall also provide each other with full access to applicable and reasonably relevant records to enable the timely preparation and filing of said returns.

- 13.2 **Apportionment of Taxes.** With respect to any Straddle Period of the Acquired Companies, Buyer and Seller will, to the extent permitted by law, elect to treat the Closing Date as the last day of the taxable year or period of the Acquired Companies and will apportion any Taxes arising out of or relating to a Straddle Period to the Pre-Closing Period under the closing-the-books method as described in Treasury Regulation Section 1.1502-76(b)(2)(i) (or any similar provision of state, local or foreign Law). In any case where applicable Law does not permit the Acquired Companies to treat the Closing Date as the last day of the taxable year or period, any Taxes arising out of or relating to a Straddle Period will be apportioned to the Pre-Closing Period based on a closing of the books of that entity; **provided, however,** that exemptions, allowances or deductions (excluding depreciation, amortization and depletion deductions) that are calculated on an annualized basis will be apportioned on a daily pro rata basis. Notwithstanding the foregoing, Taxes imposed with respect to a time period (e.g., property taxes) shall be apportioned to the Pre-Closing Period on a daily pro rata basis.
- 13.3 **Indemnification by Seller.** Seller will indemnify and hold harmless the Buyer and the directors, officers, employees and Affiliates of Buyer (**Buyer Indemnified Persons**) for, and will pay to, or on behalf of, Buyer Indemnified Persons an amount equal to (a) any Taxes of the Acquired Companies for the Pre-Closing Period (including, for the avoidance of doubt, any Taxes of the Acquired Companies resulting from an election under Section 338(h)(10) of the Code) that have not been paid prior to the Closing Date, except to the extent accrued as a Liability on the Final Closing Balance Sheet, (b) any Taxes relating to any member of an affiliated group with which any of the Acquired Companies has filed a Tax Return on a consolidated, combined or unitary basis for a Pre-Closing Period, and (c) any Tax deficiency, and all related, reasonable legal and accounting fees and expenses, each directly resulting from any breach of Seller's representations in Section 7.10(d), (e), (f), (g), and (i) or Seller's covenants contained in this Section 13.
- 13.4 **Indemnification by Buyer.** Buyer will pay, or cause to be paid, on a timely basis, and shall indemnify, defend and hold harmless Seller and the directors, officers, employees and Affiliates of Seller (**Seller Indemnified Persons**) for: (a) any Tax deficiency, and all related, reasonable legal and accounting fees and expenses, each directly resulting from any breach of Buyer's representations in Section 8.26(d), (e), (g) and (h) or Buyer's covenants contained in this Section 13, (b) any Liability for Taxes for Tax periods of the Buyer and the Acquired Companies beginning, and the portion of the Straddle Period occurring, after the Closing Date, and (c) any Liability for Taxes attributable to an extraordinary transaction (other than the distribution of the Retained Assets or any deemed asset sale occurring under section 338(h)(10) or any comparable provision of state or local Law) effected at the direction of Buyer in respect of the Acquired Companies on or after the Effective Time.
- 13.5 **Indemnification Process.** In the event of a third-party claim for Taxes arising out of or relating to any taxable year or period of an Acquired Company ending on or before the Closing Date, the indemnification procedures will be in accordance with Section 12.3 and the limitations contained in Sections 12.5.3 through 12.5.6 (inclusive); **provided however,** that with respect to any Tax matter involving a Governmental Authority that does not treat the Acquired Companies as selling their assets to a newly created corporation on the Closing Date as a result of the Section 338(h)(10) election, Seller shall not settle or compromise any third-party claim for Taxes that may adversely effect Buyer in taxable periods ending after the Closing Date without Buyer's consent (which shall not be unreasonably withheld). Any indemnification payments due under this Section 13 shall be paid within 10 days from the date of a final determination (as defined in Section 1313(a) of the Code) of the amount of Tax due.
- 13.6 **Characterization of Indemnity Payments.** All amounts paid by Buyer or Seller, as the case may be, by reason of Section 12.1, 12.2, 13.3 or 13.4 will be treated to the extent permitted under applicable Law as adjustments to the Purchase Price for all Tax purposes.
- 13.7 **Transfer Taxes.** Notwithstanding any other provision of this Agreement, all Transfer Taxes will be borne by Seller regardless of which party is obligated to pay such Tax under applicable Law.

Table of Contents**Index to Financial Statements**

Buyer and Seller will cooperate in timely making and filing all Tax Returns that may be required to comply with Law relating to such Taxes.

- 13.8 **Tax Sharing Agreements.** Seller will cause the Acquired Companies to terminate as of the Closing Date any tax sharing, indemnity or allocation agreement between them and: (i) any other Affiliate of the Seller; (ii) Renewable Environmental Solutions, L.L.C.; or (iii) any partner of Renewable Environmental Solutions, L.L.C.
- 13.9 **Tax Records.** Seller will make available to Buyer such records as Buyer may require for the preparation of any Tax Return and such records as Buyer may require for the defense of any proceeding concerning such Tax Return. Buyer will make available to Seller such records as Seller may require for the preparation of any Tax Return and such records as Seller may require for the defense of any proceeding concerning any such Tax Return.
- 13.10 **Refunds.** Buyer and its Affiliates shall pay to Seller within ten (10) days of receipt any refund of Taxes: (i) that relate to a Pre-Closing Period of the Acquired Companies; (ii) that were paid by Seller or its Affiliates; and (iii) to the extent that any such refunds were not accrued as an asset on the Final Closing Balance Sheet.
- 13.11 **Survival.** The covenants and agreements of the parties contained in this Section 13 and the representations and warranties contained in Section 7.10(d), (e), (f), (g) and (i) and Section 8.26 (d), (e), (g) and (h) will survive the Closing and will remain in full force and effect until thirty (30) days following the expiration of the applicable underlying statutes of limitations (including extensions) with respect to any Taxes that would be indemnifiable by Buyer or Seller under Sections 13.3 and 13.4 of this Agreement.
- 13.12 **Section 338(h)(10) Election.** Seller agrees that it will, and with Buyer's and the Acquired Companies' full cooperation, prepare and make an election or join in making an election under Section 338(h)(10) of the Code in order to treat the sale of the Stock as a sale of all of the assets of the Acquired Companies for U.S. federal Tax purposes and an election under the statutes of such states as permit an equivalent election. Seller and Buyer will not make a joint election under the corresponding provisions of Puerto Rican law. Seller agrees that it will, and with Buyer's and the Acquired Companies' full cooperation, take such action to comply with all of the requirements and conditions of Section 338(h)(10) of the Code and the treasury regulations thereunder and all other applicable Code sections and treasury regulations relating thereto, including without limitation the execution and timely filing of Form 8023 entitled "Elections Under Section 338 for Corporations Making Qualified Stock Purchases" or any successor form of similar import, and any forms required to effectuate similar elections for state tax purposes. The parties agree that the Purchase Price shall be allocated to the assets of the Acquired Companies in accordance with Exhibit 13.12 hereto. Each party covenants to report gain, loss, or cost basis, as the case may be, in a manner consistent with Exhibit 13.12 for federal and state Tax purposes. Buyer, the Acquired Companies and Seller shall promptly notify Seller (and Seller will promptly notify Buyer) in the event that any Governmental Authority challenges or threatens to challenge, such allocations. Buyer, the Acquired Companies, and Seller shall cooperate after the Closing Date to timely and properly file all applicable federal and state elections required to be filed under this Section and to take all such action as is required by Law to give full effect to the elections for federal, state and local Tax purposes to the greatest extent permitted by Law. Buyer, the Acquired Companies and Seller shall fully cooperate in order to qualify To-Ricos for the application of such election to To-Ricos.
- 13.13 **Miscellaneous Tax Provisions.** In no event shall any party hereto pay more than once under different provisions of this Agreement for the same Tax Liability. Notwithstanding anything to the contrary herein, if Closing occurs, this Section 13 and Sections 12.3, and 12.5.3 through 12.5.6 (inclusive) (to the extent they govern the indemnification process for Taxes) shall be the sole remedy for any Tax matters under this Agreement. For the avoidance of doubt, the provisions of Section 12.5.1 do not apply to this Section 13.

13.14 **Puerto Rican Tax Incentives.** The parties will fully cooperate with each other to maintain (to the extent reasonably possible under Puerto Rican Law) To-Ricos : (i) Grant of Industrial Tax Exemption pursuant to the 1987 Puerto Rican Tax Incentives Act (the Industrial Grant); and (ii) Certificate of Exemption under the Agricultural Incentives Act (1995) (Agricultural Certificate) after Closing until such time as To-Ricos can negotiate a modification of the Industrial Grant, obtain a new Industrial Grant under the 1998 Puerto Rican Tax Incentives Act, or ensure the continuation of its Agricultural Certificate. Provided however, Seller s obligation to cooperate with Buyer with respect to this matter shall cease no later than one calendar year following the Closing Date; provided, further Seller s obligation to so cooperate shall not (x) include any obligation to start or continue to own or conduct any entity or business in Puerto Rico or (y) preclude Seller or any Affiliate of Seller from conducting or changing any Puerto Rican business operation or activity, including Molinos de Puerto Rico, Inc. s activities, in any manner as Seller or any Affiliate of Seller may determine.

may, by an instrument in writing, waive compliance by the other party with any term or provision of this Agreement on the part of such other party to be performed or complied with. waiver by any party hereto of a breach of any term or provision of this Agreement shall not be construed as a waiver of any subsequent breach.

- 14.3 **Expenses.** Except as otherwise provided in this Agreement, Buyer and Seller shall each pay their own expenses, and those of their respective Affiliates, in connection with the preparation and execution of this Agreement and any expenses specifically payable by them pursuant to this Agreement.
- 14.4 **Survival of Representations and Warranties.** Subject to Section 13.11 hereof, the representations and warranties and indemnities related thereto of Seller and Buyer made in or pursuant to this Agreement shall survive as follows: representations and warranties, and the indemnities relating thereto, under Sections 7.16, 7.17 (except with respect to ERISA matters), 7.18, 8.14, 8.15 (except with respect to ERISA matters) and 8.16 shall survive the Closing for a period of four (4) years; representations and warranties, and the indemnities relating thereto, under Section 7.1, Section 7.3, Section 7.6, Section 7.7.2, Section 7.17 (with respect to ERISA matters) and Sections 8.1, 8.4 and 8.15 (with respect to ERISA matters) shall survive the Closing until expiration of the applicable statute of limitations; and all other representations and warranties, and the indemnities relating thereto, under this Agreement shall survive the Closing for a period of twelve (12) months. Indemnities relating to the breach of any covenant shall survive until expiration of the applicable statute of limitations. Notwithstanding the forgoing, it is specifically understood and agreed that the damages for which indemnification may be sought need not be incurred or paid by the Indemnified Party within the forgoing periods, but only that the claim with respect to which indemnification is sought be asserted and presented to the Indemnifying Party within such periods.
- 14.5 **Entire Agreement.** This Agreement, the Ancillary Agreements, the Seller Disclosure Schedule, the Buyer Disclosure Schedule and the Confidentiality Agreement constitute the entire agreement among the parties hereto with respect to the subject matter hereof and supersede all prior agreements and understandings, oral and written, among the parties hereto with respect to the subject matter hereof.
- 14.6 **Terms of Sale.** The parties agree and acknowledge, on behalf of themselves and their Affiliates, that EXCEPT AS OTHERWISE SPECIFICALLY SET FORTH IN THIS AGREEMENT, OR THE ANCILLARY AGREEMENTS, THE STOCK AND THE ACQUIRED COMPANIES ARE BEING SOLD TO BUYER, AND THE SHARES ARE BEING ISSUED TO SELLER, WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, OTHER THAN THE REPRESENTATIONS AND WARRANTIES EXPRESSLY SET FORTH IN THIS AGREEMENT AND THE ANCILLARY AGREEMENTS. EXCEPT FOR CLAIMS MADE IN ACCORDANCE WITH THE SPECIFIC TERMS OF THIS AGREEMENT OR THE ANCILLARY AGREEMENTS, NO CLAIM SHALL BE MADE AGAINST EITHER PARTY OR ITS AFFILIATES, BY THE OTHER PARTY, IN RESPECT TO ANY REPRESENTATION, WARRANTY, INDEMNITY, COVENANT OR UNDERTAKING. THE PARTIES CONFIRM THAT THEY HAVE NOT RELIED ON ANY REPRESENTATION, WARRANTY, INDEMNITY, COVENANT OR UNDERTAKING OF ANY PERSON WHICH IS NOT EXPRESSLY CONTAINED IN THIS AGREEMENT OR THE ANCILLARY AGREEMENTS. FOR THE AVOIDANCE OF DOUBT, SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO ANY TAX ATTRIBUTES OF THE ACQUIRED COMPANIES.
- 14.7 **Applicable Law.** This Agreement and the legal relations among the parties hereto shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts made and performed in Delaware (without regard to conflicts of law doctrines).

AMENDMENT NO. 2 TO STOCK PURCHASE AGREEMENT

This Amendment No. 2 to Stock Purchase Agreement (this Amendment), dated as of August 20, 2003, is entered into between Pilgrim s Pride Corporation, a Delaware corporation (Buyer), and ConAgra Foods, Inc., a Delaware corporation (Seller).

RECITALS:

- A. Buyer and Seller entered into a Stock Purchase Agreement, dated as of June 7, 2003, which was amended by Amendment No. 1 to Stock Purchase Agreement, dated August 11, 2003 (collectively, the Agreement).

- B. Section 14.2 of the Agreement provides that it may be modified or amended by an instrument in writing, signed by the party against whom enforcement of such modification or amendment is sought.

- C. Seller s consent is required pursuant to Section 9.2.1 of the Agreement in the event Buyer wishes to amend its certificate of incorporation prior to the Closing or authorize for issuance any shares of capital stock.

- D. Buyer wishes to reclassify its current Class A common stock and Class B common stock into a single class of common stock as described in the form of Certificate of Amendment of Certificate of Incorporation of Buyer attached hereto as Annex A (the Reclassification).

- E. Buyer and Seller desire to amend the Agreement to provide for the Reclassification.

AGREEMENT:

In consideration of the promises and mutual agreements contained herein and in the Agreement, the parties hereto agree as follows:

1. **Definitions.** All capitalized terms used but not defined herein shall have the meanings given to them in the Agreement.

2. **Reclassification of Pilgrim s Pride Common Stock.**

2.1. **Seller s Consent.** Seller hereby consents to Buyer effecting the Reclassification prior to the Closing of the transactions contemplated by the Agreement. Each of Buyer and Seller further agree that, notwithstanding anything to the contrary in the Agreement, if the Reclassification is effected prior to the Closing, Seller shall receive shares of the common stock of Buyer described in Annex A hereto, rather than shares of Class A common stock of Buyer, and all references to Shares shall mean such shares of the common stock of Buyer described in Annex A hereto to be delivered to Seller under the Agreement. 2.2. **Calculation of Shares to be Delivered to Buyer Under the Agreement.** The parties agree that the Agreement shall be amended by adding thereto a new Section 3.3.7 to read in its entirety as follows:

3.3.7 **Alternative Calculation of Shares to be Delivered to Buyer.**

(a) **Definitions Used in Section 3.3.7.** As used in this Section 3.3.7, the following terms shall have the following meanings:

(i) **Adjusted VWAP** means VWAP of the Class A common stock computed over the Reference Period, except that: (a) if the VWAP Adjustment Amount is greater than zero, then in lieu of the actual trading price of the Class A common stock over the Subsequent Period, such Adjusted VWAP shall be computed as if all trades in such stock during the Subsequent Period occurred at the VWAP of the Class A common stock for the Measurement Period, plus the VWAP Adjustment Amount; and (b) if (I) the VWAP of the Class A common stock during the Subsequent Period is greater than the VWAP of such stock during the Measurement Period, and (II) the average daily volume of the Class A common stock during the Initial Period is less than the average daily trading volume of such stock during the Subsequent Period, then in lieu of the actual trading volume of the Class A common stock over the Subsequent Period, such Adjusted VWAP shall be computed as if the volume of trades during each day in the Subsequent Period was equal to the average daily trading volume of the Class A common stock during the Initial Period.

(ii) **Discount Percentage** means the VWAP of the Class B common stock of Buyer, minus the VWAP of the Class A common stock, expressed as a percentage of the VWAP of the Class A common stock.

(iii) **Initial Period** means June 10, 2003 through and including August 21, 2003.

(iv) **Measurement Period** means the ten (10) trading days preceding August 22, 2003.

(v) **Reference Period** means June 10, 2003 through and including the date that is five trading days prior to the Closing Date.

(vi) **Subsequent Period** means August 22, 2003 through and including the date that is five trading days prior to the Closing Date.

(vii) **VWAP** means the volume weighted average price of Buyer's Class A common stock or Class B common stock, as applicable, on the New York Stock Exchange, as reported by Bloomberg, L.P.

(viii) **VWAP Adjustment Amount** means 50% of the difference between the VWAP of the Class A common stock over the Subsequent Period minus the VWAP of the Class A common stock over the Measurement Period, but shall not be less than zero.

(b) Alternative Calculation. Notwithstanding anything to the contrary in this Agreement, in the event the Discount Percentage over the Subsequent Period is less than thirty-five percent (35%), the following provision shall be used to compute the number of Shares to be delivered to Buyer at Closing, rather than the number of Shares computed based upon the provisions of Section 3.3.2 above. The number of Shares to be issued to Seller at Closing shall be equal to the lesser of 39,400,000 or the number of Shares determined by dividing: (i) forty-five percent (45%) of the Estimated Purchase Price by (ii) the greater of (1) the Adjusted VWAP during the Reference Period and (2) \$5.35. The value of such Shares for purposes of determining the amount of the Subordinated Promissory Note shall be equal to such number of Shares multiplied by the greater of the Adjusted VWAP and \$5.35.

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this description, the word **Company** refers only to Pilgrim's Pride Corporation and not to any of its subsidiaries. In addition, in this description, the term **Holder** refers to the record holder of any Note.

The Company will issue the Note in payment of a portion of the purchase price of all of the chicken business of ConAgra Foods, Inc. through the acquisition of all of the issued and outstanding capital stock of ConAgra Poultry Company, To-Ricos, Inc., Lovette Company, Inc. and Hester Industries, Inc. (collectively, the **Acquired Companies**), each a wholly-owned subsidiary of ConAgra Foods, Inc. (the **Acquisition**). The Notes will be issued under an Indenture dated as of _____, 2003 (the **Indenture**) between the Company and _____, as trustee (the **Trustee**). The terms of the Notes include those stated in the Indenture and those made part of the Indenture and by reference to the Trust Indenture Act of 1939, as amended (the **Trust Indenture Act**).

The following description is a summary of the material provisions of the Indenture.

BRIEF DESCRIPTION OF THE NOTES

The Notes:

will be general unsecured obligations of the Company; and

are expressly subordinated in right of payment to all existing and future Senior Indebtedness of the Company.

PRINCIPAL, MATURITY AND INTEREST

At the closing of the Acquisition, the Company will issue a Note with a principal amount of \$_____ million based on an estimated combined, consolidated stockholders' equity of the Acquired Companies. The final determination of the purchase price for the Acquired Companies will be subject to a post-closing audit of the final combined, consolidated balance sheet of the Acquired Companies as of the closing date of the Acquisition. Any reduction or increase in the purchase price will be made by the Company, paying the amount in cash, issuing a new Note in exchange for the original Note issued at the closing of the Acquisition, or a combination thereof. In the event a new Note is issued, the Holder of the Note will be required to surrender the original Note, and the new Note will be on the same terms and conditions as the Note issued at the closing of the Acquisition except that the principal balance will be decreased or increased by an amount equal to the difference between the final combined, consolidated stockholders' equity of the Acquired Companies based on the post-closing audit and the estimated stockholders' equity of

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

the Acquired Companies used to determine the estimated purchase price.

The Notes will mature on March 4, 2011. Interest on the Notes will accrue at the rate of 10.50% per annum and will be payable semi-annually in arrears on December 15 and June 15, commencing on _____. The Company will make each interest payment, including any Special Interest, to the Holders of record on the immediately preceding December 1 and June 1.

Interest on the Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

ADDITIONAL NOTES

Subject to the limitations set forth under Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, the Company may incur additional Indebtedness up to an aggregate principal amount of

G-1

\$_____ [one-half of the Notes] which, at its option, may consist of additional Notes, in one or more series, having identical terms as the Notes issued on the date of the Indenture (the Additional Notes). Holders of such Additional Notes will have the right to vote together with Holders of Notes issued on the date of the Indenture as one class.

SUBSIDIARY GUARANTEES

The Indenture will require that each Domestic Restricted Subsidiary (other than any Securitization Subsidiary that has entered into or established a Permitted Securitization Program) that incurs any Indebtedness (other than intercompany Indebtedness between or among such Domestic Restricted Subsidiary and the Company or any of its Restricted Subsidiaries) which is pari passu with or subordinate in right of payment to the Notes guarantee the obligations of the Company under the Notes (including the payment of principal, premium, if any, and interest on the Notes) by entering into a supplemental indenture with the Company and the Trustee (each such Domestic Restricted Subsidiary and any other Restricted Subsidiary that guarantees the Notes in accordance with the Indenture being referred to herein as a Guarantor). The Indenture will provide that any such Domestic Restricted Subsidiary must become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel to the Trustee within 10 business days of the date on which it was acquired, created or incurred such Indebtedness.

Any Guarantors will be jointly and severally liable with respect to the Company's obligations under the Notes. Each such guarantee of the Notes (a Subsidiary Guarantee) will be a general unsecured obligation of the Guarantor thereunder and will be expressly subordinated in right of payment to all existing and future Senior Indebtedness of such Guarantor. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than the Company or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition, or the Person formed by or surviving any such consolidation or merger (if such surviving Person is not the Guarantor), assumes all the obligations of that Guarantor under the Indenture and its Subsidiary Guarantee pursuant to a supplemental indenture satisfactory to the Trustee; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the Asset Sale provisions of the Indenture.

The Subsidiary Guarantee of a Guarantor will be released and such Person shall no longer be deemed a Guarantor for purposes of the Indenture:

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor to a Person that is not (either before or after giving effect to such transaction) a Subsidiary of the Company, if the Net Proceeds of that sale or other disposition are applied in accordance with the Asset Sale provisions of the Indenture;

(2) in connection with any sale of all of the Capital Stock of a Guarantor to a Person (including by way of merger or consolidation) that is not (either before or after giving effect to such transaction) a Subsidiary of the Company, if the Net Proceeds of that sale are applied (or the Company certifies in an Officer's Certificate

delivered to the Trustee that such Net Proceeds will be applied) in accordance with the Asset Sale provisions of the Indenture;

(3) if the Company properly designates the Guarantor as an Unrestricted Subsidiary; or

(4) if all Indebtedness and Guaranteed Indebtedness of such Guarantor has been paid in full or otherwise discharged.

See Repurchase at the Option of Holders Asset Sales.

OPTIONAL REDEMPTION

At any time prior to _____, 2007, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of Notes issued under the Indenture (including, if issued, any Additional Notes) at a redemption price of 110.5% of the principal amount thereof, plus accrued and unpaid interest, if any, to the redemption date, with the net cash proceeds of one or more Public Equity Offerings; provided, that:

(1) at least 65% of the aggregate principal amount of Notes issued under the Indenture (including, if issued, any Additional Notes) remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Company and its Subsidiaries); and

(2) the redemption must occur within 45 days of the date of the closing of such Public Equity Offering.

Except pursuant to the preceding paragraph and the last paragraph in this section, the Notes will not be redeemable at the Company's option prior to _____, 2007.

On or after _____, 2007, the Company may redeem all or a part of the Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest, if any, thereon to the applicable redemption date, if redeemed during the twelve-month period beginning on September 15 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2007	105.250%
2008	102.625%
2009 and thereafter	100.000%

Notwithstanding the foregoing, the Company may, at any time and from time to time, redeem all or a part of the Notes from any Initial Holder upon not less than 15 nor more than 60 days' notice, at a redemption price of 100.000% of the principal amount thereof, plus accrued and unpaid interest, if any. The Company may not, however, redeem less than all of the Notes from any Initial Holder if the Initial Holders hold less than, or the redemption would result in the Initial Holders holding less than, an aggregate of \$100 million in principal amount of the Notes.

MANDATORY REDEMPTION

The Company is not required to make mandatory redemption or sinking fund payments with respect to the Note.

REPURCHASE AT THE OPTION OF HOLDERS

Change of Control

If a Change of Control occurs, each Holder of Notes will have the right to require the Company to repurchase all or any part (equal to \$1,000 or an integral multiple thereof) of that Holder's Notes pursuant to a

Table of Contents

Index to Financial Statements

Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, the Company will offer a Change of Control Payment in cash equal to (a) in the case of an Initial Holder, 100% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, thereon to the date of purchase and (b) in the case of all other Holders, 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, thereon to the date of purchase. Within 90 days following any Change of Control, unless the Company has mailed a redemption notice with respect to all of the outstanding Notes in accordance with the Optional Redemption provisions of the Indenture, the Company will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in such notice which date shall be no earlier than 15 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Company will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934 and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

On the Change of Control Payment Date, the Company will, to the extent lawful:

- (1) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (3) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Company.

The Paying Agent will promptly mail to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; provided, that each such new Note will be in a principal amount of \$1,000 or an integral multiple thereof. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable regardless of whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the Holders of the Notes to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Asset Sales

The Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) the Company (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

G-4

Table of Contents

Index to Financial Statements

(2) such fair market value is determined by the Company's Board of Directors and evidenced by a resolution of the Board of Directors and, if such fair market value exceeds \$50 million, is set forth in an Officers' Certificate delivered to the Trustee; and

(3) at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary is in the form of cash, Cash Equivalents or assets or Voting Stock of a type referred to in clauses (2), (3) or (4) immediately below.

For purposes of this provision, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on the Company's or such Restricted Subsidiary's most recent balance sheet) of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets pursuant to a novation agreement that releases the Company or such Restricted Subsidiary from further liability; and

(b) any securities, notes or other obligations received by the Company or any such Restricted Subsidiary from such transferee that are converted by the Company or such Restricted Subsidiary into cash or Cash Equivalents (to the extent of the cash or Cash Equivalents received in that conversion) within 90 days of the related Asset Sale.

Within 270 days after the receipt of any Net Proceeds from an Asset Sale, the Company may, at its option:

(1) apply such Net Proceeds to permanently repay, purchase or retire unsubordinated Indebtedness of the Company or any Restricted Subsidiary;

(2) apply such Net Proceeds to acquire all or substantially all of the assets of, or a majority of the Voting Stock of, another business reasonably related to the business of the Company;

(3) apply such Net Proceeds to make a capital expenditure used or useful in the Company's business;

(4) apply such Net Proceeds to acquire other long-term assets that are used or useful in the Company's business; or

(5) enter into a binding agreement with respect to the application of such Net Proceeds described in clauses (2), (3) or (4) above and apply such Net Proceeds pursuant thereto within 360 days of receipt by the Company of such Net Proceeds.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Pending the final application of any such Net Proceeds, the Company may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$20.0 million, then within 45 business days after the later of the application of Net Proceeds in accordance with the preceding paragraph and the date that is 270 days following the receipt of the Net Proceeds, to the extent of the balance of the net Proceeds after application in accordance with the preceding paragraph, the Company will make an Asset Sale Offer to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions similar to those set forth in the Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis based on the principal amount of Notes and such other pari passu Indebtedness tendered. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

The Company will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934 and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such conflict.

FALL-AWAY EVENT

CERTAIN COVENANTS

Restricted Payments

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of the Company's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving the Company or any of its Restricted Subsidiaries) or to the direct or indirect holders of the Company's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable (a) in Equity Interests (other than Disqualified Stock) of the Company or (b) to the Company or a Restricted Subsidiary of the Company);

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and its Subsidiaries after the date of the Indenture (excluding Restricted Payments permitted by clauses (1), (2), (3) and (7) of the next succeeding paragraph) is less than the sum, without duplication, of

(a) 50% of the Consolidated Net Income of the Company for the period (taken as one accounting period) from the beginning of the fiscal quarter beginning immediately prior to the date of the Indenture to the end of the Company's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), plus

The preceding provisions will not prohibit the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture. In addition, so long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of the Company or any Restricted Subsidiary or of any Equity Interests of the Company in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company) of, Equity Interests of the Company (other than Disqualified Stock) or Indebtedness of the Company which is subordinate or junior in right of payment to the Notes and has a Weighted Average Life to Maturity no less than that of the Indebtedness being refinanced; provided, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3)(b) of the preceding paragraph;

(2) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of the Company or any Restricted Subsidiary with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness; provided, that the amount of any such net cash proceeds that are utilized for any such defeasance, redemption, repurchase or other acquisition shall be excluded from clause (3)(b) of the preceding paragraph;

(5) the payment by the Company of cash dividends on its common stock in an aggregate amount up to \$10.0 million per year;

(6) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or any Restricted Subsidiary of the Company held by any member of the management or the Board of Directors of the Company or any Restricted Subsidiary pursuant to any equity subscription agreement, stock option agreement or similar agreement approved by the Board of Directors of the Company; provided, that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$1 million in any twelve-month period; and

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by the Company or such Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors and set forth in a resolution. The Board of Directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing or appraisal firm acceptable to the Trustee if the fair market value exceeds \$50.0 million. Not later than the date of making any Restricted Payment with a fair market value in excess of \$50.0 million, the Company shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a description and amounts of all Restricted Payments made by the Company pursuant to this Restricted Payments covenant since the date of the most recently delivered Officers' Certificate pursuant to this paragraph (or, if none, the date of the Indenture), together with a copy of any fairness opinion or appraisal required by the Indenture.

