PROXY STATEMENT

Meeting Time and Date

This Proxy Statement is being furnished to stockholders of Boyd Gaming Corporation, a Nevada corporation (the Company), in connection with the solicitation by the Board of Directors of the Company (the Board or the Board of Directors) of proxies in the enclosed form for use in voting at the Annual Meeting of Stockholders (the Annual Meeting) of the Company to be held on Thursday, May 12, 2005 at 11:00 a.m., local time, at the Gold Coast Hotel and Casino, 4000 West Flamingo Road, Las Vegas, Nevada 89103, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting.

These proxy solicitation materials are being mailed to stockholders on or about April 12, 2005.

Voting and Solicitation

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections. The Inspector of Elections will also determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of shares of the Company's Common Stock issued and outstanding as of the record date is necessary to constitute a quorum at the Annual Meeting. Shares represented at the Annual Meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum.

Accordingly, abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Broker non-votes (shares as to which a broker or nominee does not vote, or has indicated that it does not have discretionary authority to vote) will also be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum for Proposals 1, 2, 3 and 4. Under the rules of the New York Stock Exchange (the Exchange), certain matters submitted to a vote of stockholders are considered by the Exchange to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period of time prior to the meeting. On those matters which the Exchange determines to be non-routine, brokerage firms that have not received instructions from their customers would not have discretion to vote. Neither the Company's Restated Articles of Incorporation or Restated Bylaws nor Nevada corporate statutes address the treatment and effect of abstentions and broker non-votes. In connection with Proposal 1: the election of Class II directors, the four nominees for Class II directors who receive the greatest number of affirmative votes will be elected to the Board of Directors, without giving effect to abstentions and broker non-votes. Each of Proposal 2: the ratification of the appointment of Deloitte & Touche LLP (Deloitte & Touche) as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005; Proposal 3: the reapproval of the 2000 Executive Management Incentive Plan; and Proposal 4: the approval of an amendment to the Company's 2002 Stock Incentive Plan, requires the affirmative vote of a majority of the shares present or represented at the Annual Meeting, assuming that a quorum is present or represented at the meeting. Broker non-votes and abstentions will have the same effect as a vote cast against Proposals 2, 3 and 4.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

Proxies in the accompanying form that are properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions therein. IF NO INSTRUCTION IS GIVEN WITH RESPECT TO ANY OR ALL PROPOSALS TO BE ACTED UPON, THE PROXY WILL BE VOTED FOR THE ELECTION OF ALL OF THE NOMINEES NAMED IN THIS PROXY STATEMENT AND IN FAVOR OF PROPOSALS 2, 3 AND 4, AS APPLICABLE. No matter currently is expected to be considered at the

Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting, but if any other matters are properly brought before the Annual Meeting for action, it is intended that the persons named in the proxy and acting thereunder will vote in accordance with their discretion on such matters.

The presence at the meeting of a stockholder will not revoke his or her proxy. However, a proxy may be revoked at any time before it is voted by delivering to the Company (Attention: Brian A. Larson, Senior Vice President, Secretary and General Counsel, at the principal offices of the Company) a written notice of revocation or a duly executed proxy bearing a later date.

The solicitation of proxies will be conducted by mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy solicitation materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding such materials to beneficial owners of the Company's Common Stock. The Company may conduct further solicitation personally, telephonically or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

Record Date and Shares Outstanding

The close of business on March 31, 2005 has been fixed as the record date (the Record Date) for determining the holders of shares of the Company's Common Stock entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, the Company had 87,991,297 shares of Common Stock outstanding. Each stockholder entitled to vote at the Annual Meeting may cast one vote in person or by proxy for each share of Common Stock held by such stockholder.

Proposals

PROPOSAL 1 Election of Directors

General

In accordance with the Company's Restated Articles of Incorporation, the Company's Board of Directors is divided into three classes, as nearly equal in number as the then-total number of directors at the time of initial election, with the term of office of one class expiring each year. At the Annual Meeting, the stockholders will elect four Class II directors of the Company to serve until the 2008 Annual Meeting of Stockholders or until their successors are duly elected and qualified, or until any such director's earlier resignation or removal. At each following Annual Meeting of Stockholders, the successors to the class of directors whose term is then expiring will be elected to hold office for a term expiring at the third succeeding Annual Meeting of Stockholders. Vacancies on the Board of Directors and newly created directorships will generally be filled by vote of a majority of the directors then in office, and any directors so chosen will hold office until the next election of the class for which such directors were chosen. The Board of Directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected to office and, to the knowledge of the Board of Directors, each of its nominees intends to serve the entire term for which election is sought. However, should any nominee of the Board of Directors become unable or unwilling to accept nomination or election as a director of the Company, the proxies solicited by management will be voted for such other person as the Board of Directors may determine.

In voting for directors, each stockholder is entitled to cast one vote for each candidate. Stockholders are not entitled to cumulate their votes for members of the Board of Directors. The four nominees for Class II directors who receive the greatest number of affirmative votes will be elected to the Board of Directors.

On March 31, 2005, Donald D. Snyder retired from his position as President of the Company and resigned as a member of the Board of Directors, which positions he had held since January 1997 and April 1996, respectively. The Board of Directors elected Keith E. Smith to serve as a director of the Company effective April 1, 2005 to fill the seat previously held by Mr. Snyder and to serve out the remaining portion of Mr. Snyder's term, which expires at the Annual Meeting. The Board of Directors thanks Mr. Snyder for his years of dedicated service to the Company.

The nominees for election as Class II directors are:

William R. Boyd

Michael O. Maffie

Keith E. Smith

Veronica J. Wilson

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE ELECTION OF THE ABOVE NAMED NOMINEES.**

The Board of Directors has adopted a written charter for the Corporate Governance and Nominating Committee.

Corporate Governance; Board Independence

The Company is committed to having sound corporate governance principles and maintaining its integrity in the marketplace. The Company's Corporate Governance Guidelines, its Code of Business Conduct and Ethics, as well as the charters for each of the committees discussed above, are available on the Company's website at <http://www.boydgaming.com>. In addition, the Company will provide a paper copy of this information to stockholders upon written request.

The Board of Directors has determined that each of Thomas V. Girardi, Luther W. Mack, Jr., Michael O. Maffie, Billy G. McCoy, Frederick J. Schwab, Peter M. Thomas and Veronica J. Wilson is independent within the meaning of the Company's director independence standards (discussed below).

