The following is an excerpt from WellPoint Inc.'s Third Quarter Earnings Conference Call held on October 26, 2005.

**Dave Colby** *WellPoint, Inc. Executive Vice President & Chief Financial Officer*

In terms of 2005 guidance, we continue to expect fourth quarter earnings per share of \$1.03, and 2005 earnings per share of \$3.93. This guidance includes the higher synergy levels we expect to achieve in the fourth quarter and almost \$40 million in Medicare Part D start-up costs. In terms of 2006 guidance, we remain committed to our goal of achieving 15% growth in our net income per share, not taking into account the \$100 million of additional synergies from the WellPoint Health Networks merger expected to be realized in 2006, the impact of expensing stock options or the potential accretion from the pending merger with WellChoice, Inc. As we have said in the past, our 15% growth rate does include the impact of Medicare Part D. We are currently finalizing our 2006 annual plan, and we will share our 2006 formal guidance in great detail during our investor day, coming up December 6, 2005 in New York City.

**Larry Glasscock** *WellPoint, Inc. President & Chief Executive Officer, Director*

Before we turn it over for questions, we thought you might be interested in a brief update on where we are in the approval process for the WellChoice merger. We filed our application for license transfer with the BlueCross BlueShield Association on October 4. Last week, we received approval from the Plan Performance and Financial Standards Committee, and this Committee recommended that the full Board approve the transaction, and that will be taken up at the full Board meeting next month. We made filings with the Department of Justice under the Hart-Scott-Rodino Act. We did that on October 12. And we made our Form A change-in-control filings with the New York and New Jersey Departments of Insurance on October 18. So, we expect to receive all necessary approvals, including approval by the WellChoice shareholders. And we plan to close this transaction in the first quarter of 2006.