(12) the incurrence by the Company or any of its Restricted Subsidiaries of intercompany Indebtedness; provided, however, that:

(a) if the Company or any Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Note, in the case of the Company, or the Subsidiary Guarantee, in the case of a Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Restricted Subsidiary thereof shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (12);

passu with or subordinate in right of payment to the Notes (Guaranteed Indebtedness), unless (i) such Domestic Restricted Subsidiary simultaneously executes and delivers a supplemental indenture to the Indenture providing for a Subsidiary Guarantee by such Domestic Restricted Subsidiary and (ii) such Domestic Restricted Subsidiary waives and will not in any manner whatsoever claim, or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Domestic Restricted Subsidiary under its Subsidiary Guarantee until the Notes have been paid in full. If the Guaranteed Indebtedness is (A) pari passu with the Notes, then the guarantee of such Guaranteed Indebtedness shall be pari passu with, or subordinated to, the Subsidiary Guarantee, or (B) subordinated to the Notes, then the guarantee of such Guaranteed Indebtedness shall be subordinated to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes.

Notwithstanding the foregoing, any such Subsidiary Guarantee by a Domestic Restricted Subsidiary of the Notes shall provide by its terms that it shall be automatically and unconditionally released and discharged if such Guarantor sells or otherwise disposes of all or substantially all of its assets to, or consolidates with or merges with or into (whether or not such Guarantor is the surviving Person), another Person, other than the Company or another Guarantor, in compliance with the terms described above in the fourth paragraph under the caption Subsidiary Guarantees.

Designation of Restricted and Unrestricted Subsidiaries

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated an Unrestricted Subsidiary, all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary so designated will be deemed to be an Investment made as of the time of such designation and either will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Restricted Payments or will at the time of such designation qualify as a Permitted Investment, as the Company shall determine. All such outstanding Investments will be valued at their fair market value at the time of such designation. That designation will only be permitted if such Investment would be permitted at that time and if such Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default and such redesignation will increase the amount available for Restricted Payments under the first paragraph of the covenant described under the caption Restricted Payments as provided therein or Permitted Investments, as applicable.

The Company shall give prompt written notice to the Trustee of any default in the payment of any Senior Indebtedness or any acceleration under any Senior Indebtedness or under any agreement pursuant to which Senior Indebtedness may have been issued. Failure to give such notice shall not affect the subordination of the Notes to the Senior Indebtedness or the application of the other provisions provided in the above paragraphs.

Table of Contents**Index to Financial Statements****PART I****Item 1. Business****General***Overview and Recent Developments.*

The Company, which was incorporated in Texas in 1968 and reincorporated in Delaware in 1986, is the successor to a partnership founded in 1946 as a retail feed store. Over the years, the Company grew through both internal growth and various acquisitions of farming operations and chicken processors. We are the second largest producer of poultry in both the United States and Mexico and have one of the best known brand names in the poultry industry. In the United States, we produce both prepared and fresh chicken and turkey, while in Mexico, we exclusively produce fresh chicken. Through vertical integration, we control the breeding, hatching and growing of chickens and turkeys and the processing, preparation, packaging and sale of our product lines, which we believe has made us one of the highest quality, lowest-cost producers of poultry in North America. We have consistently applied a long-term business strategy of focusing our growth efforts on the higher-value, higher-margin prepared foods products and have become a recognized industry leader in this market segment. Accordingly, our sales efforts have traditionally been targeted to the foodservice industry, principally chain restaurants and food processors. We have continually made investments to ensure that our prepared foods capabilities remain state-of-the-art and have complemented these investments with a substantial and successful research and development effort. In fiscal 2002, we sold 2.7 billion pounds of dressed chicken and 374.3 million pounds of dressed turkey and generated net sales of \$2.5 billion. In fiscal 2002, our U.S. operations accounted for 86.5% of our net sales, with the remaining 13.5% arising from our Mexico operations.

On January 27, 2001, we acquired WLR Foods, Inc. (formerly Nasdaq: WLRF), (which is referred to herein as, our Eastern Division) for approximately \$239.5 million and the assumption of approximately \$45.5 million of indebtedness. The acquisition was accounted for under the purchase method of accounting and the purchase price was allocated based on the estimated fair value of assets and liabilities. WLR Foods operations have been included in our financial results since the acquisition on January 27, 2001. WLR Foods was the seventh largest poultry company in the United States with \$836.9 million of revenue in calendar year 2000. The WLR Foods acquisition provided us with (1) chicken processing facilities in the eastern United States, where we previously had no facilities, enabling us to deliver poultry products within one day to markets accounting for approximately 40% of the U.S. population; (2) significant opportunities to realize synergies between WLR Foods and our pre-existing chicken operations; and (3) diversification of our revenue stream into the \$8 billion turkey industry, where we can capitalize on our prepared foods processing expertise. Currently, our Eastern Division's chicken sales mix consists mostly of lower margin fresh chicken products. However, we intend to convert more of our Eastern Division chicken sales into higher margin, fresh and prepared chicken products in the years to come. By consistent and continued application of our long-term business strategy to both our recently acquired Eastern Division and our existing fresh chicken mix, we believe that our overall product mix will return to the levels existing prior to the WLR Foods acquisition in subsequent years.

Since the acquisition of WLR Foods, our Eastern Division, which consists of the former WLR Foods operations, has been affected by two significant unexpected challenges. First, on March 12, 2002 an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, was discovered in Virginia. During fiscal 2002, we estimate that our operating income was negatively impacted by approximately \$26.0 million due to the negative impact of the avian influenza. As of September 28, 2002, poultry growers and producers have destroyed approximately 4.7 million head of poultry affected as a result of the virus. Turkeys represent approximately 70.0% of the destroyed poultry, with chickens representing approximately 30.0%. Approximately one-half of the turkeys and approximately three-quarters of the

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

chickens destroyed by the poultry industry in Virginia belonged to the Company. No new flocks have tested positive for the presence of avian influenza in Virginia since July 2, 2002. We currently estimate that production in our turkey operation will be significantly reduced over the next six months due to the effects of this viral outbreak. As a result of this lower

Table of Contents**Index to Financial Statements**

production output in our turkey operation, we anticipate that operating income from our turkey operation will decrease for the first six months of fiscal 2003 by approximately \$8.0 to \$14.0 million, when compared to the first six months of fiscal 2002, assuming the outbreak of avian influenza has been contained. On June 19, 2002, U.S. Secretary of Agriculture Ann Veneman proposed to the Office of Management and Budget that the U.S. Department of Agriculture (USDA) cover one-half of the total estimated economic loss suffered by the poultry industry and independent growers in Virginia due to the avian influenza outbreak. Secretary Veneman also recommended that the government of Virginia cover the remaining portion. It is our understanding that, as part of her proposal, Secretary Veneman is suggesting that independent chicken and turkey growers are to be fully compensated for their losses first and that the remainder is to be allocated to other poultry producers (including us) whose flocks were destroyed by the virus. On November 4, 2002 the Department of Agriculture made public their estimate of total federal compensation at \$51 million, with growers being compensated \$13.9 million and owners being compensated \$37.1 million. No assurance can be given as to the amount of federal compensation that we may receive or that any state agencies will in fact provide further economic assistance to the poultry growers and producers affected by the avian influenza outbreak in Virginia. No anticipated recoveries have been recorded by us as our portion of the compensation has not yet been determined. In the event that state agencies do decide to grant economic assistance to the affected poultry growers and producers, it is impossible at this time to estimate how the state agencies would allocate any such assistance between affected poultry growers and producers whose flocks were destroyed by the virus.

The second challenge faced by our Eastern Division was the voluntary nationwide recall of certain cooked deli products produced at our Franconia, Pennsylvania facility. A turkey pastrami product sample – one sample from one lot from one day's production, taken on August 14, 2002 – tested positive for Listeria, prompting us to voluntarily recall 295,000 pounds of product on October 9, 2002. According to the Food Safety and Inspection Service, (FSIS), testing indicated that the particular strain of Listeria found in this single product sample was not the same as that involved in a Northeastern outbreak of illnesses and deaths resulting from listeriosis. However, we later received information from the USDA suggesting that environmental samples (not product samples) taken at the facility on October 3 and 4, 2002 had tested positive for both the strain of Listeria which prompted the August 14, 2002 recall and a strain having characteristics similar to those of the strain identified in a Northeastern outbreak. We immediately, and voluntarily, expanded the recall to extend to cooked deli products produced from May 1, 2002 through October 11, 2002. As an additional precautionary measure, we immediately suspended operations at our Franconia facility to redouble our food safety and sanitation efforts. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products, and our Franconia facility has been reviewed and inspected by the USDA and was reopened on November 13, 2002. The amount of product covered by the recall was approximately 7% of our annual turkey production and less than 1% of our total poultry production. We carry insurance designed to cover the direct recall related expenses and certain aspects of the related business interruption caused by the recall, and subject to the insurer's reservation of rights with respect to coverage defenses that could be asserted if their investigation uncovered facts supportive of these defenses, we have received a \$4 million advance payment from our insurer with respect to the product recall claim. The Company believes that the recall and its direct effects will not have a material impact on our financial position and results of operations after considering available insurance coverage. However, there will be differences between the accounting periods in which certain recall effects are realized and when insurance recoveries are received and there can be no assurances as to the Company's ability to re-establish the products and sales affected by the recall.

Strategy.

Our objectives are (1) to increase sales, profit margins and earnings and (2) outpace the growth of, and maintain our leadership position in, the poultry industry. To achieve these goals, we plan to continue to pursue the following strategies:

Capitalize on attractive U.S. prepared foods market. We focus our U.S. growth initiatives on sales of prepared foods to the foodservice market because it continues to be one of the fastest growing and most

Table of Contents**Index to Financial Statements**

profitable segments in the poultry industry. Products sold to this market segment require further processing, which enables us to charge a premium for our products, reduces the impact of feed ingredient costs on our profitability and improves and stabilizes our profit margins. Feed ingredient costs typically decrease from approximately 30-50% of total production cost for fresh chicken products to approximately 16-25% for prepared chicken products. Our sales of prepared chicken products grew from \$466.8 million in fiscal 1998 to \$848.7 million in fiscal 2002, a compounded annual growth rate of 16.1%. However, as a result of the acquisition of WLR Foods, whose operations were focused primarily on fresh chicken products, these sales decreased as a percentage of our total U.S. chicken revenues to 51.4% in fiscal 2002 from 61.1% in fiscal 2000. By consistent and continued application of our long-term business strategy, we believe that our overall product mix will return to the levels existing prior to the WLR Foods acquisition in subsequent years.

Emphasize customer-driven research and technology. We have a long-standing reputation for customer-driven research and development in designing new products and implementing advanced processing technology. This enables us to better meet our customers' changing needs for product innovation, consistent quality and cost efficiency. In particular, customer-driven research and development is integral to our growth strategy for the prepared foods market in which customers continue to place greater importance on value-added services. Our research and development personnel often work directly with institutional customers in developing products for these customers, which we believe helps promote long-term relationships. We estimate that approximately \$300 million, or 27%, of our chicken sales to foodservice customers in fiscal 2002 consisted of new products, which were not sold by us in fiscal 1998.

Enhance U.S. fresh chicken profitability through value-added, branded products. Our U.S. fresh chicken sales accounted for \$706.8 million, or 42.9%, of our U.S. chicken sales for fiscal 2002. In addition to maintaining the sales of mature, traditional fresh chicken products, our strategy is to shift the mix of our U.S. fresh chicken products by continuing to increase sales of higher margin, faster growing products, such as marinated chicken and chicken parts and to continually shift portions of this product mix into the higher value and margin prepared chicken products, particularly in our Eastern Division. Much of our fresh chicken products are sold under the Pilgrim's Pride® brand name, which is one of the best known brands in the chicken industry.

Improve operating efficiencies and increase capacity on a cost-effective basis. As production and sales grow, we continue to focus on improving operating efficiencies by investing in state-of-the-art technology, processes and training and our total quality management program. Specific initiatives include:

standardizing lowest-cost production processes across our various facilities;

centralizing purchasing and other shared services; and

upgrading technology where appropriate.

In addition, we have a proven history of increasing capacity while improving operating efficiencies at acquired properties both in the U.S. and Mexico. As a result, according to industry data, since 1993 we have consistently been one of the lowest cost producers of chicken in the U.S., and we also believe we are one of the lowest cost producers of chicken in Mexico.

Continue to penetrate the growing Mexican market. We seek to leverage our leading market position and reputation for freshness and quality in Mexico by focusing on the following four objectives:

to be one of the most cost-efficient producers and processors of chicken in Mexico by applying technology and expertise utilized in the U.S.;

to continually increase our distribution of higher margin, more value-added products to national retail stores and restaurants;

to continue to build and emphasize brand awareness and capitalize on Mexican consumers' preference for branded products and their insistence on freshness and quality; and

Index to Financial Statements

to ensure that, if Mexican tariffs on imported chicken are eliminated as scheduled under NAFTA in January 2003, a significant portion of the chicken imported from the U.S. will be distributed through our existing and planned distribution facilities. We believe the location of our U.S. operations in the Southwest gives us a strategic advantage to capitalize on exports of U.S. chicken to Mexico.

Leverage our recently acquired turkey operations. We seek to take advantage of our leading market position and reputation as a high quality, high service provider of chicken products to purchasers of turkey products by focusing on the following four objectives:

to cross-sell prepared turkey products to existing chicken customers;

to develop new and innovative prepared turkey products by capitalizing on our research and development expertise;

to improve operating efficiencies in our turkey operations by applying proven management methodologies and techniques employed historically in our chicken operations; and

to capitalize on the unique opportunity to establish, develop and market turkey products under the Pilgrim's Pride® brand name.

Capitalize on export opportunities. We intend to continue to focus on international opportunities to complement our U.S. poultry operations and capitalize on attractive export markets. According to the USDA, the export of U.S. poultry products has grown 26.7% for chicken and decreased 19.5% for turkey from 1997 through 2001. We believe that U.S. poultry exports will grow as worldwide demand increases for high-grade, low-cost protein sources. According to USDA data, the export market is expected to grow at 11.1% and 8.9% for chicken and turkey, respectively, from 2001 to 2006. Historically, we have targeted international markets to generate additional demand for our chicken and turkey dark meat, which is a natural by-product of our U.S. operations given our concentration on prepared foods products and the U.S. customers' general preference for white meat. As part of this initiative, we have created a significant international distribution network into several markets, including Mexico, which we now utilize not only for dark meat distribution, but also for various higher margin prepared foods and other poultry products. We utilize both a direct international sales force and export brokers. Our key international markets include Canada, Mexico, Eastern Europe including Russia, and the Far East. We believe that we have substantial opportunities to expand our sales to these markets by capitalizing on direct international distribution channels supplemented by our existing export broker relationships. Exports and other chicken and turkey products accounted for approximately 5.5% of our net sales in fiscal 2002.

Products and Markets.

Our chicken products consist primarily of:

(1) Prepared chicken products, which are products such as portion-controlled breast fillets, tenderloins and strips, delicatessen products, salads, formed nuggets and patties and bone-in chicken parts. These products are sold either refrigerated or frozen and may be fully cooked, partially cooked or raw. In addition, these products are breaded or non-breaded and either pre-marinated or non-marinated. Effective November 13, 2002, we are no longer producing frankfurters although we continue to distribute frankfurters processed by others.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

(2) Fresh chicken, which is refrigerated (non-frozen) whole or cut-up chicken sold to the foodservice industry either pre-marinated or non-marinated. Fresh chicken also includes prepackaged chicken, which includes various combinations of freshly refrigerated, whole chickens and chicken parts in trays, bags or other consumer packs labeled and priced ready for the retail grocer s fresh meat counter.

(3) Export and other chicken products, which are primarily parts and whole chicken, either refrigerated or frozen for U.S. export or domestic use, and chicken prepared foods products for U.S. exports.

(4) Mexico products, which consist primarily of lower value-added products such as eviscerated chicken and chicken parts and basic products such as New York dressed (whole chicken with only feathers and blood removed) and live birds.

Our turkey products consist primarily of:

(1) Prepared turkey products, which are products such as turkey sausages, ground turkey, turkey hams and roasts, ground turkey breast products, salads and flavored turkey burgers. We also have an array of cooked, further processed deli products. Effective November 13, 2002, we are no longer producing frankfurters although we continue to distribute frankfurters processed by others.

(2) Fresh turkey, which includes fresh traypack products, turkey burgers, and fresh and frozen whole birds, as well as semi-boneless whole turkey, which has all bones except the drumsticks removed.

(3) Export and other products, which are parts and whole turkey products, either refrigerated or frozen, for U.S. export or domestic use, and turkey prepared foods products for U.S. export or domestic use.

Our chicken and turkey products are sold primarily to:

(1) Foodservice customers, which are customers such as chain restaurants, food processors, foodservice distributors and certain other institutions. We sell to our foodservice customers products ranging from portion-controlled refrigerated poultry parts to fully-cooked and frozen, breaded or non-breaded poultry parts or formed products.

(2) Retail customers, which are customers such as grocery store chains, wholesale clubs and other retail distributors. We sell to our retail customers branded, pre-packaged, cut-up and whole poultry, and fresh refrigerated or frozen whole poultry and poultry parts in trays, bags or other consumer packs.

The following table sets forth, for the periods since fiscal 1998, net sales attributable to each of our primary product lines and markets served with those products. Consistent with our long-term strategy, we have emphasized our U.S. growth initiatives on sales of prepared foods products, primarily to the foodservice market, because this product and market segment has experienced, and we believe will continue to experience, greater growth than fresh chicken products. We based the table on our internal sales reports and their classification of product types and customers.

Product Types

Chicken Products

Prepared Foods Overview. During fiscal 2002, \$848.7 million, or 51.4%, of our U.S. chicken net sales were in prepared foods products to foodservice customers and retail distributors, as compared to \$466.8 million in fiscal 1998. These numbers reflect the strategic focus for our growth. The market for prepared chicken products has experienced, and we believe will continue to experience, greater growth, higher average sales prices and higher margins than fresh chicken products. Also, the production and sale in the U.S. of prepared foods products reduce the impact of the costs of feed ingredients on our profitability. Feed ingredient costs are the single largest component of our chicken cost of goods sold, representing approximately 30% of our U.S. cost of goods sold for the year ended September 28, 2002. The production of feed ingredients is positively or negatively affected primarily by weather patterns throughout the world, the global level of supply inventories and demand for feed ingredients, and the agricultural policies of the United States and foreign governments. As further processing is performed, feed ingredient costs become a decreasing percentage of a product's total production cost, thereby reducing their impact on our profitability. Products sold in this form enable us to charge a premium, reduce the impact of feed ingredient costs on our profitability and improve and stabilize our profit margins.

We establish prices for our prepared chicken products based primarily upon perceived value to the customer, production costs and prices of competing products. The majority of these products are sold pursuant to agreements with varying terms that either set a fixed price for the products or set a price according to formulas based on an underlying commodity market, subject in many cases to minimum and maximum prices.

Fresh Chicken Overview. Our fresh chicken business is an important component of our sales and accounted for \$706.8 million, or 42.9%, of our total U.S. chicken net sales for fiscal 2002. In addition to maintaining sales of mature, traditional fresh chicken products, our strategy is to shift the mix of our U.S. fresh chicken products by continuing to increase sales of higher margin, faster growing products, such as marinated chicken and chicken parts and to continually shift portions of this product mix into the higher value and margin prepared chicken products, particularly in our Eastern Division.

Most fresh chicken products are sold to established customers based upon certain weekly or monthly market prices reported by the USDA and other public price reporting services, plus a markup, which is dependent upon the customer's location, volume, product specifications and other factors. We believe our practices with respect to sales of fresh chicken are generally consistent with those of our competitors. Prices of these products are negotiated daily or weekly and are generally related to market prices quoted by the USDA or other public reporting services.

Export and Other Chicken Products Overview. Our export and other products consist of whole chickens and chicken parts sold primarily in bulk, non-branded form either refrigerated to distributors in the U.S. or frozen for distribution to export markets and branded and non-branded prepared foods products for distribution to export markets. In fiscal 2002, approximately \$124.1 million, or 7.6% of our U.S. chicken net sales were attributable to U.S. chicken export and other. These exports and other products, other than the prepared foods products, have historically been characterized by lower prices and greater price volatility than our more value-added product lines.

Turkey Products

Since March 2002, our sales of turkey products have been negatively impacted by an outbreak of low-pathogenic avian influenza in Virginia in March 2002, that resulted in the destruction of a significant number of our turkey flocks. See further discussion in Item 7 Management's Discussion and Analysis of Results of Operations and Financial Condition.

Prepared Foods Overview. During fiscal 2002, \$192.1 million, or 55.2%, of our U.S. turkey net sales were prepared turkey products sold to foodservice customers and retail distributors. Like the U.S. chicken markets, the market for prepared turkey products has experienced greater growth and higher margins than fresh turkey products and the production and sale of prepared turkey products reduce the impact of the costs of feed ingredients on our profitability. Feed ingredient costs are the single largest component of our turkey division cost of goods sold, representing approximately 30.0% of our turkey cost of goods sold in fiscal 2002. Similarly with the chicken business, as further processing is performed, feed ingredient costs become a decreasing percentage of a product's total production cost, thereby reducing their impact on our profitability.

We establish prices for our prepared turkey products based primarily upon perceived value to the customer, production costs and prices of competing products. The majority of these products are sold pursuant to agreements with varying terms that either set a fixed price or are subject to a market driven formula.

Fresh Turkey Overview. Our fresh turkey business is an important component of our sales and accounted for \$143.7 million, or 41.3%, of our U.S. turkey net sales in fiscal 2002. As is typical for the industry, a significant portion of the sales of fresh and frozen whole turkeys is seasonal in nature, with the height of sales occurring during the Thanksgiving and Christmas holidays. In addition to maintaining sales of mature, traditional fresh turkey products, our strategy is to shift the mix of our fresh turkey products by continuing to increase sales of higher margin, faster growing value-added prepared turkey products, such as deli meats, ground turkey, turkey burgers and sausage, roasted turkey and salads.

Most fresh turkey products are sold to established customers pursuant to agreements with varying terms that either set a fixed price or are subject to a market driven formula with some agreements based upon market prices reported by the USDA and other public price reporting services, plus a markup, which is dependent upon the customer's location, volume, product specifications and other factors. We believe our practices with respect to sales of fresh turkey are generally consistent with those of our competitors with similar programs. Prices of these products are generally negotiated daily or weekly.

Export and Other Turkey Products Overview. Our export and other turkey products consist primarily of turkey parts sold primarily in bulk, non-branded form frozen for distribution to export markets and refrigerated and frozen frankfurters sold in a branded form. In fiscal 2002, approximately \$15.1 million, or 4.3%, of our total U.S. turkey sales were attributable to export and other sales. These exports and other products have historically been characterized by lower prices and greater price volatility than our more value-added product lines. Effective November 13, 2002, we are no longer producing frankfurters, although we continue to distribute frankfurters produced by others.

Markets for Chicken Products

Foodservice. The majority of our U.S. chicken sales are derived from products sold to the foodservice market. This market principally consists of chain restaurants, food processors and certain other institutions located throughout the continental United States. We supply chicken products ranging from portion-controlled refrigerated chicken parts to fully cooked and frozen, breaded or non-breaded chicken parts or formed products.

We believe Pilgrim's Pride is well-positioned to be the primary or secondary supplier to many national and international chain restaurants who require multiple suppliers of chicken products. Additionally, we are well suited to be the sole supplier for many regional chain restaurants. Regional chain restaurants often offer better margin opportunities and a growing base of business.

We believe we have significant competitive strengths in terms of full-line product capabilities, high-volume production capacities, research and development expertise and extensive distribution and marketing experience relative to smaller and to non-vertically integrated producers. While the overall chicken market has grown consistently, we believe the majority of this growth in recent years has been in the foodservice market.

According to the National Chicken Council, during the 1997 through 2001 period, sales of chicken products to the foodservice market grew at a compounded annual growth rate of approximately 2.3%, versus 1.2% growth for the chicken industry overall. Foodservice growth is anticipated to continue as food-away-from-home expenditures continue to outpace overall industry rates. According to the National Restaurant Association, food-away-from-home expenditures grew at a compounded annual growth rate of approximately 5.0% during the 1997 through 2001 period and are projected to grow at a 4.4% compounded annual growth rate from 2001 through 2010. As a result, the food-away-from-home category is projected by the National Restaurant Association to account for 53% of total food expenditures by 2010, as compared with 46% in 2001. Our sales to the foodservice market from fiscal 1998 through fiscal 2002 grew at a compounded annual growth rate of 14.8% and represented 67.2% of the net sales of our U.S. chicken operations in fiscal 2002.

Foodservice Prepared Foods. The majority of our sales to the foodservice market consist of prepared foods products. Our prepared chicken products sales to the foodservice market were \$659.9 million in fiscal 2002 compared to \$418.2 million in fiscal 1998, a compounded annual growth rate of approximately 12.1%. We attribute this growth in sales of prepared chicken products to the foodservice market to a number of factors:

First, there has been significant growth in the number of foodservice operators offering chicken on their menus and the number of chicken items offered.

Second, foodservice operators are increasingly purchasing prepared chicken products, which allow them to reduce labor costs while providing greater product consistency, quality and variety across all restaurant locations.

Third, there is a strong need among larger foodservice companies for an alternative or additional supplier to our principal competitor in the prepared chicken products market. A viable alternative supplier must be able to ensure supply, demonstrate innovation and new product development and provide competitive pricing. We have been successful in our objective of becoming the alternative supplier of choice by being the primary or secondary prepared chicken products supplier to many large foodservice companies because:

We are vertically integrated, giving us control over our supply of chicken and chicken parts;

Our further processing facilities are particularly well suited to the high-volume production runs necessary to meet the capacity and quality requirements of the foodservice market; and

We have established a reputation for dependable quality, highly responsive service and excellent technical support.

Fourth, as a result of the experience and reputation developed with larger customers, we have increasingly become the principal supplier to mid-sized foodservice organizations.

Fifth, our in-house product development group follows a customer-driven research and development focus designed to develop new products to meet customers' changing needs. Our research and development personnel often work directly with institutional customers in developing products for these customers. Approximately \$300 million, or 27%, of our chicken sales to foodservice customers in fiscal 2002 consisted of new products which were not sold by us in fiscal 1998.

Sixth, we are a leader in utilizing advanced processing technology, which enables us to better meet our customers' needs for product innovation, consistent quality and cost efficiency.

Foodservice - Fresh Chicken. We produce and market fresh, refrigerated chicken for sale to U.S. quick-service restaurant chains, delicatessens and other customers. These chickens have the giblets removed, are usually of specific weight ranges, and are usually pre-cut to customer specifications. They are often marinated to enhance value and product differentiation. By growing and processing to customers specifications, we are able to assist quick-service restaurant chains in controlling costs and maintaining quality and size consistency of chicken pieces sold to the consumer.

Retail. The retail market consists primarily of grocery store chains, wholesale clubs and other retail distributors. We concentrate our efforts in this market on sales of branded, prepackaged cut-up and whole chicken to grocery store chains and retail distributors in the midwestern, southwestern, western and eastern regions of the United States. This regional marketing focus enables us to develop consumer brand franchises and capitalize on proximity to the trade customer in terms of lower transportation costs, more timely, responsive service, and enhanced product freshness. For a number of years, we have invested in both trade and retail marketing designed to establish high levels of brand name awareness and consumer preferences.

We utilize numerous marketing techniques, including advertising, to develop and strengthen trade and consumer awareness and increase brand loyalty for consumer products marketed under the Pilgrim's Pride® brand. Our founder, Lonnie Bo Pilgrim, is the featured spokesman in our television, radio and print advertising, and a trademark cameo of a person wearing a Pilgrim's hat serves as the logo on all of our primary branded products. As a result of this marketing strategy, Pilgrim's Pride® is a well-known brand name in several southwestern markets, including Dallas/Fort Worth, Houston and San Antonio, Texas, Oklahoma City, Oklahoma, Denver, Colorado, Phoenix, Arizona and Los Angeles and San Diego, California. We believe our efforts to achieve and maintain brand awareness and loyalty help to provide more secure distribution for our products. We also believe our efforts at brand awareness generate greater price premiums than would otherwise be the case in certain southwestern markets. We also maintain an active program to identify consumer preferences. The program primarily consists of testing new product ideas, packaging designs and methods through taste panels and focus groups located in key geographic markets.