To be considered independent, a director must be determined, by resolution of the Board of Directors as a whole, after due deliberation, to have no material relationship with the Company other than as a director. In each case, the Board of Directors shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. a director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
2. a director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation;
3. a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or any of its subsidiaries is not independent until three

years after the end of the affiliation or the employment or auditing relationship;

4. a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's or any of its subsidiaries present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship;
5. a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include charitable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold; and
6. any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Exchange Act shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the Board of Directors. The Company would explain in the next Proxy Statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

Selection of Directors

Stockholder Nominations

The policy of the Corporate Governance and Nominating Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board of Directors as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, the Corporate Governance and Nominating Committee will address the membership criteria set forth under Director Qualifications. Any stockholder nominations proposed for consideration by the Corporate Governance and Nominating Committee should include the nominee's name and qualifications for membership on the Board of Directors and should be addressed to:

Boyd Gaming Corporation

2950 Industrial Road, Las Vegas, Nevada 89109

Attn: Brian A. Larson, Senior Vice President, Secretary and General Counsel

In addition, the Restated Bylaws of the Company permit stockholders to nominate directors for consideration at an annual stockholder meeting. Pursuant to the Restated Bylaws, in order to make such a nomination, a stockholder is required to, not less than 60 days prior to the date of the Annual Meeting of Stockholders, deliver a notice to the Secretary of the Company setting forth:

the name, age, business address and the residence address of each nominee proposed in such notice;

the principal occupation or employment of such nominee;

the number of shares of capital stock of the Company which are beneficially owned by each such nominee; and

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

such other information concerning each such nominee as would be required, under the rules of the SEC, to be disclosed in Proxy Statement soliciting proxies for the election of such nominees pursuant to Regulation 14A of the Exchange Act.

Such notice must include a signed consent of each such nominee to serve as a director of the Company, if elected. In the event that a person is validly designated as a nominee in accordance with the Company's Restated

Bylaws and thereafter becomes unable or unwilling to stand for election to the Board of Directors, the Board of Directors or the stockholder who proposed such nominee, as the case may be, may designate a substitute nominee.

Director Qualifications

The Company's Corporate Governance Guidelines contain membership criteria that apply to nominees for a position on the Board of Directors. Under these criteria, members of the Board of Directors should possess certain core competencies, some of which may include broad experience in business, finance or administration, familiarity with national and international business matters, and familiarity with the gaming industry. In addition to having one or more of these core competencies, members of the Board of Directors are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, reputation, and ability to understand the Company's business.

Identifying and Evaluating Nominees for Directors

The Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Corporate Governance and Nominating Committee has the duty of regularly assessing the composition of the Board of Directors, including size of the Board of Directors, diversity, age, skills and experience in the context of the needs of the Board of Directors. In addition, the Corporate Governance and Nominating Committee also has the duty of identifying individuals qualified to become members of the Board of Directors. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current members of the Board of Directors, professional search firms, stockholders or other persons. These candidates will be evaluated by the Corporate Governance and Nominating Committee and may be considered at any point during the year. As described above, the Corporate Governance and Nominating Committee will consider properly submitted stockholder nominations for candidates for the Board of Directors. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Corporate Governance and Nominating Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Corporate Governance and Nominating Committee. Stockholder nominees that comply with the Company's nomination procedures will receive the same consideration that the Corporate Governance and Nominating Committee nominees receive.

The Company has previously, and the Corporate Governance and Nominating Committee may in the future, review materials provided by professional search firms or other parties to identify, evaluate and recruit potential director nominees who are not proposed by a stockholder. In addition, a professional search firm may be used to make initial contact with potential candidates to assess, among other things, their availability, fit and major strengths.

Keith E. Smith and Veronica J. Wilson, members of the Board of Directors and nominees for election as Class II directors, were not previously elected by the Company's stockholders. Mr. Smith and Ms. Wilson were originally identified as potential nominees by the Chief Executive Officer. Mr. Smith and Ms. Wilson were recommended as nominees to the Board of Directors by the Company's Corporate Governance and Nominating Committee.

Pursuant to the terms of the merger agreement previously entered into between the Company and Coast Casinos, the Company was obligated to elect Mr. Gaughan and one of Mr. Gaughan's designees to the Board of Directors following the closing of the merger and receipt of necessary gaming approvals. On February 23, 2005, pursuant to the terms of the merger agreement, the Board of Directors elected Mr. Gaughan and Mr. Girardi, Mr. Gaughan's designee, to the Company's Board of Directors. Mr. Girardi was identified as a potential nominee by Mr. Gaughan, and both Mr. Gaughan and Mr. Girardi were in turn recommended as nominees to the Board of Directors by the Corporate Governance and Nominating Committee.

Presiding Director; Stockholder Communication with Directors

The Company's independent directors designate one non-management director to serve as the Presiding Director to chair the Board of Director's non-management director sessions. The Presiding Director serves for a one-year term, provided that no Presiding Director serves for more than three years in any five-year period. The Company's independent directors have designated Michael O. Maffie as the Company's Presiding Director. Boyd Gaming Corporation

2950 Industrial Road, Las Vegas, Nevada 89109

Attn: Brian A. Larson, Senior Vice President, Secretary and General Counsel

Report of the Compensation and Stock Option Committee on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Exchange Act that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report, the Stock Performance Graph and the Report of the Audit Committee which follow shall not be deemed to be incorporated by reference into any such filings.

The Compensation and Stock Option Committee reviews with management cash and other compensation policies for the Company's employees. In addition, the Compensation and Stock Option Committee reviews the performance of the Company's executive officers and all components of the executive officers' compensation, including base salary, short and long-term bonuses and equity compensation, and determines the compensation for the Chief Executive Officer. The Compensation and Stock Option Committee also reviews and evaluates the effectiveness of the Company's overall executive compensation program on a regular basis, administers the Company's stock plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder. The members of the Compensation and Stock Option Committee and the other independent members of the Company's Board of Directors approved the Chief Executive Officer's recommendation regarding the compensation of the executive officers of the Company, including the Named Executive Officers.

Compensation Policies

The Compensation and Stock Option Committee's executive compensation policies are designed to provide competitive levels of compensation that closely link pay with the Company's annual objectives and long-term goals, reward above-average corporate performance, recognize

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

individual initiative and achievements and assist the Company in attracting and retaining qualified executives. The compensation of the Company's executive officers and the Chief Executive Officer are set at levels that the Compensation and Stock Option Committee believes to be competitive with others in the Company's industry, based on public information with respect to compensation paid by leading casino hotel companies including, but not limited to, companies in the Peer Group, as that term is defined below under Stock Performance Graph. Companies in the Peer Group are selected for the purpose of comparing compensation practices on the basis of a number of factors relative to the Company,

such as their size and complexity, the nature of their businesses, the regions in which they operate, the structure of their compensation programs and the availability of compensation information.

There are three primary elements in the Company's executive compensation program:

Base salary;

Short and long-term bonuses; and

Stock options.

