Forward-looking Statements: The foregoing contains forward-looking statements concerning MONY's operations, economic performance, prospects and financial condition. Forward-looking statements include statements expressing management's expectations, beliefs, estimates, forecasts, projections and assumptions and include all statements concerning MONY's operations, economic performance, prospects and financial condition for 2004 and following years. MONY claims the protection afforded by the safe harbor for forward-looking statements as set forth in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are subject to many risks and uncertainties. Actual results could differ materially from those anticipated by forward-looking statements due to a number of important factors including the following: satisfaction of the closing conditions set forth in the merger agreement among MONY, AXA Financial, Inc., and AIMA Acquisition Co., including approval of MONY's shareholders and regulatory approvals; a significant delay in the expected completion of the contemplated merger; MONY could experience losses, including venture capital losses; MONY could be subjected to further downgrades by rating agencies of our senior debt ratings and the claims-paying and financial-strength ratings of our insurance subsidiaries; MONY could be required to take a goodwill impairment charge relating to its investment in Advest if the market deteriorates; MONY could have to accelerate amortization of deferred policy acquisition costs if market conditions deteriorate; MONY could be required to recognize in its earnings other than temporary impairment charges on its investments in fixed maturity and equity securities held by it; MONY could have to write off investments in certain securities if the issuers' financial condition deteriorates; recent improvements in the equities markets may not be sustained into the future; actual death-claim experience could differ from MONY's mortality assumptions; MONY could have liability from as-yet-unknown litigation and claims; larger settlements or judgments than we anticipate could result in pending cases due to unforeseen developments; and changes in laws, including tax laws, could affect the demand for MONY's products. MONY does not undertake to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.