Retail Prepared Foods. We sell retail-oriented prepared chicken products primarily to grocery store chains located in the midwestern, southwestern, western and, eastern regions of the U.S. Our prepared chicken products sales to the retail market were \$158.3 million in fiscal 2002 compared to \$46.3 million in fiscal 1998, a compounded annual growth rate of approximately 36.0%. We believe that our growth in this market segment will continue as retailers concentrate on offering more products which are quick, easy and convenient to prepare at home.

Retail Fresh Chicken. Our prepackaged retail products include various combinations of freshly refrigerated, whole chickens and chicken parts in trays, bags or other consumer packs labeled and priced ready for the retail grocer's fresh meat counter. We believe the retail, prepackaged fresh chicken business will continue to be a large and relatively stable market, providing opportunities for product differentiation and regional brand loyalty.

Export and Other Chicken Products. Our export and other chicken products, other than the prepared foods products, consist of whole chickens and chicken parts sold primarily in bulk, non-branded form either refrigerated to distributors in the U.S. or frozen for distribution to export markets. In the U.S., prices of these products are negotiated daily or weekly and are generally related to market prices quoted by the USDA or other public price reporting services. We also sell U.S.-produced chicken products for export to Canada, Mexico, Eastern Europe including Russia, the Far East and other world markets. On March 10, 2002 Russia announced it was imposing a ban on the importing of U.S. poultry products. Russia accounted for approximately 35% of all U.S. poultry exports in 2001, or approximately 7% of the total U.S. poultry production. On April 10, 2002 Russia announced the lifting of the import ban. However, U.S. markets continue to be affected as Russia continues to restrict the import of U.S. poultry products. On September 15, 2002 new sanitary guidelines were established by Russia that requires veterinary specialists from the Agriculture Ministry of Russia to inspect and certify plants of U.S. poultry producers interested in exporting to Russia. We expect this certification process to be completed in calendar 2002 and expect that the industry will resume exporting these products into Russia shortly thereafter; however, once exports resume, there is no assurance that they will regain the levels existing prior to the March 10, 2002 ban. Historically, we have targeted international markets to generate additional demand for our chicken dark meat, which is a natural by-product of our U.S. operations given our concentration on prepared foods products and the U.S. customers' general preference for white meat. We have also begun selling prepared chicken products for export to the international divisions of our U.S. chain restaurant customers. We believe that

U.S. chicken exports will continue to grow as worldwide demand increases for high-grade, low-cost protein sources. We also believe that worldwide demand for higher margin prepared foods products will increase over the next several years. Accordingly, we believe we are well positioned to capitalize on such growth. Also included in these categories are chicken by-products, which are converted into protein products sold primarily to manufacturers of pet foods.

Markets for Turkey Products

Foodservice. A portion of our turkey sales are derived from products sold to the foodservice market. This market principally consists of chain restaurants, food processors, foodservice distributors and certain other institutions located throughout the continental United States. We supply turkey products ranging from portion-controlled refrigerated turkey parts to ready-to-cook turkey, fully cooked formed products, delicatessen products such as deli meats and sausage, salads, ground turkey and turkey burgers and other foodservice products.

We believe Pilgrim's Pride is well-positioned to be the primary or secondary supplier to many national and international chain restaurants that require multiple suppliers of turkey products. Additionally, we are well suited to be the sole supplier for many regional chain restaurants.

We believe we have significant competitive strengths in terms of full-line product capabilities, high-volume production capacities, research and development expertise and extensive distribution and marketing experience relative to smaller and to non-vertically integrated producers.

Foodservice Prepared Foods. The majority of our turkey sales to the foodservice market consist of prepared turkey products. Our prepared turkey sales to the foodservice market were \$134.7 million of our sales in fiscal 2002. We believe that future growth in this segment will be attributable to the factors described above relating to the growth of prepared chicken sales to the foodservice market.

Foodservice Fresh Turkey. We produce and market fresh, refrigerated and frozen turkey for sale to foodservice distributors, restaurant chains and other customers. These turkeys are usually of specific weight ranges, and are usually whole birds to customer specifications. They are often marinated to enhance value and product differentiation. Our semi-boneless turkey, unique to Pilgrim's Pride, is becoming very popular with cruiselines and other customers where visual presentation of the whole turkey is critical.

Retail. A significant portion of our turkey sales is derived from products sold to the retail market. This market consists primarily of grocery store chains, wholesale clubs and other retail distributors. We concentrate our efforts in this market on sales of branded, prepackaged cut-up and whole turkey to grocery store chains and retail distributors in the eastern region of the United States. This regional marketing focus enables us to develop consumer brand franchises and capitalize on proximity to the trade customer in terms of lower transportation costs, more timely and responsive service and enhanced product freshness.

We utilize numerous marketing techniques, including advertising, to develop and strengthen trade and consumer awareness and increase brand loyalty for consumer products marketed under the Pilgrim's Pride® and Wampler® brands. We believe our efforts to achieve and maintain brand awareness and loyalty help to provide more secure distribution for our products. We also believe our efforts at brand awareness generate greater price premiums than would otherwise be the case in certain eastern markets. We also maintain an active program to identify consumer preferences. The program primarily consists of testing new product ideas, packaging designs and methods through taste panels and focus groups

located in key geographic markets.

Retail Prepared Foods. We sell retail-oriented prepared turkey products primarily to grocery store chains located in the eastern U.S. We also sell these products to the wholesale club industry.

ready for the retail grocer's fresh meat counter, ground turkey or sausage and turkey burgers. We believe the retail prepackaged fresh turkey business will continue to be a large and relatively stable market, providing opportunities for product differentiation and regional brand loyalty with large seasonal spikes in the holiday seasons.

Export and Other Turkey Products. Our export and other turkey products, other than the prepared foods products, consist of whole turkeys and turkey parts sold in bulk form, either non-branded or under the Wampler® and Rockingham® brands. These products are primarily sold frozen either to distributors in the U.S. or for distribution to export markets. In the U.S., prices of these products are negotiated daily or weekly and are generally related to market prices quoted by the USDA or other public price reporting services. We also sell U.S.-produced turkey products for export to Canada, Mexico, Eastern Europe including Russia, the Far East and other world markets. Historically, we have targeted international markets to generate additional demand for our turkey dark meat, and frankfurters made from turkey dark meat, which is a natural by-product of our U.S. operations given our concentration of prepared foods products and the U.S. customers' general preference for white meat. We believe that U.S. turkey exports will continue to grow as worldwide demand increases for high-grade, low-cost protein sources. We also believe that worldwide demand for higher margin prepared turkey products will increase over the next several years. Accordingly, we believe we are well positioned to capitalize on such growth, especially in Mexico where we have established distribution channels. Also included in these categories are turkey by-products, which are converted into protein products sold primarily to manufacturers of pet foods.

Markets for Other U.S. Products

We market fresh eggs under the Pilgrim's Pride® brand name, as well as under private labels, in various sizes of cartons and flats to U.S. retail grocery and institutional foodservice customers located primarily in Texas. We have a housing capacity for approximately 2.2 million commercial egg laying hens which can produce approximately 42 million dozen eggs annually. U.S. egg prices are determined weekly based upon reported market prices. The U.S. egg industry has been consolidating over the last few years, with the 25 largest producers accounting for more than 58.6% of the total number of egg laying hens in service during 2001. We compete with other U.S. egg producers primarily on the basis of product quality, reliability, price and customer service.

In 1997, we introduced a high-nutrient egg called EggsPlus. This egg contains high levels of Omega-3 and Omega-6 fatty acids along with Vitamin E, making the egg a heart-friendly product. Our marketing of EggsPlus has received national recognition for our progress in being an innovator in the functional foods category.

In addition, we produce and sell livestock feeds at our feed mill in Mt. Pleasant, Texas and at our farm supply store in Pittsburg, Texas to dairy farmers and livestock producers in northeastern Texas. We engage in similar sales activities at our other U.S. feed mills.

Mexico

Background

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The Mexican market represented approximately 13.5% of our net sales in fiscal 2002. Recognizing favorable long-term demographic trends and improving economic conditions in Mexico, in the 1980 s we began exploring opportunities to produce and market chicken in Mexico. In fiscal 1988, we acquired four vertically integrated chicken production operations in Mexico for approximately \$15.1 million. Since this original acquisition, we have made subsequent acquisitions and capital expenditures in Mexico to modernize our production technology, improve our distribution network and expand our operations. In addition, we have transferred experienced management personnel from the U.S. and developed a strong local management team. As

Table of Contents

Index to Financial Statements

a result of these expenditures, we have increased weekly production in our Mexican operations by over 400% since our original investment in fiscal 1988. We are now the second largest producer of chicken in Mexico. We believe that our facilities are among the most technologically advanced in Mexico and that we are one of the lowest cost producers of chicken in Mexico.

Product Types

While the market for chicken products in Mexico is less developed than in the United States, with sales attributed to fewer, more basic products, the market for value-added products is increasing. Our strategy is to lead this trend. The products currently sold by us in Mexico consist primarily of lower value-added products such as eviscerated chicken and chicken parts and basic products such as New York dressed (whole chickens with only feathers and blood removed) and live birds. We have increased our sales of value-added products, primarily through national retail chains and restaurants, and it is our business strategy to continue to do so. In addition, we remain opportunistic, utilizing our low cost production to enter markets where profitable opportunities exist. Other products sold by us in Mexico include commercial feed, vaccines and other agricultural products.

Markets

We sell our Mexico chicken products primarily to large wholesalers and retailers. Our customer base in Mexico covers a broad geographic area from Mexico City, the capital of Mexico with a population estimated to be over 22 million, to Saltillo, the capital of the State of Coahuila, about 500 miles north of Mexico City, and from Tampico and Veracruz on the Gulf of Mexico to Acapulco on the Pacific, which region includes the cities of San Luis Potosi and Queretaro, capitals of the states of the same name, and Cancun on the Caribbean.

In Mexico, where product differentiation has traditionally been limited, product quality, service and price have been the most critical competitive factors. The North American Free Trade Agreement, which went into effect on January 1, 1994, requires annual reductions in tariffs for chicken and chicken products in order to eliminate those tariffs by January 1, 2003. On November 21, 2002 the Mexican Secretariat of the Economy announced that it would initiate an investigation to determine whether a temporary safeguard action is warranted to protect the domestic poultry industry when import tariffs on poultry are eliminated in January 2003. The action stems from concerns of the Union Nacional Avicultores (UNA) that duty-free imports of leg quarters would injure the Mexico poultry industry. A suggested safeguard by the UNA is to establish a tariff rate for chicken leg quarters at the 2001 tariff level of 98.8% of the sales price for a period of three to five years.

While the extent of the impact of the elimination of tariffs is uncertain, we believe we are uniquely positioned to benefit from this elimination. We have an extensive distribution network in Mexico, which distributes products to 26 of the 32 Mexican states, encompassing approximately 85% of the total population of Mexico. Our distribution network is comprised of eighteen distribution centers utilizing approximately 126 company-owned vehicles. We believe this distribution network will be an important asset in distributing our own, as well as other companies', U.S.-produced chicken into Mexico.

Competition

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The chicken and turkey industries are highly competitive and some of our competitors have greater financial and marketing resources than we do. In the United States and Mexico, we compete principally with other vertically integrated chicken and turkey companies.

In general, the competitive factors in the U.S. chicken and turkey industries include price, product quality, product development, brand identification, breadth of product line and customer service. Competitive factors vary by major market. In the foodservice market, competition is based on consistent quality, product development, service and price. In the U.S. retail market, we believe that product quality, brand awareness and

Table of Contents

Index to Financial Statements

customer service are the primary bases of competition. There is some competition with non-vertically integrated further processors in the U.S. prepared food business. We believe we have significant, long-term cost and quality advantages over non-vertically integrated further processors.

In Mexico, where product differentiation has traditionally been limited, product quality, service and price have been the most critical competitive factors. The North American Free Trade Agreement, which went into effect on January 1, 1994, requires annual reductions in tariffs for chicken and chicken products in order to eliminate those tariffs by January 1, 2003. As such tariffs are reduced, we expect greater amounts of chicken to be imported into Mexico from the U.S., which could negatively affect the profitability of Mexican chicken producers and positively affect the profitability of U.S. exporters of chicken to Mexico. On November 21, 2002 the Mexican Secretariat of the Economy announced that it would initiate an investigation to determine whether a temporary safeguard action is warranted to protect the domestic poultry industry when import tariffs on poultry are eliminated in January 2003. The action stems from concerns of the Union Nacional Avicultores (UNA) that duty-free imports of leg quarters would injure the Mexico poultry industry. A suggested safeguard by the UNA is to establish a tariff rate for chicken leg quarters at the 2001 tariff level of 98.8% of the sales price for a period of three to five years.

While the extent of the impact of the elimination of tariffs is uncertain, we believe we are uniquely positioned to benefit from this elimination for two reasons. First, we have an extensive distribution network in Mexico, which distributes products to 26 of the 32 Mexican states, encompassing approximately 85% of the total population of Mexico. We believe this distribution network will be an important asset in distributing our own, as well as other companies', U.S.-produced chicken into Mexico. Second, we have the largest U.S. production and distribution capacities near the Mexican border, which will provide us with cost advantages in exporting U.S. chicken into Mexico. These facilities include our processing facilities in Mt. Pleasant, Pittsburg, Lufkin, Nacogdoches, Dallas and Waco, Texas, and distribution facilities in San Antonio and El Paso, Texas and Phoenix, Arizona.

Other Activities

We have regional distribution centers located in Arlington, El Paso, Mt. Pleasant and San Antonio, Texas, and Phoenix, Arizona that distribute our own poultry products, along with certain poultry and non-poultry products purchased from third parties, to independent grocers and quick service restaurants. Our non-poultry distribution business is conducted as an accommodation to our customers and to achieve greater economies of scale in distribution logistics. The store-door delivery capabilities for our own poultry products provide a strategic service advantage in selling to quick service, national chain restaurants.

Regulation and Environmental Matters

The chicken and turkey industries are subject to government regulation, particularly in the health and environmental areas, including provisions relating to the discharge of materials into the environment, by the Centers for Disease Control, the USDA, the Food and Drug Administration (FDA) and the Environmental Protection Agency in the United States and by similar governmental agencies in Mexico. Our chicken processing facilities in the U.S. are subject to on-site examination, inspection and regulation by the USDA. The FDA inspects the production of our feed mills in the U.S. Our Mexican food processing facilities and feed mills are subject to on-site examination, inspection and regulation by a Mexican governmental agency, which performs functions similar to those performed by the USDA and FDA. We believe that we are in substantial compliance with all applicable laws and regulations relating to the operations of our facilities.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

We anticipate increased regulation by the USDA concerning food safety, by the FDA concerning the use of medications in feed and by the EPA and various other state agencies concerning the disposal of chicken by-products and wastewater discharges. Although we do not anticipate any regulations having a material adverse effect upon us, a material adverse effect may occur. See Item 1. Business-General-Overview and Recent Developments.

Table of Contents**Index to Financial Statements****Employees and Labor Relations**

As of September 28, 2002, we employed approximately 20,200 persons in the U.S. and 4,600 persons in Mexico. Approximately 2,850 employees at our Lufkin and Nacogdoches, Texas facilities are members of collective bargaining units represented by the United Food and Commercial Workers Union. None of our other U.S. employees have union representation. Collective bargaining agreements with the United Food and Commercial Workers Union expired on August 10, 2001 with respect to our Lufkin employees, where we are currently operating without a contract, and expire in October 2004 with respect to our Nacogdoches employees. Our Lufkin employees voted in July 2002 to retain union representation. However, the election results have not yet been certified; objections are still pending and are being reviewed by the National Labor Relations Board. We believe that the terms of the Nacogdoches agreement are no more favorable than those provided to our non-union U.S. employees. In Mexico, most of our hourly employees are covered by collective bargaining agreements, as are most employees in Mexico. We have not experienced any work stoppage since a two-day work stoppage, with no significant operation disruption, at our Lufkin facility in May 1993. We believe our relations with our employees are satisfactory.

Item 2. Properties

Chicken Operations

Breeding and Hatching

We supply all of our chicks in the U.S. by producing our own hatching eggs from domestic breeder flocks in the U.S. These flocks are owned by us, and approximately 13.1% of them are maintained on 42 company-owned breeder farms. In the U.S., we currently own or contract for approximately 15.0 million square feet of breeder housing on approximately 429 breeder farms. In Mexico, all of our breeder flocks are maintained on company-owned farms totaling approximately 4.1 million square feet.

We own eleven chicken hatcheries in the United States. These hatcheries are located in Nacogdoches, Center and Pittsburg, Texas, DeQueen and Nashville, Arkansas, Broadway, Virginia, Concord, North Carolina and Moorefield, West Virginia, where eggs are incubated and hatched in a process requiring 21 days. Once hatched, the day-old chicks are inspected and vaccinated against common poultry diseases and transported by our vehicles to grow-out farms. Our eleven hatcheries in the U.S. have an aggregate production capacity of approximately 15.5 million chicks per week. In Mexico, we own seven hatcheries, which have an aggregate production capacity of approximately 3.5 million chicks per week.

Grow-out

We place our U.S. grown chicks on approximately 1,560 contract grow-out farms located in Texas, Arkansas, Virginia, West Virginia, North Carolina and Oklahoma, some of which are owned by our affiliates. These contract grow-out farms contain approximately 5,818 chicken houses with approximately 81.0 million square feet of growing facilities. Additionally, we own and operate grow-out farms containing approximately 390 chicken houses with approximately 4.4 million square feet of growing facilities in the U.S., which account for approximately 5.2% of our total annual U.S. chicken capacity. On the contracted grow-out farms, the farmers provide the facilities, utilities and labor. We supply the chicks, the feed and all veterinary and technical services. Contract grow-out farmers are paid based on live weight produced under an incentive arrangement. In Mexico, we place our grown chicks on contract grow-out farms containing approximately 756 chicken houses with approximately 9.7 million square feet of growing facilities. Additionally, we own and operate grow-out farms containing approximately 648 chicken houses with approximately 10.4 million square feet of growing facilities in Mexico, which account for approximately 52.0% of our total

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

annual Mexican chicken capacity. Arrangements with independent farmers in Mexico are similar to our arrangements with contractors in the United States. The average grow-out cycle of our chickens is six to seven weeks.

Feed Mills

An important factor in the production of chicken is the rate at which feed is converted into body weight. The quality and composition of the feed is critical to the conversion rate. Accordingly, we formulate and produce our

Table of Contents

Index to Financial Statements

own feed. We purchase feed ingredients on the open market. The primary feed ingredients include corn, milo and soybean meal, which historically have been the largest component of our total production costs. In the U.S., we operate nine feed mills located in Nacogdoches, Tenaha and Pittsburg, Texas, Nashville and Hope, Arkansas, Broadway, Virginia, Wingate, North Carolina and Moorefield, West Virginia. In the U.S., we currently have annual feed requirements of approximately 3.4 million tons and the capacity to produce approximately 6.1 million tons. We own four feed mills in Mexico, which produce all of the requirements of our Mexico operations. Mexico's annual feed requirements are approximately 0.7 million tons with a capacity to produce approximately 1.0 million tons. In fiscal 2002, approximately 67% of the feed ingredients used by us in Mexico were imported from the United States, but this percentage fluctuates based on the availability and cost of local feed ingredient supplies.

Processing

Once the chickens reach processing weight, they are transported by truck to our processing plants. These plants utilize modern, highly automated equipment to process and package the chickens. We periodically review the possible application of new processing technologies in order to enhance productivity and reduce costs. We have nine U.S. processing plants, two of which are located in Mt. Pleasant, Texas, and the remainder of which are located in Dallas, Nacogdoches and Lufkin, Texas, DeQueen, Arkansas, Broadway, Virginia, Marshville, North Carolina and Moorefield, West Virginia. These processing plants have the capacity, under present USDA inspection procedures, to slaughter approximately 12.5 million head of chicken per week, assuming a five-day work week. The Company's plant in Alma, Virginia, which had been acquired in the acquisition of WLR Foods, was closed during fiscal 2002, with the production from the Alma plant being consolidated with the Company's other processing plants in the area. Our three processing plants located in Mexico have the capacity to slaughter approximately 3.3 million head of chicken per week, assuming a six-day work week, which is typical in Mexico.

Turkey Operations

Breeding and Hatching

We purchase breeder poults, which we place with growers who supply labor and housing to produce breeder flocks. These breeder flocks are owned by us, and approximately 16.2% of them are maintained on three company-owned breeder farms. We currently own or contract for approximately 2.0 million square feet of turkey breeder housing on approximately 40 breeder farms, which produce eggs that are taken to the company-owned turkey hatchery. Our breeder flocks provide approximately 69% of our poult supply for grow-out. We own and operate one turkey stud farm with approximately 50,000 square feet, which houses 3,600 breeder males and supplies semen for 52% of our breeder production. The balance of our semen requirements and poults for grow-out are purchased from third parties.

We own and operate one turkey hatchery, which is located in Harrisonburg, Virginia, where eggs are incubated and hatched in a process requiring 28 days. Once hatched, the day-old poults are inspected and vaccinated against common poultry diseases and transported by our vehicles to grow-out farms. Our turkey hatchery has an aggregate production capacity of approximately 450,000 poults per week.

Grow-out

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

We place our turkey poults on approximately 350 contract grow-out farms located in Virginia, West Virginia, Pennsylvania, Maryland and North and South Carolina. These contract grow-out farms contain approximately 1,260 turkey houses with approximately 23.6 million square feet of growing facilities. In addition, we own and operate a grow-out farm containing 20 turkey houses with approximately 251,000 square feet of growing facilities in the U.S., which accounts for approximately 1.1% of our total annual turkey capacity. On the contracted grow-out farms, the farmers provide the facilities, utilities and labor. We supply the poults, the feed

and all veterinary and technical services. Contract grow-out farmers are paid based on live weight produced under an incentive arrangement. The average grow-out cycle of our turkeys is 20 to 26 weeks.

Feed Mills

An important factor in the production of turkey is the rate at which feed is converted into body weight. The quality and composition of the feed is critical to the conversion rate. Accordingly, we formulate and produce the majority of our own feed. We purchase feed ingredients on the open market. The primary feed ingredients include corn, milo and soybean meal, which historically have been the largest component of our total production costs. We own and operate a turkey feed mill located in Harrisonburg, Virginia. We currently have the capacity to annually produce approximately 520,000 tons of turkey feed at this mill. We also produce turkey feed when required at our other three eastern division mills or purchase it on the open market.

Processing

Once the poult reaches processing weight, they are transported by truck to our processing plants. These plants utilize modern, highly automated equipment to process and package the turkeys. We periodically review the possible application of new processing technologies in order to enhance productivity and reduce costs. Our two turkey processing plants, located in Hinton, Virginia and New Oxford, Pennsylvania, have the capacity, under present USDA inspection procedures, to process approximately 450,000 turkeys per week, assuming a five-day work week. The Company closed its Harrisonburg Plant, which had been acquired in the acquisition of WLR Foods, at the end of fiscal 2002 and consolidated all production from this plant to the Company's Hinton facility.

Prepared Foods Operations

We operate five prepared foods plants. Four of these plants process primarily chicken prepared foods products and are located in Mt. Pleasant, Waco, Dallas and Nacogdoches, Texas. Substantially all of our turkey prepared foods products are processed in our plant located in Franconia, Pennsylvania. In line with our stated business strategy to capitalize on the attractive U.S. prepared foods market, we have increased our prepared foods production capacity through expansion and acquisitions. The U.S. prepared foods market continues to be one of the fastest growing and most profitable segments in the poultry industry. Further processed prepared foods products include items such as portion-controlled breast fillets, tenderloins and strips, formed nuggets and patties, turkey hams and roasts, salads and bone-in chicken parts. Prepared foods are sold frozen and may be either fully cooked, partially cooked or raw, breaded or non-breaded, pre-marinated or non-marinated or smoked.

Our largest prepared foods plant is located in Mt. Pleasant, Texas and was constructed in 1986 and has been expanded significantly since that time. This facility includes 281,000 square feet and employs approximately 2,300 people. This facility has de-boning lines, marinating systems, batter/breading systems, fryers, ovens, both mechanical and cryogenic freezers, a variety of packaging systems and cold storage including four fully-cooked lines and three ready-to-cook/par-frying/Individually Quick Frozen (IQF) lines and one batter-breaded/IQF line and eight spiral freezers. This facility has capacity to produce approximately 350 million pounds of further processed product annually based on current production mix and is currently operating at 80% of capacity. We measure our operating capacity of our prepared foods plants on the basis of running two shifts per day, six days per week.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Our Waco, Texas prepared foods plant was purchased in 1999 and expanded in fiscal 2000 and again in fiscal 2001. It is functionally equivalent to the Mt. Pleasant plant and includes 150,146 square feet and employs approximately 700 people. This state of the art facility has marinating systems, batter/breading systems, fryers, ovens, both mechanical and cryogenic freezers, a variety of packaging systems and cold storage including two fully-cooked lines and two ready-to-cook lines and four spiral freezers. This facility has capacity to produce approximately 270 million pounds of further processed product annually based on current production mix and is currently operating at approximately 60% of capacity.

Our Franconia, Pennsylvania prepared foods plant was acquired in January 2001 and further processes chicken and turkey products, including grinding, marinating, spicing and cooking, producing premium delicatessen, foodservice and retail products, including roast turkey and salads. This facility includes approximately 170,000 square feet and employs approximately 775 people. Our Franconia facility employs the batching system of production as opposed to the line-production system used in our other plants. This plant has approximately 95 million annual pounds of oven capacity and 17 million annual pounds of salad capacity for a total capacity of approximately 112 million pounds of further processed product annually based on current product mix and is currently operating at approximately 80% of capacity. See Item 1. Business-General-Overview and Recent Developments for a discussion of the recent events at this facility.

Our Dallas, Texas prepared foods plant was constructed in 1999 and includes 84,000 square feet and employs approximately 900 people. This facility has de-boning and portioning capability, marinating systems, batter/breading and frying systems and IQF capabilities. This plant is currently running one par-frying line and one IQF production line, each with a spiral freezer. This facility has the capacity to produce approximately 105 million pounds of further processed product annually based on current product mix and is currently operating at approximately 70% of capacity.

Our Nacogdoches, Texas prepared foods plant was constructed in fiscal 2001. It is functionally equivalent to our Dallas, Texas prepared foods plant and includes 115,465 square feet and employs approximately 1,850 people. This facility has de-boning and portioning capability, marinating systems, batter/breading and frying systems and IQF capabilities. This plant is currently running one par-frying line with a spiral freezer and two IQF lines each with a spiral freezer with capability of making them par-fry lines as sales dictate. This facility has capacity to produce approximately 80 million pounds of further processed product annually based on current product mix and is currently operating at approximately 90% of capacity.

Egg Production

We produce table eggs at three farms near Pittsburg, Texas. One farm is owned by us, while two farms are leased from our Chairman, Lonnie Bo Pilgrim, doing business through Pilgrim Poultry G.P. The eggs are cleaned, sized, graded and packaged for shipment at processing facilities located on the egg farms. The farms have a housing capacity for approximately 2.2 million producing hens and are currently housing approximately 1.9 million hens.

Other Facilities and Information

We operate three rendering plants that convert by-products into protein products, located in Mt. Pleasant, Texas, Broadway, Virginia and Moorefield, West Virginia. These rendering plants currently process by-products from approximately 13.1 million chickens and 0.6 million turkeys weekly into protein products. These products are used in the manufacture of poultry and livestock feed and pet foods. In April 2002, we completed a partially automated distribution freezer located outside of Pittsburg, Texas, which includes 125,000 square feet of storage area. We operate a commercial feed mill in Mt. Pleasant, Texas, which produces various bulk and sacked livestock feed sold to area dairies, ranches and farms. We also operate a feed supply store in Pittsburg, Texas, from which we sell various bulk and sacked livestock feed products, a majority of which is produced in our Mt. Pleasant commercial feed mill. We own an office building in Pittsburg, Texas, which houses our executive offices, and an office building outside of Pittsburg, Texas, which houses our Logistics and Customer Service offices, an office building in Mexico City, which houses our Mexican marketing offices, and an office building in Broadway, Virginia, which houses our Eastern Division sales and marketing, research and development, and Eastern Division support activities.

Substantially all of our U.S. property, plant and equipment, except those in our turkey segment, are pledged as collateral on our secured debt.