Individual base salaries are established based on an executive officer's historical contribution and future importance to the Company, are reviewed annually and adjusted from time to time to recognize individual performance, promotions and competitive compensation levels and other subjective factors, without assigning a specific weight to individual factors.

Bonuses are paid pursuant to (i) an annual management incentive plan, in which certain management personnel at the individual properties and at the corporate level participate, and in which the Chief Executive Officer does not participate; and (ii) the 2000 MIP, under which certain management personnel, including the Chief Executive Officer, participate.

Bonus awards under the annual management incentive plan are set as a percentage of base salary, with the specific target percentage determined by the person's position, level and scope of responsibility within the Company so that highly compensated executives receive a relatively larger percentage of their total compensation in bonuses dependent on performance. The award of bonuses is dependent on the achievement of specified goals. The achievement of quantitative goals at the department, property and corporate levels is the primary factor in determining individual bonuses, and such goals are linked to the achievement of specified earnings and other performance targets. In addition, the Chief Executive Officer has been given the authority by, and acts under the oversight of, the Compensation and Stock Option Committee to use his discretion to make determinations regarding payments to be made under the annual management incentive plan. Under this plan in 2004, bonuses were paid to the Named Executive Officers, other than the Chief Executive Officer, who does not participate in the annual management incentive plan.

The Company's 2000 MIP provides bonus awards to selected members of senior management, including the Chief Executive Officer of the Company, if certain long-term targets are achieved and to the Chief Executive Officer if certain annual targets are achieved. The 2000 MIP's long-term performance period has been established as a three-year period, with the first such three-year period ended on December 31, 2000 and subsequent three-year periods ending each year thereafter. For the three-year performance periods commencing on January 1, 2003, 2004 and 2005, there are seven individuals eligible for these awards, including the Named Executive Officers. For the three-year performance period that began in January 2005, the performance criteria for awards under 2000 MIP include achieving a specified targeted aggregate earnings per share, stock price performance relative to companies included in a specified peer group (comprised of eleven (11) gaming companies and the Company) and relative growth in the Company's aggregate earnings per share compared to earnings per share growth of the companies included in the Standard and Poor's MidCap 400 Index.

The Company believes that a significant component of the compensation paid to the Company's executives over the long-term should be derived from stock options. The Company strongly believes that stock price appreciation and stock ownership in the Company are a valuable incentive to executives and that the grant of stock options to them serves to align their interests with the interests of the stockholders as a whole and encourages them to manage the Company in its best long-term interests. The Compensation and Stock Option Committee determines whether to

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

grant stock options, as well as the amount of the grants, based on a person's position within the Company.

In addition, the Company provides certain senior executive officers with perquisites that it believes are reasonable, competitive and consistent within other gaming operators and the Company's overall executive

compensation program. The Company believes that its perquisites help it to hire and retain the best executives. Certain senior executive officers, as designated by the Chief Executive Officer and pursuant to the Company's internal policies, may use Company aircraft for personal travel on a limited basis. Such executive officers are imputed with income in an amount equivalent to the Standard Industry Fare Level, as defined in the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), rate for such use and are required to advance to the Company an amount estimated to cover the incidental out of pocket costs attributed to such use.

Compensation of Chief Executive Officer

In establishing the overall compensation of the Chief Executive Officer, the Compensation and Stock Option Committee reviewed all components of his compensation, including base salary, short and long-term bonuses and equity compensation. In addition, the Compensation and Stock Option Committee considered a number of factors, including the record of leadership and vision provided by the Chief Executive Officer since co-founding California Hotel and Casino, the Company's predecessor and now one of its subsidiaries, in 1973; the identification of the Company with the Chief Executive Officer by the Company's employees, the financial community and the general public; and the recognition by the Compensation and Stock Option Committee and others in the gaming industry of the importance of his leadership, creativity and other personal attributes to the Company's continued success. The importance of these attributes as it relates to the Company's current Chief Executive Officer are deemed critical to the success of the Company and thereby warrant individual consideration. The Compensation and Stock Option Committee has not found it practicable to, and has not attempted to, assign relative weights to the specific factors considered in determining the compensation of the Chief Executive Officer. Consistent with the Company's overall executive compensation program, the compensation of the Chief Executive Officer is composed of base salary, short and long-term bonuses and stock options. The Chief Executive Officer received an increase in base salary effective May 1, 2004 (which amount had not been changed since 2002) from \$1,100,000 annually to \$1,200,000 annually.

The Chief Executive Officer participates in the 2000 MIP, approved by the Company's stockholders in 2000 and is again subject to stockholder approval at the Annual Meeting (see Proposal No. 3 below), for both his annual and long-term bonus. The 2000 MIP, among other things, provides for annual incentive awards to certain of the Company's key executives who are covered employees within the meaning of Section 162(m) of the Internal Revenue Code and is administered by the Compensation and Stock Option Committee. In determining awards to be made under the 2000 MIP, the Compensation and Stock Option Committee may approve a formula based on one or more objective criteria to measure corporate performance. Performance criteria must include one or more of the following: the Company's pre- or after-tax earnings, revenue growth, operating income, operating cash flow, return on net assets, return on stockholders' equity, return on assets, return on capital, share price growth, stockholder returns, gross or net profit margin, earnings per share, price per share and market share, any of which may be measured either in absolute terms, or as compared to any incremental increase, or as compared to results of a peer group. The annual maximum amount of cash compensation payable to a participant under the 2000 MIP is \$2,000,000 per year for each of the annual and long-term bonus. With respect to Mr. Boyd's annual bonus, for the twelve months ended December 31, 2004, Mr. Boyd's performance criteria was pre-tax income for which he received a bonus of \$2,000,000 under the 2000 MIP.

The Chief Executive Officer was one of the participants in the long-term bonus program pursuant to the 2000 MIP. Under that Plan, his target award for the three-year period ended December 31, 2004 was \$500,000, subject to an award payment threshold of \$250,000 and a maximum award payment of \$750,000. The target award is comprised of two performance criteria, which, for the measurement period, were: a cumulative target earnings per share for which the target award was \$300,000, and stock price performance relative to a specified peer group for which the target award was \$200,000. Mr. Boyd received an award of \$425,400 for the first performance criterion and \$283,600 for the second performance criterion for a total long-term bonus award of \$709,000 pursuant to the 2000 MIP.

The Company also provides the Chief Executive Officer with perquisites that it believes are reasonable, competitive and consistent within other gaming operators and the Company's overall executive compensation

program, including the use of a Company car and use of Company aircraft. The Chief Executive Officer may use Company aircraft, pursuant to the Company's internal policies, for personal travel on a limited basis. The Chief Executive Officer is imputed with income in an amount equivalent to the Standard Industry Fare Level, as defined in the Internal Revenue Code, rate for such use and is required to advance to the Company an amount estimated to cover the incidental out of pocket costs attributed to such use.

The Compensation and Stock Option Committee's Conclusion

Based on the review discussed in this report, the Compensation and Stock Option Committee finds the Chief Executive Officer's and the Named Executive Officer's total compensation in the aggregate to be reasonable and not excessive.

Policy Regarding Deductibility of Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1.0 million paid to the Chief Executive Officer or any of the other four most highly compensated executive officers. The 2000 MIP, which is a qualified performance-based compensation plan, will not be subject to the deduction limit if certain requirements are met. To this end, the 2000 MIP is again subject to stockholder approval at the Annual Meeting (see Proposal No. 3 below). The Company has structured certain other performance-based portions of its executive officers' compensation in a manner that is designed to comply with the exceptions to the deductibility limitations of Section 162(m).

The Compensation and Stock Option Committee believes, however, that in certain circumstances factors other than tax deductibility take precedent when determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Given the Company's changing industry and business, as well as the competitive market for outstanding executives, the Compensation and Stock Option Committee believes that it is important for such committee to retain the flexibility to design compensation programs consistent with its overall executive compensation program, even if some executive compensation is not fully deductible. Accordingly, the Compensation and Stock Option Committee has from time to time approved elements of compensation for certain officers that are not fully deductible, and reserves the right to do so in the future, when appropriate.

Report of the Audit Committee

To the Board of Directors:

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

We have reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended December 31, 2004.

We have discussed with Deloitte & Touche, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

We have received and reviewed the written disclosures and the letter from Deloitte & Touche required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and have discussed with the auditors their independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004.

During the course of 2004, the Company's management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Company's Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management, members of the Company's internal audit group and Deloitte & Touche at each regularly scheduled Audit Committee meeting. The Audit Committee also held a number of special meetings to discuss issues as they arose. At the conclusion of the process, management, as well as members of the Company's internal audit group, provided the Audit Committee with and the Audit Committee reviewed a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the SEC, as well as Deloitte & Touche's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in 2005.

We have also considered whether the provision of services by Deloitte & Touche, other than services related to the audit of the financial statements referred to above and the review of interim financial statements included in the Company's quarterly reports on Form 10-Q for the most recent fiscal year, is compatible with maintaining the independence of Deloitte & Touche.

The Audit Committee considered whether Deloitte & Touche's provision of any professional services, other than its audits of the Company's annual financial statements and the effectiveness of the Company's internal controls over financial reporting, reviews of quarterly financial statements and other audit-related services, is compatible with maintaining the auditor's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2005.

PROPOSAL 3 Reapproval to 2000 Executive Management Incentive Plan

The Company's stockholders are being asked to reapprove the Boyd Gaming Corporation 2000 Executive Management Incentive Plan (the "2000 MIP"). The Board of Directors and the stockholders previously approved the 2000 MIP in the year 2000. Section 162(m) of the Internal Revenue Code requires that the 2000 MIP be submitted to the Company's stockholders every five years for approval.

The 2000 MIP provides the Company's key executives with the opportunity to earn incentive awards based on the achievement of goals relating to the performance of the Company and its business units.

Background and Reasons for Adoption

The 2000 MIP is a performance-based bonus plan pursuant to which the Company rewards management for achieving certain performance objectives. Under Section 162(m) of the Internal Revenue Code, the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four other most highly compensated executive officers may be limited to the extent that such compensation exceeds \$1 million in any one year. However, the Company may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). The 2000 MIP is designed to qualify payments thereunder as performance-based compensation, so that the Company may continue to receive a federal income tax deduction for the payment of incentive bonuses to its executive officers. The Company will also continue to operate its other bonus plan for the compensation of these executive officers up to the limits of Section 162(m) and for compensation of those executive officers for whom Section 162(m) is not an issue.

Description of the 2000 MIP

The following paragraphs provide a summary of the principal features of the 2000 MIP and its operation. The 2000 MIP is set forth in its entirety as *Appendix A* to this Proxy Statement. The following summary is qualified in its entirety by reference to *Appendix A*.

Purpose of the 2000 MIP

The 2000 MIP is intended to increase stockholder value and the success of the Company by motivating key employees to perform to the best of their abilities and achieve the Company's objectives.

Administration of the 2000 MIP

The 2000 MIP will continue to be administered by the Company's Compensation and Stock Option Committee (the "Committee").

Eligibility to Receive Awards

Certain officers and key employees of the Company are eligible to participate in the 2000 MIP. Participation in the 2000 MIP by any particular officer or employee is determined annually in the sole discretion of the Committee. In selecting participants for the 2000 MIP, the Committee chooses officers and employees of the Company who are likely to have a significant impact on Company performance. For 2005, there are seven (7) individuals eligible for awards under the 2000 MIP, each of whom are named in the table below. Future participation will be in the sole discretion of the Committee.

Target Awards and Performance Goals

The 2000 MIP pays awards based on a plan period which consists of either a single plan year or two or more consecutive fiscal years of the Company, known as a plan cycle. For each plan period (or portion of a plan

period), the Committee establishes in writing: (1) a target award for each participant, (2) the performance goals which must be achieved in order for the participant to be paid the target award, and (3) a formula for increasing or decreasing a participant's target award depending upon how actual performance compares to the pre-established performance goals. Each participant's target award is determined by the Committee in its sole discretion. There are several performance measures which the Committee may use in setting the performance goals for any year. Specifically, the performance goals applicable to any participant will provide for a targeted level of achievement using one or more of the following measures: the Company's pre- or after-tax earnings, revenue growth, operating income, operating cash flow, return on net assets, return on assets, return on capital, return on stockholders' equity, share price growth, stockholder returns, gross or net profit margin, earnings per share, price per share and market share, any of which may be measured either in absolute terms, as compared to any incremental increase, or as compared to results of a peer group. The Committee may set performance goals that differ from participant to participant. For example, the Committee may choose performance goals that apply on either a corporate or business unit basis, as deemed appropriate in light of the participant's responsibilities.

For awards granted in fiscal year 2005, the Committee has established that actual dollar amounts to be paid out at the end of this three (3) year period will be based on three (3) components (each a Target): (i) the Company's achieving a target earnings per share figure; (ii) the Company's stock performance compared to a specified peer group, which group is comprised of eleven (11) gaming companies and the Company; and (iii) the relative growth in the Company's aggregate earnings per share compared to the growth in the earnings per share of the companies included in the Standard and Poor's MidCap 400 Index. Each Target is weighted equally to account for 1/3 of the overall award.