On November 4, 2002, an individual who allegedly consumed our meat products filed a putative class action lawsuit in the Philadelphia County Court of Common Pleas in the Commonwealth of Pennsylvania. Plaintiff allegedly contracted Listeriosis. The case is styled *Frank Niemtow, individually and on behalf of all others similarly situated, v. Pilgrim's Pride Corporation and Wampler Foods, Inc*. The complaint seeks recovery on behalf of a putative class of all persons that purchased and/or consumed meat products manufactured by us between May 1, 2002, and October 11, 2002, bearing establishment code P-1351 and who have suffered an injury. This class represents all individuals who have suffered Listeriosis and symptoms of Listeriosis and other medical injuries. Plaintiff also seeks to represent a putative class of all persons that purchased and/or consumed meat products manufactured by us between May 1, 2002 and October 11, 2002 bearing establishment code P-1351 and who have not suffered any personal injury. The complaint seeks compensatory and punitive damages under theories of negligence, alleged violation of the Pennsylvania Unfair Trade Practices Act and Consumer Protection Law, strict liability in tort, and unjust enrichment. The time for responding to the complaint has not yet arrived. We intend to defend vigorously both certification of the case as a class action and questions concerning ultimate liability and damages, if any. No discovery has been conducted to date. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter to have a material impact on our financial position, operation or liquidity after considering our available insurance coverage.

In January of 1998, seventeen of our current and/or former employees filed the case of *Octavius Anderson, et al. v. Pilgrim's Pride Corporation* in the United States District Court for the Eastern District of Texas, Lufkin Division claiming Pilgrim's Pride violated requirements of the Fair Labor Standards Act. The suit alleged Pilgrim's Pride failed to pay employees for all hours worked. The suit generally alleged that (1) employees should be paid for time spent to put on, take off, and clean certain personal gear at the beginning and end of their shifts and breaks and (2) the use of a master time card or production line time fails to pay employees for all time actually worked. Plaintiffs sought to recover unpaid wages plus liquidated damages and legal fees. Approximately 1,700 consents to join as plaintiffs were filed with the court by current and/or former employees. During the week of March 5, 2001, the case was tried in the Federal Court of the Eastern District of Texas, Lufkin, Texas. The Company prevailed at the trial with a judgment issued by the judge, which found no evidence presented to support the plaintiffs' allegations. The plaintiffs filed an appeal in the Fifth Circuit Court of Appeals to reverse the judge's decision. The plaintiff's brief was submitted to the court on November 5, 2001. Pilgrim's Pride's response to the plaintiff's brief to the Fifth Circuit Court of Appeals was submitted on December 5, 2001. The Fifth Circuit Court of Appeals heard oral arguments in this matter on June 4, 2002. On June 6, 2002 the Fifth Circuit Court of Appeals entered a *per curiam* opinion affirming the opinion of the trial court. Appellants did not file any motion for a rehearing and the deadline for filing of such a motion has passed.

In August of 2000, four of our current and/or former employees filed the case of *Betty Kennell, et al. v. Wampler Foods, Inc.* in the United States District Court for the Northern District of West Virginia, claiming we violated requirements of the Fair Labor Standards Act. The suit generally makes the same allegations as *Anderson v. Pilgrim's Pride* discussed above. Plaintiffs seek to recover unpaid wages plus liquidated damages and legal fees. Approximately 150 consents to join as plaintiffs were filed with the court by current and/or former employees. No trial date has been set. To date, only limited discovery has been performed. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter, individually or collectively, to have a material impact on our financial position, operations or liquidity.

On August 20, 1999, the former WLR Foods brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in Washington D.C. alleging a world-wide conspiracy by approximately 34 named defendants to control production capacity and raise prices of common vitamins such as A, B-4, C, and E. The Company, as successor to WLR Foods in this suit, received \$9.5 million in fiscal 2002 in partial settlement of its claims, \$4.3 million of which was recorded by the Company as a component of Other Expense

(Income): Miscellaneous, Net in fiscal 2002 as the recovery amount received during the period exceeded the \$5.2 million recovery amount recorded at the time of the acquisition of WLR Foods. The initial estimate of the amount that would be recovered under the WLR Foods claims was based on the ratio of recoveries to vitamin purchases that was inherent in similar claims settled by the Company in fiscal 2001 on substantially similar claims. To date, claims related to approximately one-third of the WLR Foods affected vitamin purchases have been settled by or on behalf of the former WLR Foods, which settlements have resulted in payments to the Company and the former WLR Foods of \$11.0 million. No assurances can be made regarding the likelihood or timing of future settlements or whether or not future recoveries, if any, will be proportionally less than, equal to or greater than these previous recovery amounts.

On June 7, 2001, the Company brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in San Francisco alleging a world-wide conspiracy by defendant suppliers and producers of methionine to control production capacity and raise prices of methionine. The Company estimates that it was overcharged by approximately \$50 million in connection with the alleged conspiracy and expects the litigation of this matter to be resolved during calendar year 2003. No assurances can be made regarding the likelihood or timing of future awards or settlements.

On July 1, 2002, three individuals, on behalf of themselves and a putative class of chicken growers, filed their original class action complaint against us in the United States District Court for the Eastern District of Texas, Texarkana Division. The case is styled *Wheeler vs. Pilgrim's Pride Corporation*. The complaint alleges that we violated the Packers and Stockyards Act (7 U.S.C. Section 192) and breached fiduciary duties allegedly owed to the plaintiff growers. The plaintiffs also brought individual actions under the Packers and Stockyards Act alleging common law fraud, negligence, breach of fiduciary duties and breach of contract. On July 29, 2002, we filed our Motion to Dismiss under Rules 12(b) (1), 12(b) (6) and 9(b). We also filed a Motion to Transfer Venue on August 19, 2002, and the plaintiffs have filed a Motion for Preliminary Injunction to prohibit any alleged retaliation against the growers. Discovery has not yet been conducted in this case. In addition, the Court has not ruled upon any of the above-referenced motions. We intend to defend vigorously both certification of the case as a class action and questions concerning ultimate liability and damages, if any. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter, to have a material impact on our financial position, operations or liquidity.

The Company is subject to various other legal proceedings and claims, which arise in the ordinary course of its business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Company.

- (d) For purposes of computing the ratio of earnings to fixed charges, earnings consist of income before income taxes and extraordinary items plus fixed charges (excluding capitalized interest). Fixed charges consist of interest (including capitalized interest) on all indebtedness, amortization of capitalized financing costs and that portion of rental expense that we believe to be representative of interest. Earnings were inadequate to cover fixed charges by \$4.1 million and \$5.8 million in fiscal 2002 and 1996, respectively.
- (e) Historical per share amounts represent both basic and diluted and have been restated to give effect to a stock dividend issued on July 30, 1999.

- (g) EBITDA is defined as the sum of net income (loss) plus interest, taxes, depreciation and amortization. Our method of computation may or may not be comparable to other similarly titled measures used in our filings with the SEC or by other companies. See the consolidated statements of income and consolidated statements of cash flows included in our financial statements. EBITDA is presented because we believe that it provides meaningful additional information concerning a company's operating results and its ability to service its long-term debt and to fund its growth, and we believe EBITDA is frequently used by securities analysts, investors and other interested parties, in addition to and not in lieu of GAAP results, to compare the performance of companies. EBITDA is not a measurement of financial performance under generally accepted accounting principles and should not be considered as an alternative to cash flow from operating activities or as a measure of liquidity or an alternative to net income as indicators of our operating performance or any other measures of performance derived in accordance with generally accepted accounting principles.

A reconciliation of net income to EBITDA is as follows:

Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition**General**

Profitability in the poultry industry is materially affected by the commodity prices of feed ingredients, chicken and turkey, which are determined by supply and demand factors. As a result, the chicken and turkey industries are subject to cyclical earnings fluctuations. Cyclical earnings

fluctuations can be mitigated somewhat by:

Business strategy;

Product mix;

Sales and marketing plans; and

Operating efficiencies.

In an effort to reduce price volatility and to generate higher, more consistent profit margins, we have concentrated on the production and marketing of prepared foods products. Prepared foods products generally have higher profit margins than our other products. Also, the production and sale in the U.S. of prepared foods products reduce the impact of the costs of feed ingredients on our profitability. Feed ingredient purchases are the single largest component of our cost of goods sold, representing approximately 30% of our consolidated cost of goods sold in fiscal 2002. The production of feed ingredients is positively or negatively affected primarily by weather patterns throughout the world, the global level of supply inventories and demand for feed ingredients, and the agricultural policies of the United States and foreign governments. As further processing is performed, feed ingredient costs become a decreasing percentage of a product's total production cost, thereby reducing their impact on our profitability. Products sold in this form enable us to charge a premium, reduce the impact of feed ingredient costs on our profitability and improve and stabilize our profit margins.

Business Segments

We operate in two reportable business segments as (1) a producer of chicken and other products and (2) a producer of turkey products.

Our chicken and other products segment primarily includes sales of chicken products we produce and purchase for resale in the United States and Mexico, but also includes the sale of table eggs, feed and other items. Our chicken and other products segment conducts separate operations in the United States and Mexico and is reported as two separate geographical areas. Our turkey segment includes sales of turkey products produced in our turkey operation, which operate exclusively in the United States.

Inter-area sales and inter-segment sales, which are not material, are accounted for at prices comparable to normal trade customer sales. Corporate expenses are included with chicken and other products.

Table of Contents**Index to Financial Statements****Results of Operations****Fiscal 2002 Compared to Fiscal 2001**

On January 27, 2001, we completed the acquisition of WLR Foods (now the Company's Eastern Division), a vertically integrated producer of chicken and turkey products located in the eastern United States, for approximately \$239.5 million and the assumption of approximately \$45.5 million of indebtedness. The acquisition was accounted for under the purchase method of accounting and the purchase price was allocated based on the estimated fair value of assets and liabilities. WLR Foods' operations have been included in our financial results since the acquisition on January 27, 2001. Accordingly, only 35 weeks of operations of the former WLR Foods are included in our results for fiscal 2001. WLR Foods was the seventh largest poultry company in the United States with \$836.9 million of revenue in calendar year 2000. The WLR Foods acquisition provided us with (1) chicken processing facilities in the eastern United States, where we previously had no facilities, enabling us to deliver poultry products within one day to markets accounting for approximately 40% of the U.S. population; (2) significant opportunities to realize synergies between WLR Foods and our pre-existing chicken operations; and (3) diversification of our revenue stream into the \$8 billion turkey industry, where we can capitalize on our prepared foods processing expertise. Currently, our Eastern Division's chicken sales mix consists mostly of lower margin fresh chicken products. However, we intend to convert more of our Eastern Division chicken sales mix into higher margin, fresh and prepared chicken products in the years to come. By consistent and continued application of our long-term business strategy to both our recently acquired Eastern Division and our existing fresh chicken mix, we believe that our overall product mix will return to the levels existing prior to the WLR Foods acquisition in subsequent years.

Since the acquisition of WLR Foods, our Eastern Division, which consists of the former WLR Foods' operations, has been affected by two significant unexpected challenges. First, on March 12, 2002 an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, was discovered in Virginia. During fiscal 2002, we estimate that our operating income was negatively impacted by approximately \$26.0 million due to the negative impact of the avian influenza. As of September 28, 2002, poultry growers and producers have destroyed approximately 4.7 million head of poultry affected as a result of the virus. Turkeys represent approximately 70.0% of the destroyed poultry, with chickens representing approximately 30.0%. Approximately one-half of the turkeys and approximately three-quarters of the chickens destroyed by the poultry industry in Virginia belonged to the Company. No new flocks have tested positive for the presence of avian influenza in Virginia since July 2, 2002. We currently estimate that production in our turkey operation will be significantly reduced over the first six months of fiscal 2003 due to the effects of this viral outbreak. As a result of this lower production output in our turkey operation, we anticipate that operating income from our turkey operation will decrease for the first six months of fiscal 2003 by approximately \$8.0 to \$14.0 million, when compared to the first six months of fiscal 2002, assuming the outbreak of avian influenza has been contained. On June 19, 2002, U.S. Secretary of Agriculture Ann Veneman proposed to the Office of Management and Budget that the U.S. Department of Agriculture (USDA) cover one-half of the total estimated economic loss suffered by the poultry industry and independent growers in Virginia due to the avian influenza outbreak. Secretary Veneman also recommended that the government of Virginia cover the remaining portion. It is our understanding that, as part of her proposal, Secretary Veneman is suggesting that independent chicken and turkey growers are to be fully compensated for their losses first and that the remainder is to be allocated to other poultry producers (including us) whose flocks were destroyed by the virus. On November 4, 2002 the Department of Agriculture made public their estimate of total federal compensation at \$51 million, with growers being compensated \$13.9 million and owners being compensated \$37.1 million. No assurance can be given as to the amount of federal compensation that we may receive or that any state agencies will in fact provide further economic assistance to the poultry growers and producers affected by the avian influenza outbreak in Virginia. No anticipated recoveries have been recorded by us as our portion of the compensation has not yet been determined. In the event that state agencies do decide to grant economic assistance to the affected poultry growers and producers, it is impossible at this time to estimate how the state agencies would allocate any such assistance between affected poultry growers and producers whose flocks were destroyed by the virus.

Table of Contents**Index to Financial Statements**

The second challenge faced by our Eastern Division was that in October 2002 a limited number of USDA samples from the Company's Franconia, Pennsylvania plant tested positive for Listeria. As a result the Company voluntarily recalled all cooked deli products produced at the plant from May 1, 2002 through October 11, 2002. Additionally as a precautionary measure, we immediately suspended operations at our Franconia facility to redouble our food safety and sanitation efforts. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products, and our Franconia facility has been reviewed and inspected by the USDA and reopened on November 13, 2002. As the recall occurred in early fiscal 2003, it did not have any significant impact on our consolidated financial statements as of September 28, 2002. In addition, we carry insurance designed to cover the direct recall related expenses and certain aspects of the related business interruption caused by the recall. As a result, we believe that the recall and its direct effects will not have a material impact on our financial position, results of operations, or liquidity after considering available insurance coverage. However, there will likely be differences between the accounting periods in which certain recall effects are realized and when insurance recoveries are received, and there can be no assurances as to the Company's ability to re-establish the products and sales affected by the recall.

Consolidated Net Income Before Tax. Consolidated net income before tax is affected by foreign exchange rate fluctuations between the U.S. dollar and the Mexican peso. Assuming the peso exchange rate does not change from the rate at the end of fiscal 2002, approximately \$1.7 million of future devaluation will result as remaining inventory is sold. On September 29, 2001, the Mexican peso closed at 9.54 to 1 U.S. dollar, compared to 10.02 to 1 U.S. dollar on September 28, 2002, and at 10.19 to 1 U.S. dollar on December 2, 2002. No assurances can be given as to how future movements in the peso could affect our future earnings.

Consolidated Net Sales. Consolidated net sales were \$2.5 billion for fiscal 2002, an increase of \$319.0 million, or 14.4%, from fiscal 2001. The increase in consolidated net sales resulted from a \$176.7 million increase in U.S. chicken sales to \$1.6 billion, a \$109.3 million increase in turkey sales to \$348.1 million, a \$20.3 million increase in Mexico chicken sales to \$323.8 million and a \$13.8 million increase in sales of other products to \$193.7 million. The increase in U.S. chicken sales was primarily due to a 17.2% increase in dressed pounds produced, which resulted primarily from the acquisition of WLR Foods on January 27, 2001 offset partially by a 4.4% decrease in total revenue per dressed pound produced, caused in part by import restrictions on poultry products typically sold to Russia and Japan by the industry, resulting in production being liquidated at less favorable pricing levels. The increase in turkey sales was due to the acquisition of WLR Foods, partially offset by the impact of the avian influenza discussed above. The \$20.3 million increase in Mexico chicken sales was primarily due to an 8.0% increase in average revenue per dressed pound produced, partially offset by a 1.9% decrease in pounds produced. The \$13.8 million increase in sales of other U.S. products was primarily due to poultry by-products sales price increases, an increase in sales by the Company's wholesale feed division and the acquisition of WLR Foods.

Cost of Sales. Consolidated cost of sales was \$2.4 billion in fiscal 2002, an increase of \$367.8 million, or 18.4%, when compared to fiscal 2001. The U.S. operations accounted for \$356.9 million of the increase in the cost of sales and our Mexico operations accounted for \$10.9 million of the increase. The cost of sales increase in our U.S. operations of \$356.9 million was due primarily to the acquisition of WLR Foods, \$121.6 million of which is related to the turkey operations and was impacted by the avian influenza discussed above. The increase in cost of sales of chicken products also resulted from increased sales of higher cost prepared foods products.

The \$10.9 million cost of sales increase in our Mexico operations was primarily due to production of a higher cost, more value added product mix compared to the prior year.

Gross Profit. Gross profit was \$165.2 million for fiscal 2002, a decrease of \$48.8 million, or 22.8%, from the same period last year, due primarily to the negative effects of the avian influenza outbreak in our Eastern Division and to lower dark meat sales prices in the U.S. caused in part by import restrictions on poultry products typically sold to Russia and Japan by the industry.

Table of Contents

Index to Financial Statements

Gross profit as a percentage of sales decreased to 6.5% in fiscal 2002, from 9.7% in fiscal 2001, primarily due to increased operating expenses incurred in connection with the avian influenza outbreak in our Eastern Division and lower dark meat sales prices in the U.S. caused in part by import restrictions on poultry products typically sold to Russia and Japan by the industry.

Consolidated Selling, General and Administrative. Consolidated selling, general and administrative expenses were \$135.3 million in fiscal 2002 and \$119.4 million in fiscal 2001. The \$15.9 million increase was due primarily to the acquisition of WLR Foods, which was completed on January 27, 2001. Consolidated selling, general and administrative expenses as a percentage of sales decreased slightly in fiscal 2002 to 5.3%, compared to 5.4% in fiscal 2001.

Operating Income. Consolidated operating income was \$29.9 million for fiscal 2002, decreasing by approximately \$64.6 million, when compared to fiscal 2001 due primarily to the negative effects of the avian influenza outbreak in our Eastern Division and to lower dark meat sales prices in the U.S. caused in part by import restrictions on poultry products typically sold to Russia and Japan by the industry.

Interest Expense. Consolidated net interest expense increased 4.0% to \$32.0 million in fiscal 2002, when compared to \$30.8 million for fiscal 2001, due primarily to higher average outstanding debt balances experienced in the year.

Income Tax Expense. Consolidated income tax benefit in fiscal 2002 was \$12.4 million compared to an income tax expense of \$20.7 million in fiscal 2001. This decrease was primarily caused by the \$11.9 million income tax benefit resulting from changes in the Mexico tax law and lower pretax earnings in fiscal 2002.

Fiscal 2001 Compared to Fiscal 2000

On January 27, 2001, we completed the acquisition of WLR Foods, a vertically integrated producer of chicken and turkey products located in the eastern United States. Accordingly, 35 weeks of operations of the former WLR Foods are included in our results for fiscal 2001.

Consolidated Net Sales. Consolidated net sales were \$2.2 billion for fiscal 2001, an increase of \$715.3 million, or 47.7%, from fiscal 2000. The increase in consolidated net sales resulted from a \$422.0 million increase in U.S. chicken sales to \$1.5 billion, a \$238.8 million increase in turkey sales, a \$36.7 million increase in sales of other products to \$200.1 million and by a \$17.8 million increase in Mexico chicken sales to \$303.4 million. The increase in U.S. chicken sales was primarily due to a 35.6% increase in dressed pounds produced, which resulted primarily from the acquisition of WLR Foods, and to a 3.4% increase in total revenue per dressed pound produced. The increase in turkey sales was due to the acquisition of WLR Foods. The \$36.7 million increase in sales of other U.S. products to \$200.1 million was primarily due to the acquisition of WLR Foods and higher prices in our commercial egg operations. The \$17.8 million increase in Mexico chicken sales was primarily due to a 13.4% increase in dressed pounds produced offset partially by a 7.1% decrease in average revenue per dressed pound produced, primarily due to lower prices caused by an over supply of chicken.

Cost of Sales. Consolidated cost of sales was \$2.0 billion in fiscal 2001, an increase of \$667.2 million, or 50.0%, compared to fiscal 2000. The U.S. operations accounted for \$630.8 million of the increase in the cost of sales and our Mexico operations accounted for \$36.4 million of the increase.

The cost of sales increase in our U.S. operations of \$630.8 million was due primarily to the acquisition of WLR Foods, \$222.6 million of which related to the turkey operations, but also resulted from increased production of higher cost prepared foods products, higher energy costs and higher feed ingredient costs.

The \$36.4 million cost of sales increase in our Mexico operations was primarily due to a 13.4% increase in dressed pounds produced.

Table of Contents

Index to Financial Statements

Gross Profit. Gross profit was \$214.0 million for fiscal 2001, an increase of \$48.1 million, or 29.0%, over the same period last year, due primarily to the acquisition of WLR Foods. Gross profit as a percentage of sales decreased to 9.7% in fiscal 2001, from 11.1% in fiscal 2000, due primarily to lower sales prices in Mexico.

Selling, General and Administrative Expenses. Consolidated selling, general and administrative expenses were \$119.4 million in fiscal 2001 and \$85.3 million in fiscal 2000. The \$34.1 million increase was due primarily to the acquisition of WLR Foods and certain integration costs related thereto. Consolidated selling, general and administrative expenses as a percentage of sales decreased in fiscal 2001 to 5.4%, compared to 5.7% in fiscal 2000, due primarily to synergies resulting from the WLR Foods acquisition.

Operating Income. Consolidated operating income was \$94.5 million for fiscal 2001, an increase of \$14.1 million when compared to fiscal 2000, resulting primarily from higher volumes from the acquisition of WLR Foods and higher sales prices in the U.S.

Interest Expense. Consolidated net interest expense increased 73.1% to \$30.8 million in fiscal 2001, when compared to \$17.8 million for fiscal 2000, due to higher outstanding balances incurred for the acquisition of WLR Foods.

Income Tax Expense. Consolidated income tax expense in fiscal 2001 increased to \$20.7 million compared to an expense of \$10.4 million in fiscal 2000. This increase resulted from higher U.S. pre-tax earnings in fiscal 2001 than in fiscal 2000.

Liquidity and Capital Resources

We maintain \$130.0 million in revolving credit facilities, \$30 million of which is related to our Mexican operations, and \$400.0 million in a secured revolving/term borrowing facility, subject to certain limitations including availability of collateral. The \$400.0 million revolving/term borrowing facility provides for \$285.0 million and \$115.0 million of 10-year and 7-year commitments, respectively. Borrowings under these facilities are split pro rata between the 10-year and 7-year maturities as they occur. The credit facilities provide for interest at rates ranging from LIBOR plus five-eighths percent to LIBOR plus two and three-quarters percent, depending upon our total debt to capitalization ratio. Interest rates on debt outstanding under these facilities as of September 28, 2002 ranged from LIBOR plus one and three-quarters percent to LIBOR plus two percent. These facilities are secured by inventory and fixed assets; the \$30 million facility in Mexico is further secured by Mexican accounts receivables, inventories and certain fixed assets.

At September 28, 2002, \$115.9 million was available under the revolving credit facilities including \$30.0 million in Mexico and \$209.0 million was available under the revolving/term borrowing facility. At December 2, 2002 we had \$76.1 million available under our revolving credit facilities and \$180.0 million available under the revolving/term borrowing facility and cash on hand of \$81.3 million compared to \$14.9 million at September 28, 2002, due primarily to advances subsequent to year end on the various facilities, for a total liquidity of \$337.4 million at December 2, 2002 compared to \$339.8 million at September 28, 2002.

On June 26, 1998, we entered into an Asset Sale Agreement to sell up to \$60 million of accounts receivable. In connection with the Asset Sale Agreement, we sell, on a revolving basis, certain of our trade receivables (the Pooled Receivables) to a special purpose corporation wholly owned by us, which in turn sells a percentage ownership interest to third parties. At September 28, 2002 and September 29, 2001, an interest in

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

these Pooled Receivables of \$58.5 million had been sold to third parties and is reflected as a reduction in accounts receivable during each period. This sales agreement expires on June 30, 2003. If this facility is not replaced or extended the Company will likely use its revolving/term borrowing facility to provide this liquidity. These transactions have been recorded as sales in accordance with Financial Accounting Standards Board Statement No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. The gross proceeds resulting

Table of Contents**Index to Financial Statements**

from the sale are included in cash flows from operating activities in our consolidated statements of cash flows. Losses on these sales were immaterial.

On June 29, 1999, the Camp County Industrial Development Corporation issued \$25.0 million of variable-rate environmental facilities revenue bonds supported by letters of credit obtained by us. We may draw from these proceeds over the construction period for new sewage and solid waste disposal facilities at a poultry by-products plant to be built in Camp County, Texas. We are not required to borrow the full amount of the proceeds from the bonds. All amounts borrowed from these funds will be due in 2029. The amounts that we borrow will be reflected as debt when received from the Camp County Industrial Development Corporation. The interest rates on amounts borrowed will closely follow the tax-exempt commercial paper rates. Presently, there are no borrowings outstanding under the bonds.

On August 9, 2001, Pilgrim's Pride issued \$200.0 million in senior unsecured notes with an interest rate of 9/8% maturing on September 15, 2011. The proceeds from the notes offering were used to redeem the remaining \$90.8 million outstanding of our 10⁷/8% senior subordinated notes due 2003. The balance of the proceeds was used to reduce indebtedness under our \$400.0 million revolving/term borrowing facility.

At September 28, 2002, our working capital decreased to \$179.0 million and our current ratio decreased to 1.68 to 1, compared with working capital of \$203.4 million and a current ratio of 1.85 to 1 at September 29, 2001, primarily due to the working capital changes discussed below.

Contractual Obligations and Guarantees. Obligations under long-term debt and non-cancelable operating leases at September 28, 2002 are as follows (in millions):

Contractual Obligations	Payments Due By Period				After
	Total	Less than 1 year	1-3 years	4-5 years	
Long-term debt ^(a)	\$ 453.6	\$ 3.4	\$ 21.6	\$ 49.1	\$ 379.5
Guarantee Fees	13.2	2.5	4.8	4.1	1.8
Operating leases	110.3	32.4	38.2	26.8	12.9
Total	\$ 577.1	\$ 38.3	\$ 64.6	\$ 80.0	\$ 394.2

(a) Excludes \$14.1 million in letters of credit outstanding related to normal business transactions.

Trade accounts and other receivables were \$85.3 million at September 28, 2002, compared to \$95.0 million at September 29, 2001. The \$9.7 million, or 10.2%, decrease in trade accounts and other receivables was primarily due to improvements in collection efficiencies. Excluding the sale of receivables, trade accounts and other receivables would have decreased \$8.5 million, to \$143.8 million at the end of fiscal 2002 from \$153.5 million at the end of fiscal 2001.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Inventories were \$326.8 million at September 28, 2002, compared to \$314.4 million at September 29, 2001. The \$12.4 million, or 3.9%, increase in inventories was primarily due to increases in finished turkey products inventories resulting from changes made in product mix in connection with the outbreak of avian influenza (see General, Overview and Developments) which inventories are expected to be liquidated during the 2002 Thanksgiving and Christmas holiday seasons.

Accounts payable and accrued expenses increased \$18.6 million to \$248.5 million at September 28, 2002, compared to \$229.9 million at September 29, 2001 due to an increase in higher feed, other ingredients, packaging costs, and other expenses.

Capital expenditures of \$80.4 million, \$112.6 million and \$92.1 million, for fiscal years 2002, 2001 and 2000, respectively, were primarily incurred to acquire and expand certain facilities, improve efficiencies, reduce

costs and for the routine replacement of equipment. We anticipate spending approximately \$65.0 million to \$75.0 million in fiscal 2003 to improve efficiencies and for the routine replacement of equipment. We expect to finance such expenditures with available operating cash flows and existing revolving/term and revolving credit facilities.

Cash flows provided by operating activities were \$98.1 million, \$87.8 million and \$130.8 million for the fiscal years 2002, 2001 and 2000, respectively. The increase in cash flows provided by operating activities for fiscal 2002 when compared to fiscal 2001, was primarily due to a full year impact from the former WLR Foods operations in fiscal 2002, compared to 35 weeks in fiscal 2001. The decrease in cash flows provided by operating activities in fiscal 2001 compared to fiscal 2000, was primarily due to an overall increase of accounts receivable, due primarily to a higher level of sales activity and increased inventories, due primarily to higher levels of live poultry and frozen turkey inventories due primarily to seasonal variations in the live production cycle and sales of turkey products, both of which were primarily a result of the WLR Foods acquisition; and lower net income for fiscal 2001.

Cash flows (used in) provided by financing activities were (\$21.8) million, \$246.6 million and (\$24.8) million for the fiscal years 2002, 2001 and 2000, respectively. The increase in cash used in financing activities for fiscal 2002, when compared to fiscal 2001, is primarily due to borrowings to finance the acquisition of WLR Foods in 2001. The increase in cash flows provided by financing activities for fiscal 2001, when compared to fiscal 2000, reflects the net proceeds from borrowings to finance the acquisition of WLR Foods.