Determination of Actual Awards

After the end of each performance goal period, the Committee must confirm in writing the extent to which the performance goals applicable to each participant were achieved or exceeded. The actual award, if any, for each participant will be determined by applying the formula to the level of actual performance which has been certified by the Committee. However, the Committee retains discretion to eliminate or reduce the actual award payable to any participant below that which otherwise would be payable under the applicable formula. Also, no participant's actual award under the 2000 MIP may exceed \$2 million for any plan year or \$2 million for any plan cycle. Furthermore, the 2000 MIP contains a continuous employment requirement. If a participant terminates employment with the Company prior to the award payment date, the Committee, in its sole discretion, may determine that he or she is entitled to the payment of an award for the year reduced proportionately based on the termination date. If the participant's termination is due to disability or death, the Committee may proportionately reduce or eliminate his or her actual award based on the date of termination and such other considerations as the Committee deems appropriate. Awards under the 2000 MIP generally will be payable in cash after the end of the performance goal period during which the award was earned. However, the Committee reserves the right to declare any award wholly or partially payable in an equivalent amount of restricted stock issued under the Company's 1996 Stock Incentive Plan or a successor equity compensation plan.

Pro-forma Benefits for the 2000 MIP

Because payments under the 2000 MIP are determined by comparing actual performance to the annual performance goals established by the Committee, it is not possible to conclusively state the amount of benefits which will be paid under the 2000 MIP. The following table sets forth the information regarding performance awards granted during 2005 that would be payable to all of the current participants, if the performance goals established by the Committee for 2005 are achieved. There can be no assurance that the pre-established performance goals actually will be achieved in whole or in part, and therefore, there can be no assurance that the target awards shown below actually will be paid in the amounts shown. Amounts paid, if any, may be greater or lesser than the amounts shown below depending upon the Company's financial performance compared to the stated goals.

| Name | Performance Period Until Payout | Estimated Future Payouts(\$) | | | |
|---|------------------------------------|-------------------------------|----------------|-------------|--------------|
| | | Below Threshold (\$ Award) | Threshold(2)\$ | Target(1)\$ | Maximum(2)\$ |

- (1) Represents target performance awards under the 2000 MIP for the 2005-2007 award period. Actual dollar amounts to be paid out at the end of this three-year period will be based on three (3) components (each, a "Target"): (i) the Company's achieving a target earnings-per-share figure; (ii) the Company's stock performance compared to a specified peer group, which group is comprised of eleven (11) gaming companies and the Company; and (iii) the relative growth in the Company's aggregate earnings per share compared to the growth in the earnings per share of the companies in the Standard and Poor's MidCap 400 Index.
- (2) Threshold represents amounts payable upon achieving 80% of the Targets. Maximum represents amounts payable upon achieving 120% of the Targets. No payout will be made on a Target unless the Company achieves 80% of such Target for the period.

The officers and key employees, including the Named Executive Officers, who participate in the 2000 MIP are also eligible for certain short term incentive bonus awards under the Company's annual management incentive plan, except the Chief Executive Officer. The Chief Executive Officer receives both his short-term and long-term awards under the 2000 MIP.

Amendment and termination of the 2000 MIP

The Board of Directors may amend or terminate the 2000 MIP at any time and for any reason, but in accordance with Section 162(m) of the Internal Revenue Code, certain material amendments to the 2000 MIP will be subject to stockholder approval.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE REAPPROVAL OF THE 2000 EXECUTIVE MANAGEMENT INCENTIVE PLAN.

PROPOSAL 4 Amendment to 2002 Stock Incentive Plan

The Company's stockholders are being asked to approve an amendment and restatement of the 2002 Stock Incentive Plan (the "2002 Plan") to increase the maximum number of shares of the Company's Common Stock authorized for issuance over the term of the 2002 Plan by 5.0 million shares from 7.0 million shares to 12.0 million shares. As of March 1, 2005, there were only 1,816,159 shares remaining available for option grants and other awards under the 2002 Plan. The Company's Board of Directors believes that it is necessary to increase the number of shares available for issuance under the 2002 Plan to enable the Company to continue using equity incentives to attract and retain highly qualified individuals who, by virtue of their ability and qualifications, make important contributions to the Company and that an amendment to the 2002 Plan is in the best interests of the Company.

The 2002 Plan was originally adopted by the Company's Board of Directors in February 2002 and approved by the Company's stockholders on May 16, 2002. The amendment and restatement of the 2002 Plan for which stockholder approval is sought under this Proposal No. 4 was adopted by the Company's Board of Directors in April 2005, subject to stockholder approval.

Summary of 2002 Plan

The principal terms of the 2002 Plan, as proposed to be amended, are summarized below. This summary does not purport to be complete, and is subject to, and qualified by reference to, all provisions of the 2002 Plan, as proposed to be amended and restated, a copy of which is attached to this Proxy Statement as *Appendix B* and incorporated herein by reference. Any capitalized term not defined in this summary shall have the same meaning given to it in the 2002 Plan.

Purpose. The purpose of the 2002 Plan is to provide the Company's directors, employees and others who perform substantial services to the Company an incentive, through ownership of the Company's Common Stock, to continue in service to the Company, and to help the Company compete effectively with other enterprises for the services of qualified individuals.

Administration. The 2002 Plan is administered by either the Company's Board of Directors or the Compensation and Stock Option Committee, which are referred to collectively as the Plan Administrator. The Compensation and Stock Option Committee satisfies Rule 16b-3 promulgated under the Exchange Act. The 2002 Plan authorizes the Plan Administrator to select the employees, directors and consultants of the Company to whom incentive stock options, non-qualified stock options and other awards, which are referred to collectively as Awards, may be granted and to determine the terms and conditions of any Award. With respect to Awards subject to the Section 162(m) of the Internal Revenue Code, the Compensation and Stock Option Committee is comprised solely of two or more outside directors as defined under Section 162(m) of the Internal Revenue Code and applicable tax regulations. For grants of Awards to individuals not subject to Rule 16b-3 of the Exchange Act and Section

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

162(m) of the Internal Revenue Code, the Company's Board of Directors may authorize one or more officers to grant such Awards.

Subject to applicable laws, the Plan Administrator has the authority, in its discretion, to select employees, directors and consultants to whom Awards may be granted from time to time, to determine whether and to what

extent Awards are granted, to determine the number of shares of the Company's Common Stock or the amount of other consideration to be covered by each Award, to approve Award Agreements for use under the 2002 Plan, to determine the terms and conditions of any Award, to amend the terms of any outstanding Award granted, to construe and interpret the terms of the 2002 Plan and Awards granted, to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable non-U.S. jurisdictions and to take such other action not inconsistent with the terms of the 2002 Plan as the Plan Administrator deems appropriate.

Eligibility. The 2002 Plan permits the grant of incentive stock options within the meaning of Section 422 of the Internal Revenue Code only to employees of the Company and any parent or subsidiary corporation of the Company. Awards other than incentive stock options may be granted to employees, directors or consultants of the Company and related entities.

Terms and Conditions of Awards. The Plan Administrator is authorized to award any type of arrangement to an employee, director or consultant that is consistent with the provisions of the 2002 Plan and that by its terms involves or might involve the issuance of (i) shares of the Company's Common Stock, (ii) an option, stock appreciation right, or similar right with a fixed or variable price related to the fair market value of the Company's Common Stock and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions or (iii) any other security with value derived from the value of the Company's Common Stock. Subject to the terms of the 2002 Plan, the Plan Administrator determines the provisions, terms and conditions of each Award, including, but not limited to, the Award vesting schedule, repurchase provisions, forfeiture provisions, forms of payment and the like.

Each Award is designated in an Award Agreement. In the case of an option, the option is designated as either an incentive stock option or a non-qualified stock option. To the extent that the aggregate fair market value of shares of the Company's Common Stock subject to options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess options are treated as non-qualified stock options.

The term of an incentive stock option may not be for more than 10 years from date of grant (or 5 years in the case of incentive stock options granted to any grantee who owns stock representing more than 10% of the combined voting power of the Company or any parent or subsidiary corporation of the Company).

Section 162(m) of the Internal Revenue Code. The maximum number of shares with respect to which options or stock appreciation rights may be granted to any participant in any fiscal year of the Company is 500,000 shares. The foregoing limitation is adjusted proportionately by the Plan Administrator in connection with any change in the Company's capitalization due to a stock split, stock dividend or similar event affecting the Company's Common Stock and its determination shall be final, binding and conclusive. Under Section 162(m) of the Internal Revenue Code, no deduction is allowed in any taxable year of the Company for compensation in excess of \$1.0 million paid to its chief executive officer and each of its four most highly paid other executive officers who are serving in such capacities as of the last day of such taxable year. An exception to this rule applies to compensation that is paid pursuant to a stock incentive plan approved by stockholders and that specifies, among other things, the maximum number of shares with respect to which options and stock appreciation rights may be granted to eligible participants under such plan during a specified period. Compensation paid pursuant to options or stock appreciation rights granted under such a plan and with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant is deemed to be inherently performance-based, since such awards provide value to participants only if the stock price appreciates. To the extent required by Section 162(m) of the Internal Revenue Code or the regulations thereunder, in applying the foregoing limitation, if any option or stock appreciation right is canceled, the canceled Award shall continue to count against the maximum number of shares of the Company's Common Stock with respect to which an Award may be granted to a participant.

Grants by Plan Administrator. The 2002 Plan authorizes the Plan Administrator to grant incentive stock options at an exercise price of not less than 100% (or 110%, in the case of incentive stock options granted to any

grantee who owns stock representing more than 10% of the combined voting power of the Company or any parent or subsidiary corporation of the Company) of the fair market value of the Company's Common Stock on the date the option is granted. Unless otherwise determined by the Plan Administrator, the per share exercise price of non-qualified stock options shall not be less than 85% of the fair market value on the date the option is granted. The exercise price of Awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code may not be less than 100% of the fair market value on the date the option is granted. Subject to applicable laws, the consideration to be paid for the shares of the Company's Common Stock to be issued upon exercise or purchase of an Award, including the method of payment, is determined by the Plan Administrator. In addition to any other types of consideration, the Plan Administrator may, for example, accept as consideration (i) cash, (ii) check, (iii) shares of the Company's Common Stock, (iv) the delivery of a properly executed exercise notice together with such other documentation as the Company and the broker, if applicable, shall require to effect an exercise and delivery to the Company of the amount of sale proceeds required to pay the exercise price, or (v) any combination of the foregoing methods of payment.

Termination of Employment. An Award may not be exercised after the termination date of such Award as set forth in the Award Agreement. In the event a participant in the 2002 Plan terminates employment, an Award may be exercised only to the extent provided in the Award Agreement. Where an Award Agreement permits a participant to exercise an Award following termination of employment, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever comes first. Any Award designated as an incentive stock option, to the extent not exercised within the time permitted by law for the exercise of incentive stock options following the termination of employment, converts automatically to a non-qualified stock option and thereafter is exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

Transferability of Awards. During their lifetime, those who hold incentive stock options cannot transfer these options other than by will or by the laws of descent or distribution. The options may be exercised during the lifetime of the participant only by the participant; *provided, however,* that the participant may designate a beneficiary of his or her incentive stock option in the event of his or her death. Other Awards shall be transferred by will and by the laws of descent and distribution, and during the participant's lifetime, by gift or through a domestic relations order to members of a participant's immediate family to the extent and in the manner determined by the Plan Administrator.

Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of the Company's Common Stock covered by outstanding Awards, the number of shares of the Company's Common Stock that have been authorized for issuance under the 2002 Plan, the exercise or purchase price of each outstanding Award, the maximum number of shares of the Company's Common Stock that may be granted to any participant in a fiscal year, and the like, may be proportionally adjusted by the Plan Administrator in the event of (i) any increase or decrease in the number of issued shares of the Company's Common Stock resulting from a stock split, stock dividend, combination or reclassification or similar event affecting the Company's Common Stock, (ii) any other increase or decrease in the number of issued shares of the Company's Common Stock effected without receipt of consideration by the Company or (iii) as the Plan Administrator may determine in its discretion, any other transaction with respect to the Company's Common Stock to which Section 424(a) of the Internal Revenue Code applies or a similar transaction; *provided, however,* that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Plan Administrator and its determination shall be final, binding and conclusive.

Corporate Transaction/Change in Control. Effective upon the consummation of a corporate transaction, as described below, all outstanding Awards shall terminate. However, all such awards shall not terminate to the extent the contractual obligations represented by the Award are assumed by the successor entity. A corporate transaction includes (i) the sale of all or substantially all of the Company's assets, (ii) the complete dissolution or liquidation of the Company, (iii) a merger or consolidation in which the Company is not the surviving entity,

(iv) any reverse merger in which the Company is the surviving entity but in which securities possessing more than 50% of the total combined voting power of the Company's outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger, or (v) the acquisition in a single or series of related transactions by any person or related group of persons, other than an acquisition from or by the Company or by William S. Boyd, his spouse or any direct descendant of William S. Boyd and his spouse, of beneficial ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities.