Critical Accounting Policies and Estimates

General. Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. On an ongoing basis, we evaluate our estimates, including those related to revenue recognition, customer programs and incentives, allowance for doubtful accounts, inventories and income taxes. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements.

Revenue Recognition. Revenue is recognized upon shipment or upon transfer of ownership of the product to the customer and is recorded net of estimated incentive offerings including special pricing agreements, promotions and other volume-based incentives. Revisions to these estimates are charged to income in the period in which the facts that give rise to the revision become known.

Allowance for Doubtful Accounts. We maintain allowances for doubtful accounts reflecting estimated losses resulting from the inability of our customers to make required payments. The allowance for doubtful accounts is based on management's review of the overall condition of accounts receivable balances and review of significant past due accounts. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Inventory. Live poultry inventories are stated at the lower of cost or market and breeder hens at the lower of cost, less accumulated amortization, or market. The costs associated with breeder hens are accumulated up to the production stage and amortized over the productive lives using the unit-of-production method. Finished poultry products, feed, eggs and other inventories are stated at the lower of cost (first-in, first-out method) or market. We record valuations and adjustments for our inventory and for estimated obsolescence at or equal to the difference between the cost of inventory and the estimated market value based upon known conditions affecting

Table of Contents

the inventories obsolescence, including significantly aged products, discontinued product lines, or damaged or obsolete products. We allocate meat costs between our various finished poultry products based on a by-product costing technique that reduces the cost of the whole bird by estimated yields and amounts to be recovered for certain by-product parts, primarily including leg quarters, wings, tenders and offal, which are carried in inventory at the estimated recovery amounts, with the remaining amount being reflected as our breast meat cost. As a result, our lower of cost or market evaluation is done separately on a pool basis for all chicken and turkey products. If actual market conditions are less favorable than those projected by management, additional inventory adjustments may be required.

Accrued Self Insurance. Insurance expense for casualty claims and employee-related health care benefits are estimated using historical experience and actuarial estimates. Stop-loss coverage is maintained with third party insurers to limit the Company's total exposure. The assumption used to arrive at periodic expenses is reviewed regularly by management. However, actual expenses could differ from these estimates and could result in adjustments to be recognized.

Income Taxes. We account for income taxes in accordance with *SFAS No. 109, Accounting for Income Taxes*, which requires that deferred tax assets and liabilities be recognized for the effect of temporary differences between the book and tax bases of recorded assets and liabilities. Taxes are provided for international subsidiaries based on the assumption that these earnings are indefinitely reinvested in the Company and within individual companies and as such taxes are not provided in the U.S. or local jurisdictions that would be required in the event of distribution of these earnings. *SFAS No. 109* also requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized. We review the recoverability of any tax assets recorded on the balance sheet, primarily operating loss carryforwards, based on both historical and anticipated earnings levels of the individual operations and provide a valuation allowance when it is more likely than not that amounts will not be recovered.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Market Risk Sensitive Instruments and Positions

The risk inherent in our market risk sensitive instruments and positions is the potential loss arising from adverse changes in the price of feed ingredients, foreign currency exchange rates and interest rates as discussed below. The sensitivity analyses presented do not consider the effects that such adverse changes may have on overall economic activity, nor do they consider additional actions our management may take to mitigate our exposure to such changes. Actual results may differ.

Feed Ingredients

We purchase certain commodities, primarily corn and soybean meal. As a result, our earnings are affected by changes in the price and availability of such feed ingredients. As market conditions dictate, we will from time to time lock-in future feed ingredient prices using various hedging techniques, including forward purchase agreements with suppliers and futures contracts. We do not use such financial instruments for trading purposes and are not a party to any leveraged derivatives. Market risk is estimated as a hypothetical 10% increase in the weighted-average cost of our primary feed ingredients as of September 28, 2002. Based on our feed consumption during fiscal 2002, such an increase would have resulted in an increase to cost of sales of approximately \$69.5 million, excluding the impact of any hedging in that period. As of September 28, 2002, we had hedged 1.7% of our 2003 feed requirements.

Foreign Currency

Our earnings are affected by foreign exchange rate fluctuations related to the Mexican peso net monetary position of our Mexico subsidiaries denominated in Mexican pesos. We manage this exposure primarily by

Table of Contents

Index to Financial Statements

attempting to minimize our Mexican peso net monetary position, but from time to time we have also considered executing hedges to help minimize this exposure. Such instruments, however, have historically not been economically feasible. We are also exposed to the effect of potential exchange rate fluctuations to the extent that amounts are repatriated from Mexico to the United States. However, we currently anticipate that the cash flows of our Mexico subsidiaries will continue to be reinvested in our Mexico operations. In addition, the Mexican peso exchange rate can directly and indirectly impact our results of operations and financial position in several manners, including potential economic recession in Mexico resulting from a devalued peso. The impact on our financial position and results of operations of a hypothetical change in the exchange rate between the U.S. dollar and the Mexican peso cannot be reasonably estimated. Foreign currency exchange gains and losses, representing the change in the U.S. dollar value of the net monetary assets of our Mexico subsidiaries denominated in Mexican pesos, was a loss of \$1.5 million in fiscal 2002 and a loss of \$0.1 million and gain of \$0.2 million in fiscal 2001 and 2000, respectively. On December 2, 2002, the Mexican peso closed at 10.19 to 1 U.S. dollar, compared to 10.02 at September 28, 2002. No assurance can be given as to how future movements in the peso could affect our future earnings.

Interest Rates

Our earnings are also affected by changes in interest rates due to the impact those changes have on our variable-rate debt instruments. The acquisition of WLR Foods substantially increased our outstanding balances of variable rate debt. We have variable-rate debt instruments representing approximately 42.4% of our long-term debt at September 28, 2002. Holding other variables constant, including levels of indebtedness, a 25 basis points increase in interest rates would have increased our interest expense by \$0.5 million for fiscal 2002. These amounts are determined by considering the impact of the hypothetical interest rates on our variable-rate long-term debt at September 28, 2002.

Market risk for fixed-rate long-term debt is estimated as the potential increase in fair value resulting from a hypothetical 25 basis points decrease in interest rates and amounts to approximately \$3.9 million as of September 28, 2002, using discounted cash flow analysis.

Impact of Inflation

Due to low to moderate inflation in the U.S. and Mexico and our rapid inventory turnover rate, the results of operations have not been significantly affected by inflation during the past three-year period.

Forward Looking Statements

Statements of our intentions, beliefs, expectations or predictions for the future, denoted by the words anticipate, believe, estimate, expect, project, imply, intend, foresee and similar expressions, are forward-looking statements that reflect our current views about future events and are subject to risks, uncertainties and assumptions. Such risks, uncertainties and assumptions include those described under Risk Factors below and elsewhere in this Annual Report on Form 10-K.

Actual results could differ materially from those projected in these forward-looking statements as a result of these factors, among others, many of which are beyond our control.

In making these statements, we are not undertaking, and specifically decline to undertake, any obligation to address or update each or any factor in future filings or communications regarding our business or results, and we are not undertaking to address how any of these factors may have caused changes or information contained in previous filings or communications. Though we have attempted to list comprehensively these important cautionary risk factors, we wish to caution investors and others that other factors may in the future prove to be important in affecting our business or results of operations.

Risk Factors

Cyclicality and Commodity Prices. Industry cyclicality can affect our earnings, especially due to fluctuations in commodity prices of feed ingredients, chicken and turkey.

Profitability in the chicken and turkey industries is materially affected by the commodity prices of feed ingredients, chicken and turkey, which are determined by supply and demand factors. As a result, the chicken and turkey industries are subject to cyclical earnings fluctuations.

The production of feed ingredients is positively or negatively affected primarily by weather patterns throughout the world, the global level of supply inventories and demand for feed ingredients, and the agricultural policies of the United States and foreign governments. In particular, weather patterns often change agricultural conditions in an unpredictable manner. A sudden and significant change in weather patterns could affect supplies of feed ingredients, as well as both the industry's and our ability to obtain feed ingredients, grow chickens and turkeys or deliver products.

High feed ingredient prices have had a material adverse effect on our operating results in the past. We periodically seek, to the extent available, to enter into advance purchase commitments or financial hedging contracts for the purchase of feed ingredients in an effort to manage our feed ingredient costs. The use of such instruments may not be successful.

Substantial Leverage. Our substantial indebtedness could adversely affect our financial condition.

We presently have, and expect to continue to have, a substantial amount of indebtedness. Our substantial indebtedness could have important consequences to you. For example, it could:

Make it more difficult for us to satisfy our obligations under our indebtedness, including our debt securities;

Increase our vulnerability to general adverse economic conditions;

Limit our ability to obtain necessary financing and to fund future working capital, capital expenditures and other general corporate requirements;

Require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and for other general corporate purposes;

Limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Place us at a competitive disadvantage compared to our competitors that have less debt;

Limit our ability to pursue acquisitions and sell assets;

Make us vulnerable to increases in interest rates because a substantial portion of our borrowings are at variable interest rates; and

Limit, along with the financial and other restrictive covenants in our indebtedness, our ability to borrow additional funds, and failing to comply with those covenants could result in an event of default or require redemption of indebtedness. Either of these events could have a material adverse effect on us.

Our ability to make payments on and to refinance our indebtedness will depend on our ability to generate cash in the future, which is dependent on various factors. These factors include the commodity prices of feed ingredients, chicken and chicken parts and general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

Additional Borrowings Available. Despite our substantial indebtedness, we may still be able to incur significantly more debt. This could intensify the risks described above.

Despite our substantial indebtedness, we are not prohibited from incurring additional indebtedness in the future. If additional debt is added to our current debt levels, the related risks that we now face could intensify.

Integration of the Eastern Division. We have only recently acquired the Eastern Division and may not be able to successfully integrate its operations over the long term.

We only recently began to operate the businesses of Pilgrim's Pride and the Eastern Division as a combined entity. The acquisition of the Eastern Division has significantly increased our size and operations. Our prospects should be considered in light of the numerous risks commonly encountered in business combinations. Although our management has significant experience in the chicken industry, there can be no assurance as to our ability to effectively integrate WLR Foods or fully realize the associated cost savings and operating synergies currently anticipated.

Contamination of Products. If our poultry products become contaminated, we may be subject to product liability claims and product recalls.

Poultry products may be subject to contamination by disease producing organisms, or pathogens, such as *Listeria monocytogenes*, *Salmonella* and generic *E coli*. These pathogens are generally found in the environment and, as a result, there is a risk that they, as a result of food processing, could be present in our processed poultry products. These pathogens can also be introduced as a result of improper handling at the further processing, foodservice or consumer level. These risks may be controlled, but may not be eliminated, by adherence to good manufacturing practices and finished product testing. The Company has little, if any, control over proper handling once the product has been shipped. Illness and death may result if the pathogens are not eliminated at the further processing, foodservice or consumer level. Even an inadvertent shipment of contaminated products is a violation of law and may lead to increased risk of exposure to product liability claims, product recalls and increased scrutiny by federal and state regulatory agencies and may have a material adverse effect on our business, reputation and prospects.

As described in detail under Item 1. Business - General Overview and Recent Developments, in October 2002 one product sample produced in our Franconia, Pennsylvania facility that had not been shipped to customers tested positive for Listeria and we later received information from the USDA suggesting that environmental samples taken at the facility had tested positive for both the strain of Listeria identified in the product and a strain having characteristics similar to those of the strain identified in a Northeastern Listeria outbreak. As a result of these findings, we recalled all cooked deli products produced at the facility from May 1, 2002 through October 11, 2002 and temporarily suspended operations at the facility to redouble our food safety and sanitation efforts. There can be no assurance that there will not be additional recalls of our products in the future or that this recall or any such future recall or any litigation arising therefrom will not have a material adverse effect on our ability to market our products successfully or on our business, reputation, prospects, financial condition and results of operations.

Livestock and Poultry Disease. Outbreaks of livestock diseases in general, and poultry disease in particular, can significantly restrict our ability to conduct our operations.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

We take all reasonable precautions to ensure that our flocks are healthy and that our processing plants and other facilities operate in a sanitary and environmentally sound manner. However, events beyond our control, such as the outbreak of disease, could significantly restrict our ability to conduct our operations. Furthermore, an outbreak of disease could result in governmental restrictions on the import and export of our fresh chicken, turkey or other products to or from our suppliers, facilities or customers, or require us to destroy one or more of our flocks. This could result in the cancellation of orders by our customers and create adverse publicity that may

Table of Contents

Index to Financial Statements

have a material adverse effect on our ability to market our products successfully and on our business, reputation and prospects.

As described in more detail under Item 1. Business General Overview and Recent Developments, an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, has had a material adverse effect on our fiscal 2002 operating results and is expected to continue to have a material adverse effect on our results through at least the first six months of fiscal 2003. There can be no assurance that the losses associated with this avian influenza outbreak will not be greater than anticipated or that any future poultry disease outbreaks will not have a material adverse effect on our ability to market our products successfully or on our business, reputation, prospects, financial condition and results of operations.

Product Liability. Product liability claims or product recalls can adversely affect our business reputation and expose us to increased scrutiny by federal and state regulators.

The packaging, marketing and distribution of food products entails an inherent risk of product liability and product recall and the resultant adverse publicity. We may be subject to significant liability if the consumption of any of our products causes injury, illness or death. We could be required to recall certain of our products in the event of contamination or damage to the products. In addition to the risks of product liability or product recall due to deficiencies caused by our production or processing operations, we may encounter the same risks if any third party tampers with our products. We cannot assure you that we will not be required to perform product recalls, or that product liability claims will not be asserted against us, in the future. Any claims that may be made may create adverse publicity that would have a material adverse effect on our ability to market our products successfully or on our business, reputation, prospects, financial condition and results of operations.

As described above under Contamination of Products If our poultry products become contaminated, we may be subject to product liability claims and product recalls. We recently recalled all cooked deli products produced at one of our facilities from May 1, 2002 through October 11, 2002. In connection with this recall, a class action lawsuit was filed against us on behalf of a putative class of persons that purchased and/or consumed meat products subject to the recall and we have received a substantial amount of press. See Item 3. Legal Proceedings. There can be no assurance that any class action litigation or reputational injury associated with this or any future product recalls will not have a material adverse effect on our ability to market our products successfully and on our business, reputation, prospects, financial condition and results of operations.

Insurance. We are exposed to risks relating to product liability, product recalls, property damage and injuries to persons, for which insurance coverage is expensive, limited and potentially inadequate.

Our business operations entail a number of risks, including risks relating to product liability claims, product recalls, property damage and injuries to persons. We currently maintain insurance with respect to certain of these risks, including product liability and recall insurance, property insurance, workers compensation insurance and general liability insurance, but in many cases such insurance is expensive, difficult to obtain and no assurance can be given that such insurance can be maintained in the future on acceptable terms, or in sufficient amounts to protect us against losses due to any such events, or at all. Moreover, even though our insurance coverage may be designed to protect us from losses attributable to certain events, it may not adequately protect us from liability and expenses we incur in connection with such events. For example, in the past one of our insurers encountered financial difficulties and was unable to fulfill its obligations under one of our insurance policies and one of our insurers contested coverage with respect to a claim forcing us to litigate the issue of coverage.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

As described above under Contamination of Products If our poultry products become contaminated, we may be subject to product liability claims and product recalls, we recently recalled all cooked deli products produced at one of our facilities from May 1, 2002 through October 11, 2002, and a class action lawsuit was filed against us on behalf of a putative class of persons that purchased and/or consumed meat products subject to the recall. We have notified our insurers as to the occurrence of these events and made one claim to date under our

product recall insurance policy. While we carry insurance designed to cover recall events such as this and we believe that the insurance policies purchased will cover the direct costs associated with the product recall and related product liability claims and, subject to the insurer's reservation of rights, we have received a \$4 million advance payment from our insurer with respect to the product recall claim, no assurances can be given that such insurance will in fact adequately protect us from liability and expenses we incur in connection with this recall or any such future events.

Potential Acquisitions. We may pursue opportunities to acquire complementary businesses, which could increase leverage and debt service requirements and could adversely affect our financial situation if we fail to successfully integrate the acquired business.

We intend to pursue selective acquisitions of complementary businesses in the future. Inherent in any future acquisitions are certain risks such as increasing leverage and debt service requirements and combining company cultures and facilities, which could have a material adverse effect on our operating results, particularly during the period immediately following such acquisitions. Additional debt or equity capital may be required to complete future acquisitions, and there can be no assurance that we will be able to raise the required capital. Furthermore, acquisitions involve a number of risks and challenges, including:

Diversion of management's attention;

The need to integrate acquired operations;

Potential loss of key employees and customers of the acquired companies;

Lack of experience in operating in the geographical market of the acquired business; and

An increase in our expenses and working capital requirements.

Any of these and other factors could adversely affect our ability to achieve anticipated cash flows at acquired operations or realize other anticipated benefits of acquisitions.

Foreign Operations Risks. Our foreign operations pose special risks to our business and operations.

We have substantial operations and assets located in Mexico. Foreign operations are subject to a number of special risks, including among others:

Currency exchange rate fluctuations;

Trade barriers;

Exchange controls;

Expropriation; and

Changes in laws and policies, including those governing foreign-owned operations.

Currency exchange rate fluctuations have adversely affected us in the past. Exchange rate fluctuations or one or more other risks may have a material adverse effect on our business or operations in the future.

Our operations in Mexico are conducted through subsidiaries organized under the laws of Mexico. We may rely in part on intercompany loans and distributions from our subsidiaries to meet our obligations. Claims of creditors of our subsidiaries, including trade creditors, will generally have priority as to the assets of our subsidiaries over our claims. Additionally, the ability of our Mexican subsidiaries to make payments and distributions to us will be subject to, among other things, Mexican law. In the past, these laws have not had a material adverse effect on the ability of our Mexican subsidiaries to make these payments and distributions. However, laws such as these may have a material adverse effect on the ability of our Mexican subsidiaries to make these payments and distributions in the future.

Government Regulation. Regulation, present and future, is a constant factor affecting our business.

The chicken and turkey industries are subject to federal, state and local governmental regulation, including in the health and environmental areas. We anticipate increased regulation by various agencies concerning food safety, the use of medication in feed formulations and the disposal of poultry by-products and wastewater discharges. Unknown matters, new laws and regulations, or stricter interpretations of existing laws or regulations may materially affect our business or operations in the future.

Control of Voting Stock. Voting control over Pilgrim's Pride is maintained by Lonnie Bo Pilgrim and Lonnie Ken Pilgrim.

Through a limited partnership of which they are the only general partners, Lonnie Bo Pilgrim and his son Lonnie Ken Pilgrim have voting control of 60.8% of the voting power of our outstanding common stock. They are therefore in a position to control the outcome of all actions requiring stockholder approval, including the election of directors. This ensures their ability to control the future direction and management of Pilgrim's Pride. If Lonnie Bo Pilgrim and certain members of his family cease to own at least a majority of the voting power of the outstanding common stock, it will constitute an event of default under certain agreements relating to our indebtedness.

Risks Associated with Tax Status.

Potential payment of deferred taxes may affect our cash flow.

Before July 2, 1988, we used the cash method of accounting for income tax purposes. Pursuant to changes in the laws enacted by the Revenue Act of 1987, we were required to change our method of accounting for federal income tax purposes from the cash method to the accrual method. As a consequence of this change in our accounting method, we were permitted to create a suspense account in the amount of approximately \$89.7 million. This account represents deferred income arising from our prior use of the cash method of accounting.

Beginning in fiscal 1998, we are generally required to include 1/20th of this amount, or approximately \$4.5 million, in taxable income each year for the next 20 years. As of September 28, 2002, approximately \$64 million remained to be included in our taxable income in future years. However, the full amount must be included in taxable income in any year that Pilgrim's Pride ceases to be a family corporation. We will cease to be a family corporation if Lonnie Bo Pilgrim's family ceases to own at least 50% of the total combined voting power of all classes of stock entitled to vote. If that occurs, we would be required to recognize the balance of the suspense account in taxable income.

Currently there exists no plan or intention on the part of Lonnie Bo Pilgrim's family to transfer enough Pilgrim's Pride stock so that we cease to qualify as a family corporation. However, this may happen, and the suspense account might be required to be included in our taxable income.

Potential accrual of deferred taxes may affect our net income and cash flow. The Company has not provided any deferred income taxes on the undistributed earnings of its Mexico subsidiaries based upon its determination that such earnings will be indefinitely reinvested. As of

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

September 28, 2002, the cumulative undistributed earnings of these subsidiaries were approximately \$191.7 million. If such earnings were not considered indefinitely reinvested, deferred U.S. and foreign income taxes would have been provided, after consideration of estimated foreign tax credits. However, determination of the amount of deferred federal and foreign income taxes is not practical.

Significant Competition. Competition in the chicken and turkey industries with other vertically integrated poultry companies, especially companies with greater resources, may make us unable to compete successfully in these industries, which could adversely affect our business.

Table of Contents

Index to Financial Statements

The chicken and turkey industries are highly competitive. Some of our competitors have greater financial and marketing resources than us. In both the United States and Mexico, we primarily compete with other vertically integrated poultry companies.

In general, the competitive factors in the U.S. poultry industry include:

Price;

Product quality;

Brand identification;

Breadth of product line; and

Customer service.

Competitive factors vary by major market. In the foodservice market, competition is based on consistent quality, product development, service and price. In the U.S. retail market, we believe that competition is based on product quality, brand awareness and customer service. Further, there is some competition with non-vertically integrated further processors in the U.S. prepared food business.

In Mexico, where product differentiation has traditionally been limited, product quality and price have been the most critical competitive factors. Additionally, the North American Free Trade Agreement, which went into effect on January 1, 1994, requires annual reductions in tariffs for chicken and chicken products in order to eliminate those tariffs by January 1, 2003. As those tariffs are reduced, increased competition from chicken imported into Mexico from the U.S. may have a material adverse effect on the Mexican chicken industry in general, and on our Mexican operations in particular.

REPORT OF ERNST & YOUNG LLP, INDEPENDENT AUDITORS

Stockholders, the Board of Directors and

Pilgrim s Pride Corporation

We have audited the accompanying consolidated balance sheets of Pilgrim s Pride Corporation and subsidiaries as of September 28, 2002 and September 29, 2001, and the related consolidated statements of income, stockholders equity, and cash flows for each of the three years in the period ended September 28, 2002. Our audits also included the financial statement schedule listed in the index at Item 15(a). These financial statements and schedule are the responsibility of the Company s management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Pilgrim s Pride Corporation as of September 28, 2002 and September 29, 2001, and the consolidated results of its operations and its cash flows for each of the three years in the period ended September 28, 2002, in conformance with accounting principles generally accepted in the United States. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements, taken as a whole, presents fairly in all material respects the information set forth therein.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE A BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Pilgrim s Pride Corporation (referred to herein as the Company , we , us , our , or similar terms) is the second largest producer of poultry in both United States and Mexico. In the United States, we produce both prepared and fresh chicken and turkey, while in Mexico, we produce exclusively fresh chicken. Through vertical integration, we control the breeding, hatching and growing of chickens and turkeys and the processing and preparation, packaging and sale of our product lines.

Our prepared chicken products include portion-controlled breast fillets, tenderloins and strips, delicatessen products, salads, formed nuggets and patties and bone-in chicken parts. These products are sold either refrigerated or frozen and may be fully cooked, partially cooked or raw. In addition, these products are breaded or non-breaded and either pre-marinated or non-marinated.

The Company also sells fresh chicken products to the foodservice and retail markets. Our fresh chicken products consist of refrigerated (non-frozen) whole or cut-up chicken, either pre-marinated or non-marinated, and pre-packaged chicken, which includes various combinations of freshly refrigerated, whole chickens and chicken parts.

Our prepared turkey products include products such as turkey sausages, ground turkey, turkey hams and roasts, ground turkey breast products, salads and flavored turkey burgers. We also have an array of cooked, further processed deli products. Effective November 13, 2002 we are no longer producing frankfurters, although we continue to sell frankfurters produced by others.

Our fresh turkey includes fresh traypack products, turkey burgers and fresh and frozen whole birds, as well as semi-boneless whole turkey, which has all bones except the drumsticks removed.

On January 27, 2001, we acquired WLR Foods, Inc. (formerly Nasdaq: WLRF) for \$239.5 million and the assumption of \$45.5 million of indebtedness. The purchase price and refinancing were provided by borrowings on the Company s existing secured term borrowing facility (see Note C). WLR operations have been included since the acquisition on January 27, 2001. The acquisition is being accounted for under the purchase method of accounting and the purchase price has been allocated based on the estimated fair value of assets and liabilities. Final allocation of purchase price to assets acquired and liabilities assumed is as follows (in thousands):

The following unaudited pro forma financial information for the year ended September 29, 2001 has been presented as if the acquisition of WLR Foods, Inc. had occurred as of the beginning of fiscal 2001. The pro forma financial information does not necessarily reflect what the results of operations would have been if the acquisition had been completed at the beginning of fiscal 2001. In addition, certain reclassifications have been made to the WLR historical financial statements to conform to the presentation used by the Company.

Principles of Consolidation

The consolidated financial statements include the accounts of Pilgrim s Pride Corporation and its wholly and majority owned subsidiaries. Significant intercompany accounts and transactions have been eliminated.

The Company reports on the basis of a 52/53-week fiscal year, which ends on the Saturday closest to September 30. As a result, 2002, 2001 and 2000 each had 52 weeks.

The financial statements of the Company s Mexico subsidiaries are remeasured as if the U.S. dollar were the functional currency. Accordingly, assets and liabilities of the Mexico subsidiaries are translated at end-of-period exchange rates, except for non-monetary assets, which are translated at equivalent dollar costs at dates of acquisition using historical rates. Operations are translated at average exchange rates in effect during the period. Foreign exchange losses are separately stated as a component of Other Expenses (Income) in the Consolidated Statement of Income.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The Company has adopted the provisions of Statement of Accounting Standards No. 145 (SFAS 145); Rescission of FASB Statements No. 4, 44, 64, Amendment of FASB Statement No. 13, and Technical Corrections. The provisions of SFAS 145 requires that any gain or loss on extinguishment of debt that was classified as an extraordinary item in prior periods be reclassified and no longer presented as an extraordinary item. As a result, the Company has reclassified the loss on debt extinguishment of \$1,434,000 in fiscal 2001 to miscellaneous, net.

Revenue Recognition

Revenue is recognized upon shipment or upon transfer of ownership of the product to the customer and is recorded net, estimated incentive offerings including special pricing agreements, promotions and other volume-based incentives. Revisions to these estimates are charged to income in the period in which the facts that give rise to the revision become known.

Allowance for Doubtful Accounts. We maintain allowances for doubtful accounts reflecting estimated losses resulting from the inability of our customers to make required payments. The accounts receivable balances

and review of significant past due accounts. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

Cash Equivalents

The Company considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Inventories

Live poultry inventories are stated at the lower of cost or market and breeder hens at the lower of cost, less accumulated amortization, or market. The costs associated with breeder hens are accumulated up to the production stage and amortized over the productive lives using the unit-of-production method. Finished poultry products, feed, eggs and other inventories are stated at the lower of cost (first-in, first-out method) or market. Occasionally, the Company hedges a portion of its purchases of major feed ingredients using futures contracts to minimize the risk of adverse price fluctuations. The changes in market value of such agreements have a high correlation to the price changes of the feed ingredients being hedged. Gains and losses on the hedge transactions are deferred and recognized as a component of cost of sales when products are sold. Gains and losses on the futures contracts would be recognized immediately were the changes in the market value of the agreements cease to have a high correlation to the price changes of the feed ingredients being hedged.

Property, Plant and Equipment

Property, plant and equipment is stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of these assets. Depreciation expense was \$69.6 million, \$54.4 million and \$34.7 million in 2002, 2001 and 2000, respectively. Estimated useful lives for building, machinery and equipment is 5 years to 33 years and for automobiles and trucks is 3 years to 5 years.

In accordance with Statement of Financial Accounting Standards No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of (SFAS 121)*, the Company records impairment charges on long-lived assets used in operations when events and circumstances indicate that the assets may be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amount of those assets. The impairment charge is determined based upon the amount the net book value of the assets exceeds their fair market value. In making these determinations, the Company utilizes certain assumptions, including, but not limited to: (i) estimated fair market value of the assets, and (ii) estimated future cash flows expected to be generated by these assets, which are based on additional assumptions such as asset utilization, length of service the asset will be used in the Company's operations and estimated salvage values.

Accrued Self Insurance. Insurance expense for casualty claims and employee-related health care benefits are estimated using historical experience and actuarial estimates. Stop-loss coverage is maintained with third party insurers to limit the Company's total exposure. The assumption used to arrive at periodic expenses is reviewed regularly by management. However, actual expenses could differ from these estimates and could result in adjustments to be recognized.