In the event of a change in control, as described below, all outstanding options shall remain exercisable until the termination of the applicable option term. A change in control includes a change in ownership or control of the Company effected through (i) the direct or indirect acquisition by any person or related group of persons, other than an acquisition from or by the Company or by William S. Boyd, his spouse or any direct descendant of William S. Boyd and his spouse, of beneficial ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's stockholders which a majority of continuing directors who are not affiliates or associates of the offeror do not recommend such stockholders accept or (ii) a change in the composition of the Board over a period of 36 months or less such that a majority of the Board ceases to be comprised of individuals who are continuing directors.

The Plan Administrator has the authority to provide for the full or partial automatic vesting and exercisability of some or all of the outstanding Awards under the 2002 Plan upon the occurrence of a corporate transaction or change in control.

Available Shares. The maximum aggregate number of shares of the Company's Common Stock which may be issued under the 2002 Plan, as amended, is currently 7.0 million shares. If the proposal to increase the number of shares under the 2002 Plan is approved by the Company's stockholders, this maximum aggregate amount will be increased by 5.0 million shares to 12.0 million shares. The last reported sales price of the Company's Common Stock on the New York Stock Exchange on March 31, 2005 was \$52.15 per share.

Amendment, Suspension or Termination of the 2002 Plan. The Company's Board of Directors may at any time amend, suspend or terminate the 2002 Plan. To the extent necessary to comply with applicable provisions of U.S. Federal securities laws, state corporate and securities laws, the Internal Revenue Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to Awards granted to residents therein, the Company will obtain stockholder approval of any amendment to the 2002 Plan in such a manner and to such a degree as required. The 2002 Plan will terminate in February 2012 unless previously terminated by the Company's Board of Directors. Any amendment, suspension or termination of the 2002 Plan shall not adversely affect Awards already granted unless consented to by the grantee.

Certain U.S. Federal Tax Consequences

The following summary of the federal income tax consequences of 2002 Plan transactions is based upon federal income tax laws in effect on the date of this Proxy Statement. This summary does not purport to be complete, and does not discuss non-U.S., state or local tax consequences or guidance that may be issued by the Treasury Department under Section 409A of the Internal Revenue Code. As such, please refer to the applicable provisions of the Internal Revenue Code for additional information.

Non-Qualified Stock Options. The grant of a non-qualified stock option under the 2002 Plan will not result in any U.S. Federal income tax consequences to the participant or to the Company. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for U.S. Federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant,

subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income, if required, and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of the Company's Common Stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

In the event a nonqualified stock option is amended or initially granted with an exercise price less than 100% of the fair market value of the Common Stock on the date of grant, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Internal Revenue Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Internal Revenue Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear.

Incentive Stock Options. The grant of an incentive stock option under the 2002 Plan will not result in any U.S. Federal income tax consequences to the participant or to the Company. A participant recognizes no U.S. Federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. The Internal Revenue Service has issued proposed regulations that would subject participants to withholding at the time participants exercise an incentive stock option for Social Security and Medicare taxes (but not income tax) based upon the excess of the fair market value of the shares on the date of exercise over the exercise price. These proposed regulations, if adopted, would be effective only for the exercise of an incentive stock option that occurs two years after the regulations are issued in final form. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of the Company's Common Stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition, which is referred to as a disqualifying disposition. The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income, if required, and the participant's total compensation is deemed reasonable in amount.

The spread under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an incentive stock option is amended, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Internal Revenue Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Internal Revenue Code

which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a nonqualified stock option.

Restricted Stock and Performance Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for U.S. Federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income, if required, and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Recipients of restricted stock and performance shares may make an election under Section 83(b) of the Internal Revenue Code, which is referred to as a Section 83(b) Election, to recognize as ordinary compensation income in the year that such restricted stock or performance shares are granted, the amount equal to the spread between the amount paid for such stock (if any) and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within thirty days from the time the restricted stock is issued.

Stock Appreciation Rights. Recipients of stock appreciation rights, which are referred to as SARs, generally should not recognize income until such rights are exercised, assuming there is no ceiling on the value of the right. Upon exercise, the participant will normally recognize taxable ordinary income for U.S. Federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such exercise. Participants who are employees will be subject to withholding for U.S. Federal income and employment tax purposes with respect to income recognized upon exercise of an SAR. Participants will recognize gain upon the disposition of any shares received on exercise of an SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income, if required, and the participant's total compensation is deemed reasonable in amount.

To the extent that an SAR is settled in cash, such SAR will be considered deferred compensation and subject to the rules of new Section 409A of the Internal Revenue Code, which provide rules regarding the timing of payment of deferred compensation. An SAR subject to Section 409A of the Internal Revenue Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently how the additional tax and penalties and interest will be applied is unclear.

Performance Units. Recipients of performance units generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such conversion. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the performance units. Participants will recognize gain upon the disposition of any shares received upon conversion of the

performance units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount.

Performance units also can be considered non-qualified deferred compensation and subject to the rules of new Section 409A of the Internal Revenue Code, which provide rules regarding the timing of payment of deferred compensation. A grant of restricted stock units that does not meet the requirements of Internal Revenue Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such participant. Currently, how the additional tax, penalties and interest will be applied is unclear.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested shares subject to such awards, which income is subject to withholding for U.S. Federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Internal Revenue Code and so long as the Company withholds the appropriate taxes with respect to such income, if required, and the individual's total compensation is deemed reasonable in amount.

The foregoing is only a summary of the U.S. Federal income tax consequences of 2002 Plan transactions, and is based upon U.S. Federal income tax laws in effect on the date of this Proxy Statement. Reference should be made to the applicable provisions of the Internal Revenue Code. This summary does not purport to be complete, and does not discuss the tax consequences of a grantee's death or the tax laws of any municipality, state or foreign country to which the grantee may be subject.

Amended Plan Benefits

The selection of the individuals who will receive grants under the 2002 Plan, and the number of shares to be granted to such individuals, are determined by the Plan Administrator in its discretion. Therefore, it is not possible to predict the amounts that will actually be received by or allocated to particular individuals or groups of individuals under the 2002 Plan as proposed to be amended. In selecting Participants, the Committee shall choose key employees who are likely to have a significant impact on the performance of the Company. Participation in the Plan is in the sole discretion of the Committee, and on a Plan Period by Plan Period basis. Accordingly, an employee who is a Participant for a given Plan Period in no way is guaranteed or assured of being selected for participation in any subsequent Plan Period or Periods.

3.2 Determination of Performance Goals. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish the Performance Goals for each Participant for the Plan Period. Such Performance Goals shall be set forth in writing.

On or prior to the Determination Date, the Committee, in its sole discretion, shall establish a Payout Formula or Formulae for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Plan Period are achieved, and (d) provide for an Actual Award greater than or less than the Participant's Target Award, depending upon the extent to which actual performance exceeds or falls below the Performance Goals. After the end of each Plan Period, the Committee shall certify in writing the extent to which the Performance Goals applicable to each Participant for the Plan Period were achieved. 4.2 Timing of Payment. Payment of each Actual Award shall be made within three calendar months after the end of the Plan Period during which the Award was earned.

4.3 Form of Payment. Each Actual Award normally shall be paid in cash (or its equivalent) in a single lump sum. However, the Committee, in its sole discretion, may declare any Actual Award, in whole or in part, payable in the form of a restricted stock bonus granted under the Company's 1996 Stock Incentive Plan or successor equity compensation plan. The number of shares granted shall be determined by dividing the cash amount of the Actual Award by the fair market value of a share of Company common stock on the date that the cash payment otherwise would have been made. For this purpose, fair market value shall be determined by the Committee, in its sole discretion.

4.4 Other Deferral of Actual Awards. The Committee may establish one or more programs under the Plan to permit selected Participants the opportunity to elect to defer receipt of Actual Awards. The Committee may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts so deferred, and such other terms, conditions, rules

and procedures that the Committee deems advisable for the administration of any such deferral program.

GENERAL PROVISION

6.1 Nonassignability. A Participant shall have no right to assign or transfer any interest under this Plan.

6.2 No Effect on Employment. The establishment and subsequent operation of the Plan, including eligibility as a Participant, shall not be construed as conferring any legal or other rights upon any Participant for the continuation of his or her employment for any Plan Period or any other period. Generally, employment with the Company is on an at will basis only. Except as may be provided in an employment contract with the Participant, the Company expressly reserves the right, which may be exercised at any time and without regard to when during a Plan Period such exercise occurs, to terminate any individual's employment without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 No Individual Liability. No member of the Committee or the Board, or any employee of the Company, shall be liable for any determination, decision or action made in good faith with respect to the Plan or any award under the Plan.

6.4 Severability; Governing Law. If any provision of the Plan is found to be invalid or unenforceable, such provision shall not affect the other provisions of the Plan, and the Plan shall be construed in all respects as if such invalid provision has been omitted. Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the Administrator or to a Committee shall be deemed to be references to such Committee or subcommittee.

(iv) Administration Errors. In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent;

(vii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

(viii) to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable foreign jurisdictions and to afford Grantees favorable treatment under such rules or laws; provided, however, that no Award shall be granted under any such additional terms, conditions, rules or procedures with terms or conditions which are inconsistent with the provisions of the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

(c) *Effect of Administrator's Decision.* All decisions, determinations and interpretations of the Administrator shall be conclusive and binding on all persons.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company, a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in foreign jurisdictions as the Administrator may determine from time to time.

6. Terms and Conditions of Awards.

(a) *Type of Awards.* The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or (iii) any other security with the value derived from the value of the Shares. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Dividend Equivalent Rights, Performance Units or Performance Shares, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(c) *Conditions of Award.* Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, increase in share price, earnings per share, total stockholder return, return on equity, return on assets, return on investment, net operating income, cash flow, revenue, economic value added, personal management objectives, or other measure of performance selected by the Administrator. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

(d) *Acquisitions and Other Transactions.* The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) *Deferral of Award Payment.* The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award (but only to the extent that such deferral programs would not result in an accounting compensation charge unless otherwise determined

by the Administrator). The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) *Separate Programs.* The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) *Individual Option and SAR Limit.* The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be five hundred thousand (500,000) Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(h) *Early Exercise.* The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(i) *Term of Award.* The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Incentive Stock Option shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(j) *Transferability of Awards.* Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee; provided, however, that the Grantee may designate a beneficiary of the Grantee's Incentive Stock Option in the event of the Grantee's death on a beneficiary designation form provided by the Administrator. Other Awards shall be transferred by will and by the laws of descent and distribution, and during the lifetime of the Grantee, by gift and or pursuant to a domestic relations order to members of the Grantee's Immediate Family to the extent and in the manner determined by the Administrator.

(k) *Time of Granting Awards.* The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other date as is determined by the Administrator. Notice of the grant determination shall be given to each Employee, Director or Consultant to whom an Award is so granted within a reasonable time after the date of such grant.

7. Award Exercise or Purchase Price, Consideration and Taxes.

(a) *Exercise or Purchase Price.* The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of

the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than eighty-five percent (85%) of the Fair Market Value per Share on the date of grant unless otherwise determined by the Administrator.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of other Awards, such price as is determined by the Administrator.

(v) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the principles of Section 424(a) of the Code.

(b) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

(i) cash;

(ii) check;

(iii) delivery of Grantee's promissory note with such recourse, interest, security, and redemption provisions as the Administrator determines as appropriate;

(iv) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require (including withholding of Shares otherwise deliverable upon exercise of the Award) which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised (but only to the extent that such exercise of the Award would not result in an accounting compensation charge with respect to the Shares used to pay the exercise price unless otherwise determined by the Administrator);

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

(v) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased Shares (including all applicable taxes) and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(vi) any combination of the foregoing methods of payment.

(c) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any foreign, federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v). Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to Shares subject to an Award, notwithstanding the exercise of an Option or other Award. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in the Award Agreement or Section 10, below.

(b) Exercise of Award Following Termination of Continuous Service.

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. Conditions Upon Issuance of Shares.

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares

if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction

affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) as the Administrator may determine in its discretion, any other transaction with respect to Common Stock to which Section 424(a) of the Code applies or a similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. Corporate Transactions/Changes in Control.

(a) Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) The Administrator shall have the authority, exercisable either in advance of any actual or anticipated Corporate Transaction or Change in Control or at the time of an actual Corporate Transaction or Change in Control and exercisable at the time of the grant of an Award under the Plan or any time while an Award remains outstanding, to provide for the full or partial automatic vesting and exercisability of one or more outstanding unvested Awards under the Plan and the release from restrictions on transfer and repurchase or forfeiture rights of such Awards in connection with a Corporate Transaction or Change in Control, on such terms and conditions as the Administrator may specify. The Administrator also shall have the authority to condition any such Award vesting and exercisability or release from such limitations upon the subsequent termination of the Continuous Service of the Grantee within a specified period following the effective date of the Corporate Transaction or Change in Control.

(c) The portion of any Incentive Stock Option accelerated under this Section 11 in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. To the extent such dollar limitation is exceeded, the accelerated excess portion of such Option shall be exercisable as a Non-Qualified Stock Option.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend or terminate the Plan. To the extent necessary to comply with Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No amendment, suspension or termination of the Plan (including termination of the Plan under Section 12, above) shall adversely affect any rights under Awards already granted to a Grantee, unless consented to by the Grantee.

14. Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any

Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the Company's right to terminate the Grantee's Continuous Service at any time, with or without cause, and with or without notice.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a Retirement Plan or Welfare Plan under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.