Income Taxes. We account for income taxes in accordance with *SFAS No. 109, Accounting for Income Taxes*, which requires that deferred tax assets and liabilities be recognized for the effect of temporary differences between the book and tax bases of recorded assets and liabilities. Taxes are provided for international subsidiaries based on the assumption that these earnings are indefinitely reinvested in the Company and within individual companies and as such taxes are not provided in the U.S. or local jurisdiction that would be required in

the event of distribution of these earnings. *SFAS No. 109* also requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized. We review the recoverability of any tax assets recorded on the balance sheet, primarily operating loss carryforwards, based on both historical and anticipated earnings levels of the individual operations and provided a valuation allowance when it is more likely than not that these amounts will not be recovered.

Accumulated Other Comprehensive Income

Statement of Accounting Standards No. 133; *Accounting for Derivative Instruments and Hedging Activities (SFAS 133)*, was adopted on October 1, 2000. No transitional impact resulted from the adoption of SFAS 133. The Company recognizes all derivatives on the balance sheet at fair value. Derivatives that are not hedges are adjusted to fair value through income. If the derivative is a hedge, changes in the fair value of derivatives are offset against the change in fair value of the hedged assets, liabilities, or firm commitments through earnings or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings. No significant ineffectiveness was recognized in 2002. The Company evaluates the effectiveness of the risk reduction and correlation criteria based on forecasted future purchases (primarily corn and soybean) and continues to evaluate the effectiveness of the hedge until the transaction is closed.

As of September 28, 2002 and September 29, 2001, accumulated other comprehensive income consisted exclusively of mark-to-market adjustments on commodity future contracts. Comprehensive income for the years ended September 28, 2002 and September 29, 2001 was net of the related tax expense of \$738 thousand, and benefit of \$179 thousand, respectively.

Net Income Per Common Share

Net income per share is based on the weighted average number of shares of common stock outstanding during the year. The weighted average number of shares outstanding (basic and diluted) and per-share amounts included herein were 41,112,679 in 2002 and 2001 and 41,289,142 in 2000.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C NOTES PAYABLE AND LONG-TERM DEBT

At September 28, 2002, the Company maintained \$130.0 million in revolving credit facilities, \$30 million of which related to our Mexican Operations, and \$400.0 million in a secured revolving/term borrowing facility in the U.S. and Mexico. The \$400.0 million revolving/term borrowing facility provides for \$285.0 million and \$115.0 million of 10 year and 7 year commitments, respectively. Borrowings under these facilities are split pro rata between the 10 year and 7 year maturities as they occur. The credit facilities provide for interest at rates ranging from LIBOR plus five-eighths percent to LIBOR plus two and three-quarters percent, depending upon the Company's total debt to capitalization ratio. Interest rates on debt outstanding under these facilities at September 28, 2002 ranged from LIBOR plus one and one-quarter percent to LIBOR plus two. These facilities are secured by inventory and fixed assets; the \$30 million facility in Mexico is secured by Mexican accounts receivables, inventories and certain fixed assets. Borrowings against these facilities are subject to the availability of collateral, and no material adverse change provisions. At September 28, 2002, \$115.9 million was available under the revolving credit facilities, including \$30.0 million in Mexico, and \$209.0 million was available under the term borrowing facilities. At December 2, 2002 we had \$76.1 million available under revolving credit facilities, \$180.0 million available under the revolving/term borrowing facility and cash on hand of \$81.3 million compared to \$14.9 million at September 28, 2002, due primarily to advances subsequent to year end on the various facilities, for a total liquidity of \$337.4 million at December 2, 2002 compared to \$339.8 million at September 28, 2002.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Annual maturities of long-term debt for the five years subsequent to September 28, 2002 adjusted to consider the subsequent borrowing are: 2003 \$3.4 million; 2004 \$3.7 million; 2005 \$17.9 million; 2006 \$23.8 million; and 2007 \$25.3 million.

In August 2002, the Company consolidated several notes payable from an insurance company with fixed interest rates ranging from 7.11% to 9.45% into one note with a fixed interest rate of 6.68% and extended the maturities from 2006 to 2012. The consolidation did not result in any gain or loss being recognized.

On June 29, 1999, the Camp County Industrial Development Corporation issued \$25.0 million of variable-rate environmental facilities revenue bonds supported by letters of credit obtained by the Company. The Company may draw from these proceeds over the construction period of its new sewage and solid waste disposal

facilities at a poultry by-products plant to be built in Camp County, Texas. The Company is not required to borrow the full amount of the proceeds from the bonds. All amounts borrowed from these funds will be due in 2029. The amounts the Company borrows will be reflected as debt when received from the Camp County Industrial Development Corporation. The interest rates on amounts borrowed will closely follow the tax-exempt commercial paper rates. Presently, there are no borrowings outstanding under these bonds.

On August 9, 2001, the Company issued \$200.0 million in senior unsecured notes with an interest rate of 9⁵/₈% maturing on September 15, 2011. The proceeds from the note offering were used to redeem the remaining \$90.8 million outstanding of our 10⁷/₈% senior subordinated notes due 2003. The balance of the proceeds was used to reduce outstanding under our \$400.0 million revolving/term borrowing facility. As a result of the Company's decision to retire all of the 10⁷/₈% Senior Subordinated Notes due 2003, the Company has recorded a loss of \$1,434,000 which has been included in miscellaneous, net expense for the year ended September 29, 2001.

The Company is required, by certain provisions of its debt agreements, to maintain levels of working capital and net worth, to limit dividends to a maximum of \$3.4 million per year, and to maintain various fixed charge, leverage, current and debt-to-equity ratios. Substantially all of the Company's domestic property, plant and equipment, except those in its turkey segment, are pledged as collateral on its long-term debt and credit facilities. The Mexico credit facility is secured by accounts receivable, inventories and certain fixed assets.

Total interest was \$40.4 million, \$38.9 million and \$21.7 million in 2002, 2001 and 2000, respectively. Interest related to new construction capitalized in 2002, 2001 and 2000 was \$6.0 million, \$7.2 million and \$3.3 million, respectively.

Long-term debt consists of the following:

The fair value of long-term debt, at September 28, 2002 and September 29, 2001 based upon quoted market prices for the same or similar issues where available or by using discounted cash flow analysis, was approximately \$456.6 million and \$469.6 million, respectively.

NOTE D INCOME TAXES

Income before income taxes after allocation of certain expenses to foreign operations for 2002, 2001 and 2000 was (\$7.3) million, \$57.8 million and \$32.7 million, respectively, for U.S. operations and \$9.2 million, \$5.5 million and \$30.0 million, respectively, for foreign operations. The provisions for income taxes are based on pre-tax financial statement income.

Effective January 1, 2002, the Mexican Congress passed the Mexican tax reform (the Reform) legislation, which eliminated the previous tax exemption under Simplified Regime for the Company's Mexico subsidiaries. The Reform requires the Company's Mexico subsidiaries to calculate and pay taxes under a new simplified regime pursuant to Mexico's income tax laws beginning January 1, 2002, subject to certain transitional provisions. The primary transitional provision was an exit calculation, which generated a net operating loss carryforward for Mexican income tax purposes.

As a result of the Reform, the Company recognized a tax benefit of approximately \$11.9 million during fiscal 2002, primarily to reflect the benefit of the net operating loss carryforward for Mexican tax purposes. The components of income tax expense (benefit) are set forth below:

	<u>2002</u>	<u>2001</u>	<u>2000</u>
(In thousands)			
Current:			
Federal	\$ (11,570)	\$ 6,045	\$ 9,239

	<u>\$ (12,425)</u>	<u>\$ 20,724</u>	<u>\$ 10,442</u>

The following is a reconciliation between the statutory U.S. federal income tax rate and the Company's effective income tax rate:

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

Significant components of the Company's deferred tax liabilities and assets are as follows:

	2002	2001
	<u> </u>	<u> </u>
(In thousands)		
Deferred tax liabilities:		
Property and equipment	\$ 115,364	\$ 97,667

Deferred tax assets:

Total deferred tax asset	66,969	23,027
Valuation allowance	7,633	
	<u> </u>	<u> </u>
Net deferred tax liabilities	\$ 129,799	\$ 131,610
	<u> </u>	<u> </u>

The Company has not provided any deferred income taxes on the undistributed earnings of its Mexico subsidiaries based upon its determination that such earnings will be indefinitely reinvested. As of September 28, 2002, the cumulative undistributed earnings of these subsidiaries were approximately \$191.7 million. If such earnings were not considered indefinitely reinvested, deferred U.S. and foreign income taxes would have been provided, after consideration of estimated foreign tax credits. However, determination of the amount of deferred federal and foreign income taxes is not practical.

The valuation allowance exclusively reflects a reserve for the unindexed portion of net operating losses attributable to certain of the Company's Mexican operations, which under the Mexican tax laws are taxed on an individual entity basis. These certain Mexican entities did not have sufficient earnings to enable them to realize the full value of their net operating losses, while the Company's other Mexican entities have significant earnings history. Accordingly, the Company established the valuation allowance on entities for which the Company believed it was more likely than not the operating losses will expire prior to their realization.

The Mexican tax operating loss carryforwards expire in the years ranging from 2008 through 2012.

NOTE E ACCOUNTS RECEIVABLE

The Company does not believe it has significant concentrations of credit risk in its accounts receivable, which are generally unsecured. Credit evaluations are performed on all significant customers and updated as circumstances dictate. Allowances for doubtful accounts were \$2.4 million and \$3.9 million at September 28, 2002 and September 29, 2001, respectively.

On June 26, 1998, the Company entered into an Asset Sale Agreement to sell up to \$60.0 million of accounts receivable. In connection with the Asset Sale Agreement, the Company sells, on a revolving basis, certain of its trade receivables (the Pooled Receivables) to a special purpose corporation wholly owned by the Company, which in turn sells a percentage ownership interest to third parties. At September 28, 2002 and September 29, 2001, an interest in these Pooled Receivables of \$58.5 million had been sold to third parties and is reflected as a reduction to accounts receivable during each period. This sales agreement expires on June 30, 2003. If this facility is not replaced or extended, the Company will likely use its revolving/term borrowing facility to provide this liquidity. These transactions have been recorded as sales in accordance with FASB

Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. The gross proceeds resulting from the sale are included in cash flows from operating activities in the Consolidated Statements of Cash Flows. Losses on these sales were immaterial.

NOTE F COMMON STOCK

The Company has two series of authorized common stock, Class A common stock and Class B common stock. The shares have substantially the same rights, powers and limitations, except that each share of Class B common stock entitles the holder thereof to 20 votes per share, except as otherwise provided by law, on any matter submitted for a stockholder vote, while each share of Class A common stock entitles the holder thereof to one vote per share on any such matter.

During fiscal 2000, the Company repurchased 271,100 shares of Class A common stock at a total cost of \$1.6 million. There was no repurchase of stock during fiscal 2001 or fiscal 2002.

NOTE G SAVINGS PLAN

The Company maintains a Section 401(k) Salary Deferral Plan (the Plan). Under the Plan, eligible U.S. employees may voluntarily contribute a percentage of their compensation. The Plan provides for a contribution of up to four percent of compensation subject to an overall Company contribution limit of five percent of the U.S. operation's income before taxes. Under this plan, the Company's expenses were \$2.3 million, \$3.7 million and \$2.3 million in 2002, 2001 and 2000, respectively.

NOTE H RELATED PARTY TRANSACTIONS

Lonnie Bo Pilgrim, the Chairman and, through certain related entities, the major stockholder of the Company (collectively, the major stockholder) owns an egg laying and a chicken growing operation. In addition, at certain times during the year the major stockholder purchases from the Company live chickens and hens and certain feed inventories during the grow-out process and then contracts with the Company to resell the birds at maturity, determined on a market based formula price subject to a ceiling price calculated at his cost plus 2%. During the years ended September 28, 2002, September 29, 2001 and September 30, 2000 the formula resulted in a net operating profit (loss) to the major stockholder of (\$428,000), \$1,103,000 and \$100,000, respectively, on gross amounts paid by the Company to the major stockholder described below under Live chicken purchases from the major stockholder.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Transactions with the major stockholder or related entities are summarized as follows:

	2002	2001	2000
(In thousands)			
Contract egg grower fees to major stockholder	\$	\$ 1,537	\$ 5,100
Lease payment on commercial egg property to major stockholder	750	564

Loan guaranty fees	2,615	3,142	795
Lease payments on airplane	396	396	396

On December 29, 2000 the Company entered into an agreement to lease a commercial egg property and assume all of the ongoing costs of the operation from the Company's major stockholder. The Company had previously purchased the eggs produced from this operation pursuant to a contract grower arrangement. The lease term runs for ten years with a monthly lease payment of \$62,500. The Company has an option to extend the lease for an additional five years, with an option at the end of the lease to purchase the property at fair market value as determined by an independent appraisal.

The Company pays fees to the Company's major stockholder in return for the major stockholder's personal guarantee on certain debt obligations of the Company.

The Company leases an airplane from its major stockholder under an operating lease agreement that is renewable annually. The terms of the lease agreement require monthly payments of \$33,000 plus operating expenses. Lease expense was \$396,000 for each of the years 2002, 2001 and 2000. Operating expenses were \$212,520, \$234,066, and \$127,680 in 2002, 2001 and 2000, respectively.

The Company maintains depository accounts with a financial institution in which the Company's major stockholder is also a major stockholder. Fees paid to this bank in 2002, 2001 and 2000 are insignificant, and as of September 28, 2002 the Company had bank balances at this financial institution of approximately \$3.5 million.

On February 14, 2000, the Company purchased substantially all of the assets of a chicken litter disposal and fertilizer business operated by the Company's major stockholder's son by assuming liabilities of approximately \$8.5 million.

The Company has also entered into chicken grower contracts involving farms owned by Clifford Butler, Vice Chairman of the Company, O.B. Goolsby, President, Chief Operating Officer and a director of the Company, and David Van Hoose, formerly Chief Executive Officer and a director of the Company, providing the placement of Company-owned flocks on their farms during the grow-out phase of production. These contracts are on terms substantially the same as contracts entered into by the Company with unaffiliated parties and can be terminated by either party upon completion of the grow-out of each flock, and resulted in aggregate payments to these individuals as follows: Fiscal 2002 Clifford Butler \$335,911, O.B. Goolsby \$199,497, and David Van Hoose \$499,000; Fiscal 2001 Clifford Butler \$227,311, O.B. Goolsby \$159,220, and David Van Hoose \$304,384; and Fiscal 2000 Clifford Butler \$203,930, O.B. Goolsby \$155,501, and David Van Hoose \$0.

NOTE I COMMITMENTS

The Consolidated Statements of Income include rental expense for operating leases of approximately \$28.1 million, \$28.7 million and \$22.4 million in 2002, 2001 and 2000, respectively. The Company's future minimum lease commitments under non-cancelable operating leases are as follows: 2003 \$31.7 million; 2004 \$20.9 million; 2005 \$15.8 million; 2006 \$13.9 million; 2007 \$11.4 million and thereafter \$10.5 million.

At September 28, 2002, the Company had \$14.1 million in letters of credit outstanding relating to normal business transactions.

NOTE J CONTINGENCIES

In August of 2000, four of our current and/or former employees filed the case of Betty Kennell, et al. v. Wampler Foods, Inc. in the United States District Court for the Northern District of West Virginia, claiming we violated requirements of the Fair Labor Standards Act. The suit alleged Pilgrim's Pride failed to pay employees for all hours worked. The suit generally alleged that (1) employees should be paid for time spent to put on, take off, and clean certain personal gear at the beginning and end of their shifts and breaks and (2) the use of a master time card or production line time fails to pay employees for all time actually worked. Plaintiffs seek to recover unpaid wages plus liquidated damages and legal fees. Approximately 150 consents to join as plaintiffs were filed with the court by current and/or former employees. No trial date has been set. To date, only limited discovery has been performed. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter, individually or collectively, to have a material impact on our financial position, operations or liquidity.

On August 20, 1999, the former WLR Foods brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in Washington D.C. alleging a world-wide conspiracy by approximately 34 named defendants to control production capacity and raise prices of common vitamins such as A, B-4, C, and E. The Company, as successor to WLR Foods in this suit, received \$9.5 million in fiscal 2002 in partial settlement of its claims, \$4.3 million of which was recorded by the Company as a component of Other Expense (Income): Miscellaneous, Net in fiscal 2002 as the recovery amount received during the period exceeded the \$5.2 million recovery amount recorded at the time of the acquisition of WLR Foods. The initial estimate of the amount that would be recovered under the WLR Foods claims was based on the ratio of recoveries to vitamin purchases that was inherent in similar claims settled by the Company in fiscal 2001 on substantially similar claims. To date, claims related to approximately one-third of the WLR Foods affected vitamin purchases have been settled by or on behalf of the former WLR Foods, which settlements resulted in payments to the Company or the former WLR Foods, Inc. of \$11.0 million. No assurances can be made regarding the likelihood or timing of future settlements or whether or not future recoveries, if any, will be proportionally less than, equal to or greater than these previous recovery amounts.

In October 2002 a limited number of USDA samples from our Franconia, Pennsylvania plant tested positive for Listeria. As a result, we voluntarily recalled all cooked deli products produced at the plant from May 1, 2002 through October 11, 2002. The amount of product covered by the recall was approximately 7% of our annual turkey production and less than 1% of our total poultry production. As an additional precautionary measure, we immediately suspended operations at our Franconia facility to redouble our food safety and sanitation efforts. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products. Our Franconia facility has been reviewed and inspected by the USDA and was reopened on November 13, 2002. As the recall occurred in early fiscal 2003, it did not have any significant impact on our consolidated financial statements as of September 28, 2002. In addition, we carry insurance designed to cover the direct recall related expenses and certain aspects of the related business interruption caused by the recall, and subject to the insurer's reservation of rights, we have received a \$4 million advance payment from our insurer with respect to the product recall claim. The Company believes that the recall and its direct effects will not have a material impact on our financial position, results of operations, or liquidity after considering available insurance coverage. However, there will likely be differences between the accounting periods in which certain recall effects are realized and when insurance recoveries are received, and there can be no assurances as to our ability to re-establish the products and sales affected by the recall.

As a result of the recall, on November 4, 2002, an individual who allegedly consumed our meat products filed a putative class action lawsuit in the Philadelphia County Court of Common Pleas in the Commonwealth of Pennsylvania. Plaintiff allegedly contracted Listeriosis. The case is styled *Frank Niemtow, individually and on behalf of all others similarly situated, v. Pilgrim s Pride Corporation and Wampler Foods, Inc.* The complaint seeks recovery on behalf of a putative class of all persons that purchased and/or consumed meat products manufactured at the Company's Franconia, Pennsylvania facility between May 1, 2002, and October 11, 2002, who have suffered an injury. This class represents all individuals who have suffered Listeriosis and symptoms of Listeriosis and other medical injuries. Plaintiff also seeks to represent a putative class of all persons that purchased and/or consumed meat products manufactured at the Company's Franconia, Pennsylvania facility between May 1, 2002 and October 11, 2002, who have not suffered any personal injury. The complaint seeks compensatory and punitive damages under theories of negligence, alleged violation of the Pennsylvania Unfair Trade Practices Act and Consumer Protection Law, strict liability in tort, and unjust enrichment. The time for responding to the complaint has not yet arrived. We intend to defend vigorously both certification of the case as a class action and questions concerning ultimate liability and damages, if any. No discovery has been conducted to date. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. After considering our available insurance coverage, we do not expect this matter to have a material impact on our financial position, operation or liquidity.

On March 12, 2002 an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, was discovered in Virginia. As a result we have destroyed a significant amount of poultry affected as a result of the virus. No new flocks have tested positive for the presence of avian influenza in Virginia since July 2, 2002 and the Company believes that the outbreak has been contained. We currently estimate that production in our turkey operation will be significantly reduced over the next six months due to the effects of this viral outbreak. On June 19, 2002, U.S. Secretary of Agriculture Ann Veneman proposed to the Office of Management and Budget that the U.S. Department of Agriculture cover one-half of the total estimated economic loss suffered by the poultry industry and independent growers in Virginia due to the avian influenza outbreak. Secretary Veneman also recommended that the government of Virginia cover the remaining portion. It is our understanding that, as part of her proposal, Secretary Veneman is suggesting that independent chicken and turkey growers are to be fully compensated for their losses first and that the remainder is to be allocated to other poultry producers (including us) whose flocks were destroyed by the virus. On November 4, 2002 the Department of Agriculture made public their estimate of total federal compensation at \$51 million, with growers being compensated \$13.9 million and owners being compensated \$37.1 million. No assurance can be given as to the amount of federal compensation that we may receive or that any state agencies will in fact provide further economic assistance to the poultry growers and producers affected by the avian influenza outbreak in Virginia. No anticipated recoveries have been recorded by us as our portion of the compensation has not yet been determined. In the event that state agencies do decide to grant economic assistance to the affected poultry growers and producers, it is impossible at this time to estimate how the state agencies would allocate any such assistance between affected poultry growers and producers whose flocks were destroyed by the virus.

On June 7, 2001, the Company brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in San Francisco alleging a world-wide conspiracy by defendant suppliers and producers of methionine to control production capacity and raise prices of methionine. The Company estimates that it was overcharged by approximately \$50 million in connection with the alleged conspiracy and expects the litigation of this matter to be resolved during calendar year 2003. No assurances can be made regarding the likelihood or timing of future awards or settlements.

The Company is subject to various other legal proceedings and claims, which arise in the ordinary course of its business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Company.

NOTE K FINANCIAL INSTRUMENTS

The Company is a purchaser of certain commodities, primarily corn and soybeans. The Company periodically uses commodity futures and options for hedging purposes to reduce the effect of changing commodity prices and as a mechanism to procure the grains. The contracts that effectively meet risk reductions and correlation criteria are recorded using hedge accounting. Gains and losses on closed hedge transactions are recorded as a component of the underlying inventory purchase.

At September 28, 2002, the Company held the following commodity contracts consisting of delivery contracts settling between October 2002 and December 2003. The following table provides information about the Company's financial instruments that is sensitive to changes in commodity prices:

NOTE L BUSINESS SEGMENTS

Since the acquisition of WLR Foods on January 27, 2001, the Company operates in two reportable business segments as (1) a producer of chicken and other products and (2) a producer of turkey products.

The Company s chicken and other products segment primarily includes sales of chicken products the Company produces and purchases for resale in the United States and Mexico, and also includes table eggs, feed and other items. The Company s chicken and other products segment conducts separate operations in the United States and Mexico and is reported as two separate geographical areas. The Company s turkey segment includes sales of turkey products produced in our turkey operation recently acquired from WLR Foods, whose operations are exclusively in the United States.

Inter-area sales and inter-segment sales, which are not material, are accounted for at prices comparable to normal trade customer sales. Total assets by segment and geographic area are those assets, which are used in the Company s operations in each segment or area. Corporate assets and expenses are included with chicken and other products.

EXPLANATORY NOTE

Pursuant to Rule 12b-15 of the Securities Exchange Act of 1934, Pilgrim's Pride Corporation hereby amends its Quarterly Report on Form 10-Q for the quarter ended June 28, 2003 to respond to certain comments of the Securities and Exchange Commission (SEC) pertaining to the inclusion of a discussion of recurring gross profit exclusive of non-recurring recoveries on pages 22 and 24, and minor alignment changes and reclassifications of certain costs from investing activities to financing activities in the consolidated statement of cash flows. PILGRIM S PRIDE CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE A BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of Pilgrim s Pride Corporation (referred to herein as Pilgrim s or the Company , we , us , our or similar terms) have been prepared in accordance with accounting principles generally accepted in the United States (U.S.) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X of the U.S. Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the period ended June 28, 2003 are not necessarily indicative of the results that may be expected for the year ended September 27, 2003. For further information, refer to the consolidated financial statements and footnotes thereto included in Pilgrim s Annual Report on Form 10-K for the fiscal year ended September 28, 2002.

The consolidated financial statements include the accounts of Pilgrim s and its wholly and majority owned subsidiaries. Significant intercompany accounts and transactions have been eliminated.

The assets and liabilities of the foreign subsidiaries are translated at end-of-period exchange rates, except for any non-monetary assets, which are translated at equivalent dollar costs at dates of acquisition using historical rates. Operations of foreign subsidiaries are translated at average exchange rates in effect during the period.

Total comprehensive income was \$17.4 million and \$4.9 million for the quarters and \$29.7 million and \$18.8 million for the nine months ended June 28, 2003 and June 29, 2002, respectively.

In January 2003, the Financial Accounting Standards Board (FASB) issued Interpretation No. 46, Consolidation of Variable Interest Entities, an interpretation of Accounting Research Bulletin No. 51 (Interpretation No. 46). Interpretation No. 46 requires the consolidation of variable interest entities in which an enterprise absorbs a majority of the entity s expected losses, receives a majority of the entity s expected residual returns, or both, as a result of ownership or contractual or other financial interest in the entity. Currently, entities are generally consolidated by an enterprise that has a controlling financial interest through ownership of a majority voting interest in the entity. Interpretation No. 46 is immediately effective for the variable interest entities created after January 31, 2003, and effective in the fourth quarter of fiscal 2003 for those created prior to February 1, 2003. On June 29, 1999, the Camp County Industrial Development Corporation issued \$25.0 million of variable-rate environmental facilities Revenue Bonds supported by letters of credit obtained by the Company. We may draw from these proceeds over the construction period for new sewage and solid waste disposal facilities at a poultry by-products plant to be built in Camp County, Texas. We are not required to borrow the full amount of the proceeds from Revenue Bonds. All amounts borrowed from these funds will be due in 2029. The Revenue Bonds are supported by letters of credit obtained by the Company under its available credit facilities which are secured by fixed assets of the Company. Adoption of Interpretation No. 46 may cause the Company to consolidate the trust and debt related to the Camp County Revenue Bonds. The effect of the consolidation would be to record \$25 million as restricted cash in Other Assets and \$25 million as Long-Term Debt. The Company believes the adoption of Interpretation No. 46 will not have a material impact on its results of operations.

Certain reclassifications have been made to prior periods to conform to current presentations.

NOTE B SIGNIFICANT EVENTS

Non-recurring recoveries, which is a component of gross profit and operating income, include (1) reimbursements received from the U.S. Federal Government under a relief plan related to the avian influenza outbreak in Virginia on March 12, 2002 in the amount of \$0.1 million and \$16.1 million for the three month and

nine month periods ended June 28, 2003, respectively; and (2) proceeds received from litigation initiated by the Company in antitrust lawsuits alleging a world-wide conspiracy to control production capacity and raise prices of vitamins and methionine in the amount of \$10.2 million and \$19.9 million for the three month and nine month periods ended June 28, 2003, respectively. Proceeds received by the Company as successor to WLR Foods are recorded as Other Expense (Income); Miscellaneous, net. (See Note G Contingencies below.) In the three month and nine month periods ended June 29, 2002 vitamin litigation recoveries of \$0.7 million were included in Non-recurring recoveries and \$3.5 million were included in Other Expense (Income); Miscellaneous, net.

The following table presents the impact of avian influenza federal compensation and the vitamin and the methionine litigation settlements on Non-recurring recoveries and Miscellaneous, net (in millions):

The Company has agreed to acquire the chicken division of ConAgra Foods, Inc. (ConAgra) through the purchase from ConAgra of all of the issued and outstanding capital stock of four wholly-owned subsidiaries of ConAgra in accordance with a Stock Purchase Agreement dated June 7, 2003. The purchase price is equal to the Final Adjusted Net Book Value (as defined in the Stock Purchase Agreement) of the assets and liabilities of the chicken division which is expected to be approximately \$590 million plus transaction costs. The acquisition will be funded by \$100 million in secured borrowings with existing lenders, approximately \$265 million of Pilgrim s Pride s Class A common stock, based on a formula price specified in the Stock Purchase Agreement, with the balance of \$225 million payable by a subordinated note bearing a coupon rate of 10.5% and due in March 2011. The Company has received commitments from its existing lenders for the financing of the \$100 million portion of the purchase price, and the Company s lenders have issued consents as necessary to allow the consummation and financing of this acquisition. On July 11, 2003 the thirty-day waiting period required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976 for antitrust regulatory clearance from the federal government, necessary for completion of the acquisition, had expired. The transaction is expected to close in the third calendar quarter of 2003.

NOTE C ACCOUNTS RECEIVABLE

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

On July 18, 2003 the Company extended and amended its existing Asset Sale Agreement to sell accounts receivable. The amended agreement increased the availability under this facility to \$125.0 million from \$60 million of accounts receivable and expires in June 2008. In connection with the Asset Sale Agreement, the Company sells, on a revolving basis, certain of its trade receivables (the Pooled Receivables) to a special purpose corporation wholly owned by the Company, which in turn sells a percentage ownership interest to third parties. At June 28, 2003 and September 28, 2002, an interest in these Pooled Receivables of \$57.6 million and \$58.5 million, respectively, had been sold to third parties and is reflected as a reduction to accounts receivable during each period. These transactions have been recorded as sales in accordance with Financial Accounting Standards Board Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. The gross proceeds resulting from the sale are included in cash flows from operating activities in the Consolidated Statements of Cash Flows. Losses on these sales were immaterial. As of July 18, 2003, \$4.8 million additional Pooled Receivables are available for sale.

Table of Contents**Index to Financial Statements****PILGRIM S PRIDE CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

Also included in accounts receivable at June 28, 2003, is \$22.1 million in net insurance claims for the actual costs incurred by the Company directly associated with the 2002 turkey deli meat product recall. These costs are recoverable under our product recall insurance policy.

NOTE E LONG TERM DEBT

At June 28, 2003, we maintained \$130.0 million in revolving credit facilities, \$30.0 million of which relates to our Mexico operations, and \$400.0 million in a secured revolving/term borrowing facility. The \$400.0 million revolving/term borrowing facility provides for borrowing availability until November 15, 2004 and provides for \$285.0 million of commitments maturing November 16, 2010 and \$115.0 million of commitments maturing November 16, 2007. Borrowings under this facility are split pro rata between the commitments maturing November 16, 2010 and the commitments maturing November 16, 2007, as they occur. The credit facilities provide for interest rates ranging from LIBOR plus five-eighths percent to LIBOR plus two and three-quarters percent depending upon the Company's total debt to capitalization ratio. Interest rates on debt outstanding under these facilities at June 28, 2003 ranged from LIBOR plus one and three-quarter percent to LIBOR plus two percent.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The \$100 million domestic revolving credit facility is secured by domestic chicken inventories, the \$30.0 million facility in Mexico is secured by Mexico's accounts receivable, inventories and certain fixed assets and the revolving/term borrowing facility is secured by certain fixed assets. Borrowings against these facilities are subject to the availability of collateral and no material adverse change provisions. During the nine months ended June 28, 2003, the Company borrowed approximately \$29.1 million on a net basis under its revolving/term borrowing facilities.

NOTE F RELATED PARTY TRANSACTIONS

The major stockholder of the Company owns an egg laying and a chicken growing operation. In addition, at certain times during the year the major stockholder purchases from the Company live chickens and hens and certain feed inventories during the grow-out process and then contracts with the Company to resell the birds at maturity, determined on a market-based formula price subject to a ceiling price calculated at his cost plus two percent. Purchases made by the Company under this agreement resulted in a net operating profit to the major stockholder of \$8,992 and \$13,054 during the quarters and \$338,592 and \$573,154 for the nine months ended June 28, 2003 and June 29, 2002, respectively.

NOTE G CONTINGENCIES

In August of 2000, four of our current and/or former employees filed the case of *Betty Kennell, et al. v. Wampler Foods, Inc.* in the United States District Court for the Northern District of West Virginia, claiming we violated requirements of the Fair Labor Standards Act. The suit alleged that the Company failed to pay employees for all hours worked. The suit generally alleged that (1) employees should be paid for time spent to put on, take off and clean certain personal gear at the beginning and end of their shifts and breaks, and (2) the use of a master time card or production line time fails to pay employees for all time actually worked. Plaintiffs seek to recover unpaid wages plus liquidated damages and legal fees. Approximately 150 consents to join as plaintiffs were filed with the court by current and/or former employees. No trial date has been set. The court has conditionally approved class certification for hourly production employees in second processing for processing plants in our Eastern Division. To date, only limited discovery has been performed. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter, individually or collectively, to have a material impact on our financial position, operations or liquidity.

On August 20, 1999, the former WLR Foods brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in Washington D.C. alleging a world-wide conspiracy by approximately 34 named defendants to control production capacity and raise prices of common vitamins such as A, B-4, C and E. The Company joined this lawsuit with respect to vitamin purchases not included in the Company's previous settlement with the named defendants as a member of a class action lawsuit settled in fiscal 2000. The Company, individually and as successor to WLR Foods in this suit, received \$0.4 million and \$24.4 million in the three months and the nine months ended June 28, 2003, respectively, in partial settlement of its claims. (See Note B-Significant Events, for source and accounting treatment of the settlements.) To date, claims related to approximately 81% of the WLR Foods affected vitamin purchases have been settled by or on behalf of the former WLR Foods, which settlements have resulted in payments to the Company and the former WLR Foods of \$32.4 million. No assurances can be made regarding the likelihood or timing of future settlements or whether or not future recoveries, if any, on the remaining 19% of the vitamin purchases covered by the suit will be proportionally less than, equal to or greater than these previous recovery amounts.

On June 7, 2001, the Company brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in San Francisco alleging a world-wide conspiracy by defendant suppliers and producers of methionine to control production capacity and raise prices of methionine. The Company estimates that it was overcharged by approximately \$50.0 million, which includes purchases made by the former WLR Foods, in connection with the alleged conspiracy. The Company, individually and as successor to WLR Foods in this suit, received \$17.2 million and \$30.8 million in the three months and nine months ended June 28, 2003, respectively, in partial settlement of its claims. (See Note B-Significant Events, for source and accounting treatment of the

Table of Contents**Index to Financial Statements****PILGRIM S PRIDE CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

settlements.) To date, claims related to approximately 100% of the purchases have been settled by the Company and the Company does not anticipate any further recoveries under this suit.

On July 1, 2002, three individuals, on behalf of themselves and a putative class of chicken growers, filed their original class action complaint against the Company in the United States District Court for the Eastern District of Texas, Texarkana Division. The case is styled *Cody Wheeler, et al. vs. Pilgrim s Pride Corporation* . The complaint alleges that the Company violated the Packers and Stockyards Act (7 U.S.C. Section 192) and breached fiduciary duties allegedly owed to the plaintiff growers. The plaintiffs also brought individual actions under the Packers and Stockyards Act alleging common law fraud, negligence, breach of fiduciary duties and breach of contract. On July 29, 2002, we filed our Motion to Dismiss. Upon the filing of the motion, the plaintiffs entered into an agreement to stay any certification of the class pending the outcome of the trial of the three plaintiffs, Cody Wheeler, Don Davis and Davey Williams. On March 14, 2003, the court entered an order dismissing the plaintiffs claims of breach of fiduciary duty and negligence. The plaintiffs also dropped the charges of fraud prior to the entering of the order by the court. We also filed a Motion to Transfer Venue on August 19, 2002, and the plaintiffs filed a Motion for Preliminary Injunction to prohibit any alleged retaliation against the growers. The court denied our Motion to Transfer Venue on March 14, 2003, and the case will remain in the Eastern District of Texas, Texarkana Division. The court also denied the plaintiffs Motion for Preliminary Injunction on March 3, 2003. Discovery is in the initial phases in this case. We intend to defend vigorously both certification of the case as a class action should we not prevail in the trial of the three plaintiffs and questions concerning ultimate liability and damages, if any. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. The Company does not expect this matter to have a material impact on our financial position, operations or liquidity.

In October 2002 a limited number of USDA environmental samples from the Company s Franconia, Pennsylvania plant tested positive for Listeria. As a result, we voluntarily recalled all cooked deli products produced at the plant from May 1, 2002 through October 11, 2002. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products and no products of the Company have tested positive for the outbreak strain. We carried insurance designed to cover the direct recall related expenses and certain aspects of the related business interruption caused by the recall, and subject to the insurer s reservation of rights, we have received a \$4.0 million advance payment from our insurer with respect to the product recall claim. As of June 28, 2003, we have recorded \$22.1 million, net of the deductible amount of \$0.5 million and the \$4.0 million advance payment from our insurer, in recall related expenses as a component of Current Assets Trade accounts and other receivables , which we believe to be due from our insurance carriers. We estimate that the sales at the Franconia, Pennsylvania plant were negatively affected by approximately \$19.0 million and \$73.0 million and operating margins were negatively affected by approximately \$10.0 - \$15.0 million and \$35.0 - \$40.0 million during the quarter and nine month periods ended June 28, 2003, respectively. As a result of these losses, the Company will be filing a claim for business interruption and certain product re-establishment costs which is expected to be in excess of \$40 million. Aggregating the direct recall expense claim noted above with this business interruption and reestablishment cost claim, the Company expects its total claims as of June 28, 2003 are in excess of \$66 million, although its policy limit is \$50 million, \$4 million of which has been received as of June 28, 2003. Therefore, the continuing effects of the recall on our business after June 28, 2003 will not be covered by insurance and will have a negative impact on our operation estimated at \$5.0 to \$10.0 million per quarter. This impact is estimated to continue until the sales of prepared foods turkey products from our Franconia, Pennsylvania plant have been reestablished in the market to pre-recall levels which we currently project to be in or after the second fiscal quarter 2004. The Company has recently taken steps to reduce its turkey production levels by approximately 15%, which will take effect early fiscal 2004, in an effort to mitigate future losses.

Further, although we have maintained product recall insurance in recent periods, in 2003 the availability of this type of insurance to the food industry has been limited and at times not available. We have been seeking

quotes from insurers regarding and insurance policy that would cover any product recall that may subsequently arise. However, to date the insurance market has been unsettled for this line of coverage and we have not obtained an insurance policy that would cover any product recall that may arise subsequent to calendar 2002 and there can be no assurance as to when or if we will be successful in obtaining such a policy on acceptable terms.

As a result of the recall, on November 4, 2002, an individual who allegedly consumed our meat products filed a putative class action lawsuit in the Philadelphia County Court of Common Pleas in the Commonwealth of Pennsylvania. The plaintiff allegedly contracted Listeriosis. The case was styled *Frank Niemtow, individually and on behalf of all others similarly situated v. Pilgrim s Pride Corporation and Wampler Foods, Inc.* The complaint sought recovery on behalf of a putative class of all persons that purchased and/or consumed meat products manufactured at the Company s Franconia, Pennsylvania facility between May 1, 2002 and October 11, 2002, who have suffered an injury. This putative class sought to include all individuals who have suffered Listeriosis and symptoms of Listeriosis and other medical injuries. The plaintiff also sought to represent a putative class of all persons that purchased and/or consumed meat products manufactured at the Company s Franconia, Pennsylvania facility between May 1, 2002 and October 11, 2002, who have not suffered any personal injury. The complaint sought compensatory and punitive damages under theories of negligence, alleged violation of the Pennsylvania Unfair Trade Practices Act and Consumer Protection Law, strict liability in tort, and unjust enrichment. On December 6, 2002, the Company filed its Petition for Removal to Federal court transferring this matter to the United States District Court for the Eastern District of Pennsylvania. The plaintiff filed a Motion to Remand to State Court on January 6, 2003. The Company timely filed its response. In addition, on January 13, 2003, the Company filed its Motion to Dismiss the plaintiff s class action complaint. On March 25, 2003, the plaintiffs voluntarily dismissed the lawsuit.

On April 17, 2003, the Company learned that a product liability lawsuit, *Lawese Drayton, Individually and as Personal Representative of the Estate of Raymond Drayton, deceased, Plaintiff, v. Pilgrim s Pride Corporation, Jack Lambersky Poultry Company, Inc. DBA JL Foods Co, Inc., Defendants* , was filed against the Company in the United States District Court for the Eastern District of Pennsylvania on April 15, 2003. The Company has been served with summons and a copy of the complaint. A response to the complaint is being prepared and is expected to be completed within the month of July 2003. The Company believes that it has meritorious defenses to this claim, and it intends to assert a vigorous defense to the litigation. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. After considering our available insurance coverage, we do not expect this matter to have a material impact on our financial position, operations, or liquidity.

The Company has recently been named as a defendant in a lawsuit entitled, *Laron Harvey, by his mother and natural guardian, Shakandra Hampton, and Shakandra Hampton in her own right v. Pilgrim s Pride Corporation, et al.*, filed in the Pennsylvania Court of Common Pleas and removed to the U.S. District Court for the Eastern District of Pennsylvania in Philadelphia under Court No. 03-3500. The complaint names both the Company and Jack Lambersky Poultry Company, Inc. as defendants. The plaintiff claims that, on August 19, 2002, Laron Harvey was born nine weeks prematurely as a direct result of his mother s having contracted *Listeria monocytogenes*. Plaintiff is alleging certain injuries, severe developmental delay, respiratory distress syndrome, esophageal reflux, necrotizing enterocolitis, and pulmonary heart valve disorder, among other illnesses and ailments. A motion to dismiss certain counts of the complaint has been filed on the Company s behalf. The Company believes that it has meritorious defenses to this claim and it intends to assert a vigorous defense to the litigation. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. After considering our available insurance coverage, we do not expect this matter to have a material impact on our financial position, operations, or liquidity.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

On March 12, 2002 an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, was discovered in Virginia. As a result we destroyed a significant amount of poultry affected as a

result of the virus. No new flocks have tested positive for the presence of avian influenza in Virginia since July 2, 2002, and the Company believes that the outbreak has been contained. We currently believe there has been little or no effect on operations in the three month period ended June 28, 2003 and will be little or no impact on future periods from the outbreak. On June 19, 2002, U.S. Secretary of Agriculture Ann Veneman proposed to the Office of Management and Budget that the USDA cover one-half of the total estimated economic loss suffered by the poultry industry and independent growers in Virginia due to the avian influenza outbreak. Secretary Veneman also recommended that the State of Virginia cover the remaining portion. On November 4, 2002, the USDA made public their estimate of total federal compensation at \$51.0 million, with growers projected to be compensated \$13.9 million and owners projected to be compensated \$37.1 million. We have received \$0.1 million and \$16.1 million in federal compensation in the three month and nine month periods ended June 28, 2003, respectively, which was recorded as Non-recurring recoveries. Based on the recovery amounts received to date, we estimate that approximately 68% of the projected \$51.0 million has been distributed by the U.S. federal government. No additional future recoveries have been recorded, although on July 17, 2003, the USDA issued its final rule with total payments expected to approximate \$52.4 million with approximately \$47.8 million paid to owners and \$4.6 million paid to growers. Owners are eligible for up to 75% of proven losses. Although no assurances can be given, based on this, the Company estimates we will receive an additional payment of approximately \$7.0 - \$9.0 million during fiscal 2003. No assurances can be given that any state agencies will provide any economic assistance to the poultry growers and producers affected by the avian influenza outbreak in Virginia. In the event that state agencies do decide to grant economic assistance to the affected poultry growers and producers, it is impossible at this time to estimate how the state agencies would allocate any such assistance between affected poultry growers and producers whose flocks were destroyed by the virus.

The Company is subject to various other legal proceedings and claims which arise in the ordinary course of its business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Company.

The Company is a party to many routine contracts in which it provides general indemnities in the normal course of business to third parties for various risks. The Company has not recorded a liability for any of these indemnities, as the likelihood of payment in each case is considered remote. These indemnities are discussed in the following paragraphs.

The Company's loan agreements generally obligate the Company to reimburse the applicable lender for incremental increased costs due to a change in law that imposes (i) any reserve or special deposit requirement against assets of, deposits with or credit extended by such lender related to the loan, (ii) any tax, duty or other charge with respect to the loan (except standard income tax) or (iii) capital adequacy requirements. In addition, some of the Company's loan agreements contain a withholding tax provision that requires the Company to pay additional amounts to the applicable lender or other financing party, generally if withholding taxes are imposed on such lender or other financing party as a result of a change in the applicable tax law. These increased cost and withholding tax provisions continue for the entire term of the applicable transaction, and there is no limitation on the maximum additional amounts the Company could be obligated to pay under such provisions. Any failure to pay amounts due under such provisions generally would trigger an event of default, and, in a secured financing transaction, would entitle the lender to foreclose upon the collateral to realize the amount due.

The Company also maintains operating leases for various types of equipment, some of which contain residual value guarantees for the market value for assets at the end of the term of the lease. The terms of the lease maturities range from one to seven years. The maximum potential

amount of the residual value guarantees is approximately \$8.1 million; however, the actual amount is based on an undeterminable recoverable amount based on the fair market value of the underlying leased assets. The likelihood of payments under these guarantees is not considered to be probable, and accordingly no liabilities have been recorded. The Company historically has not experienced significant payments under similar residual guarantees.

The Company operates in two reportable business segments as (1) a producer of chicken and other products and (2) a producer of turkey products.

The Company s chicken and other products segment primarily includes sales of chicken products the Company produces and purchases for resale in the United States and Mexico, and also includes table eggs, feed and other items. The Company s chicken and other products segment conducts separate operations in the United States and Mexico and is reported as two separate geographical areas. The Company s turkey segment includes sales of turkey products produced in our turkey operation acquired from WLR Foods, whose operations are exclusively in the United States.

Inter-area sales and inter-segment sales, which are not material, are accounted for at prices comparable to normal trade customer sales. Corporate assets and expenses are included with chicken and other products.

Table of Contents**Index to Financial Statements*****Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations*****Pending Acquisition.**

The Company has agreed to acquire the chicken division of ConAgra Foods, Inc. (ConAgra) through the purchase from ConAgra of all of the issued and outstanding capital stock of four wholly-owned subsidiaries of ConAgra in accordance with a Stock Purchase Agreement dated June 7, 2003. The purchase price is equal to the Final Adjusted Net Book Value (as defined in the Stock Purchase Agreement) of the assets and liabilities of the chicken division which is expected to be approximately \$590 million plus transaction costs. The acquisition will be funded by \$100 million in secured borrowings with existing lenders, approximately \$265 million of Pilgrim's Pride's Class A common stock, based on a formula price specified in the Stock Purchase Agreement, with the balance of \$225 million payable by a subordinated note bearing a coupon rate of 10.5% and due in March 2011. The Company has received commitments from its existing lenders for the financing of the \$100 million portion of the purchase price, and the Company's lenders have issued consents as necessary to allow the consummation and financing of this acquisition. On July 11, 2003 the thirty-day waiting period required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976 for antitrust regulatory clearance from the federal government, necessary for completion of the acquisition, had expired. The transaction is expected to close in the third calendar quarter of 2003.

The actual number of shares of Class A common stock issued by Pilgrim's to ConAgra as part of the payment for the business will be the lesser of 39.4 million or the number of shares determined by taking 45% of the estimated purchase price, divided by the greater of (i) the volume weighted average trading price for the period June 10, 2003 through five trading days prior to the closing, or (ii) \$5.35. The Company is not required to issue more than 39.4 million shares of its Class A common stock in total. The remaining balance of the purchase price is to be paid with the subordinated note. Because the number of shares actually issued by Pilgrim's to ConAgra could fluctuate, the components of the purchase price represented by Pilgrim's debt and equity may differ from the amount cited above. The weighted average trading price for the Class A common stock for the period from June 10, 2003 through July 22, 2003 was \$7.27. Using this average price, approximately 36.4 million shares of Class A common stock would be issued in connection with a \$590 million assumed purchase price. However, for purposes of the purchase price allocation the shares will be valued at the fair value of the stock at the closing date.

If the average closing price for the shares of Class A common stock is less than \$5.35 for the period measured prior to closing, the Company has the option to provide additional cash, notes and/or stock to make up the difference between \$5.35 and the volume weighted average share price for the period measured. If Pilgrim's does not provide additional cash, notes and/or stock to make up that difference, ConAgra has the right to terminate the agreement.

ConAgra's chicken division can generally be viewed as consisting of all of ConAgra's integrated chicken business (including grow-out, slaughter, processing, further processing, rendering, sales and distribution, both in retail and foodservice, and related assets and employees), including the Pierce and PFS businesses conducted by ConAgra. Notwithstanding the foregoing, the chicken division does not include the further processing and marketing operations (both retail and foodservice) included in ConAgra's packaged goods segment, including, without limitation, the Butterball, Banquet, Marie Callendar's and Country Skillet further processing and marketing operations, none of which the company is acquiring.

After the transaction, ConAgra's fresh chicken requirements will generally be supplied at market terms by Pilgrim's for use in ConAgra's branded products. The closing of the transaction is subject to closing conditions and shareholders representing a majority of Pilgrim's current shareholder votes have agreed to vote in favor of the issuance of the shares of Class A common stock in the transaction. The foregoing summary is not complete and is qualified in its entirety by reference to the definitive purchase agreement, a copy of which is attached as an exhibit to this Quarterly Report on Form 10-Q.

General

Profitability in the poultry industry is materially affected by the commodity prices of feed ingredients, chicken and turkey, which are determined by supply and demand factors. As a result, the chicken and turkey industries are subject to cyclical earnings fluctuations. Cyclical earnings fluctuations can be mitigated somewhat by:

Business strategy;

Product mix;

Sales and marketing plans; and

Operating efficiencies.

In an effort to reduce price volatility and to generate higher, more consistent profit margins, we have concentrated on the production and marketing of prepared foods products. Prepared foods products generally have higher profit margins than our other products. Also, the production and sale in the U.S. of prepared foods products reduces the impact of the cost of feed ingredients on our profitability. Feed ingredient purchases are the single largest component of our cost of goods sold, representing approximately 30% of our cost of goods sold in fiscal 2002. The production of feed ingredients is positively or negatively affected primarily by weather patterns throughout the world, the global level of supply inventories, demand for feed ingredients and the agricultural policies of the United States and foreign governments. As further processing is performed, feed ingredient costs become a decreasing percentage of a product's total production costs, thereby reducing their impact on our profitability. Products sold in this form enable us to charge a premium, reduce the impact of feed ingredient costs on our profitability and improve and stabilize our profit margins.

As a significant portion of U.S. poultry production is exported, the commodity prices of chicken and turkey can be, and in recent periods have been, adversely affected by disruptions in poultry export markets. These disruptions are often caused by restrictions on imports of U.S.-produced poultry products imposed by foreign governments for a variety of reasons, including the protection of their domestic poultry producers and allegations of consumer health issues. For example, Russia and Japan have restricted the importation of U.S.-produced poultry for both of these reasons in recent periods and Mexico initiated a ban on the importation of all uncooked poultry produced in a seven-state area in the Western U.S., including Texas, because of the recent outbreak of Newcastle's Disease in the Western U.S. Mexico also imposes a temporary tariff of 98% of the sales price of imported chicken leg quarters expiring July 23, 2003. Mexico is considering extending the tariff with the rate declining approximately 20% per year for five years. The tariff was imposed due to concerns that the duty-free importation of such products as provided by the North American Free Trade Agreement would injure Mexico's poultry industry. Because these disruptions in poultry export markets are often political, no assurances can be given as to when the existing disruptions will be alleviated or that new ones will not arise.

Table of Contents**Index to Financial Statements****Results of Operations**

In the last eighteen months, we have been affected by two significant unexpected challenges. First, on March 12, 2002 an outbreak of low-pathogenic avian influenza, a disease contagious to turkey, chicken and other birds, was discovered in Virginia. As a result we destroyed a significant amount of poultry affected as a result of the virus. No new flocks have tested positive for the presence of avian influenza in Virginia since July 2, 2002, and the Company believes that the outbreak has been contained. We currently believe there has been little or no effect on operations in the three month period ended June 28, 2003 and will be little or no impact on future periods from the outbreak. On June 19, 2002, U.S. Secretary of Agriculture Ann Veneman proposed to the Office of Management and Budget that the USDA cover one-half of the total estimated economic loss suffered by the poultry industry and independent growers in Virginia due to the avian influenza outbreak. Secretary Veneman also recommended that the State of Virginia cover the remaining portion. On November 4, 2002, the USDA made public their estimate of total federal compensation at \$51.0 million, with growers projected to be compensated \$13.9 million and owners projected to be compensated \$37.1 million. We have received \$0.1 million and \$16.1 million in federal compensation in the three month and nine month periods ended June 28, 2003, respectively, which was recorded as Non-recurring recoveries. Based on the recovery amounts received to date, we estimate that approximately 68% of the projected \$51.0 million has been distributed by the U.S. federal government. No additional future recoveries have been recorded, although on July 17, 2003, the USDA issued its final rule with total payments expected to approximate \$52.4 million with approximately \$47.8 million paid to owners and \$4.6 million paid to growers. Owners are eligible for up to 75% of proven losses. Although no assurances can be given, based on this, the Company estimates we will receive an additional payment of approximately \$7.0 \$9.0 million during fiscal 2003. No assurances can be given that any state agencies will provide any economic assistance to the poultry growers and producers affected by the avian influenza outbreak in Virginia. In the event that state agencies do decide to grant economic assistance to the affected poultry growers and producers, it is impossible at this time to estimate how the state agencies would allocate any such assistance between affected poultry growers and producers whose flocks were destroyed by the virus.

Our second challenge occurred in October 2002 when a limited number of USDA environmental samples from the Company's Franconia, Pennsylvania plant tested positive for Listeria. As a result, we voluntarily recalled all cooked deli products produced at the plant from May 1, 2002 through October 11, 2002. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products and no products of the Company have tested positive for the outbreak strain. We carried insurance designed to cover the direct recall related expenses and certain aspects of the related business interruption caused by the recall, and subject to the insurer's reservation of rights, we have received a \$4.0 million advance payment from our insurer with respect to the product recall claim. As of June 28, 2003, we have recorded \$22.1 million, net of the deductible amount of \$0.5 million and the \$4.0 million advance payment from our insurer, in recall related expenses as a component of Current Assets Trade accounts and other receivables, which we believe to be due from our insurance carriers. We estimate that the sales at the Franconia, Pennsylvania plant were negatively affected by approximately \$19.0 million and \$73.0 million and operating margins were negatively affected by approximately \$10.0 \$15.0 million and \$35.0 \$40.0 million during the quarter and nine month periods ended June 28, 2003, respectively. As a result of these losses, the Company will be filing a claim for business interruption and certain product re-establishment costs which is expected to be in excess of \$40 million. Aggregating the direct recall expense claim noted above, with this business interruption and reestablishment cost claim, the Company expects its total claims as of June 28, 2003 are in excess of \$66 million, although its policy limit is \$50 million, \$4 million of which has been received as of June 28, 2003. Therefore, the continuing effects of the recall on our business after June 28, 2003 will not be covered by insurance and will have a negative impact on our operation estimated at \$5.0 to \$10.0 million per quarter. This impact is estimated to continue until the sales of prepared foods turkey products from our Franconia, Pennsylvania plant have been reestablished in the market to pre-recall levels which we currently project to be in or after the second fiscal quarter 2004. The Company has recently taken steps to reduce its turkey production levels by approximately 15%, which will take effect early fiscal 2004 in an effort to mitigate future losses.

Table of Contents**Index to Financial Statements**

Further, although we have maintained product recall insurance in recent periods, in 2003 the availability of this type of insurance to the food industry has been limited and at times not available. We have been seeking quotes from insurers regarding an insurance policy that would cover any product recall that may subsequently arise. However, to date the insurance market has been unsettled for this line of coverage and we have not obtained an insurance policy that would cover any product recall that may arise subsequent to calendar 2002 and there can be no assurance as to when or if we will be successful in obtaining such a policy on acceptable terms.

Fiscal Third Quarter 2003 Compared to Fiscal Third Quarter 2002

Consolidated Net Sales. Consolidated net sales were \$651.9 million for the third quarter of fiscal 2003, an increase of \$14.8 million, or 2.3%, from the third quarter of fiscal 2002. The increase in consolidated net sales resulted from an \$8.5 million increase in U.S. chicken sales to \$435.8 million, an \$8.3 million increase in Mexico chicken sales to \$88.6 million and a \$2.3 million increase in sales of other products to \$55.1 million, offset partially by a \$4.4 million decrease in turkey sales to \$72.3 million. The increase in U.S. chicken sales was primarily due to a 2.1% increase in dressed pounds produced. The decrease in turkey sales was due primarily to a 9.4% decrease in revenue per pound produced, offset partially by a 4.1% increase in turkey production. The \$8.3 million increase in Mexico chicken sales was primarily due to a 10.4% increase in pounds produced. The \$2.3 million increase in sales of other products was due to a \$1.5 million increase in U.S. other sales and a \$0.8 million increase in Mexico's other sales.

Cost of Sales. Consolidated cost of sales was \$600.9 million in the third quarter of fiscal 2003, an increase of \$10.1 million, or 1.8%, when compared to the third quarter of fiscal 2002. This increase consisted of a \$5.2 million increase in cost of sales incurred by our U.S. operations and a \$5.5 million increase in cost of sales incurred by our Mexico operations.

The \$5.2 million increase in the cost of sales incurred by our U.S. operations was primarily due to higher feed ingredient costs and a 4.1% increase in turkey production.

The \$5.5 million cost of sales increase in our Mexico operations was primarily due to higher feed ingredient costs and production of a higher cost, more value added product mix compared to the prior year.

Non-recurring recoveries. Non-recurring recoveries for the third quarter of fiscal 2003 of \$10.3 million include proceeds received from litigation initiated by the Company in anti-trust lawsuits related to vitamins and methionine of \$10.2 million along with reimbursement received from the U.S. federal government under a relief plan related to the avian influenza outbreak of \$0.1 million. Non-recurring recoveries for the third quarter of fiscal 2002 of \$0.7 million include proceeds received from litigation initiated by the Company in anti-trust lawsuits related to vitamins.

Gross Profit. Gross profit was \$61.2 million for the third quarter of fiscal 2003, an increase of \$14.2 million, or 30.3%, from the same period last year, due primarily to the \$10.3 million of Non-recurring recoveries and the overall net effect of the changes discussed above under

Consolidated Net Sales and Cost of Sales. For comparative purposes management believes some investors may be interested in gross profit excluding the benefit of the Non-recurring recoveries. Excluding the \$10.3 million in 2003 non-recurring recoveries, gross profit for the third quarter of fiscal 2003 would have been \$50.9 million, an increase of \$4.6 million, or 10.0%, from the same period last year, due primarily to the increased net sales discussed above offset somewhat by the increase in cost of sales discussed above.

Gross profit as a percentage of sales increased to 9.4% in the third quarter of fiscal 2003, from 7.4% in the third quarter of fiscal 2002, primarily due to the \$10.3 million of Non-recurring recoveries. For comparative purposes management believes some investors may be interested in gross profit as a percentage of sales excluding the benefit of the Non-recurring recoveries. Excluding non-recurring recoveries of 1.6% as a percentage of sales, gross profit as a percentage of sales for the third quarter of fiscal 2003 would have been 7.8% compared to 7.3% for the same period last year.

Selling, General and Administrative Expenses. Consolidated selling, general and administrative expenses were \$35.1 million in the third quarter of fiscal 2003, an increase of \$2.2 million, or 6.5%, from the third quarter of fiscal 2002. The \$2.2 million increase was due primarily to an increase in selling and administrative expense resulting from higher sales volume. As a percentage of sales, consolidated selling, general and administrative expenses were at 5.4% in the third quarter of fiscal 2003, compared to 5.2% in the third quarter of fiscal 2002.

Operating Income. Consolidated operating income was \$26.1 million for the third quarter of fiscal 2003, an increase of \$12.1 million, or 86.1%, when compared to the third quarter of fiscal 2002. The increase was due primarily to the \$10.3 million of Non-recurring recoveries.

Interest Expense. Consolidated net interest expense was \$9.4 million in the third quarter of fiscal 2003, an increase of \$0.4 million, or 4.3%, from the third quarter of fiscal 2002, due primarily to higher average outstanding debt balances experienced in the third quarter of fiscal 2003.

Miscellaneous, Net. Consolidated miscellaneous, net expense (income) decreased \$4.3 million to (\$8.1) million, primarily due to \$7.4 million of methionine and vitamin litigation settlements recorded in the third quarter of fiscal 2003 versus \$3.5 million in the same period last year. See Note G of the Notes to Consolidated Financial Statements.

Income Tax Expense. Consolidated income tax expense in the third quarter of fiscal 2003 was \$7.7 million, compared to an income tax expense of \$3.3 million in the third quarter of fiscal 2002. This increase in consolidated income tax expense was primarily caused by higher pretax earnings in the third quarter of fiscal 2003.

First Nine Months of Fiscal 2003 Compared to First Nine Months of Fiscal 2002

Consolidated Net Sales. Consolidated net sales were \$1,909.9 million for the first nine months of fiscal 2003, an increase of \$16.0 million, or 0.8%, from the first nine months of fiscal 2002. The increase in consolidated net sales resulted from a \$16.7 million increase in U.S. chicken sales to \$1,248.4 million, a \$24.4 million increase in Mexico chicken sales to \$266.9 million and an \$11.1 million increase in sales of other products to \$165.5 million, offset partially by a \$36.2 million decrease in turkey sales to \$229.1 million. The increase in U.S. chicken sales was primarily due to a 1.8% increase in dressed pounds produced. The decrease in turkey sales was due primarily to the impact of the recall of turkey deli meat products and the continuing effects of last year's avian influenza outbreak discussed above. The \$24.4 million increase in Mexico chicken sales was primarily due to a 9.9% increase in pounds produced. The \$11.1 million increase in sales of other products was due to a \$10.3 million increase in U.S. other sales and a \$0.8 million increase in Mexico's other sales.

Cost of Sales. Consolidated cost of sales was \$1,805.3 million for the first nine months of fiscal 2003, an increase of \$44.2 million, or 2.2%, when compared to the first nine months of fiscal 2002. The U.S. operations had an increase in cost of sales of \$22.2 million and our Mexico operations had an increase of \$19.8 million.

The \$22.2 million cost of sales increase in our U.S. operations was due to the increased price of our feed ingredients and effects of avian influenza during the first six months of fiscal 2003.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

The \$19.8 million cost of sales increase in our Mexico operations was primarily due to higher feed ingredient costs and production of a higher cost, more value added product mix compared to the prior year.

Non-recurring recoveries. Non-recurring recoveries for the first nine months of fiscal 2003 of \$36.0 million include proceeds received from litigation initiated by the Company in anti-trust lawsuits related to vitamins and methionine of \$19.9 million along with reimbursement received from the U.S. federal government under a relief plan related to the avian influenza of \$16.1 million. Non-recurring recoveries for the first nine months of fiscal 2002 of \$0.7 million include proceeds received from litigation initiated by the Company in anti-trust lawsuits related to vitamins.

Table of Contents**Index to Financial Statements**

Gross Profit. Gross profit was \$140.6 million for the first nine months of fiscal 2003, an increase of \$7.1 million, or 5.3%, from the same period last year, due primarily to the \$36.0 million of Non-recurring recoveries and the overall net effect of the changes discussed above under Consolidated Net Sales and Cost of Sales. For comparative purposes, management believes some investors may be interested in gross profit excluding the benefit of the Non-recurring recoveries. Excluding these non-recurring recoveries of \$36.0 million in 2003, gross profit for the first nine months of fiscal 2003 would have been \$104.6 million, a decrease of \$28.2 million, or 21.2%, from the same period last year, due primarily to the increase in cost of sales discussed above offset somewhat by the increased net sales discussed above.

Gross profit as a percentage of sales increased to 7.4% in the first nine months of fiscal 2003, from 7.0% in the first nine months of fiscal 2002, primarily due to the \$36.0 million of Non-recurring recoveries mentioned above. For comparative purposes management believes some investors may be interested in gross profit as a percentage of sales excluding the benefit of the Non-recurring recoveries. Excluding these non-recurring recoveries which were 1.9% of sales, gross profit as a percentage of sales for the first nine months of fiscal 2003 would have been 5.5% compared to 7.0% for the same period last year.

Selling, General and Administrative Expenses. Consolidated selling, general and administrative expenses were \$102.7 million in the first nine months of fiscal 2003, an increase of \$2.2 million, or 2.2%, from the first nine months of fiscal 2002. The \$2.2 million increase was due primarily to an increase in selling and administrative expense resulting from higher sales volume. As a percentage of sales, Consolidated selling, general and administrative expenses remained relatively stable in the first nine months of fiscal 2003 at 5.4%, when compared to 5.3% for the first nine months of fiscal 2002.

Operating Income. Consolidated operating income was \$37.9 million for the first nine months of fiscal 2003, an increase of \$4.9 million, or 14.8%, when compared to the first nine months of fiscal 2002. The increase was due primarily to the \$36.0 million of Non-recurring recoveries mentioned above, offset by the negative effects of the turkey deli meat recall, the continuing effects of last year's avian influenza outbreak in our Eastern Division and higher feed ingredient costs.

Interest Expense. Consolidated net interest expense was \$28.8 million in the first nine months of fiscal 2003, an increase of \$3.9 million, or 16.0% from the first nine months of fiscal 2002, due primarily to higher average outstanding debt balances experienced in the first nine months of fiscal 2003.

Miscellaneous, Net. Consolidated miscellaneous, net expense (income) was (\$36.8) million, primarily due to \$35.4 million of methonine and vitamin litigation settlements received in the first nine months of fiscal 2003 versus \$3.5 million in the same period last year. See Note G of the Notes to Consolidated Financial Statements.

Income Tax Expense. Consolidated income tax expense in the first nine months of fiscal 2003 was \$15.3 million, compared to an income tax benefit of \$7.5 million in the first nine months of fiscal 2002. This increase in consolidated income tax expense was primarily caused by a tax benefit of \$9.7 million in the second quarter of fiscal 2002 resulting from changes in Mexico tax laws. The Company has approximately \$7.6 million in valuation allowances, primarily covering net operating loss carryforwards of its Mexican operations. The Company continues to explore strategies it might employ to mitigate the amount of net operating losses that would expire unutilized. The effectiveness of these strategies on the level of valuation allowance is evaluated when factors warrant, but at least annually. Changes in the valuation allowance will be reflected as an adjustment to income tax expense.

Liquidity and Capital Resources

The Company has agreed to acquire the chicken division of ConAgra Foods, Inc. (ConAgra) through the purchase from ConAgra of all of the issued and outstanding capital stock of four wholly-owned subsidiaries of ConAgra in accordance with a Stock Purchase Agreement dated June 7, 2003. The purchase price is equal to the

Table of Contents**Index to Financial Statements**

Final Adjusted Net Book Value (as defined in the Stock Purchase Agreement) of the assets and liabilities of the chicken division which is expected to be approximately \$590 million plus transaction costs. The acquisition will be funded by \$100 million in secured borrowings with existing lenders, approximately \$265 million of Pilgrim's Pride's Class A common stock, based on a formula price specified in the Stock Purchase Agreement, with the balance of \$225 million payable by a subordinated note bearing a coupon rate of 10.5% and due in March 2011. The Company has received commitments from its existing lenders for the financing of the \$100 million portion of the purchase price, and the Company's lenders have issued consents as necessary to allow the consummation and financing of this acquisition. On July 11, 2003 the thirty-day waiting period required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976 for antitrust regulatory clearance from the federal government, necessary for completion of the acquisition, had expired. The transaction is expected to close in the third calendar quarter of 2003.

At June 28, 2003, we maintained \$130.0 million in revolving credit facilities, \$30.0 million of which relates to our Mexico operations, and \$400.0 million in a secured revolving/term borrowing facility. The \$400.0 million revolving/term borrowing facility provides for borrowing availability until November 15, 2004 and provides for \$285.0 million of commitments maturing November 16, 2010 and \$115.0 million of commitments maturing November 16, 2007. Borrowings under this facility are split pro rata between the commitments maturing November 16, 2010 and the commitments maturing November 16, 2007, as they occur. The credit facilities provide for interest rates ranging from LIBOR plus five-eighths percent to LIBOR plus two and three-quarters percent depending upon the Company's total debt to capitalization ratio. Interest rates on debt outstanding under these facilities at June 28, 2003 ranged from LIBOR plus one and three-quarter percent to LIBOR plus two percent. These facilities are secured by inventory and fixed assets. The \$100 million domestic revolving credit facility is secured by domestic chicken inventories and the \$30.0 million facility in Mexico is secured by Mexico's accounts receivable, inventories, certain fixed assets and the revolving/term borrowing facility is secured by certain fixed assets. Borrowings against these facilities are subject to the availability of collateral and no material adverse change provisions. During the nine months ended June 28, 2003, the Company borrowed approximately \$29.1 million on a net basis under its revolving/term borrowing facilities.

On July 18, 2003 the Company extended and amended its existing Asset Sale Agreement to sell accounts receivable. The amended agreement increased the availability under this facility to \$125.0 million from \$60 million of accounts receivable and expires in June 2008. In connection with the Asset Sale Agreement, the Company sells, on a revolving basis, certain of its trade receivables (the Pooled Receivables) to a special purpose corporation wholly owned by the Company, which in turn sells a percentage ownership interest to third parties. At June 28, 2003 and September 28, 2002, an interest in these Pooled Receivables of \$57.6 million and \$58.5 million, respectively, had been sold to third parties and is reflected as a reduction to accounts receivable during each period. These transactions have been recorded as sales in accordance with Financial Accounting Standards Board Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. The gross proceeds resulting from the sale are included in cash flows from operating activities in the Consolidated Statements of Cash Flows. Losses on these sales were immaterial. As of July 18, 2003, \$4.8 million additional Pooled Receivables are available for sale.

In January 2003, the Financial Accounting Standards Board (FASB) issued Interpretation No. 46, Consolidation of Variable Interest Entities, an interpretation of Accounting Research Bulletin No. 51 (Interpretation No. 46). Interpretation No. 46 requires the consolidation of variable interest entities in which an enterprise absorbs a majority of the entity's expected losses, receives a majority of the entity's expected residual returns, or both, as a result of ownership or contractual or other financial interest in the entity. Currently, entities are generally consolidated by an enterprise that has a controlling financial interest through ownership of a majority voting interest in the entity. Interpretation No. 46 is immediately effective for the variable interest entities created after January 31, 2003, and effective in the fourth quarter of fiscal 2003 for those created prior to February 1, 2003. On June 29, 1999, the Camp County Industrial Development Corporation issued \$25.0 million of variable-rate environmental facilities Revenue Bonds supported by letters of credit obtained by the Company.

Table of Contents**Index to Financial Statements**

We may draw from these proceeds over the construction period for new sewage and solid waste disposal facilities at a poultry by-products plant to be built in Camp County, Texas. We are not required to borrow the full amount of the proceeds from Revenue Bonds. All amounts borrowed from these funds will be due in 2029. The Revenue Bonds are supported by letters of credit obtained by the Company under its available credit facilities which are secured by fixed assets of the Company. Adoption of Interpretation No. 46 may cause the Company to consolidate the trust and debt related to the Camp County Revenue Bonds. The effect of the consolidation would be to record \$25 million as restricted cash in Other Assets and \$25 million as Long-Term Debt. The Company believes the adoption of Interpretation No. 46 will not have a material impact on its results of operations.

Obligations under long-term debt and non-cancelable operating leases at June 28, 2003 are as follows (in millions):

Contractual Obligations	Payments Due By Period				
	Total	Less than 1 year	1-3 years	4-5 years	After 5 years
Long-term Debt(a)	\$ 482.8	\$ 2.6	\$ 28.2	\$ 12.2	\$ 439.8
Guarantee Fees	18.3	.6	6.4	3.6	7.7
Operating Leases	98.7	7.7	61.7	23.1	6.2
Total	\$ 599.8	\$ 10.9	\$ 96.3	\$ 38.9	\$ 453.7

(a) Excludes \$16.4 million in letters of credit outstanding related to normal business transactions.

At June 28, 2003, our working capital increased to \$267.8 million and our current ratio increased to 2.11 to 1, compared with working capital of \$179.0 million and a current ratio of 1.68 to 1 at September 28, 2002, primarily due to the working capital changes discussed below.

Trade accounts and other receivables were \$118.6 million at June 28, 2003, compared to \$85.3 million at September 28, 2002. The \$33.3 million, or 39.0%, increase in trade accounts and other receivables was primarily due to the inclusion of \$22.1 million in net insurance receivables related to the turkey deli meat recall and normal seasonal variations offset partially by improvements in collection recoveries. Trade accounts and other receivables at the end of the first nine months of fiscal 2003 and at the end of fiscal 2002 reflect the sale of \$57.6 million and \$58.5 million, respectively, of receivables pursuant to the Asset Sale Agreement described above.

Inventories were \$358.3 million at June 28, 2003, compared to \$326.8 million at September 28, 2002. The \$31.5 million, or 9.6%, increase in inventories was primarily due to increased chicken and turkey meat inventories due to the seasonal nature of the business.

Accounts payable and accrued expenses decreased \$23.0 million to \$225.5 million at June 28, 2003, compared to \$248.5 million at September 28, 2002, primarily due to normal seasonal variations.

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Capital expenditures of \$36.1 million and \$56.4 million for the nine months ended June 28, 2003 and June 29, 2002, respectively, were primarily incurred to acquire and expand certain facilities, improve efficiencies, reduce costs and for the routine replacement of equipment. We anticipate spending an aggregate of approximately \$45.0 million to \$65.0 million in fiscal 2003 to improve efficiencies and for the routine replacement of equipment. We expect to finance such expenditures with available operating cash flows and existing revolving/term and revolving credit facilities.

Cash flows provided by operating activities were \$14.7 million and \$38.8 million for the nine months ended June 28, 2003 and June 29, 2002, respectively. The decrease in cash flows provided by operating activities for the first nine months of fiscal 2003, when compared to the first nine months of fiscal 2002, was due to higher accounts receivable and inventories and lower accounts payable as described above.

Table of Contents

Index to Financial Statements

Cash flows provided by financing activities were \$26.9 million and \$6.6 million for the nine months ended June 28, 2003 and June 29, 2002, respectively. The increase in cash provided by financing activities primarily reflects the higher net borrowings on long-term financing and debt retirement amounts in the prior year.

The Company is a party to many routine contracts in which it provides general indemnities in the normal course of business to third parties for various risks. The Company has not recorded a liability for any of these indemnities, as the likelihood of payment in each case is considered remote. These indemnities are discussed in the following paragraphs.

The Company's loan agreements generally obligate the Company to reimburse the applicable lender for incremental increased costs due to a change in law that imposes (i) any reserve or special deposit requirement against assets of, deposits with or credit extended by such lender related to the loan, (ii) any tax, duty or other charge with respect to the loan (except standard income tax) or (iii) capital adequacy requirements. In addition, some of the Company's loan agreements contain a withholding tax provision that requires the Company to pay additional amounts to the applicable lender or other financing party, generally if withholding taxes are imposed on such lender or other financing party as a result of a change in the applicable tax law. These increased cost and withholding tax provisions continue for the entire term of the applicable transaction, and there is no limitation on the maximum additional amounts the Company could be obligated to pay under such provisions. Any failure to pay amounts due under such provisions generally would trigger an event of default, and, in a secured financing transaction, would entitle the lender to foreclose upon the collateral to realize the amount due.

The Company also maintains operating leases for various types of equipment, some of which contain residual value guarantees for the market value for assets at the end of the term of the lease. The terms of the lease maturities range from one to seven years. The maximum potential amount of the residual value guarantees is approximately \$8.1 million; however, the actual amount is based on an undeterminable recoverable amount based on the fair market value of the underlying leased assets. The likelihood of payments under these guarantees is not considered to be probable, and accordingly no liabilities have been recorded. The Company historically has not experienced significant payments under similar residual guarantees.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Feed Ingredients

We purchase certain commodities, primarily corn and soybean meal. As a result, our earnings are affected by changes in the price and availability of such feed ingredients. As market conditions dictate, we will from time to time lock-in future feed ingredient prices using various hedging techniques, including forward purchase agreements with suppliers and futures contracts. We do not use such financial instruments for trading purposes and are not a party to any leveraged derivatives. Market risk is estimated as a hypothetical 10% increase in the weighted-average cost of our primary feed ingredients as of June 28, 2003. Based on our feed consumption during the first nine months of fiscal 2003, such an increase would have resulted in an increase to cost of sales of approximately \$59.1 million, excluding the impact of any hedging in that period.

Foreign Currency

Edgar Filing: PILGRIMS PRIDE CORP - Form DEFM14A

Our earnings are affected by foreign exchange rate fluctuations related to the Mexican peso net monetary position of our Mexico subsidiaries. We manage this exposure primarily by attempting to minimize our Mexican peso net monetary position, but from time to time we have also considered executing hedges to help minimize this exposure. Such instruments, however, have historically not been economically feasible. We are also exposed to the effect of potential exchange rate fluctuations to the extent that amounts are repatriated from Mexico to the United States. However, we currently anticipate that the cash flows of our Mexico subsidiaries will continue to be reinvested in our Mexico operations. In addition, the Mexican peso exchange rate can directly and indirectly impact our results of operations and financial position in several ways, including potential economic recession in

Mexico resulting from a devalued peso. The impact on our financial position and results of operations resulting from a hypothetical change in the exchange rate between the U.S. dollar and the Mexican peso cannot be reasonably estimated. Foreign currency exchange gains and losses, representing the change in the U.S. dollar value of the net monetary assets of our Mexico subsidiaries denominated in Mexican pesos, was a gain of \$0.1 million in the first nine months of fiscal 2003 compared to a gain of \$0.9 million for the first nine months of fiscal 2002. On July 18, 2003, the Mexican peso closed at 10.39 to 1 U.S. dollar, compared to 10.02 at September 28, 2002. No assurance can be given as to how future movements in the peso could affect our future earnings.

There have been no material changes from the information provided in Item 7A of our Annual Report on Form 10-K for the fiscal year ended September 28, 2002, other than as described above.

Item 4. Controls and Procedures

An evaluation was performed under the supervision and with the participation of the Company's management, including the Chairman and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q/A. Based on that evaluation, the Company's management, including the Chairman and Chief Financial Officer, concluded that the Company's disclosure controls and procedures were effective. There have been no significant changes in the Company's internal controls or in other factors that could significantly affect these internal controls subsequent to the date of their evaluation.

Table of Contents**Index to Financial Statements****PART II. OTHER INFORMATION*****Item 1. Legal Proceedings***

In August of 2000, four of our current and/or former employees filed the case of *Betty Kennell, et al. v. Wampler Foods, Inc.* in the United States District Court for the Northern District of West Virginia, claiming we violated requirements of the Fair Labor Standards Act. The suit alleged that the Company failed to pay employees for all hours worked. The suit generally alleged that (1) employees should be paid for time spent to put on, take off and clean certain personal gear at the beginning and end of their shifts and breaks, and (2) the use of a master time card or production line time fails to pay employees for all time actually worked. Plaintiffs seek to recover unpaid wages plus liquidated damages and legal fees. Approximately 150 consents to join as plaintiffs were filed with the court by current and/or former employees. No trial date has been set. The court has conditionally approved class certification for hourly production employees in second processing for processing plants in our Eastern Division. To date, only limited discovery has been performed. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. We do not expect this matter, individually or collectively, to have a material impact on our financial position, operations or liquidity.

On August 20, 1999, the former WLR Foods brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in Washington D.C. alleging a world-wide conspiracy by approximately 34 named defendants to control production capacity and raise prices of common vitamins such as A, B-4, C and E. The Company joined this lawsuit with respect to vitamin purchases not included in the Company's previous settlement with the named defendants as a member of a class action lawsuit settled in fiscal 2000. The Company, individually and as successor to WLR Foods in this suit, received \$0.4 million and \$24.4 million in the three months and the nine months ended June 28, 2003, respectively, in partial settlement of its claims. (See Note B-Significant Events, for source and accounting treatment of the settlements.) To date, claims related to approximately 81% of the WLR Foods affected vitamin purchases have been settled by or on behalf of the former WLR Foods, which settlements have resulted in payments to the Company and the former WLR Foods of \$32.4 million. No assurances can be made regarding the likelihood or timing of future settlements or whether or not future recoveries, if any, on the remaining 19% of the vitamin purchases covered by the suit will be proportionally less than, equal to or greater than these previous recovery amounts.

On June 7, 2001, the Company brought legal action as a plaintiff in an antitrust lawsuit filed in the U.S. District Court in San Francisco alleging a world-wide conspiracy by defendant suppliers and producers of methionine to control production capacity and raise prices of methionine. The Company estimates that it was overcharged by approximately \$50.0 million, which includes purchases made by the former WLR Foods, in connection with the alleged conspiracy. The Company, individually and as successor to WLR Foods in this suit, received \$17.2 million and \$30.8 million in the three months and nine months ended June 28, 2003, respectively, in partial settlement of its claims. (See Note B-Significant Events, for source and accounting treatment of the settlements.) To date, claims related to approximately 100% of the purchases have been settled by the Company and the Company does not anticipate any further recoveries under this suit.

On July 1, 2002, three individuals, on behalf of themselves and a putative class of chicken growers, filed their original class action complaint against the Company in the United States District Court for the Eastern District of Texas, Texarkana Division. The case is styled *Cody Wheeler, et al. vs. Pilgrim's Pride Corporation*. The complaint alleges that the Company violated the Packers and Stockyards Act (7 U.S.C. Section 192) and breached fiduciary duties allegedly owed to the plaintiff growers. The plaintiffs also brought individual actions under the Packers and Stockyards Act alleging common law fraud, negligence, breach of fiduciary duties and breach of contract. On July 29, 2002, we filed our Motion to Dismiss. Upon the filing of the motion, the plaintiffs entered into an agreement to stay any certification of the class pending the outcome of the trial of the three plaintiffs, Cody Wheeler, Don Davis and Davey Williams. On March 14, 2003, the court entered an order dismissing the plaintiffs' claims of breach of fiduciary duty and negligence. The plaintiffs also dropped

Table of Contents**Index to Financial Statements**

the charges of fraud prior to the entering of the order by the court. We also filed a Motion to Transfer Venue on August 19, 2002, and the plaintiffs filed a Motion for Preliminary Injunction to prohibit any alleged retaliation against the growers. The court denied our Motion to Transfer Venue on March 14, 2003, and the case will remain in the Eastern District of Texas, Texarkana Division. The court also denied the plaintiffs Motion for Preliminary Injunction on March 3, 2003. Discovery is in the initial phases in this case. We intend to defend vigorously both certification of the case as a class action should we not prevail in the trial of the three plaintiffs and questions concerning ultimate liability and damages, if any. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. The Company does not expect this matter to have a material impact on our financial position, operations or liquidity.

As further discussed in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Results of Operations, in October 2002 a limited number of USDA environmental samples from the Company's Franconia, Pennsylvania plant tested positive for Listeria. As a result, we voluntarily recalled all cooked deli products produced at the plant from May 1, 2002 through October 11, 2002. No illnesses associated with the Listeria strain in a Northeastern outbreak have been linked to any of our products and no products of the Company have tested positive for the outbreak strain. As a result of the recall, on November 4, 2002, an individual who allegedly consumed our meat products filed a putative class action lawsuit in the Philadelphia County Court of Common Pleas in the Commonwealth of Pennsylvania. The plaintiff allegedly contracted Listeriosis. The case was styled *Frank Niemtzow, individually and on behalf of all others similarly situated v. Pilgrim's Pride Corporation and Wampler Foods, Inc.* The complaint sought recovery on behalf of a putative class of all persons that purchased and/or consumed meat products manufactured at the Company's Franconia, Pennsylvania facility between May 1, 2002 and October 11, 2002, who have suffered an injury. This putative class sought to include all individuals who have suffered Listeriosis and symptoms of Listeriosis and other medical injuries. The plaintiff also sought to represent a putative class of all persons that purchased and/or consumed meat products manufactured at the Company's Franconia, Pennsylvania facility between May 1, 2002 and October 11, 2002, who have not suffered any personal injury. The complaint sought compensatory and punitive damages under theories of negligence, alleged violation of the Pennsylvania Unfair Trade Practices Act and Consumer Protection Law, strict liability in tort, and unjust enrichment. On December 6, 2002, the Company filed its Petition for Removal to Federal court transferring this matter to the United States District Court for the Eastern District of Pennsylvania. The plaintiff filed a Motion to Remand to State Court on January 6, 2003. The Company timely filed its response. In addition, on January 13, 2003, the Company filed its Motion to Dismiss the plaintiff's class action complaint. On March 25, 2003, the plaintiffs voluntarily dismissed the lawsuit.

On April 17, 2003, the Company learned that a product liability lawsuit, *Lawese Drayton, Individually and as Personal Representative of the Estate of Raymond Drayton, deceased, Plaintiff, v. Pilgrim's Pride Corporation, Jack Lambersky Poultry Company, Inc. DBA JL Foods Co, Inc., Defendants*, was filed against the Company in the United States District Court for the Eastern District of Pennsylvania on April 15, 2003. The Company has been served with summons and a copy of the complaint. A response to the complaint is being prepared and is expected to be completed within the month of July 2003. The Company believes that it has meritorious defenses to this claim, and it intends to assert a vigorous defense to the litigation. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. After considering our available insurance coverage, we do not expect this matter to have a material impact on its financial position, operations, or liquidity.

The Company has recently been named as a defendant in a lawsuit entitled, *Laron Harvey, by his mother and natural guardian, Shakandra Hampton, and Shakandra Hampton in her own right v. Pilgrim's Pride Corporation, et al.*, filed in the Pennsylvania Court of Common Pleas and removed to the U.S. District Court for the Eastern District of Pennsylvania in Philadelphia under Court No. 03-3500. The complaint names both the Company and Jack Lambersky Poultry Company, Inc. as defendants. The plaintiff claims that, on August 19, 2002, Laron Harvey was born nine weeks prematurely as a direct result of his mother's having contracted *Listeria monocytogenes*. Plaintiff is alleging certain injuries, severe developmental delay, respiratory distress

syndrome, esophageal reflux, necrotizing enterocolitis, and pulmonary heart valve disorder, among other illnesses and ailments. A motion to dismiss certain counts of the complaint has been filed on the Company's behalf. The Company believes that it has meritorious defenses to this claim and it intends to assert a vigorous defense to the litigation. Neither the likelihood of an unfavorable outcome nor the amount of ultimate liability, if any, with respect to this case can be determined at this time. After considering our available insurance coverage, we do not expect this matter to have a material impact on its financial position, operations, or liquidity.

The Company is subject to various other legal proceedings and claims which arise in the ordinary course of its business.
